

Fake Marriage 661

Chapter 661: Must Prove (1)

Bo Junyan's frown deepened when he heard this. Before he got married, his mother had said that as long as he was willing to marry and have children, she would not worry about him anymore. Right now, he and his wife were fine. So what were his parents doing?

He looked up and signaled for everyone to leave.

Very quickly, a group of people rushed in and, ignoring Old Master Meng's dark expression, took Matriarch Mu, Bai Xuexian, and the old man away.

Bo Junyan's men were all action-oriented. They were very nimble and did not give anyone a chance to speak throughout the entire process. In less than a minute, they cleared the place.

Bo Junyan then looked at Mu Dongsheng.

Mu Dongsheng instinctively cowered. Although he was an elder, he was still a good-for-nothing when it came to dealing with a king.

"Dad, go home first. We'll talk about the wedding another day."

Mu Dongsheng instinctively wanted to leave, but he suddenly thought of something and stopped in his tracks. "Xiao Huan, no matter what, she's your biological grandma and your dad's biological mother..."

Mu Dongsheng might be a coward, but he had a good foundation.

No matter how much his mother had tried to control him since he was young, he would not kick her when she was in trouble. Instead, he gloated over her misfortune and even wanted to save her.

Both of them understood what he meant.

"Dad, you can go back first," Bo Junyan said.

Mu Dongsheng knew that Bo Junyan had heard his words. Furthermore, now was not the time to plead for mercy. Hence, he did not say anything else and turned to leave.

After Mu Dongsheng left, PA Wang, who was standing at the door, closed the door after them both.

Only the Bo family and Old Master Meng were left in the room.

"What do you want, Mom?" Bo Junyan had always been a direct and straightforward person.

His words stunned Meng Yueman, but she quickly snapped back to her senses. "You can't do this to your grandfather!"

As a junior, he shouldn't even speak to his grandfather like that, let alone put him under house arrest! If he wanted to treat his grandfather like this, he would have to wait until she's dead!

"Mom, such things need to be said to Grandpa to make him know his place." Bo Junyan had a lot of things to do. He was really a little annoyed that his grandfather had repeatedly crossed his boundaries.

“What are you saying?! What do you mean by make him know his place?! Isn’t your grandfather doing this for your own good?!” Meng Yueman said angrily.

“Is it really for my own good?” Bo Junyan raised an eyebrow sarcastically.

“If I wasn’t doing this for your own good, then who am I doing this for?!” Old Master Meng was so angry that he wanted to hit Bo Junyan with his walking stick.

However, he was stopped by Bo Dingjing. He looked at his son and said, “Junyan, you’ve gone overboard. It’s not only your grandfather who would do this after finding out about this matter. If I’d have known about it, I would have done the same. You can’t blame your grandfather for this. He did this for your own good.”

Bo Junyan could not bear to hear words such as for your own good, but he had never been a talkative person. There were some things that he knew clearly and felt he did not need to say out loud. His grandfather was not someone he would listen to no matter what he said. He did not want to waste his breath and say anything else. Hence, Bo Dingjing said, “Then I’ll give you a reasonable solution.”

Bo Dingjing was silent for a while before he said, “Send someone to investigate the matter regarding the bartender. If she’s really a woman, then let’s forget about this matter and never mention it again.”

“That’s it?” Bo Junyan was obviously dissatisfied with his way of handling the matter.

“Of course,” Bo Dingjing said as he looked at Old Master Meng.

Chapter 662: Must Prove (2)

“If we find out that the bartender was indeed a woman, then Dad, don’t interfere in Junyan’s marriage anymore. Junyan and Ling Wei have their own new lives. It’s really wrong of you to destroy your own grandson’s marriage.”

Old Master Meng snorted. “Am I destroying anything? I’m doing this for the sake of Junyan and of the Bo family!”

“Dad, Junyan doesn’t need you to do this for his own good. The Bo family doesn’t need to rely on marriage to expand.” Bo Dingjing was a very reasonable person. No matter who was involved, wrong was wrong!

Although Meng Yueman was very dissatisfied with how her son treated her father, she supported Bo Dingjing on this matter. “Dad, Dingjing is right. We don’t need to rely on marriage to expand. Our Bo family is already rich enough. Junyan is already busy enough. He goes home every day at midnight. How busy would he be if we doubled the size in an instant? Being alive and healthy is the most important.”

