

## **Fake Marriage 441**

### **Chapter 441: Being a Mistress (1)**

Bo Junyan narrowed his eyes when he saw the boy's coat on her.

Even from such a high distance, one could feel that dangerous aura.

Ling Wei, who was standing beside him, curled her lips. The effect was surprisingly good.

Mu Huan's smile became even more radiant when faced with such a dangerous aura. However, despite the brightness, her smile was cold.

She, Mu Huan, wasn't the kind of person who would only cry and make herself suffer. She'd already said that Ling Wei had ulterior motives and that she felt that she was at odds with her. Fine, she'd act out!

Did he think that she just needed to put up with Ling Wei and that would be the end? Was she just being paranoid? *Alright, let's change our positions and then you think about it! You should have a taste of this feeling too!*

Realizing what Mu Huan was up to, Long Feiting said, "F\*ck, Mu Huan! If you let Bo Junyan find out that it's my coat, what if he kills me?!"

Mu Huan turned around. "Don't worry, I'll protect you!"

Long Feiting was stunned by her reaction!

*Don't worry, I'll protect you!*

These words...

His Little Star had told him the same thing.

Back then, when she suggested using the poisonous mushroom to knock those people unconscious and then escape, he was afraid. He said that if the poisonous mushroom wasn't that powerful and couldn't make those people faint, what if they found out that they were going to escape?

Also, what if she were to encounter any danger along the way?

His Little Star said, "Don't worry, I'll protect you!"

And she had done what she said. She protected him so well during their escape and hurt her leg for him.

It was because of her that he had become so brave, outstanding, and perfect now! All these years from when he was young, he had worked so hard to match up to his brave and outstanding Star. In the end...

At this thought, Long Feiting snapped back to his senses.

His eyes turned gloomy. This damn Mu Huan always reminded him of Little Star!

Long Feiting wasn't a stupid person. When he first sensed that Mu Huan resembled Little Star from her appearance, he had sent someone to investigate Mu Huan. He had investigated the time when she was 11 years old thoroughly. However, none of the neighbors around her said that she had been kidnapped and no one saw that she had been injured. Even if an 11-year-old child could hide the fact that she had

been kidnapped for five days, he could still remember her leg injury clearly. It was very serious, and there was no way she wouldn't need treatment. If she needed treatment, there would definitely be traces left behind. Someone would definitely know!

But Mu Huan did not.

No one said that she had been hurt before!

Not even Mu Huan's granny, who had already recovered very well. Now that she could walk on the ground, Long Feiting had bribed the nurse beside her granny to ask her about it. Her granny was also very sure that Mu Huan had never suffered any leg injury when she was 11 years old. She was not seriously injured.

Back then, she and her granny depended on each other. If she was injured, there was no way her granny wouldn't know! Furthermore, her granny also said that she had never been abducted!

An 11-year-old child, no matter how brave she was and how badly injured she was, had to have been treated. As such, her granny should have known about it.

Even her granny said she didn't. That meant that she had never been kidnapped or hurt.

In contrast, when he investigated Mu Kexin, he found she had indeed been kidnapped. The old servants and neighbors of the Mu family knew that she had indeed suffered serious leg injuries and had stayed in the hospital for a long time.

Hence, even though Long Feiting always felt that Mu Huan was like his Little Star, he was sure that she wasn't.

## **Chapter 442:**

### **Being a Mistress (2)**

It wasn't that Long Feiting's men were so useless that they couldn't find out the truth. It was just that back then, Mu Huan's stepmother, Bai Xuexian, was not satisfied with chasing Mu Huan out of the house. She even wanted the human traffickers to abduct her far away. Hence, she thought of a way to get Mu Dongsheng to bring Mu Huan home for a period of time. Then, she found an excuse to bring Mu Huan and Mu Kexin out and pretend that she had accidentally lost Mu Huan. However, if she were to leave with the two children, everyone would think that she had done it on purpose. Hence, she hid Mu Kexin and pretended to be separated from them.

When she returned, she first got someone to secretly search for her. When she felt that it was about time, she got the Mu family to search for her. Hence, everyone in the Mu family knew that Mu Kexin had been kidnapped when she was young. When Mu Huan returned, she went to take revenge on Bai Xuexian. The time when Mu Kexin's leg was injured was similar to Mu Huan's.

