

Fake Marriage 471

Chapter 471: A Special Plan (4)

“There’s no need for you to compete with Ling Wei.” Bo Junyan laughed.

His little wife had never cared about these things in the past. Back when he brought her to attend a banquet, she had dressed up casually. But now, once she’d heard mention of Ling Wei, she just had to compete with her.

“Yes, there’s no need to compete, but I just want to dress up beautifully. Can’t I?” Mu Huan knew that since Bo Junyan was such a smart person and was so sure that Ling Wei had no ulterior motives toward him, he must be very sure that Ling Wei had a boyfriend. That boyfriend was real!

But even her real boyfriend could be broken up with too!

Was it impossible for her to come back to find him after he’d already broken up with her, remembering how good he was?

Seriously! No matter how smart a person was, they would always have blind spots!

Bo Junyan: “...”

The little lass was becoming more and more willful now that he was at his wit’s end.

However, if his wife wanted him to think of a way, he would think of a way.

Hence, that night, Bo Junyan got Bo Huaiyun to arrange for all the trips and activities for this family gathering to be like a hiking trip and “counter strike” game in the wild. He even informed them that they must wear exercise equipment. This way, his wife wouldn’t have to dress so well.

When Mu Huan heard that the event was going to be more of hiking and the like, she, who had a good personality, became interested in this gathering.

On Friday, after school, Bo Junyan picked her up to go to Bo Huaiyun’s resort in the suburbs.

After that, Mu Huan saw that Long Feiting and Mu Kexin were there as well.

Ever since the incident with Bo Junyan and Ling Wei, Long Feiting and Mu Huan had not spoken a word. Now that he saw Mu Huan, he snorted and left.

Mu Kexin had learned of Ling Wei’s existence from Lin Qingya and knew that Mu Huan had a formidable love rival. She took a gloating glance at Mu Huan before leaving with Long Feiting.

“Why are they here?” Mu Huan asked curiously.

“Cousin has a good relationship with the Long family, so he’s here to entertain Long Feiting and Gong Zeye. They’ll be arriving later.”

“Are we going to play a real-life counter strike game together?” Mu Huan’s eyes lit up.

With so many people here, it would definitely be fun to play!

“You really want to play this game?” Bo Junyan raised an eyebrow. Ever since he had told her about the nature of this event, she had been looking forward to it.

“Uh-huh.” Mu Huan nodded.

“You little thing, it’s surprising that you like these things.” Bo Junyan thought that the delicate her did not like sports. He could still remember her unhappy expression when he’d arranged for her to train her body last time.

Now, she was actually hyped about playing such games.

“That’s what I like!”

“Then why were you so unwilling for me to arrange for a coach to train you?”

“I didn’t want to be training my body at home, but it’ll be more fun to do it in the wild! I’ve heard of this kind of game, but I’ve never played it before.

“I’m good at playing the computer game version, though, so I wonder what it’ll be like to play in real life!” As these games were more or less free, Mu Huan had tried playing many of them. It could be said that she had played all sorts of games on the market, and she was an expert in all of them.

Bo Junyan thought about how she would play games with her phone whenever she didn’t study. Hence, he said, “Stop playing games from now on. You’re already using your eyes to read books all day long. If you also use your eyes constantly when you play games, you’ll become near-sighted.”

“Uh-huh, I’ll stop playing from now on. My experiment is at its most critical moment, and now I’m in the school’s research team. Even though I’m only an assistant, I have to learn from such research projects at all times. I’ll probably be too busy to come back for dinner with you.”

Chapter 472: A Special Plan (5)

Bo Junyan: “It just so happens that I’m going to be rather busy around this time.”

“How busy are you going to be? Do you need to go on a business trip? If you’re going on a business trip, I’ll stay in the school and hurry up with the experiment.” If he was going on a business trip, she would be able to eat and stay in the school and save a lot of time.

Bo Junyan: “...”

After a moment of silence...

“You were so angry when I didn’t go home all night, and now you’re looking forward to my business trip. Why can’t you just go home?” This woman’s thoughts were really unpredictable.

Mu Huan: “...”

“How can it be the same? Did you tell me yourself that you weren’t coming back, or did you ask another woman to pick up your call on a special day like your birthday?!”