Meng Yueman, who had been by Bo Dingjing’s side and taking care of his body all these years, felt that the most important thing in life was health. Only with a healthy body could one enjoy everything. Without a healthy body, so what if you had conquered the world?

Old Master Meng felt that they were too useless, but he did not say anything and only snorted.

“Dad, it’s settled then. As long as they can prove that the bartender was a woman, you will no longer interfere with Junyan’s marriage.” Since he did not speak, Bo Dingjing took it that he had agreed.

With that, he looked at Bo Junyan.

“Do you have any objections?”

Just as Bo Junyan was about to say something, Mu Huan gently tugged at him. She had been looking for evidence all this time, but she couldn't find any. This person had also died without a trace, so how could she prove it?

Bo Junyan knew what she wanted to say and held her hand to reassure her. Then, he looked up at his father and said, “Dad, as long as you can guarantee that Grandpa will honor his part of the bargain, I have no objections.”

“If you prove it, you can do whatever you want with your grandfather next time,” Bo Dingjing said.

If his father-in-law still tried to stop him after proving that the bartender was a woman, then it was time to deal with him harshly.

“Alright.” Bo Junyan then stood up with Mu Huan in his arms. “Mom, may I leave now?”

Meng Yueman said angrily, “Hurry up and leave!”

Bo Junyan did not say anything else and left.

Mu Huan wanted to say something, but seeing her mother-in-law's ugly expression, she did not say anything.

After they left, Old Master Meng vented his anger on Bo Dingjing and his wife. “Look at how much you've spoiled Junyan!”

Knowing that he was angry, the couple did not make a sound and lowered their heads to let him scold them.

When he was almost done venting his anger, Meng Yueman started to coax Old Master Meng. When she was almost done, she finally dared to speak from the bottom of her heart. “Dad, in the future, tell me about such matters and let me handle it. You and Junyan are already in a bad relationship. This will only make your relationship worse.”

“Dad, Yueman is right. If you have any problems in the future, just tell us directly. Let us communicate with Junyan. You're in a good place now. You can watch shows, play with the birds, and go out with your old friends. Isn't that great? Why bother yourself over other things?” Bo Dingjing said.

Now that the old man was getting on in years, it would be good for him to take the opportunity to go out and have fun and enjoy life while he was still in good health.

“That's right. Dingjing is right. Dad, it's time for you to enjoy your life! You worked so hard when you were young. If you don't enjoy your life now, when will you do it? Why don't we go to Disneyland for the new year? The air there is good...” Meng Yueman started to advise the old man to go and play.

“Stop changing the topic! We're talking about Mu Huan right now!”

Chapter 663: A Week's Time (1)

“What else is there to discuss about Mu Huan?” Bo Dingjing and Meng Yueman said in unison.

Old Master Meng’s expression darkened instantly. “Do you still want such a daughter-in-law?”

Bo Dingjing said, “If the bartender wasn’t a man, it would mean Xiao Huan was the victim.”

What’s wrong with having such a daughter-in-law?

“Dad, Xiao Huan has such a vicious stepmother and such a grandma. It’s indeed unbelievable that she’d undergone that sort of surgery.” Meng Yueman couldn’t accept such a daughter-in-law, but if her daughter-in-law was innocent, her heart would still ache. It would mean that Mu Huan’s own family had schemed against her and that this child had led a tough life.

Old Master Meng: “...!!”

Was there something wrong with the two of them?! They were already in this state, yet they still wanted this daughter-in-law!

Seeing that the old man’s expression was ugly, Meng Yueman said, “If Junyan’s investigation results show that she’s lying, I’ll definitely not let this matter rest.”

“Can the results of his investigation be trusted? Look at how brainlessly he is defending that person! Who knows, he might even create evidence for her if he couldn’t find any evidence!” Old Master Meng snorted.

Meng Yueman: “...”

“Then I’ll investigate,” Bo Dingjing said.

“What’s the point of investigating?! All of you should firmly oppose the two of them being together!” Old Master Meng was really opposed to the two of them. Mu Huan wasn’t a daughter-in-law with a good status, so what was the point of keeping her around?!

Bo Dingjing: “...”

