

Fake Marriage 821

Chapter 821: The Wedding Is Suspended (3)

He could even say such things!

Damn! She did not know what to say!

“Xiao Huan, don’t feel upset. Isn’t this how things are? You’ve let another woman take Bo Junyan, so how can you not let your own flesh and blood take advantage of him? This has always been the case since ancient times. Look at those empresses promoting their nieces and nephews. They’re even promoting cousins from afar, and our relationship isn’t that distant!” Mu Chunyu said.

“F*ck, are you f*cking retarded? If you want to look at those empresses, why don’t you just die and reincarnate into the ancient times!”

Mu Huan could not help but curse because they were really too brainless! They were so brainless that she wanted to pry open their brains to see if the brain tissue inside had been eaten up by bugs!

Otherwise, how could they say such things? How could they think of such a thing?

“Even if you’re retarded, that’s still an illness that you should have treated! I suggest you hurry up and treat it! Also, just because you’re retarded doesn’t mean others are retarded! Hurry up and f*cking get lost! If you don’t f*cking get lost, I’ll throw you out!” With her fiery temper, Mu Huan really intended to throw them out.

“Sister, you’re so scary... Sister, how can you be like this... No wonder your hubby doesn’t like you anymore and wants to replace you...” Xu Ya looked at Mu Huan with a face full of fear. How could she curse at her? She even wanted to throw them out. She was too rough and too scary!

Even ordinary boys wouldn’t like her, let alone her husband!

“How can I be so scary? Do you want to see for yourself how much worse I can get?” Mu Huan said as she tried to grab the girl and throw her out.

It was so freaking scary here!

“Xiao Huan, don’t be rash!” Mu Dongsheng held her back to calm her down.

“Don’t tell me that this is the important matter that you wanted me to discuss with you!” Mu Huan looked at Mu Dongsheng.

Mu Dongsheng shuddered when he met his daughter’s dangerous eyes, but he still held her hand valiantly.

“Xiao Huan, your dad is doing this for your own good. You can’t be too selfish. You can’t not think of your dad. You can’t be blind to the truth either. It’s clearly impossible between you and Bo Junyan. If you help your cousin, she will return the favor to you in the future. Why are you so angry?”

“Also, you’re just a little girl. Look at how rough you are being! When you’re like this, how can your husband like your true colors?!”

“People like Bo Junyan marry someone like Ling Wei if their family backgrounds are compatible. If not someone of equal social status, they marry a little girl. They would definitely be obedient and docile. But look at you, what do you have? You’re not young anymore, but you have to at least be obedient, not to mention docile. And yet you’re so rough and irritable. Let’s not even talk about Bo Junyan not wanting you once he finds out about your true colors. Even an ordinary man wouldn’t like someone like you!”

As expected of the brainless mother and daughter, they had the same thoughts.

Also, in what way was she not young anymore? She had just graduated from high school this year...

Mu Huan was so angry that she laughed. She looked at Mu Dongsheng and said, “Let go of me!”

“Xiao Huan, listen to me properly, okay...” Before he could finish speaking, Mu Huan grabbed his wrist and exerted force, causing him to cry out in pain.

“Xiao Huan, let go of me! It hurts! It hurts!”

His daughter had never touched him before. He did not expect her to hurt him so much!

Chapter 822: The Wedding Is Suspended (4)

“Mu Huan, how could you do this to your father? He’s your biological father! Someone like you...” Before Mu Chunyu could finish speaking, she was pulled up by Mu Huan.

This scared her silly!

At the same time, Mu Huan grabbed Xu Ya with her other hand and dragged them both out!

Mu Chunyu and her daughter were so shocked by her Herculean strength that they forgot what they were supposed to say and didn’t know how to react.

Mu Huan dragged the two of them and threw them out. Then, she said condescendingly, “From now on, don’t appear in front of me again. Otherwise, I won’t just throw you out like this. Instead, I’ll beat you up and send you to the hospital!”

What fools were they? She had never seen anyone as shameless as them!

