

## **Fake Marriage 871**

### **Chapter 871: Speak If You Have Something to Say (2)**

Also, for a man, this one was too small.

Furthermore, Long Feiting and Chenyi were also paying special attention to Meng Dong. The second placer next to him was also looking at him strangely...

And a man with makeup on?

Sensing the abnormal aura coming from his body, Mu Huan was so frightened that she became even more rigid and her breathing became careful.

When the host, who was standing by the side, saw Mu Huan lowering her head and not moving, he smiled and tried to smooth things over. "Mr. Meng, are you too excited? You don't even know how to reach out for this award."

The host's words made Mu Huan realize that she would easily arouse suspicion. Hence, she suppressed the uneasiness in her heart and reached out to take the big cheque card from Bo Junyan.

Regardless of whether he knew that she had secretly run away and came here to participate in this competition or if it was something else, she had to avoid the situation first and act like he didn't know. If he didn't discover her, she would have ten million yuan in her pocket!

She kept her head lowered the entire time, making Bo Junyan feel even more that there was something wrong with this person. However, he did not say anything. After he had given out the award, he simply said a few words and left under the escort of everyone.

After he left, Mu Huan and Wu Xingye heaved a sigh of relief.

After the two of them got off the stage, Gu Chenyi and Long Feiting immediately surrounded them.

When Mu Huan saw the two of them approaching, she signaled Wu Xingye to stop them. She turned around and went somewhere else.

There was still more than an hour before the cruise ship could reach the shore. Now that there was no helicopter to pick Bo Junyan up, it was likely that Bo Junyan would be on the cruise all along before they reached the shore. The two of them did not have makeup on, so Bo Junyan could see them at a glance. If she were to walk with the two of them, it would be a definite exposure!

Long Feiting and Gu Chenyi, who were stopped by Wu Xingye, seemed to understand what she was afraid of and did not insist on following.

The two of them waited for a while before looking for Mu Huan.

"When the two of us were so far away from you, we could recognize you, but Bo Junyan didn't recognize you. It looks like he doesn't really love you! If it's true love, why would he not recognize his own wife in front of him?" Long Feiting snorted.

"I think so too. Otherwise, Uncle wouldn't have taken away all your money despite knowing that you love money! He even used your best friends to threaten you!"

Long Feiting quickly added, "I think he just wants an obedient machine that can give birth to his child. If you're obedient, he'll like you. If you're not, he'll be very ruthless to you. He wants to teach you a lesson. He doesn't love you at all. I think you shouldn't waste your time on him!"

Li Meng was speechless. Couldn't the two of them have some dignity? How could they speak ill of others behind their backs?!

Mu Huan swept a cold glance at the two of them. "If you say anything bad about my husband again, I'll throw the two of you into the sea to feed the sharks!"

"Why did he treat you that way?! Even though he can't even recognize you while you're standing in front of him, why are you still siding with him?!" Long Feiting was indignant at how she was defending Bo Junyan.

"Because he's my husband. Whoever dares to speak ill of my husband speaks ill of me!" Mu Huan was just happy that Bo Junyan did not recognize her and had given her ten million yuan for her private savings, but the two of them came to her spot to buzz around.

"As your husband, he didn't recognize you, yet you're still talking about how your husband and you are tied together. There's really something wrong with your brain!" Long Feiting said in disgust.

"That's right. I have a screw loose in my head. Please don't speak to a person with a screw loose." Mu Huan's expression was one that said, "Please cherish your life and stay away from people with a screw loose."

Long Feiting: "...!!"

Just as he was about to say something...

Mu Huan's phone rang. It was a call from Bo Junyan. She immediately swept a glance at the few of them. Her gaze was full of murderous intent, making them not dare to speak again.

"Where are you?"

Bo Junyan's voice was normal, along with his question.

However, Mu Huan could not easily answer him because she could not lie, but she could not let him know where she was or she would lose the money that she had spent a hard day playing mahjong. After thinking for a while, she said, "Why do you care where I am?!"

There was no need for her to tell him where she was. They were in a cold war right now and she was angry!

Bo Junyan: "..."

He did not expect such a reply from Mu Huan.

"If there's nothing else, I'm hanging up!" Mu Huan said as she hung up.

"Wow! Xiao Huan, you're so awesome now!" Li Meng gave her a thumbs up.

She even dared to speak to Bo Junyan so unyieldingly when doing such things!

“We’re in a fight. There’s no need to tell him everything.” Mu Huan snorted.

“The way I see it, you’re afraid that Bo Junyan will find it even more awkward if you lie. If you don’t lie, you’re afraid that once he finds out, you’ll have to hand over the ten million yuan, right?” Long Feiting snorted.

Mu Huan rolled her eyes at him and looked at Li Meng. “Let’s go find a place to eat something. We’ll hurry home once we get ashore.”

“Yes, yes.”

“Let’s go, Brother is treating.” Wu Xingye had earned a million yuan today and was very happy.

“Alright, big money.” Mu Huan had never been polite with him.

Long Feiting and Gu Chenyi were about to follow.

Mu Huan looked at the two of them and said, “Don’t follow me. Otherwise, I’ll knock you out and throw you overboard!”

Bo Junyan was still on the cruise so she could not be seen with the two of them.

Gu Chenyi: “...”

Long Feiting: “...”

Mu Huan hugged Li Meng and chatted happily with Wu Xingye as they prepared to go to the second level of the yacht to eat something. They would go straight to bed when they returned home that night.

Unexpectedly, they made a turn and met Bo Junyan, who was walking down.

Mu Huan knew that Bo Junyan was on the yacht, but he was a big shot. He was sent over by helicopter, and after giving the check, he left under the escort of a group of people. Such big shots would usually be active in the third level’s VIP area and would not easily come out to places where ordinary people were. Hence, she felt that Bo Junyan did not recognize her during the awards ceremony.

If she did not go with Long Feiting and Gu Chenyi, the chances of her being recognized by Bo Junyan were almost zero.

Hence, this was so unexpected and sudden that she was instantly stunned.

When she snapped back to her senses and wanted to lower her head to pretend that she did not know Bo Junyan, she realized that it was too late...

Sometimes, there were some things that just needed to be looked and no more words needed to be said.

Bo Junyan looked at Mu Huan, who was dressed in a male outfit and looked extremely dashing. She was even hugging the sexy and seductive Li Meng. He looked like a playboy, and his gaze was complex and deep.

He thought that his obedient, timid, and weak wife was simply not timid and weak. He could accept that she was not at all docile and obedient. But now, she even looked so debonair...

