

Fake Marriage 541

Chapter 541: No One Can Wrong Their Wife (1)

That afternoon, Meng Yueman was getting ready to leave.

Gu Qianru, who was sending her out, said, "Auntie, don't let Xiao Huan attend my father's funeral."

Meng Yueman was stunned. Mu Huan was the daughter-in-law of the Bo family, and everyone knew about the relationship between the two families. If her daughter-in-law did not attend Old Master Gu's funeral, what would others think of her?

"Auntie, I'm asking Xiao Huan not to attend the funeral for the good of our two families. You should know that Chenyi still likes Xiao Huan. Previously, when Lin Qingya was still carrying a child that he was responsible for, he had sought Xiao Huan out, asking her to elope. Now that there's no one else for him to be responsible for, I don't know what will happen if we let the two of them meet again in the future. Therefore, I want them to never meet again."

"He wanted to elope?" Meng Yueman frowned.

"Yes."

After a moment of silence, Meng Yueman said, "I'll go back and inform Junyan."

The Bo family...

The moment he got home, he was called over by Meng Yueman.

"Chenyi once wanted to elope with Xiao Huan?"

Bo Junyan: "..."

"It seems like such a thing really happened." Meng Yueman frowned.

Bo Junyan said, "It's purely Chenyi's wishful thinking. Xiao Huan doesn't have any romantic feelings for him and I've taught Chenyi a lesson."

When Meng Yueman heard this, she did not say anything more, but she could not help feeling uncomfortable.

Meng Yueman was already in her early 50s this year. At her age, she was definitely a conservative person, especially since she had grown up carrying the honor of her family.

Now, the rumors about Mu Huan and Gu Chenyi were a huge scandal to Meng Yueman. If it weren't for the fact that her son liked this daughter-in-law very much, she might have listened to her father's words when she returned and thought of ways to get her son to divorce her and approach Ling Wei again.

This was because the relationship between Mu Huan and Gu Chenyi was a matter of fact, and it was said by their own family. Furthermore, what happened during the engagement ceremony was planned by her father. Hence, she could not use the matter of Mu Huan pushing Lin Qingya to clarify the matter. Otherwise, she would push their family to the center of public opinion and make the family a laughingstock.

In that case, such a scandal would follow them for the rest of their lives.

In this world, all mothers wanted their son to have the best things in the world. Meng Yueman was no exception, especially since her son was so outstanding. Since she had to have a daughter-in-law, she naturally wanted to find a perfect and flawless person. Only then would she be compatible with such an outstanding son like hers.

But she also knew that the most important thing was that her son liked Mu Huan and that Mu Huan was not in the wrong.

Hence, she felt uncomfortable and did not say much.

After a moment of silence, Meng Yueman said, "Your sister-in-law doesn't want Xiao Huan to attend her father's funeral. She said that she was afraid that Chenyi would be unable to control himself and do something."

Bo Junyan frowned.

"She's not without reason. After what happened at the engagement party, Chenyi only cares about whether Xiao Huan pushed Lin Qingya because of him. This makes everyone even more convinced of his and Xiao Huan's relationship. If he were to do anything out of control during the funeral, there would be another storm."

Although Meng Yueman wasn't in the country at that time, she knew what happened during the engagement party.

Many businessmen and political figures were going to attend Old Master Gu's funeral. If Chenyi, that insensible child, really did anything during the funeral, the two families would lose all their face and become a laughingstock.

Chapter 542: No One Can Wrong Their Wife (2)

"After Grandpa's funeral, I'll send Chenyi overseas," Bo Junyan said with a darkened expression. This nephew could no longer stay in the country.

"This is one solution, but you have to consider your sister-in-law's health as well. She looks even thinner than before. Now that she suddenly lost her father and her precious son couldn't be by her side, I'm afraid she won't be able to escape this pain," Meng Yueman said.

"Sister-in-law should also go abroad to recuperate. It's better to be far away from sadness and recover faster."

"Okay. You can discuss this with your cousin." Meng Yueman also felt that Gu Chenyi could not stay in the country. This child was too insensible.

No matter what, Xiao Huan had become his aunt-in-law. Even if he had deep feelings for her, he should let her go. Instead, he did such a thing at the engagement banquet.

He did not consider the big picture at all.

