

## **Fake Marriage 451**

### **Chapter 451: There's Only One Wife (1)**

Bo Junyan was supposed to attend the next class, but he and Mu Huan did not return to the classroom. Instead, they conducted a different one.

It was only in the afternoon that Mu Huan and Bo Junyan arrived at their classroom one after another.

The moment Mu Huan sat down, Li Meng leaned over and asked, "Why didn't you come back for class this morning?"

Mu Huan: "..."

"When I came back, I heard that since the physics laboratory was in shambles, all the morning classes with physical experiments were suspended."

Mu Huan: "..."

"I also heard that the physics lab door was locked and the curtains had been drawn. I don't know what kind of maintenance they're doing."

Mu Huan: "..."

"Aren't you guys being too lovey-dovey?"

Mu Huan: "..."

"Judging by how pleased you look, you must have made up with Bo Junyan..." Li Meng looked at Mu Huan with a knowing gaze and nudged her.

"You're thinking too much." This child's mind was too impure! Initially, her words seemed innocuous enough, but then she seemed to have been hinting at something!

"Yes, and I don't want to. I can't! I can't!" Li Meng said with a serious expression.

Mu Huan: "..."

Just as Li Meng was about to say something else...

"Student Li Meng, listen to the lecture properly," Bo Junyan said, singling out Li Meng from the podium.

Li Meng immediately sat up straight. "Even God Bo is covering it up. Aiyo..."

"Listen to the lesson properly..."

When Mu Huan looked toward the lectern, intending to pay close attention to the class, she met Bo Junyan's gaze. But then, her face suddenly turned red. She couldn't control it.

Bo Junyan looked at her suddenly blushing face and smiled.

That smile drove all the girls in the class crazy!

*Heavens! Heavens!*

*Our heart is about to stop beating!*

*If we had a heart attack, we would definitely be sent to the hospital!*

Long Feiting: "..."

He was becoming more and more unnoticed.

Bo Junyan was obviously an old man who was so much older than them, so why was he more popular than the campus beau who was just in his prime?!

And when he saw Mu Huan's reddened face, he became even more upset.

*Can't you just go home if you wanted to do that? Why are you here to show off?!*

*Don't you know that love dies fast?!*

*Hmph!*

Also, was Mu Huan brainless?! She had witnessed Bo Junyan putting his coat on Ling Wei in the morning and taking care of another woman. She was so angry that she was about to jump off the building. Now, she was so mesmerized by him that her face turned red like she was a love-struck fool!

After class, due to his busy schedule, Bo Junyan did not ask Mu Huan to go to his office like before.

Just as he was about to leave the office...

Ling Wei walked toward him elegantly. "Junyan, let's go together. I happen to have to visit Mr. Mis too."

Bo Junyan wanted to say yes, but he suddenly thought of something. "I have other matters to attend to. I'll visit Mr. Mis later. You go first."

"It's alright, I'll wait for you," Ling Wei said.

"Actually, it's about Mu Huan. She'll be furious if she saw us leaving together after I've put on a coat for you this morning. She'll be angry again. From now on, no matter what happens, we won't be traveling together," Bo Junyan said frankly.

Ling Wei: "..."

After a pause...

She frowned. "Didn't you tell her clearly about our relationship? Didn't you say that I already have a boyfriend?"

"Yes."

"She's still like this even though I've said that?" Ling Wei's frown deepened.

"She's still young and has a small mind. She's just jealous," Bo Junyan said with a smile.

"Then why are you letting her do this?"

"What does it matter if I wanted to indulge her? I have only one wife." Bo Junyan's tone was filled with helplessness and indulgence.

## Chapter 452: There's Only One Wife (2)

Ling Wei: "..."

"Bo Junyan, can you not change so much? You'll make me feel mistreated and indignant!" Ling Wei grumbled.

Bo Junyan raised an eyebrow at her.

It was as if she was saying that she was upset.

"You weren't like this when you were with me! You looked the same every day. When we dated, you would always eat Western food and drink red wine, and then you'd send me home! Right now, I look at your expression and feel compelled to tell you exactly what you look like! Look at how unreasonable she is being! Why are you letting her behavior slide?!"

"You'll make me feel that I wasn't good enough. I can't even be compared to her. This will make me very embarrassed!" Ling Wei truly felt this way.

