

Fake Marriage 391

Chapter 391: Something Important (1)

Mu Huan wasn't a woman who liked to let her imagination run wild. However, for a big shot like Bo Junyan, his cell phone was also very important. There was an unknown amount of business secrets in it. Even she had never taken a phone call for him.

However, that woman was able to pick up the call for him. That voice sounded rather young.

Bo Junyan had never liked it when women were close to him, so all the people working by his side were men. His secretary was also a man, which was why there were rumors about the CEO of the Bo Group being a good man. Hence, this young woman could not possibly be a high-ranking employee working beside him.

From a woman's intuition, she felt that this woman was not his family.

Mu Huan thought of something and called PA Wang.

PA Wang, meanwhile, said that Bo Junyan would be back after work and even asked Mu Huan what happened.

Mu Huan hurriedly exchanged a few words with PA Wang before hanging up.

After hanging up, she called Gong Zeye. Gong Zeye seemed to know something, but he did not say anything. He said only that Bo Junyan had something important to attend to.

When she asked if there was any danger involved, Gong Zeye told her not to worry.

It wasn't dangerous, yet he didn't even take the time to call her. Moreover, he had given his phone to another woman. Mu Huan really couldn't think of anything so important.

She put down her phone.

Mu Huan looked at the table full of dishes that she had made, as well as at everything else that she had meticulously prepared. She was so dejected and frustrated that she did not know how to describe the feeling.

This was to be her first birthday celebration with him, and she had gone out of her way to prepare a birthday surprise for him.

But he did not return.

And he let a woman take his phone!

Mu Huan, who had always been looking forward to him having a good night's sleep when he wasn't home, couldn't fall asleep no matter what.

The next day, she could only go to school with sleepy eyes.

"Oh, you're so listless! Looks like you didn't sleep last night!" Seeing her like this, Li Meng nudged her suggestively.

She knew that Bo Junyan had celebrated his birthday last night, and Mu Huan had prepared a big surprise and romantic date for him.

God Bo was already like that on an ordinary day. He would definitely not have let her Xiao Huan off last night.

"I didn't sleep the whole night, but it's not what you think," Mu Huan said unhappily.

"Is that so?"

"Last night, Bo Junyan was busy with something important and didn't come back at all," Mu Huan said as she lay on the table. Because of what happened last night, she was in a very irritable mood. Furthermore, she hadn't slept for the entire night, so she couldn't lift her spirits at all.

"No way! God Bo didn't go back last night?!" Li Meng said in disbelief.

"Yes."

"Are you kidding me?! He usually goes home no matter how busy he is. Last night was his birthday and there was a surprise waiting. He actually didn't go back?!" Li Meng found this unbelievable.

"Uh-huh," Mu Huan said unhappily.

He was clearly looking forward to her surprise in the morning. What could have happened last night? Not only did he not return home, but he did not even have the time to call!

Instinctively, Li Meng wanted to say that she had worked for nothing. Seeing how dejected Mu Huan was, however, she quickly corrected herself and said, "God Bo must have had something extremely important on!"

Mu Huan remained silent.

Li Meng did not say another word until class started.

"I can't take it anymore. I'm going to sleep now. Help cover for me." Mu Huan became extremely sleepy the moment she heard the teacher begin class. He had been on the podium for only a few minutes before she could no longer keep her eyes open.

She couldn't help but wonder if she should record the teacher's voice so that she could play the recording and hypnotize herself on nights when she had insomnia, like yesterday.

Chapter 392: Something Important (2)

"Okay, go to sleep." Li Meng knew that Mu Huan had been in so much pain last night that she could not fall asleep.

Long Feiting and Huo Yuqi had come after a politics class. When they came in and saw Mu Huan sleeping on the table, one was gloating and waiting to watch a good show. The other looked at Mu Huan with a complicated expression.

As the second class was a professional one, Mu Huan was woken up by Li Meng.

She was already in a bad mood since she did not have enough sleep, yet Huo Yuqi still sat down beside her.

“Mu Huan, look at this!”

“No matter what it is, I’m not interested!” Mu Huan said as she picked up the cap from her bag and put it on. She turned her face away and exuded an aura that told others not to disturb her.

