

Fake Marriage 621

Chapter 621: I Should Like Only Her (1)

Mu Huan, who was sleeping, looked very harmless. She was as cute as a little girl. Her skin was fair and tender, and her eyelashes were long like a small fan. The sunlight from outside the window shone on her face, making her glow.

Her little face felt so soft and tender that one could not bear to let go.

Long Feiting momentarily forgot what he was doing, where he was, and how time had passed.

It was only when a strong force grabbed his wrist and was about to break it that he snapped back to his senses and looked up.

He met Bo Junyan's cold and frightening gaze.

"Uncle... Uncle... Professor Bo..."

"What are you doing?"

"I... I... I was... Class is about to start... I... I wanted to wake her up..." Long Feiting stuttered involuntarily.

Bo Junyan looked at him coldly for a while before letting go of his hand. Then, he reached out and pinched Mu Huan's face.

Mu Huan, who was sleeping soundly, was woken up by this forceful pinch. She was furious. "Who the f*ck is courting death?!"

As she spoke, she opened her eyes and rolled up her sleeves, ready to punch someone.

Right then, that familiar and cold voice rang above her head. "Aren't you the one courting death?"

Mu Huan froze and slowly lifted her head. "Professor... Professor Bo..."

Bo Junyan smiled at her. It was a smile of death!

If this were at home, Mu Huan would have immediately pounced into his embrace and hugged him to coax him. However, this was the school, and she could only use her eyes to express her cajoling. Please let me off!

Bo Junyan snorted. "Class."

Then, he turned around and walked toward the podium.

Mu Huan quickly took out her textbook and sat down.

Long Feiting, who was at the side, glanced at her and did not speak. He also sat up straight to listen.

Just as Bo Junyan turned around to write on the blackboard...

A student whispered.

"I really suspect that Mu Huan is related to Professor Bo!"

“Yes, yes!”

“When Professor Bo walked toward Mu Huan just now, his face was so black that it looked like he caught her red-handed in bed!”

Mu Huan was stunned. Caught in bed? She had only slept for a while, so what was this about her being caught in bed?

“I think Long Feiting is infatuated with Mu Huan. Otherwise, he wouldn’t have shown that expression while touching Mu Huan’s face for so long!”

When Mu Huan heard this, she turned to look at Long Feiting. Did he touch her face while she was sleeping? Did he want to die?!

No wonder her husband was so angry!

Long Feiting: “...”

He didn’t know what had gotten into him at that time. He’d clearly wanted to mess with her so that she wouldn’t be able to sleep properly. Who knew that things would turn out this way?

“Yes, yes! I think so too!”

“Wasn’t he Mu Huan’s sworn enemy in the past?”

“Enemies can become lovers!”

“But isn’t Mu Huan already married?”

“Who wouldn’t like an outstanding, beautiful, and talented girl? Even if she’s married, she can’t stop others from liking her!”

“That’s true.”

Just as Mu Huan was about to say something, Bo Junyan, who was on the podium, had just finished writing and turned around.

Instantly, all the students, including her, sat properly and listened to the class seriously, as if no one had said anything just now.

Previously, during the Biochemistry class, they had all wanted to see the most handsome man in the world. Now, they didn’t even dare to look at him because their unrivaled handsome professor was too strict!

During this lesson, Bo Junyan specifically targeted Long Feiting and asked him a lot of questions. Long Feiting had transferred to the pharmaceutical faculty quite late, and he was not very interested in pharmaceutical studies. Hence, never mind the more complicated questions, he could not even answer the simpler ones.

Chapter 622: I Should Like Only Her (2)

“Since you don’t like pharmaceutical studies and you don’t pay attention to the lectures, you don’t know anything. Why don’t you stop pursuing it? I suggest that you change your course. Student Huo Yuqi did very well after she did so.” Bo Junyan looked at Long Feiting.

That icy gaze, which was like an ice blade, made Long Feiting feel immense pressure!

This Bo Junyan was really petty! Long Feiting had only accidentally pinched Mu Huan’s face, but Bo Junyan embarrassed him in public and was even making him transfer to another faculty!

After class, Bo Junyan called Mu Huan to his office as usual.

The moment they left...

