Chapter 721: Scared of Being Blown by the Wind (5)

He didn't expect her to treat him this way!

Mu Huan couldn't be bothered with him. Before he could get up, she ran toward the dormitory.

Gu Chenyi looked at her departing figure. After the initial shock, his eyes darkened.

He would make her return to his side! Definitely!

No matter what methods he had to use! No matter what he had to do! He would do it!

Bo Corporation...

After Gong Zeye called Mu Huan, he went to the company to look for Bo Junyan.

"Brother Bo..." He looked cautiously at Bo Junyan.

The way Bo Junyan looked at him was extremely cold, so cold that it made him want to shiver.

"Brother Bo, I'm really sorry. I didn't manage to find a good person..." he apologized pitifully.

"Do you like her? If you don't like her, I can help you deal with the fiancée that Auntie had forced on you," Bo Junyan said.

After Mu Huan had fallen asleep last night, Bo Junyan had gotten someone to investigate all of Mu Huan's matters. Just as he had said before, there was nothing in Yun Cheng that he could not investigate.

When he came to the office today, he saw everything about Mu Huan. After seeing all those incidents, he turned around and thought about it. There were a few times when he'd felt that she was timid and scared when she saw him. Always, it was because she'd done something to feel guilty about. It was all her...

This was the first time that Bo Junyan felt that he was really blind!

It was simply... indescribable...

Bo Junyan had investigated all of Mu Huan's matters, so naturally, he had also investigated yesterday's matter. He never believed that there was such a coincidence in this world. He only believed in people.

This investigation had led him to Yang Ning.

No matter what had happened between him and Mu Huan and what kind of person his wife was, Bo Junyan would not allow anyone to plot against his wife!

As long as Gong Zeye didn't like this Yang Ning, he would immediately deal with her.

When Gong Zeye heard the word "deal," he shuddered again. "Brother Bo, barring accidents, I'll marry her. Don't worry, Brother Bo. There won't be a next time! If there's a next time, I'll get rid of her without you having to do anything!"

Gong Zeye was also at the age to marry. His mother kept urging him. Compared to other women, he could still accept marrying Yang Ning.

"Sure." Bo Junyan did not say anything else.

Gong Zeye looked at Bo Junyan and said carefully, "Brother Bo, I know that what happened yesterday had a huge impact on you, but actually, thinking about it, it's nothing... Sister-in-law is just suddenly good at fighting..."

Although this matter was caused by Yang Ning, it was he who had revealed her whereabouts. Hence, it could be said that it was because of him.

"I still have something on. If you're free, you can leave." Bo Junyan lowered his head to settle the work in his hands.

Gong Zeye knew that it wasn't appropriate for him to say anything else. He turned around and was about to leave when he suddenly thought of something. He turned around and said, "Brother Bo, Yang Ning is going to have a fight with little sister-in-law. It'll be after five in the afternoon."

Bo Junyan looked up at Gong Zeye with a cold gaze.

His fiancée had done such a thing and still dared to fight with his wife?

"I was thinking that Sister-in-law must be feeling uncomfortable after suffering such grievances. I want her to beat them up to vent her anger." When Gong Zeye heard that Yang Ning and Mu Huan were going to fight, he had wanted to explode. He was so angry that he wanted to kill Yang Ning. After doing such a thing, she still dared to fight with Mu Huan. She must be tired of living!

However, when he thought about it, the arranged fight was quite appropriate. His sister-in-law must be full of anger right now. If she beat all of them up, her anger would probably dissipate.

Chapter 722: Scared of Being Blown by the Wind (6)

Bo Junyan snorted and did not speak.

However, Gong Zeye could tell what he meant by that snort. That was, if he dared to let his wife suffer any injuries, he would deal with it directly.

He immediately said, "Don't worry, Brother Bo. I promise that I'll let Sis-in-law vent her anger!"

...

After Mu Huan reached the dormitory, she covered herself with a blanket and fell asleep.

When Li Meng returned to the dormitory at noon and saw that she was still sleeping, she did not wake her up. Instead, she opened up all the good food that she had brought back. Just as she was done serving them, Mu Huan woke up.

She smiled at Mu Huan and said, "I knew you'd wake up once you smell it."

"I'm hungry." Mu Huan sat up.

"Come and eat, these are your favorite dishes."

