

Fake Marriage 731

Chapter 731: If the Mountains Won't Move, I'll Move (3)

"Otherwise, he wouldn't be back for half a month! If this matter isn't resolved, everything will be over in half a month. Believe me, I've been through this before, and your father's personality is similar to Junyan's. I'm very experienced!" Matters of the heart had to be quickly resolved.

Mu Huan hurriedly nodded. "I believe you, Mom!

"But if I go to the company and he's so busy that he won't want to see me, what should I do?" He didn't even want to pay attention to her when she called. What if he ignored her after seeing her and said that he was busy and wanted her to go further away?

"If he doesn't want to see you, you can just force your way in! Don't you know martial arts? If anyone dares to stop you, you can just hit them! They won't dare to hit you or stop you by force. You can definitely enter!"

Mu Huan: "..."

She liked this idea!

"Also, if you see him with a cold expression and he ignores you, just lean into his embrace and kiss him. Don't be embarrassed. The colder his expression becomes, the more you kiss him. It'll be fine if you just kiss him! Don't worry, once this big move is used, nothing is impossible!"

Mu Huan: "..."

Mom's big move was the same as hers!

"Alright, get up quickly. Wash up, freshen up, dress up, and personally cook lunch for him. Then, take him down and everything will be fine!" Meng Yueman patted her shoulder, urging her to hurry up.

It hadn't been easy to make Meng Yueman's father leave, and these past few days, he hadn't called her to tell her that he didn't want Mu Huan as her daughter-in-law. If Mu Huan and Bo Junyan quickly reconciled, Meng Yueman wouldn't have anything to worry about anymore.

She could also put the matter of wanting a grandson on the agenda.

As long as this daughter-in-law had a child, her father would be humbled no matter what. Furthermore, he would no longer ask her not to accept this daughter-in-law. This way, not only would the vexing matter be completely resolved, but she would also have an adorable eldest grandson to hold!

Thinking about that life, Meng Yueman felt that it was beautiful!

Meng Yueman was an ordinary old woman who wanted to have a grandchild and a harmonious family.

"Yes! Thank you, Mom!" Mu Huan thought about how Ling Wei obviously wanted to take advantage of the situation. She really couldn't continue waiting like this. She had to work harder!

Just like what her mother-in-law had said, no matter how cold his face was, she would kiss him until he could not stay cold anymore!

“What’s the point of thanking me? All along, I’ve always wanted a daughter. It’s a pity that my father doesn’t like you. He said that a daughter-in-law should be as good as a daughter. He’s right. But my daughter-in-law is already as good as a daughter. At my age, I don’t have any other thoughts. I just want the two of you to live a peaceful and harmonious life. I want you to be happy and blissful. Then, quickly give birth to a grandson for me. No, a granddaughter is the best!”

Mu Huan: “Don’t worry, Mom. I’ll definitely work hard!”

Mu Huan, who had lost her parents’ love since she was young, wanted a happy and harmonious family.

“Be good...” Seeing that she had regained her usual spirit, Meng Yueman caressed her head.

After Meng Yueman left, Mu Huan went to wash up and then went to cook. She made a few dishes that Bo Junyan liked to eat. After she had prepared the love bento, she returned to her room to take a shower, put on her makeup, and put on the most beautiful clothes in the wardrobe. Then, she prepared to leave.

Meng Yueman, who was waiting for her downstairs, walked up to her when she saw her coming down. “I’ve sent your photo to the front desk of the company. When you arrive, the receptionist will lead you to look for Junyan. Go ahead boldly!”

“Mom, thank you! I love you!” Mu Huan was simply too grateful to her mother-in-law.

Chapter 732: If the Mountains Won’t Move, I’ll Move (4)

Just now, when she was upstairs, she was still wondering if the front desk staff would think that she was just crazy about Bo Junyan when she went to his company. Or perhaps, if he didn’t make an appointment to let her go up, her mother-in-law would be so thoughtful as to arrange everything for her.

Last time, after Mu Huan had been drugged, she had used someone else’s work pass to sneak in. Naturally, she wouldn’t be stopped. But now, she was going to enter as the CEO’s wife. She was afraid that if she went to the front desk and said that she was the CEO’s wife, people would not believe her.