She didn’t look at it, and Huo Yuqi didn’t insist that she read it either. She held the newspaper in her hand and turned to show it to the girl behind her. “Look at the man in the newspaper. Isn’t he our Professor Bo?”

Huo Yuqi didn’t want anyone to know about Bo Junyan and Mu Huan’s marriage. Therefore, she didn’t expose her familial relationship with Bo Junyan in school and pretended to be very unfamiliar with him.

Mu Huan frowned when she heard this.

Right at this moment, the girl in the backseat screamed, “Oh my god! I think it really is Professor Bo!”

Hearing her shout, the other students crowded around her.

“Who is this woman? Why was she with Professor Bo so late at night?”

When Mu Huan heard this, she immediately sat up straight. Then, she turned around and saw the newspaper in Huo Yuqi’s hand. On the front cover were a man and a woman watching fireworks by the river. Under the background of the fireworks, the couple looked extremely romantic!

The man was Bo Junyan, and Mu Huan had never seen the woman before.

Was it that woman who picked up Bo Junyan’s call last night?

“Weren’t you ‘not interested’ in anything?” Huo Yuqi raised an eyebrow and looked at Mu Huan provocatively.

Mu Huan ignored her and only stared intently at the cover of the newspaper. She was the one who picked out the clothes he was wearing. She had personally tied his tie, so she was sure that this was the clothes he had worn yesterday. In other words, this photo was taken last night!

Last night, he was so busy that he didn’t even have the time to call her personally. But he actually had the time to watch fireworks with another woman in the river!

Mu Huan suddenly felt an urge to kill!

“Even though her face isn’t properly shown, she seems so beautiful just by looking at her side profile!” another girl praised.

“As expected, immortal-level people play only with immortal-level people!”

“Does Professor Bo and this woman look compatible?” Huo Yuqi asked deliberately.

“Although I really don’t want to admit it, just by looking at their temperaments, I think they’re a good match. One look and I can tell they’re from the same world!” Girls were unwilling to match their male

idol with another woman, but looking at this photo, to them it seemed they were really a match made in heaven!

“Of course they’re from the same world. Is there another world other than this one?” Li Meng said, unable to hold it in any longer.

“Are you stupid, Li Meng? The world I spoke of doesn’t refer to the real world. Rather, I meant that they look like people from the same social class. They look very compatible!”

“You’re the one who’s stupid! Why do you assume they’re people from the same social class? Also, they don’t look good at all!” As Li Meng spoke, she grabbed the newspaper and crushed it.

Chapter 393: Something Important (3)

What do you mean a good match?! What’s there to match?! God Bo is the most compatible with my Xiao Huan! What kind of taste do you have? Are you blind?!

Still, what’s wrong with God Bo? He didn’t go home for such an important matter last night and Mu Huan couldn’t get through to him on the phone, yet he was watching fireworks with another woman by the river!

He better not be a scumbag! Otherwise, Li Meng would definitely think of ways to kill him!

“Li Meng, how can you do this?! Even if you love Professor Bao, you can’t do this to him!” a female classmate said angrily because Li Meng had messed up the newspaper and they could not look at the handsome man and the beautiful woman.

“What is there to admire about Professor Bo? I just can’t bear to see you guys spouting nonsense with just a photo! Didn’t you see that Professor Bo has a ring on him? He’s already married! When you have nothing else to do, you should read more books! What’s the point of matching others blindly?!” The ring on Bo Junyan’s finger was so obvious. Couldn’t they see it?

“Right! Professor Bo seems to be married! His ring is on his ring finger!”

“Then, could it be that this woman is Professor Bo’s wife? Otherwise, why would they watch the fireworks so romantically at night? Perhaps it was Professor Bo who put the fireworks on for his wife!”

“Wow! Wow! There’s really such a possibility! If Professor Bo’s wife is her, I can accept it because she’s so beautiful!”

“What the f*ck?! We can’t even see her face! Who’s beautiful?!” Li Meng was about to explode from anger! “Also, Professor Bo’s wife isn’t her! Professor Bo’s wife...”