"Yes."

“Don’t make Xiao Huan attend the funeral. I’ll tell the public that she’s sick.”

“You don’t have to tell the public that she’s sick. If Sister-in-law doesn’t want her to come, then so be it. It’s Sister-in-law’s father, after all. It’s not like Xiao Huan is required to go.” Bo Junyan understood why his sister-in-law was behaving this way, but he still felt a knot in his heart.

He could understand her pain, but he could not let his wife suffer because of this. She had done nothing wrong.

“You’re really protective of your wife.” If it were other families, it was true that they wouldn’t be required to go to their sister-in-law’s father’s funeral. However, their relationship with Bo Huaiyun made their situation different. Everyone knew that the relationship between the two families was good, but even her son could do this.

He was too protective of his wife.

“Isn’t that Dad’s catchphrase? Aren’t we not supposed to let anyone wrong our wife? I think he’s absolutely right.”

Meng Yueman’s heart was feeling a little strange because her son was too protective of his wife. However, after hearing her son’s words, that strange feeling disappeared. That’s right. No matter how close a person was, they were still only relatives. Even parents wouldn’t be able to keep their child company forever. Only a daughter-in-law could spend the rest of her life with her son. Who else should she protect if not her?

“Alright, go ahead and do your work. I’ll leave the matter to you.” Meng Yueman had never interfered much with her son’s affairs.

But Bo Junyan did not stand up and leave.

“What’s wrong? Is there something else?”

“Mom, you didn’t come back for me. You came back all of a sudden because Grandpa asked you to do this, right?”

“I can’t hide anything from you,” Meng Yueman said with a smile.

“Mom, Grandpa is old. He thinks too much about things and is too stubborn. You should try to persuade him from now on instead of going along with him.”

“You know that your grandfather is old and you know that that’s his obsession. Also, he didn’t do anything too extreme. Can’t you just tolerate him a little more? Because of that, you even came to the Imperial Capital overnight. Not only did you forget about your grandfather’s authority, but you even threatened him with cutting ties with you next time!

“Let me tell you, unless you’re no longer my child, he’ll always be your grandfather!”

Meng Yueman did not want to talk about her father to her son the moment she returned. Hence, she’d held back her words and did not expect him to bring it up.

“With my grandfather’s personality, if I continue to tolerate him, he will only continue to push his luck.”

Meng Yueman: "..."

Naturally, she knew her father's personality.

"No matter what, he's your biological grandfather. People say that people become like children when they grow old. They often cause trouble without reason. We have to coax him a little. You can't treat him this way. When you were young, you were unreasonable, and when you were looking for trouble, I didn't abandon you!"

Chapter 543: No One Can Wrong Their Wife (3)

"Have I?"

Meng Yueman: "..."

Alright, if I think about it carefully, there's really no such thing! My son has been very sensible since he was young!

"Even if you didn't, that's still your biological grandfather. You can't treat him that way! Especially when your grandfather was the one who took care of you the most when you were young! You can pamper and protect your own wife, but you can't abandon your biological grandfather for her!" Meng Yueman had a good relationship with her husband, so naturally, her husband would take her everywhere with him. When there was no one to take care of their child, her father would take care of him.

"I don't want to have a bad fight with Grandfather either. That's why I want you to advise me."

"Since you're so anxious to urge me to get married, you must also know that Ling Wei has a boyfriend. It's impossible between me and her. No matter what Grandfather does, it's useless. He's hurt Xiao Huan because of these useless things. Do you think I will tolerate it?"

Meng Yueman remained silent for a while before saying, "What if Ling Wei has gotten into trouble because of her boyfriend or thinks that you're the most suitable person for her and wants to get back together with you?"

"Do I have to do it just because she wants it?"

"If the Bo and Ling families were to merge, the benefits would be unimaginable."

"Mom, do you think our Bo family needs to rely on women through marriage?"

"Or do you want me to spend the rest of my life working?"

Meng Yueman: "..."

She definitely didn't want that. The Bo family was already rich enough. Even if they didn't do anything in the future, they wouldn't be able to spend their fortune in tens of lifetimes. She didn't want her son to have to work hard and not enjoy life.

His own father had been so busy with work that he destroyed his own body.