The students started whispering among themselves.

“Look, I’m saying that Professor Bo must have something going on with Mu Huan! From how he was targeting Long Feiting just now, it seemed he couldn’t wait to throw him down the stairs!”

“Yes, yes! I think so too!”

“The cold air that Professor Bo exuded just now made me feel that I wasn’t in a warm classroom but in the snow-covered North Pole!”

“I’m so envious of Mu Huan. Not only did she marry a tall, rich, and handsome husband who dotes on her, but she also has two campus male idols fighting over her. Most importantly, she’s such a genius!”

“This is infuriating... There’s no way to compare... there’s no way...”

Yun University was a key university. The students who could come here had all been outstanding since they were young. They were children from other good families and had a sense of superiority in their hearts. But after coming to university, they realized that their classmates were all outstanding, and there was someone even more outstanding than them all like Mu Huan.

They finally understood what the saying that there’s always a higher mountain meant. There would always be someone better than you.

“But didn’t Professor Bo say before that he has a wife? She’s super beautiful and invincible, even better than Professor Ling!”

“That’s right! When Professor Bo said those words, his expression became other than the usual iceberg. I feel that he loves his wife very much. It’s impossible that he’s cheating after falling for Mu Huan!”

“Logically speaking, it isn’t possible. But don’t you think that the relationship between Professor Bo and Mu Huan is very unusual? Have you seen him treat any other classmate like that? Just like earlier, if he didn’t have any feelings for Mu Huan, why did he have such a dark expression? And he even personally woke Mu Huan up, right? And every time after class, he would ask Mu Huan to go to his office! There are no other professors who would ask Assistant Ke to go to his office every time! How can there be so many things that he needs to tell her?!”

“That’s true!”

“Then... does Professor Bo really have something going on with Mu Huan?”

“They both betrayed their loved ones?”

“That’s possible. People are always looking at the pot while eating!”

Just as the students were discussing the illicit love between Bo Junyan and Mu Huan...

“It may not necessarily be an affair. What if they’re husband and wife?”

As soon as she said this, the classroom fell silent!

Everyone looked at the student who spoke.

Long Feiting and Li Meng looked over at the same time. They wanted to see who it was that had guessed the truth!

Very quickly, someone replied to the student.

“Mu Huan is married to a super-rich person. The row of black cars from last time was so spectacular. Someone who could have such extravagance is definitely not ordinary! Such a person must be a big CEO or something! Why would he come to school to teach?!”

“That’s right! That’s right!”

“Can’t you see the watch on Professor Bo’s wrist? That watch is worth tens of millions! How can an ordinary teacher wear such an expensive watch?” No matter how well-respected an old professor was, he shouldn’t be able to earn that much money, let alone a young one like Professor Bo.

Chapter 623: I Should Like Only Her (3)

“His watch might be a high-quality imitation!” Nowadays, even high-quality imitations were made as if they were real. In fact, they could even be better than the real ones!

“Then take a look at his attire! Although they’re not a branded item, the style and workmanship, especially of his shoes, are definitely from a famous designer. Such clothes might not even be bought with money!”

“That’s just your guess. Professor Bo is such a formidable figure. He must be rich, but I don’t think he can be a CEO. How can a CEO have such profound medical knowledge?!”

“That’s right! CEOs are all businessmen who only care about profit! Professor Bo is a god-like scientist!”

After hearing what they said, the classmate who felt that Mu Huan and Bo Junyan were husband and wife became a little uncertain about her guess.

In the office...

After closing the door, Mu Huan immediately pounced on him and hugged him coquettishly. “Hubby...”

Bo Junyan swept her a cold glance and did not speak.

“I didn’t fall asleep on purpose. I’m really tired! You let me sleep for only an hour yesterday...” It’s all his fault that she fell asleep!

Bo Junyan did not speak, but he carried her and sat down.

“Be good, Hubby. Don’t be angry. I’ll be more careful in the future!”

“Stay away from Long Feiting from now on. There’s something wrong with that lad.”

Just as the students had guessed, Bo Junyan had had the urge to throw Long Feiting down.

“He must have wanted to prank me and pinch my face to wake me up. Have you forgotten that he has a girlfriend?!” Mu Huan felt that Long Feiting must really love Mu Kexin since he was with her despite knowing so well that she was stupid.