Meng Yueman said, “Dad, what would be the use even if we objected to it? To begin with, Junyan has always been an independent thinker since he was young, and even if he’s a child from an ordinary family, his parents can’t control who the child wants to be with.

“That’s why, if Xiao Huan isn’t like she’s being accused, then don’t interfere anymore in who Junyan is with, alright?” If there was a problem with their daughter-in-law and she was lying, they would definitely object to the relationship. If there wasn’t any problem, why would they object?

Besides, it was useless to object!

“You...” Old Master Meng looked at Meng Yueman in anger.

“Dad, I also advise you not to meddle in this matter anymore,” Bo Dingjing said.

Old Master Meng was furious!

...

The moment they got into the car, Mu Huan threw herself into Bo Junyan's embrace. "Hubby, I love you! I love you! I love you!"

She really, really did not expect that he would believe her so easily. After all, this was something that was hard to believe. She had no evidence, and that bartender really looked like a man.

If she hadn't accidentally discovered her identity, she wouldn't have been able to tell that she was a woman.

Bo Junyan hugged her and said, "Your words are too insincere."

"Hubby, how sincere do you want me to be?" Mu Huan's face was full of sincerity!

Bo Junyan lowered his head and whispered something into her ear.

Mu Huan's face turned red. "Rascal..."

Bo Junyan smiled and kissed her red face.

He could not figure out why anyone would not like such a good little cutie like her and keep wanting him to leave her.

Mu Huan thought about how she had almost lost him today and tightened her grip on his waist. "Hubby, I love you!" She really loved him, really loved him... She was so glad that he believed her, so happy, so happy that they could still be together. She could still call him Hubby, kiss him, and hug him. He was still hers!

"Okay." Bo Junyan kissed her on the lips.

Compared to how she expressed her affection, he preferred to show it through action.

Seeing this, PA Wang, who was driving, pressed the button of the car's window divider.

Chapter 664: A Week's Time (2)

It was late autumn and the cold wind was piercing.

"Xiao Wei, do help me and advise your grandfather well. Don't let him get angry again. Don't let him stay angry. Also, advise him not to think about pairing you and Junyan together anymore. If the old man continues like this, it won't be good if your boyfriend hears about it." Meng Yueman had coaxed the old man for a few hours, but he was still very angry. She really had no other choice, so she brought him back and handed him to Ling Wei.

In front of her father, her words as his daughter were not as effective as Ling Wei's.

Ling Wei said lightly, "I'll try my best to persuade Grandfather."

"Alright, I'll leave it to you. I'm very tired." Meng Yueman had really said everything she could.

She didn't expect that when she grew old, she would become easy to disregard. Her son couldn't care less about her, and she couldn't say anything to her father. Seriously!

"Sure."

Just as Meng Yueman was about to leave...

Ling Wei asked, "Auntie Man, are you that satisfied with Mu Huan as your daughter-in-law? Grandpa..."

Even after this incident, she did not seem to hate Mu Huan.

Meng Yueman said helplessly, "This isn't a question of whether I'm satisfied or not. This is a question of whether or not Junyan is very satisfied! This wife of his is going to spend the rest of her life with him. If he's satisfied, it's useless no matter what I say. Besides, there's nothing wrong with her!"

"What if there's really a problem? What if she's really like what Grandfather had found out?"

Meng Yueman said instinctively, "Then of course I'd have to oppose the two of them being together!"

It was normal for her to have had a boyfriend before marriage, but Mu Huan was still so young. If she was already fooling around with others at such a young age, and furthermore, if she was lying, then Meng Yueman would definitely not accept it!

Ling Wei's eyes darkened. "Auntie Man, it's getting late. You should rest early."

"You're right." Meng Yueman did not say anything else. She was indeed tired today. She was originally happily talking about the wedding, but in the end, such a thing happened. Seriously...

On the way back.

"Tell me, what's wrong with my dad? He's already so old. Isn't it good for him to lead a carefree life? Why does he have to want Junyan and Ling Wei to be together? Besides, the two of them already have partners. Even if they don't have a partner and can be together, though, I don't think the Ling family will agree to an unconditional merger like they did in the past. I heard from a friend that Old Ling dotes on his son a lot. He can't give all his assets to Xiao Wei now," Meng Yueman grumbled.