Later on, in order to prevent Mu Huan from spouting nonsense and let everyone know that Bai Xuexian had hired someone to abduct her stepdaughter, she decided to take action first and said that Mu Huan had left Mu Kexin behind to escape. This had resulted in Mu Kexin being abducted.

Because Mu Huan was brought back to the Mu family by her father, Mu Huan's granny did not know about Mu Huan's five-day disappearance. She always thought that Mu Huan had been staying at the Mu family's house all those days.

Because of Matriarch Mu's suppression of Mu Huan's granny back then, her granny's life had been tough. Mu Huan was afraid that her granny would find out that she was kidnapped and that her granny would rush to the Mu family to seek justice for her. As a result, her grandma would have been even more ruthless in suppressing her, making their lives even more difficult.

Hence, Mu Huan did not tell her granny that Bai Xuexian had asked someone to abduct her. As for her leg injury, Long Feiting thought it was serious, but it wasn't that serious. Mu Huan moved into Lin Qingya's house and asked Lin Qingya to take the medicine out of her granny's clinic when her granny wasn't paying attention. Hence, she'd settled her leg injury.

In other words, only Lin Qingya and her mother knew about Mu Huan's leg injury back then. And now, Mu Kexin's fake identity had been orchestrated by Lin Qingya. Besides her and her mother, no one else knew that Mu Huan had been kidnapped and her leg had been injured.

...

Seeing that Bo Junyan was about to enter, Mu Huan snorted and returned the coat to Long Feiting before heading to the laboratory.

When Bo Junyan had entered the school building, the students could no longer see him. Furthermore, the experiment class was about to begin and they all headed toward the laboratory.

Huo Yuqi quickly caught up with Mu Huan and said, "You saw the beautiful scene just now. Do you think they're a good match too? Do you think you can't be compared to Sister Ling Wei?"

"I'm in a bad mood, so you'd better stay out of it. Otherwise, when we're doing an experiment later, if I'm not careful, I might drip the dose on you and leave a scar!" Mu Huan glared at her coldly.

Huo Yuqi: "You wouldn't dare!"

"If you think I won't dare, then try!"

"You..." Seeing her like this, Huo Yuqi didn't dare to go on.

Because Mu Huan was a person who was even more arrogant and terrifying than she was. She would really dare to do anything she said!

She did not dare to continue challenging Mu Huan's words.

"Coward!" Long Feiting said coldly, looking at her.

She couldn't win against Mu Huan even if she wanted to, but she still kept provoking her! He'd already told her that she had overestimated herself so many times!

"Long Feiting!" Huo Yuqi shouted angrily.

**Chapter 443: Being a Mistress (3)**

“Alright, stop talking so much just because you have nothing better to do. Study more!” Long Feiting and Huo Yuqi had grown up together, and they had a family-like relationship. He didn’t want her to be embarrassed, so he was telling her to study more to enrich herself.

“Ah!” Huo Yuqi was about to explode!

Were they all demons?! One by one, they keep wanting her to study more! It was as though she was stupid and ignorant!

Downstairs.

“I’ll return the coat to you after I get someone to wash it,” Ling Wei said.

“No need, just throw it away,” Bo Junyan said as he headed upstairs.

Ling Wei: “...”

At the laboratory.

Just as Mu Huan and the rest were about to start their experiment, Bo Junyan walked in.

When he saw that Mu Huan did not have a boy’s coat on her, Bo Junyan’s expression softened.

When Mu Huan saw that Bo Junyan was not wearing a coat, her gaze turned cold.

Bo Junyan looked at Mu Huan and said, “Ms. Mu Huan, I have something to tell you. Come out for a while.”

“Sorry, Professor Bo, I’m doing an experiment. If there’s something you need, we can talk after class.”

Everyone: “...”

How did Mu Huan have the guts to do that? She even dared to turn Professor Bo down!

“Come out!” Bo Junyan’s tone had become more commanding.

But Mu Huan was even tougher. “No!”

Everyone: “...”

Mu Huan must have gone mad.

But why did this sound like a cold war between a couple?

Suddenly, someone recalled that Mu Huan said she was Professor Bo’s wife. *I’m right here!*

Besides, Bo Junyan seemed to have taken a fancy to Mu Huan previously.