At the thought that Mu Huan’s relationship with Bo Junyan could not be made public yet, Li Meng could only swallow her words.

“Who’s Professor Bo’s wife?” the two girls in the seat behind them asked.

“Professor Bo’s wife is a very good friend of mine. It’s not convenient for me to reveal it now, but it’s definitely not that woman in the newspaper!” Li Meng said.

“Tsk! Li Meng, you’re just making up stories! How could Professor Bo’s wife be your good friend?! How could you be Professor Bo’s wife’s good friend?!” the girls retorted.

“Why can’t I be Professor Bo’s wife’s good friend?!”

“Professor Bo may only be a teacher now, but didn’t you notice his attire? The price of the watch on his wrist is enough for you to eat for the rest of your life! Professor Bo’s family background is definitely noble, and his family is definitely very rich! How can a wife from a rich family be poor? With your background, how can you be good friends with Professor Bo’s wife?!”

Although no one dared to discuss Li Meng’s background because of Mu Huan’s threat, everyone knew that she had a father who loved to gamble, steal, and go to jail. Her family was very poor, and she had her mother, sister, and brother to support.

How could such a person who was inferior to ordinary people like them have such a friend?!

One had to know that this person lived in different circles. For example, people like them would never be able to come into contact with top-notch people.

Mu Huan snapped back to her senses and said coldly, “I’m Professor Bo’s wife, and Xiao Meng is my best friend! How is that impossible?!”

Her words stunned everyone.

Then, they burst out laughing.

Mu Huan actually said that she was Professor Bo’s wife. What a joke! How could she be his wife?!

No one believed that Mu Huan was Bo Junyan’s wife.

This was because most people would instinctively be jealous. Mu Huan was already so good at everything. If, on top of everything, she was the wife of an immortal professor, then that meant her life was too great!

Chapter 394: Something Important (4)

Although everyone had heard that Mu Huan’s husband was a handsome man just from how he looked from behind, everyone felt that no matter how handsome her husband was, it was impossible for him to be as handsome as Professor Bo. Also, there was definitely something wrong with a wealthy man who could marry a university student who was much younger than he was. Even if there wasn’t a problem physically, there was still something wrong with it morally. That would make him a person who relied on his wealth to eat tender grass, no different from how wealthy old men tend to marry younger ladies.

How could such a person be compared to their unparalleled Professor Bo?! Professor Bo was such a high and mighty god, so he wouldn’t be like that! If he were to get married, his wife would definitely have the same taste as him, high and mighty, with an air of elegance and a goddess-like existence! She would definitely not be someone like Mu Huan who would marry for money!

“Mu Huan, you’re already a married woman, alright?! No matter how much you’re obsessed with Professor Bo, you can’t say this, okay? Aren’t you afraid that your rich husband will hear you say this?” the boy beside her could not help but say.

This Mu Huan was too uncouth. She was already married, yet she actually said that she was Professor Bo's wife!

Mu Huan: "...!!!"

F*ck! Were they all stupid? She had already made it clear, but they didn't believe her! She was married and Bo Junyan was married. Why couldn't she be Bo Junyan's wife?

She had wanted to show them the photos, but when she realized that the news of her marriage with Bo Junyan could not be exposed, she decided not to do so.

"In any case, Professor Bo's wife isn't the woman in the newspaper. Don't make wild guesses, just blindly matching people!" Mu Huan really couldn't bear to hear those words.

Especially since that woman might be the woman who picked up his phone!

"How do you know that Professor Bo's wife isn't the woman in the newspaper? Do you know who she is?"

"Didn't Xiao Meng say earlier? Professor Bo's wife is her good friend!"

"Tsk!" Everyone snorted, not believing the two of them.

A girl said, "I think the two of you are just too jealous!"

"Jealous your ass! What's there to be jealous about?!" Li Meng was furious.

"I'm jealous of her beauty and Professor Bo's hug!"

"F*ck!" Li Meng wanted to punch someone.

On the other hand, Mu Huan wasn't as agitated as she was. She pulled her to a seat and said, "Don't argue with stupid people. That will make you stupid."

"Mu Huan, what are you saying? You..." Everyone wanted to say something to Mu Huan.