"Dad is giving me a headache too." Bo Dingjing felt that his father-in-law was mentally ill.

"Why don't you call Old Ling tomorrow and ask him to tell my dad clearly that even if Ling Wei and Junyan got together, the Bo and Ling families will not merge?"

"I don't think Old Ling will say that."

"Why?"

"Ever since his son was born, there has been a barrier between Old Ling and Ling Wei. If Old Ling were to say this, it would mean that he wanted to give the inheritance to his son. The relationship between the father and daughter would definitely become worse."

"That's true." Meng Yueman thought about it and agreed. "However, even if Old Ling didn't say that, my dad should have thought that it wouldn't be the same as before. That son of his isn't an illegitimate son. He married the mother after his wife died, and she gave birth to a proper son. He also has the right to inherit."

"Dad is getting old and a little confused..."

When Meng Yueman heard this, she immediately said unhappily, "Are you saying that my dad is senile?"

Bo Dingjing: "..."

Wasn't she the one who had been complaining all along? He had said only this much to her.

Chapter 665: A Week's Time (3)

"Junyan dotes on that Mu Huan brainlessly! She doesn't have any evidence. She just said that it was a woman and he believed her!" Old Master Meng was furious today. According to his investigation, the bartender was a man. This made him feel that they could definitely get a divorce.

This was because this meant that Mu Huan was a bad person. No matter how much his grandson doted on her, he wouldn't want her anymore.

Never did he expect that his grandson would believe Mu Huan when she said that the bartender was a woman!

He had never seen such a brainless person!

He was obviously a man, and he believed her when she said he was a woman!

"Things are indeed surprising." Ling Wei did not expect that this attack, which should have been a fatal blow, would end in Mu Huan being let off so easily.

She had already overestimated Bo Junyan's love for Mu Huan. In the end, she had still underestimated him.

Given his personality, he shouldn't have been able to stomach looking at those photos and should have been very angry. No matter what, he shouldn't be like this now. But it just had to be like this.

"This little move is useless. I can't use my vicious move. It wasn't easy for me to get a hold of a fatal weakness, yet she wiggled out of it just like that." The thought of it made Old Master Meng want to vomit blood!

"Grandpa, don't be too anxious. This is just the beginning," Ling Wei comforted.

"Sigh!" Old Master Meng sighed, not knowing what to say. He had thought that she was just a kid who was easy to deal with, but she was so troublesome!

After a while, he recalled that he had asked Ling Wei to ask her father something. Hence, he said, "By the way, what did your father say?"

This matter was so difficult to deal with. He had to make sure that after this matter was settled, the Ling family would still fulfill their promise like they did in the past. He didn't want the Ling family to leave their assets to their son after he had spent so much effort.

"I've already spoken with him. Don't worry, Grandfather. In my father's eyes, there's no distinction between men and women. There's only the difference in abilities. Whoever has the ability to inherit the Ling family will possess the Ling family. Whether it's his daughter or his son, we're both his children and we are both from the Ling family. His decision will not change," Ling Wei said with a smile.

"Alright, then. Go and rest. I'm tired too." Old Master Meng was so angry that he felt uncomfortable all over.

“Okay.” Ling Wei did not say anything else and left Old Master Meng’s room.

After she left the room, the smile on her lips vanished and her gaze turned heavy.

Some people say that once you have a stepmother, you will also have a stepfather.

She felt that her father was about to become more like a stepfather as well. This was because, although he did not reject her when she spoke to him this time, he was no longer as sure as he used to be. He’d said with a doting expression, “Of course, all my things belong to my precious daughter.”

When she had agreed to the birth of that child, he had said so confidently that no matter how many children he had, the Ling family would still be hers. The person he loved the most would always be her. Now that there were some changes, it would be even more difficult to say if that would stay the same in the future.

Hence, she had to get the entire Ling Group as soon as possible!

If she were to take the path of a political wife, it would be a mistake. This had already caused her life to fail. She would never allow herself to lose the Ling Group again!

She, Ling Wei, must not fail like this!

Initially, Ling Wei was still hesitating about whether to come back or not to be with Bo Junyan. Now, she had to be with Bo Junyan because only by being with him would she be able to smoothly get the entire Ling Group. The Ling Group was hers!

That woman and her child did not have the right to even think about it, let alone get it!