Mu Huan got up and washed up before starting to eat. The two of them were especially good at eating. Li Meng had bought six servings, and the two of them were still eating.

After the meal, Mu Huan immediately took out her phone, thinking about how she was going to coax her husband.

She was afraid that if she called Bo Junyan, he would say coldly like he did in the morning, "I'm busy. Don't call me."

She sent a WeChat message.

"Hubby, I just had my meal. Have you eaten?" Bo Junyan did not reply to her even after a long time.

Mu Huan thought about it and picked up her cell phone. Using the software that she had downloaded with Bo Junyan, she took a few selfies using a filter of a pitiful kitten.

Sending to Bo Junyan, and begging you to send an accompanying text. Hey, it's your kitten, alright? If you continue to ignore your kitten, your kitten is going to die.

Bo Junyan, who was in the middle of a meeting, saw the photo she'd sent. That pitiful and adorable look made him want to hug her immediately.

But on second thought, the image of her shaking off that 200-kilogram fatty meant this was all an act. He instantly switched off his phone and stopped looking at Mu Huan's message.

Mu Huan sent many more messages and photos, but Bo Junyan did not reply.

It made her so tired that she collapsed on the bed. "Sigh, I wonder when my husband, who's so hard to please, will be able to be appeased."

"Be patient and confident. Think about how many times Edison failed before he invented the light bulb!" Li Meng encouraged.

Mu Huan: "..."

Alright.

"Do you have class in the afternoon or do you want to continue sleeping?"

"Continue to sleep. I just want to sleep now." Her husband ignoring her made her feel very listless and annoyed.

As they were talking, a strong gust of wind blew past and blew open the dormitory's window. When Mu Huan went to close the window, she saw the few leaves on the big tree outside the window. Hence, she took out her phone, took a picture, and posted it on her WeChat Moments.

"If my pig trotters^[1] continue to ignore me, I'm afraid I won't be able to last long like these leaves. I'll be blown away by the wind and buried in this deep winter, never to wake up again."

She posted on her WeChat Moments and waited for a while, but there was still no response from Bo Junyan. Having no other choice, she could only lie on the bed and continue sleeping.

After the meeting, although Bo Junyan had clearly told himself not to look at Mu Huan's messages anymore and that she was only pretending to be pitiful and cute, he still instinctively clicked on WeChat to take a look. However, after looking at those photos and words, he did not reply to her. Just as he was about to put away his phone and continue working...

Gong Zeye called. "Brother Bo, look at Sis-in-law's Moments!"

"What's wrong?"

"Quick, take a look. I'm afraid Sister-in-law will take things too hard!" Gong Zeye said anxiously.

When Bo Junyan heard this, he hung up and went to look at Mu Huan's Moments.

[1] Slang that generally refers to lying men that can't be trusted

Chapter 723: Heartless (1)

Gong Zeye was actually trying to scare Bo Junyan. He did not think that Mu Huan would take things too hard. After all, she was such a strong person, and she had also just arranged a fight. Someone who could still think of fighting in order to cool down would definitely not take things too hard.

He just wanted to make his Brother Bo nervous. Sometimes, people just needed to be provoked.

When Bo Junyan saw the message that Mu Huan had sent, he immediately called her. However, Mu Huan did not pick up. He called a few more times, but no one picked up. This made him stand up and walk out.

Although he knew that someone like her wouldn't do anything stupid, still...

Seeing that the photo was taken at the school dormitory, Bo Junyan headed straight to there.

When he reached the dormitory, Mu Huan was sleeping soundly.

Bo Junyan looked at her, who was lying motionless on the bed, and thought of a certain possibility. His heart instantly stopped beating! Just as he was about to rush forward...

Mu Huan had turned over and was hugging the blanket as she slept.

Bo Junyan: "...!!"

Would such a heartless person take things too hard?

Ha...

Afraid that he wouldn't be able to control himself if he went forward, he woke her up by biting her a few times before turning around to leave.

Mu Huan, who was sound asleep, instinctively sensed something. However, by the time she opened her eyes, Bo Junyan had already left. After looking at the empty dormitory, she turned around and planned to continue sleeping. Just as she closed her eyes, she thought of the WeChat Moments she had sent. Hence, she reached out to touch her phone for a while.

When she turned on her phone and saw several missed calls from Bo Junyan, she sat up in shock and instantly sobered up!