“Alright, your aunt and I will try to persuade your grandfather, but you have to be more forgiving toward him. If he’s being too much, just don’t take issue with him.” Her son was right. She couldn’t give in to him blindly.

“Yes.”

Bo Junyan got up and headed upstairs to his room.

When Mu Huan found out that Gu Qianru did not want her to attend her father’s funeral, she fell silent.

Once something has happened, it could never be returned to the past.

Bo Junyan pulled her into his embrace and kissed her gently. “Don’t think too much. There are some things where we could only go with the flow.”

“Okay.” Mu Huan would never force anything.

She was a person who had a clear conscience.

As long as she had a clear conscience, she would let nature take its course.

Because of an accident, Mr. Bo was unable to rush back to attend Old Master Gu’s funeral.

On the day of Old Master Gu’s funeral, Bo Junyan went first. Meng Yueman brought the Huo siblings and Ling Wei to have breakfast before heading over.

Just as Huo Yuqi had said, Meng Yueman and Ling Wei had a deeper relationship than she had with her niece. No matter what she did, she had to stay by her side.

“Look, doesn’t my aunt look more like a mother-in-law when standing beside Sister Ling Wei than when she’s with you?” Huo Li asked after he moved closer to Mu Huan.

Mu Huan did not speak and only looked up at him.

Huo Li immediately said, “I’m not going back on my words! What I promised you not to say is that Sister Ling Wei and my cousin are compatible with each other!”

Mu Huan’s lips twitched. She couldn’t be bothered with him.

Huo Li continued, “Everyone knows that the Bo and Gu families are very close. From the engagement ceremony last time, everyone knows that you’ve married my cousin. Now, you can’t go to Old Master Gu’s funeral and Aunt will be accompanied by Sister Ling Wei. Don’t you think it’s unbearable and hard to accept?”

Still ignoring him, Mu Huan picked up her bag and looked at Meng Yueman. “Mom, I’m going to school.”

Meng Yueman was stunned. “Okay...”

Chapter 544: His Wife Is Extremely Dashing (1)

Meng Yueman was stunned because Mu Huan had said, “Mom, I’m going to school. It’s been a long time since I went. Now, someone suddenly told me that I have to attend.” Meng Yueman was surprised.

Then, she snapped back to her senses and felt that she had become much younger.

After getting into the car, Meng Yueman recalled Mu Huan's youthful and energetic look and could not help sighing. "No wonder Junyan dotes on his wife so much. She's young, pretty, and energetic. She's indeed likable."

From the looks of it, Meng Yueman was satisfied with Mu Huan.

She was so petite and adorable. When she stood next to her son, the scene they painted was very vivid. Especially when her son rubbed Mu Huan's head affectionately, she could not help but want to draw it down.

Meng Yueman was a painter. Her eyes were good at discovering beauty, and she liked beautiful scenes.

Hearing this, Ling Wei hugged her arm. "Aunt Yueman, I'll be jealous if you praise her like this!"

Meng Yueman patted her hand with a smile and said dotingly, "You child..."

Just as Meng Yueman had said, those who attended Old Master Gu's funeral were all big shots in the business world.

Most of them had attended Gu Chenyi's engagement party before.

When Ling Wei and Meng Yueman appeared, everyone started whispering to each other.

Everyone in the upper-class society knew about Ling Wei's status, and her relationship with Bo Junyan was well-known. Hence, when they saw that the person accompanying Meng Yueman to the funeral was Ling Wei and not Mu Huan, they all thought that Mu Huan had gone down for such a scandal and that Ling Wei was going to get back together with Bo Junyan.

However, although everyone wanted to gossip, it was not a good time to do it during such an occasion. Hence, no one dared to ask Meng Yueman about this matter. It was just that after returning, this news spread throughout the upper-class society.

In the hall.

Gu Chenyi questioned, "Mom, why didn't you let Xiao Huan attend Grandfather's funeral?"

"It's your grandfather's funeral now and you're still in the mood to miss her! Are you trying to anger me to death?!" The gentle and pure Gu Qianru's voice was a little shrill, and her expression was a little scary.

"I'm not thinking about her. I just feel that you're doing something wrong. It's not Xiao Huan's fault!"

"Shut up! Don't ever mention her again!" This was the first time Gu Qianru, who had always followed Gu Chenyi's wishes, had used such a tough attitude to reprimand him.