Hence, even if the road ahead was tough, she had to continue!

Chapter 666: A Week’s Time (4)

If Ling Wei said she liked Bo Junyan, then that would be the truth. However, she didn’t like him very much, let alone love him. The only person she loved was herself. No matter who she was with, she had her own considerations. It was also because she didn’t look at Bo Junyan with love that Bo Junyan felt that she had no feelings for him. She didn’t want to be with him.

If she had feelings for him and wanted to get him back, it would have been impossible for him not to feel it.

The next morning, the Bo family’s dining table was especially crowded.

When Mu Huan came down and saw that Old Master Meng was there as well, she felt a little awkward. After all, they had confronted each other yesterday, but now, they were sitting together for breakfast.

When Old Master Meng saw her coming down, he snorted.

This bad woman! She’d turned his astute grandson into a brainless person!

“Good morning, Mom, Dad, and Grandpa.” Although she knew that everyone was estranged because of what happened yesterday, Mu Huan still smiled widely and greeted them.

Meng Yueman nodded.

Old Master Meng ignored her.

Only Bo Dingjing said, "Quick, sit down and eat."

Her father-in-law, Bo Dingjing, would definitely believe in his son's taste. His son was such a smart person. If he believed Mu Huan, then even if that person didn't look like a woman, it was very likely that she was a woman. This daughter-in-law of his was very likely an innocent victim. There was no reason for him not to give her any face.

Mu Huan was touched by her father-in-law's kindness. After all, it was really hard for ordinary people to believe her after what happened yesterday.

Because she felt that Bo Junyan's grandfather would not be able to eat well with her around, Mu Huan hurriedly ate some food and said that she had class early in the morning. She then picked up her bag and was about to leave.

Bo Junyan did not want to be around his grandfather because of what happened yesterday. He stood up with Mu Huan and said, "I'll send you."

Mu Huan looked at him and signaled for him to stay here and repair his relationship with his family.

She didn't want him to make a mess with his family because of her.

However, Bo Junyan acted as though he could not understand her gaze. He stood up, hugged her, and intended to send her to school.

Mu Huan: "..."

Just as they were about to leave...

Bo Dingjing looked at Bo Junyan and said, "Matriarch Mu saved my life and she's Xiao Huan's biological grandmother. Don't go overboard."

"Yes," he replied nonchalantly.

Old Master Meng stood up and said, "Bo Junyan, I'll give you a week! If you can find evidence within a week to prove that what Mu Huan said is true, I'll return to the Imperial Capital immediately. If you can't prove it, then you'll divorce her immediately!"

"I'll find the evidence. As for the divorce, no matter what had happened, I won't divorce Xiao Huan. Grandfather, you'd better give up on this thought," Bo Junyan said coldly.

"You..." Old Master Meng was so angry that he wanted to hit him again.

He had spent so much effort to nurture him, so how did he end up like this?!

"Junyan!" Meng Yueman glared at Bo Junyan. Was he trying to anger his grandfather to death?

Couldn't he be more tactful?

"I'll take my leave first. You guys take your time to eat." With that, he turned around and left.

Meng Yueman was furious as she watched him leave.

Ling Wei looked at the furious father and daughter and lowered her eyes. Although this matter did not achieve the effect she wanted, it was still effective.

...

After coming out, Mu Huan said worriedly, "Hubby, there's no evidence at all. How are we going to find it within a week?"

She had searched for so long without any evidence.

Chapter 667: A Week's Time (5)

Especially when this person was dead. If this person was dead, even if they could find someone who knew that she was a woman to be a witness, his grandfather and the rest would not believe it.

However, how could a dead person prove that she was a woman other than by using an insider to prove her identity? It could only be verified through genes. However, her bones were not preserved, and they'd have to use her hair. Her hair had to have been preserved like her grandfather had done with his.

Hence, this was a very puzzling matter.

"Don't worry about this matter. You have to submit the experiment report at the end of this month so you should focus on your experiment. I'll handle this matter," Bo Junyan said.

"But..." Mu Huan still wanted to say something.

"Be good." Bo Junyan caressed her head.

Mu Huan: "..."

Alright, she couldn't find a solution no matter how hard she'd tried. If he said she should let him handle it, then so be it.

After getting into the car...