Besides, other people might do such shameless things if they had the capital, but what did these two have? They had nothing, yet they dared to come in front of her and say such brainless words!

What did they take Mu Huan for? Did she look like someone that everyone could bully?

What the f*ck! If the tiger didn’t show its might, others would think it was a sick cat!

After Mu Chunyu got up, she said, “Mu Huan, no man could like someone like you. Look at how strong you are. You can hit a few men without a problem, but you’re even more rough than a man! Not only did you go to the company to cause a ruckus, but you even hurt his grandfather. Even now that he doesn’t want you anymore, you’re still pestering him. You even think that he’s still your husband and won’t give others a chance. If you don’t want to help our Yaya, then don’t. When our Yaya receives Bo Junyan’s favor through other means, you’ll regret it and cry!”

With that, she helped Xu Ya up.

“Let’s go. Mom will find someone else for you. When the time comes, we’ll find a hundred people to beat her up!”

“Yes.” Xu Ya nodded.

“How the hell did the two of you manage to survive until now? You haven’t even left the house, yet you still dare to say such things. Aren’t you afraid that I won’t let the two of you out of this house?” Mu Huan felt that there must be a limit to how foolish people could be. The two of them were so foolish that they had no bottom line!

“What? Do you even dare to beat us to death? If you dare to beat us to death, then come!” Mu Chunyu straightened her neck and walked forward.

Everyone in the Mu family knew that Mu Huan was not favored and had been abused. Hence, Mu Chunyu felt that though Mu Huan possessed a little bit of brute force, it didn’t matter. She wouldn’t actually dare to beat them to death, right? Hence, she was especially fearless.

“It’s been a long time since I’ve met someone as simple and straightforward as you. You’ve made me quite happy.” After Mu Huan graduated from high school, the missions she accepted had become more complicated. The people she’d met were also more sophisticated, so she had never met someone as stupid and straightforward as Mu Chunyu.

“Both of us are simple and straightforward people. We’re not as good at pretending as you are!” Mu Chunyu said.

Mu Huan smiled. “Alright, since you guys have made me so happy, let’s go. Work hard. Good luck!”

Mu Chunyu: “...”

“Sister Huan, why aren’t you willing to help me? If you help me, I can repay you. If we go look for someone else, I won’t be able to repay you. We’re all relatives, so why can’t we help each other?” Xu Ya asked with a confused look.

Mu Huan could not bear to hit her when she saw how adorable she looked.

“Just go! Just go!” She waved them away.

She then turned around to settle the score with Mu Dongsheng.

Xu Ya looked at Mu Huan’s back view and pouted. “Mom, why is she unwilling to help me?”

Chapter 823: The Wedding Is Suspended (5)

“It’s such a good deal. Why can’t she figure that out and help us?”

“Some people are just selfish! They don’t want others to get what they themselves can’t get, let alone help others!” Mu Chunyu said.

“No wonder Prince Charming doesn’t like her. She’s selfish, greedy, and violent. She attacks people!”

“Yes, she can’t compare to you at anything!”

“When Bo Junyan sees you, he’ll definitely fall in love with your obedient and adorable self!” Mu Chunyu felt that her daughter only lacked a chance for Bo Junyan to see her. Once Bo Junyan saw her and liked her obedient and docile self, he would definitely fall in love with her daughter!

“Yes.” Xu Ya blushed at the thought that Bo Junyan would fall for her.

The moment she saw Bo Junyan on television, she fell for him! She felt that he was a male god that was tailor-made for her by the heavens! When she heard that he liked soft, cute, and obedient little girls, she felt that they were a match made in heaven. This was because she was so cute and obedient, so she was tailor-made for him!

Although he was a little old, she did not mind that he was so much older than her!

In the living room...

Mu Dongsheng shrank his shoulders when he met Mu Huan’s murderous gaze. “Xiao Huan, how could you lay a hand on me? I’m your biological father!”

“Biological father? Heh...” Mu Huan was amused by the two simple-minded people earlier, but when she saw her father, she only wanted to cry.