Hence, she imagined a scenario wherein Mu Huan was Bo Junyan’s lover.

Ever since Bo Junyan had taken a fancy to Mu Huan, Mu Huan became his lover. Now that Professor Bo’s proper wife had appeared, the scene just now had deeply agitated Mu Huan, making her so angry with Professor Bo that she would dare to resist!

The two of them both had spouses, and yet...

Who would have thought that a god-like professor like Professor Bo would be such a scummy man?!

On the other hand, Mu Huan was clearly married, and yet she was engaging in an affair, becoming to be a third party! It's true that no woman could resist a person like Professor Bo, but...

But she shouldn't go back on her words!

Just like that, Bo Junyan became a cheater and Mu Huan became a third party.

If he knew what these students were thinking about, his face would definitely turn black.

...

Mu Huan refused to come out no matter what, and Bo Junyan, who had come to school early, did not force her further.

"Then let's talk after class." With that, he turned around and left.

Mu Huan got even angrier when she saw him leaving just like that!

"Xiao Huan, don't be so angry that your hands shake. You're holding sulfuric acid!" Li Meng reminded her hastily.

Mu Huan's lips twitched slightly. "Am I someone who can easily lose control? Is there a need for me to lose control over a man?"

Li Meng: "..."

She didn't know who it was, but there was someone who almost jumped down from the third floor out of impulse!

"You two, do this." Mu Huan looked at Long Feiting and Huo Yuqi, telling them to do the same.

Men had to be set aside first! She had to study hard and improve every day!

"Why do we still need to do it?" Huo Yuqi was unwilling to do it, afraid that the chemicals would hurt her hand.

"If you don't even want to do this kind of experiment, why are you still taking this course?" Mu Huan said unhappily.

"I'm not here to study medicine. I'm here to woo Long Feiting!" Huo Yuqi's expression showed that it wasn't because she liked medicine that she was taking this course.

Mu Huan: "..."

"Huo Yuqi, can you stop using me as a shield?" Long Feiting had always been too lazy to bother with Huo Yuqi. No matter how many times she told others that she was pestering him because she wanted to woo him, he would never explain anything.

For some reason, he now wanted to explain.

**Chapter 444: Stop Messing Around (1)**

However, when he saw that Mu Huan and Li Meng were busy with their own work and no one cared about his explanation, Long Feiting was instantly depressed!

He casually picked up a tube of medicine and shook it. At this point, Mu Huan had just lifted her head and looked over. When she saw what he was shaking, her expression changed drastically. Without even taking the time to shout, she reached out to knock off the tube of medicine in his hand. Then, with great force, she pulled Long Feiting over. At the same time, she stood in front of Huo Yuqi to protect her.

While Long Feiting and Huo Yuqi were still in a daze, they heard a loud bang! It was the sound of an explosion!

Although it wasn't a very big one, something did explode!

The students in the laboratory were shocked!

Fortunately, there wasn't much of a dose in the test tube, and it didn't splash much. It only splashed on their area, but it had a huge corrosive effect on objects! Mu Huan was wearing a white coat, and there were several burns at the back.

Long Feiting, who had been pulled away by her, turned around. At the back of his white coat, there were many burn holes. Fortunately, as it was late autumn and the weather was cold, everyone was wearing thick clothes. If it was summer and he was wearing thin clothes, his skin would have been burned!

Mu Huan, who could still feel a burning sensation on her back through the thick sweater, was furious. She started to yell at Long Feiting, "Are you f\*cking stupid? Don't you know how to read? Didn't you see that the test tube had a warning on it? Don't shake it because it could easily blow up! If this thing had splattered on your face, your skin would have been damaged beyond recovery. Didn't you know that?!"

"But I guess you wouldn't know since you don't like pharmaceutical studies. If you didn't want to learn about this, then stop taking this course! What do you think pharmaceutical studies are?! This has to do with treating illnesses and saving lives! These are all dangerous chemicals! If you want to die, don't harm others!"

"Life is so short and time is so precious! Yet you are wasting such precious time and endangering lives! Can't you use this time to do something meaningful?!"

"And you, Huo Yuqi!"

Of the two, one had transferred to their pharmaceutical faculty just to prank Mu Huan and the other transferred just to woo a boy. If they had transferred to study hard, it would have been fine, but since they didn't, they only wasted their time doing experiments.