Freaking hell! Her husband called her, but she didn't pick up! She didn't pick up!

Mu Huan had switched her phone to vibrate because she was trying to save someone yesterday. After that incident, she was only thinking about how to coax her husband and had completely forgotten that her phone was on vibrate mode. She was sleeping rather soundly, and before she slept, her phone had been thrown to the other end of her leg due to her frustration. She did not even hear the vibration!

She hit her head hard twice to make her sleep so soundly. After letting her pig's head roll, she hurriedly called Bo Junyan.

Just as Bo Junyan stepped out of the female dormitory, his phone rang. It was Mu Huan. He didn't want to pick up the call, but when he thought about what she had said on her WeChat Moments, he still picked up.

"Hubby, I'm sorry. I fell asleep because I was too upset. My phone vibrated and I didn't hear your call!" Mu Huan explained anxiously.

Bo Junyan snorted. Did she fall asleep because she was too upset?

He had only heard that when one was sad, one could not eat well and could not sleep. He had never seen a time when someone upset could eat and sleep well!

"Hubby, don't be angry, alright? If you get angry and ignore me, I won't be able to live..."

Bo Junyan snorted even louder. He saw that she could live well without anyone. She could eat, sleep, and even be in the mood to fight.

"Hubby..." Mu Huan wanted to say something else, but Bo Junyan hung up.

He wouldn't pick up no matter what.

Mu Huan made another call. After Bo Junyan did not pick up, she patted her head hard. Why should you sleep?! Are you a pig?! You should sleep! Damn it!

Just as she was feeling vexed, her phone rang. It was an unknown number.

Yang Ning called her next.

“We’re waiting for you at the park behind your school.”

Mu Huan thought about it. It was where she had kicked Long Feiting into the lake last time. It was a quiet place that was ideal for beating people up. “Alright.”

Chapter 724: Heartless (2)

After getting out of bed, Mu Huan packed up and ate something. With a belly full of frustration and anger that she had nowhere to vent, she ran to the place they had agreed on.

When she arrived, Yang Ning and the two subordinates whom Mu Huan had knocked down the other day were already there.

“Mu Huan, we’re not allowed to use drugs and hidden weapons this time. Of course, I won’t let the two of them attack together. They’ll come one by one. If you can’t beat the first one, then there’s no need to fight the second one. Don’t worry, I’ll make them stop when it’s necessary,” Yang Ning said.

Her subordinates were all top-notch experts, so they were not convinced that Mu Huan had defeated them. They wanted to fight Mu Huan again, but it was definitely not possible to seek her out in private. Hence, when Gong Zeye was on the phone with Mu Huan, she’d snatched the phone and arranged a fight with her openly.

Just as Mu Huan was about to say something, she sensed that the atmosphere around her was a little strange. After scanning her surroundings, her gaze stopped on an old house not far away from them.

“Brother Bo, do you think Sister-in-law has sensed our presence?” Gong Zeye, who was hiding inside and watching the match, whispered when he saw her looking over.

Bo Junyan did not speak and only looked at Mu Huan through the gap.

Gong Zeye did not dare to ask anything else and only looked cautiously at his Brother Bo.

Initially, he had wanted to use drugs on Yang Ning’s two underlings so that they would be drugged the moment they went on stage. They could then only be beaten up by Mu Huan and would have no way to retaliate.

His Brother Bo had agreed to it as well. However, in the afternoon, his Brother Bo suddenly called him. Not only did he not allow him to use the drugs, but he even asked them to come at her for real and even came over to hide and watch the match with him.

His Brother Bo had always doted on his wife and did not allow his sister-in-law to suffer any injuries. Now, he suddenly stopped him from using drugs and asked the man to really fight. What was the point of watching?

Could it be that he was so angry yet couldn't bear to hit her that he wanted them to hit her instead?

No...! It couldn't be like this!

That was...

His Brother Bo wanted to watch more of Sister-in-law's fighting scenes. Then, after watching too much, would he get used to it and accept it? Would he be fine and not feel anything?

The more he thought about it, the more Gong Zeye felt that this was highly possible!

After all, there were many things that one would be shocked about and unable to accept in the beginning. However, after many such things had happened, one would not feel anything and would feel that it was nothing!

