

Fake Marriage 421

Chapter 421: Stop the Nonsense (3)

However, Mu Huan interrupted him. "I know that to you, this is nothing. You're a person who accomplishes big things. You don't care about the little things, but I do! You were so busy last night that you had no choice but not come home. I can understand that. I don't blame you for not coming back, but I'm still suffering! I like you, yet I heard another woman pick up your phone. On top of that, you didn't even call back and didn't return home. It was so unbearable that I couldn't control my thoughts for the entire night. I knew very well that you wouldn't have an affair. But if you didn't want me, just tell me. There's no need to do anything behind my back. I believe in your character.

"Still, one's rationality can't control one's emotions, especially when you didn't come back for the entire night. When I went to school, I saw Huo Yuqi holding that kind of newspaper. The newspaper was filled with pictures of you and Ling Wei. Even if I knew and guessed that it was just a photo, when I thought about how you had that time and couldn't spare a second to give me a call, how could I not feel upset? Also, Huo Yuqi said that you were with Ling Wei all night and I called Gong Zeye to ask him too. They all knew about it, but I didn't know at all!

"They all said that you and Ling Wei are a good match. They all said that you were the one who set the fireworks for her. Even if I knew that that wasn't true, would I not still feel uncomfortable? The only way I wouldn't feel uncomfortable is if I didn't like you!

"I was upset for a day and a night, but when I got home, I saw that your ex-fiancee who was watching fireworks with you had moved into my house! How could I not blow up? She's already staying at my house! If you were in my place, not only would you not like my being in a relationship with my ex-boyfriend, but you wouldn't even like my male friend staying at our house. How would you feel?!

"Even so, you still insist that Ling Wei stays at our house... Even if you think that there's nothing between the two of you, even if you're sure that she has no ulterior motives toward you, even if that were all true, how could I not feel bad watching her every day? I'm so upset, yet you say that I'm being unreasonable. That's as if you're saying that my love for you is unreasonable. But if I give in, at least I would no longer be unreasonable. I'll be like how I was just now. If you say that I should be obedient, then I'll be obedient. What do you think?"

As Mu Huan spoke, her tears started to fall uncontrollably.

"If you want a wife like that, I can be." If he only wanted an obedient wife, she really could be that for him.

Bo Junyan merely looked at her without saying a word. His expression was indescribable.

Mu Huan didn't want to cry. Whenever she was pretending to cry, she could do it as much as she pleased. But whenever she was being her sincere self, she didn't want to cry. She didn't want to feel so aggrieved, but her tears couldn't help falling.

Bo Junyan did not respond for a long time.

"I know what kind of wife you want. Don't worry, I won't ever..."

Before Mu Huan could finish speaking, Bo Junyan pulled her into his embrace.

Looking at her tears, he smiled happily.

His happy smile was so bright that Mu Huan wanted to punch him in the face.

“You’re saying that you like me.” Bo Junyan had not heard enough of all the things she had said about liking him.

It’s true that Mu Huan had often been saying that she loved her husband the most and liked him the most, xoxo!

In the end, though, those were just casual words of hers. They did not sound like she was being honest. They did sound so pleasing to his ears, making him like them, making him want to hear them, but they were not enough.

Chapter 422: Causing Trouble

“I’ve already decided not to...” Before she could finish speaking, Bo Junyan kissed her.

After a while, he finally let go of her.

He said overbearingly, “From now on, you can only say that you like me!”

“You don’t even like me, and you’re still saying that I’m being unreasonable!” Mu Huan cried out in grievance.

His nonsense really hurt her heart.

Mu Huan was someone who, whether it was her friend or the person she liked, once she had feelings for them, would be sincere.

“I’m sorry, don’t cry. It was my fault earlier. I wasn’t thorough enough. Don’t cry. Be good...” Bo Junyan said as he went to kiss her.

Initially, he thought that he would be able to return the favor he owed after letting Ling Wei stay for a while. It was a good way to end things with her. He didn’t expect his wife to be jealous and upset. It was because he didn’t understand her thoughts that he made her suffer.

“You’re not allowed to say ‘be good’ again! I don’t want to be good!” Mu Huan could not bear to hear the words “be good” anymore.

“Alright, it’s fine if you’re not obedient, you can do whatever you want in the future,” Bo Junyan coaxed.

“Can I make a scene and make Ling Wei leave?” Mu Huan looked up.