Bo Junyan's mood was indescribable.

He didn't know what to think or say.

Mu Huan didn't dare to look him in the eye. She looked down and saw that he was still holding his phone.

She then calculated the direction he had traveled in such a short time and realized that he must have seen them earlier. When she picked up the call and was with Long Feiting and Gu Chenyi...

Then, she thought about what he'd said just now. Where are you?

She had previously said that she wanted to stay over at Li Meng's house for the night. He thought that she was at Li Meng's house, but he still asked her where she was. That must be because he was testing her just now to see how she would answer and if she would lie to him again.

She recalled how he had called her to test her.

Mu Huan's gaze turned cold as she pretended not to see Bo Junyan. She hugged Li Meng and said, "Beauty, I've won some money today. How about I take you out to have a good time?"

Li Meng: "..."

Her Xiao Huan had really eaten the heart of a bear and the gall of a leopard! She had bumped into God Bo head-on and was clearly recognized by him, yet she still pretended not to know him! She even teased him!

Long Feiting and Gu Chenyi came over. When they saw them confronting each other, they instantly looked like they were watching a good show.

PA Wang, who was following behind Bo Junyan:

"..." Mrs. CEO was really... versatile! And it's so realistic! If it weren't for the fact that the CEO felt that something was amiss and asked him to investigate, he wouldn't have been able to tell just by looking at her appearance...!

And now, when she hugged Li Meng and teased her, she really looked like an elegant and handsome man. She was so dashing!

"Let's go." Mu Huan hugged Li Meng and walked forward.

Just as she was about to go around him, he reached out with his long arm, wanting to pull her into his embrace.

Unexpectedly, Mu Huan seemed to have predicted that he would do this. When he grabbed her arm, she followed his arm and tried to throw him over her shoulder!

But...

No matter how hard she tried, she could not shake him off.

Freaking hell! She had forgotten that she was no match for him at all!

Bo Junyan's expression darkened when he realized that she wanted to resist. He pulled her into his embrace.

"Woah...!" Everyone gasped.

Mu Huan was the champion of today's competition, and Bo Junyan was the CEO of the Bo Group who had given the award. He was a big shot who was sent over by helicopter!

Both of them were men! But now, they were hugging each other!

"I've long heard that the CEO of the Bo Group likes men. I didn't expect it to be true!"

"This... this is really... a waste of God's gifts!" Two handsome men actually liked men!

Are you not going to give these women a way out?!

"That's right! That's right!" The girls around her nodded in agreement.

When Mu Huan heard this, she glared at Bo Junyan and whispered, "Let go of me!"

Was it good to be regarded as a comrade[1]? He actually hugged her in public!

Bo Junyan did not speak. He only bent down to pick her up and walked toward the third floor of the yacht.

Mu Huan: "...!!"

Just as she was about to struggle...

"Don't move. If you move, I'll punish you in public and spank you!" Bo Junyan said.

Mu Huan: "...!!"

She knew that he would really dare to do such a thing!

Not daring to move, she could only bury her face in his embrace.

After Bo Junyan had taken a few steps, Mu Huan suddenly recalled that she was wearing makeup right now. No one knew her identity, and Bo Junyan was the only person who was thought to be a comrade. Hence, she lifted her head and looked at Bo Junyan. "Why, CEO Bo, have you taken a fancy to me?"

Bo Junyan's lips twitched.

"Coincidentally, I fell in love with you at first sight just now. Come, give me a kiss!" Mu Huan said as she hooked his chin and smiled wickedly.

Bo Junyan: "...!!"

PA Wang: "...!!"

This was too much! In this way, everyone would think that their CEO liked men!

Indeed, the surrounding onlookers were so shocked that their mouths could not close!

They... they... actually... did this in public...

They were so shocked that they stuttered.

Li Meng: "...!!"

Their Xiao Huan was really too mighty! She even dared to tease Bo Junyan!

However...

It was so touching to see them together while Mu Huan was posing as a man! It made her whole body blush and she was about to explode! The scene of them together was too beautiful!

Li Meng was a veteran fujoshi[2]!

"Mu Huan..." Bo Junyan was about to say something.

Mu Huan kissed him.

Her bold behavior made Bo Junyan stumble and almost throw her out.

PA Wang: "...!!"

Long Feiting: "...!!"

Shouldn't they be watching another huge storm? What were they doing?

Gu Chenyi's expression darkened.

Bo Junyan steadied himself and quickly carried Mu Huan up.

With his bodyguards clearing the way for him, he quickly carried Mu Huan to the VIP area on the third floor and threw her into his room.

Mu Huan, who had fallen onto the bed, looked at Bo Junyan, who was tugging at his tie forcefully.

She suddenly realized that she had gone overboard. "Hey, hey... the cruise is about to reach the shore..."

Bo Junyan snorted.

"Bo Junyan, we're still in a cold war! I'm angry with you!"

"Ha..." Bo Junyan sneered and did not stop what he was doing.

"Shouldn't you be angry? Look at me now! I'm a man right now!" Mu Huan wanted him to take a look at her current attire. Was it appropriate for a man like her to behave like this?

"You know that I should be angry? You also know that you did something wrong?" Bo Junyan continued to sneer.

"I didn't do anything wrong. You took my money and I thought of ways to earn money. What's wrong with that? I know you're angry because I know you're a tyrant! I can only listen to you and not disobey you. When you dote on me, you give me everything. When you don't dote on me anymore, you can use my greatest weakness to deal with me! I finally know what it means to be with a king like a tiger!"

"Tyrant? Being with a king is like accompanying a tiger?" Bo Junyan's smile became even colder. That tyrant could make her go this far and still live well!

What a heartless little thing!

“Yes!”

“Then I can’t let down my reputation as a tyrant. I have to prove it,” Bo Junyan said as he threw away the tie in his hand.

...

Mu Huan had not gone to school for a few days after being caught in the storm. When she arrived at school, her face was even darker than before, and she exuded an unapproachable aura.

Bo Junyan’s control over her became even stricter. Not only did he get many people to follow her to school, but he was also the one who personally picked her up and sent her to school.

“I have something on in the afternoon, so I can’t come over to pick you up. I’ll get PA Wang to pick you up,” Bo Junyan said when they were almost at school.

“There’s no need to go through so much trouble. My granny is in your hands. I won’t run away no matter what.” Mu Huan’s voice was laced with sarcasm.

Bo Junyan’s gaze turned much colder than the sky outside!

He did not speak again.