How could she have such a biological father? Why was she his daughter?!

“Previously, because of your own interests, you persuaded me to beg Bo Junyan and turn a blind eye to his affair. You’re already such a scumbag! I really didn’t expect you to be an even bigger one! You actually...” Mu Huan couldn’t bring herself to say such shameless things!

“You keep saying that you’re my biological father! But what you did doesn’t seem like something a biological father should do!

“You want your own daughter to introduce another woman to her husband? What the f*ck! Are you even human?! Mu Dongsheng, do you really have to make me lose all my feelings for you before you can accept it?!” As she spoke, she slammed her palm on the table, causing it to crack.

Mu Dongsheng shuddered again.

“I... I... I’m doing this for your own good... If you’re going to let a woman like Ling Wei snatch Bo Junyan away, then you might as well give him to another woman... If you go against Ling Wei like this, once Bo Junyan doesn’t want you anymore... Ling Wei will definitely want to destroy you...” Although Mu Dongsheng was selfish, he had indeed done this for Mu Huan’s sake. He was afraid that since Mu Huan had embarrassed Ling Wei in public before, once Ling Wei took over, she would leave Mu Huan with nowhere to go.

Coincidentally, Mu Chunyu had heard from him at his house that Bo Junyan liked girls who were younger and more obedient. She had said that her daughter fit the criteria perfectly and wanted his help.

He thought that Ling Wei should not be allowed to take advantage, so he agreed.

Of course, it was also because Mu Chunyu had promised him that she would give him very good conditions after the matter was settled that he was very tempted.

"I think you only decided to do this because Mu Chunyu promised to give you benefits after the matter has been settled!" Mu Huan sneered.

Mu Dongsheng: "..."

He only took that opportunity in passing! In passing! He was doing it for her sake! Couldn't he get the best of both worlds? It wasn't a big mistake!

Chapter 824: The Wedding Is Suspended (6)

"Xiao Huan, it's not that I want to criticize you, but you're just too clever. You've thought things through so thoroughly yet only came up with bad things. Tell me, who would like a girl like you? All men like stupid, obedient girls. If you do this..."

Before he could finish speaking, he was frightened by the ruthlessness in Mu Huan's eyes and did not dare to speak.

"This is the last chance I'm giving you. Next time, if you take matters into your own hands and use the excuse that you're doing this for my own good, if you once again use the last remaining trust I have for you to lie to me, I will no longer be your daughter and you will no longer be my father!" If this happened again, she would sever all ties with him!

She would never acknowledge him as her father again. She meant what she said!

Mu Dongsheng knew that she was a woman of her word, and this made him panic. "Xiao Huan, I was really doing this for your own good. It's just convenient for me to receive benefits! Tell me, if someone gives me benefits while doing something for your own good, how can I not want them? If I didn't want them, I'd be a fool!"

"Just remember what I said just now. I still have things to do, so I'll take my leave first." If not for the fact that he really cared for her, did he think that she would give him this chance?

Knowing that he could not stop her, Mu Dongsheng said, "Xiao Huan, listen to Dad. You have to plan ahead. Bo Junyan has already asked people to stop the preparations for the wedding. He must be thinking that you're no longer suitable for him. Once he comes back, he'll divorce you. If he ends up with Ling Wei, you're really done for!

"You can't even deal with the current Ling Wei, let alone the Ling Wei after she's gotten together with Bo Junyan!"

He was really worried about this.

"Don't worry about me. Just worry about yourself and don't do anything stupid."

"How can you say it so lightly? You're my biological daughter! Although I cheated on you, although I'm a jerk and I'm greedy for money and benefits, you're the only daughter I've ever given my feelings to. I can't help but care for you!"

Although he cheated with Bai Xuexian because he was useless and had been schemed against by his mother, after listening to his mother's words and being together with Bai Xuexian, it was true that he

only truly cared about his daughter. Therefore, no matter how much of a jerk he was, no matter how useless he was, deep down, he still cared about her.