It was a common occurrence for the laboratory to explode. No matter how careful a professional was, there was always a possibility of an explosion, never mind these careless and irresponsible people!

This time, it was only a small dose in the test tube. The explosive was not very powerful, and what they were doing that day was not a big experiment. If it were otherwise and they'd been careless, it would blow up the entire laboratory! This was a matter of life and death!

Long Feiting was stunned by her fierceness. After a while, he said, "I... I didn't do it on purpose..."

He did not even look at the words on the test tube.

“I know you didn’t do it on purpose. You...” Mu Huan wanted to say something else, but she thought that it might not even get through to him, so she decided to not waste her breath. “Your life is yours anyway. You can do whatever you want. But you have to remember, don’t mess around from now on. Don’t kill anyone!”

Long Feiting knew the dangers of chemicals and that Mu Huan wasn’t exaggerating at all. A few days ago, a laboratory had exploded somewhere and a few people died.

For the first time, he did not retort to her.

Huo Yuqi, who was standing by the side, did not seem like she had regained her senses. It was only when she saw the hole behind Mu Huan’s white coat that she snapped back to her senses. “Mu... Mu Huan... did you... save me just now?”

### **Chapter 445: Stop Messing Around (2)**

Mu Huan was taller than she was, and the turtleneck sweater around Mu Huan’s neck had a hole in it. In other words, if she hadn’t stood in front of Huo Yuqi, those reagents would have splashed on her face! Her clothes had been burned through. What if those things had splashed on her face?!

Huo Yuqi shuddered at the thought.

“I didn’t save you. Don’t overthink it.”

If it weren’t for the fact that she was Bo Junyan’s biological cousin, she wouldn’t have bothered to meddle with her affairs!

In other words, she did it for her husband, not for Huo Yuqi. There was no need for her to think that Mu Huan had saved her!

Huo Yuqi looked at Mu Huan, not knowing what to say.

There was no need for others to point it out to her. Huo Yuqi knew that she was always looking for trouble with Mu Huan, that she had been adding insult to injury and stepping on her to make her suffer.

But Mu Huan still treated her that way.

She actually saved her!

That thing had splashed up to her neck, and it almost reached her head! Wasn’t she afraid that it would spill on her face?

Mu Huan actually... used her body to protect Huo Yuqi without any hesitation...

This...

The teacher in charge of the experiment came back to his senses and walked forward. He looked at Long Feiting and said sternly, “Long Feiting, if you don’t want to do the experiment, then go out! This is a dangerous substance! It’s not for you to play with as you wish!”

"I'm sorry, Teacher. I won't move carelessly again." This was the first time Long Feiting had apologized like this in his life.

In the past, whenever a teacher told him that he might as well leave the classroom, he would do so and slam the door after him!

Seeing that he had a good attitude and knowing that he didn't do it on purpose, the teacher didn't chase him out. However, he still had to punish him. "This time, I'll simply deduct points. But there won't be a next time. The chemical experiment is very dangerous. No one here has a second life!"

Long Feiting lowered his head and said, "Yes, Teacher."

"Ms. Mu Huan, are you alright?"

"It's nothing." Mu Huan was glad that she was wearing a turtleneck sweater today.

"If there's nothing else, just pack up and continue with the experiment. Everyone, you have to be cautious and focus more from now on!" The teacher looked at the students as he spoke.

Long Feiting took the initiative to take on the assignment.

Huo Yuqi, who was standing at the side, looked at Mu Huan with a complicated expression.

She watched as the experiment ended.

Just as Mu Huan was about to leave...

"Mu Huan, even though you saved me, I still like Sister Ling Wei!"

"You don't have to tell me who you like and who you don't like." It wasn't like she wanted to save her for her sake.

Hearing Mu Huan's words, Huo Yuqi felt even more conflicted.

She turned around and left even faster than Mu Huan.

Mu Huan ignored her.

"Mu Huan, I owe you one today. From now on, you can use this favor in exchange for something!" Long Feiting looked at Mu Huan.

"Alright." Mu Huan generously accepted his favor.

After they had left, Li Meng grabbed Mu Huan and said, "Mu Huan, that thing almost splashed on your head! Have you gone mad?! You used your body to protect the person who's causing trouble for you! If your head gets destroyed and Bo Junyan doesn't want you anymore, let's see what you'll be left with!"

