

## Fake Marriage 711

### Chapter 711: Unknown Territory (1)

“Hubby, I... I...” She wanted to explain, but she suddenly didn’t know how to. There was nothing much to explain about what he saw. Finally, she said, “I’ve said before that I’m not such a weak person. I’m very strong!”

Bo Junyan: “...”

Was she blaming him for being blind?

After Mu Huan said this, she felt that what she said was not right. She hurriedly said, “Hubby, I originally planned to let you know how strong I am after you returned! But before I could tell you, you suddenly came back. You...”

As Mu Huan was speaking, Li Meng and Wu Xingye rushed over. “Xiao Huan...”

Just as they were about to say something, they saw Bo Junyan and were instantly stunned. It took them a while to regain their senses.

Then, they looked at Mu Huan with an obvious expression. *You’ve been exposed?*

Mu Huan: “...”

“If there’s nothing else, you can go back first!”

Wu Xingye and Li Meng looked at each other and asked, “What about you...?”

Mu Huan did not speak and waved them away.

With their years of tacit understanding, even though the two of them were very concerned about Mu Huan’s current situation, they did not say anything else and turned to run.

They turned around and left.

Long Feiting and Gu Chenyi ran over.

“Xiao Huan, are you alright?!” They were naturally present at Gong Zeye’s birthday banquet as well. When they saw the fatty launching a sneak attack on Mu Huan, they’d turned around and dashed down in a hurry.

Since they didn’t come down from upstairs like Bo Junyan did, who jumped down directly, they were a little slower.

Mu Huan: “...”

Why were there so many people today...?

After sizing up Mu Huan and confirming that she was fine, Long Feiting berated angrily, “You were fighting, so why were you in a daze?! Do you think you’re invincible just because you’re good at fighting? If that person’s punch had landed on your head, you’d have been finished. Don’t you know that?”

Long Feiting had seen her like this before.

This realization made Bo Junyan's eyes darken.

Just then, Gu Chenyi said, "Didn't I tell you to look for me if you needed anything? Don't fight with others. You're a girl. It's so dangerous!"

Gu Chenyi also knew...

As her husband, he knew nothing about what others knew.

He even treated her as a weak little cutie who'd tire herself out if she wiped a blackboard...

How should one describe this feeling?

Bo Junyan's gaze turned completely cold.

Mu Huan looked at Bo Junyan's eyes, which were getting colder and colder. She really wanted to give the two people in front of her a good beating. What the f\*ck! Why were they so concerned about her?! Was this the time to be concerned about her?! And were they really concerned about her?

They were harming her!

As someone who knew how to read Bo Junyan's expression, Mu Huan could roughly guess the change in his heart from the change in his expression.

This was something that they all knew, but her husband didn't!

This was like the situation back when he had not returned all night. Ling Wei knew and Gong Zeye knew, but only Mu Huan did not know what had happened. The feeling in her heart was really indescribable!

Mu Huan hugged his arm and said anxiously, "Hubby, I can explain all these! Please don't be angry first!"

Bo Junyan remained silent with a cold expression.

"Mu Huan, didn't you say that if your husband found out that you were like this, not only would he not dislike you, but he would also still love you very much? Why are you so afraid of him being angry now?" Seeing that she was fine, Long Feiting was in the mood to find trouble with her.

"Uncle, don't blame Xiao Huan. Xiao Huan definitely didn't want this to happen. She had no choice..." Gu Chenyi said.

## **Chapter 712: Unknown Territory (2)**

Mu Huan: "...!!"

Freaking hell! Were the two of them done yet?! Were they trying to make her husband so angry that he'd ignore her forever?

Just as Long Feiting was about to say something...

Mu Huan looked at the two of them and said viciously, "Shut up, you two! If anyone dares to say another word, I'll make sure you won't be able to speak again!"

"Uncle Bo, look. This is her true colors. How brutal! How ruthless!" Long Feiting pointed at Mu Huan.

Mu Huan's gaze instantly turned colder.

With a casual fling of her hand, some white powder landed on Long Feiting's body. Instantly, he felt as though there were tens of thousands of bugs biting him.

He shouted angrily, "Mu Huan! Can you stop doing this all the time?!"

