

Fake Marriage 771

Chapter 771: The Best Female Genius (4)

Admit your shortcomings, correct your shortcomings, and work hard to become better!

"I'm tired. Send me to school," Mu Huan said.

"Isn't the school dormitory closed?"

"It's not like climbing through the window is a hard thing."

"Why don't you go home?"

"I don't want to."

Wu Xingye was speechless.

She still felt terrible.

However, he did not say anything and drove Mu Huan back to Yun University.

The next day, Mu Huan went back to the Bo residence to pack her clothes. She was going to stay at the school.

Seeing her coming down with her luggage, Meng Yueman thought that she was running away from home, so she hurriedly stopped her.

"Xiao Huan, what are you doing?"

"I'm a little busy with the school's experiment. Isn't Junyan not coming back these days? I want to take this period of time to stay at the school and finish up the experiment. When he's free again, I'll be free too." Mu Huan's face showed that this way, they could both have a good time.

Meng Yueman was speechless.

Was that really the case?

She knew about what happened at the company yesterday. The shareholders kept calling to complain.

No matter how bad Mu Huan was, how could she ignore the big picture and almost destroy the Bo Group!

However, she did not blame Mu Huan in her heart. On the contrary, she blamed herself. She was the one who'd said that if the mountain would not move, she should move, and she asked Mu Huan to go to the company to look for her son.

"Xiao Huan, I don't know. The project that Junyan and the rest are busy with is so important. It's only because I asked you to go that something like this happened. You didn't do anything wrong, and Junyan can't be considered to have done anything wrong either. He's really going crazy with work. You guys must not... separate because of this..."

She was afraid that she would become the culprit and cause her son and daughter-in-law to break up.

“No, Mom!” Mu Huan laughed.

“Then why don’t you stay at home?”

“Mom, I’m really busy. The deadline for me to submit my report is about to arrive. A few days ago, I was in a bad mood and wasn’t up to doing the work. I have to make the most of my time now.” It was easy for her to let her thoughts run wild when she was sleeping alone at home. If she went to school to make herself busy, she wouldn’t think about nonsense anymore.

People couldn’t spend all their time, energy, and time on love. It could easily collapse.

“Are you in a good mood now?” Meng Yueman asked with surprise.

As a woman herself, she naturally knew that it was because she cared that a woman would feel sad and uncomfortable, afraid and uneasy, and not want to do anything.

Once she no longer had these emotions, that meant she no longer cared!

If she didn’t care anymore, then their relationship would be over!

“I’m not in a good mood. That’s why I want to use my busy schedule to divert my attention. This way, I won’t have to keep letting my imagination run wild. Didn’t Mom say that Junyan is an absolutely loyal person? I’ve decided to trust him and wait for him to finish his work first.” Mu Huan knew what her mother-in-law was afraid of, so her words were very comforting to Meng Yueman.

“If you really think that way, I can rest assured. I’m really afraid that the bad idea I came up with has hurt you all.” Meng Yueman only wanted her family to be well when she gave her daughter-in-law that idea. Unexpectedly, this matter became even bigger.

“I won’t, Mom. Don’t think too much about it! Actually, it’s my fault. I didn’t pay attention to the occasion and couldn’t control myself. Junyan has been busy these last few days, so I’ll just stay obediently at school. When he’s done, if he doesn’t blame me, we’ll still be fine!” Mu Huan said.

“It’s not your fault. There are girls who don’t like being made to feel jealous! Those who don’t like being jealous don’t like it, period! Besides, you didn’t delay anything!”

Chapter 772: The Best Female Genius (5)

Meng Yueman felt that Mu Huan could not be blamed for this.

Putting herself in Mu Huan’s shoes, if she were to see her husband and his ex-fiancée eating and living together in the company every day, she would feel uncomfortable. Even if she knew that nothing would happen, she would be jealous and lose control.

“Thank you, Mom.” Mu Huan hugged her mother-in-law, touched.

Ever since the incident, her mother-in-law’s support and encouragement had been too heartwarming.

She really wanted to live a good life with them.

For this, she could give up any chance, even relating to her future!

As long as Bo Junyan did not abandon her, she would never leave him no matter what happened!

But if he didn't want her anymore, she would leave.