Mu Huan knew that he wouldn’t really hurt her granny. She was just too angry. He had always been using force on her. No matter how she tried to talk to him, it was useless. He didn’t speak again, and she didn’t speak either.

### **Chapter 872: Speak If You Have Something to Say (3)**

After arriving at the school, she got out of the car and left.

Bo Junyan looked at her back as she walked into the school and pinched the space between his eyebrows.

This cold war and stiff relationship made him, who had never been unable to solve anything, feel helpless for the first time.

PA Wang, who was driving, could feel the immense pressure. He shuddered and said carefully, “CEO, girls, they especially need to be coaxed.”

After a long silence.

“How?”

PA Wang: “ ...”

He really didn’t know.

Although Bo Junyan didn’t know how to appease Mu Huan, he didn’t take away the ten million that she had earned later. He had also returned the hundreds of millions that he had taken away from her

previously. This saved her the trouble of racking her brains to think of ways to disguise herself as a man and do those things because she was earning money.

He thought about how she had hugged a woman so elegantly like a real man.

Bo Junyan had a headache. He felt that he still didn't understand his wife well enough.

Because of his concession, Mu Huan was no longer as angry as before. She also realized that she had done something wrong. It was just like how she thought he was going to hurt her granny. By doing that, she'd hurt him. Furthermore, they couldn't continue to be in a cold war like this. It was better to have a good talk.

Hence, when Bo Junyan came to pick her up in the afternoon, she apologized the moment she got into the car.

"I'm sorry, Junyan. I didn't really think that you wanted to hurt my granny that day. My threat to kill you was just a catchphrase. This is my fault. I apologize to you solemnly." Mu Huan knew that Bo Junyan cared about her a lot. It was also because of this concern that no matter how much he threatened her, she had never thought of leaving him. She also felt that he wouldn't really hurt her friends. She was so angry that she didn't want to bother with him because he had been too much these past few days. No matter what, he'd used force and ignored her rejection.

All she wanted was for him to not be so tough. She wanted the two of them to get along well.

Bo Junyan glanced at her and said, "You don't have to apologize for your instinctive reaction."

Mu Huan: "..."

After a while.

"It's mainly because of what you said the day before.

"You thought that I would hurt your granny just because I said that, so I..." Bo Junyan did not finish his sentence. He turned to look out of the window, his handsome face giving off an indescribable feeling.

Mu Huan: "..."

After looking at him for a while, she couldn't help but say:

"Bo Junyan, do you know that it's not good for you to keep your words to yourself?"

"At that time, we were in such a bad mood. You said that if I didn't return after that, you'd go look for my granny. If I wasn't supposed to think you'd do it at the first instant, what should I have thought? Especially when you used my good friends to threaten me! You've already done such a thing, so it's not like I could assume you wouldn't do it. I'm definitely afraid that you'll use my granny to threaten me in a moment of anger."

Bo Junyan: "..."

"Of course, I was too anxious at that time and didn't pay attention to my words. I said that I'd hurt you. I apologized when I did something wrong, but when did you apologize? You only threatened me, right?"

“You were the one who wanted to leave me. You were already prepared to leave.” There was an inexplicable grievance in his tone.

He had risked his life to rush back, but his wife didn’t want him anymore. At that time, he almost lost control!

“Yes, I did prepare myself, but did I prepare a way out because I wanted to? Don’t tell me that if you didn’t want me, I could only be a pitiful abandoned woman and be bullied to death?”

Just as her father had said, once she and Bo Junyan were done and Ling Wei took her place, she would definitely deal with her. She had her granny and friends to take care of. What was she supposed to do? Wait for death? She couldn’t! The gap between them and the enemy was like that of a tiger watching its prey. She had to prepare a way out for herself.

“I didn’t say I didn’t want you!” Since when did he say he didn’t want her? How could he not want her?!

“Did you say that you’ll forgive me? Did you say that you still want me? Ever since you saw that side of me, I’ve apologized so much to you. I tried so hard to not make you angry with me, but what did you assume? You thought that I’m only scheming to win your heart back. In fact, I’m the kind of person who uses my body in exchange for a better life! You look at me like this, yet you don’t say that you’ll forgive me. What do you want me to think?” That period of uneasiness was too torturous!

“I know you’re busy. You’re busy with big projects, but no matter how busy you are, can’t you find the time to call me and tell me that you’ve forgiven me? How long would it take for you to forgive me?! Do you really not have the time? You might be busy, so busy that you don’t have the time to think about these small things, but what about me? Have you thought about how frightened and uneasy I am? Do you know how scared I am?!

“All along, you’ve been telling me that you want a gentle and obedient wife. I’ve even asked you once what would happen to me if I wasn’t obedient. You told me, you’ll teach me until I’m obedient.

“But I’m not gentle, I’m not obedient, and I’m not weak. I’m not the kind of weak girl that you’ve always thought would feel tired from just holding a bag. I’m a tough girl, and I can shake off a man who weighs 200 pounds with one hand. You don’t like people who fight, but I used this to earn money! I’m not someone who listens to everything you say.

“The life that I want isn’t one where I have to do whatever you want me to do. I want us to be on equal footing. If we want to have something, we can discuss it between ourselves and not just listen to you. The wife that you want and I are worlds apart. We are complete opposites! So, why don’t you stop making me feel afraid? Don’t you like the real me? Why won’t you let me find a way out for myself?

“I know. It was my fault in the beginning. It was my fault for hiding it from you. No matter if I was forced or not, it was my fault. Hence, I apologized to you and begged for your forgiveness.

“But you didn’t say you would forgive me. After that, after what happened to your grandfather, you stopped the wedding. I know you have your considerations and reasons, but have you ever thought about my feelings?

“Initially, I was wrong. I apologized. You didn’t forgive me and didn’t accept me. All these signs show that you don’t want me anymore. In such a case, what did you want me to do? Instead of preparing a

way out for myself and waiting for you to come back, should I have cried and begged? If that's useless, should I have been tortured to death by Ling Wei?"

"It won't be like this. I didn't not forgive you. I just..."

"Yes, you do know that it won't be like this, but I don't know that! You didn't tell me anything!" If he didn't say anything, how would she know? Being in love was something that made people worry about gains and losses, let alone when a storm happened.

"After you came back, you didn't even say that you had forgiven me. You came up and threatened me with my best friends, saying that I wasn't allowed to leave! I understand that you come from a high background and you're high up in the air. In your eyes, everyone has to listen to you. If they don't listen to you, you can threaten them to listen to you. But I'm not your subordinate, I'm not your enemy. I'm your wife.