"I'll still have you!" Mu Huan looked at her with a fawning smile.

"Ha..." Li Meng sneered.

"Aiyo, my little cutie, this sneer is so good-looking!" Mu Huan reached out and lifted Li Meng's chin, looking like a spoiled brat.

The corners of Li Meng's lips twitched. "Mu Huan, stop joking with me. Don't think that because this is just a small dose, it's not a big deal. You know what I'm talking about. It's your instinct! When you saved her, you didn't even think about it. Don't you know how dangerous your quick-thinking is? If it's a bigger danger next time..."

### **Chapter 446: Stop Messing Around (3)**

Before Li Meng could finish speaking, Mu Huan stuffed a piece of candy into her mouth.

"Alright, I got it. I'm not stupid. I treasure my life more than that of anyone else! No one's life is more important than mine!"

"You have to treat me to a big meal today to make up for my worries!" Li Meng snorted.

"Let's look for Wu Xingye. He still owes us two months of a feast!"

"That makes sense. I'll call him later!"

Just as Mu Huan and Li Meng were about to return to the classroom, Mu Huan was dragged to an empty physics laboratory by Bo Junyan.

After closing the door, the tall man pushed her against the wall and even reached out to tug at her clothes.

"What are you doing?!" Mu Huan was still angry at him and did not want him to touch her.

"Are you hurt?" When Bo Junyan heard that their laboratory had exploded, he hurried over.

"No, just a few small holes in my clothes."

"Let me take a look."

Mu Huan turned her head to let him look at her sweater.

When he saw the small hole in her collar, Bo Junyan's expression darkened. "I heard that the test tube was yet to explode when you noticed. Not only did you not run, but you even used your body to protect others! You're just a little girl. Were you trying to be some kind of hero?!"

News had spread around the school very quickly. Bo Junyan, who was in the school's dean's office, immediately heard about what had just happened.

"It's your sister I saved!" Mu Huan became even angrier at his fierceness.

Bo Junyan was stunned for a moment. "No matter who it was, your own safety is the most important! Remember that from now on!"

Mu Huan, who was initially angry, looked up at him when she heard his words. "You think I shouldn't have saved her even though she's your sister?"

"Your safety is the most important," Bo Junyan said again.

“Hmph, don’t think that I won’t be angry with you just because you put it so nicely. Let me tell you, I’m angry! If you can’t do what you promised me, don’t expect me to forgive you!” Mu Huan leaned against his chest and tried to push him away.

Bo Junyan looked at her and couldn’t help but laugh. “You’re really hot-tempered.”

He knew what she was angry about.

But just as Mu Huan had thought before, no matter how smart a man was, he would never be able to see an invisible war between women. It wasn’t that he was stupid. In Bo Junyan’s case, it was just a result of their circumstances.

Bo Junyan and Ling Wei had known each other since they were born. Hence, although he did not have any romantic feelings for her now, he saw her as a part of his family. Furthermore, they had been regarded as a couple by their families since they were young. Hence, his mother had deliberately nurtured him to be a gentleman that took care of Ling Wei. Some things were already an instinctive habit. Hence, when he saw Ling Wei wearing thin clothes, her hands shivering while she’s carrying things, he would take off his clothes and put them on her out of habit.

To Bo Junyan, this sort of thing was insignificant and not worth mentioning. He felt that there was no need to fuss over it at all.

Hence, Mu Huan’s anger over this matter made him feel that she was overreacting.

And Ling Wei was making use of this habit of his.

She knew that for many years ever since they were children, Bo Junyan had taken care of her. This habit had become natural to him, and they’d always had a family-like relationship. Hence, Bo Junyan would not pay attention to such trivial matters, and he would not think that she was deliberately making Mu Huan feel upset over such trivial matters.

However, such a small matter made it clear that Mu Huan, who wanted to keep Bo Junyan, was very concerned and upset.

Even if Ling Wei wasn’t deliberately making use of these things, Mu Huan would still feel terrible if she saw them. Therefore, it was so much worse that Ling Wei was actually doing it on purpose.