Bo Junyan said, “Ling Wei was just afraid that you’d be worried. I asked her to tell you that I was busy and that you shouldn’t worry about me or wait up for me.”

“Ha...” Mu Huan sneered at him. So it was only because another woman had said that he was busy that she was like that, huh!

Bo Junyan: “...”

As Ling Wei had been dating her current boyfriend for more than three years, Bo Junyan thought they had a good relationship. Hence, he could be very sure that the two of them were dating. He could also be very sure that the two of them were still dating and that that man was the type Ling Wei wanted the most. He had also heard that they were getting married next year.

Hence, Bo Junyan was very sure that Ling Wei had no ulterior motives toward him, and he could not understand why Mu Huan cared so much about Ling Wei.

Clearly, there was nothing going on between him and Ling Wei.

“Hubby, let’s not talk about Ling Wei anymore. Let’s go eat! I’m so hungry!” Mu Huan said coyly, hugging his arm.

When she was young, she thought that things were either black or white. When she grew up, she knew that things weren’t like this. There were many things that couldn’t be solved, especially when it involved her family’s feelings.

Hence, she didn’t want to keep getting into conflict with him because of Ling Wei.

“Okay.” Bo Junyan didn’t want to have any problems with her because of this. He couldn’t understand why she cared so much about Ling Wei, but he wanted to maintain distance with Ling Wei anyway.

Bo Huaiyun’s resort was a holiday resort that was ready for business. It was not a place where family members would come on vacation occasionally. He wanted to build this place into a first-rate resort, so this resort was very big and very luxurious. There were all sorts of entertainment facilities, and one could have whatever they wanted!

In the dining hall, there were Michelin 3-star chefs, as well as famous chefs from the eight major cuisines in the country.

He had decided on the location of the gathering this time. He had invited so many people here because he wanted them to stay and take a look before the opening ceremony. He wanted to see if there was anything they could improve on.

If there was no problem with them staying here, then there would be no problem.

When Mu Huan and Bo Junyan arrived at the dining room, Long Feiting and Mu Kexin were there as well.

Long Feiting took the opportunity when Bo Junyan had gone to the washroom and walked up to Mu Huan. He snorted and said, “Why are you following me?!”

“I only came here because I was hungry. Why would I follow you?!” Mu Huan snapped.

“Ha...” Long Feiting sneered at her.

Seeing him like this, Mu Huan wondered if she should go to another restaurant for a meal. She heard from Bo Junyan that there were a few other restaurants here.

“Sis, it’s been a long time since we last met. Do you want to sit down and eat with us?” Mu Kexin looked at Mu Huan.

“Don’t try to be so sisterly. Everyone knows that we’re not on good terms.” Mu Huan swept a cold glance at her, telling her to stay where she was.

Chapter 473: A Special Plan (6)

“Mu Huan, what are you saying?! You’re the one who let Kexin down, and you’re still acting this way!” Mu Kexin was brought here by Long Feiting. If Mu Huan didn’t give Mu Kexin face, she wouldn’t give him face.

Naturally, he had to stand up for Mu Kexin.

“Go, go, go... go, go... I’m in a bad mood when I’m hungry. Don’t provoke me...” Mu Huan waved them away.

Wasn’t it good for each of them to have their own meals? Why did he have to come over to her just to say a few words? Nothing good ever happened whenever he did that, yet every time, he kept doing it. What was wrong with him?

Long Feiting was about to say something when...

An elegant and pleasant voice sounded. “What’s the matter?”

Mu Kexin and Long Feiting looked up instinctively and saw that Ling Wei had walked in at some point. Standing under the light, she was exuding a goddess-like glow, which stunned Mu Kexin.

She had heard Lin Qingya say that Ling Wei was a good-looking woman, but she didn’t expect her to be this good-looking. She was so elegant and ethereal like a fairy!

At this moment, her mood was the same as Lin Qingya’s when she saw Ling Wei! She was so happy that she became excited!

He felt that there was finally someone who could deal with Mu Huan!

Lin Qingya could not stand Mu Huan being so excellent, and Mu Kexin was the same way!

“Feiting, who is this? She’s so pretty! She’s like a fairy descending into the mortal world!” Mu Kexin looked at Ling Wei.

“Aunt Ling Wei,” Long Feiting greeted.

