

Fake Marriage 531

Chapter 531: Sister-in-law Belongs to My Cousin (4)

“You know how in kindergarten, when a boy likes a girl but doesn’t know how to express it? He deliberately provokes the girl to anger just to attract her attention!”

Long Feiting, who was eating, became agitated. The food in his mouth was stuck in his throat. Instantly, his face turned black and blue!

Huo Yuqi was so frightened that she quickly patted him on the back to calm him down. However, his expression did not improve at all. He was speechless, as if he was about to suffocate.

“Long Feiting... You... What’s wrong with you...” Huo Yuqi was so frightened that she was crying.

What should she do... what should she do...

Just as Huo Yuqi was lost in thought...

Mu Huan came up to Long Feiting’s back. With one hand open and the other fist, she hugged Long Feiting’s abdomen. Then, after she gave a forceful pull, Long Feiting spat out the food that was stuck in his throat. His expression instantly turned better.

Mu Huan let go of him and said with a look of disdain, “You’re indeed a moron!”

He was already an adult, yet he could almost choke to death from eating!

This child was a goner.

Long Feiting: “You...”

But when he thought about how he had almost become the first person in history to be choked to death by spicy chicken, he was instantly speechless.

Huo Yuqi came back to her senses and said with admiration, “Sister-in-law, you’re so amazing! How did you do it?! It’s so amazing! You saved him in a flash!”

“It’s not that I’m amazing, I just used the first-aid technique called the Heimlich maneuver. In the future, when you see someone choking on something, you can use this method to save them,” Mu Huan said as she walked behind Huo Yuqi, hugged her from behind, and demonstrated to her what to do.

At present, the country was also strongly promoting this type of emergency treatment. After all, such things often happen in life. Learning this could save many regrets over things that should not have happened.

Like how the Long family would have been devastated if Long Feiting choked to death just now.

Huo Yuqi, who was being hugged from behind, felt her heart racing for some reason. She didn’t even notice that Mu Huan had completed her demonstration.

“Do you know how to do it now?” Mu Huan asked after letting go of her.

“Ah...” Huo Yuqi was stunned.

“You didn’t catch it?”

“Uh-huh...” Huo Yuqi nodded instinctively.

“Then I’ll teach you one more time.” She was always by Long Feiting’s side. If this moron choked on his food again, she wouldn’t have to just stare at him foolishly as he choked to death.

“Uh-huh...”

Mu Huan taught Huo Yuqi again.

“Did you get it?”

“N-no...”

Mu Huan frowned when she heard that, but she did not say anything. She taught her again.

“What about now?”

“N-no...”

This time, he did not wait for Mu Huan to say anything.

Long Feiting said, “Huo Yuqi, are you a pig? You can’t even do such a simple move after being shown three times!” If she wasn’t a girl and if he didn’t know that she liked his older brother, he would have suspected that she was taking advantage of Mu Huan on purpose!

“You’re the pig! You can actually choke to death while you eat!”

Long Feiting: “...!!!”

This was the greatest humiliation in his life! There was no other insult to top it!

“I’ll teach you one more time. Be more focused.” Mu Huan was in a hurry to eat, so she had no time to watch them bicker.

“Yes.”

Mu Huan taught Huo Yuqi once again, and she said she knew how to do it now.

Mu Huan sat down to eat.

Long Feiting got someone to bring over the spicy chicken and placed it in front of Mu Huan.

“I’ve never owed anyone a favor. This spicy chicken is yours!”

Mu Huan sized him up and said, “Your life is only worth a pot of spicy chicken? It’s really cheap...”

If he had nothing better to do, then he would continue causing trouble for her!

Chapter 532: Sister-in-law Belongs to My Cousin (5)

Long Feiting: “...!!!”

“I’ll take the spicy chicken. Move aside and don’t delay my meal.” Mu Huan told him to stay away from her.

When she was eating, she didn’t like to be disturbed.

Long Feiting felt that Mu Huan had a special ability that made her so popular, he could not do anything about it.

No matter how angry he was, no matter how much he glared at Mu Huan, she seemed to be fine.

Long Feiting could only leave and return to his seat.

Mu Huan had never had anything against food. Since the spicy chicken was hers, of course she had to eat it.

“Wow, this time, it’s more delicious than before!”