Mu Huan was the kind of person who, once she fell in love, would wholeheartedly love and would be willing to give up everything, even her life, for the other party.

However, if the other party did not love her and did not want her anymore, she would definitely not pester him.

No matter how much she loved him, no matter how much it hurt, she would still let go and leave her love.

Even if she had to spend the rest of her life and never remember it, even if it would be painful, she would never pester him.

"Good child..."

Meng Yueman knew that the best way to divert her attention was to get busy. Furthermore, Mu Huan insisted on staying at the school, so she did not stop her.

After sending Mu Huan back...

She glared at Bo Dingjing.

Bo Dingjing was baffled by her glare.

"Why didn't you tell me that it was such an important project?! You told me to get Xiao Huan to look for Junyan at the company, causing this to happen!"

Bo Dingjing: "..."

He had clearly told her that his son was busy with a very important project. He did not go home because he was really busy. He wanted her to comfort her daughter-in-law like this so that she would not worry too much and feel uncomfortable thinking too much. Who knew that she would think that her son could not be so busy and that her daughter-in-law should go to him!

However, he definitely could not say that.

"Yes, it's all my fault. It's all my fault..." It was all his fault. It was all his fault. She could just blame him.

Meng Yueman knew that she was to blame for this matter. She'd said this because she wanted to find an excuse to throw a tantrum at him. Who knew that he would admit his mistake so directly that she was left too embarrassed to throw a tantrum at him. "The employees of the Ling Group should be dealt with! How much profit can we give them after this project is completed? They actually went on a strike at such a critical moment. That's too much!"

Although the Bo Group had a huge responsibility this time, the Ling Group still had the nerve to go on a strike when they could receive so many benefits!

She really did not know how they had the nerve to escalate matters to a strike!

"If anything good happens in the future, don't think about the Ling family anymore!" Meng Yueman said angrily.

This kind of partner who would go on a strike at such a critical moment, there was no need to cooperate with them anymore in the future!

“Junyan will definitely not work with the Ling family in the future,” Bo Dingjing said.

Because of his daughter-in-law, his son could not avoid collaborating with the Ling Group for this current project. Now, at the critical moment, they were going on a strike. Although what happened before was a little overboard, this kind of business threat behavior was not acceptable. His son must be very unhappy.

Right now, he would not discontinue the project.

But in the future, he would definitely not collaborate with someone who would threaten him into cooperation for important projects.

“However, you can’t blame Ling Wei. She has always been very persistent in her work. You know that ever since Old Ling gave birth to a son, the people in the company no longer obey her. They even want her to make mistakes so that they can suppress her and make her half-brother’s path easier.”

Chapter 773: The Best Female Genius (6)

All Meng Yueman heard was how Ling Wei insisted on working despite the pain. In addition, she thought that Ling Wei was misunderstood by her daughter-in-law and was also a victim.

Thinking about her awkward situation at home, her heart ached for her.

Bo Dingjing’s eyes darkened, but he didn’t say anything.

“Although Old Ling’s youngest son also has the right to inherit the company, in his heart, Ling Wei is still a treasure that he’d raised. How can he let someone drag her down in the company? This person’s heart has changed so terribly!” Meng Yueman sighed.

Bo Dingjing wanted to say something.

“If I had died a long time ago, would you have married a concubine and given birth to a son to fight with my son for the inheritance?”

Bo Dingjing: “...”

“If you don’t say anything, you must be thinking the same thing!”

Bo Dingjing: “...”

If she wanted to vent her anger on him, what could he do?

Yun University...

“Come, let’s go to the hotpot place!” Li Meng hugged Mu Huan’s shoulders after helping her put the food away, wanting to eat hotpot with her.

“Let’s not go too far. Let’s eat nearby. I still have to go to the laboratory later. I need to work hard and quickly finish my experiment!” Mu Huan decided to put all her energy and attention into the experiment for the time being.

“There’s a new hotpot restaurant across the street from the school. It tastes pretty good. Since the ingredients are fresh, let’s eat there!” Li Meng said.

“Sure.”

Both Mu Huan and Li Meng belonged to the category of people who had no problem eating at a high-class Michelin restaurant and at a small restaurant. Of course, the premise was that the dishes in the small restaurant were not difficult to eat.