“Hello, Aunt Ling Wei.” Mu Kexin stepped forward agitatedly. She wanted to shake hands with Ling Wei, but she seemed to be afraid of sullyng this goddess. She stopped in front of her and looked at Ling Wei nervously and shyly.

Ling Wei smiled elegantly at Mu Kexin. “Are you Feiting’s girlfriend?”

“Yes.” Mu Kexin lowered her head shyly.

A few days ago, when Long Feiting suddenly asked her to be his girlfriend again, she'd agreed.

Ling Wei was about to speak.

Suddenly, Huo Yuqi, who was following behind her, said, "Long Feiting, what kind of lousy taste do you have?! How are you so stupid as to dismiss me with disdain and chase after such a woman to be your girlfriend?!"

Mu Kexin's face instantly turned dark and red!

She instinctively wanted to shout back at her, but when she thought about it, she realized that those who were invited today were all people with higher statuses than her. Simply put, she could not afford to offend them!

Hence, she could only endure it and walk back to Long Feiting with a tearful expression.

"Huo Yuqi, what are you saying?!" The unhappy Long Feiting glared at Huo Yuqi coldly.

"What's wrong with what I said?!" Huo Yuqi said arrogantly.

"Huo Yuqi, are you..."

"Alright, stop fooling around," Ling Wei interrupted Long Feiting.

Long Feiting did not say anything else.

It could be seen that Ling Wei was very influential in front of Long Feiting. He wanted to give her face.

Ling Wei turned to look at Huo Yuqi. "Yuqi, be careful with your words next time."

Huo Yuqi snorted without saying anything.

Mu Huan only wanted to eat quietly. After filling her stomach, she wanted to go for a walk with her husband. Hence, she sent a message to Bo Junyan. When she suddenly wanted to eat something else, she stood up, intending to leave for another meal.

But just as she was about to stand up and leave...

Bo Huaiyun and his wife walked in with Gu Chenyi and Lin Qingya.

Bo Huaiyun was stunned for a moment when he saw so many people around. Then, he smiled and said, "You're all here! Let's eat together!"

Mu Huan: "..."

All the people whom she hated and didn't want to see gathered together for dinner!

Crap!

Was she allowed to lament about how this was not easy?

Chapter 474: A Special Plan (7)

When Bo Junyan came out of the washroom and saw that Mu Huan was still there, he walked over and swept a glance at the crowd standing there. He reached out to hug Mu Huan's waist and lowered his head to ask in a low voice, "What do you want to eat all of a sudden?"

Mu Huan: "..."

She wanted to eat somewhere else, but his cousin had just said that if she were to go to another restaurant for a meal, she would make him lose face.

"What's wrong?"

"I suddenly don't feel like changing places. Let's eat here with your cousin," Mu Huan whispered.

When Bo Junyan heard this, he seemed to have understood something. He whispered, "After dinner, I'll take you to see something good."

"Alright!"

Seeing Bo Junyan hugging Mu Huan's waist in such an intimate manner, apart from Gu Qianru, who was sincerely smiling and feeling that the two of them had a good relationship, the rest of the people present all had different thoughts and complex feelings.

Then, such a group of people with all sorts of complicated thoughts sat down for a meal.

This was indeed the most complete meal gathering of all the people whom Mu Huan hated in history!

However, the atmosphere at the dinner was not bad. After all, other than Mu Huan, Mu Kexin, and Lin Qingya, the rest of the people had either known each other since they were young or watched them grow up. Since they were familiar with each other, they naturally had something to talk about.

As Bo Junyan chatted with his cousin about business, he was also paying attention to picking her favorite dishes.

As Mu Huan did not have much to chat about with such a group of people, she did not pay attention to what was happening outside her space and focused on her food.

The food here was delicious, and the dishes that Bo Junyan had picked for her was what she liked to eat. Hence, she ate well and was in a good mood.

Until...

"Long Feiting, your girlfriend doesn't look that good. She's my sister-in-law's sister, right?" Huo Yuqi raised an eyebrow as she looked at Mu Huan, who had been busy eating.

"Huo Yuqi, don't you want to live a good life?" Long Feiting, who had been fuming with anger earlier on, became even angrier when he heard her words.