Mu Huan ignored him and turned around. Sensing that her husband was becoming colder, she hurriedly said, "Hubby, don't be angry with me. I didn't mean to hide it from you... No... I had no choice. I..."

Mu Huan was so anxious that she didn't know what to say.

Bo Junyan ignored her and strode forward.

Mu Huan had to run all the way to catch up with him.

Outside, PA Wang was already waiting in front of the car.

Just now, he did not manage to leave in time and had seen Mu Huan's formidable skills. If he had not seen it with his own eyes, he would not have believed it even if he was beaten to death. The CEO's wife was so petite and adorable. How could she have such strong skills? He could not even defeat even just two of them...

What the f\*ck...

He was so shocked that he could not accept it, let alone the CEO, who wholeheartedly regarded his wife as a little cutie.

No matter how talented he was, he could not tell how traumatized his CEO was.

When Mu Huan saw Bo Junyan get into the car, she hurriedly followed him, afraid that he would leave her behind.

Bo Junyan did not stop her from getting into the car, but he did not look at her either.

The cold air around him was unprecedented. No matter how angry he was in the past, he wouldn't be like this.

PA Wang, who was driving in front, had also raised the glass without Bo Junyan's order. Otherwise, he was afraid that he would not be able to focus on driving.

"Hubby, I really didn't mean to hide it from you!" Mu Huan explained anxiously, hugging Bo Junyan's arm.

Bo Junyan looked at her coldly. His aloof expression seemed to say, "If you didn't mean to hide it from me, how could you keep it from me until now?"

Mu Huan: "..."

What the f\*ck!

“Alright, I did hide it from you on purpose, but didn’t you say in the past that you wanted a quiet, gentle, and obedient wife? You also hate fighting the most. I’m not the type you like, so I can only hide it from you... I...”

“So, you’re blaming me?” Bo Junyan asked coldly.

Mu Huan: “...”

F\*ck! What was she saying?! Why did she say that?!

“Hubby, I’m not blaming you... I’m just explaining this matter. I know it’s all my fault. It’s all my fault. I’ve made countless mistakes and deserve to die! Hubby, don’t be angry, alright... Hubby...” Mu Huan hugged his arm and acted coquettishly.

Bo Junyan looked at her delicate little face and saw how she was acting coquettishly. Then, he thought about how she had swung that 200-kilogram fatty earlier. Instantly, he withdrew his hand and stopped looking at her.

“Stay away from me. Also, don’t call me Hubby.” In the past, he had always felt that she was deliberately calling him Hubby without any feelings. Now that he thought about it, it was even more fake.

“Hubby, don’t be like this! If I don’t call you Hubby, who should I call Hubby? Should I call someone else Hubby?”

### **Chapter 713: Unknown Territory (3)**

Bo Junyan’s expression turned even uglier at the thought of her coquettishly addressing another man as her husband!

“Hubby, I know I shouldn’t have hidden this from you. It’s all my fault. Please hit me...” Mu Huan said as she squeezed herself into his embrace.

However, Bo Junyan, who used to always hug her whenever she pounced on him, did not hug her. His body was still emitting an intensely cold aura.

Seeing this, Mu Huan made up her mind. She reached out to hold his face and was about to kiss him.

Bo Junyan avoided her kiss.

He exuded a sense of rejection.

Mu Huan: “...”

She was not a person who liked to act coquettishly or explain anything. After she got together with Bo Junyan, he had always doted on her. No matter what happened, he would always stand on her side. There was no need for her to say anything more and he would forgive her. Every time he was angry, she only needed to hug him and say a few words. If that didn’t do it, she would kiss him. Then, everything would be fine.

Now, he was not even letting her kiss him. This anger...

He was really angry!

This...

She didn't know what else she could do.

After all, even a kiss was useless to her. She really didn't know what else she could do!

"Hubby, what do I have to do to make you not angry?" she asked pitifully as she looked at him.

Bo Junyan kept silent.

"Hubby, I..." Mu Huan wanted to say something, but she didn't know what else she could say.

In the past, no matter how angry Bo Junyan was, he would never reject her advances. Now that he was rejecting her advances, she did not even dare to get close to him, let alone do anything else.