She could not say that she did not want him as her father!

Mu Huan knew that her father was not someone who was good at lying, nor was he good with words. His words were at least half true...

Before Mu Huan could say anything, a voice rang out.

“Dad, you’re finally telling the truth! I used to think that you didn’t love me and didn’t treat me as your daughter, yet you still said that I’m being unreasonable!” Mu Kexin, who had returned at some point, complained to her father.

The daughters of other mistresses were all pampered, but when it came to her, she was just an invisible person! As a father, he would never look at her!

Mu Dongsheng: “...”

Why did she come over to cause trouble?! He was about to say that he couldn’t bear to see Mu Huan like this! But Mu Kexin actually came out to spoil his plans!

Mu Huan glanced at Mu Kexin, ignored her, and headed outside.

“Mu Huan, I heard that Bo Junyan doesn’t want you anymore. That’s great! I’m so happy! I really want you to be miserable! So miserable!” Mu Kexin shouted at Mu Huan’s back.

Mu Huan turned to look at her. “You’re suddenly so bold. Are you tired of living?”

Why did everyone think that she was easy to bully?

“Yes, I’m tired of living! Come and kill me!”

Chapter 825: The Wedding Is Suspended (7)

Mu Kexin had a look on her face that said, If you want to kill me, come and kill me! If you do, I’ll just dirty your hands!

Mu Huan narrowed her eyes. What had triggered Mu Kexin?

“Why? Why don’t you have to work hard to have everything? Why do I have to work so hard?! Why does everyone like you but no one likes me?! Why?!” Seeing how happy Long Feiting was today, Mu Kexin had asked him what had made him so happy. He said that Bo Junyan didn’t want Mu Huan anymore and that he was happy about it.

Although he said that he was so happy because he could now do whatever he wanted to Mu Huan, she knew that he was happy because he liked her!

He had always been unwilling to admit that he liked Mu Huan because she was Bo Junyan’s wife. However, once Mu Huan was no longer Bo Junyan’s wife, he would be able to like her. By then, the time would be up for this girlfriend of his who was only liked in name!

Long Feiting was so handsome, outstanding, and rich. With Mu Kexin facing him day and night, she naturally developed true feelings for him. The Bo Junyan she liked previously had been snatched away by Mu Huan. Now, she liked Long Feiting, who liked Mu Huan. This made her really unable to stand it!

The moment she reached home and heard that Mu Dongsheng had only ever shown paternal love to this one daughter, she was devastated!

What did she do wrong for Mu Huan to snatch away all her love?!

The only mother who loved her was killed by Mu Huan!

Mu Huan could not be bothered with a lunatic like Mu Kexin and simply left.

The moment Mu Huan left, Mu Dongsheng shouted at Mu Kexin, "Are you crazy?!"

Interrupting his emotional display!

If he tried it again, it wouldn't look natural anymore!

"I'm crazy? You're the crazy one! Look at what Mu Huan has done to a perfectly good family, yet you still care about her! You've already been ruined by her!" Mu Kexin shouted at Mu Dongsheng.

"What do you mean it was Xiao Huan's fault? Your mother brought it upon herself after she tried to harm Xiao Huan again and again!" Mu Dongsheng retorted.

"People say that a day as husband and wife means a hundred days of grace. You guys never had even a single day of grace, not even if you remained husband and wife for the rest of your lives! People like you are too scary! You deserve to die! You don't have any feelings for me as your daughter? Well, I don't have any feelings for you as a father! I don't have a father from now on!" Mu Kexin ran out after shouting this at her father.

Mu Dongsheng watched her leave, leaving him alone in the spacious house.

Suddenly, he felt that this desolate and empty house was terrifying. Suddenly, he didn't know why he was living in a daze...

Why did he live?

When he regained his senses and realized that he was thinking about such a profound question, Mu Dongsheng smiled and returned to his usual shameless self. What was the point of thinking about those things?

It was so empty and desolate!