"I really don't want to live a good life. Your incapacities are making me live a miserable life!" With so many family members around, Huo Yuqi was even more arrogant.

Just as Long Feiting stood up angrily and was about to drag Huo Yuqi out...

"Huo Yuqi." Bo Junyan swept a cold glance at her.

Huo Yuqi immediately pouted and did not dare to say anything else.

Gu Qianru only knew that Long Feiting had brought his girlfriend here today, but she didn't know who his girlfriend was. Hence, when she heard these words, she instinctively asked, "Xiao Huan, Feiting's girlfriend is your sister?"

When Huo Yuqi heard Gu Qianru's question, she looked at Mu Huan with a look of provocation.

That was because she'd said that Mu Huan's sister looked very ordinary, which was as good as saying Mu Huan did too, thus humiliating her. She wanted Mu Huan to feel embarrassed because of this.

Who knew...

Mu Huan put down her chopsticks and said, "Yes, she's my half-sister, but she's not on good terms with me. We're basically strangers."

Everyone: "..."

Was it really appropriate for her to be so direct?

Mu Kexin: "...!!!"

*D*mn Mu Huan! How embarrassing!*

"Mu Huan, you're too much!" Long Feiting looked at Mu Huan angrily.

"I'm just speaking the truth." Mu Huan lifted her eyes to look at him with a face full of disbelief. *Why, can't I tell the truth now?*

"You..." Although Long Feiting was furious, he had never been able to do anything to Mu Huan. Furthermore, his feelings for Mu Huan had been so complicated recently that he didn't even know what was going on. This made him very agitated.

Chapter 475: A Special Plan (8)

Hence, he went to look for Mu Kexin to make her his girlfriend again and even brought her here to calm down the strange agitation in his heart.

However, the moment he saw Mu Huan and Bo Junyan, his fury that had been forcefully suppressed instantly became even more intense. Hence, he kept being agitated and wanted to find an excuse to vent his frustration.

But when it came to Mu Huan, he could not vent it out.

In the end, he could only pull Mu Kexin up. "Let's go!"

It just so happened that Mu Kexin did not want to stay here and embarrass herself, so she left with him.

After watching Long Feiting leave, Ling Wei lowered her gaze, reached out for a glass of red wine, and elegantly drank it.

"She looks about your age." Gu Qianru looked at Mu Huan.

"She's only two months younger than me," Mu Huan said.

When Gu Qianru heard this, she instantly understood why Mu Huan had embarrassed Mu Kexin in public. No one would like the daughter of a third party who had ruined their family.

She would never be such a good sister.

Hence, she changed the subject. "How's the food here?"

Mu Huan smiled and said, "It's delicious."

"If you say it's good, then it must be really good!" Gu Qianru smiled.

With Gu Qianru looking for a topic to talk about, the atmosphere at the end of the meal was not bad. It was not as unbearable as Mu Huan had imagined.

Until, after the meal, Mu Huan wanted to take a walk with Bo Junyan to cool down.

"Junyan, come to my room. I have something to discuss with you," Ling Wei said.

"I have something on later. I'll go over after I'm done."

After Bo Junyan was done with his food and had just stood up, Mu Huan shot him a glare.

He wanted to go to Ling Wei's room at night? Did he want to die?

Bo Junyan: "..."

He then said, "Let's talk in the meeting room if there's anything."

There was naturally a meeting room in such a high-end resort.

Ling Wei: "..."

She had never thought that one day, Bo Junyan would be controlled like this. Ever since he was young, he'd had the final say even when it came to his parents.

When they broke up, his parents and grandfather's objections were useless.

No one had ever managed to control him.

And now, with just one look from Mu Huan, he immediately changed his mind.

This...

This made her want to snatch Bo Junyan even more!

"Alright, I'll see you in the meeting room later." Ling Wei did not say anything else. She turned around and left without giving Bo Junyan a glance.

Looking at Ling Wei in this state, Mu Huan couldn't help but feel suspicious again!

It was true. If it weren't for Ling Wei's obvious provocation when Bo Junyan was not around, Mu Huan would have really felt that she was overthinking things!

This was because not only did Bo Junyan not feel that Ling Wei wanted him, but every time Mu Huan and Bo Junyan met Ling Wei, even she did not feel that Ling Wei had ulterior motives toward Bo Junyan.