No matter what Mu Huan said, Bo Junyan ignored her. In the end, he didn't even give her a cold look.

This made Mu Huan, who was already at her wit's end, unable to find a word to say. She could only quietly hide in a corner and carefully look at Bo Junyan.

Until they reached home.

Bo Junyan, who used to carry her out of the car, opened the car door and left.

Seeing this, Mu Huan quickly followed.

When they entered, Bo Dingjing and Meng Yueman were watching television in the living room.

The two of them were stunned to see Bo Junyan.

Then, Meng Yueman stood up and said, "Junyan, when did you come back? Eat..."

Before she could finish speaking, Bo Junyan went upstairs.

Meng Yueman: "..."

What was going on? Why was he so angry?!

"Mom, Junyan is throwing a tantrum because of me. I'll go up and coax him first." With that, Mu Huan hurriedly followed after Bo Junyan.

Meng Yueman: "..."

"What happened to make Junyan, who dotes on his wife, throw a tantrum?" Bo Dingjing asked curiously.

"I don't know, but from the looks of it, it's not a small matter. Why don't I go up and take a look?" Meng Yueman had never seen her son with so cold an expression that he ignored her.

"Don't. Let them settle their own matters. Let's not get involved." Bo Dingjing felt that it was best for the elders to not interfere in the matters between the two of them. Otherwise, the more they interfered, the more chaotic it would be.

Meng Yueman thought about it and agreed. Then, she sat down again. "Seriously, my dad just left and I can relax now. Why are they fighting again?"

“He’s a young man. Who at that age wouldn’t throw a tantrum and bicker? Didn’t you always throw a tantrum at me when you were young?”

“Why do I keep fooling around with you? Should I even be fooling around with you? I just want you to rest more. I want you to be in good health!”

#### **Chapter 714: Unknown Territory (4)**

Seeing this, Bo Dingjing immediately said, “I was wrong. I was wrong. My wife is right in everything. Everything she does is for my own good!”

Meng Yueman looked at him and snorted. “Fake!”

With that, she stood up and left for her room.

Bo Dingjing: “...”

Look, she even said she didn’t like to make a scene.

Upstairs...

The moment Bo Junyan entered the room, he started to pack his clothes.

Mu Huan panicked when she saw this and hurriedly went up to stop him. “Hubby, what are you doing?!”

“Move aside.”

“I won’t allow it!” Mu Huan stood in front of the wardrobe, her expression saying that she’d rather die than let him go!

Bo Junyan looked at her for a while, then turned around and left without packing his things.

Mu Huan hurriedly ran forward and hugged his waist from behind. “Hubby, don’t go. Let’s talk things out!”

“Talk what out?”

Mu Huan: “...”

That’s right! What else did she have to say?! She felt like she had said everything she could!

After a while, she...

“Hubby, I swear on my life! I really had plans to tell you when you came back!”

Bo Junyan did not respond.

“Hubby, believe me, alright?! I really planned to tell you when you came back! I can swear an oath that if I’m lying, I’ll get into a car...”

“I believe you.”

When Mu Huan heard that he believed her, she heaved a sigh of relief and couldn’t help but sound a little coquettish. “Hubby, if you believe me, then don’t be so angry, alright? You’re so angry, I’m so scared...”

She was afraid that because of this, he would no longer like her. After all, she was every single thing that he didn't like.

She was really afraid that he wouldn't like her like this...

Any other thing that happened between the two of them could still be resolved. But if he didn't like her anymore, there'd be no way to resolve it. After all, this was the person she was. If he didn't like her, what else could she do?

Bo Junyan: "..."

Did she actually know what fear was?

"Hubby, please don't dislike who I am... If you don't like me like this and don't want me anymore, I won't be able to hug and kiss you anymore. Also, Hubby, you can't hug and kiss me. In the future, it'll be another man hugging and kissing me. Think about it..."

Before she could finish speaking...

Bo Junyan, who had suddenly turned around, kissed her fiercely.

It was as though a thunderstorm had suddenly broken out in midsummer. It was so violent that one could not resist at all!

The next morning.

When Mu Huan woke up, Bo Junyan was no longer around.