“Hurry up and go!” Meng Yueman smiled and patted her shoulder. Young ladies should be more energetic.

Bo Corporation...

Mu Huan looked at the skyscraper in front of her that was about to reach the clouds. She felt that this building was similar to her husband’s. It was born with a sense of aloofness.

As soon as she entered, she received a notice from the front desk, who welcomed her warmly. Then, she brought her to the CEO’s private elevator and sent her up.

It was lunchtime when Mu Huan arrived upstairs.

PA Wang was eating when he saw Mu Huan coming in. He quickly put down his chopsticks and stood up.

“Madam, why are you here?”

“I’m here to deliver a love lunch.” Mu Huan smiled as she raised the lunch box in her hand.

She did not pretend to be cute, but her looks were just so adorable.

PA Wang looked at the adorable girl and thought about what he had seen that day. Instantly, he did not know how to react. For a moment, even he could not accept that such a soft and adorable girl was actually a strong king, let alone their CEO.

“Madam, the CEO is very busy. You...” PA Wang did not finish his sentence.

Knowing where Bo Junyan’s office was, Mu Huan walked over and pushed the door open.

When she pushed open the door and entered, Ling Wei was picking up a dish and placing it in Bo Junyan’s box. “I don’t like this dish. You eat it.”

Bo Junyan frowned. Just as he was about to ask her to throw it away, she’d finished giving it to him.

Mu Huan pushed the door open and went in. Seeing what had just happened, he instinctively stood up and wanted to explain.

When Ling Wei saw Mu Huan coming in, she was a little surprised. She didn’t expect that she would still dare to come to the company.

When Mu Huan saw Ling Wei and Bo Junyan eating together and sitting so close to each other, and then thought about how the two of them had been together for the past three days, she instantly felt murderous!

What the f*ck! She was living in fear at home, but he was having lunch with another woman here, and he was having a good time!

Just as she was about to charge over, she suddenly recalled that Bo Junyan was currently angry with her. If she did anything else and made him feel that she was making a fuss, he would probably be even angrier. Instantly, that murderous aura of hers dissipated.

She looked at Bo Junyan resentfully, as though saying, “How can you go back on your words about keeping your distance?”

Bo Junyan seemed to have understood what she was thinking. He instinctively said, “We’re discussing something very important. For the sake of convenience, we eat and chat at the same time.”

This matter was urgent, so they could only talk as they ate.

Ling Wei frowned. She did not expect him to care so much about Mu Huan’s feelings under such circumstances that he immediately explained himself.

When Mu Huan heard this, her expression turned for the better. Actually, even without him saying it, she knew that he was eating with her because it was convenient for them to talk about work. This was because the two of them were surrounded by documents. Furthermore, when he saw her coming in, he stood up immediately and instinctively wanted to explain. This proved that he was purely talking about work.

Chapter 733: If the Mountains Won’t Move, I’ll Move (5)

“No matter how important this matter is, you can talk about it after eating. To think that the two of you are doctors. Don’t you know that eating while discussing things will affect your digestion?!” As Mu Huan spoke, she walked up to Bo Junyan and squeezed between the two of them.

Bo Junyan: “...”

“And eating takeout is so unhealthy. Come, Hubby, eat the lunch I made for you!” As Mu Huan spoke, she pushed the takeout box that had been placed in front of Bo Junyan to the side and took out the delicious food she had made for him.

Then, she looked at Ling Wei and said, “Sister Ling Wei, I’ve made a lot. You should try some too!”

The hidden meaning behind her words was that since his wife was already here and she wanted to have a meal with her husband, shouldn’t you hurry up and leave? Don’t be a third wheel here!

She was clearly chasing her away.

Mu Huan had always been a simple and violent person.

“Junyan, this result will be...” Ling Wei looked at Bo Junyan, meaning to convey that their time was tight. She wanted him to quickly ask Mu Huan to leave and not delay their work.

This matter was indeed urgent. Bo Junyan was about to ask Mu Huan to go back first upon remembering that he was busy when...

Mu Huan kissed him!

Bo Junyan: “...”

Ling Wei: “...!!”

This Mu Huan was really something!!

Mu Huan let go.