After looking at her for so long, he would no longer be so unable to accept that his delicate little cutie had become a strong woman who could fight.

After holding it in for a while, Gong Zeye could not help but say, "If Sister-in-law can sense our presence, then she's awesome!"

If she could still sense their presence despite them being so far away, then she was truly sharp.

Bo Junyan ignored him.

Gong Zeye: "..."

He was already cold to begin with, and Brother Bo, who did not speak much, was even colder now.

Right at this moment...

Yang Ning said, "Mu Huan, what are you looking at?! Why are you afraid that you'll be ambushed?"

“Don’t worry, even though I don’t know if you’ll still be Mrs. Bo in the future, as long as you still are, I won’t dare to do anything to you! Besides, I’m not like you, who would play dirty. I’ve always come at others openly!”

Mu Huan retracted her gaze and her lips curved into a mocking smile. “Openly? You’re a thief, yet you claim that you’re open and do things aboveboard. Who are you trying to make fun of? Also, you can’t take it lying down after being beaten by me like that. You can come and knock me down if you found out about my identity, but you arranged such a thing to plot against me!”

Chapter 725: Heartless (3)

“Is that what being open and aboveboard means? Do you even know what those words really mean? If you don’t know, then go and check the dictionary. Don’t just throw them around here!”

“What do you mean by thief? We are Hero Bandits! This is a very tough and dangerous profession!” Yang Ning was so obsessed with her family inheritance that she wanted to be a hero who robbed the rich and helped the poor.

“Hero Bandit? You must have misunderstood the words ‘Hero Bandit’! Do you mean robbing the rich to help the poor? Do you think your actions are called robbing the rich to help the poor? When you were getting things from the jewelry counter, did you think about the lives of those counter employees after they’ve lost the jewelry? You call yourself a hero bandit! I think you’re just a lunatic who doesn’t care about the lives of others!”

“In order to achieve great things, there must be sacrifices.” She had to practice these small things first before she could achieve great things in the future.

“Something big? What big thing do you want to do? Do you want to practice your martial arts to steal across the world?” Mu Huan mocked.

Yang Ning: “Yes!”

This was really something that Yang Ning wanted to do.

“What does your ambition have to do with anyone else? Why would you sacrifice someone else to fulfill your ambition?”

“Who asked them to be small fries? This society is a society where the strong prey on the weak. If they can be sacrificed so easily, they can only blame themselves for being weak!” Yang Ning felt that she wasn’t wrong. Who asked them to be weak? In the long history of society, the weak were all pawns that were sacrificed.

“On one hand, you say that you’re a hero bandit, but on the other hand, you feel that the weak should be sacrificed. I’m afraid you’re not schizophrenic! If you’re schizophrenic, that means you’re sick. If you’re sick, then you have to be treated. I think it would have been better if you had gone to the doctor earlier!” Mu Huan said, “Who’s first?!”

There was no need to say anything more about such a person. Just beat them up!

Mu Huan retracted her gaze and did not look over again.

This made Gong Zeye wonder if she had noticed their presence.

However, he really agreed with Mu Huan’s words. He felt that she was right. She was probably a little schizophrenic. Clearly, she had free time because she didn’t have to worry about food and clothing, so she had nothing to do. She wanted to find some excitement, but she felt that her ambitions were great. She wanted to do a big business. Her father had worked so hard to clear his name, but she wanted to bring her family back to that path and walk to the peak!

What a lunatic! If it weren’t for the fact that he had known her since she was young and knew that she wasn’t a bad person, he wouldn’t have bothered to protect her!

To put it simply, Yang Ning was a spoiled child from a wealthy family.

As the saying goes, what kind of master raises who?

Yang Ning’s two underlings were as unwilling to admit defeat as she was. This was especially so since they had been knocked down by Mu Huan using drugs and hidden weapons. Being knocked down by a woman like that made them feel very embarrassed and unable to survive in the industry. Hence, they wanted to regain their dignity.

The first person from that night to be knocked down by Mu Huan went up first.

This was because he had been knocked out by Mu Huan before he could even fight her. He was the most indignant.

He had seen Mu Huan fighting with someone at Dingfeng Pavilion yesterday. Although she had knocked down six people, those six people were incomparable to him. It wouldn’t be a problem for him to beat up two times those people. Hence, he felt that he wouldn’t lose to Mu Huan with his true capabilities.