Gu Chenyi looked at his mother with a complex expression.

"Chenyi, didn't you say you were going to the washroom? Hurry up and go to the washroom!" Bo Huaiyun hugged his wife as he asked his son to leave.

Gu Chenyi did not say anything else and turned to leave.

After he left, Gu Qianru started crying in Bo Huaiyun's arms. "Look at him. He's still in the mood to think about Mu Huan. It's all her fault... It's all her fault..."

She'd wanted her son to be in such a situation...

"Alright, stop crying..." Bo Huaiyun comforted Gu Qianru.

"If it weren't for Mu Huan... if it weren't for her, everything wouldn't have happened..." Gu Qianru seemed to have been possessed. The more she thought about it, the more she felt that everything wouldn't have happened without Mu Huan. Without Mu Huan, her son wouldn't have been so obsessed and in so much pain. She wouldn't have met Lin Qingya, who was so heartless. Her father wouldn't have left her so early.

Bo Huaiyun felt that what Bo Junyan had said was very necessary. He had to send the mother-and-son pair overseas so that they could stay away from this sad and emotional state. Otherwise, he would not be able to carry on like this.

Chapter 545: His Wife Is Extremely Dashing (2)

He'd leave as well. To Bo Huaiyun, the most important thing was his wife and child. Naturally, he had to go wherever they went.

After placating Gu Qianru, Bo Huaiyun started to plan to go where they're going as well. Then, he thought of passing the Gu Group to Bo Junyan for him to manage. If the mother-and-son pair could let go of their past, they would come back. If they could not let it go, he would shift the focus of the Gu Group's business overseas.

Time passed quickly and another week passed. Time passed so quickly that it felt like someone had secretly sped up the clock. Regardless of whether it was a good period or not, time passed quickly and mercilessly.

Late at night.

Mu Huan felt a chill down her spine. Instinctively, she wanted to turn around and hug the big heater, but she missed it. This woke her up completely. She opened her eyes and took a look at her phone. It was already past 1 am.

Last night, Bo Junyan had asked her to go to bed first. Could it be that he was still awake?

Realizing this, Mu Huan frowned and put on her clothes before getting off the bed.

Bo Junyan, who had not slept, could only be in one place, the study room.

When Mu Huan arrived at the study room, Bo Junyan was frowning as he looked at a map. He was so focused that he did not notice Mu Huan entering.

It was only when she was about to reach him that he noticed her. A look of surprise flashed across his eyes. "Why are you awake?"

Mu Huan had always been good at eating and sleeping. Once asleep, she would not wake up until the next day.

"I woke up from the cold. It's so cold without a husband to hug you," Mu Huan said as she squeezed herself into his embrace.

"I told you to turn on the air conditioner before sleeping. You didn't want it."

"I like the feeling of sleeping with a blanket over my body when it's cold but not so cold in late autumn. I don't sleep well after turning on the heater," Mu Huan said.

Bo Junyan: "..."

"Hubby, why were you frowning while looking at this map? What's wrong with it?" Seeing how focused he was just now, Mu Huan also looked at the map on the table. Then, she saw a big red circle. "What's wrong with this place?"

"The company is preparing to build a big community and commercial center in this circle."

"This place is not bad! The environment is good and there's a lot of customer traffic. It'll be easy to sell whether it's a house or a shop!" Mu Huan knew Yun Cheng very well.

"Yes."

"Then what are you worried about?"

"Nothing. Hurry and go to sleep." Bo Junyan patted her head.

"Hubby, tell me! I really want to know what's going on to make things difficult for you!" Mu Huan was curious about what could make her invincible husband suffer.

Seeing how curious she was, Bo Junyan couldn't help but laugh. "It's not that difficult. It's just a bit of effort."

"What's going on?! Tell me!" Mu Huan said excitedly.

"The owner of the land has already promised to sell this most important piece of land in the middle. However, his father, who came back from overseas, suddenly refused to sell it. If he doesn't sell this piece of land, we would have to spend hundreds of millions to develop this area. This way, the profits we would receive would be much less. I'm thinking about how to minimize the losses."

"You have to spend hundreds of millions?" F*ck! She was feeling the pinch for him!

"Yes, because we've already invested a lot in this area."