The two of them went to the newly opened hotpot restaurant opposite the school and sat down.

Long Feiting and Gu Chenyi entered at almost the same time, one from the front and the other from the back.

Li Meng: “...”

What a coincidence...

Mu Huan glanced at the two of them and pretended that they did not exist. She lowered her head and chose a soup base for the pot.

“Xiao Huan, what a coincidence!” Gu Chenyi smiled as he walked over to Mu Huan and was about to sit down beside her.

Long Feiting pulled the stool beside Mu Huan and sat down.

Gu Chenyi glared at Long Feiting. Did he know what first come, first served meant?

Long Feiting’s face was full of confusion.

Gu Chenyi: “...!!!”

After Long Feiting sat down, he did not speak to Mu Huan. Instead, he asked for the same fragrant and spicy soup base as Mu Huan.

When Li Meng placed the food on the other side of Mu Huan to prepare the condiments, Gu Chenyi moved Li Meng’s things to the side. He sat down and asked for the same soup base as Mu Huan.

Mu Huan instinctively said, “I thought you don’t eat spicy food?”

“Because of you, I fell in love with spicy food.” Gu Chenyi looked at her, his eyes filled with deep affection.

Mu Huan instantly shivered in disgust. She hurriedly shouted to the waiter, “Change the base of my pot to mushroom soup!”

Gu Chenyi: “...”

Long Feiting looked at him. “Are you dumb? You rotten bastard!”

“You’re the dumb one, you jerk!” Gu Chenyi snorted.

Mu Huan: “...”

Rotten bastard?

This name was quite fitting, quite good!

When Li Meng returned with the stuff that she and Mu Huan had ordered, she saw that her seat was occupied.

She was about to say something.

Mu Huan took the cutlery and food from her hands and stood up. Then, she found a seat at the bar of the hotpot place and sat down. She got Li Meng to sit beside her and called for the service staff.

“Waiter, bring the soup base of the hotpot over here.”

Chapter 774: The Best Female Genius (7)

“Alright!” The waiter passed the pot to them.

Long Feiting and Gu Chenyi did not get angry. They sat down next to Li Meng and asked the waiter to bring their pots here as well.

Mu Huan did not bother about them as she took her favorite food.

“Come, Mu Huan, have a drink. Let’s celebrate!” Long Feiting said as he extended his long arm to pick up the cup in front of Mu Huan, poured her a glass of beer, and placed it in front of her.

Mu Huan took a glance at the cup he had placed over and did not utter a word.

At this moment, her pot was open and she placed the food inside.

“You don’t know how to drink?” Long Feiting asked.

She did not respond to him.

Li Meng was also busy eating.

Long Feiting: “...”

When did he, Young Master Long, fall to such a state? Even when he spoke, no one would listen!

Well...

He picked up his glass and looked at Gu Chenyi, who was sitting beside him. “Let’s drink and celebrate!”

“Come, cheers!” Gu Chenyi raised the cup in his hand.

Li Meng: “...”

The relationship between the two of them was very strange. One moment, they were enemies, the next moment, they were good friends. They changed as they pleased.

“Do you know what to celebrate?” Long Feiting asked.

“What are we celebrating?” Gu Chenyi asked cooperatively.

“We’re celebrating the fact that someone has finally made up her mind to leave the old man and return to her youth and university life!” Long Feiting and Gu Chenyi both knew that Mu Huan had moved to the school and thought that her relationship with Bo Junyan had completely collapsed.

Mu Huan’s hand, which was holding on to something, stopped abruptly. Her lips twitched slightly.

Li Meng: “...”

It had been a long time since someone had called Bo Junyan an old man...

“That old man is nothing good. His thoughts are overly old-fashioned. He can’t accept new things. The generation gap between him and young people like us is too big. What’s the saying again? Oh, right, cherish your life and stay away from old men!” Long Feiting looked at Mu Huan as he spoke.

“I’ve heard of this saying before. I think it’s true! After all, there’s a generation gap between people born every three to ten years. It’s really hard for them to communicate mentally!” Gu Chenyi added.

“So what if he’s handsome and rich? He can’t buy youth even if he’s rich! It’s good to be young!”