"You think that I don't care enough about you. You think that I'll hurt you when you threaten me with hurting my granny, but when you threaten me, have you ever thought that you'll hurt me too?! The person I like is using my greatest weakness to threaten me! Threaten me! Won't I feel terrible?"

Especially when she had made it clear to him that she hated being threatened!

"I know you're very angry that I hid the fact that I passed the NST test from you. You feel that I didn't keep my word and have been lying to you. Yes, I did say that I would never hide things from you again, but that was under the circumstances where our relationship was good. Now that our relationship isn't good and you've used my friends to threaten me, and you didn't say that you wanted to lead a good life with me, I don't even know what will happen tomorrow. How do you want me to tell you?"

"Do I need to make it so clear that I'm forcing you to stay? You're so smart." She was such a smart person. Couldn't she tell? If he didn't like her and couldn't accept her, he would only be happy if she wanted to leave. Why would he force her to stay?

She was so smart that she didn't understand the meaning of being forced to stay.

"Yes, you don't have to make it very clear. But you forced me to stay, right?" Initially, she was uneasy and uncertain about his feelings for her. She couldn't tell if they could continue to be together.

Although she was angry at his threat after he returned, she was relieved. He had forced her to stay because he loved her. That was why she wanted to live a good life with him and was angry with him for threatening her.

As a married couple, they wanted to live a long life. Even if they didn't talk about anything, threatening others wouldn't last long.

"Will you stay if I don't threaten you?" Would she obediently stay with him if he didn't threaten her?

"Do you think you can keep me if you threaten me?" If there was no love, his threat would not be able to keep her.

"With your granny and friends around, you won't be able to go." Because he knew how much she cared about them, he instinctively wanted to use these people to keep her.

When Mu Huan heard this, she was a little speechless. “I do have family and friends. Don’t you have family and friends?”

“Do you think that I can’t poison your friends one by one and then kill your grandfather?”

After obtaining the Song family’s secret prescriptions, coupled with the convenience of the laboratory and the fact that she herself liked those messy medicines, Mu Huan had already grasped all the poison in her family’s arsenal. It was not easy to threaten her.

If she really wanted to leave, she could wipe out Bo Junyan’s family.

Bo Junyan: “...”

“You’re immune to a spray, but are you immune to all the drugs? I can kill you seamlessly and without leaving any traces. Do you know that I can take over the Bo family’s assets?”

Bo Junyan: “...”

PA Wang, who was sitting in the front seat, shuddered when he overheard the conversation.

For a workaholic like their CEO who had over-exhausted his stamina, if she really used some medicine that would leave a trace, he would be mistaken for having suddenly died. Furthermore, if she messed with the CEO’s parents and grandfather, she could really dominate the Bo family’s assets!

“...” A woman who knew medicine was simply too scary!

“Let’s not talk about being so ruthless. Let’s talk about being gentler. If I gave your parents some drugs to make them suffer to threaten you to let me go, are you going to let me go or not?”

Bo Junyan: “...”

“Who doesn’t know how to threaten? It’s just that I’ve never used it on you. I hope you don’t keep using threatening methods on me. If there’s anything between us, we can talk about it properly.” Threatening someone at the drop of a hat was really unacceptable.

“Also, I’m only like this now and you already feel that you’ve been hurt by me. What about me? Have you ever thought about how hurt I felt when you said that about me and ignored me?”

Bo Junyan: “...”

“But no matter how injured I was, no matter how I tried to find a way out for myself, I didn’t want to leave just like that. You used force to threaten me, and I was only angry. I wanted you to coax me and keep me, but you kept using force on me and even threatened me!”

Mu Huan didn’t want to leave Bo Junyan. She was angry because she wanted Bo Junyan to coax her. She wanted him to pay more attention in the future and not be so overbearing. They were husband and wife, and they had to have a heart-to-heart talk. They both shouldn’t be threatened.

On the other hand, he was addicted to threatening her and kept doing this!

"I don't like to live an awkward life. I'm not like you, who's cold and aloof. You don't say anything that's in your heart. I hope that no matter what happens, it won't be resolved by threatening others. Instead, it will be settled through talking and peaceful means.

"I can tell you very clearly that because you used force on me, because you kept threatening me, I was very angry and couldn't forgive you. If you want me to forgive you, you have to show your sincerity and apologize. What are you doing to make me not be angry with you?! And not to threaten me again and again!"

She really didn't like him threatening her so easily.

Bo Junyan kept silent for a while before saying, "You were the one who wanted to leave me and hid it from me."

Mu Huan: "..."

Did he mean that he wasn't in the wrong? Was it all her fault?

Mu Huan suddenly became angry. "Go home by yourself. I don't need you to pick me up from now on!"

As she spoke, she pushed open the car door and got out.

Bo Junyan grabbed her instinctively.

"Let go."

"No, let's go back together!" he said angrily in the car.

"Let go. If you don't, I'll kill PA Wang first!"

PA Wang: "...!!"

Was there a mistake?! Why did she want to kill him?! Was he that important to the CEO?! Was he?!

In his next life, he wanted to be a CEO too! Don't be a scapegoat!

Bo Junyan: "..."

After a while.

"If you don't leave me, I won't threaten you." He didn't want to threaten her either. Even if she wanted to leave him.

Mu Huan was so angry that she almost laughed. She had said so much, but he still threatened her!

"Haven't you heard? Women are all heartless. Whoever treats her well, she'll run away with that person. If you don't treat me well, you'll threaten me at every turn. Why should I stay by your side? To be tortured? Also, what you're doing now is threatening me!"

Bo Junyan: "..."

Mu Huan forcefully withdrew her hand and got out of the car. Just as she was about to close the door and leave, she suddenly thought of something.

“Tonight, my granny said that she wants to have dinner with you. I’ll go back and prepare first. Come back and show your lovey-dovey side. Don’t be cold and indifferent. If my granny sees anything, she’ll worry about me. If you agitate her, I’ll agitate your grandfather! I’ll make your family suffer!”

Don’t you only know how to threaten? Come on! Let’s threaten each other!

Let him have a taste of what it feels like to be threatened and played hard by someone he likes!

Bo Junyan: “...”

PA Wang: “...”

This woman really went all out when she was being ruthless!

After Mu Huan left...

Bo Junyan kept silent for a while before asking, “Tell me, how should I treat her?”

He had already done everything he could think of to treat her well, but she was still so angry that she wanted to leave him. She felt that she was being tortured. What else could he do?

#### **Chapter 873: Speak If You Have Something to Say (4)**

PA Wang: “...”