"Why isn't this family selling it? Is this your enemy? Let's talk about their refusal to sell first. If they'd already agreed to then backed out later, they must be messing with you." If anyone dared to mess with her husband, she would kill them all!

Chapter 546: His Wife Is Extremely Dashing (3)

"No, they're not. I'm on good terms with this family, so I was sure that I could get this piece of land back then. But I don't know if he was selling it behind his father's back or what. After his father returned to the country, because this piece of land had all the memories of him and his deceased wife, he was unwilling to sell it, so I couldn't force him."

“Is that so... This is indeed not easy to deal with...” Since they were on good terms, they couldn’t threaten or tempt him. Besides, he wasn’t willing to sell his wife’s memory, so it wasn’t good to force him.

Bo Junyan lowered his head and gave her a kiss. “I still have some matters to attend to. Go to sleep first.”

“No! You have to come with me!” Mu Huan put her arms around his neck and refused to let go of him.

“Be good.”

“I can’t be obedient about this. I know you’re busy, but you have to take care of your health no matter how busy you are!

“You can sleep at 12 o’clock in the evening and wake up at 3 or 4 am to deal with those matters. But don’t stay up all night until 3 to 4 o’clock before you sleep. You’re a doctor yourself and know that sleeping at night gives the most efficiency! It’s also the best for your health!” In the past, when Mu Huan did not sleep much, she would sleep at 11 o’clock sharp and wake up at 3 or 4 o’clock in the morning.

Because she had slept during the golden period, even though she didn’t sleep much, she could have enough energy every day.

If she had stayed up late, she would not have been able to last long. There were a few times that she’d had to endure until one in the morning to sleep for six hours the next day. She was drained and exhausted.

Hence, sleep timing was very important.

Although it depends on the differences in people, most of the time, sleeping between 11 o’clock to 3 o’clock the next day is the best for our health.

Bo Junyan: “...”

“Recently, there’ve been more and more cases of sudden deaths from staying up late. This is especially relevant for someone like you who’s almost 30 years old. If you don’t cherish your own health, others will in time sleep with your wife and hit your child! The family assets that you’ve worked so hard to earn will be spent by others!”

Bo Junyan: “...”

Just as Mu Huan was about to say something else...

Bo Junyan suddenly hugged her and stood up.

“Are you going back to your room with me to sleep?”

“Yes.”

Mu Huan planted a kiss on his face. “Be good!”

Bo Junyan: “...”

The next day, Mu Huan's class was going on a trip to the suburbs. In the past, Mu Huan had never participated in these trips organized by the school's class. This was because she had to spend all this time to earn money. Now, however, she no longer needed to work so hard to live, and she was happily enjoying her youth.

The autumn maple leaves were red, making the scenery in the mountains exceptionally beautiful.

"I've been here a few times when I was on a mission, but I didn't realize that this place was so beautiful..." Li Meng exclaimed as she looked at the mountain of red leaves.

"In the past, I only thought about missions and didn't have the time to admire it. Naturally, I couldn't find its beauty."

"That's true." Li Meng nodded and continued, "By the way, Xingye and I have traveled the entire Yun Cheng. I feel that business in the physical store isn't very good right now. Only good restaurants are always full of people. The three of us like eating so much and know how to eat. I think we can open a restaurant. As long as the food in our restaurant is good, there will be many people coming to eat. We'll definitely make money!"

"Sure!" Mu Huan felt that this was a good idea!

"Then..."

Just as the two of them were discussing what their theme should be, they suddenly heard a cry of surprise.

"Someone fell into the water!"

"Oh my god! Who knows how to swim?!"

"Who would dare to jump down even if they knew how to swim? The river here is so turbulent, and there's even a waterfall at the end. If we were to be washed down, we might die!"

Chapter 547: His Wife Is Extremely Dashing (4)

When Mu Huan saw that it was a child who had fallen into the river, she hurriedly took off her coat and ran toward it.

"Xiao Huan!" Li Meng snapped back to her senses and immediately ran over.

Didn't she hear that there was a waterfall in front of them?

Before Li Meng could reach them, she heard a flurry of exclamations!

"Oh my god! A woman jumped in!"

"Is she crazy?!"

"F*ck!"

When Li Meng ran up to her, she saw that Mu Huan was about to get close to the little girl, but they were about to be washed away.

