

Fake Marriage 581

Chapter 581: A Shameless Man Is Invincible (1)

“Part of it will be mine?” Mu Huan reaffirmed her payment.

“Yes.”

“I’ve already arranged for someone to wait. I’ll inform you if there’s any news,” Mu Huan said as she picked up her book and prepared for class.

“Who did you arrange things with? How are you going to wait for the news? Who are you waiting for?” Long Feiting asked.

“These are commercial secrets. Do you know what commercial secrets are? They are secrets that can’t be told to others!” If she told him everything, what would she do in the future?

“I’m now your employer!”

“So what if you’re an employer? Do you think an employer can know all our secrets? If I were to tell you all about my connections and you walked down my path, how am I going to continue?!” Mu Huan rolled her eyes at him.

“With the people you’ve interacted with in the past, what kind of amazing connections can you have?!”

“Why don’t you go after them yourself? Anyway, I’m not in need of money now. I’m a billionaire now. No, my husband said that I’m a billionaire. It’s not like I have to earn that little bit of money of yours.” Mu Huan’s face was full of smugness.

Long Feiting: “...!!”

“Quick, go back to your seat. Class is starting,” Mu Huan said.

“Can’t I just sit here and attend class?” Long Feiting snorted. They didn’t have fixed seats like in high school.

“Alright, do as you please.” Mu Huan had never liked to say much to others. She flipped open the book and read it.

“Say, you’re already so rich, so why are you still studying so hard?” Long Feiting found it boring that she did not talk back to him, so he nitpicked that she was too hardworking.

“When a person has no money, pursuing money is the most important thing. After one has money, one has to pursue one’s ideals and life goals. You’re so rich and so free. I suggest that you find your life’s ideals and goals and work hard for them.”

Mu Huan sincerely thought that Long Feiting was such a smart person. It would be a waste of his life if he only ate, played, and looked for trouble every day. She hoped that he could find his own ideals and goals and work hard to make his life more meaningful.

For Mu Huan, there was no need for her to rush about for life. She should focus on fighting for her life’s dream. Ever since she was young, she had wanted to become a scientist like her grandfather. She

wanted to research more medicine that could reduce human illnesses. This was the dream and goal of her life that she had worked hard for.

Also, the money she had now was given to her by Bo Junyan. Even if what he said was reasonable, she couldn't have earned that much money with her current strength. Hence, she had to enrich herself and use her true capabilities to earn a lot of money to become someone with status and reputation!

What she wanted was to fight alongside Bo Junyan, not to live under his wings peacefully.

"Life is short. I have to enjoy what time I have. Why do I have to work so hard?" In the past, apart from looking for his Star, Long Feiting felt that there was nothing else in this world that was worth his effort. Now that he had found her and it was still the same, there was nothing else worth his effort.

"You're right. I'm sorry, just pretend I didn't say anything just now!" Mu Huan said apologetically. People had different values and ways that they wanted to live. She shouldn't have said anything about other people's lives.

"Why are you being so polite? Were you saying that because you treat me as a friend?" Long Feiting knew that someone like Mu Huan, who would never say anything for no reason, would never say such things to someone she didn't care about.

Chapter 582: Shameless People Are Invincible (2)

"It was purely a careless mistake." Because she often met Long Feiting in class and during friend gatherings, and because he called her aunt, Mu Huan subconsciously treated him as one of her own and accidentally said a few unnecessary words.

"What do you mean by that? Am I not good enough to be your friend?" Long Feiting's expression darkened.

"I'm going to read," Mu Huan said as she lowered her head and ignored him.

Long Feiting: "..."

After a while.

Long Feiting said, "You have to call me when you're taking action."

Mu Huan replied without looking up, "Yes."

After school, Mu Huan, who was heading to the laboratory, received a call from Mu Dongsheng.

"Xiao Huan, Bo Junyan has come to our house to discuss your wedding with your grandma."

"He went personally?" Mu Huan was stunned.

Previously, Meng Yueman had asked Mu Huan to arrange a time with her grandma to talk about the wedding. She was afraid that her grandma would demand an exorbitant price and anger her in-laws, so Bo Junyan had said that he would handle it. Hence, she did not bother about this matter. She did not expect Bo Junyan to go personally.