Bo Junyan was about to say something when she came at him again.

If he wanted to say anything more, she would do it again. After repeating it several times...

Bo Junyan covered the face of Mu Huan, who was about to come at him again, and looked at Ling Wei. “Ling Wei, go out first.”

He had to have a good chat with his little wife.

Ling Wei: “But...”

Just as she was about to ask what she should do with work, she realized that he was in a hurry.

Bo Junyan said firmly, “Get out!”

Ling Wei: “...”

Was this Bo Junyan really the Bo Junyan of the past?

Where did the workaholic go? Even under such circumstances, he could still waste his time because of Mu Huan.

He was really...

Mu Huan, whose mouth was covered, looked at Ling Wei provocatively. Didn't she want Mu Huan to leave? Let's see who'd leave in the end!

Making use of work to get close to her husband was really sinister!

But even if she and her husband were in a relationship crisis, her husband would still choose her over Ling Wei!

Ling Wei's eyes darkened, but in the end, she could only stand up and leave.

After she left, Bo Junyan released his grip.

The moment he let go of her, Mu Huan said sweetly, "Hubby, come and eat. I made all your favorite dishes..."

...

The matter could be put aside for now, but it still had to be dealt with. After getting up, Bo Junyan looked at Mu Huan and said, "I still have something to deal with. Go back first."

This project was very urgent, and he had been delayed for a long time.

Mu Huan: "...!!"

What the f*ck! How could he be so heartless?! He didn't even express anything before making her go, and he even used such an icy tone!

Were all her efforts wasted? What did he think she was?!

However, she didn't dare to say this out loud. She only dared to say delicately, "Hubby, are you not angry with me anymore?"

Without waiting for him to say anything, she reached out to grab his arm and said coquettishly, "Hubby, don't be angry anymore, alright?"

"You go back first." With her here, he could not focus on his work.

"If you say you aren't angry with me anymore and will go home tonight, I'll leave immediately!" She didn't have to stay here. As long as he wasn't angry and forgave her, she would leave immediately!

"I've been very busy recently, so I can't go back at night." This project was very important, and he had been very busy recently.

As for being angry, he still needed some time.

Chapter 734: If the Mountains Won't Move, I'll Move (6)

These past few days, Bo Junyan had been saying that he was too busy to go home and did not want her to call him. Hence, Mu Huan did not know that he really was busy. She'd thought that he was still unwilling to forgive her and was just using the excuse that he was busy.

This had made her a little anxious. After all, she had already used all her tricks and had come to the company to look for him, but the results were still the same.

"Hubby, you can't do this. You can't be so angry that you're in this state. You can't do this for nothing!" He had to take advantage of her every time and never forgive her. He couldn't just turn hostile and not acknowledge her!

Bo Junyan was about to say something but got interrupted.

"There's no such thing as a free lunch in this world. You've received my big move, so you have to forgive me!" Mu Huan grabbed his arm, her expression saying that if he didn't forgive her, she wouldn't leave!

She was on tenterhooks, thinking about all sorts of things, feeling uneasy, afraid, sleeping poorly, and eating badly. She didn't want to live another day!

The reason Mu Huan was able to fall asleep on the first day was that she didn't sleep much the night before. In the next few days, she couldn't sleep or eat well. She had never felt this way before. This feeling was really uncomfortable!

She wanted him to forgive her now!

No, even if he didn't say he was forgiving her, even if he were to give her just a little dose of peace of mind by saying that he didn't dislike her like that and that he was just still angry and needed more time, at the very least, that could make her less flustered and scared!

Mu Huan knew that feelings could not be forced. She was such a person. If he didn't like her, it would be useless no matter what she did. After all her various attempts to pacify him, he was still unwilling to pay attention to her. Hence, she was really nervous and afraid. She was really afraid that he didn't like who she was!

After all, if it was just her shortcomings he didn't like, she could still change those. But there's nothing to be done if he didn't like her as a person.

"Big move?" Bo Junyan frowned.

"That's right. There's nothing else I can do! You can't do this!" Mu Huan had always been pampered by him and was a little spoiled. She couldn't bear his coldness and ruthlessness.

It was human nature to be willful.