Yesterday, her suppositions had made him stop rejecting her advances so coldly. She didn't know if it was considered a successful use of her big move or if he wasn't so angry with her anymore.

After some thought, she picked up her phone and called Bo Junyan.

Bo Junyan took it.

"Hubby..." she called out delicately.

"I'm busy. Don't call me." With that, he hung up.

Mu Huan: "..."

He was still angry...

However, when she thought about how her husband had always been arrogant, sulky, and difficult to appease, Mu Huan felt that this anger could not be appeased in a short while. She had to take it slow.

As long as he didn't say that he didn't want her, everything would be fine!

Hence, she got up, washed up, and prepared to go to school.

When she went downstairs to the dining room, Bo Dingjing, his wife, and the Huo siblings were already having breakfast.

When Meng Yueman saw her coming down, she said, "Come over for breakfast. Otherwise, you'll be late for school."

"Okay." Mu Huan walked over.

She sat down.

Meng Yueman looked at her. "Were you and Junyan fine last night?"

### **Chapter 715: Unknown Territory (5)**

Last night, that child from the Gong family called to say that they had not even eaten.

She had yet to eat and had only come out today. It looked like their relationship was almost over.

Since ancient times, husband and wife had always fought at the head of the bed and at the end of the bed.

"It shouldn't be a big deal, but Junyan is still a little angry. I need to placate him," Mu Huan said awkwardly.

"That's right. You have to coax him well. This child has always been a tsundere since he was young. When he was unhappy when he was young, he would never say anything and would never say what he wanted. He would always want people to guess. Once there's something that was not as good as what he wanted, he would have all sorts of dark expressions. You don't know how tired I was when I was coaxing him!" Whenever Meng Yueman thought about it, she'd break down in tears.

Mu Huan: "Yes, he's too proud and coquettish!"

Mu Huan felt that her husband was indeed a tsundere. Usually, when you talked to him, he would only reply with a "mm" and you'd have to guess what he was thinking. What more when he was angry? He was like a thousand-year-old iceberg. Not only was he unhappy, but he also had a cold expression on his face.

"This is all your father's fault. Your father's personality is also like this. It's completely inherited! You can blame your father, but don't blame Junyan. He didn't want to be born with such a personality." As Meng Yueman spoke, she looked at Bo Dingjing with a face full of blame!

Bo Dingjing: "..."

Was this what it meant to be shot in the foot?

He'd been so harmless that even a lukewarm breakfast could burn him.

Mu Huan: "..."

"Cousin usually dotes on you so much, yet he's this angry with you. You must have done something wrong, yet you still have the cheek to blame Cousin for being arrogant!" Huo Li snorted.

Last night, he did not attend Gong Zeye's birthday banquet and did not know what had happened. He only blamed Mu Huan instinctively.

Before Mu Huan could say anything else, Meng Yueman said, “Huo Li, eat your food. Once you’re full, go upstairs!”

Huo Yuqi looked at Huo Li. Who asked him to look for trouble for no reason?! Would he not be able to get over it if he didn’t cause trouble for her?

Huo Li’s lips twitched. His sister had completely betrayed him.

“Am I wrong? It’s not like you don’t know Cousin’s temper, Aunt. With his personality, how could he be so easily angered? Especially given how he usually dotes on his wife!” Huo Li’s tone was very serious when he said the word “dotes.”

Let them think about how Bo Junyan usually doted on his wife. Mu Huan must have done something wrong to make him so angry!

Meng Yueman was already very curious about what had happened between Mu Huan and Bo Junyan. Now that she’d heard her nephew’s words, she was even more curious about what Mu Huan had done to make her son so angry. Hence, she asked curiously, “Xiao Huan, what happened between you and Junyan?”

After asking, she felt that something was amiss and quickly added, “I don’t mean anything else. I just want to show some concern for you guys. It’s fine even if you don’t want to tell me!”

Although she was curious, it was just as her husband had said. It was better for them not to get involved in the matters between the youngsters.