However, when Mu Huan swept a cold glance at them, none of them dared to make a sound.

Because of Mu Huan's usual harmlessness, they could not help but forget how formidable a husband she had married, how strong she was, and how much they could not offend her.

Furthermore, class was about to begin, so they quickly returned to their seats to prepare.

When Huo Yuqi saw that Mu Huan was seated properly, she took out her book to read. As though nothing had happened, she couldn't help but approach her and say, "Mu Huan, don't you feel anything when you see that photo?"

Why wasn't she angry? She didn't fly into a rage, nor did she cry, nor did she feel uncomfortable. She just turned around to look at the newspaper in shock, and now she could start studying so calmly!

Mu Huan did not even look at her.

Mu Huan was a proud person. No matter how upset she was, she would never let others see her suffering. The more anyone wanted to see her suffering, the more she wanted to hide it.

Chapter 395: Something Important (5)

“You set up a birthday surprise for my cousin yesterday and arranged it for an entire day. You waited for another night, but my cousin did not return. Instead, he went to watch fireworks with another woman. Aren’t you upset?” Huo Yuqi said in a deliberate provocation.

“Don’t you think that the whole of last night, my cousin might have been with that woman?”

Mu Huan clenched her fists tightly, but she still ignored her.

“Aren’t you curious who that woman is?” Huo Yuqi raised her eyebrows.

“Let me tell you! That woman is my Sister Ling Wei! Last night, my cousin never left her side! Before my cousin’s birthday, he was with Sister Ling Wei. In the future, he would only be with Sister Ling Wei and would never be with you!”

Mu Huan remained silent, but her gaze turned vicious.

It was indeed Ling Wei.

When she saw that photo, the first person she guessed was Ling Wei.

“From the way you’re acting, it seems like you don’t like my cousin. Since you don’t like him, then hurry up and leave him. Don’t make your situation more and more awkward!” Seeing that Mu Huan still had no expression on her face, Huo Yuqi felt that it was possible that she did not like her cousin. She had prepared a surprise for him the whole day, but her husband did not return home so he could watch fireworks with another woman.

If she liked him, how could she not be angry and upset?! How could she be so calm?!

Huo Yuqi wanted Mu Huan to leave Bo Junyan, but seeing that she wasn’t angry, didn’t like him, and didn’t care about her cousin, she also became very angry. Her cousin was so good, so how could Mu Huan not like him and not care about her cousin?!

How could that be? She loved only her cousin’s money!

Mu Huan still ignored her.

This made Huo Yuqi furious. She reached out to grab the book in her hand, wanting to tear it apart so that she wouldn’t remain calm!

However, no matter how hard she tried, she could not pull the book out of Mu Huan’s hands.

Hence, she used all her strength to pull it away. Just as she was about to give it her all, Mu Huan suddenly released it from her hand, causing Huo Yuqi to lose her balance. She fell onto the chair, her back getting hurt badly.

Huo Yuqi became even angrier. She shouted angrily, “Mu Huan!”

Mu Huan shot her a cold glance without saying a word.

Huo Yuqi wanted to say something else.

“That student over there, do you want to go to class? If you want to, please behave. If you don’t want to go to class, please leave the classroom!” Professor Lin was very strict with the discipline of the class.

No matter how much Huo Yuqi wanted to, she couldn’t cause trouble in class. Hence, she glared at Mu Huan and got up to sit next to Long Feiting.

“Why do you never listen when I ask you not to cause trouble?” Long Feiting rolled his eyes at her.

“I wasn’t looking for trouble, I was just trying to speak to her! Look at how arrogant she is. She doesn’t even bother to talk to me!” Huo Yuqi really hated Mu Huan even more now. She didn’t know where she got the right to treat her this way!

“You’ve provoked her so much, yet you’re expecting her to give you so much as a kind look?” Long Feiting’s face was full of disbelief. *Are you a fool?*

“Long Feiting, who are you siding with? Didn’t you say that she’s the person you wanted to torture to death? Since she’s the person you wanted to torture to death, why are you always speaking up for her?! Shouldn’t you be dealing with her with me?!” Huo Yuqi said unhappily.