Bo Junyan thought about it and asked, “Can we let her stay until tomorrow?”

“Will you ask her to leave tomorrow?”

“Yes.”

“Didn’t you say that she needs to stay at our house for something important? Since it’s so important and so necessary, is it alright for you to ask her to leave tomorrow?”

"I wanted to buy the villa next door just now and then open it. If we have her move in there tomorrow, it can still be considered that she's staying at our house. However, she'll only be using our house's main entrance and won't eat with us. I'll definitely keep a distance from her. Do you think you can accept this?" Bo Junyan had never asked Mu Huan for her opinion in the past, and back then, he would have felt that this was the greatest concession he could make. But now, he was asking for and wanted to hear her opinion.

"Can't we let her stay away completely?" Mu Huan said sullenly.

"I owe Ling Wei a favor from before. If we want to settle this matter with her, it'll take at most half a month. The matter involving her will then be settled. Half a month from now, we'll be able to make her stay away from us completely," Bo Junyan said.

When Mu Huan heard him say that he was doing this for the sake of returning a favor, she immediately stopped objecting. A debt of gratitude was the hardest to repay. If it could be done, it had to be done. Half a month—she had to bear with it! "You were the one who said that you'll get her to stay away from us in half a month! I don't care if she has any ulterior motives or not. I'll just suffer her presence. I can bear with it for your sake for half a month, but that's it."

Bo Junyan was about to say "good" when he suddenly recalled that his wife didn't like the word "good." Hence, he said, "Okay."

Mu Huan immediately broke into a wide smile. "I love you, Hubby!"

Bo Junyan did not speak and only kissed her.

At this moment, next door.

"Sister Ling Wei, look at how arrogant that Mu Huan is! She actually dared to point at my cousin's nose and scold him!" Huo Yuqi was still furious as she recalled how Mu Huan had behaved earlier.

Ling Wei did not speak.

"Tell me, why would she dare to be so arrogant? What right does she have to be that way?" Huo Yuqi couldn't understand why Mu Huan dared to do this! She shouldn't have dared to!

Ling Wei: "..."

Why? It must be because someone doted on her so much that she could dare to do that. If Bo Junyan didn't dote on her, how would she have the gall?

"That Mu Huan is really good at acting. She's so arrogant toward us, but she's very obedient in front of my cousin. She's even good at coaxing him. I wonder if he'll end up being coaxed by her until he really doesn't want us to stay here." Huo Yuqi was very worried.

Chapter 423: True Words Are Always Like This

It didn't matter if she was chased out. But if her Sister Ling Wei were to be chased out—no, it was absolutely not possible!

Speaking of which, Huo Yuqi was really a contradictory person. Even though she was so worried about Ling Wei being chased out, she still felt that Ling Wei would definitely end up with her cousin, that her cousin definitely liked Ling Wei.

“Don’t worry about these useless things. Hurry and go back to sleep.” Ling Wei was busy and didn’t have the time to listen to her useless words. She couldn’t teach anyone how to be smart no matter what.

“Aren’t you worried, Sister Ling Wei?!” Huo Yuqi said coyly.

“Your cousin is someone who keeps his promises. Since he has agreed to let me stay here, he will definitely let me stay. That won’t change, so don’t worry,” Ling Wei said with a smile. “Go to sleep quickly. I still have something on.”

“Alright, then, Sister Ling Wei, I’ll go ahead.” Huo Yuqi knew that Ling Wei was a busy person.

“Yes.”

The next afternoon at the coffee shop.

“You actually have time to ask me out for coffee?” Ling Wei smiled at the man sitting opposite her.

When she was young and frivolous, she wanted to fly higher and have a better life. She didn’t want to get married so early. When he said that they weren’t compatible with each other, she didn’t hesitate to leave him. However, after wandering around the world for so many years, she realized that her point of origin was still the best.

What she wanted in the past was no longer important. What was important was having a loyal love.

Now, she wanted to get married, have children, and live a comfortable life.

“I just wanted to tell you that once I’ve bought the villa next door, you and Yuqi will move there tonight. If the two of you stay there, it can still be said that you’re staying with the family. If you keep staying in my other property like this, it won’t affect the plan that’s being carried out,” Bo Junyan said.

Ling Wei’s hand, which was holding the coffee, suddenly froze. She said in disbelief, “Junyan, are you chasing me away?”