"We've been together for so many years. What's there to be embarrassed about? Don't be too contentious and competitive." Bo Junyan had grown up with Ling Wei and knew that she was someone who had to be the best at everything since she was young. She could never allow herself to be worse than others.

He thought that she was simply striving to win now.

"I was born with this personality. I can't change it!" Ling Wei said arrogantly.

"If you can't change it, you'll have to suffer on your own," Bo Junyan said as he walked out.

"Bo Junyan, don't go overboard." Ling Wei followed him.

"Stay away from me. Don't follow me," he told her.

"What's wrong with my being close to you?!" Ling Wei said as she went up to hug his arm. She even leaned her head on it intimately.

"Ling Wei!" Bo Junyan's tone instantly became dangerous.

"Why? You want to hit me? Here, hit me!" Ling Wei's face was full of anger.

Bo Junyan frowned. Just as he was about to pull away his arm with all his might...

Ling Wei let go of him and snorted arrogantly. "If you don't want to give me face from now on, I won't give you face either. I'll deliberately anger you! You know, Grampy is just waiting for me to seek out his help!"

"Aren't you afraid that your boyfriend will be unhappy?" Bo Junyan frowned. What kind of character did she have?!

"My boyfriend dotes on me. As long as he knows that I love him the most, he can let me do whatever I want!" Ling Wei was trying to tell Bo Junyan that if a person truly loved someone, he would respect her and give her all her freedom. She believed that he would never interfere with anything else.

Unlike Mu Huan, who had left with her friends. She couldn't even put on a coat when it was raining.

Ling Wei thought that this would make Bo Junyan feel something.

Unexpectedly...

"I think you should go back immediately after you're done with this research project. Men are not magnanimous. If you liked someone that much, don't waste the effort you spent to get them." Bo Junyan was a man. He liked his wife and would never allow her to get close to other boys.

He felt that men should have such possessiveness over their women. If they didn't, then their relationship would be precarious.

Ling Wei: "..."

Bo Junyan did not say anything else and strode off.

Ling Wei looked at his departing back and did not know how to describe her current feelings.

Ever since she was young, she had never encountered such a situation. This was the first time she felt helpless.

However, this made her even more motivated!

Ling Wei was really a competitive and aggressive woman. The stronger the opponent, the more fighting spirit she had, and the more she wanted to win!

Furthermore, she was increasingly feeling satisfied with how Bo Junyan was now.

Although the change was not caused by her, she liked it very much.

### **Chapter 453: There's Only One Wife (3)**

If Bo Junyan were still as cold and unfeeling as he was in the past, all she would be able to accomplish after her return was to settle down. She would be able to lead a peaceful life with her husband and children. This prospect made her feel less hopeful about her future.

But now, Bo Junyan had changed so much!

He was in the middle of a discussion at the dean's office that morning. When he heard someone report that there'd been a small explosion in the laboratory, he left in a hurry despite the fact that no one was hurt.

After that, he dragged Mu Huan to the physics laboratory and did not come out. He even got someone to stop all lab activities.

Whether the two of them were fighting inside or doing something else...

This was something that Bo Junyan would never have done in the past. He had been especially serious and straight-laced since he was young. He had no urges, and his beliefs were a little old-fashioned.

But now, he could actually do such a thing.

He had really made her, who used to know him the best, almost unable to recognize him.

She really wanted to have him like this.

She suddenly thought of something and smiled.

Then, she left elegantly.

Neither Bo Junyan nor Ling Wei noticed that the scene of Ling Wei hugging Bo Junyan's arm and leaning her head against him had been captured by someone.

After the two of them left the school, the pharmaceutical faculty exploded!

"I told you that Professor Ling and Professor Bo are husband and wife! If you don't believe me, look! What did I capture?!" A girl ran in from outside in a hurry.

Mu Huan, who was packing her bag and about to leave, stopped when she heard this.

Not only her, but all the students also stopped what they were doing.

Then, they all turned to look at the girl who had run in.

This was the first time that the girl was being stared at by people in the class, and she instantly felt like she had reached the peak of her life.

"What did you capture?" some girls asked impatiently.

"Do you want to see it?"

"Of course I want to watch!"

"If you want to see it, I can let you see it. But all of you must keep this photo a secret. Professor Bo forbade us to take pictures and video recordings!"