She shouted anxiously, "Which one of you knows how to swim? Come with me downstream!"

With that, she ran downstream.

Although the waterfall in front wasn't very high, it wasn't low either. Even with such a rush of impact, it wasn't a problem for Xiao Huan if she were alone. However, she still had to protect the child. It was hard to say if it was safe. If she could run fast enough to the bottom of the river and wait for Xiao Huan, she would be able to rescue her immediately if an accident happened. This was to prevent her from being pushed further and putting herself in greater danger.

If she didn't ask someone else to help save Mu Huan, she would definitely not be capable enough to go after that child as well. She would need at least two people.

There were people around them who knew how to swim. When they snapped back to their senses and realized what she was trying to do, they hurriedly ran down as well.

When Mu Huan tried her best to grab hold of the girl, the two of them were washed away by the rushing water.

As she fell from a high altitude, there was nothing she could do. All she could do was hug the child tightly in her arms to prevent her from being washed away by the water.

Just as Li Meng had said, this waterfall wasn't tall, but it wasn't low either. The impact of the fall, especially when it hit a rock, caused Mu Huan's back to explode in pain. The rushing water hit her head so hard that she couldn't even open her eyes. However, she still hugged the child tightly and used her body to block the violent impact. When the water was a little more stable, she immediately held the child with one hand and let her out of the water, with the other hand swimming toward the shore.

But even so, the little girl was still in a coma due to the excessive amount of water she had choked on. After Mu Huan climbed ashore, she hurriedly performed CPR on the child before she could rest.

Just as Li Meng was running downstream...

The little girl had just spat out a few mouthfuls of saliva and had woken up with a coughing fit. The exhausted Mu Huan had collapsed next to the child. As she really did not have the energy to fall, the pain on her back made her bare her teeth. When she saw Li Meng approaching, she reached out and said, "Xiao Meng, quick..."

Li Meng, who had been running all the way down, panted heavily as she walked toward her.

"Help me... turn over, my back hurts..."

Seeing her like this, Li Meng was both angry and heartbroken. "You deserve it!"

With that, she carefully flipped her over.

Mu Huan, who had been turned over, instantly felt much more comfortable.

At this point, there were many people running down from upstream, including the little girl's teacher. The little girl was also on an outing with her class. When her teacher saw that the little girl was fine, he

relaxed and collapsed to the ground. After a while, he snapped back to his senses. Then, he hurriedly picked up the little girl who was crying on the ground and thanked Mu Huan.

“Hurry up and carry the child back to the car. Don’t let her freeze anymore.” Mu Huan waved them away.

The teacher thanked her a few more times before taking off his coat and leaving with the little girl.

At this point, Long Feiting, who had been racing down the road, could not help but shout angrily when he saw Mu Huan, “Mu Huan, are you crazy?!”

Long Feiting, who had just jumped down from a higher position, was so nervous that his heart was in his throat!

Chapter 548: His Wife Is Extremely Dashing (5)

He’d almost wanted to jump down from the top!

Mu Huan looked up at him silently.

Long Feiting looked at her while huffing and puffing for a while, then walked up to her and bent over to carry her.

Seeing his outstretched hand, Mu Huan quickly shouted, “What are you doing?!”

“Taking a crazy person to the car!” Long Feiting was full of hostility.

Even if she was capable, couldn’t she cherish her own body a little? Wasn’t she afraid that she would accidentally knock into a rock and hurt herself? Or that she would choke to death?

How brave!

“There’s no need. I’ll be fine after resting for a while.” Mu Huan was only feeling weak now. It wasn’t that she couldn’t move due to her injuries.

“Do you want to freeze to death here?” Long Feiting said as he leaned forward to hug her.

“Stay away, stay away... If my husband finds out that you’re hugging me, he’ll definitely kill you!” Mu Huan had always remembered her status as a married woman. As long as the other person was a man, regardless of whether they were good friends or not, unless she was unconscious and didn’t know, she would keep a distance.

“Mu Huan!” Long Feiting was furious! She was still so concerned about Bo Junyan’s feelings at a time like this! She was so cautious!

“Stop shouting. Thank you for your kindness. I’ll really be fine after resting... Stay away from me...” Mu Huan waved him away.

There were so many people surrounding them.