The two of them did not say much and started fighting the moment they entered the arena!

Very quickly, this person realized that he was wrong!

Mu Huan from yesterday was on a completely different level from her today!

He widened his eyes in shock. How was this possible?! How could she be so strong?!

Chapter 726: Heartless (4)

She was clearly only at that level yesterday! It took her a long time to deal with those people surrounding her!

Why was she suddenly so powerful today?!

Gong Zeye looked at the man who was about to be beaten up and widened his eyes in shock. He thought that his sister-in-law was already very formidable yesterday, but he didn't expect her to be even more formidable! This fight was simply brutal!

They all thought that what they saw yesterday was Mu Huan's full capability, but that wasn't the case. Yesterday, Mu Huan had fought in the restaurant so openly. It would be very troublesome if something had happened to her. Hence, she couldn't be ruthless and had had to knock them down skillfully. Hence, it took her some time to knock down those five people.

And today, she was already full of anger and had nowhere to vent it. Since they came looking for a beating, of course she wouldn't be polite. If they wanted to court death, she would send them to their deaths!

Every move she made was ruthless.

Using Gong Zeye's words, it was brutal!

Bo Junyan looked at her. The cutie that he had once thought was delicate and cute was now so strong. The shadow in his heart grew bigger. The cutie that he wanted to protect so much did not need his protection at all. This feeling of his worldview being upended intensified when he saw such a thing again!

But...

This was his wife. No matter what, she was his wife.

Just as Gong Zeye had guessed, Bo Junyan had to take a good look at it now and get used to it so that he could reestablish his understanding.

Yesterday, Mu Huan had said, "Hubby, you can't not like me like this. You can't not want me. If you don't want me, I won't be able to hug and kiss you anymore. You can't hug and kiss me either. If it's another man hugging and kissing me, it'll have a shocking impact on you."

He could not imagine it. He could not imagine the scene of another man hugging her, let alone kissing her!

Hence, he had to get used to it as soon as possible.

But when he thought about how she could lie to him without batting an eyelid and wondered about how much her love for him was real, his eyes darkened.

No matter how powerful or capable a person was, when faced with love, they would always be unconfident and afraid, especially when they cared about something.

“Sister-in-law... Who... did she learn this kind of martial arts from? She’s so formidable... She’s still so young, and she’s a girl...” Gong Zeye was stammering as he watched. His sister-in-law’s martial arts skills were off the charts!

“In the past... I’ve investigated Little Sister-in-law, but I didn’t find out that she had a very formidable master...” After Bo Junyan got married, Gong Zeye had investigated Mu Huan cursorily. He did not find out that she had studied under a famous teacher. No, he did not find out that she had learned martial arts at all. If she had a chance to come across martial arts, it would be because she had Taekwondo classes, boxing classes, karate classes, and martial arts classes at her part-time jobs. However, such a martial arts class was not very useful, let alone if one took them only part-time!

“That’s because you didn’t investigate it thoroughly. If you did, you would know that the masters in those places where she worked part-time were not ordinary. The Taekwondo master had once won the world Taekwondo championship and retired. The boxing master was a boxer who had won the title of the Asian Boxing King. It was only because he was injured that he couldn’t participate in the competition again and had to go to the boxing club to work and teach.

“They’re all capable people, so naturally, they’re also formidable. However, her greatest ability must have been learned from the old man who’d opened a pet hospital next to her granny’s clinic. That seemingly inconspicuous old man actually has a big background.”

Chapter 727: Heartless (5)

“On top of that, she’s talented and learns everything quickly. Furthermore, she started learning after she was chased out of the house at the age of 11. She was at a good age.”

The investigation report that Bo Junyan had received stated that every teacher who had taught Mu Huan had said that she had a rare talent that made people want to teach her everything they had learned in their lives. Hence, they had done that very thing to Mu Huan.

She had capable masters, and she was talented. Furthermore, she was still young. Regardless of whether it was her explosive power or stamina, she was in her best state. Hence, her martial prowess was naturally beyond that of ordinary people.

“Sister-in-law is able to become so capable just by working. I’ve been taught by elites since I was young, and my parents have found a master teacher to teach me...” Gong Zeye was now really unconvinced by anyone except his sister-in-law.