"Don't worry, we'll keep it a secret!" the students said in unison.

"Then I'll put the photo on the big screen and let everyone admire it. I'll delete it after I'm done!" As the girl spoke, she walked to the podium to project the photo.

Li Meng looked at Mu Huan and said, "She must have captured something that made her so excited! Whatever you see, don't be agitated!"

"My husband just promised me that he'll definitely keep a distance from Ling Wei. The most she can take are photos of the two of them walking together. Why would I be agitated?" Mu Huan said coldly.

After confirming that Bo Junyan liked her, Mu Huan was no longer as worried as before.

As long as her husband liked her and only had her in his heart, it would be useless no matter what Ling Wei did.

As soon as Mu Huan finished speaking, the girl cast the photo.

On the big screen, Ling Wei was shown hugging Bo Junyan's arm and leaning her head against him. Her face was filled with the arrogance of a young woman.

Although Bo Junyan's expression looked a little ugly, he did not shake off Ling Wei in that second!

This made his dark expression look like he was very angry, but he couldn't do anything about it!

As the photo was huge, the effect was especially good and stimulating.

The cool and indifferent Mu Huan became so agitated that she suddenly stood up!

"I didn't expect them to be husband and wife!"

"Oh my god! This feels so good! Professor Bo's expression is so doting!"

#### **Chapter 454: Slapping Face with the Truth (1)**

"I didn't think that a goddess as elegant as Professor Ling would have such an arrogant expression on her face! This could only be true love!" a boy exclaimed.

Ling Wei was very popular in school and was considered a goddess in the hearts of all the boys.

"Sigh, my idol is with my goddess now. I should be feeling upset because of the heartbreak, but why do I not feel upset at all? Why do I feel that this is as it should be instead? If there's anyone in this world who can be a match to my idol, Professor Bo, it's only someone as perfect as Professor Ling!" a girl exclaimed.

The boy sitting next to her exclaimed, "If there's anyone in this world who can be a match to my perfect goddess, Professor Ling, it could only be Professor Bo!"

"When the two of them are together, people don't feel like they've been robbed of their spouses at all. Rather, they feel that such a pair should be together. Deities are not something that ordinary people like us can dream of!"

"That's right! The outstanding ones are always with the outstanding ones, so we can only be bystanders!"

Li Meng stood up and said, "F\*ck! Why are all of you still here in the pharmaceutical faculty? I feel that all of you should be transferred to the literary faculty. Just by looking at a photo, your brains can already make up a story that they are a couple. You can write a best-selling novel just by casually writing your imaginings! That would be much better than not being able to find a job after graduating from the pharmaceutical faculty!"

"Li Meng, don't get too worked up, alright? We know that you like Professor Bo and can't stand the fact that he has a wife. But you don't even deserve to think about him!"

"It's only you guys who are thinking about Professor Bo!" Li Meng said angrily.

"Well, since you don't want Professor Bo, why do you care what we say?! It's our business whether we want to imagine things or not. What do you care about what we think and what we say?"

"Did it not cross your mind that you'd hurt Professor Bo's real wife by saying this stuff?" Li Meng felt that they were all morons and lunatics for randomly matching couples!

"How do you know that Professor Ling isn't Professor Bo's real wife? Don't tell us that Professor Bo's wife is your good friend! If Professor Bo's wife was your good friend, why haven't we seen him take special care of her before?"

“Also, if it wasn’t because she’s his wife, would our iron man, Professor Bo, allow another woman to hold his arm so openly and be intimate with him?”

“That’s right, that’s right! If she weren’t his wife, why would Professor Bo allow that?! You know how Professor Bo does not want other girls to get close to him!”

“There must have been a misunderstanding!” Li Meng couldn’t explain and could only say that it was a misunderstanding.

Actually, she really wanted to know why Bo Junyan would let Ling Wei hug his arm so intimately. Didn’t he just promise Xiao Huan that he would definitely keep a distance from Ling Wei? Xiao Huan was so sure just now, but in the next second, she was slapped in the face. She was so agitated that she was speechless!

“Misunderstanding? What kind of misunderstanding is this? Huh, what kind of misunderstanding?! It’s so obvious! What misunderstanding can there be?”