If it was true love, then it was impossible for him to have any ill intentions toward her.

“No matter what, keep a distance from him. Don’t ever fall asleep in front of him again!”

Her sleeping look could move any man.

“Alright, I promise!” Mu Huan raised her hand and made a vow.

Every time she did nothing wrong, she would do whatever he asked her to do. Bo Junyan could no longer be angry.

When Mu Huan saw that his anger had subsided a lot, she said, “But, Hubby, you have to promise me that you’ll let me sleep more in the future. Otherwise, I won’t be able to control myself... You know how much I love sleeping... If I don’t sleep enough, my brain won’t run correctly.”

Bo Junyan: “...”

It was hard for him to make such a promise.

He lowered his head and kissed her. “I’ll try my best.”

His little wife was too tempting.

Mu Huan: “...”

This was no different from not having a guarantee...

Her husband was good at everything except this aspect.

“I’ll pick you up in the afternoon and we’ll attend the granddaughter of the Dong family’s birthday banquet at their residence tonight. Because you saved Uncle Dong’s granddaughter, he especially instructed me to bring you over.”

“Yes.”

...

When Mu Huan returned to the classroom, no one was discussing her. Instead, they were all discussing the fireworks from last night.

“The fireworks last night were really even more brilliant and beautiful than the ones at the annual meeting. It was grand!”

“Yes, yes, it’s simply too beautiful!”

“I don’t know why there were so many fireworks last night. It’s not a holiday! It’s not some special day.”

“I heard that a big shot arranged it for his girlfriend.”

“Such a huge sum? Fireworks are so expensive. It must have cost a lot of money to be able to put on such a long show!”

“It’s not just fireworks. It seems like Star Restaurant was also booked by that big boss yesterday. I heard that it was temporarily booked. Just paying the penalty fee of ten times that of the customers who had made an appointment in advance would cost a lot of money!”

Chapter 624: I Should Like Only Her (4)

“Also, the roses sold out in an instant last night!”

“Judging by that, the big boss didn’t seem to have a plan. It was all a last-minute arrangement.”

“Yes, yes.”

“To be able to get so many things at the last minute, it looks like this big boss is a very rich person! He’s so rich, and he’s spent so much effort on his girlfriend. It’s so fortunate to be his girlfriend!”

Mu Huan: “...”

Her husband had caused such a huge commotion after just a casual remark from her.

Just like what that girl had said, she was about to die of happiness!

When Long Feiting saw Mu Huan’s expression, he knew that the big boss was Bo Junyan.

Thinking about it, it could only be Bo Junyan. It wasn’t just a matter of money. The main reason was that he could get approval to release so many fireworks in such a short time.

He thought about how they had gone for a meal after leaving the hospital and created such a romantic scene.

Furthermore, she was so tired early in the morning.

Long Feiting suddenly felt so frustrated that he wanted to punch someone!

He looked at Mu Huan and wanted to do something, but he couldn’t!

This feeling annoyed him so much that he suddenly stood up and left the classroom!

Previously, he had always thought that he was sick. It was...

But now, he seemed to have realized something.

If Mu Huan were anyone else’s wife, Long Feiting would not be afraid. But she was Bo Junyan’s wife...

Whether it was in terms of wealth, power, knowledge, or family background, he knew very well that he was inferior to Bo Junyan.

The only thing of his that could compete against him was his youth.

However, this wasn't a question of competition.

Rather, they were already husband and wife, and their relationship was very good!

He couldn't go on like this! He couldn't!

He couldn't do this!

Long Feiting left the school and went to the boxing club. After punching for an entire morning, he finally vented the frustration in his heart.

After resting, he got someone to buy all the roses in the entire city and send them to Yun University.

After school, Mu Kexin walked out of the classroom to see Long Feiting waiting for her in a sea of flowers.

Long Feiting was really handsome!

Especially the way he looked now!

Standing in the sea of flowers, he was like a perfect male lead who had walked out of a comic. He was so seductive that it made one's heart race!

Not only Mu Kexin, but all the girls were stunned!