“Brother Bo, don’t take things too hard on such a formidable sister-in-law. If you don’t want her, there’ll definitely be a lot of people waiting to snatch her away! For example, your nephew and Long Feiting! Back then, he’d rather be beaten up than to sell her out. Yesterday, he was so worried about her. I think he’s 99% interested in her! If you don’t want her, she’ll probably become someone else’s the moment you turn around. By then, it’ll be too late for you to cry!”

Bo Junyan’s gloomy eyes darkened further.

“Especially since little sister-in-law is still so young and is a budding flower bud. There are many possibilities in the future when life has just begun, but you’re already so old! You’re ten years older than her, and if you’d been just a few years older, you’d have been old enough to be her father. You’re already an old cow eating tender grass. If you don’t pamper her even a little, she’ll fly away!”

Bo Junyan’s expression darkened further.

As they were speaking, Mu Huan had knocked down two of Yang Ning’s men. She did not use any drugs or hidden weapons. She had beaten them down and they could not get up.

When Mu Huan knocked down the two men and looked at Yang Ning, Yang Ning instinctively took two steps back. Last time, she had really not beaten Mu Huan. Hence, she knew that she was not Mu Huan’s match.

This was especially so with today’s Mu Huan, who was especially vicious. It made people feel afraid just looking at her fight, let alone being beaten up by her.

“Do you want to be beaten up by me, or do you want to surrender and let me teach you a lesson?” Mu Huan saw the fear in her eyes and thought about how she was Gong Zeye’s fiancée and how she was a beautiful girl. Furthermore, the anger in her heart had almost subsided. If Yang Ning didn’t want to fight, she could just surrender. Mu Huan could accept that.

Yang Ning wasn’t the kind of person who would go to a dead end even though she knew it was a dead end. When she heard that she had something to discuss, she said, “What lesson would you teach me?”

“Come here.” Mu Huan beckoned her over.

Yang Ning: “...”

Mu Huan's posture and expression gave her a bad feeling. She felt that being taught a lesson in a different way was no better than being beaten up.

But after thinking about it, she still went over.

"I wonder how Sister-in-law is going to teach Yang Ning a lesson," Gong Zeye asked curiously.

Bo Junyan did not respond to him, but his eyes followed Mu Huan's movements.

Mu Huan brought Yang Ning to the lake and squatted down. She hooked her finger and asked Yang Ning to squat down as well.

Yang Ning looked at Mu Huan, not knowing why she wanted her to squat down. "What are you doing?"

"If I ask you to squat down, then do it. There's so much I have to say." Mu Huan urged her to hurry up.

Yang Ning looked at Mu Huan's harmless face and felt that no matter what, she wouldn't do anything scary. Hence, she squatted down.

Chapter 728: Heartless (6)

Just as they were wondering how Mu Huan was going to teach Yang Ning a lesson, the next second...

Mu Huan grabbed Yang Ning's head and pushed her into the water!

Yang Ning instantly fell to the ground...

Bo Junyan: "..."

His delicate little cutie, his little wife, who was so scared of horror movies that she didn't dare to sleep after watching them, was actually so ruthless...

For such a tender and delicate girl to do such a ruthless action, even though he was mentally prepared, it still shocked him.

Gong Zeye widened his eyes in shock. He instinctively wanted to run out, but he was stopped by Bo Junyan.

"Don't be anxious."

Gong Zeye: "...!!"

Just because Yang Ning wasn't his wife, he wasn't in a hurry!

Although Gong Zeye despised Yang Ning, if he had no feelings for her at all, he wouldn't have agreed to let her become his fiancée. Sooner or later, this person would have to get married. It wasn't easy to have someone who could force him to marry. If something happened to her and he had no other choice but to marry her, he would break down!

Just as Yang Ning was about to lose her breath, Mu Huan pulled her up.

As Yang Ning panted heavily and felt that she had finally come back to life, Mu Huan pressed her down again. It was only after she'd done that three times that she released Yang Ning and allowed her to collapse on the shore.

"How do you feel?"

Yang Ning looked at Mu Huan and couldn't say anything. She only felt that Mu Huan was terrifying. She finally understood what it meant to have an angel's appearance and a devil's heart!

"Is it uncomfortable to be unable to breathe but unable to do anything about it?"

Yang Ning: "..."

If she wanted to know, she could try it herself!