"Hubby, do you believe me so much because she looks like a woman?" To this day, Mu Huan still could not believe that he believed her so easily. She could not believe that such a huge matter had passed so easily. It was so fast that she felt that it was surreal. Hence, from yesterday until now, she had been floating.

"No."

"Then why did you believe me so quickly?"

"Because it's you. I'll believe whatever you say." Who would he believe if he didn't believe his own wife?

Mu Huan: "...!!"

I can't take it anymore! I can't take it anymore! I really can't take it anymore!

Her heart was about to explode!

This man clearly didn't know how to say anything romantic at all, but he could always stir up her heart!

“Hubby, I don’t want to go to school anymore! I want to be with you. I want to be with you every minute and second!” As she spoke, she hugged his waist, wanting to stick to him.

“Alright.”

“Then will you be annoyed with me?”

“No.”

“Hubby...”

“Hubby, I love you! I love you!”

Ha...

In the end, Mu Huan did not follow Bo Junyan to the company. However, she only arrived at school in the afternoon.

At Yun University...

“Why didn’t you come in the morning? You didn’t even pick up my call,” Li Meng asked as she handed her a cup of milk tea.

“Yes.”

“What’s the matter? You couldn’t even pick up the call?”

“Of course not,” Mu Huan said with a smile.

“Why are you in such a good mood? Did something good happen?”

“From now on, I’m a carefree person. I can’t not be in a good mood!” Previously, even though she had seen her grandma burn those things, because such things had happened before and she wasn’t 100% sure that her grandma didn’t have a backup, she’d still had something on her mind. She was afraid that this thing would explode when the time came. Now that it had completely exploded, there was nothing for her to worry about!

In the morning, Mu Huan was still worried about finding evidence. However, seeing how confident her husband was that he would definitely be able to resolve this matter, she was confident that she wouldn’t have to worry anymore.

Now that she was no longer worried, she felt much better.

“What’s wrong?”

Mu Huan roughly told Li Meng what had happened.

“I’ve decided. God Bo is my idol for life!” After hearing the story, Li Meng was about to go crazy with admiration for Bo Junyan! God! Definitely God! The eternal God in her heart!

Chapter 668: A Week’s Time (6)

“I admire my husband too.” Mu Huan smiled sweetly.

She had a great husband!

“Then you won’t have anything to fear from now on!” Li Meng looked even happier than Mu Huan!

“Yes!”

“Let’s go for a big meal tonight! It’s your treat! I want to eat the most expensive and most luxurious food!” In the past, whenever Li Meng and the rest were happy, they wanted to eat, but whenever they were unhappy, they wanted to eat even more!

“It’s not a problem to treat you guys to a big meal, but I can’t do it in the next few days...” Mu Huan told her that Bo Junyan’s grandfather gave them a week to find evidence. Although she trusted her husband a lot, she still had to help him find some. After all, it was only a week.

“This is a difficult problem.” Li Meng had gone with Mu Huan to look for evidence, so she knew that it would be difficult to find any.

“It’s a big problem.” Although Mu Huan believed that Bo Junyan could find evidence to prove her innocence, she couldn’t think of what evidence they could find.

“However, I believe in God Bo. God Bo is an omnipotent god! He will definitely find evidence!” Li Meng was very confident in Bo Junyan!

After all, what they thought was a disaster that could completely destroy Mu Huan was just a light hit! If this sort of thing could be overcome, what else couldn’t?

“Yes.” Mu Huan nodded.

“By the way, have you heard that Long Feiting and Mu Kexin are cohabiting?!”

Mu Huan almost spat out the milk tea in her mouth. “What?”

“The two of them live together, attend school together, and end school together. I even heard that they’re getting engaged soon!”

Mu Huan: “...”

Freaking hell!

She didn’t know what to say!

Just then, Long Feiting walked in.

Li Meng looked at Long Feiting and said, “But from the looks of it, he doesn’t look like he’s having a good time!”

Mu Huan followed her line of sight and said, “No.”

“Then why do you think he likes Mu Kexin? I don’t think he’s a stupid person!”

“I don’t know.” Mu Huan shook her head.

“How can one be obsessed with a person’s looks for so long?”

“He probably likes those stupid ones. Don’t the male protagonists in those romance novels like them? They’re cute and stupid.”