“Yes, we’re just about to eat. It’s about time for the meal to start! I came out secretly to give you a call. Come over quickly and take a look. Don’t let your grandma anger Bo Junyan. If he gets angry and doesn’t marry you, it’ll be over!” Mu Huan was his biological daughter. He had never done anything for her in his life. It wasn’t easy for her to marry a good husband, so he couldn’t let his mother ruin her marriage.

“What’s wrong?”

“Before Bo Junyan came, I overheard your grandma’s conversation with Zixuan. The conditions your grandma wants are simply too scary! Even I can’t bear to grant those conditions, let alone Bo Junyan!” Mu Dongsheng was greedy as well. He wanted to get a lot of benefits from Bo Junyan, and it would be best if he could give them an endless amount of money. However, because he had Mu Huan as his daughter, he knew that he couldn’t go overboard.

As for his mother, she had no such qualms at all. The conditions she wanted were simply too scary!

“What conditions does she want?” Mu Huan’s gaze turned cold.

“She wants 10% of the Bo Group’s shares and wants to transfer it to Zixuan!”

“What the f*ck!” Mu Huan knew that her grandma would definitely take the opportunity to demand an exorbitant price, but she didn’t expect her to be so thick-skinned! She could even ask for such conditions!

The Bo Group was such a big company, and ten percent of its shares were worth at least billions! She actually had the gall to ask for it and even wanted to transfer it to Mu Zixuan!

“I’ll be right there!” With that, Mu Huan hung up.

As she ran out, she did not forget to call Bo Junyan. However, for some reason, she could not get through to Bo Junyan’s phone. Hence, she could only try her best to run out. When she got out of the school gate, there happened to be a taxi. She said that she would give the taxi driver ten times the money and ask him to go to the Mu residence as quickly as possible.

The Mu family residence was not far from Yun University. Furthermore, the old driver drove especially fast and fiercely. Mu Huan arrived at the Mu residence in fifteen minutes.

When she reached the Mu family’s house, Mu Kexin had just returned from outside. When she saw Mu Huan, she could not help but say, “Mu Huan, snatching someone else’s husband is punishable by heaven! Heaven will punish you!”

Bo Junyan was supposed to be her husband! If she had not left back then, he would be here to discuss the wedding with her now!

The more Mu Kexin thought about it, the angrier she became. The more she wanted to kill Mu Huan, the more vicious her gaze became.

She would be punished by the heavens! Definitely! And very soon!

Chapter 583: A Shameless Man Is Invincible (3)

Mu Huan couldn’t be bothered with this lunatic and ran toward the main house.

When she arrived at the dining room, Bo Junyan had just put down his chopsticks and was about to get down to business.

Surprise flashed across his eyes when he saw Mu Huan coming in. Didn't she say that she had to go to the laboratory after school today?

When Mu Dongsheng saw Mu Huan coming in, he immediately shot her a look, telling her not to expose that he was the one who had reported the matter secretly. Otherwise, his mother would find trouble with him!

His gaze made Mu Huan, who had rushed in angrily, calm down. She looked at Bo Junyan in surprise and asked, "Hubby, why are you here?"

Bo Junyan: "..."

Her surprise came too late and her acting was a little bad.

However, he was still very cooperative. "To discuss our wedding with Grandma."

"I see! It just so happens that I'm back today to tell Grandma about this. Let's go together," Mu Huan said as she sat down next to Bo Junyan.

Matriarch Mu was a smart person. When she saw Mu Huan suddenly appear, she naturally thought of something. Hence, she turned around and glared at Mu Dongsheng.

Mu Dongsheng instantly lowered his head and did not dare to make a sound. When Matriarch Mu retracted her gaze, he immediately looked at Mu Huan and blamed her for her poor acting skills, causing her grandma to suspect him!

However, Mu Huan, who was only thinking about how to deal with her grandma's shamelessness, did not notice his gaze.

...

Although Mu Huan's appearance was not in Matriarch Mu's plans, it did not matter.

After exchanging a few polite words...

Matriarch Mu really did speak up. "In order to protect Xiao Huan's position in the Bo family and cement her future life, I want ten percent of the Bo family's shares."