She could not see the slightest bit of love for Bo Junyan in Ling Wei's eyes, nor could she see any jealousy. Furthermore, Ling Wei's family background was similar to Bo Junyan's, so there was no need for her to be with him if it's just money she wanted.

This kind of person was real. How could one look at her and feel that she had no feelings for him at all?!

Hence, Mu Huan had never blamed Bo Junyan for not being able to see through Ling Wei. This was because whenever Ling Wei was facing Bo Junyan, she really did not have any ulterior motives at all. How could someone see through her like this?

Chapter 476: A Special Plan (9)

This Ling Wei made Mu Huan feel that if she didn't love Bo Junyan, it was because she was an extremely formidable person who could completely hide her emotions and prevent anyone from seeing through her true thoughts!

If Ling Wei did not love Bo Junyan very much, it would be fine if she came back only because she found out that Bo Junyan was the best partner to marry.

The scary thing was the former possibility.

Unfortunately, Ling Wei really didn't do anything. From the start until now, the person who did things was Bo Junyan's grandfather. Hence, Mu Huan, who couldn't catch any evidence of the other party's actions, could only take precautions.

Hence, after Ling Wei left, Mu Huan hugged Bo Junyan's arm.

"Hubby, I have nothing on tonight. I just want to stay with you. Can you let me go with you when you go to the meeting room to discuss some matters with Ling Wei?"

She knew that this would make Bo Junyan feel that she cared too much about Ling Wei and that she was a little clingy.

But for now, she could only stick to him like this.

Otherwise, if he were to stay in the same room as Ling Wei, who knew what would happen?

"Alright." Bo Junyan smiled and caressed her head. She could do whatever she wanted.

"Thank you, Hubby! I love you!" Mu Huan stood on her tiptoes happily and planted a kiss on his face.

When Lin Qingya, who was not far away, saw this scene, she turned to Gu Chenyi and asked, "Look, aren't they becoming more and more loving?"

Gu Chenyi's face instantly turned even darker than the night.

Lin Qingya smiled at him.

She had put in so much effort to get to this point, but he had made it seem like she was in jail. Since he was like this, then don't blame her for not letting him have a good time!

"You've been blaming me for being bad all day and blaming me for treating my best friend that way. But now, from the looks of it, I'm treating her well! If it weren't for me, how could Xiao Huan have married

such a good man like Bo Junyan? Someone like you who can't even give her the least bit of trust doesn't deserve to have her," Lin Qingya deliberately provoked.

"Lin Qingya!" Gu Chenyi shouted maliciously.

"Are you mad at the thought of you personally pushing your favorite person to someone else?" Lin Qingya was not afraid of his anger. She raised her eyebrows and sneered.

With the trump card in her stomach, she was not afraid of Gu Chenyi touching her.

"Lin Qingya, don't think I won't dare to do anything to you!"

"I didn't think that way. If you're so angry that you want to kill me, then do it. I'm not afraid of two dead people, as long as you're not!" Lin Qingya snorted.

Gu Chenyi's hands, which were hanging by his sides, clenched tightly. He almost choked Lin Qingya to death.

"Gu Chenyi, if you want to live a better life, you'd better treat me better. Otherwise, if I'm in pain, you can forget about having a good life. The two of us will live in hell and hurt each other!"

Gu Chenyi's eyes darkened. "Lin Qingya, do you think you have the right to threaten me like this?"

"Yes, of course! Do you want to touch my assets?" Lin Qingya said as she touched her belly.

That look on her face said, *This is my capital. If you have the guts, do what you want with me.*

Gu Chenyi clenched his fists even more tightly.

"Gu Chenyi, the two of us are having a child and this child is something our family is looking forward to. If you're willing to lead a good life with me, I can swear on my life that I'll be a good mother in the future and live a good life with you! It'll be good for both of us! If you insist on forcing me, then we'll live a life worse than death!"

Chapter 477: No One Is Perfect (1)

"Swearing on your life to be a good person? Do you dare to say that if you were really living well, you wouldn't want to find trouble with Xiao Huan again? You wouldn't still secretly wish for anything bad to happen to Xiao Huan?" Gu Chenyi sneered.