“Yes!”

Mu Huan: “...”

Their father was also an old man!

Long Feiting continued, “I feel that when girls look for a partner, they have to look for someone younger, handsome, rich, and free. Life is short, and it’s most important to enjoy it in time. If you look for an old man, even if you can communicate with him, he’s old-fashioned. Let’s just say that he’s so busy every day that he doesn’t have time to accompany you. If he can’t think about anything but work no matter where he goes, then why don’t you look for someone of the same age to travel the world with?!”

Li Meng: “...”

Why don’t you just say it directly? Come, seek me out to be your boyfriend!

She wanted to look at Mu Huan.

She looked at her with a face that said, “Let’s see if Long Feiting likes you. He even has a girlfriend and all. You’re going to be the third party!”

Mu Huan: “...”

Just then, Long Feiting stood up and looked at the other customers eating in the restaurant.

“Today is a good day. To celebrate, it’s my treat. Everyone can order whatever you want! You can eat whatever you want. Cattle, sheep, and meat are all available. Don’t stand on ceremony!”

Gu Chenyi added, “Drink whatever you want!”

Then, he looked at the boss who was sitting at the cashier counter. “Boss, go and find a few more helpers. If you don’t have enough supply, hurry up and buy them. We want an endless supply!”

“Don’t worry about the money. Give me your account number. I’ll transfer you 100,000 yuan first. If it’s too much, you don’t have to return it. If it’s too little, I’ll make up for it.”

Chapter 775: The Best Female Genius (8)

The owner of the small hotpot restaurant: “...!!!”

No matter how much you eat, you can’t eat 100,000’s worth!

This surprise came too suddenly. It felt like a dream!

“Why are you transferring money? I promised to treat you!” Long Feiting stopped him. Then, he took out a card from his wallet and threw it to the boss sitting at the cash register. “Get someone to prepare some good meat and wine, as well as seafood. Everything must be good. Today, we want everyone to eat and drink well! You will receive double the money spent on buying things. When it’s done, there will be rewards!”

The owner of the hotpot restaurant caught the black card. His hands were trembling uncontrollably. Previously, he did not believe that people would be so lucky. Now, he believed it! He felt that he could earn a year’s worth of money in a day! Great!

“Sure, go ahead. I’ll treat next time.” Gu Chenyi did not argue with Long Feiting.

The two of them did not care about this little bit of money. It was meaningless to fight over it.

At the restaurant that was opened at the entrance of the university, most of the guests were students. When they heard that someone was treating them and that they could eat so much delicious food, they were instantly overjoyed!

“Handsome, can we call our friends over?” Of course, they had to call their friends over for such a good thing!

“Call as many as you want! The more the merrier!”

“Alright!”

As soon as he finished speaking, the students hurriedly posted on their Moments, and on the dormitory group chat, they called their roommates over for a meal. This newly opened hotpot restaurant had good service, good dishes, and relatively higher prices. Now that there were people asking them to eat as they wished, it was better to have good meat, good wine, and good dishes. They had to have a party!

Li Meng said, “You only moved to the dormitory and they’re already so happy. If you divorced Bo Junyan, are they going to invite the whole world?”

Mu Huan: “...”

After a while.

“Let’s stay away from the two of them in the future. They’re brainless and contagious.”

Li Meng: “...!!!”

They were just too happy!

“These are guys who are willing to spend so much money on you. How can you call them brainless!”

Mu Huan: “...”

If she shouldn't call them brainless, what should she do? Praise them for doing well?

“But to be honest, the two of them look like silly sons of the landowner!” Li Meng whispered.

Mu Huan said, “Alright, that's the most appropriate description!”

Li Meng said proudly, “Of course!”

“Alright, hurry up and eat so we can hurry up and leave.” Mu Huan was afraid that if she stayed here any longer, the two foolish sons of the landowner would be even more foolish.

Li Meng shook her head and said resolutely, “No, I'll wait for good food to be served. It's rare for me to encounter such a good thing, so I have to eat until the end!” It was rare for her to have a free dinner, so she had to have a good meal!

“You can't leave either! The landowner's silly sons are celebrating for you. You should stay here and watch this lively scene. Be happy!”