“Just now, I told you that once that property is connected to mine, it would still be considered my family house. In essence, I’m simply asking you to move into another room,” Bo Junyan said lightly.

He did not want her to say no to him.

Ling Wei looked at him for a while before saying, “Junyan, you’ve changed.”

In the past, he wasn’t like this. He had always agreed to everything and would never change his decision. But now, he had changed. He was being so unreasonable when it was obvious that they would no longer be living in the same house.

“Who doesn’t change?” Even if he said that he didn’t believe she had ulterior motives and wanted to keep his promise to her, he didn’t want his wife to feel so aggrieved and upset.

“When you were with me in the past, you always stayed the same.” Back then, she had agreed to break up so easily. Apart from wanting to fly higher, it was also because he had never changed. He had always treated her the same way and had never been enthusiastic, as if they were dating in a mechanical way.

He wasn’t loving and doting to her as he was with Mu Huan right now. He wouldn’t be angry if Mu Huan made him angry. He wouldn’t teach her a lesson or abandon her.

In fact, for her sake, he even tried to buy the neighboring property overnight to get Ling Wei to move in there.

The two of them grew up together and had been by each other’s side since they were born. From kindergarten to Ph.D., they had always been in the same school and had such deep feelings for each other.

Yet he was actually treating her this way.

Bo Junyan thought for a moment and said, “That’s probably because I didn’t like you enough, so I didn’t change.”

Ling Wei: “...”

After a while.

“Your words are really hurtful.”

“True words are always like this,” Bo Junyan said as he took a sip of his coffee.

Chapter 424: You’re the Best (1)

Ling Wei looked at him and smiled. “Bo Junyan, you’re a really good man now.”

“By the way, there’s one more thing. From now on, you can only come in and out of our house. Don’t come over to my house for food or anything. If you have nothing to do, you don’t have to come over. If you have something to see, you can decide on what to do yourself. If you can use your phone, don’t come over,” Bo Junyan said.

Ling Wei: “...”

“Bo Junyan, aren’t you being too much?” How could he say such things for Mu Huan’s sake?

“As someone with a family, I have to be more careful. Even if you don’t mean anything to me, the little one cares and she’ll feel upset. I have to keep a distance from you.” He had to keep his promise to his wife.

“You haven’t changed at all. You’re especially loyal to your lover.”

In the past, when they were dating, he would never spare another glance at other women. It was just that she did not know he could be this good of a man in the past. Now that she understood, was it too late?

He doted on Mu Huan so much.

She shouldn’t have hesitated for so long before deciding to return.

“I’ve already arranged for the staff over there. A butler is present as well. If you need anything, just let him know.”

“Okay.” Ling Wei lowered her head and went to drink coffee.

“I have a meeting to attend. Take your time to drink.” Bo Junyan stood up and left.

Ling Wei was still drinking her coffee and did not look up at him.

It was no wonder that Bo Junyan was so sure that Ling Wei had no ulterior motives toward him.

After Bo Junyan had left, Ling Wei looked out of the window.

Although she was a little late, Ling Wei had never failed to get what she wanted.

This Mu Huan was interesting, and she had quite a few tricks up her sleeves. It was interesting to see how many rounds she could last.

Know-All Agency...

“What the f*ck! Your husband was once a surgeon!” Li Meng was shocked beyond belief.

“Now that we know he occasionally operates on important people, it’s obvious that he’s a genius doctor!” The expression on Wu Xingye’s face was indeed for a genius. There was no way an ordinary person like them could compare!

“Of course, my husband is a genius at everything!” Mu Huan said proudly.

“Didn’t you say yesterday not to call him God Bo? But he’s one of a kind!” Li Meng said sourly.

“He’s still human. Am I wrong?” Mu Huan snorted.

Li Meng immediately said, “You’re the boss. Whatever you say is right!”

“Alright, that’s enough. I asked you to come here today to seek your opinions,” Mu Huan said seriously.

“What’s the matter?” Li Meng and Wu Xingye asked in unison.

“If even Long Feiting got a hold on me, I think it’s even easier for Ling Wei to catch me. The last thing I need right now is to have someone use me against me. Hence, I want to quit. From now on, I won’t take on any assignments. If I don’t take on jobs in the future, I’m afraid that the two of you will be in danger. So, I want to ask the two of you if you want to quit. Let’s do something else.

