

Fake Marriage 521

Chapter 521: The Engagement Party (7)

“Have you found out what’s going on?” Mu Huan knew that she wasn’t in the wrong. It was just that people were different from plants and trees, so how could they be heartless? This was especially so for the two people who had treated her well previously.

“There’s a problem with Lin Qingya’s pregnancy. She can’t keep it.”

Bo Junyan found out exactly what Mu Huan had guessed.

There was no way that Lin Qingya would use her only trump card to frame Mu Huan. There was only one reason she would use the child to frame her, and that was that that trump card was no longer useful.

Then, she recalled what Gu Qianru had told her about Lin Qingya’s discomfort at the Gu family’s gathering. Later on, at the resort, Lin Qingya had had a stomachache. With these signs, Mu Huan was even more sure of her guess, which was likely the truth.

“But when we were at the manor, didn’t Ling Wei say that she didn’t have any problems?” Was Ling Wei involved in this matter as well?

Otherwise, if it was just Lin Qingya alone, she wouldn’t have dared to do such a thing under such circumstances. This was because, with such a set-up, Bo Junyan would be able to investigate and find out the truth!

When he found out the truth, he would naturally make Lin Qingya suffer!

If Lin Qingya couldn’t keep the baby in her stomach, she would at most not be able to become Mrs. Gu. Given how good she was at talking, she might be able to get a lot of compensation from Gu Qianru. She might even be able to live a good life in the latter half of her life. With such a good opportunity, no matter how much she disliked Mu Huan and wanted to frame her, she wouldn’t have done such a thing at the engagement banquet.

Those who could live well would never want to live a life worse than death.

This was especially so for someone like Lin Qingya, who knew how to treat herself the best and was rational. She would definitely not use this method to frame Mu Huan just because the child was gone and Gu Chenyi knew her true colors. If her position as Mrs. Gu was not guaranteed, then she would use a method that might not necessarily cause her death!

Unless there was someone stronger who could protect her or prevent her from escaping, she could only do this!

Bo Junyan knew what Mu Huan was thinking, and he knew that Lin Qingya wouldn’t dare to do such a thing. He’d also figured out who the mastermind was. “It’s not Ling Wei, it’s my grandfather.

“When we were at the Gu family’s gathering, Ling Wei realized that Lin Qingya’s pregnancy wasn’t very stable. She asked her to pay more attention to her body and not do any strenuous exercise. When she was at the manor, Ling Wei helped Lin Qingya to keep the pregnancy. That’s why she said she was fine. She asked Lin Qingya to go back and remember to get an ultrasound. It’s best if she could stay in bed for

a while. Because Sister-in-law didn't know about this, Chenyi didn't worry about her. When Lin Qingya came back home, she went to check through getting an ultrasound herself. The doctor said that her pregnancy wasn't developing well, so he didn't suggest that she continue to keep the baby. If she were to forcibly keep the baby, not only would it be bad, but even if she managed to keep it, there's a high possibility of a birth defect.

"Grandpa, who's always trying to ruin things, forced Lin Qingya to do something like this. He wanted to ruin your reputation and let everyone know about your relationship with Chenyi. Everyone thinks we're uncle and nephew... He wants us to get a divorce under such a scandal."

Mu Huan: "..."

After a while.

"Is your grandfather not on good terms with the Gu family? Doesn't he know that this will make the Old Master Gu..." It wasn't appropriate for her to say anything about Bo Junyan's biological grandfather. He didn't like Mu Huan and wanted to ruin her reputation, but didn't he consider that the Old Master and Gu Qianru's health might not be able to take it?

Chapter 522: The Engagement Party (8)

"Chenyi's grandfather knows about this. You don't have to worry about his health. He's been arranged to enter the ICU in advance. As for Sister-in-law, she doesn't know. However, although she's weak, she won't suffer any physical aftereffects. She'll be fine once she recovers from her faint."

Mu Huan: "..."

For a moment, she did not know what to say.

Old Master Gu actually knew about it...

He knew and he was actually working with Bo Junyan's grandfather! What were they thinking?

She was a nobody, yet they spent so much effort to tell everyone about her family's scandal!