If he felt empty and desolate, he should find another woman to give birth to a bunch of children! With money, would he be afraid of not being able to find a woman?

With money, why would he be afraid of living?

Ha...

If you're just going to think too much, you might as well go for a drink and a game of cards.

With this thought in mind, he walked outside.

Then he disappeared into the night.

...

After leaving the Mu residence, Mu Huan looked at her phone and wondered if she should give Bo Junyan a call to ask him why the wedding was suspended.

At this moment, in S Nation.

In order to return earlier, Bo Junyan, who had arranged his schedule very tightly, could only close his eyes and rest for a while before the next meeting.

Ling Wei came in from outside and saw Bo Junyan leaning against the back of the chair. The sunlight outside shone on his face.

Chapter 826: The Wedding Is Suspended (8)

It made that face glow. Even though it was filled with fatigue, it still looked good.

Looking at Bo Junyan, she suddenly realized that this was the first time she had looked at him so seriously.

The two of them had known each other since they were young. She was born with him by her side, making her immune to his handsomeness. Hence, she had never thought that he was very handsome and had never been infatuated with him. However, looking at him like this now, she realized that she was really spoiled by fate. Despite such a man being by her side, she had actually wanted something else. In the end, she was hurt all over.

Now, it was so difficult to turn back. She had spent so much effort and done so much scheming just to reach this step. She might not even succeed.

In the past, even though people say that if one did not cherish what they had, they'd regret it after losing it, she felt that she would never do such a stupid thing. In the end, she did such a stupid thing.

Why did she have to force such a man into politics in the past? Why did she feel that he was inferior to a political man?

These days, he had been discussing contracts with those big shots. He was not inferior to the politicians at all. On the contrary, his identity as a businessman allowed him to do more and have more connections.

The network he had was something she had never expected.

She'd always thought she knew him well, but now she knew that all she knew about him was in the past.

Oh no, even in the past, she only understood the tip of the iceberg. It was just that she had never understood the real him that he had shown to the outside world.

Such a precious treasure was in her hands, and she actually did not grasp it well.

She actually made him belong to another woman, making it so difficult for her to get him back.

She regretted it. She really regretted it.

The more she thought about it, the more infatuated Ling Wei became with Bo Junyan. She felt that he was perfect in every aspect.

Especially when it came to relationships.

All these years, she had dated three boyfriends, and each of them was someone of status. When they were with her, they would get close to other women because of social interactions. When it came to women who were given to them by important figures, they would never reject them. They would always ask Ling Wei to be understanding and say that they were forced to put on a show.

However, Bo Junyan would never do that. No matter what kind of important occasion it was, he would never touch any other woman. He would always keep his distance and tell her that he had a wife and loved her very much.

He had been very busy since he was in China. After attending the summit and negotiating contracts with the important figures of the various countries, he was even busier. However, under such a busy situation, he even shortened his schedule just to rush back to hug his wife.

The one who could become his wife was truly blessed.

This kind of happiness made her want to have it! Because this was something that should have been hers to begin with. She simply made a mistake before, but in life, who did not make mistakes?

The Buddha said, "The sea of bitterness has no bounds, turn back to the shore before it's too late."

He was the shore she turned back to.

Initially, Ling Wei wanted to be with Bo Junyan purely for the sake of obtaining the Ling family. However, as they got along these days, she used all sorts of scheming methods, but not only did she fail to make him misunderstand Mu Huan, he was not at all dissatisfied with her. In fact, he missed his wife even more. That way, he could maintain his chastity for her.

She really wanted to have it!

She had always been a brave person.

Chapter 827: The Wedding Is Suspended (9)

Suddenly, the sleeping man opened his eyes without warning.

Ling Wei did not have time to look away. She simply looked at Bo Junyan even more generously, appearing even more infatuated. "Junyan, I suddenly realized today that I've never taken a good look at you before. After taking a good look at you today, I suddenly realized that you're so handsome. I'm a little regretful that I was so stupid as to let a good man like you go to seek that kind of stupid dream."

She was speaking the truth, but there was a hint of teasing in her words.