“Xingye and I won quite a lot in T Country last time. I think we can use this money to do some business. If we do well, we should earn more money than we do here. There wouldn’t be such a huge risk. What do you think?”

“Do we still need to consider it?! You’ve always been the boss and you have the final say. We’ll do whatever you say and we’ll follow you!” Li Meng said as she hugged her arm.

“We’ll do whatever you want!” Wu Xingye added.

Chapter 425: You’re the Best (2)

The two of them had been taking orders from Mu Huan to earn money. If she were to quit, they definitely wouldn't be able to take on those risky assignments. If they couldn't take on those assignments, they basically wouldn't be able to earn much money. It was indeed better that they start doing business.

"I don't have much of an opinion about doing business. I've been very busy recently as well. Other than the experiment I've been doing, I still have to participate in the school's research project with Professor Lin. Although I'm only to be an assistant there, I'll have a lot of opportunities to study. I have to grasp this opportunity well. Hence, the two of you can think about what we're doing and head to the market. Once you've decided, let me know. I'll ask my current business boss. If he says that it's possible, then we'll do it. When that time comes, Xingye and I'll pay for it. Xiao Meng, you can just send someone out." If Mu Huan were to work with Li Meng and the rest, there was no need to hide anything from Bo Junyan.

In fact, she'd even ask him for his advice and ask him to help them with their business. After all, this was their first time doing this, and with his help, they could avoid losing money.

When Wu Xingye and Li Meng heard that they could get Bo Junyan to oversee their business, they immediately became excited. With a big boss like Bo Junyan to give them pointers, this business would definitely be lucrative and profitable! "Xiao Huan, go ahead and do your work. We'll go and see what business we could get into!"

"Alright, let's clean up this place today, then." Mu Huan had always been a person of action, so after she thought this matter through, she immediately ended it.

This was to avoid future trouble.

When she said she was going to fight, the two of them immediately started fighting with her.

After packing up, Mu Huan invited the two of them for afternoon tea.

"Xiao Huan, have you come up with a plan?" Li Meng looked at Mu Huan.

"What plan? Business plan?"

"No, a plan to deal with your powerful love rival." Her Xiao Huan had always liked to come up with plans in advance. Now that they knew Ling Wei was so strong, Li Meng had no idea how Mu Huan planned to deal with her.

"No."

Mu Huan's answer did not make Li Meng and Wu Xingye look at her in surprise. After all, she liked to make arrangements beforehand.

"Bo Junyan said that Ling Wei has a boyfriend, so she definitely has no ulterior motives toward him. Until now, Ling Wei hasn't done anything. It's just that the person who wants the two of them to be together is taking action." She'd only said before that Ling Wei had ulterior motives toward Bo Junyan and it made Bo Junyan feel that she was unreasonable. What more if she took the initiative to attack?

"What? Ling Wei has a boyfriend?" Li Meng was shocked. How was this possible?

Even someone as stupid as her could feel Ling Wei's indescribable feelings toward Xiao Huan in the auditorium. How could she have a boyfriend and suddenly not be Xiao Huan's love rival?

"Uh-huh. Bo Junyan also said that he had met her boyfriend before and that he had a good relationship with him. Hence, he was very sure that Ling Wei had no ulterior motives toward him and told me not to cause trouble. If I did something, he would definitely be unhappy and feel that I don't trust him. Hence, I don't need to do anything." Mu Huan's heart ached at the thought of his unreasonable words.

Not knowing what else to say, Li Meng could only say, "F*ck!"

"Do you want me to investigate Ling Wei and her boyfriend?" Wu Xingye felt that Mu Huan's enemy this time was too formidable.

"There's no need for that. I don't need to do anything, let alone the two of you. Besides, with Ling Wei's capabilities, if you were to investigate her, you would only be giving her a chance," Mu Huan said.

"Is it possible she won't do anything? She's obviously coming at us aggressively! She went to your house right away!"

Chapter 426: You're the Best (3)

"As I've said earlier, I just need to grab hold of his heart," Mu Huan said.

"Do you think you can grasp this man's heart just by willing it to happen?" Wu Xingye asked instinctively.

"Wu Xingye, what are you saying?!" Li Meng pinched Wu Xingye hard. Was he dumb or what?!