Even if she wasn't being treated this way, even if she had everything in the Gu family, she still wouldn't want Xiao Huan to have a good life. The more powerful she was, the more she'd want to crush Xiao Huan!

Lin Qingya wanted to retort, but when she looked into Gu Chenyi's eyes, she was rendered speechless.

Everyone had a side that they didn't want others to know. For example, both Lin Qingya and Mu Huan had a hidden side.

If she wanted to hide her true nature, what was wrong with that? What was wrong? What was wrong was trying to harm others! Even if Lin Qingya had gotten what she wanted, she would still want Mu Huan to suffer. She wanted Mu Huan to suffer.

But Mu Huan would not.

Also, Lin Qingya hid herself to make use of others.

Mu Huan, on the other hand, hid part of her true nature to survive. It was just like how a person would have to pretend to be obedient in order to endure their superior's difficult attitude when they were working. When their boss said that they were wrong, it was impossible for them to say that their boss was wrong no matter how much they wanted to. Otherwise, they would be finished.

"You're a bad person. You can't change no matter what!" With that, Gu Chenyi turned around and left. He was afraid that if he continued to stay with her, he wouldn't be able to control his urge to strangle her to death.

Lin Qingya looked at his back and tightened her grip on her clothes. If she was born with a background like Ling Wei's, with her looks and talent, why would she need to be jealous and be a bad person?! Was this her fault?

Heaven is unfair!

...

The most important thing for Bo Junyan was to take Mu Huan to see what he had mentioned before.

Mu Huan thought that he had arranged something romantic for her, but who knew that after all that, she'd see nothing but grass?

"Hubby, where's the good stuff?" She looked around but did not find anything good.

"Take a good look at these." Bo Junyan pointed at the patch of grass.

Mu Huan squatted down and turned on the flashlight on her phone to take a closer look. It was a type of Chinese medicine. She looked up at Bo Junyan.

"What is its main effect?"

"It's anti-bacterial and anti-inflammatory. The first flower has the strongest effect..." Before Mu Huan could finish speaking, her eyes lit up and she grabbed Bo Junyan's arm excitedly. "Why didn't I think of this?!"

The subject of Mu Huan's current research was to extract a new type of anti-bacterial and anti-inflammatory medicine with the same composition as established ones.

In today's society, the general abuse of anti-inflammatory medicine had caused the resistance of bacteria to become more and more severe. Many people, especially some of the children who were sick, used the very best anti-inflammatory medicine. Thus, it was no longer effective for many to take normal anti-inflammatory medicine.

There were also more and more cases of super bacterium being incurable.

And now, most of the anti-inflammatory medicine on the market were made in the West. Even if there were many types, theirs were the first few types of anti-inflammatory medicine. The bacteria had

developed a resistance to their essential compositions. There needed to be a new type of anti-inflammatory medicine to appear.

Naturally, there would no longer be any resistance to that. What Mu Huan wanted was to extract the drug from a natural plant. If this medicine was successful, the side effects would be even smaller and more suitable for children to use.

Hence, Professor Meng had previously said that if Mu Huan's experiment was successful, it would be a new milestone in the history of pharmaceutical studies!

Bo Junyan reached out to caress her head. What a smart little girl. She was able to get the right answer with just one touch.

Chapter 478: No One Is Perfect (2)

"This is really a good thing! It's such a good thing!" Mu Huan let go of Bo Junyan and looked at the grass in front of her. She was so excited that her heart was thumping wildly. Her experiment had entered its most critical juncture, but it had plateaued at the same time. She had tried many types of traditional Chinese medicine, but none of them had the effect she wanted.

There were tens of thousands of herbs in this world. In addition, these herbs were common by the roadside. The effects of using them alone were average. Hence, Mu Huan did not place them in the spare list. Now that he had reminded her, she quickly realized that although the effects of this medicine were very poor, it would be more effective when combined with the medicine that she was currently using. This was especially so for its first flower, which would have an even greater effect!

"Looking at the state of the flower bud, it looks like it's about time for it to bloom next Monday. I'll get someone to guard it and send it to you immediately after it opens."

"Yes, yes!" Mu Huan nodded repeatedly.

She looked at the patch of grass for a while, then stood up and threw herself into his embrace. "Hubby, thank you!"