When Mu Huan heard this, she was so angry that she wanted to slam the table and stand up. She wanted to ask her grandma where she got her shamelessness from and where she got the guts to say such things!

However, Bo Junyan held her hand and caressed the back of it with his thumb. That gentleness made Mu Huan's anger dissipate a lot.

She turned to look at Bo Junyan. With her grandma's qualities, wasn't he angry?

Bo Junyan did not respond to her. Instead, he looked at his wife and said, "In order to protect Xiao Huan's heart, I understand. I understand. I'll transfer the shares to Xiao Huan later."

Mu Huan: "..."

Could it be that her husband was not angry because he thought he was going to transfer it to her?

Matriarch Mu took a sip of tea and smiled. "It's not going to be transferred to Xiao Huan, but to Zixuan."

Bo Junyan's expression did not change. It was as if he knew what Matriarch Mu was up to from the start.

On the other hand, Mu Huan couldn't take it anymore. She said to her grandma, "Grandma, don't think that we're all stupid, alright?!"

How stupid must she think they were for her to say that it's to protect Mu Huan's life that they must transfer the shares to Mu Zixuan?!

"Mu Huan!" Matriarch Mu warned in a low voice, telling her not to speak nonsense.

But Mu Huan wasn't afraid at all. She said coldly, "If Grandma goes overboard, then I'll cut ties with the Mu family! From now on, you can forget about getting a single cent from the Bo family!"

She was no longer who she used to be. Her grandma had nothing on her, so she could no longer threaten her!

Even if she were to make a small fuss, Bo Junyan had already said that everything in the Mu family would be theirs in the future. He only wanted her grandma to be a fortune-teller and she would follow him.

It was impossible to transfer the shares to Mu Zixuan!

Chapter 584: Instant Kill (1)

"Xiao Huan, don't think that just because you've grown up and your wings have hardened, you can speak to your elders like this!" Matriarch Mu's sharp gaze was hinting at something.

"I have grown up and my wings have hardened!" Mu Huan told her directly that she was being tough.

Not only did Matriarch Mu not get angry at her, but she even smiled and said, "I know you like to throw a tantrum."

Mu Huan narrowed her eyes. There must be something wrong with her grandma!

Could it be that there were backup copies of the things that she had burned? At the thought of this possibility, her eyes darkened. However, even if she was exposed, she would never let Bo Junyan give her grandma 10% of the shares!

"Grandma, I'm not afraid of a showdown! You'd better know your place!" she threatened.

If it collapsed, so be it. If it was completely destroyed, then everyone would be destroyed together!

Some bottom lines could be crossed, but others could definitely not be!

Naturally, someone like Bo Junyan could hear the mutual threat in their tone.

He also thought that the only thing that could make them threaten each other was the little secret between her and her grandma that Mu Huan didn't want him to investigate.

Bo Junyan had always been lenient with Mu Huan's policies. If she didn't want him to know, even if he wanted to know, he wouldn't investigate. He would wait until she trusted him enough to tell him. Hence, even if he could tell, he didn't ask further.

He reached out to pull Mu Huan into his embrace and conveniently took out her phone from her pocket. "Be good and play games."

Mu Huan: "...!!"

At such a serious moment, he wanted her to be obedient and play games! Was he coaxing her like a three-year-old?!

Matriarch Mu could not help but break out in a cold sweat.

Mu Dongsheng: "..."

His daughter was so doted on!

After coming in from outside, Mu Kexin, who had been sitting in a corner of the dining room without making a sound, was so jealous that her eyes turned red!

All along, she had felt that if she had not left, she would have been the one to marry Bo Junyan. Now, Mu Huan was the one who had everything!

She knew that in some ways, she wasn't as outstanding as Mu Huan. But even if she wasn't so pampered, because of Bo Junyan's father, she would still be a stable Mrs. Bao and not like this!

Although she was Long Feiting's girlfriend on the surface, he did not treat her as his girlfriend at all. He made her suffer the jealousy of those girls for nothing, and he even insulted her in private, but she did not get any benefits!

"Hubby..." Mu Huan was about to say something.

"Be good." Bo Junyan lowered his head and kissed her.