As though he could tell what Mu Huan was thinking, Bo Junyan continued, "Chenyi's grandfather dotes on Chenyi the most. He knows that Chenyi still can't let go of you, and that every time he sees you, he'll be in great pain. Hence, Old Master Gu must be thinking that if we get a divorce, Chenyi will be able to slowly walk out of it without having to see you or feel hurt. That's why he's cooperating with my grandfather."

Mu Huan: "..."

She didn't know what else to say.

And the mastermind of this matter was Bo Junyan's grandfather, and the person who was about to die...

This...

"Be good and let her suffer. I won't let them off this time!" Bo Junyan's gaze darkened.

When he was young, his father was very busy and often traveled all over the world. Bo Junyan spent most of his time at his grandfather's house. Hence, his relationship with his grandfather was very deep, and the things that his grandfather had done previously were not a big deal to him. He'd already been accommodating and felt that the old man would not be able to do it again after a few tries.

He did not expect his grandfather to push his luck even further. If Bo Junyan did not make up his mind this time, his grandfather might do something even more extreme next time.

Mu Huan looked at Bo Junyan, her heart filled with gratitude. The moment the incident happened, he did not doubt her at all. He trusted her so much. Now, because of her grievance, he would not tolerate even his own grandfather!

"Hubby..." She reached out to hug him, so touched that her eyes turned red.

"Be good. I'll get someone to send you home. Rest well tonight and go to school tomorrow." He could handle the rest.

Mu Huan did not agree. Instead, she lifted her head and said, "Is your grandfather doing all of this to get us to divorce so that you can be with Ling Wei?"

"Yes."

"Does he like Ling Wei so much that he would do this one-sidedly even after he found out that Ling Wei has a boyfriend and knowing that you have a wife?" Mu Huan had a feeling that if Ling Wei had not somehow indicated to the old man that she wanted to be with Bo Junyan, the old man would not do this.

For example, why didn't he do it before Ling Wei returned? Why was he doing it now?

If he didn't want Bo Junyan to be with her, why didn't he stop them before they got married?

"I know what you're thinking. Grandfather didn't do these things previously because Ling Wei's relationship with her boyfriend is very stable. Her boyfriend's career is going well and she wouldn't want to come back. Grandfather felt that it's impossible between the two of us, so he's just like my father, who only wants me to get married. Now that Ling Wei's boyfriend is involved in a scandal, one which might ruin his career and cause him to lose everything, my grandfather and the Ling family feel that there's a possibility between me and Ling Wei again. That's why they keep doing these things."

Mu Huan: "..."

After being speechless for a while:

"Your grandfather likes Ling Wei so much that he doesn't care that she has a boyfriend who's brought up marriage. They saw some hope and are now ruining your marriage so that you can have a chance to be with Ling Wei?"

Chapter 523: If Life Could Come Back (1)

He was degrading his own grandson!

“It’s for sure that Grandfather likes Ling Wei. However, the reason why he wants me to be with Ling Wei isn’t purely because he likes Ling Wei, but because of the benefits. A long time ago, my parents, grandfather, and the Ling family had discussed this. After I’ve married and produced a child with Ling Wei, I’ll have got the Bo and Ling families to merge. The two big companies will become one company. When that happens, we will have even more powerful capital and capabilities. The expansion of our plans in the future will be several times that a single family is capable of.”

People would not waste so much time and effort just because they liked someone.

“Previously, I was determined not to submit to the court and did not take the path that my grandfather had arranged for me. I did not want to expand the Bo family through a combination of business and politics. On the other hand, Ling Wei was bent on being the wife of a political figure. We did not care about all the opposition and broke up. The two families were initially unhappy, but now that we have a chance, they naturally want to continue their previous collaboration.”

“What about Ling Wei? Could it be that it’s because she thought that her boyfriend was about to go down that she wanted to look for you?”

“Don’t think too much. This worry will pass in time. For now, Ling Wei hasn’t given up on her boyfriend. Her boyfriend’s matter will be resolved soon. I can’t say too much about others. Anyway, don’t worry.” Bo Junyan lowered his head and kissed her.

Mu Huan: “...”

It was so reasonable and logical. Did she really think too much?

No, Ling Wei was clearly provoking her! She couldn’t be wrong about that look!

It could only be said that Ling Wei was too capable when it came to cleaning herself up!

“Be good and go back.” Bo Junyan patted her head as he asked her to go back.