“Yes, yes, indeed.” Li Meng nodded. This time, it was especially delicious.

“Next time, let’s buy a pot as well!” Perhaps it was the pot and the soup that made the food even more delicious.

“Alright, alright.” Li Meng nodded repeatedly.

Long Feiting: “...!!!”

“Look at your behavior. Don’t tell me you like my sister-in-law?” Huo Yuqi whispered after leaning close to Long Feiting.

“What nonsense are you talking about?!” Long Feiting glared at her. It was all her fault for speaking nonsense for no reason. He almost choked to death!

“You better not be! My sister-in-law belongs to my cousin!” Huo Yuqi warned.

Long Feiting sneered, “Aren’t you changing sides too quickly? You even swore to protect Ling Wei!”

Huo Yuqi: “...”

“Do you know that you’ve made yourself a traitor?”

“You’re the traitor! I’ll ignore you!” Huo Yuqi said as she stood up and left.

After she left, Long Feiting ate angrily.

What nonsense was that wretched girl spouting?!

Why would he like Mu Huan?!

She was Bo Junyan’s wife, a married woman!

It was the person he wanted to torture to death!

At the hospital...

“Qianru, you really can’t blame Mu Huan for this. If you want to blame someone, blame that girl Lin Qingya. She’s too crafty and evil.” Bo Huaiyun did not want to spoil the relationship between them and Bo Junyan. Thus, he would advise her whenever Gu Qianru calmed down.

He wanted to make her stop thinking that way.

Although he didn’t like Mu Huan because his son couldn’t fall out of love with her, he really couldn’t blame Mu Huan for this.

This was their problem. They could not let an innocent person like her bear it.

Especially when she was deeply loved by Bo Junyan.

One had to know that Bo Junyan was so respectful to his grandfather, yet he was able to get the shareholders to sign a document overnight because of Mu Huan. Forget about taking his grandfather’s authority, he even said that he wanted to cut ties with him.

Their cousin and cousin-in-law might end up hurting their relationship even more.

The feelings between people depended on sacrifice and weight.

If Mu Huan was wrong, they could not let her off, but she was not wrong.

If this continued, her feelings would really be hurt.

Gu Qianru remained silent.

“You should hate Lin Qingya. I’ve asked Junyan to let her come over. Let’s see how you want to deal with her, alright?” Bo Huaiyun knew that she needed to vent her emotions, so he asked Lin Qingya over to let Gu Qianru vent her anger.

“You deal with her. I don’t want to see her again! Do whatever you want to do to her!” Gu Qianru did not want to see Lin Qingya again.

Thinking back on how much she had done for Lin Qingya, she felt that she was the most stupid person in the world! Everyone knew that she wasn’t good; she was the only one who didn’t know! She even treated her less like a daughter-in-law and more like her own daughter!

“Alright.”

The Bo family...

When Mu Huan walked to the entrance of the main house, she heard a conversation between women. Two of the voices belonged to Ling Wei and Huo Yuqi, but the other voice was unfamiliar. She had never heard it before.

Chapter 533: Mother-in-law Is Here (1)

After Mu Huan walked in, she saw a lady with an outstanding temperament sitting in the middle of the sofa. Ling Wei and Huo Yuqi were sitting on either side of her, and the three of them were conversing intimately.

The lady looked similar to her second aunt, Meng Yueying, who had video-called her twice.

She had once asked Bo Junyan how many aunts he had, but he said there's only one.

Based on the lady's appearance and age, Mu Huan suddenly realized that the lady sitting in front of her might be her mother-in-law!

Back then, because Bo Junyan's mother had had an urgent matter to attend to with his father, her mother had flown away before she even attended the matchmaking event. After the wedding, Bo Junyan's parents had only called a few times, and they had only called Bo Junyan. On the other hand, Bo Junyan, who did not like to take pictures, did not even have a family portrait in his home. Hence, Mu Huan had not even seen once, let alone spoken to her in-laws.

Just then, the butler walked up to her.

"Young Madam, you're back." Now that he had two mistresses, he automatically changed Mu Huan's address to Young Madam so that they could tell whom he was referring to.

Then, without waiting for Mu Huan to say anything...

"Young Madam, Madam has just arrived home. I was about to call you when you came back." The butler knew that Mu Huan had never met Bo Junyan's mother, so he immediately revealed her status as a wealthy lady.