#### **Chapter 447: Stop Messing Around (4)**

Despite it being such a trivial matter, this made Mu Huan even more concerned and upset. And if she wasn’t afraid that Bo Junyan would be angry, she would be even more upset than she currently did. As the number of times she felt upset increased, it would only make her more unable to take it!

And each time, if she were to get angry when she saw this, she might always argue with Bo Junyan. Because Bo Junyan liked her, he would allow her to be that way three times, four times, five times, or even more. However, he was such a busy person. No matter what, he would not allow Mu Huan to keep throwing a tantrum over such a small matter. He felt there was no need for her to worry about such trivial things.

In this way, his love for Mu Huan would be greatly reduced. The two of them had just gotten married and did not have deep feelings for each other. Once their love started to be reduced, the two of them would be over very soon.

...

When Mu Huan heard that Bo Junyan was very angry, her own anger subsided. No matter who it was before her, because of what he said just now, she'd always keep in mind that her safety was the most important.

"Alright, I'm not angry anymore. I get it now anyway. From now on, I'll just be as close to other guys as you are to other women. As long as you're not angry!" The angrier Mu Huan was, the more charming she smiled.

Bo Junyan's expression darkened. "Stop messing around!"

This little girl was getting bolder and bolder. She even dared to threaten him!

"I'm not messing around. This is called looking at things from the other person's perspective. We're husband and wife, and we live in the modern world. We're not in the ancient era where men can have one wife and four concubines. We're equal. You can't tell me to do as you say and not as you do. If you can open the door for your childhood friend and lend her your clothes, I can do the same thing with other guys in a purely platonic way!"

"There's really nothing between me and Ling Wei. Why are you so angry over such a small matter?" Bo Junyan knew that she was not just saying that and would really do it, just like how she'd put on another boy's coat when she saw him putting his on Ling Wei today.

Bo Junyan really didn't understand why she couldn't get past this hurdle. He had promised her repeatedly that this was nothing, but she was still so angry over this matter.

Bo Junyan had always said whatever he wanted to say, and he only needed to give his promise once. He had already made an exception for Mu Huan. In order to appease her, he had emphasized many times that there was absolutely nothing between him and Ling Wei. He had also kept a distance from her. He had limited the times he met her and would limit their interactions. As long as they were as far apart as possible, he felt that he had already fulfilled his promise to his wife.

"I know there's really nothing between you and Ling Wei. I can also guarantee that there won't be anything between me and other guys!"

"How is this the same?" Bo Junyan felt a headache coming on as he faced her.

"Why can't it be the same? Also, think about what happened last night. Gu Chenyi had only hugged me for a while and you were already so angry! You know that there's nothing between us, and I'll never do anything to let you down. If you already knew this yet you're still so angry, wouldn't you be even angrier if you applied your earlier logic on me?"

Bo Junyan: "..."

"If you yourself can't control your anger, why isn't it okay that I can't control my temper? It's still the same saying: if you will just be obedient and not get angry, I can also do whatever I want with another

man's husband! It's fine as long as I say there's nothing between us! So, if you don't want that kind of wife, you also have to keep your distance from other women! Especially Ling Wei! I've said it before. I don't care if she has any ulterior motives or not, I just can't bear to see such a scene!"

#### **Chapter 448: Stop Messing Around (5)**

"I know that you two were childhood sweethearts. Many things between you two have become habits. You instinctively hand her a pen and pour red wine in tacit understanding. It's normal for you to be so used to her approach that you do not guard against her. However, you have to break those habits! She's not your fiancée now, and you have a wife. Your wife doesn't like you approaching and taking care of other women, so you can't do this. You don't need any other reason!

"You think I want to be angry and upset over such things?! You're busy, and I'm busy too! I don't have time to waste, but I'm angry with you every day over such trivial matters! So, this time, I'm telling you clearly that this is my position and my request! This is just how I am!

"If you can do what I ask, I can give you all my sincerity. If you think that I'm being unreasonable for not getting over Ling Wei, then fine, I won't be angry with you anymore. As long as you don't like someone, you won't feel hurt because of them! I, Mu Huan, don't have to like you!"

People like Mu Huan really didn't like to dilly-dally. She more than anyone didn't like it that she was always getting angry and upset over such trivial matters. Whenever she saw the two of them, she'd get so angry that she'd lose control, which was so unlike her.

Today alone, she almost jumped down three stories on impulse to separate them.