Mu Huan: "...!!"

Be good, my ass! Can't you use any other words?! Do you dare?!

However, privately, Mu Huan, who had always given Bo Junyan face, had to give him face in front of outsiders. If he asked her to be obedient and watch him, she would sit obediently in his embrace.

Before Bo Junyan could say anything...

Matriarch Mu said, "Junyan, since you dote on Xiao Huan so much, you must want your in-laws to like Xiao Huan and have a harmonious family."

She knew that Bo Junyan would look for her first to discuss this matter. He wanted the two of them to have a good chat when they met the Bo family's parents. He wanted the Bo couple to like Mu Huan and not look down on her just because her family had asked for too much.

And this was one of her bargaining chips.

“Yes.”

“If so, we should reach a consensus. Actually, I’m doing this for the sake of Xiao Huan. Since ancient times, the maternal family has always been the most powerful backing for a married daughter.”

Chapter 585: Instant Kill (2)

“I’m old, and her father doesn’t care about anything. Zixuan is the future of the Mu family, and Xiao Huan has to have the most powerful backing we could provide. If he becomes better off, Xiao Huan will also be better off, and she’ll have more confidence in her status.”

After Matriarch Mu said this, Mu Huan couldn’t help but retort, “Grandma, do you think this is still the ancient times? Do I need Mu Zixuan? Please don’t say such foolish things, alright?!”

Even if she had a younger brother now, she would only want to help her family if they had a good relationship. Mu Huan’s relationship with the Mu family was not good, so what was she thinking?! She wanted 10% of the shares! She really dared to want it!

“Haven’t you always wanted to know what special relationship I have with Junyan’s father is?”

Matriarch Mu looked at Mu Huan.

Mu Huan narrowed her eyes and did not speak.

Matriarch Mu did not keep her in suspense and said directly, “I once saved Junyan’s father’s life. He gave me this and asked me to look for him with this in the future. He will agree to anything that he can do. As long as he can do it, with this life-saving favor and the fact that my granddaughter is going to marry his son, if I ask him for 15% of the shares when we meet, do you think he can reject me? No! I also want the two families to be on good terms with each other in the future. That’s why I’m willing to lower my share by 5% and only have 10%.”

Matriarch Mu had a look on her face that said, I could have asked for more, but for the sake of the long-term friendship between the two families, I’m already giving you face. Let’s discuss this beforehand. If 10% is fine, we’ll happily talk about other things when the two families meet. If you don’t agree, then when the two sides meet, I’ll call in the favor from Bo Junyan’s father. This way, not only will I get more, but Bo Junyan’s parents will also dislike you because of the Mu family’s greed.

At that time, the gains would not make up for the losses!

“...!!” Matriarch Mu kept opening Mu Huan’s eyes about moral values.

However, did her grandma save Bo Junyan’s father?

Bo Junyan’s father had even given her grandma a keepsake. He had promised that he would do whatever she asked, no matter what it was? If there was such a favor, why didn’t her grandma use it earlier? Also, why didn’t she know before that Bo Junyan’s father was the person she had saved? Why didn’t she know that this relationship would allow the Mu family’s daughter to marry into the Bo family?

As though he had seen through Mu Huan’s doubts, Bo Junyan whispered into her ear, “When he was saved that year, it wasn’t convenient for him to reveal his identity, so he didn’t tell your grandma who he was. Later on, because of his brain injury, he forgot many things and even forgot about being saved.

“It was only when my parents were searching for all the wealthy families in Yun Cheng to hold a matchmaking banquet for me that they saw a photo of your grandma on the Mu family’s information. However, he was in poor health at that time and couldn’t come back. Hence, he didn’t meet your grandma. He didn’t want this favor to affect my decision in choosing my wife. Hence, after we registered our marriage, he called your grandma and told her about what happened back then. He said that the Bo family would treat you well.

“Because of this, your grandma felt that the reason you were able to marry me was because of her kindness to Dad.”

With that, he added, “Dad only told me about this yesterday.”

Mu Huan: “...”

It was no wonder that her grandma had thought that as long as she drugged Bo Junyan and got him into a relationship with Mu Kexin, Mu Kexin could replace her. Now, she even dared to ask for such an exorbitant price!