Mu Huan felt that there was nothing she couldn’t say. Besides, she had already made Bo Junyan so angry by not telling him. She didn’t want her in-laws to accidentally see her manly side one day and be so shocked that they wouldn’t be able to accept her as their daughter-in-law anymore. Hence, she said, “Yesterday, my friend was abducted by a client she offended when she was working part-time. When I went to save her and fought with someone to do so, Junyan saw me. He didn’t know that I knew how to fight, so he was very angry.”

### **Chapter 716: Unknown Territory (6)**

“You fought with someone?” Meng Yueman and Bo Dingjing were in disbelief.

She was so petite and yet she was fighting with someone?

“Dad, Mom, don’t be fooled by my appearance. I’m actually very strong and good at fighting! It’s not a problem for me to fight more than ten people by myself!” Mu Huan was also very distressed about her petite and soft appearance, but she had no choice since this was given to her by her parents.

One person could fight more than ten?

Meng Yueman: “...”

It was unimaginable.

Bo Dingjing: “...”

It was unimaginable.

“Stop boasting! You think you can fight more than ten people by yourself?” Huo Li snorted.

“It won’t be a problem for me to fight a dozen of them.” Mu Huan looked at him.

“You really know how to exaggerate!” Huo Li did not believe her at all.

Mu Huan did not speak. She picked up the stainless steel fork that was placed on the dining table and bent it...

Meng Yueman: “...!!”

Bo Dingjing: “...”

Huo Li: “...!!”

Huo Yuqi: “...!!”

She snapped back to her senses and said instinctively, “That time, it was you who broke the car door handle. The one now isn’t the original, is it?”

At that time, she had clearly heard something, but Mu Huan had said that it was nothing.

“Yes.”

Huo Yuqi: “...”

Huo Li came back to his senses and said, “She’s so powerful, but she’s always been pretending to be a cute girl. No wonder Cousin is so angry!”

Mu Huan: “...”

He wasn’t wrong to say that. She had been acting cute all along.

Whether it was for the sake of life or for something else, she was just pretending.

“Huo Li, if you say another word, I’ll get someone to send you home.” Although Bo Dingjing was shocked, his daughter-in-law was still his daughter-in-law. So what if she knew how to fight and had extraordinary martial strength? Even if she had martial strength, that was no reason to reject her, alright?

Besides, they had never asked her if she knew how to fight or if she was strong. Hence, strictly speaking, they could not say that she had lied to them.

Huo Li knew that his uncle had always kept his word, so he did not say anything else.

Bo Dingjing looked at Mu Huan and said, “Xiao Huan, you don’t have to worry. This isn’t a big deal. It might simply have happened too suddenly, so Junyan can’t accept that he doesn’t know you that well. After a few days, he’ll be fine.”

The young and tender wife whom he had always thought was soft and adorable suddenly became so strong, instantly becoming a stranger.

He suddenly realized that the wife he thought he knew well, he did not understand at all. This kind of blow and impact needed some buffer time to bounce back from.

“That’s right. This is too sudden. You’re too two-faced. It’s too unexpected. I’m so shocked that I can’t accept it for a while, let alone Junyan...” Meng Yueman had just snapped back to her senses.

Her soft and adorable daughter-in-law had suddenly become a strongman who could bend stainless steel forks with her bare hands. Honestly speaking, she couldn’t even take the impact, let alone her son who knew his wife very well and doted on her so much that he treated her like his little sweetheart.

“I know. It’s all my fault...” Mu Huan lowered her head. No matter what, it was her fault. It was her fault.

“It’s not your fault. This matter isn’t your fault. Junyan is angry. You just have to placate him. He’ll be fine in a few days,” Bo Dingjing comforted.

“Your father is right. It’ll be fine after you coax him.” Although Meng Yueman was shocked, that was all. Her daughter-in-law only knew how to fight. It was good that she knew how to protect herself. It wasn’t like she did anything else.

Mu Huan: “...”

*I hope I can coax him well...*

### **Chapter 717: I’m Afraid It Will Be Gone with the Wind (1)**

In this world, no matter how close a person was, as long as this did not happen to them, they would not be able to completely sympathize.

Just like this matter.

Bo Dingjing and his wife were biological parents. They were absolutely concerned about their son. But after this shock, they easily accepted it. This was because whether their daughter-in-law knew martial arts or not did not change much for them. It was not a big deal.