She wanted to go punch Ling Wei.

She didn't want to go on like this.

She had a lot to do, and her life should not be wasted on such anger and jealousy.

He didn't want her to be so angry. He didn't want her to raise a fuss because of this matter. He really didn't want to create trouble because of this!

"Mu Huan, you're not allowed to say such things again! Don't make such a fuss!" Bo Junyan could tolerate Mu Huan being jealous and throwing a tantrum, but he couldn't allow her to say such things as not liking him so easily!

Was he someone she could give up on so easily?

His words made Mu Huan misunderstand. Her earlier unyielding and domineering attitude instantly vanished.

Lowering her head, she smiled bitterly and said, "I'm sorry, I was the one who overestimated myself. All you wanted was a docile and obedient wife. Despite not liking me, you can't bear to see me getting close to other guys, but that's only because of your overbearingness as a man. You want to save your dignity and face, not because you like me. That's why you're not really upset, and that's why you can't understand my feelings. That's why you feel that I'm being unreasonably angry."

Because Mu Huan liked him, she wanted to be with him for the rest of her life. She wanted to care and be jealous, but she forgot that what he liked was her gentle and obedient facade. He doted on the wife who listened to everything he said. Hence, she had asked him to not get close to Ling Wei and not allow her to get close. Because of that, he came to think that she was making a fuss out of nothing, that she was a lunatic who was going against Ling Wei. He felt that she was becoming more and more disobedient.

After a pause, Mu Huan looked up at Bo Junyan and said seriously, "This is the last time I get angry with you over something like this. This is the last time I'm telling you that I won't ask for anything more in the future."

From now on, when she saw a similar scene, she would no longer be angry with him. If she lost control, she would not be able to control her sadness and pain. That would make the pain worse and worse. Once a person's sadness reached a certain point, they would no longer like a person or feel sad over them.

Life was not just about love. Learning and improving oneself was the most important thing!

#### **Chapter 449: As Long as It's You (1)**

However, even though she said that, she still felt terrible...

She was so upset that she wanted to cry.

Bo Junyan looked at her, who was about to burst into tears, and he couldn't help but sigh. "If all I want is an obedient wife and not you, would I dote on you so much?"

Bo Junyan was a man, so he naturally wouldn't say things like liking someone out loud. He wanted to dote on and indulge his wife and did so. She could do whatever she wanted to, and this was his way of expressing his feelings for her. In the end, even after he'd done so much, she still thought that he didn't like her.

If he didn't like her, why would he indulge her so much?

"You dote on me for being obedient. If I'm not obedient, you won't like me anymore!" Mu Huan said, aggrieved.

"Be obedient? You?" Bo Junyan laughed.

Mu Huan looked up. What did he mean by that?

"In what way are you obedient when you're like this?"

"I..." Mu Huan wanted to say that she was no longer obedient now.

"You even dared to point at my nose and scold me, and you're claiming you were being obedient? Also, you said you wanted to be a virtuous wife and knit a sweater for me. You've been knitting that sweater for half a year. Have you made any progress?"

Mu Huan: "..."

"How long have you been cooking, watering plants, and cleaning my clothes?"

Mu Huan: "..."

"In order to sneak into the entertainment center and woo a celebrity, you disguised yourself as a service staff. Later on, you even disguised yourself as a cleaner. You call this obedient?"

Mu Huan: "..."

"You were hoping that I wouldn't go home every day so that you'd have an excuse to run out, thinking about playing with others. You've been so obedient, haven't you?"

Mu Huan: "..."

His words rendered her speechless.

"How dare you say that you're docile and obedient when you're like this? You even said that I like you only when you're being obedient."

Mu Huan: "..."

After a while...

"Didn't you say before that you wanted a docile and obedient wife? You even said that if I'm not obedient, you'll teach me a lesson!"

"Previously, my request to my wife was to be obedient and not clingy, but people change. Now, I only have one request for my wife."

Mu Huan instinctively asked, "Just one?"

"She just has to be you."

Mu Huan: "...!!!"

Crap!

It was going to explode! It was going to explode!

Was this love?! Just now, when she felt that he didn't like her and wanted to pretend to give up, she felt like she had fallen into hell! She felt like she had lost all hope and was in a depressed state!

Now, with his words, she felt like she was in heaven! Her heart was about to explode!