Bo Junyan did not speak. He only picked her up and kissed her.

After a while, he finally let go of her.

He carried her and sat down on a stone bench beside her.

"Keep your focus on the experiment in the future. Don't think too much about other things. Given your potential, your experiment should have made a breakthrough long ago." Bo Junyan was very confident in his wife's capabilities.

Mu Huan knew what he meant.

"I know. I've been thinking too much lately and acting irrationally. Recently, I've become unlike myself, and I don't want to be like this. But sometimes, I can't control myself. Hubby, it's not that I don't believe in you, but..." People say that people in love have zero IQ.

Mu Huan felt that she was about to be like that. Despite knowing that she shouldn't be like this, she was still being this way. She really hated this uncontrollable feeling!

She believed in him, but she couldn't control her jealousy and pain.

In fact, loving itself was an irrational act. If one could control their feelings, then it would no longer be love.

"I know. It's because you like me that you're like this. I'm very happy that you're jealous. The more you lose your rationality, the more it means that you care about me. This really makes me very happy." Not only was Bo Junyan not annoyed by her jealousy, but he was also very happy that she had so many requests.

However, what he cared about more were her studies. He cared so much about her studies because she was such a talented person. He did not want her studies to be delayed because of this matter.

Especially now that it was a critical moment, her experiment and the research projects that she was currently involved in would allow her to soar in the pharmaceutical industry.

He didn't want her to miss these things because she had spent too much time elsewhere.

"Xiao Huan, I really can't have anything to do with Ling Wei, so you really don't have to worry about her at all," Bo Junyan said once again.

The moment she heard that Ling Wei was here, she'd immediately put up her guard. Ling Wei cared too much about external things, but these things were too distracting for her. It would be a waste of her time if she spent so much effort on these things that she didn't need to care about at all.

"My habits make you uncomfortable. Give me some time and they'll all disappear. So, it's fine to be jealous, but don't waste too much time on these matters, understand?" Bo Junyan said as he stroked her head.

Chapter 479: No One Is Perfect (3)

His wife was still young, and she still had some immature ideas. He could not pamper her blindly, so he had to give her a proper reminder.

Mu Huan lowered her eyes and did not speak. After a while, she looked up and said, "Hubby, even if Ling Wei has a good relationship with her boyfriend and they were indeed a couple in the past, right now, that might no longer be..."

Seeing that she was still so concerned about Ling Wei, Bo Junyan, who initially did not want to talk about things that had nothing to do with her, said to make her feel more at ease, "Not only will Ling Wei not break up with her boyfriend, but they might even be getting married next year.

"Her boyfriend is a duke, and he's a well-known political figure in his country. She spent a lot of effort to get this boyfriend, so she wouldn't give up the chance to be the wife of a political secretary."

Mu Huan: "..."

“Didn’t I tell you before that I had a disagreement with Grandfather and that Ling Wei had different ideas before breaking up with me?”

“Yes.”

“My grandfather really wants me to be in the political scene. Ling Wei wants to be the wife of a political figure, but I’m not interested in this.” What Bo Junyan wanted was to have a business empire.

“That’s why it’s impossible between us. Stop thinking so much.”

Mu Huan: “...”

No wonder he was so sure that it was impossible between him and Ling Wei. Back then, they had broken up because of that reason. Now, Ling Wei had such a boyfriend. Indeed, there was no way she would turn back to snatch Bo Junyan.

But...

Why did Ling Wei come back and tell her so obviously that she wanted to snatch Bo Junyan away and that she should retreat?

“Ling Wei and I have a lot of important collaborations. We won’t be able to avoid meeting again in the future. You can’t always be by my side and be with me. If you continue to be like this, you’ll be anxious and it’ll affect your mood and your studies.

“I’ll pay more attention to my actions from now on. It’s just like how she invited me to her room today. For a moment, I didn’t notice that it would be inappropriate to go to her room at night, but it’ll definitely not happen again in the future. So don’t worry, alright?” Bo Junyan had never treated someone so patiently before.

This was the first time in his life that he had ever made such a promise to someone.

After a moment of silence, Mu Huan said, “I’ll try my best to change this!”

She would try her best to change her current state.

“Okay.” Bo Junyan lowered his head and kissed her.