But this was not the case for Bo Junyan.

The reason he was so angry wasn’t because Mu Huan knew martial arts. It was because of the impact that made his entire worldview collapse.

Think about it. Your lover, the person you love the most, the person you think you know very well... suddenly, one day, you realize that she’s not what you think she is.

From being so weak and harmless that she needed meticulous protection to become invincible.

To this...

It really made one doubt life! They doubted who they liked and loved.

In particular, that she could deceive you without batting an eyelid would make you even more suspicious of life itself. You wouldn’t know if what she said was true, if what she said was false, if all her love for you was just a lie.

You trusted her so much that you would believe whatever she said and do whatever she wanted.

For her sake, you can go against anyone, but...

But she was no longer her.

This...

If you weren't Bo Junyan yourself, it would be really hard for you to understand the impact he had suffered. Right now, he was doubting his life and everything else.

At Yun University...

"How are you, Xiao Huan? Have you appeased God Bo?"

The moment Mu Huan sat down, Li Meng asked impatiently, "God Bo didn't look too good yesterday. He couldn't be easy to appease. I was so worried that I couldn't sleep last night."

"No..." Mu Huan sighed. She had already used such a big move, so she didn't know how else to comfort her husband.

"You didn't pounce on him?"

"I did, but he's still angry."

Li Meng looked guilty as she said, "It's all my fault!" If it weren't for her, this wouldn't have happened!

If it weren't for the fact that God Bo had found out about it all of a sudden before Xiao Huan had told him, things wouldn't have turned out this way. No one would have been able to take such a sudden scene!

"How is this your fault? It's not like you wanted to get abducted..." Mu Huan suddenly stopped. "No, what happened yesterday was very strange!"

"Yes, I find it strange too. Last night, I went back and thought about the entire process. I felt that Boss Meng was instructed to catch me. Furthermore, they didn't want to settle scores with us. They did that to lure you over!"

"Those people led me to the small courtyard to fight again, and Bo Junyan and the rest happened to be there. This... is definitely not a coincidence!" Mu Huan's gaze turned cold when she thought about how someone had deliberately planned this.

"Could it be Ling Wei?! She found out that you used to work at Know-All Agency and then contacted Boss Meng to get him to detain me first so that you would run over to save me without any suspicion. Then, she would lead you to the small courtyard, and she would arrange for Bo Junyan and the rest to wait there in advance?" The more Li Meng spoke, the more she felt that it was possible!

"She couldn't have arranged for Bo Junyan to wait there. She should have known about Bo Junyan's itinerary and made such arrangements." Mu Huan's greatest enemy now was Ling Wei, so she naturally suspected that it was Ling Wei.

**Chapter 718: I'm Afraid It Will Be Gone with the Wind (2)**

Besides, Ling Wei was the most likely person to be able to arrange such a coincidence and find out about Bo Junyan's schedule without leaving any traces.

When she thought about how Ling Wei knew that Bo Junyan had returned to the country, but she didn't know, Mu Huan was instantly displeased.

Every time, everyone knew about his whereabouts except her!

However, her unhappiness made her understand Bo Junyan's feelings even more. As a husband, he didn't know what others knew. The shadow in his heart was too great!

Just as Mu Huan and Li Meng thought that Ling Wei had done this...

Mu Huan received a call from Gong Zeye.

"Sis-in-law, I'm really sorry. Everything that happened yesterday was arranged by Yang Ning. First, she asked about Brother Bo and my schedule, then she used my birthday banquet to gather everyone there, causing such a thing to happen..." Gong Zeye, who was afraid that he would become an eternal sinner, did not sleep the entire night. He wanted to call them to tell them about this matter, but when he heard from his mother that they had returned to their room after returning, he did not dare to make a call. It was only when he received news from PA Wang that his boss had gone to work that he dared to call Mu Huan.

"What?" Mu Huan was stunned. She didn't expect this to be Yang Ning's doing.

"First, she got someone to follow your good friends, Li Meng and Wu Xingye. When she found out about your past work and confirmed that you were the one who disguised as a man and knocked her down that night, she arranged such a thing to expose your true colors..."