"This is your only move? You can't use anything else as a move?" Bo Junyan's gaze turned cold.

From the start, Bo Junyan had been looking for a wife, the wife he would spend the rest of his life with. The moment he laid his eyes on her, he had decided that she would be his wife for the rest of his life. Hence, from the start, he had been very good to her. He used true feelings to nurture his feelings.

It was precisely because he had used that kind of true love that he really cared and fell in love with her. Hence, her lies and deceptions, her sudden and extreme change, had a huge impact on him. It had caused his understanding to collapse, and he needed time to rebuild it.

Mu Huan was afraid that Bo Junyan wouldn't like her like this.

Bo Junyan was also afraid that her feelings for him were not real. This was because she had been able to call him "Hubby" from the start. She could act coquettishly and ask for hugs from him. She could cooperate with him in all sorts of ways, be docile and obedient.

She was so obedient that he thought she was really such a person.

He'd trusted her completely and would do whatever she said. If she told him not to investigate her, he would not investigate her.

But...

In the end, she wasn't that person.

He didn't even know what kind of person he loved.

For the first time in his life, he doubted himself and his life!

Now, she was saying that this was her move. She could even use this as a move.

At this point, she could still think of ways to please him and make him angry!

In that case, how true could her feelings for him be?

Chapter 735: In the Face of Love, Everyone Is Equal (1)

In the face of love, everyone was equal. No matter how strong a person was, they would still worry about gains and losses. They would also be afraid that what they had received in exchange for theirs wasn't true love. The more one loved someone, the more afraid they would be. This was because they couldn't bear to lose them or accept that she didn't love him.

The smarter a person was, the more afraid they would be. This was because they knew that love could not be forced. Love was love, and not love was not love.

If the person doesn't love you, no matter what you do, they won't love you.

"It's not like that, Hubby. I..." Mu Huan wanted to explain, but she didn't know how to do so. However, even if she didn't explain, she felt that Bo Junyan had misunderstood her!

"Don't call me Hubby. Pack up and go home first," Bo Junyan said in frustration as he withdrew his hand.

From the start, she was able to call him Hubby so sweetly, making him feel that there was a distance between them. Hence, he couldn't bear to hear her call him Hubby now, and he didn't want her to stay here any longer, lest he lost control and said something to hurt her.

Mu Huan: "..."

This was the second time he had told her not to call him Hubby. Did he really dislike her like this? Did he really not want to accept her calling him Hubby anymore?

This realization frightened her.

As she was afraid, she stopped grabbing his hand and stopped acting coquettishly.

She was afraid that without feelings, it would be useless no matter how much she acted coquettishly.

All she got in return was impatience.

It was just like how when her grandfather had just passed away and her grandma and father suddenly revealed their true colors. She would act coquettishly, throw a tantrum, and try to get their attention. She wanted her father to love her as much as he used to and her grandma to love her as much as before.

But it was useless.

Without love, no matter what one did, it was useless.

But even though she felt this way and knew it so deeply...

When Bo Junyan reached the door, she still ran down and pounced on him, hugging him from behind.

"Hubby, don't treat me like this, alright? I know it's all my fault. I shouldn't have hidden it from you. I shouldn't have lied to you. I was wrong! I was really wrong! I'll never hide anything from you again! Please don't treat me like this. You make me so scared. I'm so scared that you don't like me like this. I'm really scared..."

"Don't do this to me. Hug me and kiss me, alright...?" Mu Huan said what she was most afraid of. She had let go of all her dignity and pride to plead.

As long as he didn't do this to her, as long as he liked her, she could do anything.

Just as Bo Junyan was about to say something, the emergency ringtone in his office suddenly rang. This was an emergency equipment that PA Wang would activate only when there was an urgent matter.

Bo Junyan wanted to say, "Be good and go back first." But he remembered that she didn't like him saying that she should be good. Hence, he said, "I have something urgent to deal with. You go back first."

Without waiting for Mu Huan to say anything, he pushed her hand away and pushed the door open.

If he hugged and kissed her again, he wouldn't be able to leave.

Mu Huan's influence on him was too great. When facing her, he couldn't control himself at all. But now, he had to control himself. This project was too important, and he couldn't delay it any longer.