Li Meng: “...”

That was a possibility!

Long Feiting wanted to sit somewhere else, but when he met Mu Huan’s gaze, he unexpectedly walked to Mu Huan’s side and sat down.

When the two saw him coming over, they stopped talking about him.

Just as Mu Huan had taken out her book and was about to start reading...

Long Feiting suddenly turned around and said to her, “I’m cohabiting with Mu Kexin.”

Mu Huan was stunned. Why was he telling her this? But she still replied, “Oh.”

“We’re cohabiting!”

Mu Huan: “...”

She wasn’t deaf. She’d heard it, and didn’t she say oh?

Long Feiting looked at her expression and thought to himself, “Oh, I’m done. What else do you want?” Instantly, he was furious! Then, he stood up and left!

Mu Huan: “...”

This Long Feiting was getting weirder and weirder!

Li Meng looked at Long Feiting’s departing back and said, “If it weren’t for the fact that he’s cohabiting with Mu Kexin, I would really suspect that he likes you.”

Mu Huan’s lips twitched.

Western suburbs...

Yang Ning narrowed her eyes as she looked at the documents in her hand. Mu Huan had actually worked as an odd-job worker at the cutting master’s place for a year.

Was it purely a coincidence that she had been an odd-job worker there and the master’s assistant had migrated after the incident?

Although Mu Huan did not leave any traces of information that she had received from the master, she would definitely investigate both aspects of the matter after Yang Ning’s incident. When Mu Huan was working as a part-time worker at the master’s place, she did not put on a disguise. She would be able to find out after investigating.

Chapter 669: Fallen in Love (1)

Although Yang Ning did not find out that Mu Huan and the master’s assistant were in contact about this matter and that the assistant’s family had been preparing to immigrate before the incident, Mu Huan had helped the other party to speak that day. She had now found out about this information, and after

the incident, she had been getting someone to follow Long Feiting. She also had surveillance on his phone, but he did not contact anyone. Instead, he'd said that the other party had no drug on hand and it could not be sold. The other party was busy, and they had to wait until there was time to talk about it. Since he spoke so seriously, it was obvious that he had contacted the other party but did not do so through the phone. That meant that they had met and chatted!

However, the people who followed him did not see him contacting any strangers.

Coincidentally, Long Feiting and Mu Huan were in the same class!

All these were too coincidental!

This made her, who already thought that Mu Huan knew the other party, feel even more that Mu Huan had absolutely something to do with this matter.

However, she had gotten someone to investigate Mu Huan's past. Other than the odd-jobs and the year she'd spent at the cutting master's place, there were no other problems. Furthermore, she was still so young. She felt that there was no way she could have any hidden skills.

But this matter also indicated that it had something to do with Mu Huan.

Hence, even if it wasn't Mu Huan, it was highly possible that they were close friends.

This made Yang Ning decide to investigate Mu Huan's friend.

At Yun University...

After Mu Huan was done with her experiment, she recalled that she had wanted to find out what kind of person her great-grandfather was. Before she did, she took out her phone and keyed in his name. In the end, she did not manage to find out his name. He was a formidable figure.

This made her feel that it was impossible. Her grandfather was so cautious and had spent so much effort to leave something for her. It was impossible that this person was not famous at all and was not a big shot!

She felt that the position she was looking for might be wrong.

No, the method of searching was wrong!

Hence, she called Wu Xingye and said, "Investigate Jin Tianheng. He's been dead for about five to six years. Investigate the rich. His assets are at least above the Mu family's."

"What's wrong? Why are you investigating a dead person?"

"He should be my great-grandfather. He might have billions of assets waiting for me to inherit."

Wu Xingye knew that Mu Huan had never been one to joke around. "What the f*ck! Have you become good friends with the God of Fortune? If you say you have money, all the money will come to you!"

A huge inheritance could appear out of nowhere!

"That's what I said, but it might not necessarily be true. Go investigate it first." This matter had been going on for five to six years. Mu Huan felt that in the face of such a huge sum of money and with the

deaths of so many people, no matter how loyal his subordinates were, it would be difficult for them to continue being loyal. The assets might have already been transferred away or squandered away, or that person might not have the ability to manage the company well.