They thought that they had long gotten used to Long Feiting's looks and that their feelings wouldn't be as hard to control as they were at the start. But when he deliberately exuded his charm, no one could stop him...

When he walked slowly toward her, it was as if he was walking step by step on the tip of her heart. She could not help but hold her breath and forget everything in this world. In her mind, there was only him!

The pharmaceutical faculty and the nursing faculty were on the same floor.

After school ended, Mu Huan came out and saw Long Feiting standing downstairs.

She looked at the empty space in front of the school building that was filled with flowers. "Wow, this Long Feiting is really generous."

"Yes, yes!" Li Meng nodded and continued, "Today isn't even Valentine's day. Why did he suddenly do this?"

"Who knows?!" Mu Huan pouted.

Her husband was really thinking too much. Long Feiting had spent so much effort on Mu Kexin, so how could he have any ill intentions toward her?!

"Is this what it means to meet the right person every day?"

"Maybe."

Just then, downstairs.

“Kexin, this is a gift from me to you for our sixty-day anniversary. Do you like it?” Little Star was his true love. No matter what she became, she was still his Little Star. He should like only her and treat her well!

Chapter 625: I Should Like Only Her (5)

Little Star was his true love. No matter what she became, she was still his Little Star. He should like only her and treat her well!

And Mu Huan was the person he wanted to mess with!

He must stop having such messy thoughts!

Mu Kexin was stunned by Long Feiting’s unexpected surprise. For a moment, she did not know how to react. She could only look at Long Feiting in a daze.

Why would he suddenly give her such a surprise?

What... happened to him?

Although Mu Kexin was arrogant and relatively brainless, she was not a stupid person. Otherwise, she would not have been able to hide the truth until now. Hence, she could sense that Long Feiting did not have any romantic feelings for her. Otherwise, it was impossible for him to not want to hug and kiss her. Every time he asked her out for a meal, he would really eat and watch movies. After dinner, he would send her home.

She couldn’t feel any fondness from him at all. Hence, he couldn’t have remembered something like their sixty-day anniversary, and he wouldn’t have suddenly created such a sea of flowers to surprise her.

However...

No matter why he suddenly became like this, this was a surprise he had given her. She was very happy! She felt very proud!

He was such a handsome campus beau boyfriend and a rich second-generation heir. He had spent so much effort to surprise her! From today onwards, she would definitely be the envy of all the girls in the school!

Hence, after regaining her senses, she took a step forward and hugged Long Feiting’s arm. “I like it a lot! Thank you!”

With that, she lifted her head and smiled sweetly at Long Feiting.

Mu Kexin’s smile was similar to Mu Huan’s. This smile stunned Long Feiting.

Just then, Mu Huan and Li Meng arrived downstairs.

“Say, why do you think Long Feiting is so obsessed with Mu Kexin?” Li Meng looked at Long Feiting’s dazed expression and did not understand.

“Who knows?!” Mu Huan looked away. She had never cared about other people’s affairs. As long as they didn’t create trouble for her, they could do whatever they wanted.

“Mu Kexin is really a lousy person!” In the past, Mu Kexin had bullied Mu Huan a lot. Hence, Li Meng really disliked Mu Kexin. She felt that Cupid was too blind to have given Long Feiting to her!

“Don’t worry about them. Think about your relationship with Wu Xingye.” Mu Huan hugged her neck and walked out.

“My what with him? What relationship do I have with him?”

“Don’t tell me that you can’t feel that Wu Xingye likes you.” Mu Huan smiled ambiguously at her.

The last time they ate together, Wu Xingye had asked her to probe Li Meng’s intentions. They were such good friends, and he was afraid that if he confessed so easily, not only would they not become a couple, but they would also not be friends anymore.

Li Meng lowered her head. “I can feel it, but it’s impossible between us. It’s better for us to be friends.”

Mu Huan was stunned. “Why not? Don’t you like him?”

She clearly felt that Li Meng had feelings for Wu Xingye.

Li Meng did not answer her question. Instead, she asked, “Xiao Huan, do you think some genes can be inherited?”

Mu Huan: “...”

With just one sentence from Li Meng, Mu Huan knew what she was worried about.

Before Mu Huan could say anything...