“No, I have to meet Lin Qingya,” Mu Huan said.

“Leave her to me.”

“I won’t hold you back from dealing with her. It’s just that from how today’s incident looked, it’s me who pushed Lin Qingya down. That’s why, even if you put all the evidence in front of Sister-in-law, she’ll only believe that she saw it with her own eyes. She’ll only think that you were the one who fabricated the evidence because you wanted to cover up for me. Therefore, I have to let Lin Qingya say it herself and let Sister-in-law see it with her own eyes and hear it personally before she could believe me.”

Mu Huan cared about the people who were good to her. She didn’t want the other party to misunderstand her. Hence, she had a knot in her heart.

Bo Junyan kept silent for a while.

“I’ll make arrangements.”

“Yes.”

...

When Lin Qingya saw Mu Huan walk in, she wasn't surprised at all. She didn't pretend to be anything else. She only smiled a little crazily.

Without waiting for Mu Huan to say anything...

She said, "It looks like you're completely fine. Bo Junyan trusts you very much. The Gu family can't do anything to you."

"Uh-huh." Mu Huan walked toward her.

As Lin Qingya looked at Mu Huan, the madness and jealousy in her heart surged. "Mu Huan, I'm really jealous of you! We're about the same, but you can do anything. Life has always been so smooth for you. No matter what it is, you can get it without any effort. Yet I've spent so much effort to end up in this state. I'm indignant! I'm really indignant!"

If she had lost to someone else, she would have accepted it, but she had lost to luck! She was really indignant!

Lin Qingya believed that all Mu Huan had was good luck. She was lucky, came from a good family, and she was lucky to be talented at everything. She was lucky not to have married a disheveled old man but someone like Bo Junyan.

Chapter 524: If Life Could Come Back (2)

She was lucky. Despite what else had happened to her, she had not been found out. She was still fine, and all she wanted was to pursue a better life. Lin Qingya had put in so much effort to end up in this state.

Not even a child!

She had spent so much effort to get this child!

There were many children in this world who were conceived easily.

However, not everyone could hit the target in one shot. When Lin Qingya found out about Bai Xuexian's plan, she'd had to take medicine to ovulate more eggs and increase her chances of getting pregnant.

Perhaps it was because of her taking medicine that this child did not develop well.

Lin Qingya knew that there was a high chance that a child who was made using medicine would have a deformity. Hence, after she had completed the ultrasound and knew that the fetus was not developing well, she was in complete despair. If the child could be saved and she had a child, she would be able to fight for it regardless of who it was. She need not have cooperated with such a plan then, but without a child, she could only obediently obey!

Mu Huan asked very directly, "Who told you to do this? Even if you can't keep the child, you shouldn't have used this child to frame me."

"You're asking the obvious because you want to leave behind evidence to convince Gu Chenyi's mother that you didn't push me?" Lin Qingya smiled.

Lin Qingya was indeed a smart person. Without needing Mu Huan to say anything, she had already guessed who the mastermind was.

She was so smart. If she had gone about things correctly, her life would have been splendid and beautiful, but she had taken the wrong path.

“Yes.” Mu Huan wasn’t surprised that Lin Qingya could guess this.

Seeing her admit it so directly, Lin Qingya knew that she must be prepared to tell the truth.

This caused the crazy smile on her face to widen. In the end, she burst out laughing and started crying again. After a while, she stopped laughing and looked at Mu Huan. “Xiao Huan, I really want to go back to the past. I want to go back to when I haven’t done anything wrong. I want to go back to when we were still good friends.

“I shouldn’t be jealous of you. I should be like Li Meng, happy to have a friend like you. As a good friend of yours, I would have been able to lead a comfortable life no matter how glorious you are...”

Lin Qingya said these words with sincerity. She really regretted it.

“Xiao Huan, this world is too scary... I overestimated myself. I thought that I could scheme and control everything, but I didn’t know that I had always been a pawn in the eyes of others, and I was a pawn that could be easily sent to death...”

At this point, when she thought about the past her, Lin Qingya felt that she was too stupid and naive. She actually felt that she could control a wealthy family like the Gu family and plot against them. She thought that she could firmly grasp what she wanted and think that she was the only smart one around.