"Those who you casually trample on will suffer such a suffocating feeling. You might think that it's fine even if they lose their jobs, but you've never been poor. You don't know how important a job is to them sometimes. You don't know that if you want them to compensate for your crimes, you can end up taking their lives! You say that the weak deserve to be sacrificed, that they deserve to die, but since you're also so weak, don't you deserve to die too?"

Mu Huan was not great. She had only lived a life at the bottom. She had once been forced into a corner because of money. She knew how despairing that feeling could be. A person didn't have to be a good person, but they shouldn't be someone who would trample on others as they pleased.

If one had money, one could do good deeds. If one didn't want to do it, that was also within their right. After all, everyone's money was earned through hard work. However, one couldn't be so carefree as to cause harm to others.

"The matter between the two of us can be considered settled today. On account that you're Gong Zeye's fiancée, I'm only giving you this lesson. Next time, if you find trouble with me again, I'll be even more sinister and ruthless!" With that, Mu Huan stood up and left.

Although Mu Huan was a hot-blooded and righteous person, she was someone who was capable of doing anything once angered.

Yang Ning looked at Mu Huan's back and didn't know how to describe her current feelings.

Similarly, Bo Junyan and Gong Zeye were at a loss for words.

Mu Huan was really unpredictable.

At the Bo residence...

When Mu Huan returned to the Bo residence, Bo Dingjing and his wife had gone out, leaving only Huo Li at home.

"I heard that my cousin suffered a huge blow yesterday. He didn't even pick up your call and ignored you!" It was rare for him to have such an opportunity, so of course, Huo Li wanted to add insult to injury.

Mu Huan couldn't be bothered with him.

"It looks like you won't be able to be my sister-in-law for long. I've long told you to give up your position, but you refused. Didn't you become the stupid one now?!"

"You're the one who's stupid! You moron!"

Chapter 729: If the Mountains Won't Move, I'll Move (1)

"You're the one who's stupid! You moron!" Mu Huan initially didn't want to bother with him, but after hearing his words, she also knew that she wouldn't be able to be his sister-in-law for long. Hence, she got angry. When she was angry, she would beat up anyone who dared to insult her. If she couldn't, she would fight to the death!

"Look, these are your true colors! You're a two-faced person who pretends to be pitiful and cute. You're vicious, you scold people, and you have no class!" He already knew that she wasn't a good person!

"You've lived for a long time. Nowadays, even speaking the truth can make you look like you have no class," Mu Huan said sarcastically. This person was so stupid that he didn't even let her speak.

"How am I stupid? Tell me!"

"Why are you always picking on me?"

"Because I don't like you! I think you're not good enough for my cousin!"

Mu Huan said disdainfully, "If I'm not good enough, who is? Ling Wei?"

"What kind of tone is that? Do you think Sister Ling Wei can't compare to you and doesn't deserve my cousin?"

"That's right, that's what I meant." Mu Huan's expression said, "That's what I meant!"

"Mu Huan, I really don't know where your confidence comes from. Why do you think you're stronger than Sister Ling Wei?! You can't even compare to a strand of Sister Ling Wei's hair. There's no one in this world who's more compatible with my cousin than Sister Ling Wei!" Huo Li really didn't know how Mu Huan's confidence came about. Not only did she not feel inferior when facing Ling Wei, but she even felt that she was stronger than Ling Wei!

"Look, you don't believe me when I say you're a moron. If you're not a moron, then what are you?"

"How am I stupid?"

"Bo Junyan has a wife and Ling Wei has a boyfriend, but you insist on bringing the two of them together. If this isn't stupidity, what is it?" And it's the serious kind of stupidity!

Huo Li instinctively said, "Sister Ling Wei has already..."

He stopped mid-sentence.

"In any case, I'm not stupid! Also, let's not talk about whether Sister Ling Wei is compatible or not with him. Anyway, you won't be able to be my sister-in-law anymore!" Huo Li said.

"Really? Let's wait and see!" Mu Huan snorted and went upstairs.

Huo Li felt that Mu Huan was too different from other women. If another woman were to be in such a situation, she would definitely be very afraid that her husband would not want her anymore. She would be very sad and scared. If others also said that her husband wouldn't want her anymore, she would be even more afraid and panic-stricken. Yet not only was she not like that, but the more he talked bad about her, the more her fighting spirit rose!

What a weirdo!