Li Meng continued, “I have such a father. His genes run in me. My father likes to gamble and steal...”

“Your dad was nurtured to become that way after he was born. He didn’t inherit those genes. Most genes are about looks and illnesses. He basically didn’t inherit any personality or hobbies!”

Chapter 626: I Should Like Only Her (6)

“No, that’s our family legacy. My grandfather likes to gamble. If I hadn’t met you, perhaps I would have walked down the wrong path.” Even though that was the lifestyle she hated the most, she had fears that that’s what she would become in the end.

“Xiao Meng, you’re thinking too much. You don’t have such genes!”

“If he didn’t, why would Xingye have such talent? You can’t deny that he has talent in gambling, right? We all have these genes. If we combine our genes, what would the child be like? What if he also ends up gambling and loves it...”

“He’ll be smart. Look at me, I’m someone who can learn very vast! And my dad likes to gamble too! He even secretly borrowed money to gamble! If our places were switched, would you think that I should be afraid of my genes? That I should not have gotten married and should choose not to have children?”

Mu Huan knew that since she was young, Li Meng had been told that a crooked stick will have a crooked shadow. Having a father and daughter relationship like that was not a good thing. She felt inferior and was always afraid that she would become such a person.

Because she had such genes in her body.

“Xiao Huan, we’re different...”

“Which part is different?”

“Your dad started gambling later on. Did he like gambling since he was young? I remember you saying that when your dad was studying, he was always at the top in medical school. He was forced by your grandma to such a state. My dad, on the other hand, is like my grandfather. My grandfather is famous in the vicinity. My dad even stole someone’s things before he started school. When he grew up...

“That’s mostly because you’re poor. Now that you and Xingye are rich, you won’t lack money in the future. Why would your child want to steal? If you and Xingye can avoid gambling, why would your child gamble?”

Li Meng asked, “Do you think Gong Zeye’s fiancée is rich?”

Mu Huan: “...”

“She’s rich, but she still wants to do such things. Why?”

“This...” Mu Huan couldn’t understand why someone so rich would want to do such a thing.

“Didn’t you say that she wanted to inherit the family’s legacy?”

Mu Huan: “...”

“Xiao Huan, there are some things that really make one have no choice but to think about them... Besides, I’m not afraid of gambling, but I’m afraid of how bad my thinking is... I don’t know what to say. You should understand what I mean.”

“I can understand what you mean, but I think your understanding is caused by what you’ve heard for a long time. There won’t be such a situation. Both you and Xingye are smart, kind, and hardworking. Both of you are very good! If the two of you were really together, it wouldn’t be what you think it would be! Your child would be very lively and cute, smart, and have a good character!”

Li Meng smiled, but she did not continue this topic. “Didn’t you say that your husband would pick you up to attend that young lady’s birthday banquet today? Hurry up and go. Your husband should be waiting for you at the entrance.”

Mu Huan knew that the trauma that those words had left in her since she was young could not be resolved by just addressing it once or twice. Hence, she did not continue.

When Mu Huan got into the car at the school entrance...

Coincidentally, Long Feiting was walking to the school gate with Mu Kexin in his arms. When he saw Mu Huan, he was stunned and stopped in his tracks.

It was only when Mu Kexin asked him what was wrong that he snapped back to his senses.

Lowering his head, he looked toward Mu Kexin.

He looked at her with those eyes.

Mu Kexin was at a loss as to what to do with her heart rate.

Chapter 627: I Should Like Only Her (7)

Just as she was about to succumb to his gaze...

Long Feiting said, "I don't have any other requests for you. All I'm asking now is, don't be stupid and cause trouble for nothing. Stay safe and sound. I'll give you whatever you want. Can you do that?"

There were some things that could not be changed no matter what. Her IQ had suffered a hard blow, and she could no longer be like before or become like Mu Huan. Hence, as long as she did not make any stupid mistakes in the future, she would just be ordinary.

Mu Kexin was stunned. She did not know what was wrong with him today. First, he had prepared such a strange surprise for her, and now, he was saying such strange things.

After a while, she stuttered, "What... what do you mean?"

"What I mean is, as long as you don't have any bad intentions and don't do anything stupid, we'll be fine together. Whatever you want, I'll buy it for you." No matter what, she was his Little Star. He would try his best to accept her ordinary life and nurture his feelings for her.