"Xingye is right. It's useless for anyone to grasp a man's heart when his feelings are changing. Besides, Bo Junyan doesn't actually have that much feeling for me. I'm really only saying that I have to hurry. In truth, I don't have much hope, so anything I do might end up useless. I can only say that I'll take things one step at a time, and I'll take whatever comes my way." Actually, Mu Huan felt that if a person liked her, there was no need for her to hold on to him. If a person didn't like her, it would be useless even if she tried her best. Hence, there was really nothing she could do about it.

As long as she refrained from behaving like she did last night where she had almost driven Bo Junyan away in a fit of pain, she would be fine.

"Alright, let's not think about this anymore. Let's eat! Let's eat!" Li Meng said.

"Okay, let's eat!" Mu Huan didn't want to let her worries run wild. Bo Junyan was such a big-hearted person, and he had already made so many adjustments for her. There was no need for her to think too much.

But for some reason, she had a bad premonition.

At the Bo residence in the evening.

"Cousin, aren't you being too much?! How dare you chase us away!" Huo Yuqi said angrily.

"Your room needs to be redecorated. You have to move into the other rooms at my home."

“Cousin, do you think I’m stupid?!” What did he mean by ‘changing rooms’?! There were clearly two different homes, yet he kept on saying that they were one!

“Well, aren’t you stupid?” Bo Junyan’s gaze darkened.

“Cousin!” Huo Yuqi was so angry that her eyes turned red.

At the thought of what Mu Huan had told him, Bo Junyan said, “It’s impossible between me and Ling Wei. From now on, don’t spout nonsense in front of your sister-in-law. If it’s not for anything important, don’t come and visit her.”

“Cousin, how can you do this to me?! I’m your biological cousin! The only one you could call a sister!”

“If you weren’t related to me by blood, do you think you’d still be fine right now?” Bo Junyan paused for a moment before continuing, “I’ve found a few teachers for you and they’ll all be staying next door. The schedule will be given to you tomorrow. From now on, you have to study well. I’ll check in with them regularly. If you fail, I will confiscate your card.”

It was precisely because she had too much free time that she could keep speaking nonsense in front of his wife.

“I don’t want this! I’m not a high school student! I’m already in university!” Huo Yuqi was about to explode.

Not only did her cousin want to chase her away, but he had also arranged so many courses for her!

“You’re such a brainless person that you’re no better than a grade-schooler. From now on, I don’t want to hear you complaining about your studies.”

“Ah...!” Huo Yuqi stomped her feet in anger.

Upstairs...

Ling Wei, who was packing her things, received a call from Old Master.

“I heard that Junyan wants you to move in next door and stay away from you.”

“Yes.”

“Seems like we have underestimated that girl,” the old man said.

“It’s not that we’ve underestimated Mu Huan but that we’ve underestimated Junyan’s heart. He has more feelings for Mu Huan than you’ve realized.”

“You’ve hesitated for too long.”

“Yes.” The things that she had spent so much effort to get were too valuable to be abandoned.

“But you don’t have to worry too much. You have such deep feelings for Junyan.” The old man’s call was actually to comfort her.

“I’m not worried. Isn’t this rather interesting?”

Chapter 427: You’re the Best (4)

From the moment Ling Wei was born until now, she had gotten everything she wanted. Even if it was something that others thought was impossible in the past, she had gotten it. Hence, she felt that it was nothing even if Bo Junyan doted on Mu Huan.

Things that were difficult were interesting. It was meaningless to be able to get something so easily.

“It’s good that you think so.”

...

When Mu Huan returned home, Bo Junyan and Ling Wei were sitting in the living room, talking about something. The two of them were still quite close to each other, which made her good mood instantly disappear. Sometimes, people were like this. Even though she knew that there was nothing between them, she still could not control her emotions.

Right then, Ling Wei, who had her head lowered and was looking at something, did not speak. She only extended her hand and Bo Junyan handed her a pen.

The tacit understanding between the two made Mu Huan even more depressed.

“Look, isn’t this scene where my Sister Ling Wei and Cousin are together special? Also, don’t the two of them have special chemistry?” Huo Yuqi appeared behind her.

Mu Huan made to step forward without a word.

However, Huo Yuqi grabbed her and said, “Don’t disturb my cousin. They have something important to discuss. Also, don’t you think it’s very unharmonious for you to get involved in such a beautiful scene? Won’t you look like a third party?”