Mu Huan was full of fighting spirit downstairs earlier, but when she reached the second floor, she became discouraged. She had sent Bo Junyan a lot of WeChat messages on the way back. There were many nice words in there, but he still ignored her.

She lay on the bed and called Bo Junyan.

Fortunately, Bo Junyan picked up her call. If he hadn't picked up, she would have felt even more helpless.

"Hubby, what do you want to eat tonight? I'll make it for you."

"I'm busy tonight and won't be going back. Don't call me if there's nothing else." With that, he hung up.

Mu Huan looked at the phone that had been hung up and instantly felt even more tired.

As a person who was good at fighting, she was definitely not stupid. She would only act coquettishly when she was with Bo Junyan. Now, she was already acting coquettishly and had even used her greatest move, yet her husband was still angry and did not want to bother with her.

She really didn't know what else she could do.

At night, perhaps because she had slept too much during the day, she did not fall asleep even when it was already the middle of the night.

The next day, she was listless when she arrived at school.

Bo Junyan had been so busy that he did not return home for three days. Furthermore, he had gotten someone to take over his class at school.

Chapter 730: If the Mountains Won't Move, I'll Move (2)

Mu Huan felt that the two of them were not like other couples. When other families had problems, it was always the wife who would run away from home. When her husband was angry, he would not go home. Last time, he did not return for two days. This time, he did not return for three days!

If she did not call him, he would definitely not send her a message. If she called him, he would say that he was busy.

Now, she didn't even dare to call him so frequently.

It had been three days since she'd last seen her husband.

It would have been fine if she didn't see him because he was on a business trip, but now that she couldn't see him because he was angry, Mu Huan couldn't help feeling uneasy and scared.

She was afraid that he would be so angry that he would not want to see her. Perhaps he would not be able to accept her.

After all, there were many men who liked soft and weak cuties who needed someone to take care of them. On the other hand, she was a real tough lady who was even tougher than a man...

If she were a man, she would probably like those delicate and small cuties who couldn't even open a bottle cap and needed someone to take care of them. Being doted on and cared for like this would make one feel a sense of accomplishment. Not like her, who could easily throw a 200-kilogram fatty...

The more she thought about it, the more upset she became.

She lay on the bed, not wanting to do anything.

This made her suddenly feel that when she was poor in the past, it wasn't entirely bad. When she was poor, no matter what happened, she had to live because she had to. Hence, no matter how hard she worked, she couldn't collapse. Instead, she had to work harder.

Now that she didn't have to work harder, she had time to be extravagant.

Just as she was lying on the bed and stretching her body, Meng Yueman knocked on the door and came in with fruits.

When Mu Huan saw her mother-in-law coming in, she quickly sat up, but her expression was no longer as energetic as before.

"Xiao Huan, Junyan hasn't been back for three days." Meng Yueman wasn't someone who liked to beat around the bush, so she got straight to the point.

"Yeah." Mu Huan became even more depressed when she thought about how Bo Junyan loved to hug her to sleep. Yet he had stayed away for three days.

"You can't just wait for him to come back. You have to do something. That child really knows how to be angry. You can't just wait for him to come back," Meng Yueman said.

"I did. I did everything I could," Mu Huan said pitifully.

"Did you go to the office to look for him?"

Mu Huan: "..."

"If he's not coming back, you can go to the company to find him! If he doesn't want to move, you move! If he doesn't want to go, you go!"

"But... won't this interrupt his work?" Mu Huan was afraid that she would disrupt his work and make him even more unhappy.

“Although he’s indeed been very busy these last few days and Ling Wei has also been staying in the company for three days without coming back, it’s precisely because of this that you have to go. You can’t let him continue working so hard. His work won’t ever end, but he still has to take the time to rest!”

Mu Huan was stunned. “Ling Wei has been staying at the company for three days and hasn’t returned?”

She had not been worrying about Ling Wei these past few days and did not notice that she had not returned for three days.

“Yes. They seem to be working on a huge project. They’ve been busy these past few days and have been staying at the office.”

Mu Huan: “...!!”

What the f*ck! She’s obviously trying to take advantage of the situation!

“Junyan is a hardworking person to begin with. Now that he’s angry, he’ll definitely focus all his energy on work. The more work there is, the more work there will be. Hence, you have to go to the company. You have to make him rest.”