He didn’t know, and he had never been in a relationship. He didn’t know how to treat a girl well...

“CEO, you have to ask Mr. Gong about this. He’s experienced.”

Bo Junyan did not speak further.

“Are you going home now, CEO?”

Bo Junyan thought about it and said, “When I asked you to investigate Madam’s granny last time, did the investigation report mention her hobby?”

“No, Madam’s granny only gave a brief report.”

Bo Junyan said, “You’ve been getting more and more careless recently.”

PA Wang: “...”

Investigating Madam’s granny was a thing of the past!

Not recent at all!

However, he dared not say this out loud.

He was the CEO, so whatever he said was right!

Bo Junyan got someone to investigate Mu Huan’s granny again before buying her granny’s favorite food and carrying it back.

The moment he stepped into the house...

Mu Huan approached him with a smile. "Hubby, you're back."

Bo Junyan was stunned.

This was a scene that he could see every day in the past. In fact, it had only been a few days since then. In the past, he had been on a business trip for such a long time. But now, looking at her smile, he felt like it was a lifetime ago. It felt as if he had not seen her smile like this for a long time.

She called him Hubby sweetly.

This made him miss her. He reached out to hug her and, without saying anything, kissed her.

Mu Huan: "..."

She was still angry...

Because her granny was sitting in the living room, Mu Huan quickly pushed Bo Junyan away.

Bo Junyan, who had been pushed away, looked displeased.

Mu Huan: "..."

"My granny is waiting for us."

It was only then that Bo Junyan realized that the reason she was treating him this way was because of her granny. This was only in order to make her granny feel that they were very loving and that their relationship was very good.

His expression darkened.

Seeing this, Mu Huan reached out and secretly pinched him.

Feeling the pain, Bo Junyan looked at her in disbelief. She pinched him?

Mu Huan snorted. *If you don't put on a good performance for me and continue to wear such a sullen expression, I'll even beat you up!*

Bo Junyan: "..."

Which eye did he use to look at her with? Soft and timid?

"Hubby, you've worked hard. You must be hungry. I've made a lot of your favorite food, delicious food!"

Mu Huan smiled as she held his arm.

Bo Junyan: "..."

This fiendish, sweet, cute, and freely flip-flopping...

Xue Hua, who was sitting on the sofa, saw them coming over and stood up. "You're back."

"Yes." Bo Junyan wanted to act better, but he was born to be such a person. Hence, he only gave an indifferent hum.

"I heard from Xiao Huan that you're especially busy and often don't have time to stay at home. This time, I asked you to come back for a meal. I wonder if I've disturbed your schedule." After Xue Hua had

been brought over, she had never interacted with Bo Junyan. She was even a little unable to accept her granddaughter's marriage. After all, she was still so young and was in school.

The reason she wanted to have a meal with him today was to find out more about their marriage. How did they get married, especially when the Bo family had such a good background?

"I'm not busy these days, so I can come back every day to have dinner with you, Granny." Did this mean that he could see Mu Huan's sweet smile every day and hear her call him Hubby?

When Mu Huan heard this, she looked at Bo Junyan. Was he that free?

Bo Junyan did not even look at her. He only looked at her granny.

"As long as you're not busy," Xue Hua said with a smile. It just so happened that she wanted to know more about him.

#### **Chapter 874: Speak If You Have Something to Say (5)**

"As long as you're not busy," Xue Hua said with a smile. It just so happened that she wanted to know more about him.

After Bo Junyan went upstairs to change.

"Although you guys have an age gap, he does not look bad," Xue Hua said.

"Yes, that's great!" Mu Huan immediately nodded.

"Then how did you get married? You didn't tell me in detail. You were so busy yesterday that you didn't have the time to tell me, and you left early this morning." When she came back, Mu Huan was so busy cooking that Xue Hua didn't have the time to ask her.

Mu Huan had originally intended to tell her granny that she and Bo Junyan had gotten married after dating first, but after thinking about it yesterday, she felt that it wasn't appropriate. If she said that, it wouldn't be good if someone came to her granny and spouted nonsense.

"I went on a blind date with him."

"You're not even at the age where one's in a hurry to get married. Why did you want to get married after a blind date? Also, why didn't you tell me about such a big matter like your marriage? When Bo Junyan heard that I didn't know you were married, he seemed to have suffered a blow."

"A blow? You could tell, Granny?"

"Yes. His tall body clearly stiffened."

Mu Huan: "..."

Her granny had been engrossed in reading novels recently.

"Because I am..." Mu Huan began to explain the reason behind her marriage to Bo Junyan in a light tone.

But even though she said it so easily, Xue Hua knew that she got married because of her.

“It’s all my fault for dragging you down...” Back then, she had suffered a stroke and was in a coma. She didn’t know how difficult it had been for a young lady like her.

“How can you say that like you’re a burden? If it weren’t for you, Granny, I wouldn’t have been able to marry such a good husband!” When Mu Huan said this, Bo Junyan happened to be walking down.

“Granny, look at how handsome he is! He’s so handsome that it makes one want to scream. If it weren’t for you, I wouldn’t have met such a good husband! Don’t think that it’s a pity for me to get married at such a young age. Look at his good qualities. I won’t be able to find someone better than him even if I were to search for a lifetime. When it comes to getting such a peerless and handsome man, one must strike first to gain the upper hand!”

Xue Hua looked at Bo Junyan, who was walking down, and then nodded vigorously. “That’s right. You won’t be able to find its like even if you search for it for the rest of your life!

“He’s much more handsome than your grandfather!” Most women in this world loved handsome men. Back then, Xue Hua had married Mu Huan’s grandfather because she fancied his looks.

“You have to be more obedient in the future and not throw a tantrum. If you lose such a good husband, he’ll become someone else’s! By then, it’ll be too late for you to cry!” Xue Hua said. No matter why they had gotten married in the past, it was fine as long as they were doing okay now. Xiao Huan was right. One had to look forward and only look forward.

Mu Huan: “...”

*Isn’t that a little too much?*

“The more I look at him, the more handsome he becomes and the more satisfied I am!” The more Xue Hua looked at Bo Junyan, who was walking toward them, the more satisfied she was.

As a king, the capable Bo Junyan did not know that he had won just by his looks.

After the meal, Xue Hua was even more satisfied with Bo Junyan. Because she was not in good health, after the meal, she went to sleep early.

“Actually, you don’t have to come back every day to eat with my granny. You’re so busy,” Mu Huan said.

“As long as you smile at me every day and call me Hubby, I’ll go home to eat no matter how busy I am,” Bo Junyan said.