Hence, she did not hold much hope. Besides, she was already very rich and was not in a hurry to get this inheritance. She only thought that it would be good if she could go up another level. If not, she would be fine.

After all, she was no longer that poor child.

“Alright!”

Wu Xingye was a top-notch hacker when it came to investigating people. With him in charge, Mu Huan no longer had to worry about this matter. Thinking about what happened yesterday, she knew her in-laws must have felt uncomfortable. She couldn't stay in the laboratory too late and had to go home. Hence, she packed her things and prepared to go home.

When she came out, it was raining outside. It was almost winter, and when it rained, it was exceptionally cold, making her shiver.

Chapter 670: Fallen in Love (2)

Mu Huan did not bring an umbrella. Just as she'd put on the cap on her sportswear and was about to run toward the school gate, Long Feiting and Mu Kexin came over with an umbrella and blocked the path.

Mu Kexin looked at Mu Huan, who was perfectly fine, and gritted her teeth in hatred! After that photo was exposed, she, who was supposed to be in trouble, was completely fine. Her grandma and mother, on the other hand, did not return home for the entire night. She did not know how they were doing now!

According to her father's description of the situation at that time, her mother and grandma's ending would not be good, especially her mother!

“Sis, I know that my mom deserves it. Given all the things she did to you, no one can plead on her behalf, and I won't. However, Grandma has never treated you harshly. The Mu family can't do without Grandma. I beg you, please let Grandma off!” Mu Kexin reached out to grab Mu Huan's clothes and begged her to let Matriarch Mu off.

She knew that even if she were Long Feiting's girlfriend now, he would not be able to save her mother. Hence, she did not plead for Bai Xuexian but for Matriarch Mu.

It was not that she was very filial to plead for Matriarch Mu. When her biological mother was sent to the mental hospital, she had not put in much effort for her. What more for Matriarch Mu, who had abandoned her? Yet she wanted to save Matriarch Mu.

This was because Matriarch Mu was Bo Dingjing's life savior. With this layer of relationship, it was easy to save her. Furthermore, as long as Matriarch Mu was around, the Mu family would be Mu Zixuan's. And Mu Zixuan was her biological younger brother. If the Mu family was his, she would definitely have a good life in the future.

Although she was now Long Feiting's girlfriend and they had moved in together, Long Feiting had no intention of getting close to her. He would not even give her the chance to get drunk and be with him. Hence, she felt that the chances of her being with Long Feiting and marrying him were too low. She still hoped that her younger brother would lead a good life, and she hoped the chances would be higher. Hence, she had to think of a way to make sure that her grandma would be fine.

Furthermore, she had a nagging feeling that Long Feiting had a different kind of feelings for Mu Huan. Hence, she brought along Long Feiting to beg Mu Huan to let Matriarch Mu off.

This way, firstly, with Long Feiting around, Mu Huan wouldn't be able to do anything to her. Secondly, Mu Huan would definitely not let her grandma off easily. This would make Long Feiting feel that Mu Huan was very vicious. After all, she was her biological grandma. Hence, his favorable impression of her would decrease.

If Mu Kexin could not win Long Feiting's heart, then she would not let him have a good impression of Mu Huan!

Mu Huan pushed Mu Kexin away in disgust. "Get lost!"

Who did she think she was? She came here to plead for mercy, did she? What was she pretending for?!

"Mu Huan, what are you saying?!" Long Feiting said with a darkened expression. No matter what, Mu Kexin was his girlfriend. She had to look at the owner before beating a dog. She was not giving him any face at all!

Mu Huan looked up at Long Feiting and said, "I'm asking for a favor. Take your girlfriend to look for Bo Junyan. Don't come to me. I don't know where she is. Don't block the way. Move away."

Just as Mu Kexin had thought, Mu Huan would not easily get into a conflict with Long Feiting. After all, with Long Feiting's status, it would be very troublesome for her to cause trouble. Hence, Mu Huan did not want to provoke him.

"I'd also like to plead with Bo Junyan, but he probably won't even see me. How am I supposed to plead with him...?" Mu Kexin quickly added.

"Sis, I know it's our fault in the past. It's all our fault! But look at how obedient I was later. I never looked for trouble with you again. Grandma is getting on in years. After this incident, she definitely won't look for trouble with you again. Please tell Bo Junyan to let Grandma off, alright?"