Mu Kexin seemed to have understood what he meant. Just as she was about to say something...

Long Feiting suddenly said, "Do you want to move in with me?"

Mu Kexin was stunned by his words!

His words were even more powerful than an explosion!

He... He... What is... going on today? What... is going on?

Not only did he suddenly do such a thing and say such things, but he even wanted her to move in with him!

He clearly didn't like her, so why did he suddenly want to live with her?!

Heavens! What was going on today?!

Could it be because she had been begging the heavens every day to help her and Long Feiting make progress? If the heavens had heard this, could they have kindly helped her?

Was that the case? Was it?

Just as Long Feiting felt a little impulsive and was about to say something...

"Alright!"

No matter why Long Feiting was acting so abnormally today, this was a great opportunity! Putting everything else aside, she was still confident in her looks! If she could live with Long Feiting, then there would be many opportunities to seduce him!

He was at an age where he was full of vigor and energy. If anything were to happen between the two of them, she would be able to get pregnant with Long Feiting's child and, like Lin Qingya, use the child to climb up the ranks and become the daughter-in-law of the Long family!

Of course, she would definitely not be like Lin Qingya, who was stupid enough to not like Mu Huan even after having a child. She would not frame Mu Huan and cause her life to be in danger!

Just as Long Feiting had said, she would be obedient and not do anything. As long as he gave her money, she could buy whatever she wanted and spend it as she pleased!

After going through so many things, Mu Kexin knew her limits. She knew that her capabilities were limited. No matter how much she didn't want Mu Huan to do well, it was useless. Hence, she wouldn't think about it. She wouldn't find trouble with Mu Huan. If she could lead a good life, she would definitely lead a good life!

At this thought, she suddenly thought of that matter...

If that didn't work...

However, when she thought about how she couldn't do anything about it, she felt relieved.

Long Feiting: "..."

He was the one who suggested it, and now that she had agreed, he definitely couldn't do it suddenly...

Dong family...

As Dong Xuezheng's granddaughter's birthday was on the same day as his, the two of them celebrated their birthdays together every year. The birthday banquet was also held very grandly. Dong Xuezheng's connections in the circle were all here.

When Bo Junyan and Mu Huan arrived, almost everyone was already present.

Chapter 628: I Should Like Only Her (8)

Bo Junyan had always been the center of attention, and now, his newly wedded wife, Mu Huan, was a hot topic of discussion. Hence, when the two of them appeared, they became the center of attention and attracted a commotion.

When Dong Xuezheng saw them, he hurriedly led his granddaughter and son and daughter-in-law toward Bo Junyan and Mu Huan.

"Xiao Huan, you're here!" Dong Xuezheng greeted them warmly.

"Uncle Dong, I wish you a long life!" With that, Mu Huan delivered the gift.

"You're too polite." Dong Xuezheng's birthday gifts were all received by the butler, but he personally received Mu Huan's gift.

“Mrs. Bo, I haven’t seen you for a few days and you’ve become prettier!” Dong Xuezheng’s daughter-in-law said with a smile. After Dong Xuezheng went to thank Mu Huan, his son and daughter-in-law had also gone to thank Mu Huan.

“Sister-in-law, you’re the one who’s becoming more and more beautiful!” Mu Huan smiled as she greeted the other party. Then, she bent over and looked at the little girl standing next to Dong Xuezheng. “Little princess, I wish you a happy birthday. You’ll become even prettier the older you get!”

“Thank you, Fairy Sister...” The little girl was already nine years old and was very good at remembering things. She remembered clearly what had happened that day when she was saved. In her heart, Mu Huan was like a deity! Furthermore, the last time she went to thank Mu Huan with her parents, Mu Huan had treated her well, which made her like this beautiful Fairy Sister even more.

“Little cutie, you really know how to talk!” Mu Huan smiled and caressed her head.

Then, she passed the gift that she had prepared to the little cutie.

“Thank you, Fairy Sister!” The little girl smiled sweetly at Mu Huan.

The little girl was very pretty and looked even better when she smiled. Mu Huan couldn’t help but say, “You’re the little fairy!”