Mu Huan: "..."

Freaking hell! Seriously!

No wonder she felt that someone was following them that day!

She had been too careless! She could sense that someone was following them, but she did not investigate further! Seriously, she was born in trouble and got killed in peace!

"Sister-in-law, I'm really sorry! You can kill me however you want!" Gong Zeye said.

Mu Huan: "..."

After a moment of silence, she said, "It's not your fault."

Just as Gong Zeye was about to say something...

Yang Ning snatched the phone away and said, "If you want to blame someone, blame me. However, I don't think you have the right to blame me. It's just like what you said. It's because you don't have the ability that you ended up like this! You can't blame anyone but yourself for not being vigilant!"

“You’re right. I don’t have the right to blame anyone. I can only blame myself for not being vigilant.” Mu Huan really had no one to blame for falling into such an arrangement. It was just that she had led a comfortable life and became less sensitive to danger. Hence, she could only blame herself for this.

“It’s good that you know!” Yang Ning felt that she had finally gotten back at her.

Just as Mu Huan was about to hang up...

“Mu Huan, you were able to win against us last time because you used drugs. Do you dare to not use that to compete with my men? They’re not even convinced that you’ve beaten them! If you fight with them, we’ll be even!”

“We’ll be even?” Mu Huan laughed.

“That’s right!”

“Include yourself and let me beat you up. Then we’ll be even!” Mu Huan had no right to blame anyone for being schemed against, but she would get her revenge!

In the past, whoever dealt with her, made her unhappy, and made her feel pain, she would get back at them harshly and make them even more upset and hurt!

On account of the fact that she was Gong Zeye’s fiancée and Gong Zeye had apologized in such a timely manner, she would give her a good thrashing if he wouldn’t do anything to her!

“If you can knock them down, I’ll let you beat me up!” Yang Ning was a straightforward person.

“Alright, pick a place. After five o’clock in the afternoon, I can’t go too far away from Yun University. After beating you up, I still have to rush home to eat.”

### **Chapter 719: I’m Afraid It Will Be Gone with the Wind (3)**

Yang Ning was angered by her arrogant words. “You better have the capability!”

“Let me know when the location is set.” With that, Mu Huan hung up.

“Who are you fighting with?” Li Meng did not know who had called Mu Huan, but she could tell from Mu Huan’s tone that there would be a fight.

“Yang Ning.”

“Who is that?” Li Meng had forgotten who Yang Ning was.

“That head of the jewelry thieves, Gong Zeye’s fiancée.”

“Did she arrange everything for you to fight with her?” Li Meng was stunned.

“Yes. Didn’t I say that I felt that someone was following us? It was her men.”

Li Meng: “F\*ck!”

She thought it was Ling Wei, but she didn't expect it to be a passerby whom she had forgotten about! What the f\*ck, there was really an accident every year, and there were especially many accidents this year!

"Why did she do this? Is it because of what happened last time?"

"Yes."

"F\*ck! Let's go and beat them up now!" Her Xiao Huan had already shown them mercy, but they were so ungrateful and unappreciative!

"Not now. I have to rest. I have a fight in the afternoon, so I won't be attending class. I'll go to the dormitory to sleep. Buy lunch and bring it back to the dormitory for me," Mu Huan said as she stood up.

Li Meng was stunned at first and didn't understand what she meant. Then, she understood. "It looks like you don't have to worry too much. God Bo just can't accept it."

"That being said, I also feel that this matter is just a small matter compared to the bed photo. However, I have a bad feeling about this. Hence, I have to work harder." Mu Huan had previously felt that it was not a problem for her to hide the fact that she knew how to fight from him! However, Bo Junyan's reaction made her feel that it wasn't what she thought.

"Don't worry too much for now." Li Meng reached out and patted her arm.

"Okay." Mu Huan nodded. "Bring me more good food and drinks for lunch."

"Yes."

When Mu Huan reached the classroom door, Long Feiting walked toward her.

"Mu Huan, yesterday, you..." He was about to say, "The drug you scattered yesterday made me scratch my back."

However, Mu Huan walked around him and was about to leave.

Long Feiting reached out and grabbed her arm. How could she leave before he could finish speaking?