“Li Meng, you keep saying that Professor Ling isn’t Professor Bo’s wife. You just can’t seem to accept it. You’re also saying that you don’t like Professor Bo and don’t want him. Is it because your good friend is Professor Bo’s wife that you’re like this?”

As soon as this was said, everyone turned to look at Mu Huan. Today, they’d seen Mu Huan confronting Bo Junyan in the laboratory.

#### **Chapter 455: Slapping Face with the Truth (2)**

At that time, Mu Huan’s sulking aura was too obvious, and Li Meng had been saying all along that her good friend was Bo Junyan’s wife.

Could it be that Mu Huan was really involved in Professor Bo’s marriage?

“You want his real wife? You’re looking at her! My friend is a legal wife who has registered her marriage!” Li Meng said.

“Since you’re saying that they’re a legally married couple who’d received their marriage certificate, then bring those over and have us take a look!”

“Why should I show you their marriage certificate? Why do I need to prove my friend’s marriage to you? Who do you think you are?!” Li Meng said.

“Tsk, you should just be honest already. You don’t have proof but you’re grandly making declarations. Do you think we’re all stupid?”

“That’s right! Just help us tell your good friend that she should open her eyes and see how compatible Professor Bo and Professor Ling are! How can someone like her be fit to be with Professor Bo?!” Although Mu Huan was also good-looking, she was still not as good-looking as his goddess Ling!

“That’s right! This person needs to have some self-awareness. Don’t think that just because you’re not ugly, you can snatch our male idol away from our goddess!”

“You’ll be struck by lightning if you interfere with such a beautiful love!”

“F\*ck, you guys...” Just as Li Meng was about to say something more, Mu Huan pulled her down.

“Xiao Huan...” Li Meng looked at Mu Huan with an expression that said “why are you stopping me?”

“You don’t have to try so hard to convince them. They won’t believe anything you say. We can just use facts to beat them up!” Mu Huan had never liked to argue with others. It was meaningless.

“What’s the matter? Do you want to put your marriage certificate on the table?” Li Meng was shocked.

“There’s no need to display the marriage certificate,” Mu Huan said as she pressed the stop button on her phone and took a photo of the big screen.

She picked up her bag and looked at Li Meng. “Let’s go shopping!”

Li Meng: “...!!!”

At this juncture, she was still in the mood to shop!

However, she also felt that Mu Huan must have her reasons for wanting to do so. Hence, she hurriedly followed after her.

After the two of them had walked out of the door, Long Feiting caught up with them.

“Are you stupid?!” Long Feiting looked at Mu Huan.

Mu Huan rolled her eyes at him.

“Bo Junyan really isn’t a good person. He was flirting with you in class then flirted with his ex-fiancee right after class. He’s such a sl\*t!” Long Feiting added.

*Hmph! Go on and show off your love in class! I’m telling you that love dies quickly!*

“You’re not a good person!” Mu Huan shot him a cold glare.

“Mu Huan, do you have a screw loose in your head?! I helped you insult the scum, but you actually insulted me in return!” For the first time, Long Feiting was finding Mu Huan stupid.

“You’re the one with a screw loose! My husband isn’t a scumbag!” If others were to say that Mu Huan was disobedient, she could just pretend that she didn’t hear them and couldn’t be bothered with them. But she couldn’t let it be said that her husband was disobedient!

“If he’s not a scumbag, how could such a photo have been taken? He had just ended class but was already glued to Ling Wei. He even made her act so intimate with him. If he isn’t a scumbag, what is he?”

“My husband isn’t a scumbag! Cut the crap and stop following me!” Mu Huan said fiercely.

“Fine. It’s up to you if you want to be this stupid!” Long Feiting turned around and left angrily.

“Why do I feel that this Long Feiting is quite concerned about you?” Li Meng asked as she looked at Long Feiting’s angry back.

“Ha...” Mu Huan snorted.

After they got into the car after leaving the school gate, Mu Huan sent the photo she had taken earlier to Bo Junyan via WeChat.

Then, she sent a message.

### **Chapter 456: Slapping Face with the Truth (3)**

“I’m not angry. I just want you to take a look at this photo. I’m going shopping with Xiao Meng right now and will go home after dinner. Don’t miss me too much!”