Chapter 586: Instant Kill (3)

She had thought that her grandma was a moron and was indulging in wild fantasies. So it turned out that she was owed a favor!

The fact that her father-in-law had said those words meant that he was a very loyal person...

She suddenly thought of something and widened her eyes. “If my grandma asked for 15% of the shares from Dad, he wouldn’t really give it to her, would he?!”

“The shares are in my hands. I can’t give them to you even if you want to,” Bo Junyan said.

Mu Huan: “...”

What she’d meant was that if they were in her father-in-law’s hands, he would really dare to give it to her grandma.

After all, she had saved his life...

Matriarch Mu did not need to guess to know what Bo Junyan had said to Mu Huan. Hence, without waiting for them to say anything, she continued, “Do you see now that I’m being very sincere and giving you face? Do you really want them to get along well with the two of you?”

She only dared to make such a request because she had the capital!

Mu Huan: “...!!”

Why couldn’t it be anything other than her saving his life?! What the f*ck!

“I have a contract here. Grandma, take a look at it. If it’s possible, we’ll sign it. If it’s not possible, Grandma will look for my dad to ask for his life-saving grace,” Bo Junyan said.

“I don’t need to look at your contract. I only want 10% of the Bo Group’s shares.” What conditions could compare to 10% of the Bo Group’s shares?

“Many a time, it’s not too late for one to give an answer after considering it first,” Bo Junyan said lightly.

Despite his casual tone, Matriarch Mu broke out in a cold sweat!

Because of Bo Junyan’s love for Mu Huan, because of her saving Bo Dingjing’s life, and because they wanted to discuss the wedding with her so seriously, she was only thinking about how to get the greatest benefits from this marriage. For a moment, she forgot what kind of person Bo Junyan was.

She had forgotten that she could never threaten someone like him!

Even if she could get that 10% of shares from him, she and her grandson might not have a life to enjoy it!

Mu Huan looked at the arrogant Matriarch Mu who was instantly killed by a single sentence from Bo Junyan. Her eyes were instantly filled with admiration. That’s right! It was this aura! In the future, she would also have such a strong and oppressive aura. She would kill instantly with just one sentence and not waste any more saliva!

“Grandma, you can contact me after you’ve thought it through.” With that, Bo Junyan lifted Mu Huan and stood up. Then, he looked at Mu Dongsheng and said, “Dad, we’re going now.”

Mu Dongsheng was overwhelmed by the unexpected favor. “Alright... alright...”

Although Mu Huan had been married to Bo Junyan for almost half a year, this was only the third time Mu Dongsheng had met Bo Junyan. Bo Junyan was such a lofty and aloof person, so Mu Dongsheng didn’t dare to get close to him, let alone treat himself as his father-in-law and elder.

Hence, when Bo Junyan called him Dad, he felt that he had instantly reached the pinnacle of his life!

It was only after Bo Junyan and the rest had left that Mu Dongsheng snapped back to his senses.

“Who told you to inform Mu Huan to come back?! Do you want to die?!” Matriarch Mu picked up the teacup on the table and threw it at Mu Dongsheng.

Although Mu Huan’s return was not the reason for her plan to fail, she still blamed Mu Dongsheng for letting Mu Huan return and vented her anger on him.

Mu Dongsheng knew that his mother was only venting her anger on him, but he only dared to avoid the cup and did not dare to say anything else.

Matriarch Mu became even more furious when she saw how he only dared to duck and hid at the side!
“Why did I give birth to such a useless thing like you?!”

Chapter 587: Instant Kill (4)

Matriarch Mu believed that she was very smart and intelligent. Her deceased husband was a genius in the medical field, and parents like them should have given birth to a genius and an outstanding child. However, her only son was useless. When she saw him, she wished she could strangle him to death!

Mu Dongsheng clenched his fists tightly.

Why did I give birth to such a useless thing like you?! After hearing his mother's words, it was as if a knife had plunged into his heart! Even though he had heard these words many times since he was young, he still felt this way every time.

Useless? Did he want to be so useless? What did he want to do since he was young? Did she agree to it and let him do it?