Just then, someone wearing a pair of high heels approached Bo Junyan and stopped beside him. “Uncle Dong, I wish you a long life!”

When she heard that familiar voice, Mu Huan looked up.

Ling Wei stood on the other side of Bo Junyan and passed her gift to Dong Xuezheng.

She was already very beautiful and elegant to begin with, but after meticulously dressing up, she became even more elegant and moving. As she stood there, she was like a lofty goddess, full of aura!

Her dress was especially beautiful, and it accentuated her figure. It was so seductive that even a woman like her was moved, let alone a man.

She could clearly feel that most of the men’s gazes were instantly focused on Ling Wei.

She could not help but feel disgusted by the tight-fitting black dress that did not reveal her figure at all!

Her husband’s taste in dresses could only be described as terrible!

If it weren’t for her good looks, she wouldn’t have been able to wear this outfit!

She thought of something and looked up at Bo Junyan, who happened to be looking at her. That focused and gentle gaze instantly dispelled the abnormal emotions that had arisen in her heart because of Ling Wei. As long as her husband kept looking at her, nothing else mattered!

After Dong Xuezheng greeted Ling Wei politely, another important guest came.

Hence, he went to greet the guest. As the young lady wanted to stay by Mu Huan’s side, he asked Mu Huan to take care of her.

Mu Huan really liked this pretty and cute girl and was happy to play with her for a while.

“Junyan, I saw Uncle Meng over there. Let’s go greet him.” As Ling Wei spoke, she was about to hold Bo Junyan’s arm and greet someone she knew.

Chapter 629: No One Can Make My Wife Unhappy (1)

Bo Junyan dodged her outstretched hand.

Ling Wei was stunned. Then, she looked at Bo Junyan with a puzzled expression, as if she didn’t understand why he was doing this.

Bo Junyan said, “You go first. I’ll go with Xiao Huan later.”

Now that he had a wife, the person who was attending the banquet with him must be his wife.

Ling Wei seemed to understand what he meant and raised her eyebrows. “Are you so afraid of your wife?”

“You’re the one who went overboard.” Even if Bo Junyan didn’t care about such trivial matters, he knew that under such circumstances, and the fact that Ling Wei had family ties with him aside, even if she was his biological sister, he should rightly be with his wife.

How could a married man abandon his wife in public and greet people with another woman intimately?

Ling Wei had always been sensible. As a woman, she should understand this logic.

“I did it on purpose. I didn’t expect your wife to have trained you so well that you’re now so cautious.” Ling Wei shrugged. Since she had been seen through, there was nothing to hide.

Bo Junyan: “...”

“Although I didn’t succeed, this time, I’m getting you back for saying in public that I’m not as good as your wife.” Ling Wei snorted arrogantly and turned to leave.

In the past, Bo Junyan had felt that Ling Wei was overly competitive. Now, he felt even more that way.

It had to be said that Ling Wei was indeed a formidable person. If someone saw through her schemes, it meant that they had seen through her. If they said that she was bad, then she was bad!

It should also be said that she had the capital, a family background, and a relationship with the Bo family. Even if she had such a scheming mind, because she was one of them, she would still be deemed only as a spoiled, willful, and unyielding person.

It wasn’t that bad.

He wouldn’t think too much about her.

Mu Huan, who had witnessed all of this, knew that Ling Wei did not do this because of that matter. She did this to make her feel uncomfortable, but she did not say anything else. She just stood up and lightly patted Bo Junyan’s face. “Hubby is so obedient!”

Bo Junyan: “...”

Recently, she had become more and more obedient to him, so much so that he felt that she was doing it on purpose.

“That’s how it will be from now on. You have to remember your married status at all times, and you have to constantly think from a different perspective. If you can’t accept what happened between me and other guys, then you also can’t do anything with other girls no matter what your relationship with them is!” Previously, Mu Huan would always say that Ling Wei had feelings for Bo Junyan and wanted to salvage her relationship with him. She wanted Mu Huan to feel upset and wanted to destroy their relationship. That was why she did this.