Mu Huan turned to look at Huo Yuqi. “Are you out of your mind? Bo Junyan and I are legally married. He’s my husband!”

Wasn’t Huo Yuqi stupid to say that she looked like a third party?!

“In this world, only the one who is not loved is the third party.” Huo Yuqi firmly believed that true love was the king. A marriage certificate was just a piece of paper.

“Have you packed your things?” Mu Huan suddenly asked.

Huo Yuqi said instinctively, “They’ve been moved over.”

“I’ve already chased all of you out, and you’re still saying that I’m the one who’s not loved. Am I the third party, Huo Yuqi? There’s a limit to how low one’s IQ can be. You’re really making everyone worry about your future!” Mu Huan really felt that Huo Yuqi was a fool.

“Since you’re a fool, you should study more. If you have nothing to do, you should read more books to make up for your inborn shortcomings. Don’t come to me like a fly buzzing.”

Huo Yuqi’s expression instantly turned ugly. Earlier, her cousin had said that she was stupid and wanted her to study more, but now, it was Mu Huan who’d said that! “Mu Huan, you...”

Just as she was about to say something, Mu Huan flung her aside and walked forward. "Hubby, what are you busy with?"

As she spoke, she squeezed herself into Bo Junyan's embrace and sat on his lap, displacing all the things in his hands.

However, Bo Junyan didn't get angry at all. Instead, he lowered his head and kissed her. "I'm looking at the post-op results of the patient from yesterday."

"Oh," Mu Huan replied. "Then will I be distracting you by sitting here? Do I need to get up?"

Although she said that, she did not seem to have any intention of moving.

Bo Junyan couldn't help but laugh. The little lass was being too jealous. How could he guarantee that she would stay like this? He liked it when she was behaving this way.

"I won't be distracted," Bo Junyan said as he picked up the medical record that she had swept out of the way. Then, he looked at Ling Wei and said, "Let's continue."

Ling Wei: "..."

In the past, whenever Bo Junyan was working, he would not allow anyone to get close to him. But now, despite how Mu Huan had swept aside the things in his hands, he even kissed her.

This person had changed too much.

It turned out that he was capable of changing.

Ling Wei was stunned for a few seconds. Very quickly, she returned to normal and pretended that Mu Huan didn't exist as she discussed the patient's post-operative situation with Bo Junyan.

To be honest, Mu Huan admired Ling Wei.

Chapter 428: You're the Best (5)

She and Ling Wei had fought so hard yesterday, and today, Ling Wei had even been driven to another place by her. But when she saw Mu Huan, she didn't even give her another look. She wasn't angry at all. On the other hand, Mu Huan wasn't being a good person. They were discussing a patient's situation and talking about business, but she had forced her way in.

She was jealous and narrow-minded.

At the thought of this, Mu Huan wanted to stand up.

"Don't move. It'll be done soon." Bo Junyan kissed her as he told her to stay put. The matter in his hands would be settled soon.

Seeing that he was not annoyed, Mu Huan did not stand up.

As Mu Huan also had medical knowledge, she could understand their conversation. Furthermore, the two of them were experts. Not only did Mu Huan not feel bored, but she also learned a lot.

Everything else about her aside, Ling Wei's professionalism was really not bad.

“Alright, let’s do this for now,” Ling Wei said as she stood up.

“Yes.”

“Then I’ll go change first. See you later.” Ling Wei turned around and left.

Bo Junyan aside, who was so sure that she had no ulterior motives toward him, even Mu Huan began to suspect as she looked at Ling Wei whether or not she had been overly crazy and was delusional to think that she would steal her husband...

This made her feel very scared.

“Go upstairs and change your clothes. We’ll go to Cousin’s place for dinner later.”

“Why are you suddenly going to the Gu residence for a meal?”

“My cousin heard that Ling Wei is here, so he asked us out for a meal.”

The Ling family and the Bo family came from a similar family background, and the two families were on very good terms. Ling Wei’s mother, Bo Junyan’s mother, and Huo Yuqi’s mother were all very close friends. Even now, Ling Wei was still addressing Bo Junyan’s grandfather as her grandfather. From this, it could be seen how much she was liked within the Bo family.

Now that she was in Yun Cheng, Bo Junyan’s cousin naturally had to act as a host. Hence, he invited them to the Gu residence for a meal today.