Because Mu Huan would often plead pitifully with Bo Junyan and pretend to be pitiful to make his heart ache, coupled with the fact that Bo Junyan's back was facing her and he didn't see her expression, he thought that this was her little ploy again.

Chapter 736: In the Face of Love, Everyone Is Equal (2)

Although he could no longer control his heartache, there were priorities. He did not have the time to coax her and left just like that.

Mu Huan looked at his back and did not chase after him. That hug and those words had already drained her of all her courage.

She had done everything she could and said everything she could.

She had used up all her courage...

...

When Mu Huan came out after packing, Bo Junyan was not in the office.

When she walked out and passed by the meeting room, she saw Bo Junyan and Ling Wei standing together and having a meeting. It could be seen that this meeting was very urgent because Bo Junyan was practically doing three things at once. All the executives in the meeting were also busy.

She didn't know if it was because she felt her gaze or if Ling Wei happened to look over, but their eyes met.

Then, Ling Wei's lips curled up into a mocking smile.

She seemed to be laughing at her for being a pervert.

Mu Huan clenched her fists tightly!

She really wanted to rush in and beat Ling Wei up, as well as Bo Junyan! Why did she have to work with Ling Wei instead of anyone else?! Why did they have to keep their distance from her and even eat together and work together?! She had all sorts of reasons to get close to him!

Couldn't he just cut off all ties with her? Couldn't he just not let her appear in their lives and be so annoying?

But she did not do anything.

She glanced at Ling Wei coldly and left.

At the Bo residence...

Meng Yueman had been waiting for news from Mu Huan. Hence, when she saw that Mu Huan had returned, she immediately went up to her and said, "You must be tired. The food is ready. After eating, go upstairs and have a good rest."

She had left in the afternoon and only returned in the evening. Furthermore, her clothes were a little wrinkled. The task must have been accomplished.

Mu Huan looked at her smiling mother-in-law. "..."

"What's wrong?" Meng Yueman frowned when she saw that she wasn't very happy. "You didn't succeed?"

Mu Huan: "..."

Meng Yueman looked at her reddened face and knew that she had succeeded in this matter. "It's done. Why are you still unhappy?"

"Junyan doesn't seem to have forgiven me. He said he's still not going home," Mu Huan said dejectedly.

"He's really busy. Didn't I tell you this morning? He's been very busy recently. Ling Wei hasn't been back for three days."

"What are they busy with? Why is he with Ling Wei?"

"I don't know what exactly he's busy with. I only know that it's a big project. Why don't you go to the dining room first? I'll call your father out. You can ask him. He knows a lot." Meng Yueman had never cared about the company's affairs. She had only heard from her husband that her son was busy with a big project.

"Okay. Thank you, Mom."

In the dining room...

"It's a big confidential project that involves too many things. I can't tell you the specifics. You just have to know that he's really busy. Don't think too much about it," Bo Dingjing said.

"Must he work with Ling Wei on this project?"

"Although the Bo Group is a big company, there are some especially big projects that a single company can't swallow. We have more than 40 years of friendship with the Ling Group, and we have always been cooperating well. Both sides are trustworthy. For special big projects, we naturally choose to work with the Ling Group."

Bo Dingjing suddenly thought of something.

"Xiao Huan, don't think too much. Although Ling Wei is Junyan's ex-fiancee, they completely parted ways after they broke up. Now, it's only a business partnership. Junyan isn't someone who would do something that would let his family down. Even if you were to throw a tantrum, he definitely wouldn't!"

Chapter 737: In the Face of Love, Everyone Is Equal (3)

"Xiao Huan, don't think too much. Although Ling Wei is Junyan's ex-fiancee, they completely parted ways after they broke up. Now, it's only a business partnership. Junyan isn't someone who would do something that would let his family down. Even if you were to throw a tantrum, he definitely wouldn't!"

"That's right. Your father is right. Junyan might not dare to say anything else, but he's absolutely loyal to his family. He's definitely the same as his father! He definitely won't do anything to let you down!" Meng Yueman was very sure about this.

The father-and-son pair were both cold and unapproachable; it was tiring to guess their thoughts, and they both loved to work. Anyway, even if all sorts of bad things were happening, their loyalty to their marriage was absolute!