Little did she know, from the start, the Gu family had never wanted her as their daughter-in-law. Apart from Gu Qianru, no one had actually intended for her to marry Gu Chenyi.

It wasn’t something that could only be found in novels.

That Old Master Gu, who had always been so kind and amiable to her, that useless old man whom she thought was about to die, pushed her onto the guillotine as soon as he found out that her child could no longer be kept. He wanted her to become an insignificant sacrifice.

She had always treated him as a useless old man...

Chapter 525: A Man Should Know His Fate (1)

People would only find things out after experiencing it. The world was too big, and she was not the master, but a grain of sand.

“Xiao Huan, do you think one can repent if one admits their mistakes?” Lin Qingya looked at Mu Huan.

Those eyes reminded her of the past.

She had been by Lin Qingya’s side ever since she could remember. They grew up together, and they had done many things together and had gone through too much. Such feelings could not disappear that easily.

But it was precisely because of these feelings that she was still like this, which made her heart turn cold.

“If you really know your mistakes, you can turn back to shore. But right now, what you’re saying is just a cliché platitude.”

Lin Qingya was stunned.

“If you really knew your mistakes and wanted to turn back, you’d have come looking for me before you’d done this. Given your intelligence, you should have known that if you’d have come looking for me in advance, Bo Junyan and I would definitely have been able to protect you for the rest of your life. But you didn’t. Even when you were at your wits’ end, you still wanted to drag me into the water and make things difficult for me.

“You’re doing this because you think that it’s easy for me to soften my heart. You think that even if you did this or that, it’ll be fine. As long as you use your sincere repentance and capitalize on old feelings, I’ll forgive and let you off, then you’ll be fine.

“You know that it’s easy for me to be soft-hearted, but you don’t know that that’s the me of the past, not the me of the present.” If a person remained as they were before after being hurt, that would make them a fool.

“Also, Qingya, after experiencing all these things, why do you still think that people are stupid and that only you are the best?”

Lin Qingya returned to her senses and sneered, “Xiao Huan, you’re really different from before.”

Yes, her commitment to such a plan was indeed not completely inflexible. She could have rebelled and looked for Mu Huan on the spot. With Bo Junyan’s capabilities, he could definitely ensure her safety and give her the rest of her life without any worries. However, she was bitter and indignant. She had spent so much effort to end up with nothing, but Mu Huan was able to lead such a good life.

She knew that this plan of hers was only a catalyst for her miscarriage. That was why she’d said that she was just an insignificant sacrifice. In such a big show, her sacrifice was not the main point...

The main point of the old man’s plan this time was not to frame Mu Huan for pushing Lin Qingya into a miscarriage and cause Bo Junyan to misunderstand Mu Huan. Instead, it was to let everyone know about the relationship between Mu Huan and Gu Chenyi and about how Bo Junyan had married Gu Chenyi’s ex-girlfriend, as well as how Mu Huan and Gu Chenyi still liked each other.

Today’s matter would soon spread throughout the upper-class society. When that time came, they would be talking about the uncle-and-nephew pair working together...

Such a thing was a fact. No matter how hard she tried to cover it up, it was useless.

Besides, today’s incident would also cause Bo Junyan to be angry at his grandfather for doing such a thing. The conflict between them would escalate.

Mu Huan had caused so much trouble in the Bo family and was entangled with Gu Chenyi. Which wealthy family would accept such a daughter-in-law?

In particular, Bo Junyan's parents were people who valued their family very much. If something like this happened, they would naturally be displeased with Mu Huan and dislike her.

Being married without the blessings of her family, even if she could stand strong in the middle of the storm, she would not be able to last long after the intense passion. Furthermore, with the existence of such a powerful enemy like Ling Wei, Mu Huan's days would only become more and more difficult.

Mu Huan looked at Lin Qingya and couldn't help but ask, "Qingya, have you ever had feelings for someone?"

They grew up together, and she was still scheming at this point.

"Would you believe me if I told you that I was useful to you?" Lin Qingya raised an eyebrow.

Chapter 526: A Man Should Know His Fate (2)

Mu Huan lowered her head and gave a self-mocking smile. Then, she took out the evidence that Bo Junyan had found and showed it to Lin Qingya. "Tell Mrs. Gu the truth!"