She had no place to run and could only say these words to test Bo Junyan's reaction to her turning back.

After all, even if she did everything she could to separate him from Mu Huan, the most important thing was that he liked her and wanted to be with her. Otherwise, even if Mu Huan left, there would be other women.

She did not want to go through all that trouble again.

Although Bo Junyan doted on Mu Huan and was loyal to her, Ling Wei did not think that this was love. Deep love. She thought that Bo Junyan was influenced by his father and was a good man who doted on his wife and loved his family. After all, when Bo Junyan was with her in the past, he had never been involved with any woman. He was not sensitive to any woman, did not get close to them, and was not ambiguous.

It was similar to how he treated Mu Huan now.

However, he did not love her that much!

Therefore, he probably did not love Mu Huan much.

As for the fact that he doted on Mu Huan and seemed so friendly with her, it could be because Mu Huan was still young and knew how to act coquettishly. This type of coquettish woman was usually more doted on than a woman like her who did not know how to act coquettishly.

Most men liked young girls who were tender and delicate. Their hearts would melt if those girls acted coy.

But she also had her strong points, so she could make up for them with those. She would try to learn to be coy about her flaws.

"It's too late for regrets. I have a wife, so you'd better stop thinking about me." When Bo Junyan opened his eyes completely, his gaze was frighteningly sharp.

"Look at what you're saying. I just regret it. Must I have any thoughts about you?"

"You didn't think about it before, but I think you do now. Also, you want to be with me so that you can get the Ling family in one piece." Bo Junyan was a person who never talked nonsense. He didn't have the time to talk nonsense now.

Ling Wei: "..."

This man was too sharp.

In the past, she had never shown any interest in him and had never done anything to him. Therefore, he could not sense her intentions and only took the initiative to provoke Mu Huan to cause trouble in the company. He thought that she had done that to get the Ling family and to be with him. Now that he opened his eyes and met her gaze, he knew that she had such thoughts.

It was really not easy to lie to him.

Unless she really had no feelings for him.

"Ling Wei, I have a friend who needs a fake marriage partner to get some assets. You also want to get the assets of the Ling family. If you're willing to fake a marriage with him, then make my grandfather

completely give up the thought of you being together with me. I'll get someone to help you get the Ling family."

Ling Wei remained silent.

"You know very well what you've done. However, I once promised your mother that I would take good care of you. The past is in the past, but if you target my wife again in the future, then you're my enemy. You know what I do to my enemies."

Chapter 828: The Wedding Is Suspended (10)

"Now I'm giving you the bright, open road. You have a week to think about it. I hope you make a wise choice."

Just as Bo Junyan was about to stand up and leave, Ling Wei asked, "Junyan, don't you think you and I are more compatible? When we're together..."

Before Ling Wei could finish speaking, Bo Junyan interrupted her.

"I don't think so. You don't have to put in any effort either. I won't be with you. My wife will only be Xiao Huan. Also, even if it's my grandfather who did something to her, I won't tolerate him, let alone you. Therefore, you have to treasure the chance to walk a bright and open path. You should know that I'm giving this opportunity to you on account of our past relationship. If it were someone else, they wouldn't have such a chance.

"Don't ruin our family ties and yourself."

Indeed, Bo Junyan had feelings for Ling Wei. That was why he had told her this much.

Ling Wei knew that he was giving her face.

"I'll think about it."

"Okay." Bo Junyan did not say anything else and walked out.

She was a smart person. She knew how to choose.

Ling Wei looked at his back as he left. She never thought that she would be caught by him just because she didn't look away for a moment. He even arranged a path for her...

She died before she could succeed.

She was strangled to death as soon as she appeared.

No...

'I don't think that's why I was found out today.'

He had already guessed something when they were in the country, so he'd arranged a route for her.

Ha...

She did not know if she should say that this man was affectionate or heartless.