"Besides, Ling Wei has a boyfriend. You don't have to worry about this at all!"

Mu Huan: "..."

She believed that Bo Junyan would never do anything to let her down while they were still married.

But Ling Wei...

Setting aside the fact that she wanted Bo Junyan...

Even if she wanted to get close to Bo Junyan but was waiting for an opportunity to sneak in, she wouldn't be able to take it!

Mu Huan was a very domineering person. He belonged to her, and no one could touch him!

However, she did not have any evidence that Ling Wei coveted Bo Junyan. Whatever she said would be useless. She could only nod obediently. "Okay."

"Come and eat. Rest early after you're done eating. If he's busy and can't come back, you can go over. Don't be discouraged. It's fine as long as you coax such a person who likes to sulk. No matter how cold his expression is, don't be petty with him. Use your little sun-like heat to melt him!"

Mu Huan: "Yes!"

Mu Huan wasn't a passionate person. It could be seen from her vicious personality.

But even so...

Even though she was very hurt and scared today, she did not give up and did not retreat. When she truly liked someone, she was not willing to lose them no matter what. If she was not willing to lose them, she would have to work hard to do all the things she could do. Although she felt that she had done everything she could, she could still work harder as if there was no limit!

Even if there was no heat, she had to go and create friction!

When Mu Huan returned upstairs after dinner, it was already dark.

She looked out of the window at the night sky and missed her husband.

When she turned on her phone, Bo Junyan still did not reply to her. In the past, he was clearly very concerned about her. No matter how busy he was, when they separated and went home alone, he would always ask her if she had reached home. Now, sigh...

After some thought, she took a night scene photo.

She posted another message on her WeChat Moments.

"On the fourth day that you aren't home, I miss you."

Then, she sent a screenshot of this post to Bo Junyan. However, after she'd been waiting for a long time, he still did not reply.

She then looked at her Moments and saw that only Gong Zeye and the rest had liked it.

Mu Huan threw the phone aside in frustration. However, when she thought about how she had missed Bo Junyan's call last time, she became even angrier. She hurriedly took back the phone and checked it again to see if it was ringing.

For the past few days, she seemed to have been possessed. Every now and then, she would look at her phone. It was clearly ringing, but she was always afraid that it would automatically vibrate or turn silent, making her miss his calls or messages.

Sometimes, she would wonder if her phone was damaged or not able to receive his message.

She would often call or send messages to Li Meng and Wu Xingye to confirm that it wasn't broken, making the two of them feel that she was about to go crazy.

Chapter 738: In the Face of Love, Everyone Is Equal (4)

Actually, she herself felt that she was about to go crazy. After going through those things in the past, she knew that she should calm down. She had to take it slow, but she just couldn't calm down.

Love was really too torturous.

If only she didn't love him, she wouldn't have to be so afraid, uneasy, and upset...

Mu Huan waited for a long time, but Bo Junyan did not respond.

She was starting to miss his short and simple hums from the past. Even if he were to reply to her with a casual hum now, she would no longer feel so flustered.

If she had known earlier, she would have cherished him more in the past...

Mu Huan didn't know that the reason she couldn't get a message from Bo Junyan this time was that he was so busy that he didn't have the time to look at his phone.

The next day at Yun University's canteen.

Mu Huan fiddled with the food in her bowl, not having any appetite at all.

"Here's your favorite spicy chicken." Long Feiting served her a spicy chicken.

Mu Huan glanced at him silently.

"Spicy chicken isn't even being served today!" Li Meng said curiously.

Their school canteen would only serve spicy chickens every three to five days, and today was Thursday.

"From now on, the canteen will sell spicy chicken every day. You can eat it whenever you want," Long Feiting said.

Li Meng: "..."

Did he ask the canteen to have spicy chicken available every day?

Freaking hell! It didn't make sense to say that he didn't like Mu Huan.

But if one were to say that he liked Mu Huan, he had a girlfriend, Mu Kexin, and they were even living together!

Seriously...

Mu Huan did not say a word. She continued to stir the rice in her bowl and stuffed some into her mouth. It was a stark contrast from her usual image of really knowing how to eat!