Mu Huan recalled what Bo Junyan’s cousin had said to Bo Junyan last time. Then, she thought about how Gu Chenyi, Lin Qingya, Ling Wei, and Huo Yuqi were to be present for this meal. Just thinking about it gave her a headache. “Can I not go?”

“I know you don’t like Ling Wei and you want her to stay away from us. When everything is over, we can have her stay away from us. I also know that you don’t like going to the Gu family’s residence to eat. Under normal circumstances, if you didn’t want to go, I wouldn’t force you. But sometimes, you have to show your face. If you don’t like it there, we can come back home earlier.” Bo Junyan reached out and caressed her head.

Bo Junyan grew up in a big family with a lot of love. His parents valued their family and taught them by example from a young age. Naturally, he valued his family as well. It was fine for Mu Huan to not go to gatherings under normal circumstances, but now that his cousin was to be the host, if she did not go, it would make his cousin feel awkward.

In addition, Ling Wei had a good relationship with his family. From now on, the two of them could avoid meeting at other places. However, they could not avoid meeting at home or at other such events.

If he didn’t like a person and didn’t have a deep relationship with them, he could just ignore them in private. However, if he needed to meet her occasionally, he had to give her enough face and couldn’t keep avoiding her.

Mu Huan’s parents were both only children. Her grandma, grandpa, and maternal grandparents were all the only daughters. When she was young, and even after leaving the Mu family and relying on her granny, she never grasped the concept of family at all.

Hence, the first thing she thought of now was how many people would be there that she did not want to see and how uncomfortable they were all going to be at this meal. That was why she instinctively did not want to go.

Chapter 429: You're the Best (6)

But when she heard Bo Junyan's words, she realized that it was Bo Junyan's cousin who was treating Ling Wei to a meal. If she didn't go, not only would she make things difficult for Ling Wei, but she would also make things difficult for Bo Junyan's cousin.

She knew that Bo Junyan was someone who valued his family. He was always one to indulge her, and if she really didn't like something, he wouldn't force her into doing it. But if she didn't go now, it would make Bo Junyan look bad.

Realizing that she had made a mistake, Mu Huan immediately apologized, "I'm sorry, Hubby. I didn't think it through earlier. I've never had social relationships like yours since I was young, so I don't have the same ideas you do. I'll definitely be more careful in the future!"

Bo Junyan smiled and said, "It's fine. I won't make you go if possible. If it's compulsory, just go over and show your face. That will smooth things out for everyone."

His wife was still young, so she naturally didn't know much about the ways of the world. What's more, she didn't have a doting family. It was no wonder she was like this.

"Thank you, Hubby." Mu Huan wrapped her arms around his neck, so touched that her eyes almost turned red.

He valued his family so much that he wouldn't force her to do anything. She was so insensible, yet he was still so understanding toward her.

Bo Junyan gave her a kiss and said, "Be good and go change."

Because Bo Junyan had very strict requirements for Mu Huan's attire, he would never let her wear anything that was sexy, revealing, or looked especially dazzling.

Hence, when Mu Huan, Ling Wei, and Huo Yuqi gathered in the living room to head to the Gu residence...

Mu Huan was the most ordinary one among the three of them.

Mu Huan felt really stifled when she saw that the others were dressed so brightly and beautifully, but she was the only one who was wearing something that covered her entire body tightly and did not reveal her figure at all!

She was especially miffed when she saw that Ling Wei really knew how to dress up. The makeup that she chose simply suited her very much. It magnified her strength so much that Mu Huan couldn't help but want to say, *Wow! So beautiful!*

Then she thought about herself again.

Mu Huan felt like her heart was about to explode!

However, at this moment, Huo Yuqi looked at her with a look of disdain. "You old fart!"

Mu Huan: "...!!!"

Was she the one who chose to look so drab?! Was she?!

Every time she went to the Gu residence, Bo Junyan would not allow her to pick her clothes! He was the one who chose them for her! Today, she had thought that since Ling Wei was going as well, she wanted to make the decision herself. She wanted to pick out the most beautiful clothes out of the few she owned that did not show her figure, but Bo Junyan had forced her to wear this!

She was depressed too!

After Ling Wei ended the call, she turned around and looked at them.

When she met her gaze, Mu Huan felt even more depressed than before!

"Let's go." Bo Junyan reached out to put his arm around Mu Huan's waist as he walked out. However, Mu Huan was in a bad mood and avoided his hand in a huff.