"You're so smart when you shouldn't be, but when you should be, you're so stupid." Sometimes, when he wanted to hide things from her, she could guess so accurately that he couldn't hide it in the end. He was obviously doting on her so much because he liked her. He wanted only her as his wife, but she couldn't see it.

"That's because you've never said that you like me... Look, I like you, and every day, I say that I like you and love you..." Mu Huan snorted.

"I'm a real man who shows his love through his actions every day."

"Just say it once in a while and make it clear. Everything's fine as long as I know!"

“Who knew that you would be so stupid when you shouldn’t be?”

Mu Huan: “...”

Why did he say so much?! He could just say that he liked her!

“I’ve never heard you say that you like me. Say it so that I can hear it,” she said shyly as she looked at him.

Bo Junyan looked at her shy and blushing face. She was like a bright and tender flower that was suddenly aroused. He lowered his head and used his actions to express his fondness for her.

### **Chapter 450: As Long as It’s You (2)**

A while later...

“Hubby, since you say that I’ve never been obedient, then what do you like about me?” She had always thought that he liked her good and obedient self, but she didn’t expect that that wasn’t the case!

“Everything.”

Mu Huan was so happy that she wanted to give him a kiss!

Then she heard it again.

“Especially since you’re such a delicate and small girl. You’re so tender and adorable that people want to protect and dote on you. So, don’t think about protecting others in the future. You’re the one who should be protected, understand?”

Bo Junyan did not want her to do what she did today, protecting others with her body.

Mu Huan: “...!!!”

She was delicate and small, tender and adorable, and he wanted to protect her?

Would he believe that she could kill a cow with one punch?!

“Hubby, actually, I...” Mu Huan wanted to say that she was actually good at fighting and did not need anyone to protect her.

“From now on, when you see danger, avoid it and don’t charge forward. You’re so small and delicate. What if you get hurt? What would we do?” Bo Junyan instructed again.

Mu Huan: “Hubby, I...”

“I really don’t like seeing you get hurt. It’s just like how you didn’t need to do these dangerous things when you learned boxing last time. I’ll protect you from now on.” Bo Junyan had originally intended to teach her some self-defense skills, but seeing how delicate she was, he couldn’t bear to see her suffer. Anyway, with him protecting her, she didn’t need to learn those things. Hence, he didn’t mention that matter afterward.

Mu Huan: “...”

Because of the innate nature that she unconsciously revealed, he had long known that she was not docile and obedient. Hence, what he liked was not her gentle and obedient facade, but her soft and delicate image.

This...

She felt so stifled!

“Hubby...” She couldn’t help but want to say that she wasn’t as delicate as she looked. She...

“Also, I really don’t like you saying that you don’t like me. If you want me to change my habit of caring for Ling Wei, I can change it. If you think that those small matters are important, I’ll take them seriously. In the future, even if Ling Wei falls in front of me and gets frozen, I won’t reach out to her! But you mustn’t say that you don’t like me anymore! This time, I’ll let you off. If there’s a next time, I’ll be very angry!

“Do you understand?”

“Okay.” Mu Huan nodded heavily.

“Be good.” Bo Junyan lowered his head and kissed her again.

In the face of his gentleness and indulgence...

Mu Huan suddenly felt a little scared. She was afraid that if he found out that she was actually a tough woman, he would not like her. After all, most men like him liked girls who needed protection.

He could accept that she wasn’t obedient, but she just had to stop fighting in the future.

Under these circumstances, was there no need for her to let Ling Wei know the truth that she wasn’t weak at all?

Perhaps she needed to wait until their relationship had stabilized a little, then wait longer until she had dealt with Ling Wei, that powerful love rival of hers.

After giving it some thought, Mu Huan decided that she’d better wait and see.

Bo Junyan had thought of another important point. “Also, from now on, you are not allowed to get close to other boys just because you’re angry with me. You’re not allowed to accept their kind intentions.”

“Definitely not!” He was already willing to change that habit of his and pay attention to trivial matters that he didn’t care about. Why would she still do that?!

“Be good...” Bo Junyan kissed her again. No matter how many times he kissed her, he couldn’t get enough. He always wanted to kiss her again.

Mu Huan: “...”

He still kept on telling her to be good. Was it just a mantra or something?