Mu Huan looked at the butler gratefully.

Although she had guessed that the lady in front of her might be her mother-in-law, she wasn't very sure. This was because the person who looked like Meng Yueying might be another cousin. It would be awkward if she went up and called her mother.

But if she didn't call her mother-in-law, it would make her look especially rude.

The butler was probably afraid that she would feel awkward, so he made it clear that she was her mother-in-law.

Hence, she was especially grateful to the butler.

The butler returned her a polite look and retreated to the side.

Mu Huan retracted her gaze and looked at the lady sitting on the sofa. No, her mother-in-law...

She suddenly became nervous.

When a person cared about someone, they would care about everything about him. Mu Huan cared about Bo Junyan and wanted to be with him for a long time. Hence, she naturally had to care about his mother.

She instinctively wanted to leave a good impression on his mother. She wanted his mother to like her.

However, she was not mentally prepared for such a sudden meeting, let alone her appearance!

She was bare-faced and dressed in sportswear. She still had the smell that she had picked up in the laboratory. Also, she did not shower or wash her hair yesterday because she was in a bad mood!

She didn't even feel like going out and seeing anyone without first washing her hair. Now that she had such a messy head, she was meeting her mother-in-law without warning!

What the f*ck...

She felt like dying!

This made her want to run to the side to give Bo Junyan a call and scold him. Why didn't he tell her about his mother's return in advance so that she could be prepared?!

How could a wife not recognize her mother-in-law? She could only rely on guessing!

Also, when other people first meet their mother-in-law, they dress up so meticulously and even present a gift.

How nice of her!

The more she thought about it, the more upset she felt. She wanted to pull Bo Junyan out and beat him up!

She didn't know, and Bo Junyan didn't tell her that his mother was coming back. She even came back without a sound.

She subconsciously tidied her hair and clothes and walked up to them. She shouted nervously, "Mom... Mom, you're back..."

Chapter 534: Mother-in-law Is Here (2)

This was the first time she had addressed someone else as her mother, and in such an awkward situation, she could not help but stammer.

Meng Yueman, who was talking to Ling Wei, looked over.

When she met her gaze, Mu Huan became even more nervous. She stood there, as if she had been called over by her teacher for the first time in her childhood. She felt uneasy and uncomfortable.

"M-hm." Meng Yueman had sized Mu Huan up and down before lightly acknowledging her.

Mu Huan: "..."

What should she say in this situation? What should she say?

Should she say something or just stand quietly by the side?

Or...

In front of people who cared about your loved ones, one would always be extra cautious. When it was their first time meeting, they especially didn't know what to talk about. If they were to start talking, it might turn out to be too much of a mistake. If they didn't, they would appear rude.

Especially since her mother-in-law did not seem to have any intention of chatting with her.

Mu Huan stood there awkwardly.

Just then, Bo Junyan returned.

He frowned when he saw Meng Yueman. "Mom, why did you suddenly come back? Why didn't you tell me in advance?"

Mu Huan looked at Bo Junyan in shock.

Did he not know that his mother was coming back?

"I made a last-minute decision, so I didn't tell you," Meng Yueman said lightly.

"Where's Dad?"

"Your father needs another three days of treatment before this treatment is completed. He will be back on the day before your cousin's father-in-law's funeral."

"Oh." Bo Junyan did not say anything else. He walked to Mu Huan's side and lowered his head to kiss her. Then, he said, "You just came back, right?"

"Yes."

"There's the smell of medicine from the lab on your body. Hurry up and take a shower and change your clothes before coming down," Bo Junyan said as he caressed her head.

Mu Huan: "..."

If there's a smell, then don't say it! If you say it out loud, I'd be embarrassed!

However, thinking that this was a good excuse for her to leave temporarily and make preparations, she was still very grateful to her husband.

Hence, she looked at Meng Yueman. "Mom... I'll go up first."

"Hm." Meng Yueman once again gave a faint hum.

Compared to her intimate conversation with the others, her attitude toward Mu Huan was obviously much colder.

Mu Huan could sense it, but she knew that Ling Wei had grown up knowing Meng Yueman. In the past, the two families had agreed on a marriage. Her mother-in-law must have treated Ling Wei as her daughter-in-law, especially since her mother-in-law and Ling Wei's mother were good friends.