Mu Huan: “...”

He could say nice things so easily?

Sensing that she was no longer as cold as before, Bo Junyan hugged her from behind. “Wifey, I know that I have many shortcomings. As long as you don’t leave me, I’ll change whatever you tell me to.”

### **Chapter 875: Speak If You Have Something to Say (6)**

“From now on, it’s not about what I say or what you hear. It’s about what you want me to do. I’ll do it, alright?” He continued to say nice things.

Mu Huan: "..."

*What should I do?! I feel like I can't resist anymore!*

"How about how I dress?"

Bo Junyan: "..."

*Can we change that?*

Without waiting for him to say anything, Mu Huan said, "Forget it. Anyway, I don't like to dress too provocatively. It's too troublesome to be surrounded by people all day."

At this point, Bo Junyan could feel that the cold air around her had completely disappeared. It was as if she was no longer angry with him, and she was no longer nagging about leaving him and going against him. She seemed to have accepted him just like that...

Instantly, he recalled Gong Zeye's words. If a woman doesn't like you, no matter what you say or do, it'd be useless. But if a woman likes you, there's actually no need for you to do anything. You just have to say something nice and coax her.

So, she was no longer angry with him after he said such nice words? She was not so cold to him or did not want to leave him now?

On the other hand, she felt that way when he was threatening her with her friends and using all sorts of methods to anger her and force himself on her?

For the first time, Bo Junyan felt that he was stupid!

He had made such a simple matter so complicated! He had made her so angry by forcing himself on her every day. He had made her so angry that she wished she could bite him to death. Furthermore, she was getting colder and colder toward him. He felt that if this continued, he would lose her completely.

He...

He was really...

Bo Junyan was speechless.

He suddenly understood what Mu Huan had done to Ling Wei at the company. When people faced the impact of their feelings, they indeed would not have any rationality or intelligence.

"What's wrong with you?" Sensing the change in his mood, Mu Huan looked up at him.

Bo Junyan said, "I suddenly feel so stupid."

Mu Huan was stunned for a moment before asking, "Did you realize that threatening me is a foolish act?"

"Yes."

"It's good that you've realized it. Don't be so stupid in the future. Also, if you threaten me again, I'll threaten you even more ruthlessly!" Mu Huan said fiercely.

“That won’t happen. As long as you stay by my side, I’ll do whatever you want me to do. You can do whatever you want,” Bo Junyan said as he hugged her even tighter.

“Don’t just say nice things.”

“I can definitely do it.”

“Alright, then. From today onwards, you’ll sleep in the guest room. Without my permission, you’re not allowed to go into my room to sleep.” She needed a good rest. He had been too...

Bo Junyan instinctively said, “No.”

Mu Huan sneered. “Ha... you’ve slapped me in the face!”

Bo Junyan: “...”

“Anything but this.”

“Other than not making you leave my side, I can ask anything else. Other than not wearing the clothes you chose, I can do anything else. Tell me, what do you mean by you can do anything?” Wasn’t his scope a little too narrow?

Bo Junyan: “...”

Previously, she was already extremely sharp-tongued. Now, she was so sharp-tongued that no one knew what to say.

“Wifey, isn’t it good for us to be like before?” Bo Junyan lowered his head and kissed her.

“No!” In the past, she would do anything with just a look from him. She didn’t want that!

Bo Junyan: “...”

“Let go of me.”

Bo Junyan: “...”

“From today onwards, I’m going to teach you how to respect your wife. When your wife doesn’t want to do anything, you can’t do it. Don’t rely on your tall and strong physique. Since I can’t beat you, you’re going to use force?! Even if we’re in a marriage, that’s still illegal!!”

Bo Junyan: “...”

## **Chapter 876: Speak If You Have Something to Say (7)**

“Go away,” Mu Huan said as she pushed his hand away and took a few steps back from him.

“Aren’t you no longer angry...?” Wasn’t she no longer angry with him?

“What do you take me for? A three-year-old child? You think you can placate me with just a few nice words?” Mu Huan sneered. “Look at these marks on me. Those who don’t know better might think that I’ve been abused!

“Actually, no, this is also a form of domestic violence!”

Bo Junyan: "..."

"I'm only telling you the truth today. I haven't forgiven you! Think of this current situation as you having to stay in school for observation. If I think that it's enough, I'll forgive you and accept you. If I feel that it's no longer possible, you'll be KO-ed!"

Bo Junyan's handsome face darkened instantly.

"Why? Are you threatening me again?" Mu Huan raised an eyebrow.

Bo Junyan: "..."

"Alright, I won't KO you. Since I think you can't control yourself yet, then you can continue to work hard for now. You can go back to a separate room to sleep and stop when I think you can manage it." If she insisted on KOing him, he would probably explode again. She really didn't want to threaten him anymore.

Bo Junyan: "..."

"You can take this opportunity to calm down and think about it. Do you like my youth or me? Do you want someone with my current personality? Let's start with our real personalities and date first. We'll talk about other things after we get familiar with each other."

They had crossed too many boundaries during the time they were together. This resulted in them creating such a huge commotion when they encountered a problem and almost falling apart because of it.

All he wanted was a hug and a kiss. He only wanted her to obediently hang in his arms.

But she wasn't his kitten who only had to stay obediently in his embrace.

Bo Junyan instinctively wanted to say no, but when he thought about how angry she was right now, he decided to go along with her and talk about it later.

"Then what should I do?"

"Who asks for forgiveness by asking the other party what he has to do to be forgiven!" Men always had to ask you to tell them what to do before they would do it. If you told him how to please you, it would mean that you were pleasing yourself. What else could he do? She might as well just date herself.

"Me."

Mu Huan: "..."

"What you need to do now is to sleep in the guest room."

Bo Junyan's expression darkened instantly.

Mu Huan didn't care if he was black-faced or not. He had really gone overboard these past few days. If she didn't let him know, she wouldn't be able to do this. He would still be like this in the future.

She didn't know how strong he was. She was so strong, but when she fought against him, she couldn't even f\*cking fight back. Every time, she was successfully bullied by him.

He really made her angry.

“I’m going back to my room to read. Don’t follow me, or I’ll be very angry!” Mu Huan said as she walked upstairs.

Bo Junyan: “ ...”

He could still be tough with her, but he knew that she was angry. If he continued to be tough with her, she would only get angrier.

He didn’t want her to be cold to him. He wanted her to return to that little cutie who used to smile.

Hence, he could only watch her return to her room.

She refused to let him hug her.

After some thought, he went to the study to work.