Li Meng looked at the message Mu Huan had sent and frowned. “Xiao Huan, do you need to be so submissive? If you can’t be angry after you’ve seen such a photo, you can at least ask Bo Junyan for an explanation!”

She was so agitated that she stood up and could not continue to speak!

“I’m really not angry. Just now, I suddenly realized that I was being too emotional and it affected my rationality, causing me to make a strategic mistake. If it weren’t for the fact that my husband really likes me and that I’ve been so angry over such a small matter, I’m afraid he would have annoyed me to death!” Mu Huan said as she used the browser to search for information.

When Mu Huan saw the photos of Bo Junyan and Ling Wei earlier, she was naturally agitated. However, she had been married to Bo Junyan for half a year now — she knew how to read his expressions best. Earlier on, Bo Junyan’s expression was one of extreme anger. She was sure that the next moment, Bo Junyan would have definitely shaken off Ling Wei.

Her husband was already in such a state, so why should she be angry with him over such a matter?

“Didn’t you just say that Bo Junyan promised you that he’d keep a distance from Ling Wei? Yet he did this...” After saying that, Li Meng regretted it again. However, she was also afraid that Bo Junyan was two-timing and that Mu Huan would get hurt.

“Bo Junyan and Ling Wei have known each other since they were born. The familiarity between them is like that between family. Bo Junyan was instinctively unguarded against Ling Wei, just like how I am with you. If it were someone else who suddenly hugged me, I would definitely have dodged before they could get close. But if you suddenly hugged me, I would allow it. I wouldn’t feel wary of you.

“Because of this instinct, Ling Wei was able to suddenly hug Bo Junyan. But from my husband’s expression, he would have definitely shaken Ling Wei off immediately. In that case, there’s really no need for me to be angry, jealous, and upset. It’s a waste of time.” If you get angry just because the enemy provoked you, you’ll accomplish nothing except let the enemy get what he wants.

“Then why did you send that photo to Bo Junyan?”

“Because of what I’m going to do next,” Mu Huan said as she saved the information she found.

Li Meng looked at the files she had saved and asked curiously, “Xiao Huan, why are you collecting these files?”

Mu Huan smiled and said, “To show them to my husband.”

Li Meng was about to say something but got interrupted.

“Oh, right. I remember that there was a private designer on a mission we took on previously. Her designs are quite stunning.”

“Yes, there was one.”

“Her studio is over there. Let’s go to her place first, then head to the mall.”

“It’s on the Road of Peace.”

Mu Huan looked up at the driver in the front seat and said, “Sir, let’s go to the Road of Peace first.”

“Alright.”

At this time, at the hospital.

After he was done with his work, Bo Junyan took out his cell phone to call Mu Huan, seeing as she had not returned home yet. He then saw the WeChat message Mu Huan had sent him. When he saw that the photo of Ling Wei hugging him had been taken by someone, he frowned.

“What’s the matter?” Ling Wei, who came out later, saw his frown and thought that he had encountered a difficult problem. She then looked at his phone.

Then, she saw the photo.

“Who took this? It’s not bad.” She smiled.

Bo Junyan swept a cold glance at her. “Stay a meter away from me from now on. If you do this again, don’t blame me for not giving you face!”

#### **Chapter 457: Slapping Face with the Truth (4)**

Even if his little one was angry, to him, it would be fine. It would be fine as long as he could coax her out of her anger. But the moment she stopped being angry, he became a little uncertain. She’d even said that she wasn’t going home for dinner.

“Ha...” Ling Wei sneered and left.

Bo Junyan called Mu Huan. “Where are you?”

“I’m shopping.”

“I’ll pick you up.”

“I’ve only just started shopping, I’m not going back yet! Get back to your work, I’ll be home after I’m done.”

“It’s fine, I’ll accompany you to shop.” Bo Junyan felt that it was abnormal for her not to be angry. After all, she’d been so angry just because he had put his coat on Ling Wei that morning. Now that his arm had been hugged, why wasn’t she angry at all?!

“You don’t have to, Hubby. I’m not angry. You don’t have to accompany me because of that photo. I want to buy girl stuff with Xiao Meng. It’s not convenient for you to come over to accompany me. How about I just don’t eat outside and go back to accompany you after shopping?”

Bo Junyan: “...”