Bo Junyan thought that she was throwing a tantrum because she was unhappy. He reached out to hug her waist again and whispered into her ear, "Let's come back early later."

When Mu Huan heard this, her heart sank even more! Did she simply not want to go? Did she only want to come back earlier? She was disgusted with her clothes that looked ugly!

Usually, it didn't matter if she was the only one dressed like this. But now, compared to the others, she was really...!

She, Mu Huan, had never lost to anyone. Now...

It was a good thing that Ling Wei was not in the same car as Mu Huan and the rest. Otherwise, if she were to quietly compare herself to them in this narrow and small space, she would really have a breakdown!

After they got into the car.

Mu Huan hugged Bo Junyan's arm and called out delicately, "Hubby..."

Chapter 430: You're the Best (7)

Bo Junyan looked at her. He did not know why Mu Huan, who was still throwing a tantrum before getting into the car, would suddenly act like a spoiled child the moment she got into the car.

"Next time I go out and have to put on nice clothes, can you let me choose what to wear?" Mu Huan said obsequiously.

"What's wrong?"

"A man's taste in clothes is a little different from a woman's. Although the clothes you chose are good-looking, they're not a very popular style among girls. It's especially noticeable when I'm going out with someone else. Don't you think that Ling Wei and Huo Yuqi are better-looking than I am?"

“No,” Bo Junyan said.

“How can you not see that?! The two of them...”

“You look good this way. You look better than every woman combined,” Bo Junyan said seriously as he looked at her.

Mu Huan: “...!!!”

His flirting was so sudden that she was utterly defeated!

“But, Hubby...”

“You don’t have to worry too much about other people’s gazes. You just have to think about my gaze. I think you look really good and I like you very much,” Bo Junyan said again.

Mu Huan: “...”

What else could she say?! What else was there for her to say?!

“Hubby...” She fell into his embrace weakly.

“Be good...” Bo Junyan lowered his head and kissed her.

Mu Huan: “...”

Alright, as long as her husband liked it.

When she arrived at the Gu residence, Mu Huan realized that even Lin Qingya, a pregnant lady, was dressed more stylishly than she was.

This made her feel stifled for a while.

Lin Qingya was especially happy today. All along, she had wanted Mu Huan to be in a pitiful state, but Mu Huan was always very lucky. It hadn’t been easy for Lin Qingya to get close to Gu Chenyi, but Mu Huan became her aunt-in-law. Moreover, Bo Junyan doted on her so much that she didn’t even dare to find trouble with her, let alone touch her. She felt terrible watching her being so happy and pampered every day!

Now, the heavens had finally opened their eyes! They had sent such a powerful person like Ling Wei to torture Mu Huan!

Lin Qingya and Mrs. Gu had seen the newspaper from yesterday. When Mrs. Gu saw it, she said emotionally, “Oh, Xiao Huan. She’s in trouble now.”

This made Lin Qingya feel that there was something going on, so she asked Mrs. Gu what trouble she was in.

After that, she learned a lot about Ling Wei and the Bo family from Mrs. Gu. She knew how outstanding Ling Wei was and how much the Bos liked Ling Wei. This was especially so for Bo Junyan’s grandfather, who especially liked Ling Wei and wanted her to be with Bo Junyan.

The cover of the newspaper was most likely the doing of Bo Junyan’s grandfather.

She was born into such a good family, and her looks were obviously pretty just by looking at her side profile. She had grown up with Bo Junyan and had a good relationship with his parents. Furthermore, she was a love rival who was especially supported by the Bos. Mu Huan was really going to suffer!

When she saw how beautiful Ling Wei was as she got out of the car and walked toward them, Lin Qingya was so happy that her heart trembled!

Just by looking at the side profile in the newspaper and listening to Mrs. Gu's description, Lin Qingya knew that Ling Wei was a beautiful woman. But she didn't expect her to be so beautiful!

She was so beautiful that she couldn't help but feel jealous and ashamed of herself!

This was especially so when Ling Wei exuded a strong aura that was similar to Bo Junyan's. It made one subconsciously feel inferior to her!

Such a king-like existence!

Mu Huan was really done for!

And right now was a good example. When they got out of the car, everyone was looking at Ling Wei, and no one was paying attention to Mu Huan. Furthermore, looking at Mu Huan's attire, she felt that it was like heaven and earth compared to Ling Wei's!