“I don’t need to work with anyone.” Long Feiting snorted.

“If you don’t want to cooperate, then don’t. But can you not use that kind of tone to criticize me?”

Chapter 396: Something Important (6)

“Why can’t I? So what if I wanted to say this? If you don’t want to hear it, then stay away from me!” Long Feiting was in a bad mood today. When he was in a bad mood, he didn’t like anyone and dared to pick a fight with whomever.

“You...!” Huo Yuqi knew that Long Feiting had lost his temper and couldn’t speak to him at all. Hence, she turned her face away and stopped talking.

Long Feiting slumped on the table and looked at Mu Huan’s back.

The frustration in his heart grew stronger.

In the end, he simply lowered his head and stopped looking at Mu Huan.

However, he still couldn’t control his thoughts. And then he realized that if this continued, Bo Junyan and Mu Huan might really get a divorce. The image of Mu Huan no longer being Mrs. Bao made him feel very happy. It felt very good.

His frustrated mood instantly dissipated!

The more he thought about it, the happier he became. He didn’t know what he was upset about just now. Why was he so vexed over such a good thing?! He should have been happy all along, for Bo Junyan didn’t want Mu Huan! Without a strong backing like Bo Junyan, Mu Huan could be easily dealt with by him! How could he be so upset over such a happy matter?!

Seriously! Even he himself could not understand what was going on!

At first, Long Feiting was frustrated because he thought that Mu Huan would definitely be in a bad mood and feel hurt after reading such a newspaper article. This was especially so when he was on his way here. He heard from Huo Yuqi that Mu Huan had applied for leave to prepare a birthday surprise for Bo Junyan at home yesterday, but Bao Junyan did not go home.

This had disappointed her to begin with. If she were to see such a report at school on top of it, she would definitely feel... worse.

However, Long Feiting didn't expect himself to be so upset over such a reason. There were many times when one couldn't figure out one's true feelings so soon after they had them, especially when it came to a man who was blessed by the heavens and had always been the most respected person ever since he was young. Moreover, Mu Huan was the number one person he was targeting, someone who had made things difficult for him.

Also, even though he didn't like the grown-up Star, he still felt that he should like only his Star alone and never think of liking other girls.

Therefore, he couldn't figure out why he would be bothered and upset over such a thing.

Hence, it did not occur to him that he was happy not because Bo Junyan did not want Mu Huan, he was happy because Mu Huan would become single.

...

Most teachers liked students who were good at their studies. Hence, apart from Professor Wang, every teacher liked Mu Huan a lot. Professor Lin, who was in the middle of her class at present, especially valued Mu Huan. Mu Huan was the most talented student she had ever taught.

She had also paid attention to the experiment that Mu Huan was doing right now. That experiment made her value Mu Huan even more. She felt that Mu Huan would definitely create a new era in the pharmaceutical industry in the future.

Hence, she was rather strict with Mu Huan.

Today, when she realized that Mu Huan wasn't focused in class and that her focus was not on her studies, she asked Mu Huan to stand up and answer her question. This was the first time that Mu Huan, who had always been a smart student, did not answer the teacher's question.

Because she had no idea what the teacher was talking about.

"You have to pay attention to the lecture. You have to focus on your studies during class."

"Yes." Mu Huan lowered her head.

"Sit down." Professor Lin had only wanted to remind her that today's lesson was especially important.

After Mu Huan sat down, she gathered her spirits and listened attentively.

Chapter 397: Something Important (7)

After class, Professor Lin asked Mu Huan to make a trip to her office.

Mu Huan, who was about to slump on the table, immediately stood up and followed Professor Lin to her office.

“What’s going on? Why were you so out of it today? Did something happen?” Professor Lin had been teaching Mu Huan for half a semester now. She was especially attentive in every class. Every time she saw her eyes that were filled with a desire for knowledge, she would be especially energetic when it came to teaching. Sometimes, she would even wish she could teach Mu Huan everything in her head.

She had never seen Mu Huan in such a state before, so she was especially concerned about her current state. She was afraid that something had happened to her.

Mu Huan lowered her head. “Something happened at home.”