“If you don’t say anything, I’ll take it that you’ve agreed! It’s settled, then. Bye-bye, Hubby!” With that, Mu Huan hung up.

Bo Junyan looked at his phone, speechless.

She was becoming more and more daring. She even dared to hang up on him.

Bo Junyan looked at the photo on his phone and frowned. His expression became increasingly ugly. After a while, he made a call.

“Grandpa.”

“Why did you suddenly think of me?”

“Please stop your boring actions, Grandfather. I have a wife now and Ling Wei has a boyfriend. There’s no point in your doing this.”

“Am I not allowed to do something meaningless? Since the two of you don’t want me to be at peace, why can’t I interfere with the two of you? Who can stop me?” the old man said stubbornly.

“Huh? Do you want to hit this old man or cut ties with me?”

Bo Junyan: “...”

In the end...

“I still have something to do.” With that, he hung up.

Bo Junyan felt that no matter how difficult a work matter was, it would not be as troublesome as his grandfather.

The most helpless thing in this world was family.

His wife refused his accompany while she was shopping. Bo Junyan, who had initially wanted to go home, did not go back and went back to work.

Until Mu Huan called.

“Hubby, I’m going home. Where are you?”

“I’m at the office. I’ll be back right away.”

“Alright.” With that, she hung up the phone.

Bo Junyan: “...”

He had spoiled her so much that she hung up on him twice!

By the time Bo Junyan reached home, Mu Huan was already waiting in the living room. When she saw that he had changed his clothes, she immediately stood up to welcome him with a smile and held his arm.

“Hubby, in order to eat with you, I didn’t eat anything even though I was so hungry. Am I obedient?!”

Bo Junyan looked at her silently.

This was abnormal.

This was very abnormal!

She was so angry this morning, but now she wasn’t angry at all!

“I’m starving. Let’s go eat first!”

“Yes.”

At the dining room...

Mu Huan was really hungry. Hence, after she sat down, she started to eat and did not bother to speak to Bo Junyan.

Bo Junyan’s expression darkened further when he saw how much she wanted to eat.

Mu Huan had finished half a meal before she bothered to look at Bo Junyan. “Hubby, why aren’t you eating? Did you already have dinner outside?”

“No.”

“So you’re not hungry?”

“Be normal.” Her behavior made him lose his appetite.

Mu Huan was stunned. “How am I being not normal?”

“You were so angry even when I only lent a coat this morning. Now that you’ve seen such a photo, why aren’t you angry?” Bo Junyan suddenly recalled what she had said in the laboratory. She’d said that this was the last time she was going to be angry over such a matter. That tone of hers had seemed to imply that she would give up on him if something like that happened again.

Instantly, his eyes turned even darker.

#### **Chapter 458: Slapping Face with the Truth (5)**

“I was angry over such a small matter previously because I didn’t know whether you liked me or not, Hubby. Now I know that you only have me in your heart. Why would I be angry over such a thing?! I’m not such a petty person!”

Bo Junyan: “...”

Who even said that she was a narrow-minded girl?

“Hubby, I’m really not angry. You can eat with peace of mind! How about I feed you?”

Bo Junyan raised an eyebrow and did not speak.

“Hubby, if you don’t speak, I’ll take it that you’ve agreed. Come... have a bite. You’ll be in a better mood once you’re full...” Mu Huan picked up a piece of meat and fed it to him.

Bo Junyan opened his mouth and ate.

After that, as long as she didn’t feed him any food, he wouldn’t eat.

Mu Huan: “...”

*This man... sometimes acts like a three-year-old!*

After having their fill...

“Hubby, are you busy later?”

“No.”

“Then I have something for you to look at.”

“Alright.”

Mu Huan: “...”

Sometimes, he would respond to her so simply that it made her suspect that he didn’t want to talk to her.

“Hubby, before I show it you, I want to ask you a question.”

“Ask.”

“Say, do you think humans are truly social creatures? Can people not be completely isolated from everyone and live their own lives? I think no matter how strong one’s heart is, one will still be affected by others’ opinions. Do you think public opinion can kill a person?”

Bo Junyan looked at her silently.

“Hubby, why aren’t you saying anything?”

“Is that a question?”

Mu Huan’s lips twitched. “It’s a big problem.”

“Just tell me what you want to say.”

Mu Huan: “...”

Alright...