"Let go," Mu Huan said coldly.

"So what if I don't want to let you go?! I haven't even finished speaking and you're already leaving. Aren't you too rude..." Before Long Feiting could finish his words of courtesy, Mu Huan suddenly grabbed his arm and exerted force.

The pain made Long Feiting instinctively let go.

"I've been in a bad mood recently and have no patience. If you have nothing better to do, don't appear in front of me and don't spout nonsense. Otherwise, I'll make sure you can't say anything else!" Mu Huan said viciously.

Long Feiting: "..."

Mu Huan let go of him and left.

Long Feiting did not chase after her. He knew that when she was in a bad mood, she could not be provoked. It wasn't that he was afraid of her really doing something. It was just that when he fought, he did not hit women. He could only be beaten up by her, and she knew how to use drugs. He really did not want to experience the itchiness from last night again.

Mu Huan bumped into Gu Chenyi at the exit.

When she saw Gu Chenyi walking toward her, the corners of Mu Huan's lips twitched. She really hoped that next year would arrive soon and he'd be sent overseas so that she wouldn't have to see his face, which made her want to punch him!

#### **Chapter 720: Scared of Being Blown by the Wind (4)**

"Xiao Huan, how were things with Uncle yesterday?" Gu Chenyi asked with concern.

"It's none of your business!"

"Xiao Huan, don't be like this. I'm just concerned about you."

"I don't need your concern!" Mu Huan said as she walked around him.

Gu Chenyi once again stood in front of her and looked at her with such deep affection.

"Xiao Huan, if Uncle can't accept you, can you come back to me? No matter what kind of person you are, I can accept it! I like you. For you, I can let go of everything and be with you!"

One would only know how to cherish something after losing it. He was like that. It was only when he lost her that he realized that no matter what kind of person she was, as long as she was his, it was fine.

"This is the last time I'm telling you, no matter what happens between Bo Junyan and me, it's impossible between us. Don't you dare say such things in front of me again! Also, get out of the way immediately. Otherwise, don't blame me for being rude!" When Mu Huan was in a bad mood, she really didn't have much patience.

"Why not? You must have agreed to be with me before because you liked me. I'm your first love! Your most beautiful first love!" Didn't everyone say that first love was the most unforgettable? She should find it the hardest to forget the things between them, especially since they had only been apart for a short while.

"After I got together with Bo Junyan, I realized that I didn't really like you. My first love is my husband!" Didn't he always say that she had never liked him? Now, he was saying that she definitely liked him. F\*ck, this person was really hard to pin down!

"It's not like that. Xiao Huan, don't say such things. I know I was in the wrong in the past. From now on, I'll definitely not be like that. Believe me, I really won't! I'll definitely treat you very well in the future! There's no one in this world who likes you more than I do..." Gu Chenyi said as he grabbed Mu Huan's arm.

Mu Huan took a step back and dodged his hand.

"Don't you feel guilty saying such things? Don't disgust me here! Move aside!"

Yesterday, when she was facing the danger of a sneak attack, Gu Chenyi had run down from upstairs. His words of concern were also suspected of ruining her relationship with Bo Junyan, and her husband had jumped down directly from upstairs. Even under such a shocking situation, her husband instinctively cared about her and wanted to save her!

No matter what, instinct was the best time to show one's feelings. Her husband had true love for her! He truly liked her!

At the thought of this, Mu Huan felt even more strongly that she had to use everything in her power to coax her husband!

"Xiao Huan, these are all my most sincere words. Believe me! If you don't believe me, you can cut open my heart and take a look!" Gu Chenyi said as he stepped forward again, wanting to grab her and make her see his sincerity.

She didn't know how much he yearned for her, how painful it was! He yearned so much that he didn't even look like himself. He really liked her, he really did. He really wanted to be with her! As long as he could be with her, he could give up everything!

Mu Huan couldn't stand his disgusting words anymore. She felt that if she asked him to move away again, he wouldn't listen to her and move away. Hence, she didn't say anything else and directly kicked him!

Gu Chenyi, who did not expect her to kick him, was caught off guard and fell. He widened his eyes in disbelief. He was shocked and hurt!