Although Bo Junyan did not say much, she understood what he meant. If she wanted to continue being friends with him, she would follow the path he had given her if she wanted to use him to get the Ling family. If she did not take this path and did anything to Mu Huan, she would become his enemy. He had always been unscrupulous toward his enemies.

She could not accept this...

When Bo Junyan came out to smoke and refresh himself, Mu Huan called.

"You had someone stop our wedding?"

"Yeah."

"Why?"

"That's because the wedding that was originally prepared is not suitable for the current you," Bo Junyan said. Previously, he had prepared the wedding according to her soft and adorable personality. Now, she was not like that. He was afraid that she would not like that kind of wedding venue, so when the person in charge of the wedding had called PA Wang and he had come to ask him about a matter regarding the wedding, he had said that he would stop the wedding for now. He wanted to discuss how to hold it with her when he returned.

Mu Huan: "..."

Not suitable for the current her?

Why? Did he not want her just because she was not obedient?

Ha...!!!

Just as Mu Huan was about to say something...

"Junyan, everyone is here!" Ling Wei shouted.

"I'll get back to work. We'll discuss the wedding when I get back," Bo Junyan said.

"Oh." Mu Huan, who was interrupted, heard that it was Ling Wei calling him. Then, she thought of the photos in the newspapers. She let out a faint "oh" and hung up.

Bo Junyan frowned at the hung-up call. He did not know if it was his imagination, but he felt that his wife was becoming colder and colder toward him.

Although he had been very busy these days, he had also noticed that ever since she left the company, she had not called him again. This time, she did not call him even though she had had such a serious conflict with his grandpa.

Chapter 829: Sudden Strike (1)

Her asking about the wedding was her first time calling him in a while, wasn't it?

But he didn't have time to think too much about it and entered the meeting room.

...

After Mu Huan hung up Bo Junyan's call, she received a call from Liu Changfeng.

"Xiao Huan, do you have time to take the test tomorrow? The director contacted a few professors..." Liu Changfeng suddenly stopped at this point. "It's at 7 am. Do you have time to take the test?"

"Yes." Initially, she had wanted to test her ability with a relaxed mindset. It seemed that she had to give it her all now!

"Okay, I'll call you tomorrow around 6:50."

"Yes."

"Hearing your tone, I feel like something has changed. Did something happen?" asked Liu Changfeng.

"Nothing. See you tomorrow morning." With that, she hung up.

Liu Changfeng looked at the phone that had been hung up and felt even more certain that Mu Huan was a poser fan and not a true fan.

Other fans would be so excited when they encountered him, but she was the only one who doubted his intentions. Now, she was becoming colder and colder toward him.

When Mu Huan hung up the phone and was about to return to school, someone suddenly attempted to hug her shoulders from behind. She instinctively reached out to grab the other party's arm, intending to fling him away.

"Don't! Mu Huan, it's me!" Long Feiting hurriedly shouted.

He had wanted to scare her, but who knew that she would throw him down instead?!

Mu Huan frowned but still let go of him. "You're fine. Why did you sneak up on me from behind?!"

"Sneak up on you? Aren't we good friends? Isn't it normal for good friends to put their arms around each other from behind?! Li Meng always puts her arms around your shoulders from behind!"

"Who's your good friend?" Mu Huan asked in disdain.

Didn't he say that she was someone he wanted to kill?

And...

According to Li Meng, this landowner's silly son liked her. To avoid suspicion, it was better to keep a distance.

At this thought, she took two steps back.

"Didn't you ask me to do a scan and add you as a friend? If I have added you as a friend, that makes us good friends!" Long Feiting said.

"Wait for me," Mu Huan said as she took out her phone.

"For what?"

“I’ll blacklist you. That way, we won’t be good friends anymore,” Mu Huan said as she logged into WeChat. In the end, there was no WeChat on the phone and she still had to download it. She was about to change phones again, so there was no need to go through so much trouble. Hence, she looked up and said, “I’ll blacklist you after I’ve downloaded WeChat.”

Long Feiting: “...!!!”

What the heck!

However...

“Why did you switch to such an ugly cell phone?”