“Hubby, take a look at these files first...” Mu Huan showed Bo Junyan the information she had researched in the car today.

Bo Junyan swept a quick glance at the files she had given him. They were all about depression caused by public opinion. In the end, the people discussed ended up either dead or crippled.

“You want to write a paper about depression?”

“No.”

*Why is she giving me all this?*

“I wanted you to see how much pressure public opinion could bring to someone. Such pressure could cause a cheerful person to become depressed, and depression is such a terrifying phenomenon.”

“Get to the point.”

“Alright, here’s the point.” As Mu Huan spoke, she took out her phone and played the video. In class today, those people were saying how he and Ling Wei were compatible, and they were also hinting that Mu Huan was not good enough for Bo Junyan. These words made Bo Junyan’s face turn dark.

“Do you remember who said that?” How dare he say that about his wife? Did he want to die?

“That’s not important. Even if you kill a few of them, there will be others in the future. You can’t destroy them just because of this.”

“I’ll clarify the matter in class tomorrow and announce our relationship.”

“It’s necessary for you to clarify that you have nothing to do with Ling Wei, but you don’t have to announce to the public that we’re husband and wife. If the matter of us being husband and wife gets exposed, not only will people say that I relied on you to have such a theme experiment, but people will also compare me to Ling Wei. They’ll then talk behind my back every day about how I’m inferior to her. Initially, I wouldn’t mind, but after a while, I might end up with depression like those people in those cases.”

“What do you want to do? Just say it.” There was no need to think of a way to get into depression.

“I want to dress up as I wish! Also, I want to have the right to act on my own in school!”

Bo Junyan: “...”

### **Chapter 459: Slapping Face with the Truth (6)**

“Hubby, remember what you heard from these people just now?”

“They all just want to die, and we just need to clarify the truth.” It was indeed inconvenient for him to announce that the two of them were husband and wife. This would affect her studies, but as long as he told others that Ling Wei wasn’t his wife, that would do.

Mu Huan pouted and said, “I think the point is that everyone thinks that Ling Wei is perfect and especially beautiful, while I’m nothing compared to her.”

“Hubby, tell me the truth. Don’t you think that Ling Wei is dressed beautifully every day while I always look like an old hat?”

“You’re prettier than she is.” He didn’t think Ling Wei was attractive at all.

Mu Huan: “...!!!”

She loved that!

However...

She stood up and sat on Bo Junyan's lap. She wrapped her arms around his neck and said delicately, "Hubby feels this way because he likes me, but others don't."

"You don't have to bother about what others think." She just had to think about him.

"You heard what those classmates said earlier. How can I not care? I, Mu Huan, have never lost to anyone since I was young. Now, I'm being degraded like mud on the ground every day. This is a serious blow to my ego. If I end up depressed, then you won't have such a lively and adorable wife!"

Bo Junyan: "..."

"Hubby, I want to be the campus goddess! If anyone saw me standing next to you, I want them to say, 'Wow! The two of them are so compatible! They're simply a match made in heaven! Only someone like Mu Huan is worthy of Professor Bo!' I don't want others to think that I'm a third party or that I'm an ordinary person who wants to get into trouble with you. If I don't do this, people will say, 'F\*ck! Is Professor Bo blind? Why would he like Mu Huan?!'

"The only person who looks compatible with you is me! It can't be anyone else!" In the past, Mu Huan didn't care about looks, but now, she really cared. She just couldn't bear to hear others say how Bo Junyan and Ling Wei were compatible!

Speaking of her, the bottom line was that if Mu Huan wasn't good enough for Bo Junyan, then she didn't want to see the person who was!

Bo Junyan: "..."

"Hubby, if you don't let me be outstanding and beautiful, I'll really become depressed..." Mu Huan was on the verge of tears as she spoke.

Bo Junyan: "..."

"Why do you have to compete with Ling Wei?"

"It's not that I want to compete with her, it's just that people are comparing us. Besides, Hubby, you're so smart. Don't you think that there's someone behind this? Otherwise, why would someone take such a photo of you today and capture such a great scene? How dare they even put it on the big screen while we're in the classroom?"

Her husband had already made it clear that whoever dared to take pictures and video recordings would fail the subject. If no one was behind that girl's back, how would she have dared to take such a photo?!