Seeing her like this, Long Feiting could not take it anymore. He picked up a drumstick and stuffed it into her mouth. "Eat properly! Look at what you've become over a man!"

Mu Huan spat out the drumstick in her mouth and rolled her eyes at him silently.

"Didn't you say in the past that your husband would only like you more after he found out your true colors? Why is it like this now?" She had said it so arrogantly back then, but now, it was a slap in the face!

"Go away, don't bother me!" Mu Huan didn't want to hear such words.

"He didn't react like you said he would. This means that he doesn't love you very much. He's a man who doesn't love you and can't even accept that you know some martial arts, so why are you still feeling so upset over him? He's not even worth it for you to be sad about, alright?!" Long Feiting felt that Mu Huan was good! If she were his girlfriend, he would be so happy! Bo Junyan was actually angry with her. He really didn't know a good thing when he had it. There was no need for such a man!

"You're so young, so good-looking, and so outstanding. If you leave him, many people will like you. Why do you have to hang yourself on a crooked tree?!"

"That's right. Feiting is right. Why hang yourself on a crooked tree?! Since Uncle doesn't like you, you should just let go of him!" Just like how she had let go of Gu Chenyi so easily and married Bo Junyan back then.

Gu Chenyi could tell that Long Feiting was interested in Mu Huan, but they were not enemies yet. Their common enemy was his uncle.

After Mu Huan had left his uncle, they would have a chance to compete. By then, he and Long Feiting would be enemies.

However, he was not afraid of Long Feiting. This was because there was a foundation of feelings between him and Mu Huan. She definitely still had some feelings for him.

Chapter 739: In the Face of Love, Everyone Is Equal (5)

Li Meng: "..."

These two people!

"I'll count to three. If the two of you don't leave, I'll poison the two of you until you become mute. You'll never be able to speak again!" Mu Huan said with a gloomy expression.

Long Feiting: "..."

Gu Chenyi: "..."

They all knew that she was a person who meant what she said.

Before she could start counting, Long Feiting said, "I'm doing this for your own good!"

"I don't need anything good from the two of you! Stay away from me from now on!" With that, Mu Huan started to count. "1, 2..."

When she counted to two, Long Feiting and Gu Chenyi stood up at the same time and left.

They were not afraid of people who knew how to fight. At most, they would be beaten up by them. But she, who knew how to use drugs, was the scariest! She could not be provoked!

After they left...

Mu Huan started to eat her rice. No matter what, she had to eat.

"Come and have some side dish." Li Meng picked up some food for her.

Mu Huan did not speak, so she ate the food she picked up.

Seeing this, Li Meng diligently picked up some more side dishes for her.

Then she said, "Actually, I think Long Feiting is not bad."

"Not as good as my husband," Mu Huan said.

Li Meng: "..."

Alright!

After a pause, she said, "Although he's not as good as God Bo, if you fall out with him, I think Long Feiting is a good choice. He'll definitely like you!"

Mu Huan put down her bowl and said, "Didn't we agree that God Bo will be your idol for the rest of your life? How can you kick him while he's down so quickly?! You're really too shameless!"

Li Meng: "..."

It seems so!

"Also, Long Feiting has a girlfriend. Are you trying to make me a third party?"

Li Meng: "...!!"

It was just a casual thought.

Usually, she would smile and roll her eyes at her, but today, she was actually rebuking her!

She was in such a bad mood!

Fine...

"There are no important lessons in the afternoon. Do you want to go to the dormitory to sleep?"

"No."

Li Meng: "..."

She didn't even want sleep, which was her favorite thing...

Long Feiting and Gu Chenyi walked to a spot not far from Mu Huan and sat down.

“Don’t even think about it. Even if Mu Huan were to break up with your uncle, she wouldn’t be with you. She’s a person who would never turn back, especially to a rotten grass like you!” Long Feiting knew what Gu Chenyi was thinking.

“No matter how lousy I am, I was still her grass in the past. I can still like her and be with her. Also, I’m not a cheater and have no intention of two-timing. I’m a person who loves and is loyal to others. I’m not like you, who has a girlfriend and still thinks about other women! Xiao Huan will definitely not like someone like you. She hates scum like you who’s already eating yet are still looking at the pot!”