Mu Huan looked at the phone in her hand and recalled how her phone had been smashed. Her expression turned ugly. That phone had been given to her by Bo Junyan and she treasured it very much. She couldn’t even bear to exchange it for something else even if it had been broken by herself, yet it had been smashed by such a villain!

Thinking about it, Mu Huan felt that merely crippling one of his hands was too light a punishment!

“This phone is too ugly. Let me take you out to buy a new phone!” Long Feiting was bent on giving her a phone.

“I’ll buy it myself.”

“I know you’re a rich woman. I’m just trying to get some business for my shop. Since you’re so rich, surely you’d want to buy an expensive phone?”

“Since when did Young Master Long care about such a small amount of money?”

“From now on, I care,” Long Feiting said.

The corner of her mouth twitched. “Too bad, I don’t want to increase your store’s sales.”

Chapter 830: Sudden Strike (2)

“Then, do you want to buy it from another store?” If she wanted to buy it somewhere else, he would buy it for her!

“From mine, of course.”

“Yours?”

“My husband owns a department store,” Mu Huan said coolly.

Long Feiting: “...”

However...

“Aren’t you going to divorce Bo Junyan soon? Why are you adding to his business?” Long Feiting took a step closer to her as he spoke. “My family has a super awesome legal team. Do you need them? If you do, I can lend them to you!”

“Why would I want lawyers?”

“For the divorce lawsuit! A person like Bo Junyan would definitely not share half of his assets with you. My legal team can get you the biggest alimony. You don’t have to be polite with Bo Junyan. You should ask him for as much money as you want!

“Let’s go and celebrate. You’re going to be single again!” At the thought of her divorce from Bo Junyan, Long Feiting felt inexplicably happy!

Mu Huan: “...”

How could he be so annoying?

“Do you want to have a party? I know a place that’s especially fun...”

Mu Huan left before Long Feiting could finish speaking.

He hurried after her.

“Why are you leaving?! Divorce is such a good thing. Don’t you want to celebrate? What’s the point of staying married?” It would be great to be a bachelor!

“Who said that I’m getting a divorce?!” Although Mu Huan was mentally prepared, she could not stand hearing people say that. It was as if she had done what others wanted!

“You hurt Old Master Meng yesterday and caused him and Bo Junyan’s mother to be hospitalized. Bo Junyan suspended your wedding today. Aren’t you going to get a divorce? What else are you doing?” Long Feiting was a well-informed person.

Mu Huan: “...”

Seriously! She didn’t know about her own wedding, but everyone else did!

It was like this every time. Everyone knew about him except for her. She felt like punching someone!

Speaking of punching people.

She had long wanted to beat Long Feiting up, and this was a nice, quiet, and remote place.

The atmosphere was just right.

When Long Feiting met Mu Huan’s gaze, he suddenly shuddered and instinctively stuttered, “What... what do you want?”

“Well...” Before Mu Huan could finish her sentence, she saw a group of masked men in black rushing toward them from all directions.

“You have so many people protecting you in secret?” What the f*ck! Did all his subordinates have special abilities? She only thought about beating him up and they already rushed out!

“These aren’t my men!” Looking at the people surrounding them, Long Feiting instinctively moved closer to Mu Huan and used his body to protect her.

“Are they your enemy?” Mu Huan frowned.

“It doesn’t look like it,” Long Feiting said after taking a serious look.

Mu Huan: "..."

What kind of temperament did his enemies have?

Just as Long Feiting was about to say something, the man in black attacked.

They were special people who didn't say much. No, they didn't say anything at all! They came up with ruthless moves! And every move was fatal!

Such a fierce attack made Mu Huan, who had plenty of combat experience, unable to withstand it, let alone Long Feiting, who had no combat experience.

Taking advantage of this opportunity, Long Feiting came to Mu Huan's side and said, "Use the drug!"

If this continued, they would die!

"Putting aside the fact that I don't have any drug on me right now, since they have masks on their faces, it wouldn't be able to achieve the desired effect!"