No matter what he did, she would object to it. She didn't like him and only wanted him to be obedient and to listen to her. She wanted him to follow the path that she had arranged! Even when he wanted to be a surgeon, she wanted him to practice the internal medicine that he hated the most. Ever since he was young, she had been whispering in his ear that he was useless and that she had given birth to such a useless thing!

Since she found him useless, why didn't she just throw him away and have another child?

Since she despised him so much, why did she keep him by her side?!

She had to make decisions for everything in his life. In the end, she had to blame him for not doing anything well and not doing anything. He was a useless thing!

Actually, Mu Dongsheng wanted to have a wife who grew up with him. Someone like him could not have been able to pretend to like her so much that the Song family was willing to marry their daughter to him. His affair with Bai Xuexian started with his mother deliberately getting him drunk and drugging him to get into a relationship with Bai Xuexian.

As he had let his wife down, he was especially good to Mu Huan, their daughter. Hence, even though Mu Huan couldn't let go of the past, she also couldn't let go of her father.

Ever since he was young, Mu Dongsheng had never really done anything as he pleased. Later on, he could not even protect the wife and daughter he loved. This made him despise himself. He felt that he was useless and often drank to drown his sorrows. Eventually, he completely gave up on his life. Every day, he would eat, gamble, sit, and wait for death. If he was useless, he'd be useless thoroughly.

A useless person who only thought about eating, drinking, and gambling would no longer feel pain.

Although all this was caused by his cowardice...

"Get lost! Get lost! Get out now!" Matriarch Mu shouted at Mu Dongsheng.

Mu Dongsheng immediately got lost.

Mu Kexin felt embarrassed looking at Mu Dongsheng like this. She felt that he was completely useless!

Not long after Mu Dongsheng left, Mu Zixuan walked in. Seeing his grandma like this, he did not even need to ask to know that the matter had not succeeded. He went up to comfort her and said, "Grandma, don't be too angry. This matter has never been easy to resolve."

Ten percent of the Bo Group's shares were worth billions. Even if he was Mu Huan's biological brother and the two of them had a good relationship, Bo Junyan would not agree to such conditions, let alone when he knew that their relationship was not good.

“Shall we give it a try? I think we might be able to get it if we ask Bo Dingjing for it when we meet!” Matriarch Mu felt that it was possible to get it from Bo Dingjing.

Mu Zixuan asked, “Grandma must have said something like that just now. What did Bo Junyan say?”

Matriarch Mu said with a gloomy expression, “He pretty much said that there are people who get what they want but may not be able to enjoy it. To put it simply, even if we got what we’re asking for, we might not be able to keep our lives to enjoy it!”

Chapter 588: Instant Kill (5)

“Bo Junyan’s power is not something we can compete with. Just as he said, even if we can get 10% or even more shares from Bo Dingjing, we may not be able to enjoy these benefits.” Mu Zixuan had always been a smart person.

“So, Grandma, let’s discuss other conditions with him! I feel that if we don’t ask for shares from him, you can just ask for anything else. Didn’t the Bo family give us whatever Grandma wanted previously?”

Matriarch Mu sighed and said, “It’s precisely because Mu Huan will obediently ask Bo Junyan to give us whatever we want that I feel uneasy and want the Bo family’s shares to be transferred to you.”

“Why would you feel uneasy?” Mu Zixuan was still young, after all. Even though he was smart, he could not think of everything.

“Given Mu Huan’s personality, do you think there’s a need for her to cooperate with me and ask for benefits from the Bo family?” Matriarch Mu knew Mu Huan’s personality very well. Hence, she felt uneasy about getting what she wanted so easily.

Mu Zixuan fell silent. There seemed to be a problem.

“Bo Junyan dotes on Mu Huan so much. I’m afraid that his plan is to swallow the Mu family and give everything we have to Mu Huan. This way, no matter how many benefits we get, it’ll still be theirs in the end!” Matriarch Mu said worriedly.

It had to be said that the older the ginger, the spicier it was.

Matriarch Mu was right!

“That’s why Grandma still wants the 10% shares despite knowing that it’s difficult to get it?”

“Zixuan, you are the greatest hope and most important treasure of the Mu family. I cannot allow you to end up with nothing in the end.” Matriarch Mu had really put in a lot of effort for her grandson.