When they got back, Bo Junyan went to talk to Ling Wei, but Mu Huan did not follow.

She felt that Bo Junyan was right. He would often meet and discuss collaborations with Ling Wei in the future. It was impossible for her to stay by his side all the time. There was no point in following him like this.

She might as well use this time to do something else.

Just like what Bo Junyan had said, Mu Huan was still young. No matter how smart she was, she was still immature.

Of course she would still do some bad things.

There was no perfect person in this world.

Just like how Bo Junyan had his blind spot.

...

It was almost midnight by the time Bo Junyan and Ling Wei finished their discussion.

Bo Junyan, who was about to leave, suddenly thought of something. "Has your marriage date with James been fixed?"

Ling Wei stopped packing.

"Let me know when it's decided. I'll prepare a wedding gift for you in advance. However, you have to prepare one for me first. My and Xiao Huan's wedding will be held next spring. It should be earlier than yours no matter what." Bo Junyan and Ling Wei had known each other since they were born. They had grown up together and went to school together. Their feelings for each other were really like family.

Chapter 480: A Change in Aura (1)

Although Bo Junyan was a cold person and had never been very enthusiastic toward his parents, he was someone who cared a lot about his family. He saw Ling Wei as his family. Naturally, he treated her like how he treated his family.

She was caught off guard and expressed her hope that he would lead a good life. When he got married, she would give him a great gift.

She also wanted to receive his blessings for her marriage.

Many a time, some people's indifference wasn't because they didn't care, but because they didn't like to express themselves.

This was also a common problem for geniuses.

It was just like how Bo Junyan got along with Mu Huan. If it weren't for Ling Wei's return, Mu Huan would not have gotten furious. Bo Junyan would have continued getting along with her most of the time. As Mu Huan said, he would at most reply with an occasional "Yes."

He wouldn't interact so much with her and say so much. He would only silently dote on her and let her do what she wanted to do.

"What's wrong?" Bo Junyan, who did not get a reply, looked at Ling Wei.

After a moment of silence, Ling Wei asked, "Junyan, have you ever regretted it?"

"Regretted what?"

"Regretted breaking up with me."

"No," Bo Junyan replied decisively.

Ling Wei: "Bo Junyan, can't you hesitate for a bit? It's the most basic courtesy of a gentleman to give face to a lady!"

Bo Junyan: "..."

“My wife won’t allow me to be a gentleman to another woman.”

Ling Wei’s lips twitched slightly. “If you’d treated me like this back then, we might not have broken up!”

“Really?” Bo Junyan raised an eyebrow.

Ling Wei: “...”

Bo Junyan thought about how she had previously said that he was being so good to Mu Huan that it was making her feel unfairly treated. Hence, he said, “What I want is different. You know better than me what kind of person you are. The past is the past. Don’t mention the past from now on and don’t feel unjustly treated in your heart. I have only one wife. I naturally want to treat her well, and no one can compare to her.”

“If we were married, would you have treated me the same way?” If they were married, would he treat her so well that no one could compare?

“I won’t answer such a hypothetical question. We don’t have such a ‘what if.’” Bo Junyan stood up after saying that. “Just remember to inform me when you’ve found a good date.”

He could also tell his wife about their wedding date in advance so that she would be completely at ease.

Ling Wei did not say anything else. She just looked at his departing back and smiled bitterly.

Yes, she knew best who she was.

Even if he had treated her well back then, she might still have left.

She was a person who would not be willing to give up whatever she wanted.

Back then, Bo Junyan’s coldness and lack of enthusiasm were part of the reason for her departure. But the biggest reason was that what she wanted was different from what Bo Junyan wanted.

There was always something one wanted but could not get.

She couldn’t avoid this eventuality either. She had been born to a wealthy family and had an unlimited amount of money. Hence, she wasn’t interested in money. Instead, she was interested in her name and wanted to climb a new peak on another road. She wanted to be the wife of the political head and even the first wife!

Bo Junyan had such capabilities, opportunities, and good resources, but he was not interested in this path. He only wanted to build his business empire. No matter how much she and his grandfather objected to it, he refused to change his mind. At that time, she only wanted to take that path.

When Bo Junyan saw what she wanted, he’d asked her to cancel the engagement and go after what she wanted.

And she chose to leave as well.