“If there’s anything I can help you with, just tell me. Don’t let your studies suffer because of your family matters,” Professor Lin said.

“Also, the school has invited a few well-known experts to do a medical research project here. If this research succeeds, it will be a leap forward in human medical history. The experts invited this time are especially knowledgeable, so I want to bring you along to participate in this research. This is a very important opportunity for you to study. However, you also know that you are just a freshman. If I chose you and took you along, it would attract criticism. So, during this period of time, you cannot have any problems. Do you understand?”

It was also because of this that Professor Lin was especially concerned about Mu Huan’s absence and about whether she was in trouble.

For such an important research project, she would only be a supporting role if she were to enter. Even if she were to find an assistant, she would at least need to find a Ph.D. student to avoid any criticism. However, if she were to bring Mu Huan along, it would incur the displeasure of many people. If anything were to happen to Mu Huan at this point, it would be even more troublesome!

Professor Lin really valued Mu Huan. She wanted to help such a talented child by bringing out her talent and allowing them to grow faster.

There were so many well-known experts who’d gather in this research. Even if she couldn’t enter the core research center, she could still learn a lot.

When Mu Huan heard this, she looked up, feeling touched. “Professor Lin...”

She had heard that the school was going to conduct a very big scientific research. Other than the top professors in the school, they had invited several internationally renowned experts. A freshman like her was not qualified to participate in such a major scientific research. Even if she were to just serve tea and water, it would have been enough. Yet Professor Lin actually wanted to bring her along!

“I believe you know the importance of this opportunity. So, no matter what happens, you have to deal with your personal issue as soon as possible. If you need a teacher’s help, don’t stand on ceremony. Also, you have to hurry up with the experiment in your hands. Once your experiment results are out, no one will say much about my taking you. Only with results can you be highly regarded by the experts hired. If they are willing to give you some pointers in your studies, it will be more useful than years and years of working hard. Do you understand?”

"I understand. Thank you, Professor Lin! I will definitely study hard and focus on my studies!"

"That's right. You have to know that in this world, only the knowledge that you have gained in your head is yours. Only with knowledge can you have the ability and capital to establish yourself in any place in the world!"

"Thank you for your guidance, Professor Lin. I'll definitely work harder!" She would not let Professor Lin down.

Chapter 398: Something Important (8)

Mu Huan didn't say anything about what had happened at home. Professor Lin knew that she didn't need any help and that Mu Huan could handle it herself, so she didn't say anything else. She reminded her to speed up the progress of the experiment in her hands and then let her return to the classroom.

Mu Huan returned to the classroom.

Li Meng leaned over and asked, "Did Professor Lin scold you?"

When the girl sitting behind them heard this, she said sarcastically, "You're thinking too much. Mu Huan is Professor Lin's favorite student, so why would Professor Lin scold her? She can only have asked her to come over because she's concerned about her. Probably wanted to see if there's anything that she needs to attend or not focus on."

"You're right. Professor Lin did ask me to go over because she cares about me." Mu Huan turned to look at the other party with a face that said, *That's right. So what if I'm favored?! If you're capable, you can also go make the teacher like you and take you seriously!*

The girl in the backseat was infuriated by her behavior.

Mu Huan snorted and turned around to pack her bag. "Let's go eat."

Li Meng quickly packed her bag.

Seeing Mu Huan leave, Long Feiting followed suit.

Huo Yuqi left as well.

At the canteen...

Due to the fact that she had not eaten in the morning, she was starving, so she ordered a lot of food to eat.

When Huo Yuqi saw that she was still in the mood to eat so much, she pouted. "I think she doesn't care about my cousin at all. How can she eat so well at this time?!"

"Isn't it good that she doesn't care? If it's only money that she loves, then you guys can get rid of her with money. It'll be so convenient and quick!" Seeing that Mu Huan still had such a good appetite, Long Feiting also had his appetite suddenly whetted. He asked for a lot of food.

"That's true... But how could she not care about my cousin?! He's so good-looking!" Huo Yuqi said angrily.

“If you wanted her to love your cousin deeply, why don’t you stop trying to chase her away?”

Huo Yuqi: “No way!”