“But we can’t compete with Bo Junyan at all. What if he really causes us to get into trouble?” Mu Zixuan felt that someone like Bo Junyan would dare to do what he said.

Matriarch Mu knew this as well. Hence, for a moment, she did not know what to do. After a moment of silence, she sighed and said, “I originally thought that by climbing up a big tree, I would be able to get endless benefits from it. I didn’t expect that I would be inviting a wolf into my house.”

Mu Zixuan was speechless.

On the other hand, Mu Kexin, who had been staying in a corner with zero presence, spoke up. "Grandma, since we can't deal with Bo Junyan no matter what, let's deal with Mu Huan! We'll pull her down from her position as Mrs. Bo. By then, Bo Junyan won't want to swallow our family for her!

"Also, after Mu Huan falls, with Grandma's status as Bo Junyan's father's life savior, as long as we don't take so many shares, the Bo family will still give us other benefits. And all these will belong to Zixuan!"

"Well said! But how can you pull Mu Huan down?! Didn't you see how much Bo Junyan likes and dotes on her just now?! If we go against Mu Huan, we'll end up in the same state as your mother if we're not careful!" Matriarch Mu glared at her.

Did she think that Mu Huan would not be able to become Mrs. Bo when she thought that she might attract a wolf into her own house?

In a situation where Mu Huan was doted on by Bo Junyan, dealing with Mu Huan was equivalent to dealing with Bo Junyan! She didn't want to take the risk!

Mu Kexin walked up to her and whispered, "Grandma, we can't deal with Mu Huan alone, but we can work with others! There's someone who can pull Mu Huan down!"

Chapter 589: Action (1)

Mu Kexin walked up to her and whispered, "Grandma, we can't deal with Mu Huan alone, but we can work with others! There's someone who can pull Mu Huan down!"

Matriarch Mu narrowed her eyes.

As long as everyone had a common interest, they were partners. Once there was a conflict of interest, they would instantly become enemies.

In the past, Mu Huan and Matriarch Mu were on the same boat. Mu Huan's enemy was Matriarch Mu's enemy, but now, it wasn't.

Monday...

Mu Huan walked up to Long Feiting, who was playing games, and said, "We'll take action at 6:30 PM."

Long Feiting immediately perked up. "There's news?"

"Yes."

"What news?"

"Just come with me after school," Mu Huan said as she sat down beside him and opened her book.

"Will it kill you to tell me more?" Long Feiting said unhappily.

Mu Huan rolled her eyes at him silently.

Just as Long Feiting was about to say something...

A girl walked over with a beautifully packaged box.

“Go away, go away, stay away from me! I have a girlfriend!” Long Feiting thought that the girl was here to confess to him and waved her away.

“I know you have a girlfriend!” the girl said. Who in this school didn’t know that he and Mu Kexin were a couple?

“Then you...” Long Feiting was speechless.

The girl handed the exquisitely packaged box to Mu Huan.

She smiled shyly and said, “Xiao Huan, didn’t you say that the biscuits I made last time were delicious? I’ve baked a few more flavors for you on Sunday. Try them. If you like those, I’ll bake more for you in the future.”

Mu Huan had always liked to eat. When she heard that they were delicious, she immediately reached out and took them. “Thank you, beauty!”

With that, she gave her a flying kiss.

The girl blushed even more and ran away with a smile.

Long Feiting: “...”

Ever since that time, Mu Huan had gained a lot of female fans. Although she didn’t dress up as devilishly handsome as before, everyone had noticed her. The more they paid attention to her, the more they realized that she was extremely handsome in every aspect, especially that careless smile of hers. It made their hearts race uncontrollably.

Furthermore, she was good at her studies and was a loyal person. Whenever she was free, she would help them and answer their questions. She was better at explaining than the professor. Hence, she often had a group of girls around her.

Long Feiting saw Mu Huan opening the box and was about to eat.

“Aren’t you afraid of being poisoned to death?”

Mu Huan glanced at him sideways and did not speak.

“Didn’t your mother teach you not to eat things given by strangers when you were young?” She would eat food whoever gave it to her!