She liked Ling Wei a lot, so she was very sure of her!

And Mu Huan, on the other hand, was only a person she had met for the first time. There was no way she could be enthusiastic about her.

Hence, Mu Huan didn't think too much about it. All she wanted was to hurry up and tidy herself up.

After Mu Huan went up, Meng Yueman looked at Bo Junyan.

"She dated Chenyi before?"

“She’d simply agreed to Chenyi’s pursuit. They never even held hands. It’s not considered a relationship.” Bo Junyan didn’t think that that was considered a relationship.

“But Chenyi still likes her.”

“That’s Chenyi’s business.”

“What about her? Does she still like Chenyi?”

“No.”

“Are you sure? After all, the two of you have an age gap. When I saw her coming in just now, I thought that a high school student had gone to the wrong place.” Meng Yueman had seen Mu Huan’s photo. She looked rather small in the photo, but Meng Yueman did not expect her to actually be even smaller.

“Mom, you and Dad have an age gap,” Bo Junyan reminded her.

Mr. Bo got married late, only getting married when he was 34. Meng Yueman was only 22 years old, making the two of them 12 years apart in age.

Chapter 535: The Mother-in-law Is Here (3)

Bo Junyan doted on and respected his wife. The two of them were very loving, and wherever they went, they would follow each other like shadows. Bo Junyan owned billions of assets, but he never messed around. He was absolutely loyal to his marriage and had such loving parents and family. From a young age, Bo Junyan had subtly changed his mind. He valued marriage and never thought about getting a divorce after getting married. Even back when he had no feelings for her, he would always show love and respect and dote on her.

What more now, when they had feelings for each other.

Meng Yueman: “...”

That’s true.

But now that she was old and couldn’t tell the difference, she had forgotten the age gap between her and her husband.

Upstairs...

By the time Bo Junyan returned to his room, Mu Huan had already come out of the shower and was sitting on the dressing table in a dilemma.

She heard him coming in.

She immediately turned to look at him and said, “Hubby, do you think I should not put on makeup or just have light makeup? If I were to put on makeup, wouldn’t it seem too deliberate? If I were to put on makeup, wouldn’t it make me look less outstanding and make your mom dislike me?”

Just now, downstairs, her mother-in-law had already seen her bare face, and she even looked a little unkempt. If she were to put on makeup well when there were no banquets to attend, she was afraid that she would appear to be trying too hard.

But if she were to put on light makeup and got compared to Ling Wei, who had exquisite makeup on, then it would be harmful!

“You’ll look good no matter what you look like. Mom will like you,” Bo Junyan said as he caressed her head.

Mu Huan pouted. His suggestion was no different from having no suggestions! Also, she asked, “Where did you get the confidence to say that?”

Given how cold her mother-in-law was to her just now, Mu Huan knew it was impossible for her to like Mu Huan so easily. No one would like someone so easily!

Bo Junyan: “I’m born with confidence.”

Mu Huan: “...”

“You don’t have to worry too much. Mom was born a cold and aloof person. The first time she met you, she definitely wouldn’t be enthusiastic.” Bo Junyan knew his mother’s character. He knew that before he returned, the two of them had only spoken less than three sentences.

As such, anyone would feel that his mother was cold.

“Yes, I know. No one will be enthusiastic about the first time they meet another.” After all, they were not close! “I just want to perform better in front of your mother. I want her to like me so that our family can be harmonious and happy. Every day, when we open our eyes, it’ll be a beautiful day!”

Although Mu Huan had never been married, she knew that in marriage, the relationship between mother-in-law and daughter-in-law was very important. If a mother-in-law liked her daughter-in-law, then the marriage would go smoothly. If a mother-in-law didn’t like her daughter-in-law, the marriage would be fraught with difficulties.

Besides, even if it wasn’t for the sake of a smooth marriage, just because she was the mother of the man she liked, she wanted her to like her.

The fact that Mu Huan had such thoughts about their future lives and the fact that she could put in so much effort to put on a better performance in front of his mother so that she would like her made Bo Junyan very happy.

He reached out to carry Mu Huan in his arms and sat her down. “As long as it’s something I like, my mom will eventually like it. So, you can do whatever you want.”