“Who says I like her?! Are you crazy or blind?!” Long Feiting said angrily.

“Fine, you don’t like her. Come, make a vow. Say that you’ll never like her in the future and that you won’t want to be with her. Otherwise, you’ll have no descendants and be lonely for the rest of your life!” Gu Chenyi’s expression said, “It’s good that you don’t like her!”

“Are you crazy?! Why would I make such a vow?!” Long Feiting’s face was full of disbelief!

Gu Chenyi looked at him and snorted. “Scum!”

Long Feiting: “Rotten grass!”

After school in the afternoon, Mu Huan wanted to go home, but when she thought about how she couldn’t fall asleep at home and was waiting for Bo Junyan’s reply in boredom, she decided that she might as well go to the office to find him. If he was busy, she would let him be busy. It wouldn’t affect him if she stayed by the side and watched. Her mother-in-law was right. No matter how cold his expression was, she wouldn’t be afraid. Don’t fuss over it with him. Use her little sun-like heat to melt him!

Chapter 740: In the Face of Love, Everyone Is Equal (6)

With this thought in mind, Mu Huan went to a restaurant and packed some delicious and nourishing food for Bo Junyan.

Yesterday, in order to make it easier for her to enter the company, her father-in-law had given her his pass so that she didn’t need to be led by anyone. She could freely enter and exit the company and stay wherever she wanted.

Mu Huan was really grateful to her in-laws for their strong support!

She had never thought that a wealthy family would have such good in-laws. After their initial small interaction, they treated her like their own daughter.

She really wanted to live happily with Bo Junyan.

When Mu Huan went upstairs to the CEO’s office and was about to pass by the meeting room, she saw that everyone in the meeting room was slumped over the table. Even Bo Junyan.

This made her heart skip a beat. Were they all drugged and unconscious?

Just as she was about to dash in...

She saw PA Wang, who was originally slumped over the table, move a little, then turn around and fall asleep again.

Mu Huan: "..."

Were they... just sleeping?

Then, she swept a glance at the people in the meeting room and realized that there was about the same number of people as when she left yesterday. It seemed to be those people as well, because she saw that those bald men from yesterday were still around today.

Could it be that they had been in a meeting since yesterday afternoon and had not slept all night?

Just as Mu Huan was in a daze, Ling Wei looked up. When she met Mu Huan's gaze, she slowly smiled provocatively and leaned toward Bo Junyan. She looked like she was going to kiss the sleeping Bo Junyan.

This made Mu Huan furious. Without even thinking, she rushed into the meeting room, grabbed Ling Wei's hair, and pulled her up!

"Ah..." Ling Wei shouted in pain.

This sound woke everyone in the office.

When they saw Mu Huan pulling Ling Wei's hair, their eyes widened in shock. What had happened?

Bo Junyan looked at Mu Huan and said, "Xiao Huan, let go of her first."

"She wants to kiss you!" Mu Huan said angrily.

"Xiao Huan, you... what are you saying... I... I'm just taking some documents..." Ling Wei said as she waved the documents in her hand.

"Do you think I'm blind?!" She was obviously provoking her and was about to kiss her husband's face. Was she just taking the documents? Ha...

As Mu Huan spoke, she pulled Ling Wei's hair even harder, causing Ling Wei's expression to change in pain.

As the goddess in the eyes of most men, Ling Wei had always been so high up and unapproachable. They could not even wait to worship her, but now, someone was treating their goddess like this! This made many executives, especially the executives of the Ling Group, stand up suddenly and surround Mu Huan.

"Bo Junyan... mind your wife!" Ling Wei shouted in pain.

She wanted to provoke Mu Huan and cause trouble for her. By quarreling with Bo Junyan, who was in a tired and frustrated state, their relationship would worsen. However, she did not expect Mu Huan to dare to attack in front of so many people!

And she was so ruthless! She felt like her hair was about to be pulled off!

"Xiao Huan, let go," Bo Junyan said with a frown.

“Oh.” Mu Huan did not go against Bo Junyan. She let go when he asked her to.

However, because she had grabbed Ling Wei’s hair forcefully just now and bent her back, the moment she let go, Ling Wei, who had lost her balance, fell to the ground in a sorry state...