There were even so many people taking pictures and recordings. This was also the reason why she kept her head lowered ever since she’d turned over.

Nowadays, people loved to watch others and take pictures. No matter what happened, they would take pictures and record.

“Don’t even think about hugging Xiao Huan. Quickly take off your clothes and cover her!” After Li Meng took off all the clothes that she could take off and covered Mu Huan, she went to grab Long Feiting’s clothes.

Long Feiting quickly removed his clothes.

The people from their class, who were running behind him, hurriedly took off their coats and gave them to Li Meng to cover Mu Huan with.

Mu Huan lay there and rested for more than ten minutes before she got up.

With Li Meng’s help, they returned to their large bus.

At noon...

While Bo Junyan was eating, Gong Zeye was bored after finishing his own dinner. Hence, he took out his phone to be busy while digesting. Suddenly, he jumped up and said, “F*ck, boss, look! This looks like Sis-in-law!”

Bo Junyan immediately stopped eating and looked over.

Gong Zeye clicked and played it again.

Someone had posted the video of Mu Huan saving someone on the internet and it was quickly trending. Although Mu Huan’s movements were fast and she quickly lowered her head when she found out that someone had recorded it, those who were familiar with her could still recognize her.

“Sis-in-law’s jump is so dashing!” Gong Zeye was increasingly impressed by his sister-in-law.

In contrast to his excitement and adoration, Bo Junyan’s expression darkened. Just looking at the stream of water in the video was enough for him to tell that it was too fast, yet she jumped down without hesitation!

Just as Gong Zeye was about to say something, Bo Junyan suddenly stood up and walked out to make a phone call.

“Where are you?”

“What’s wrong?” Mu Huan asked.

“How are your injuries?”

Mu Huan was stunned for a moment, but then she realized that he knew that she had jumped into the water to save someone. She hastily said, “It’s not a problem at all!”

“Where are you now?” Bo Junyan asked with a gloomy expression.

“What? What did you say? My signal isn’t good. I’m hanging up. See you tonight!”

Bo Junyan: “Just try hanging up!”

Chapter 549: His Wife Is Extremely Dashing (6)

Mu Huan really wanted to say, I'll give it a try!

But she was afraid, she didn't dare!

She could only call out delicately, "Hubby..."

"Where are you right now?" Bo Junyan's tone was clearly telling her not to make him ask again.

"At the school dormitory."

"I'll pick you up."

"No need, Hubby. I still have..." Before she could finish speaking, Bo Junyan hung up.

If she called again, Bo Junyan would not pick up.

As she looked at her phone, she felt a headache coming on. It would be great if she could buy some time to meet him at night. At night, her back would not hurt as badly as it was now. It would be so dark and scary that he would feel a little less angry.

Now that he had seen her...

Mu Huan put down her phone and slumped over with a look of despair.

"What's the matter?" asked Li Meng, who had just returned from getting some water.

"My husband is coming to pick me up. I wonder how he's capable enough to know that I jumped into the water to save someone. He's never liked it when I take risks. This time, he seems to be very angry..." Mu Huan felt that it was over.

"There's no need for him to be so capable. Right now, the video of you jumping into the water to save someone is already number one on Yun Cheng's internet searches!" When Li Meng went to get the water, she heard the school talking about this matter. She had even seen the video of Mu Huan jumping into the water to save someone on someone else's phone.

Mu Huan: "..."

In this era where the transfer of information was fast-paced, there were benefits and disadvantages.

What was going on? It had only just happened here, and it had already spread throughout the country. It was too difficult to hide something.

"I've watched the video. It's basically recorded the entire process." After Li Meng put down the hot pot, she picked up her phone and showed Mu Huan the video.

After watching it, Mu Huan said, "You said that I was so fast that normal people wouldn't be able to react in time. How did this person record it?"

"This person was already recording the scenery before you jumped. It's not that he reacted fast, but he saw the little girl falling into the water and forgot to turn off the camera. Then, you bravely entered the frame," Li Meng said coldly.

Mu Huan: "..."

She snapped back to her senses.

She looked at Li Meng. "Come, come, help me apply the medicine again."

"You've just applied the medicine. Even if your medicine is divine, you can't absorb it immediately. It's useless no matter how much you apply!"