“One can’t do as one pleases. I have to work hard no matter what. What if your mom thinks that I’m not good enough for you if I don’t perform well?” Mu Huan felt that she had to work hard to do something. After all, no one would be easily liked by others. No one in this world would want their son to marry a woman they didn’t like.

Chapter 536: Mother-in-law Is Here (4)

Bo Junyan liked his wife’s positive and hardworking personality. She did anything with great effort.

“Mom is like me. She doesn’t like people with thick makeup. As long as you don’t put on thick makeup, you can do whatever you want. Even if you don’t wear makeup, it’d still be fine!”

Because his wife was good at everything in his eyes, Bo Junyan felt that she was the best no matter what! She was beautiful no matter what!

Mu Huan, who already had an idea in her mind, nodded and said, "Oh, right. Hurry up and tell me about your mother's preferences and dislikes, lest I commit a taboo."

"Okay." Bo Junyan told Mu Huan about his mother's favorite dishes and the like, as well as the way to make her favorite food and the things she disliked.

This was necessary.

Ever since he was young, even if his mother did not like something, as long as he liked it, she would eventually like it in the end. For example, when he went to be a doctor, his mother's objection was so much that she would start crying and kicking up a fuss. But in the end, she still accepted his studying medicine and becoming a doctor. In the end, she even thought that he was good at studying medicine.

Hence, no matter how his mother looked at Mu Huan and whether she liked Mu Huan or not, she would eventually accept and like her because he liked her.

However, he also wanted his mother to like Mu Huan from the start. Just like what Mu Huan had said, he hoped that their family would be harmonious and happy. Every day would then be a wonderful day to open their eyes to.

In the past, Bo Junyan only knew how to work. All he could think of was how to quickly expand the Bo family's reach to what he wanted.

Now, apart from his work, he was also beginning to enjoy life. And this was all because of Mu Huan.

As Mu Huan and Bo Junyan finished freshening up, the butler had already prepared dinner downstairs.

Mu Huan wasn't dressed formally. She must have panicked a little when she suddenly met her mother-in-law without any warning at the start. But after the panic had subsided, she calmed down and thought that she should just dress up normally. There was no need to be too nervous or anxious to make her mother-in-law like her. After all, she would only succeed to make a fool out of herself.

Although she had only put on light makeup, she still looked different from before. She looked much more energetic and beautiful, her youthfulness especially showing through.

Meng Yueman couldn't help but sigh in her heart when she saw this. *Youth is so good!*

Then, she looked at her niece. Despite being the same age as Mu Huan, she always dressed too maturely.

Huo Yuqi seemed to have understood the meaning in her eyes, and she sighed in her heart. She was already dressing so maturely, but Long Feilei still only saw her as a little girl. If she were to make herself appear a little younger, he wouldn't even notice her.

Didn't men like tender grass? Why was he so different from other men? Did he not want this tender grass?

"Mom..." Mu Huan smiled widely at Meng Yueman.

“Hm.” Meng Yueman didn’t really like or dislike this daughter-in-law of hers. After all, this was her first time meeting her, so she still needed to have more contact with her to have an opinion.

It was just that the fact that Mu Huan had dated Gu Chenyi made her a little bothered.

Especially since the incident at the engagement party had already spread throughout the entire industry. Everyone knew about this matter, and the rumors were rather nasty.

The Bo family had never been involved in such a scandal before, so she must be feeling a little bothered and uncomfortable.

But she heard from her son that Mu Huan had been forced to attend his matchmaking session.

Chapter 537: Mother-in-law Is Here (5)

In other words, Mu Huan didn’t want to marry him back then. It wasn’t the case that she got to know about her son’s plan to marry through Chenyi, nor was she just using him to seduce her son.

She didn’t even know that she was marrying her ex-boyfriend’s uncle. Thus, she couldn’t be in the wrong.

Moreover, the two of them were just like what her son had said. They could not be considered dating because they had never even held hands.

Furthermore, she knew that her son liked this daughter-in-law a lot at the start, let alone now. He was a cold-hearted son who had never done anything like that since he was young. Hence, she could not bear to give her daughter-in-law the same treatment as her father did.

Also, she heard from her sister that this daughter-in-law had saved Yuqi twice. This meant that her daughter-in-law was a good person. At the very least, there was a guarantee that she was kind.