Mu Huan: “...”

She and her husband had met with a love crisis and she moved out of the house. She was being celebrated like this despite that, and she still had to be happy...?

Damn...

...

They were all students from around the area, and as soon as they were invited, they all came. Soon, the small hotpot restaurant was filled with people.

Immediately, there was a commotion.

The boss found a few more people to help at the last minute and was still too busy.

This made all the restaurants around them envious! They wondered why such a good thing did not end up happening in their place!

While everyone was enjoying their meal, a boy stood up. “Everyone, quiet down!”

The lively restaurant quieted down, and everyone turned to look at the boy who stood up.

Chapter 776: The Best Female Genius (9)

The boy who stood up pointed at Long Feiting. “Today, we have to thank that super-handsome guy for allowing us to eat and drink well here! It's his treat. Come, let's all stand up and toast him!”

As soon as he finished speaking, all the students stood up to salute Long Feiting.

“You’re welcome, you’re welcome. I’m very happy for my good friend today, so I thought that it would be better to celebrate with everyone else than alone. Everyone, be happy together, be happy!” Long Feiting raised the cup in his hand.

“Let’s be happy together! Such a happy occasion should be celebrated by the whole world!” Gu Chenyi said.

Mu Huan: “...”

And they were celebrating...

Your uncle dotes on you so much. Won’t your conscience hurt if you poach something of his like this?

“Yes, cheer up!” Li Meng followed suit.

Mu Huan raised her head to look at her with a face that said, Are you dumb?!

Li Meng responded by pulling her up. “Come, cheer up! Let’s party! Youth should be carefree! Let’s be happy every day!”

She knew that Mu Huan still felt terrible inside, so she didn’t want to leave. This happy atmosphere was the most infectious. With so many happy people in the room, she would slowly be infected if she stayed here.

Mu Huan: “...”

Just as she was about to say something.

Li Meng looked at her and said, “Xiao Huan, in the past, we suffered so much for the sake of our lives and missed out on the best and most carefree kind of youth. Now, we can’t miss out on this period of youth. We shouldn’t be in a hurry to grow up. Youth is invincible, long live youth! Youth is the best! We should enjoy our youth freely now!”

Yesterday, she heard from Wu Xingye that Mu Huan seemed to have done something wrong at Bo Junyan’s company. This made her very depressed and upset. She felt that the world she saw was too small, that she was not mature enough, not outstanding enough.

However, she felt that this was not her fault! Some people were born to stand at the top of the pyramid and look down on the world, but who would want to live such a tough life? She was already much more mature than her peers! She was already very good and outstanding!

Besides, humans were not born to know everything. They knew what they were meant to know at all ages. This was a normal human being’s evolution from the time they were born. Who could be young and not be arrogant and not make mistakes? Who could be sure that he had never made a single mistake in his life?

She felt that she did not need to give herself so much pressure. She should relax occasionally and enjoy her youth. She was still young and should not be in a hurry to mature!

Humans would eventually mature, but it was impossible to return one’s youth!

Li Meng was the person who had accompanied Mu Huan through the toughest and most difficult days of her life. She knew about Mu Huan's suffering and her heart ached for her. She did not want to see her fall into the misery of love as soon as she left her old life.

In the past, she had forced herself to grow up faster in order to survive.

Now, for the sake of love, she was forcing herself to mature faster and desperately climb to Bo Junyan's height.

However, there was a difference of ten years between them! Ten years!

She was still at the most important and most beautiful period of puberty. How could this person cross the entire period of puberty in an instant? How could she instantly grow up and mature?!

She didn't need to force herself like this, really!

Mu Huan knew what Li Meng meant by those words. Her heart ached for her, and her words reminded her of the storms they had gone through all these years. She suddenly became emotional.

"Come, Xiao Huan, cheers! Cheers to our youthful invincibility! Let us forget everything for this moment! Come on now!"

Chapter 777: The Best Female Genius (10)

Li Meng picked up the cup on the table and let Mu Huan have a toast!

"Okay!" Mu Huan picked up her cup and broke her vow not to drink!

"Come, let's toast to our youthful invincibility! Let's toast to our youthful impudence!" Following Gu Chenyi's shout, the atmosphere in the dining room was raised to the highest and most lively.