Lin Qingya swept a glance at the evidence in her hand. "Xiao Huan, if I were to tell the truth, would you be able to protect my mom?"

Mu Huan asked her if she had ever had true feelings for someone else. She did, and that person was her mother.

The old feelings card was useless. Bo Junyan would definitely not let her off. She just did not want her mother to be implicated.

"Yes." It wouldn't implicate her family.

"Xiao Huan, you're the best. It's just a pity that you can't control the evil and darkness in your heart," Lin Qingya said with a bitter smile.

Mu Huan remained silent.

In this world, there was something hateful about pitiful people.

Bo Junyan had originally planned to let Gu Qianru see everything personally and see what kind of person Lin Qingya was. However, considering that Gu Qianru had just suffered such a blow, her body would definitely not be able to take it. Hence, he'd arranged for a live video recording.

After Mu Huan received the video recording of her conversation with Lin Qingya, she did not show it to Gu Qianru directly. Instead, she handed it to Bo Huaiyun and asked him to find a suitable time to show Gu Qianru.

Bo Huaiyun took it and said, "Xiao Huan, your cousin-in-law is simple-minded and easily used by others. Don't take what she said to heart."

He knew that everything that had happened today was part of the schemes of the two old masters. Thinking about how they had even used Gu Qianru, and how she had used her own mouth to tell him about Mu Huan and Gu Chenyi's past, he felt very uncomfortable. However, since it was his own old man, he could only feel uncomfortable.

“Yes, I know.”

Bo Huaiyun looked at Mu Huan with a complex expression. He wanted to say something, but in the end, he did not say anything.

After sending Mu Huan home, Bo Junyan headed to the Imperial Capital.

The next day, in the Imperial Capital.

“I arrived last night and only came here today to question you. Should I be touched? Do you still have a grandfather in your heart?” the old man said sarcastically, looking at Bo Junyan.

Instead of answering the old man, Bo Junyan gestured for PA Wang to bring the item over.

PA Wang hurriedly took out a document from his bag.

Bo Junyan took it and passed it to the old man.

But the old man did not take it.

When he refused to accept the document, Bo Junyan told him what it was. “In here are the signatures of all the shareholders. From now on, Grandfather will only be an honorary shareholder in the Bo Group and will no longer have any real power.”

“You’re such a good-for-nothing. You can even dismiss your grandfather for a woman!” The old man laughed in anger.

“Grandpa, that’s my wife. She wants to spend the rest of my life with me and bear children for me. She’s not just a random woman! Also, this is the wife for whose existence you made a scene to force me to marry.”

“I wanted you to marry a wife who’ll have your children to continue the Bo family’s line, not to marry such a young one. Even if you want to have children, you won’t be able to do so for the time being. Instead, you went to her school to be a teacher! Why don’t you just stop working and accompany her every day?!”

“Look at you now. You have a little ambition left regarding your career. Do you still remember your grand ambitions?! I’ve taught you since you were young to focus on your career and expand the Bo Group’s territory as your greatest responsibility. What did you hear?!”

“When I was focused on my career, you insisted on me marrying a wife. Now that I want to live a good life, you’re blaming me for not doing my job? What do you think I am? Do you think I should be married to a wife who has no feelings for me and does not care about me for the rest of my life? All I need to do is to treat her as a baby-maker while I’ll be a working machine who only knows how to work for the rest of my life?”

Chapter 527: A Man Should Know His Fate (3)

“No, even if I don’t have any feelings for my wife, Grandfather will still ask me to divorce her so that I can be with Ling Wei and continue to be driven and ambitious.”

“What’s wrong with me having such ambitions for you? Shouldn’t people be thinking about becoming stronger? You should know that if we merge with the Ling family, we can form a huge company. In the future, we’ll be able to rule over all the major industries! No one will be able to compete with us! In fact... I don’t even need to say anything, you know already!”

“Grandpa, I’ll do what you want. You just need to take good care of your body and look after it.” If possible, he didn’t want to hurt their relationship.

“What if my health isn’t good and I can’t afford to wait? Back then, when I asked you to start a political career, expand our businesses, and merge the two families, you only needed a short amount of time to achieve what we wanted! But you didn’t want to start a political career, and you didn’t want to use that kind of path to expand the company. Alright, fine, but now, you don’t even want to take the path of merging with the Ling family! You’ve given up such a good opportunity for a woman! How long do you want me to wait? How much longer do I have to wait?”