After all, she knew her niece’s temper very well. She knew how much she liked Ling Wei, and she knew that it was inevitable for her to find trouble with Mu Huan here. Despite Yuqi finding trouble with her, she was still willing to save her.

When good and bad things counteracted each other, it would result in a situation where there was neither fondness nor dislike.

After Mu Huan sat down, Aunt Liang, who had been standing behind Meng Yueman, walked up to Mu Huan and handed her a beautifully packaged box.

Mu Huan was stunned. Was this a gift for her?

Right at this moment, Meng Yueman said, “I made a hasty decision to return. I didn’t manage to pick a present for you properly. I’ll bring you to pick a good one after Chenyi’s grandfather’s funeral.”

Mu Huan quickly took it from her. “Thank you, Mom!”

“Let’s eat.” Meng Yueman picked up her chopsticks.

Mu Huan didn’t know what to talk to Meng Yueman about, and neither did Meng Yueman. She knew everything about Mu Huan, and she didn’t have anything in particular to ask or chat about.

However, just as Mu Huan had surmised, Meng Yueman definitely liked Ling Wei. Furthermore, they had been in a relationship for so many years, so she had a lot to talk about with Ling Wei.

Ling Wei was well aware of Meng Yueman's preferences, and their interactions were very intimate.

Ling Wei had grown up by Meng Yueman's side since she was young, and she was almost like her own daughter. Furthermore, Meng Yueman did not know the truth behind the breakup between Bo Junyan and Ling Wei. She only thought that the two children were not on good terms and that the two of them were arrogant, so they broke up. She would definitely feel regretful about their breakup. After all, she had treated Ling Wei as her daughter-in-law since she was young. Despite all these years of hard work and love, they could not become a family.

Hence, a few years ago, she also thought that her son was waiting for Ling Wei and hoped that the two of them could still be together in the end. Hence, she didn't let him have a girlfriend. It wasn't until she heard from the person who served her father that Ling Wei seemed to have a boyfriend that she got her husband to investigate. She found out that she was secretly dating a duke overseas, and that was when she realized that it was impossible between the two of them.

Furthermore, her husband's health was getting worse every year. In a hurry to have a grandchild, she started to urge her son to get a girlfriend and get married.

Her son found it troublesome to find a girlfriend, so she arranged a matchmaking session for him. After the meeting in the Imperial Capital ended, she went to Xiangyun City. Later on, when he got annoyed, she gathered all the candidates that she thought fit the bill, and he chose one from them.

He even said that it didn't matter whom he chose, and it was soon settled. She hadn't wanted to cause him any trouble.

Chapter 538: Mother-in-law Is Here (6)

Hence, she had personally taken a look at the photos of her family. The Mu family was not qualified enough, but because of the Mu family's relationship with her husband, she'd added the two daughters of the Mu family. She did not expect her son to choose a daughter of the Mu family.

Her husband thought that marrying the Mu family's daughter was a good idea. At that time, she felt that it was fine as long as her son was willing to get married. Hence, she did not say much.

She was the one who'd picked the candidates herself, so she wouldn't say anything now.

However, she, who was born with a noble background and had had a high status all her life paired with a cold personality, would not find trouble with people she was not familiar with, especially her juniors. Hence, she had nothing to say to Mu Huan.

As for Mu Huan, although she was trying her best to find a topic to talk about, she was still not familiar with this mother-in-law. And even if she could find a topic to talk about, she would die after a few words.

Bo Junyan had always been a man of few words. Whenever Mu Huan talked to him, the conversation would often end up dead, so asking him to lead the conversation was even more hopeless. Hence, Mu

Huan did not work hard to find a topic to chat about. She thought that in the future, once they'd become close, there would naturally be something for them to talk about.

She started to focus on eating.

Bo Junyan and the rest were already used to Mu Huan's appetite. However, this was the first time Meng Yueman had seen Mu Huan eat. After the meal, she was amazed at Mu Huan's good appetite.

"This child has such a good appetite."

Mu Huan, who had wanted to finish this meal with another bowl of soup, paused when she heard her mother-in-law's words. She felt awkward. Should she be more restrained?

It was the first time they met yet she could eat so much.