Mu Huan suddenly had an idea. "Then apply some powder on my back. That color won't look so black and blue anymore!"

Li Meng replied with a chuckle...

"Baby Meng, don't gloat. Just wait and see... No matter what, we're good friends..." Mu Huan said pitifully.

"I can understand why God Bo is angry, because I'm angry too. You don't know the slightest bit of fear!" Li Meng really understood why Bo Junyan was angry.

Even she, who knew what Mu Huan was capable of, was still so worried and afraid, let alone Bo Junyan. He would definitely be even more worried about her since he didn't know.

"That's a living being, and children nowadays are so scarce and precious. The lives of only children are equivalent to the lives of three families. Since I was capable of saving her, how can I not do it..." She could not do anything about it. She could clearly do it, so she could not just stand by and do nothing.

"I know you're right. I'm just worried and scared..." Li Meng knew that what she said was right. She was just too worried about her, so she was furious when she saw her reckless behavior.

What if something happened to her?

"You know that I've always been confident before I take action. But this isn't the time for this. Quick, apply some powder first. There's still time!" Mu Huan told her to hurry up. Bo Junyan would be here in no time.

"Use meat powder." This type of powder looked very similar to the color of the skin. It was almost impossible to tell that the powder had been applied.

"Got it." Li Meng took out some powder and wiped it for her.

Before she could pack her things after she was done, there was a knock on the door.

Mu Huan instinctively felt that it was Bo Junyan. "Quick!"

Li Meng quickly put away the things in her hands and hid them. Mu Huan also straightened her clothes and sat up.

Li Meng then went to open the door.

Indeed, it was Bo Junyan.

Mu Huan looked at Bo Junyan and immediately broke into a big smile. “Hubby, why are you up here? You could have just given me a call and asked me to come down. My arms and legs are fine...”

With that, she stood up and walked toward Bo Junyan to prove that she was really good and that she was fine!

Bo Junyan’s gaze on her became colder.

“Get out.”

Li Meng, who had always been a quick-witted person, immediately ran away when he said that.

Mu Huan: “...”

Every time, she ran faster than anything!

After closing the door.

“Where are you hurt?”

“Back...”

“Lie down.”

“Hubby, I...” Mu Huan didn’t dare to continue what she was about to say under Bo Junyan’s gaze. She obediently lay down and let him examine her wounds.

Mu Huan had taken a look in the mirror earlier and knew that she had covered up her skin well. She did not look so black and blue anymore.

Just as she was gloating over her quick wit...

Bo Junyan reached out and asked, “Is this powder?”

Mu Huan: “...”

She must have been too anxious and too nervous just now. For a moment, her brain was in a mess and she thought that this meat powder was not easy to see. She didn’t expect him to touch it with his hand!

“You’re really capable and smart.” Bo Junyan smiled at her.

It was only that smile that could make Mu Huan shudder in fear.

“Hubby!” She immediately sat up and put her arms around Bo Junyan’s neck, acting cute. “Hubby, I love you! I love you! I love you the most! I have the best husband in the world! I love you! I love you!”

Bo Junyan: “...”

After a while, he picked her up.

“Let’s go home.”

In the past, she would hug him like a princess. But now, because of the injury on her back, Mu Huan was clinging to his chest like a child.

Just as he was about to leave, Mu Huan suddenly thought of something. “Hubby, if you carry me out like this, all the students will soon know about our relationship. You should put on a cap...”

“It’s cleared.”

“Huh?” Mu Huan was stunned, not quite understanding what he meant.

It wasn’t until she walked out that she realized that while there were usually a lot of people walking around in the female dormitory, today, apart from Li Meng who was standing in the corridor, there was no one else. After that, they walked all the way down without once bumping into anyone from the school.

When they reached home...

Meng Yueman and Ling Wei were sitting in the living room, chatting and talking about something. The two of them were smiling happily.

When they looked up, they saw Bo Junyan carrying Mu Huan in. Mu Huan was hanging in his embrace, looking especially loving.

Meng Yueman was stunned for a moment before asking, “Why are you back?”

“Xiao Huan is injured.”

“Injured? Where? What’s wrong?” Meng Yueman said as she walked toward them.

“Mom, you don’t have to worry. I’m fine,” Mu Huan said as she struggled to get down to prove that she was fine.