“Grandpa, this is just what you think. The truth is not what you think it is. Also, don’t forget that Ling Wei has a half-brother.” His grandfather was really old. Now, he was only thinking about the good side and thought that he could control everything.

“That little guy has no talent at all. He’s very stupid. At most, he’ll have some inheritance. You don’t have to worry about his existence!”

Bo Junyan knew that this had been his grandfather’s obsession for many years. There was no point in saying anything more. “Grandfather, if you do anything to hurt Xiao Huan in the future, you will no longer be my grandfather.”

“Bo Junyan!” When the old man heard his words, his dark eyes darkened further. He actually wanted to cut ties with him for a woman!

“I hope you know what it means to stop when necessary.” With that, Bo Junyan stood up and left.

People should have ambition, but there should be a limit to their ambition. Some people could not accept the fact that they were old, but one had to know their fate.

Yun University...

“Aye, it’s really all for nothing...” Li Meng could not help sighing after hearing what had happened at the engagement party.

Li Meng had known Mu Huan from the first day of school. She had known Mu Huan for a long time, and she had known Lin Qingya for a long time. They had been in a relationship for so many years. Now, seeing her in such a state, she had an indescribable feeling in her heart.

Mu Huan did not speak. She only looked at the falling leaves outside the window and recalled some scenes from the past.

“How is she now?” Li Meng asked.

“I don’t know. She’s been transferred. I don’t think I’ll ever see her again.”

“He eliminated her?” Li Meng was shocked.

“What are you thinking?! My husband and I are law-abiding citizens!” Mu Huan reached out and knocked her head.

Li Meng wanted to say something but Mu Huan’s phone rang.

It was from Bo Junyan, who said that Old Master Gu had just passed away.

Mu Huan widened her eyes in shock. “Didn’t you say that he knew the truth? Didn’t he enter the ICU in advance?”

Why did he pass away?!

“He was already in his late stages and he was running out of energy.” No matter what, the fact that Lin Qingya couldn’t keep her child was a huge blow to Old Master Gu.

Mu Huan was silent for a while after hearing this. “I’ll go to the hospital now.”

“Yes.”

When Mu Huan arrived at the hospital and saw the crying Gu Qianru, she instinctively went up to comfort her.

Gu Qianru looked up and saw her, but she pounced on her while crying.

Chapter 528: Sister-in-law Belongs to My Cousin (1)

Mu Huan could have avoided it, but if she did, Gu Qianru would fall. Hence, she did not avoid it.

“It’s all your fault... It’s all your fault...” Gu Qianru hit Mu Huan again and again. It didn’t hurt, but the hatred on her face was piercing.

Mu Huan was stunned.

Right then, Bo Junyan frowned and grabbed Gu Qianru’s hand to stop her from continuing. “Sister-in-law, this isn’t Xiao Huan’s fault. Xiao Huan did nothing wrong.”

Gu Qianru, who had been caught by him, looked up and pleaded with him in tears, “Junyan, no matter what you did, I’ve always supported you. But now, I’m begging you, please separate from her, alright? It’s all because of her that this happened. If it weren’t for her, everything wouldn’t have happened...”

Just like what Gu Qianru had said, no matter what Bo Junyan wanted to do, she would always stand by his side and support him. She had always been like this since she was young. Hence, he respected this sister-in-law and could understand her pain.

But why did it have to be his wife’s fault?

It was even more impossible for him to separate from his wife.

“Cousin.” Bo Junyan looked at Bo Huaiyun and signaled him to comfort her.

Bo Huaiyun, who had just entered, quickly strode forward and pulled Gu Qianru into his embrace. “Qianru, this isn’t Xiao Huan’s fault. Don’t say such things.”

No matter how close they were to Bo Junyan, no matter how good their relationship was, they couldn't say such things. Previously, they didn't know about Bo Junyan's feelings for Mu Huan, but now, they knew that Junyan cherished his wife.

This wasn't Mu Huan's fault. Gu Qianru shouldn't ask such a thing from Bo Junyan. It was too much. Besides, there was no point in her begging.