Right then, Bo Junyan said, "Yes, she's always had a good appetite."

Mu Huan: "..."

"A good appetite is everything. Eat more nutritious food to take care of your body so that you can give birth." Meng Yueman smiled at Mu Huan for the first time tonight.

There was no such thing as someone her age who didn't want to have a grandchild. She had been urging her son to go on a blind date and get married so that she could have one. Hence, she naturally put this matter on the agenda.

Of course, she preferred a granddaughter more than a grandson!

Mu Huan: "..."

Because Mu Huan was still young, Bo Junyan did not plan to have a child this early. However, he also knew that this was not the time to talk about this. Hence, he did not agree or say that he had no plans to have a child for the time being.

Ling Wei saw that Meng Yueman was now able to accept Mu Huan as her daughter-in-law. If she were to wait until Mu Huan was pregnant, she wouldn't be able to sit still and not collapse. She felt that her plan should be changed.

Ling Wei was a person with a good family background and was outstanding in all aspects. Why did she insist on having a married man like Bo Junyan after she returned? Apart from the fact that he was the most outstanding person Ling Wei liked, she, Ling Wei, had to marry the best. It was also because, as was previously mentioned, Ling Wei had a half-brother from the same father.

Ever since she was young, she had always felt that everything in the Ling family should belong to her. She would not allow anyone else to steal anything that belonged to her. Hence, she wanted to take advantage of her younger brother's young age to get together with Bo Junyan so that the two families could merge. By then, everything would be theirs!

In this plan, apart from Bo Junyan's grandfather, she needed the most support from Meng Yueman.

She couldn't let her like Mu Huan so much that she couldn't wait for her to get pregnant.

At the end of dinner...

Meng Yueman said, "Xiao Huan, you can tell your grandma later. I'll see you when I have the time and talk about your dowry and the wedding."

Chapter 539: Mother-in-law Is Here (7)

When they were overseas, Meng Yueman had discussed with her husband to hold their son's wedding next spring.

If the Bo family wanted to hold a wedding, it had to be grand and resplendent. Thus, the wedding planning should start now.

When the two young people had registered their marriage, Meng Yueman and her husband couldn't come back from overseas and didn't see their in-laws. Now that they were about to hold a wedding, it was time for the families to have a chat.

"Okay... Alright..." Mu Huan did not want to have anything to do with the Mus in regard to her marriage with Bo Junyan. Hence, she had never thought of letting the Mus get involved in her wedding.

Hence, when she suddenly heard these words, she stuttered.

"Let's find a day after Junyan's father returns," Meng Yueman continued.

"Okay..."

After dinner, Meng Yueman asked Ling Wei to accompany her for a walk to cool down.

It was obvious that she wanted Ling Wei to accompany her, so naturally, Mu Huan wouldn't go forward.

However, when she saw how close her mother-in-law was with her love rival, she naturally felt uncomfortable.

Seeing this, Huo Yuqi said, "My aunt and Sister Ling Wei's relationship is even deeper than mine. Hence, it's not something that you can compare to in a short time. You don't have to feel that you're not good enough to please my aunt."

Mu Huan looked at Huo Yuqi in surprise. She didn't expect her to comfort her.

"Why are you looking at me like that?! You're nuts!" Huo Yuqi turned around and left after saying that.

Mu Huan looked at her back and smiled. "Your cousin is rather cute."

"No."

Mu Huan: "..."

In the past, he wanted her to get along well with his cousin. Now that she was praising his cousin, he was unhappy!

This man was so fickle!

After returning to her room, Mu Huan recalled that her mother-in-law had said that she wanted to meet her grandma and father. She felt a headache coming on.

Bo Junyan looked at her and asked, "What's the matter?"

"Didn't Mom say that she wanted to see my grandma and dad to discuss the dowry? When the time comes, my grandma might take the opportunity to make a big fuss... and Dad..." Mu Huan's head hurt even more as she thought about the coming scene.

"You don't have to worry about this. I'll deal with it. We'll have a good chat when we meet." Bo Junyan reached out to caress her head.

"Hubby... I love you so much!" Mu Huan reached out and hugged him, thinking that she had really married the best husband in history!

He would help her with such matters, and she would be free of worries!

"How much do you love me?" Bo Junyan had a nagging feeling that her saying she loved him so much was just a mantra.