“Don’t be so conflicted as to go crazy, then. Hurry up and eat. My brother will be coming over in the afternoon. Hurry up and go to my place to stop him after you’ve had your meal.” Long Feiting found Huo Yuqi annoying so he wanted to send her away.

“Why on earth would I still eat?! I’ll go back now.” Huo Yuqi didn’t like to eat the food in the school canteen anyway, so she decided not to eat it and left.

After Huo Yuqi left, Long Feiting, who had an even greater appetite, carried his food toward Mu Huan.

Sensing that someone was approaching, Mu Huan looked up at him. Without a word, she lowered her head and continued eating.

This made Long Feiting a little unhappy. “It’s not like I’ve done anything to you. Why are you giving me such a look?”

Mu Huan ignored him and continued eating.

“Forget it. Since you’re definitely in a bad mood today, I won’t be so calculative with you. I’ll take this drumstick as your punishment.” As Long Feiting spoke, he reached out with his chopsticks and took the drumstick from Mu Huan’s plate.

Mu Huan’s eyes darkened.

Li Meng: “...”

This Long Feiting had picked up a piece of meat right out of Xiao Huan’s mouth when Xiao Huan was in such a bad mood! Was he tired of living?!

Their Xiao Huan, on the other hand, was the only person whose money and meat could not be snatched!

Indeed, in the next second...

Mu Huan raised her hand and swiftly threw something at Long Feiting. Long Feiting immediately felt restless and itchy all over.

“Mu Huan, what did you do to me?!” This itch was too similar to that itch! Long Feiting looked at Mu Huan instinctively.

“You’d better rush back to the dormitory to take a shower within five minutes. Otherwise, you’ll be so itchy that you’ll scratch your skin. The medicine this time is an advanced version. I haven’t created the antidote yet,” Mu Huan said coldly.

Chapter 399: Something Important (9)

“Damn you! Just you wait and see!” With that, Long Feiting sped off.

Mu Huan reached out to pick up the drumstick and continued eating.

Li Meng only dared to speak up when she felt that Mu Huan was almost done with her food. "Do you want to give God Bo a call first? I feel that God Bo can't be a scumbag. He couldn't have refused to come home last night to accompany another woman. There must be some other reason!"

Although Li Meng could not figure out why Bo Junyan did not return home last night and was watching fireworks with another woman, she was still willing to believe that he was not that kind of person after spending a length of time with him.

"There must be a reason." Mu Huan did not expect that Bo Junyan would prioritize something else so much that he would not return home last night and could not even take the time to make a phone call and yet still manage to watch fireworks at the riverside. However, she did not suspect that Bo Junyan was having an affair. She believed in her husband's character.

Li Meng was stunned for a moment before she replied, "Then why are you still so angry and in such a bad mood?!"

"Even if he had a very important reason for not being able to come home last night, that photo wasn't taken by accident. Even if he wasn't actually watching fireworks with a woman, I would definitely be angry after seeing that photo. After all, I care about him and I like him," Mu Huan said as she recalled the photo. With a forceful push, she bent the spoon in her hand.

Watching fireworks at the riverside was so beautiful! As his wife, she had never seen fireworks with him before!

"That's true." Li Meng thought about it for a moment and then added, "Then you should really give God Bo a call and ask him what's going on."

"I've called, but his phone is still switched off." At this point, Mu Huan's grip tightened as she forcefully crushed the stainless steel spoon.

Li Meng looked at the spoon in her hand and could not help but shiver.

"God Bo must have something really important on to have turned off his phone."

"He better have." Mu Huan sneered.

Mu Huan was domineering to the core, and her eyes could not tolerate the fact that her husband was hooking up with his ex.

Even if he wasn't actually having an affair or an ambiguous relationship, she couldn't accept it!

Li Meng was a little scared to see Mu Huan like this.

"Should we get Xingye to investigate that woman?" In the classroom earlier, Huo Yuqi had been afraid that others would hear her. She spoke very softly, so Li Meng did not hear her. She thought that Mu Huan did not know who the woman in the photo was.

"No need to check. I know who it is."

"Who is it?"

"Ling Wei, Bo Junyan's ex-fiancee."

Li Meng: "...!!!"