“She’s not a stranger. She’s the English Language Study committee member of our class. She’s a family member and is especially good at cooking. I often eat the food she makes.” Mu Huan liked fragrant, soft, and delicious food.

“A woman’s heart is the most vicious. Perhaps she’s jealous of you, so she used food to tempt you and poison you with a slow-acting poison to kill you...”

Mu Huan’s lips twitched and she ignored him.

Long Feiting reached out to grab a few biscuits and stuffed them into his mouth when she ignored him.

Mu Huan: “...”

What if she couldn't help but want to punch Long Feiting?

Should she take the opportunity to beat him up tonight?

The more Mu Huan thought about it, the more she felt that this was a good idea!

...

After school, Mu Huan and Li Meng brought Long Feiting to Wu Xingye's rented place.

Wu Xingye was already waiting.

Chapter 590: Action (2)

"Xingye, tell him about tonight's operation. Xiao Meng and I will go get our makeup done." If Mu Huan wanted to earn money, she would definitely bring the two of them along.

"Alright." Wu Xingye took out a map and told Long Feiting about their plan for tonight.

When he was done, Mu Huan and Li Meng had just come out after doing their makeup.

Today, Mu Huan was wearing male makeup while Li Meng was a charming and seductive lady.

The two of them looked completely different from usual. If it weren't for the fact that he was very familiar with them and knew that they were wearing makeup, Long Feiting would definitely not have recognized them when they were walking on the streets.

This was especially so for Mu Huan, who was usually a soft and cute little loli. After she put on makeup and became a man, the soft and cute aura on her body immediately disappeared. There was only a man's handsomeness and a faint domineering aura. She was even on par with Long Feiting, the campus beau!

"Do you understand now?" Mu Huan looked at Long Feiting.

Long Feiting, who was stunned by her question, snapped back to his senses. "Yes."

"Alright, then, let's go," Mu Huan said as she walked out.

"Why did the three of you put on special makeup and disguise except for me?" When Wu Xingye was speaking to Long Feiting about the operation earlier, because they were very close, Long Feiting realized that he had applied a thick layer of powder on his face and his eyes. In other words, he had put on his makeup before they came.

In this way, only he didn't have any special attire!

"Why should you put on makeup?" Mu Huan asked.

"Because I want to participate in the operation as well?!" Could it be that she was afraid that he would be in danger and wanted him to hide behind the scenes and watch?

This won't do!

"Yes."

“Then why don’t I do the same as all of you?” Why did he have to be different from them? This made him feel very disorganized, as if they weren’t on the same team.

“We put on makeup because we were afraid that others would find out about our true identity and seek revenge on us. Why should you put on makeup?”

Long Feiting said instinctively, “Am I not afraid?”

“You’re the one who said it. No matter how powerful the other party’s organization is, you, Young Master Long, are not afraid! This way, you have to act on your own. When the time comes, if the items are returned and someone takes revenge, because the target is clear, they will only look for you and not us.”

Long Feiting: “...!!”

It was because of this!

“Are you afraid? If you are, then don’t chase after them. After all, your family could afford to lose that bit of money!” Mu Huan sat down and refused to leave.

“How is that possible?! I, Young Master Long, have never known how to write the word afraid!”

“Do you need me to teach you how to write it?” Mu Huan raised an eyebrow.

Long Feiting: “...!!”

“Alright, I’ll stop teasing you. If we miss the timing, we really won’t be able to catch up,” Mu Huan said as she stood up.

“You guys earn the money, and I’ll take the risk. Mu Huan, can you be any smarter?” Long Feiting said depressingly.

She actually didn’t want to hide him behind the scenes and prevent him from putting on makeup because she was afraid that he would be in danger. Instead, she did it so that the enemy would have a clear target! That way, they could only seek revenge from him! She was really capable!

“That’s true!”

Long Feiting: “...!!”

“Alright, you don’t have to be too afraid. They’re just thieves, not gangsters who commit murder and arson. If they fail to get what they want, they can at most steal some things from the other jewelry stores under your family’s name. They won’t do anything to you. Furthermore, with the Long family’s reputation in the martial arts world, no one will dare to touch you, a golden goose!”

If there was really any danger, Mu Huan wouldn’t have made such arrangements.