Imperial Capital...

“Grandfather, we can’t proceed with the plan,” Ling Wei said.

“I’m already in this state, and you want to retreat?” Old Master Meng frowned.

“It’s not that I want to retreat. It’s just that I don’t feel any hope. Junyan doesn’t like me. If I continue to pester him, I’m afraid it won’t be easy for us to get along.”

### **Chapter 877: Speak If You Have Something to Say (8)**

Ling Wei was a rational person who loved herself the most. She wouldn’t insist on walking down this road of death even though she knew it was a dead end.

“Now that I’m in this state, no matter what trouble I create, Junyan won’t do anything to me. I’m just an old man, so how can he take my life? Mu Huan’s act of injuring me has left a knot in your Aunt Yueman’s heart no matter what. Let me take it slow. This matter will definitely work!” Ling Wei was afraid that it wouldn’t be good to be kind, but Old Master Meng wasn’t.

He was only such an old man. Even if he did something, what could Bo Junyan do to him? Did he want to take this old man’s life with his own hands?

Cripple him?

His mother was the one who’d suffer!

Some people were like this. They used other people’s concern for them as a bargaining chip to threaten those who cared about them.

“Junyan said that if I were to fake a marriage with one of his friends, he would get someone to help me get the Ling family. But if it’s just a fake marriage, I can do it. Hence, I want to temporarily agree to Junyan’s condition. Grandfather, if you’re still willing to continue, then go ahead. If Grandfather succeeds, my promise to you will always be valid.”

Ling Wei had come to look for the Old Master to talk about this matter. She knew that if she were to directly go up against Bo Junyan, he would kill her. Hence, since he had already said that, she could not continue to have any ideas about him. However, she was not willing to give up just like that!

He was hers to begin with. What she, Ling Wei, had had since she was young belonged to her! What right did someone like Mu Huan have to occupy her spot?

No matter what, she had to get him back!

It was just that she couldn't use force.

And...

No matter what, he had to get the Ling Group first!

Hence, she decided to promise Bo Junyan that she would fake a marriage with his friend, get rid of his guard against her, and get his help. Then, she would make Old Master Meng feel indignant and create trouble.

In fact, the two of them almost broke down this time. If this happened a few more times, they would definitely break up.

She wasn't in a hurry and could just let Old Master Meng take his time.

Old Master Meng had always felt that he was doing this for the sake of fulfilling his dream. In fact, he was just a pawn in Ling Wei's hands, a pawn that would take the lead.

It would only be a long time later that he'd realize this. But by then, it would have already been too late.

After confirming that there was no problem with Old Master Meng, Ling Wei stood up and left.

As she was walking, she bumped into Meng Yueman.

"Ling Wei, when did you come?" Meng Yueman asked happily when she saw her.

"I've been here for a while. I'm ready to leave after my visit," Ling Wei said with a smile.

"When you're free, come visit your grandfather more often and try to persuade him. Even now, he's still thinking about you and Junyan. He's so stubborn that it's giving me a headache!" Meng Yueman had been indirectly persuading the old man these days, but she felt that it was useless no matter what she said.

"I will."

"Good girl." Meng Yueman patted her arm in gratification.

After Ling Wei left the Meng residence, she called Bo Junyan.

"I agree to the terms you gave me previously. When are you going to invite your friend out? Let's meet."

"I'll arrange a time with him before asking you out," Bo Junyan said.

"Alright." Ling Wei was about to hang up.

“Ling Wei, from now on, if my grandfather does anything to Xiao Huan, I’ll put the blame on you,” Bo Junyan said.

Ling Wei’s hand, which was hanging up the phone, suddenly froze.

What did he mean by that?

“Bo Junyan, what do you mean by this? Why would you be blaming me for what Grandpa would do?” Did he know that she was the one who had been giving advice to Old Master Meng?

### **Chapter 878: A Mark Should Be Left (1)**

“We all know what kind of person you are.” The meaning behind his words was clear.

“Bo Junyan, don’t go overboard!” Ling Wei said. She had never done anything. She was sure that Bo Junyan had not caught any evidence of her. If that were the case, it would be too much for him to say this about her!

“It’s you who’s gone overboard. Ling Wei, cherish your life. I know you’re not willing to admit defeat, but there are some things that you don’t have to return to, because it’s still there. Besides, you know very well that the relationship between us has always been more familiar than that between other men and women,” Bo Junyan said.

“Bo Junyan, you really don’t care about your family when you’re in a relationship.” Ling Wei’s tone carried some sarcasm.

“Yes,” he replied nonchalantly.

Ling Wei did not say anything else and hung up.

Now that Bo Junyan had said this, he had done his last act of kindness to Ling Wei. If she walked the right path, because of his past promise, he would try his best to help her. If she took the wrong path, he would not show mercy.

Meng Yüeman and Ling Wei’s mother had a very good relationship. The two of them grew up together, and Ling Wei’s mother was a very good person. When she passed away, Bo Junyan, who was Ling Wei’s fiancé, had promised her that he would protect Ling Wei for the rest of her life.

Bo Junyan promised.

Hence, he didn’t want to do anything to Ling Wei. That was why he had warned her twice after discovering that she had such thoughts. He hoped that she would cherish this family relationship.

After hanging up the call, Bo Junyan started to search online for ways to please women.

Although Gong Zeye had a lot of experience, Bo Junyan felt that the methods he had provided were not suitable for his wife. Thinking that his wife was also a girl addicted to the Internet, he searched online and looked for what was popular lately.

He wanted a repeat of how happy she was when she watched fireworks at Star Restaurant.

But Bo Junyan searched many times and felt that nothing was suitable.

Most articles talked about how one should let her load her shopping cart, take her shopping, give her a year's worth of lipstick, bags, and cure all her aches.

And his wife did not lack these.

In the end, just as he was about to close the webpage, he realized that there was a ranking for dating holy lands on the webpage. Then, he saw the number one dating holy land, the West Mountain Hot Spring.

In this cold early winter, if she were in a warm hot spring, she'd enjoy the warmth of love. Her happiness index would surpass five stars!

Bo Junyan thought about it and felt that this was a good place. He immediately got someone to arrange it.

At night...

"Feiting, I made supper for you." Mu Kexin carried the supper into Long Feiting's room.

Long Feiting, who was playing games, turned around and glanced at her. "I don't eat supper."

"I've made it for you. You can try it. I was injured while making supper for you," Mu Kexin said as she placed the supper beside Long Feiting. Then, she reached out to show him the wound on her hand.