However, Bo Junyan was very sure that Ling Wei had a boyfriend and that she had only a family-like relationship with him. They grew up together and trusted each other. Hence, he could not believe such things without evidence. That was why Mu Huan did not say this time that Ling Wei did this because she wanted to get him back. She only said that he could not get too close to other women, no matter who this woman was!

It was indeed not easy for Ling Wei, having a family-like relationship with the Bo family, especially since she had the support of Bo Junyan’s grandfather. However, she was not afraid of anything. Humans could change, and so too could their feelings for each other. Once, twice, thrice, and four times, a real family member could be annoying and not be cut off from this kinship. But Ling Wei and Bo Junyan were not a real family.

Now that Mu Huan was the owner of her previous spot, if Ling Wei wanted to push her off the stage, she’d have to attempt things non-stop. This would make her more and more annoying to Bo Junyan. As the number of times she annoyed him increased, Bo Junyan’s feelings for her as a family member would also disappear.

Chapter 630: No One Can Make My Wife Unhappy (2)

Hence, there was no need for Mu Huan to say anything about Ling Wei and end up arguing with her husband.

Besides, apart from not being on guard against Ling Wei in the beginning, her husband was now paying special attention and keeping a distance from Ling Wei at home. Hence, she could not be petty and say anything else.

“Yes.” Bo Junyan and Ling Wei had been together since they were young, so they naturally became a couple. The engagement was also arranged by his family. His feelings for Ling Wei had always been that like that between family and not between a man and a woman. Furthermore, he had been busy with his studies and work in the past. Ling Wei was even busier than him, so he didn’t know much about relationships.

However, he was working hard to learn and correct his mistakes. As long as it was something that his wife cared about or worried about, he would pay attention to it no matter how insignificant it was. He would not let anyone make his wife be unhappy, no matter who it was.

“Hubby, you’re so obedient!” Mu Huan was very satisfied with his answer.

Bo Junyan: "..."

This little fellow was really spoiled by him!

In the upper-class society, there were many banquets of all sizes, but no matter what kind of banquet it was, the purpose was always to gather people together and expand one's social network or business.

The young lady especially liked Mu Huan and wanted to play with her, and Mu Huan didn't like to listen to those business stories. Hence, after greeting the people she was familiar with, she played with the little princess and Bo Junyan talked about projects.

After Mu Huan and Bo Junyan separated, the surrounding people started to look at Mu Huan and discuss softly.

Although they felt that they were already whispering, the sound still reached Mu Huan's ears.

"She's Bo Junyan's wife?"

"Yes."

"Didn't you say that she has fallen from grace? The Gu family didn't even let her attend Old Master Gu's funeral."

"A divorce in our circle wouldn't happen so quickly." There were many interests involved between a married couple from wealthy families. They couldn't break up so quickly just because they wanted to. This was also why many couples who no longer had any feelings for each other still remained husband and wife.

"She came from a poor background, so there shouldn't be much of a relationship between her and Bo Junyan. I believe that they'll get a divorce very soon. Didn't the Bo family not hold a wedding? They didn't even hold a wedding, so they probably don't think much of her. Also, Ling Wei is back. I heard that if Ling Wei and Bo Junyan get married, the two families will merge. Such a combination of interests is simply unimaginable!"

"Yes, yes. Bo Junyan's grandfather is very supportive of the two of them being together! Last time, Old Master Gu's funeral was attended by Ling Wei and Bo Junyan's mother! Bo Junyan's mother and Ling Wei's mother are famous for having a good relationship!"

"No matter how you look at it, Ling Wei is much better than Mu Huan!"

"It's not that she's strong, but that the two of them can't be compared at all. One is in the sky, and the other is on the ground! Comparing her to Ling Wei is insulting to Ling Wei!"

"Although these words are a little nasty, they're very realistic."

Mu Huan: "..."

Realistic, your head! Is there something wrong with your brain?! What nonsense is this about someone else's marriage?! You don't even know anything and you're speaking like your words are the real deal!

“Besides, let’s not talk about external factors. Let’s just talk about character. That Mu Huan doesn’t cut it in that department either. The Bo family and the Gu family have such a good relationship, but she actually pushed the Gu family’s daughter-in-law into having a miscarriage!”

“That’s right! I’ve heard about this too. How evil must this person be to do this to a pregnant woman?”