It was just like how anyone could give another a kiss.

"I'll love you until the end of the world, where the mountains are without edges, the river is dry, the winter thunder is shaking, the summer snow is falling, the world is united, the world is destroyed—through all that, I dare to be with you!" Mu Huan's expression was full of love!

Bo Junyan smiled and lowered his head to kiss her.

It was a quiet night.

"Are you saying that Yueman likes Mu Huan despite everything?" The Old Master frowned.

"Yes." Ling Wei looked out the window at the night sky and thought about what Meng Yueman had told her.

Her mood was somewhat similar to the weather outside. Was there no irreplaceable person in this world?

In the past, Meng Yueman recognized only her as a daughter-in-law. Now, she had easily accepted someone else as her daughter-in-law.

"What's wrong with her?! Before she returned, I even especially instructed her!" Meng Yueman came back suddenly because of the Old Master.

"Aunt has always been a good person." Having been close with her for so many years, Ling Wei naturally understood Meng Yueman very well.

"That's not good. She's a fool! We deliberately created such a scandal before she returned, but she didn't end up disliking Mu Huan and even accepted her so easily!" Old Master Meng felt that his daughter was a fool.

“Aunt dotes on her son too. She will always like whatever Junyan likes.” As long as she didn’t think that her daughter-in-law was bad or evil, Meng Yueman, who doted on her son, would always be a good mother-in-law.

“I’ll talk to her later!” Old Master Meng decided to reprimand his daughter later.

After a moment of silence, Ling Wei said, “Mu Huan has a bad relationship with her half-sister. I heard that her stepmother was sent to a mental hospital by Junyan. Back then, she was also forced to attend the matchmaking event. There must be something going on. Grandfather, you can start from there. If you can find out anything that is disadvantageous to Mu Huan and bring that to light, not only will this anger Junyan, but it will also make Aunt Yueman hate Mu Huan.”

Every time, Ling Wei was the one who came up with ideas, but she would never come into contact with their implementation. Whatever he did was her idea, and only Old Master Meng knew about it. Hence, every time she did something, she would be able to wash her hands of it cleanly, as if it had nothing to do with her.

Mu Huan wouldn’t find any proof that Ling Wei was involved.

However, Mu Huan knew very well that this had something to do with her. She wouldn’t be able to help but tell Bo Junyan if Ling Wei had done these things.

As there was no evidence to prove that Ling Wei had something to do with these things, this made Bo Junyan feel that Mu Huan was just worrying about Ling Wei’s feelings.

“Okay.” After speaking, Old Master Meng hung up.

As Bo Junyan had said, his grandfather was really getting old, and there were many things about him that had changed. He was a big shot when he was young, and very noble, but when he got old, he became very absurd. There were many famous people in history, and among them, there were many famous visionaries.

They had made great contributions to the advancement of human civilization, and they were all geniuses.

But now that they were old, they had changed. They could do things that they would never have done in the past.

Perhaps it was because these people were getting old and facing death, and the glory they’d once had had made them unwilling to part with it, that they were afraid, or perhaps there were some things they wanted to complete, but they were suddenly unable to do so. Thus, they began to crazily try to complete it.

Bo Junyan’s grandfather belonged to the latter type...

The old man was almost 80 years old. His greatest ambition in life had yet to be completed. This made him feel indignant and especially desire to complete it. Hence, he was especially persistent in making Bo Junyan and Ling Wei get together. He wanted to see the two families merge and complete what he had always wanted.

The next morning.

Mu Kexin, who was going to school, was invited into a black luxury car.

At the same time, someone went to Bai Xuexian's mental hospital.

At the Gu residence...

"Qianru, the dead have passed away. Don't be too sad. You have to take care of your health. Your father doted on you so much. He'd definitely want you to be fine..." Meng Yueman came to the Gu residence early in the morning to visit Gu Qianru.

"Thank you, Auntie." Gu Qianru had been crying and become even thinner these past few days. It looked like a gust of wind could blow her away.

The pain of losing one's kin could only be treated with time. It was not something that a few words of comfort could fix. Hence, Meng Yueman did not say anything else.

She went to look for Bo Huaiyun to see if there was anything she could handle for the funeral.

Gu Qianru looked at her retreating figure with a conflicted expression.