"There's no need to go through so much trouble in the future. If I want to eat, I'll get the chef to cook." Long Feiting did not stop playing the game he was playing.

This made Mu Kexin furious. This girlfriend of his had worked so hard to prepare supper for him, yet he refused to even look at her, let alone eat! Just what did he take her for?

"Feiting, what exactly am I to you?" She looked at Long Feiting with reddened eyes, her voice choked with emotion.

When Long Feiting heard her strange voice, he looked over and saw that she was crying. Only then did he stop playing.

## **Chapter 879: A Mark Should Be Left (2)**

"What's wrong with you?" he asked impatiently.

What was she doing all of a sudden? Couldn't she just sit quietly by the side?

"You were the one who wooed me to be your girlfriend, and you were the one who asked me to stay with you. But do you really see me as your girlfriend?" Mu Kexin sobbed.

She wanted to be his real girlfriend. She really liked him. Even if they wouldn't be together in the future, she wanted something to happen between them. She didn't want to see him being snatched away by Mu Huan!

Long Feiting: "..."

Speaking of this, he really let Mu Kexin down. No matter what kind of person she was now, it was always him who took the initiative to woo her and have her stay with him. However, after living together, he did not nurture any feelings for her. He only took her out to watch a few movies and eat a few meals.

“I’ve been rather busy recently and haven’t had time to accompany you. There’s a card here. Take it and go shopping and buy something.” He really couldn’t bring himself to accompany her, and he really couldn’t nurture his feelings for her. This was because when he saw her, he would feel that it was a pity, and he would feel frustrated and disappointed.

Disappointed, because his Little Star had grown up to be like this.

Now, she had destroyed the best hope in his life. Hence, although he felt that he had let her down, he could not force himself to do anything. Hence, he could only use money to make up for it.

Mu Kexin did not take the card from him. “Feiting, I’m not with you for money. There’s no point in buying things. I’m with you because I like you. I just want to be a normal couple with you.”

Ever since she moved in, Long Feiting had been spending money on her non-stop. Initially, she was very happy and thought that no matter what, she had profited. But there was no meaning in spending and buying things every day. Spending and buying things did not attract her as much as he did.

Seeing him being so handsome every day made her really, really want to have him, even if it was only because of the past.

Long Feiting looked at Mu Kexin in surprise.

He could tell that Mu Kexin was telling the truth. She really wasn’t with him for the money. She liked him.

It was rare for Long Feiting to meet someone who did not like money. Hence, his impression of Mu Kexin changed a little. He thought that she was a money-grubber, but now, it did not seem so.

“Feiting, I really like you. Can you stop ignoring me?” Mu Kexin said as she grabbed Long Feiting’s hand.

“Feiting, you might not know this, but although I rejected your pursuit in the beginning, I was actually very shocked when I saw you! Because your eyes, your eyes gave me a strange sense of familiarity. This sense of familiarity made me feel like I’ve seen you before.

“But I was also sure that I had never met you. At that time, I thought that perhaps we were lovers in our previous lives. This was a love that was destined. That moment of being moved, that feeling came too suddenly, and it made me reject you in a panic.

“No, it’s not at that time. It’s actually even earlier!

“When we met at the restaurant, I must have already fallen in love with you the first time I saw you. Feiting, I really, really like you. Since you wooed me to be your girlfriend, you must like me too. So, don’t stay so far away from me, alright?” As she spoke, Mu Kexin leaned closer to him and almost fell into his embrace.

**Chapter 880: A Mark Should Be Left (3)**

Just in case, Mu Kexin would never tell Long Feiting that she was the Little Star that had been kidnapped back then. However, she had to use Long Feiting's feelings from the past to sway him and make him accept her approach.

Hence, when she recalled that Long Feiting was using people's eyes to look for the Star from back then, she said that his eyes looked very familiar, like they were her lover's eyes from a previous life.

These words were used to remind Long Feiting that she was the Star that he had been longing for!

The person he wanted to find and his favorite person was right in front of him. If he didn't take action, what was he waiting for?!

Having lost her mother's protection, Mu Kexin had grown up a lot. She was no longer the foolish, moronic, and scheming girl she used to be. This was especially so as she had been secretly watching Mu Huan and observing her expression.

Right now, she was asking Long Feiting to look at her face up close, using her eyes to flash a similar expression to Mu Huan's. Furthermore, she had been dressing very similarly to Mu Huan recently, and she had even cut her hair into the same shape as Mu Huan's.

The two of them had similar eyes and eyebrows to begin with. Furthermore, she had deliberately dressed up like Mu Huan. And when she mentioned her childhood, it made Long Feiting recall that she was Little Star, the person he'd been looking for. It aroused his anticipation and fondness for Little Star from all these years.

He was mesmerized by her.

"Feiting, I really want to be with you. I can see how familiar you are. It must have been our past. It's destined. Feiting..." Mu Kexin approached Long Feiting again.

Long Feiting was indeed mesmerized by her.

When a person couldn't have something, they would always yearn for it. The more one yearned for it, the deeper one's obsession would be. Then, the more one desired it, the more one would yearn for it. One would yearn for it so much that one's heart would ache...

What he wanted so much was right in front of him right now. Although everything was not what he wanted, she was still what he used to like the most. All these years, he had been obsessed with getting her.

Long Feiting couldn't find a reason to reject her.

His Star, his Star...

His favorite Star.

Until...

Long Feiting saw the scar on Mu Kexin's right leg.

He recalled how she had injured her left leg in order to save him back then. He then looked at her left leg, but there was no trace of a scar there.

He asked instinctively, "Your leg was so badly injured back then, so why didn't it leave any mark? On the contrary, there's a scar on this leg instead? How did this leg get injured?"

Mu Kexin: "..."

Did she make a mistake?! Why was he suddenly asking her about the injury on her leg?!

Long Feiting took a closer look at her left leg again. In his memory, there was not a single trace of injury on her leg. He felt that after suffering such an injury, no matter what, there should be some marks left behind. This was because, back then, his injury was lighter than Star's and he had used the best medicine. However, there were still traces of those injuries.

"Didn't you stay in the hospital for a long time because of your leg injury? Why aren't there any traces of your injury on your leg?" He felt that it should have left some marks since she had been hospitalized for such a long time.

Mu Kexin: "..."

For a moment, she did not know how to answer this question.

Because Lin Qingya knew that Mu Huan's leg was injured, they had changed the information on her hospitalized leg. However, her leg was actually not injured and definitely did not have any scars.

After thinking for a while, she said, "I... I... I used medicine to remove scars, so it didn't leave any marks."