Students who were in the prime of their youth were hot-blooded and easily agitated.

Following that, everyone ate, drank, made a fuss, and had fun together!

Although many of them were seeing each other for the first time, they did not feel like strangers!

In such a joyous occasion and in such a carefree and beautiful atmosphere of youth, Mu Huan temporarily forgot about her discomfort and pain. She regained her natural disposition and started to kick up a fuss.

Long Feiting looked at her unbridled smile and felt as if he had seen the Star in his dreams. He did not drink much, but at this moment, he was drunk.

Looking at Mu Huan like this, Gu Chenyi felt as if he had returned to the past. When they were still in high school, the best time of his life was truly carefree and happy.

All of a sudden, he seemed to have become the sunny white-clothed youth from before.

He was clean from the inside out, beautiful, youthful, radiant, and without a trace of darkness.

If only time could be reversed, if only people could return to the past...

She looked really beautiful when she smiled, so beautiful that they could not see anything else in their eyes.

Even after they finished eating, the group of people had yet to enjoy themselves to the fullest. When they came out, they happened to see a music club singing and performing in the square. Then, they surrounded it.

“I want to sing on stage!”

“I want to jump on stage!”

A group of people who had drunk some wine were fighting to go on stage and perform, to their heart’s content.

Mu Huan and Li Meng were watching from below. Although Mu Huan had broken her precepts and drank alcohol and could no longer go to the laboratory, she was not drunk to the point of being out of control. Instead, she drank until it was just right, just when she was a little dizzy from excitement.

The club today was a street dance music club. The songs that were played were all very popular songs that people danced to on TikTok. They were especially popular as a dance tune as they could raise the atmosphere.

Mu Huan and Li Meng, who were a little giddy and excited from drinking, could not help but clap along with the music.

Then, the music on stage changed to a particularly popular song.

“Xiao Huan, this song is our main song. Come, let’s dance to it!” With that, Li Meng dragged Mu Huan onto the stage.

As she was a prominent figure in the school, there was no student in Yun University who did not know her. She had a lot of fans now. She was a top student, so her classmates only knew that she was exceptionally good at her studies and that she was especially dashing when she smiled evily. They had never seen her dance before. Hence, when she went on stage, she immediately received a round of applause and cheers. They all wanted to see what their top student looked like when she danced.

The applause from the crowd, the anticipation, the explosive music, and the giddy excitement made Mu Huan completely unleash her wildness. As the dance song officially began, she and Li Meng jumped up.

This dance song was especially popular. With Mu Huan’s skills, her dance was extremely explosive. The moment it started, it stunned everyone. As the song became more and more upbeat, they also danced more and more!

Usually, when Mu Huan was being devilish, she’d look so handsome that people could not take their eyes off her. Now that she was dancing on the street, she looked even more handsome that it made people scream!

Chapter 778: The Best Female Genius (11)

There were more screams at the venue than at the concert venue where an idol was being chased. It was explosive!

Upon hearing such a scream, the students who were passing by all gathered around. Then, there were even more screams!

“Oh my god! Oh my god! She’s so handsome! I love her! I love her forever!”

“Oh my god! My genius goddess. Not only is she good at studying, but she’s also good at dancing. Goddess! I love you!”

“I love you, goddess!” The people below did not care whether Mu Huan was married or not. They all shouted that they loved their goddess!

“Wow! This woman is so dashing! How can someone dance so well?”

“I feel like Cupid shot me in the heart! I’m in love! Who can tell me which school the dancing goddess is from? I want to chase her! I want to chase her like crazy and give up everything to chase her!”

“Stop chasing her. She’s Yun University’s top student goddess. She’s married!”

“How can you do that! This is the first time in my life that I’m attracted to someone! I’ve been searching for a perfect goddess for twenty years!” The boy looked like he had lost all hope.

“But it’s such a pity that our goddess got married in her first year of university! If she hadn’t gotten married, how happy would we be? Everyone would have had a chance!”

“Yeah!”

“What chance would you have? If you’re like this, you’re not worthy of our goddess!” the girl next to him said in disdain.

“That’s right! That’s right! Our goddess isn’t someone ordinary people like you can match up to!”