"Why isn't it her fault?! If it weren't for her, why would Chenyi have gone to Matriarch Mu's birthday banquet? Why would such a thing have happened?! If it weren't for the fact that such a thing had happened, why would Lin Qingya have gotten pregnant? Why would everything have happened now?! Why did my dad leave so early?! It's her! She ruined our lives! It's her! It's all because of her!"

Gu Qianru pointed at Mu Huan agitatedly.

Everything had happened because of her existence!

For Gu Qianru, all of this was something she could not bear.

And when Bo Huaiyun told her about Lin Qingya's true colors and the truth of the matter, the truth became the last straw that crushed her mentality!

Her father had suddenly died and her grandson had suddenly passed away. The kind and beautiful daughter-in-law had suddenly become a scheming and deceitful woman who treated her like a fool.

The fragile Gu Qianru could not take such a blow at all.

She had been living in a jar of honey since she was young. Before she could remember anything, her mother had passed away. Hence, she had never experienced the pain of losing her loved ones. As she had lost her mother when she was young and was weak and sickly, her father doted on her and protected her well. He did not let her experience any hardships.

And because of their single-parent relationship, her father was the only family she'd had in her life ever since she was young. Her feelings for him were deeper than those of ordinary people. Hence, she could not bear the pain of losing her father.

On top of that, her grandson was gone and the daughter-in-law she thought was good was actually a black-hearted person. Her beloved son was even rumored to be fighting over a woman with her uncle. The rumors were so nasty.

Her life was originally so beautiful.

Now, it had suddenly become like this.

She was the only person in the world who could not take it! Her mentality had completely collapsed!

Chapter 529: Sister-in-law Belongs to My Cousin (2)

That was why people had to receive a certain level of frustration and education. One must not only dote on a person and let them have a good life. It would make them unable to withstand even a little bit of setbacks. They would be as fragile as a bubble that would break with just a touch.

Gu Qianru couldn't bear even the slightest blow.

“Chenyi went to the Mu family because he was stupid enough to be deceived by Lin Qingya. Sister-in-law, you should blame Lin Qingya instead of Xiao Huan. Also, Uncle passed away because he had cancer. The cancer cells have spread to his bone marrow, and he was already on the verge of dying.”

Bo Junyan did not want to argue with Gu Qianru at this time.

However, she couldn't continue thinking like this. His wife was the victim, so she shouldn't be hated by anyone.

Actually, he had always suggested that his cousin and Old Master Gu should also let Gu Qianru see some darkness and some setbacks. This was because no one could guarantee that no accidents would happen for the rest of their lives and that they would always be able to protect her.

But they couldn't bear to do so.

In the end, she had completely collapsed. She could even say such things.

No matter what, Old Master Gu's death could not be blamed on Mu Huan. It could not even be considered an indirect result of what happened. This was because his cancer had already spread to his bone marrow when it was discovered. Surgery could not even be carried out, and it was already the time for him to die.

“What do you mean by stupid? That's called kindness! Chenyi is too kind, that's why he's like that! Is kindness also a mistake? Shouldn't people be kind?”

Gu Qianru's rationality told her that Mu Huan had nothing to do with her father's death.

But now that her mental state had completely collapsed, she needed a pillar of emotion to support her from falling.

Mu Huan, unfortunately, became her emotional pillar. She pushed all the blame onto Mu Huan and insisted that it was all Mu Huan's fault. She wanted to chase her away as if, without Mu Huan, all the pain would be gone.

“Cousin, I think Sister-in-law needs to calm down. We have something on, so we'll take our leave first.”

Bo Huaiyun looked at Bo Junyan apologetically. “Okay.”

Bo Junyan did not say anything else and left with Mu Huan in his arms.

When Mu Huan left, she could not help but turn around to look at Gu Qianru.

She met Gu Qianru's furious eyes.

Something seemed to have pierced her heart.

She used to be such a good person, but now...

After they got into the car.

Bo Junyan pulled Mu Huan into his embrace and gently caressed her head. “Don't think too much. You didn't do anything wrong. You're the victim.”

She shouldn't have to bear with these criticisms that she didn't deserve.

"Hubby, thank you..." Mu Huan reached out and hugged him.

No matter what happened, he would always stand on her side against anyone.

Bo Junyan did not speak and only lowered his head to kiss her forehead.

They stayed that way until they reached home.