F*ck! It's actually his ex-fiancee! No wonder Xiao Huan was so angry despite having trust in Bo Junyan. An ex-girlfriend was scary enough, let alone an ex-fiancee!

Suddenly, she thought of something.

"Last time, on the plane to T Country, Gong Zeye and the rest mentioned Ling Wei. I asked them who Ling Wei was and they said that she was not important. If that's the case, then God Bo shouldn't have any feelings left for Ling Wei. After all, they are God Bo's best friends and know him best.

"But that's no longer important. How could they be together? No matter what, God Bo shouldn't be with his ex-fiancee at night, right? They're even watching fireworks together! Although it might be because they only happened to be photographed there, that could only happen if they were together!" After saying that, Li Meng slapped her face hard. Was she stupid?! Xiao Huan was already vexed enough without her saying that!

Chapter 400: Something Important (10)

"To Bo Junyan, Ling Wei may not be important anymore, but to others, Ling Wei is still important. For example, people like Huo Yuqi feel that Bo Junyan should be with Ling Wei. Ling Wei hadn't returned yet and Huo Yuqi was already trying to chase me away. What more Ling Wei herself?" Mu Huan sneered.

"Look at the photo in the newspaper. It's so high-definition even though it was taken at night, and the angle is so good. It came out so beautifully. Surely that was something that was planned long ago? How can anyone capture such a good picture by chance? And how else could Huo Yuqi have known that Bao Junyan was with Ling Wei last night?"

Mu Huan was a smart and rational person. Even though she was so angry that she wanted to kill someone after seeing that photo, she had still calmed down and carefully observed the photo.

Li Meng was shocked. "You... you mean that God Bo has been tricked into it? Even someone like God Bo can be tricked like that? And there's someone who can plot against him?"

"Don't call him God Bo. He's just a human being!" Mu Huan was in a bad mood and didn't want to support her husband anymore.

"No... No... This... This Bo Da... this Bo Junyan is already such a formidable character... How could someone plot against him...? If there's such a person that could plot against Bo Junyan, then you..." Li Meng could not think of anyone who could plot against Bo Junyan. And if there was someone who could plot against Bo Junyan, then...

It was too terrifying!

Thinking about it, she broke out in a cold sweat!

"You don't have to think too much about it. It can't be said that that person is scheming against Bo Junyan. It can only be said that the person knew what they had to do last night and had had someone ambush him there and capture him. This person must be someone who's familiar with all of Bo Junyan's schedule. Besides, even if that person had gotten someone to take such a photo and send such a report,

Bo Junyan wouldn't have done anything to them. Under such circumstances, this person can only be his family."

The eyes of the person sitting behind Mu Huan, who was pretending to be a student, flickered when he heard her words.

This Mu Huan was not a pushover!

Her husband had not returned for the entire night on his birthday. The next day, she saw that her husband had gone to watch fireworks with his ex-fiancée. If it were another woman, she would either be making phone calls, crying in sadness, or rushing to the company to look for her husband and create a scene.

Mu Huan, on the other hand, was able to continue attending lessons and eat as usual after finding out about it. She could even analyze it so rationally and be correct!

When Li Meng heard that it was Bo Junyan's family, she heaved a sigh of relief. But then, she realized that she shouldn't have let down her guard. It would be even more difficult if it was his family! Bo Junyan's family didn't like Xiao Huan and wanted to break them up. Since that was so, all sorts of things could happen and they would be impossible to guard against!

"Xiao Huan, what should we do now?"

After Mu Huan finished her last bite of meat, she said, "Sugar."

Now that she couldn't even get in touch with Bo Junyan, she didn't have to do anything and couldn't do anything. She had to wait it out.

Li Meng was stunned. "Huh? You're not doing anything?"

"What's the matter? It's just that he didn't come back for the whole night and was caught and had his picture taken. What's the big deal about it? They've spent so much effort just to take a picture of that scene. My husband is still mine. Even if we can't get in touch with him now, he'll come home sooner or later. What's the hurry?" With that, Mu Huan stuffed the bent spoon into her sleeve and stood up.

"Let's go back to the dormitory to sleep. I'm still sleepy."