“What? Your goddess?! You guys are women too!”

“So what if we’re also women? Haven’t you heard that love between the opposite sex isn’t true love? Only love between the same sex is true love!”

“F*ck! Who said that? Let me kill him!”

Among the restless crowd, only Long Feiting and Gu Chenyi remained silent. This was because both of them were stunned. They had never seen Mu Huan like this before. Neither of them had!

Gu Chenyi had never seen her like this even though they had been classmates for three years!

He knew that Mu Huan was outstanding and multi-talented, but he did not expect her to know how to dance. She could even dance so exceptionally well! It made his blood boil!

At that moment, Mu Huan jumped into a super awesome and super handsome pose. Instantly, the entire venue exploded!

“Ah...!!!” That scream made the surrounding merchants and school security guards look over.

“Gosh! Isn’t this action something that only happens in games?”

“This is too freaking cool!”

"I can't take it anymore... I can't take it anymore... I feel like I can't breathe anymore... From now on, I don't have any male idols in my eyes, only a straight-A student goddess! My forever beloved!" A girl clutched her chest, feeling like her heart was about to explode!

With that super explosive dance ending, the song also ended!

"Is our Xiao Huan handsome?!" Li Meng shouted loudly.

As soon as she finished speaking, there was a wave of response. "Handsome! Absolutely handsome!"

"The most handsome in the world! There's no other!"

"Isn't she great?!" Li Meng shouted again!

"The best in the world! The best! The best!"

"Brainiac is the best!"

"The Brainiac Goddess is invincible! Number one in the universe!"

"Do you want another song?"

"Yes!"

"Yes! Yes!"

The atmosphere at the venue was extremely high!

Mu Huan, who was feeling excited after drinking, became even more excited when she saw the high atmosphere.

Chapter 779: The Best Female Genius (12)

When the second song started, she took off her thick coat and danced even harder!

There were more and more screams and more and more onlookers. The people in charge of patrolling this area had all been deployed to guard this area in case of a stampede.

On stage, she had forgotten everything. She only remembered that she was young and only immersed herself in the world of music.

At this moment, there was no need for her to hide herself or keep a low profile. She was the most tyrannical queen!

Influenced by her, a dance song that was especially popular recently started playing.

The youths who knew street dancing went on stage. The songs were so high-octane that they were bursting with excitement!

At this moment, they were in the prime of their youth. It was the best time of their lives!

The next day...

"D*mn, am I really getting old? Yesterday, I only danced a few songs, yet my arms and legs hurt so much. Am I lacking in exercise?" Mu Huan asked, pinching her arms.

“How many songs are a few? You did nothing but dance! You used to say that it’s good not to drink, but after drinking, you become so wild that you can’t even stop!” Li Meng said as she pasted an ointment on her.

“It’s not my fault. Why did you drag me up for a dance for no reason?! You know how much I love to show off. I love to show off even more when people praise me! Especially when I’m drunk and excited.” Mu Huan snorted.

“I originally wanted you to dance two songs to vent your stress, but I didn’t expect you to be unable to stop even after I pulled you along!” Li Meng continued, “But it doesn’t matter if you danced more. At most, you’d be in pain for two days.”

“That’s true. Anyway, now that I’ve exposed everything, it doesn’t matter anymore! In the future, I can openly act like a tyrant and do whatever I want!” At the thought of how she could beat people up whenever she wanted in the future, how she could do whatever she wanted, and how there was no need for her to worry about being found out or leaving any traces, Mu Huan suddenly felt that life was still very good!

Just as Li Meng was about to say something...

There was a knock on the door.

Mu Huan got dressed and asked Li Meng to open the door.

The moment Li Meng opened the door, a group of girls rushed in.

Yes, they were flooding in!

Mu Huan’s dormitory was instantly filled with people!

“Xiao Huan, this is the delicious food I made...”

“Xiao Huan, I heard that you like chocolate. This is the chocolate I got someone to bring back from France.”

“Xiao Huan...”

Her bed was instantly filled with presents again.

After this wave had departed, another wave of girls quickly arrived. In the end, Mu Huan’s entire dormitory was filled with presents left behind by the girls.