Also, why was she there at that moment?

Someone must have been paying attention to Ling Wei and her husband!

"And those students, if it's not because someone's guiding them, why would they be so unanimous in their views?"

Bo Junyan: "..."

"This kind of public opinion is meant to make people keep talking about how compatible you are with Ling Wei and then make me feel inferior and uncomfortable. It's like being compared with a magnifying glass. Then, people will say how Ling Wei's existence is torture to me. Do you think I can take it?"

Bo Junyan kept silent.

"If I have to stand beside Ling Wei, I don't want anyone to say that one of us is the clouds in the sky and the other is the mud on the ground. I want to be the most outstanding one!"

### **Chapter 460: A Surprise (1)**

"In terms of family background, you know where I stand. There's no way I can compare. In terms of academic qualifications, I'm still young, so there's also no way I can compare. Hence, I can only compete with my youthful looks! But you only let me wear this every day. All of them are loose sportswear, and I'm not allowed to put on makeup." Mu Huan pouted.

"In terms of youthful looks?" Bo Junyan looked at her.

"What's the matter? Can't I be compared to her in terms of looks? Didn't you just say that I'm the most beautiful or were you just trying to pacify me?!" Mu Huan immediately said fiercely.

Bo Junyan: "..."

As soon as the wild cat refused to be placated, it extended its sharp claws.

"It's not like I'm asking for too much. I just want to dress up for a week. Even if you don't want to agree, you still have to do so. So, Hubby, it's best if you just agree. This way, I'll be happy and you'll be happy. The alternative is we'll both be unhappy, but the outcome will still be the same!"

Bo Junyan: "..."

Instead of continuing to pretend to be obedient, she became unreasonable.

"If you don't speak, I'll take it that you've agreed! Thank you, Hubby!" With that, she kissed him and was about to leave.

However, her waist was tightly locked by Bo Junyan's big hand.

"No revealing clothes."

"The weather is so cold, why would I be wearing revealing clothes? I'm not stupid!" Against Ling Wei, using revealing clothes to attract attention would only make her appear cheap and tacky. There was no need to compete with her that way.

Bo Junyan did not say another word. As long as she did not wear revealing clothes, he would let her be.

Just as Mu Huan was about to head upstairs...

Huo Yuqi's mother called.

“Xiao Huan, I heard from Yuqi what happened in the laboratory. Thank you so much for today.” Although Meng Yueying liked Ling Wei more, the actual reason she did not like Mu Huan was that her son and daughter had suffered in Mu Huan’s hands one after another.

However, Meng Yueying was a reasonable person. She wouldn’t think nothing of what Mu Huan had done considering everything that happened.

She knew that if Mu Huan had not protected her daughter, her daughter would have been disfigured. Hence, she immediately called to thank Mu Huan.

“You’re welcome, Auntie. We’re all family,” Mu Huan said with a smile.

“I’ve prepared a gift for you. I hope you’ll like it.”

“You’re being too polite, Auntie...” Mu Huan, who had decided to get along well with Bo Junyan’s family, was now becoming increasingly good at conversing with them.

After chatting with Mu Huan for a while, Meng Yueying finally ended the call. She sighed and said, “I now see Junyan’s wife in a good light.”

Huo Zhendong, who was sitting next to her, said, “Your children have been antagonizing her, yet she still saved your daughter. She’s really a good person. From now on, you don’t have to help Ling Wei. Let’s not get involved in the love between young people. Junyan can be with whoever he likes.

“Besides, it’s not like you don’t understand that nephew of yours. He has always been independent since he was young. Who he wants to be with is not something you can change.”

“Look at what you’re saying. It’s as if I’m a bad person who’s destined to do bad things. I’m just a little closer to Ling Wei, so I’ve helped her a little. From now on, I’ll just ignore this matter,” Meng Yueying said with a humph.

“My wife isn’t a bad person. My wife is the most beautiful and kindest person in the world,” Huo Zhendong said quickly, coaxing her after seeing how angry she was.

At this point in time, at the Bo residence...

Mu Huan had just hung up the video call with Huo Yuqi’s mother when Huo Yuqi came over with a gift.

“This is a thank-you gift my mom prepared for you personally. Now that you’ve received this gift, we’re even!” Huo Yuqi handed the item in her hand to Mu Huan.