"You don't have to go to the hospital anymore. Don't even think about the Gu family's matters. Don't worry. You can go to your school and conduct experiments normally. When she has realized her mistake, you can visit her again. But if she can't calm down first, she won't be able to get over it in a short time. You don't have to bother about her and don't have to go visit the Gu family anymore."

When a person loses their closest kin, they would not be able to take it. They would say things without thinking, and others must be patient with them.

"Yes."

Just as Bo Junyan was about to leave...

"Hubby, did you go to the Imperial Capital yesterday?"

"Yes."

"Then you and Grandpa..." Mu Huan had been afraid that he would be in such a hurry to go to the Imperial Capital and start a big conflict with his grandpa.

"You don't have to worry about these things. I'll handle everything."

Chapter 530: Sister-in-law Belongs to My Cousin (3)

Bo Junyan didn't want her to feel any burden in her heart. She had done nothing wrong and it was all others' fault. She didn't have to have her mood affected because of these things.

Mu Huan did not continue asking. "Hubby, come back early to rest after you're done with your work."

"Be good." Bo Junyan lowered his head and kissed her again.

Yun University...

"What's the matter with you leaving in such a hurry yesterday? You didn't pick up the call after that." Seeing Mu Huan, Li Meng hurriedly pulled her to a seat.

"Gu Chenyi's grandfather has passed away, and his mother is in a bad mood. After I left the hospital, I was in a bad mood and didn't notice that my phone had run out of battery." Although Mu Huan wasn't in the wrong, after such a thing had happened, her mood would still definitely be affected. She was hated by someone who used to treat her well.

Seeing this, Li Meng reached out and put her arm around her shoulder. "There's your favorite spicy chicken in the canteen today. Let's go have a good meal early. Once we're full, everything else will be gone!"

“Okay!” Mu Huan put down her heavy mood and nodded.

After school in the morning, Mu Huan and Li Meng went to the school canteen. The canteen’s spicy chicken was different from the ones that were made in other places. The food made in the school was especially good. Every time there was spicy chicken, Mu Huan would have to have three servings to eat.

As a person who had to rely on good food to ease her mood, she naturally had the appetite to eat.

However, even though they had already gone there very early, the spicy chicken had been sold out!

“Auntie, why are you sold out so early?” Li Meng asked the helper who was serving food.

“Just now, a young man asked for all the spicy chickens and took the pot away.”

Li Meng: “...”

Mu Huan: “...”

Who was it?

All of a sudden, she caught a whiff of the rich smell of spicy chicken and looked over.

She saw that Long Feiting was guarding a big pot of spicy chicken, then he got someone to call the students who came to the canteen, offering the spicy chicken for free.

Mu Huan: “...”

Every time she saw Long Feiting, she wanted to punch him.

Long Feiting met her gaze with a look of provocation. *You didn’t give me face previously!*

Mu Huan’s lips twitched.

Li Meng broke out in a cold sweat. “Don’t you think that Long Feiting is becoming more and more childish? He’s like a fool who’s in love. He’s so childish that it makes one’s hair stand on end!”

“It’s not love that made him turn into a fool. It’s a contagious disease. After spending so much time with Mu Kexin, he’s also become a moron.”

“That makes sense!” Li Meng nodded. Then, she added, “Let’s eat the braised fish! The braised fish is delicious too.”

“Yes.”

The two of them went to another window to get food.

When Long Feiting saw that Mu Huan was ignoring him like this, he instantly lost his energy. The smugness that he’d felt when he saw Mu Huan unable to eat the spicy chicken had all turned into disdain and contempt for what he was doing.

“What are you doing here? Are you going to change your profession and sell food instead?” Huo Yuqi raised an eyebrow when she saw Long Feiting guarding a huge pot of spicy chicken.

“Crazy.” Long Feiting rolled his eyes at her.

He scooped a big plate of spicy chicken and walked toward Mu Huan.

Huo Yuqi followed him.

She thought that Long Feiting was sending some to her.

Unexpectedly, Long Feiting sat opposite Mu Huan and started to eat happily.

Mu Huan: "..."

Li Meng: "..."

Huo Yuqi: "..."

After a while.

Huo Yuqi leaned close to Long Feiting and whispered, "Long Feiting, do you know what you look like when you do this?"

"What?"