She looked at the dormitory, but there was no place to put her feet.

Li Meng: “...”

Mu Huan: “...”

It was better to keep a low profile in the future. She couldn’t be arrogant anymore, and she shouldn’t show off...

Mu Huan and Li Meng finally finished tidying up the dormitory. When they came out, they were stopped many times on the way to class. She directly rejected the boys' gifts, but she was too embarrassed to reject the girls' gifts. She could only carry the gifts to the class with Li Meng's help.

"Xiao Huan!"

Most of the girls in Mu Huan's class liked her to begin with. After last night, they idolized her even more and were especially passionate when they saw her.

Although the boys knew that Mu Huan was married and that there was little chance of them being together, they were infatuated with her. It was always possible to watch her, so they paid close attention to her every move.

Mu Huan: "..."

She was wrong. Keeping a low profile was good! Keeping a low profile was the way to go!

In the future, she must keep a low profile!

Chapter 780: Moving Out (1)

This degree of attention affected her studies too much. She was a good classmate who loved to study and improve every day!

Seeing that she was far more popular than him, the school hunk, Long Feiting, said sourly, "You eat both men and women. Are you a transvestite?"

The corners of Mu Huan's mouth twitched slightly. She wanted to rebut him, but when she thought about how happy she had been last night, which was caused by this foolish son, she decided not to stoop to his level.

"Wow, Xiao Huan, look! Someone recorded the video of you dancing last night and uploaded it online. You're even on Weibo's trending searches!" Li Meng showed Mu Huan her phone.

Mu Huan clicked on the video that had been uploaded online. After watching it, she clicked on it again.

After looking at it several times, she held her phone with a grave expression.

"What's wrong? Is something going to happen?" Li Meng asked.

Long Feiting was also a little worried about her expression.

Just as both of them were wondering what could happen regarding this video.

Mu Huan said, "How can I be so handsome?! When I dance, I'm simply the best in the world! I'm so handsome if I do say so myself! How can I be so excellent and outstanding! So awesome! So perfect!"

Li Meng: "..."

Long Feiting: "..."

She must presently be too immersed in her narcissism!

"With my dancing and my looks, I can really debut on the spot!"

Li Meng: "..."

Long Feiting: "..."

Then please debut on the spot!

"Forget it, though. I'm going to become the most good-looking person in the scientific research field, so I won't be going to the entertainment industry to fight for a job." As Mu Huan spoke, she switched on her phone and saved the video on the Internet. Then, she edited it and sent it to her friends.

The caption was, *So high last night!*

When I get handsome, I even fall in love with myself!

Then she looked at Li Meng and Long Feiting.

"All of you go to my friend circle to Like and leave comments praising me."

Li Meng: "..."

Whenever her Xiao Huan became narcissistic, she really could not stop the ball from rolling.

However, this was much better than when she was sad!

Long Feiting replied, "I don't have your WeChat."

Mu Huan was in a good mood today. She reached out for his phone and said, "Come, let me take a look and add me as a friend."

Long Feiting immediately took out his phone and added her as a friend.

Then he looked at Mu Huan's phone and asked, "Why didn't you change your phone when it's so broken?"

"It was just broken the night before yesterday. I didn't have time to fix it." She was still reluctant to change it.

"What's there to fix? Who still fixes phones these days?! My family sells cell phones. What type do you like? I'll get someone to send you a new one!" Long Feiting said.

"Why does your family have all kinds of businesses?" Li Meng asked curiously.

"Because we have money, we have all kinds of businesses."

Mu Huan: "..."

There was nothing wrong with his words!

Since there were no classes in the afternoon, Mu Huan went to the laboratory and stayed there until midnight.

During the experiment, she had left her phone outside and locked it in her locker. When she came out, she saw several missed calls from Bo Junyan.

Then she called back.

However, it was PA Wang who picked up. He said that Bo Junyan was busy and would call her back when he was done.

“Don’t have him call me back. I’m going to bed soon. I’m fine. Don’t let him worry and have him focus on his work.” With that, she hung up.

PA Wang: “...”

This girl changed so quickly.

Previously, Madam had been constantly calling the CEO, texting, and WeChatting. Now, she did not give a single call, not even a WeChat or a text.
