

Fake Marriage 881

Chapter 881: Untitled

“What medicine is so magical? Why didn’t you use it on the other leg?” Long Feiting asked instinctively.

Back then, with the Long family’s capabilities, the medicine they could use was definitely much better than the Mu family’s. The injury had still left traces on him, but hers did not. How magical was that medicine?

“I... I don’t know either. It was my grandma who... found the medicine for me.” Mu Kexin could not help stammering when she was asked such a question.

Long Feiting was not stupid. Besides, she was already stuttering. If he still could not tell something was going on, then he was stupid.

And...

“Why didn’t you ask me why I knew about the injury on your left leg?” He had never met her, yet she wasn’t surprised that he knew about the serious injury on her leg from back then.

Mu Kexin: “...”

It was another question that caught her off guard as it was too sudden. If she didn’t answer properly, she might be exposed.

“What’s wrong?” Long Feiting narrowed his eyes.

Mu Kexin forced herself to calm down. “That’s right. How did you know about my injury?”

Then she said, “Did you investigate me?”

“That’s true. For someone of your status, you would definitely have to investigate the other party when you get a girlfriend.”

After saying that, Mu Kexin truly admired her quick wit! She could actually think of such a logical answer at such a critical moment!

There was nothing wrong with her answer. Long Feiting could not find any fault with it.

But he still felt that there was something wrong with her.

“When we first met, didn’t you say that the person who saved you was your older male friend, Little Fatty? What kind of impression do you have of this Little Fatty? Also, can you tell me about the situation when you were kidnapped and sold into the mountains?” As he had never been willing to believe that his Little Star would become like Mu Kexin after she grew up, Long Feiting asked even more details when he sensed that there was a problem.

“I... I...” Mu Kexin covered her head with her hand, looking as if she would get a headache just thinking about it. “I really don’t remember what happened in the past. My mom said that I was agitated and developed post-traumatic stress disorder. Furthermore, I had a high fever for a while. I really... can’t remember what happened back then...”

Although Mu Kexin's words made sense, Long Feiting, who felt that there was a problem, felt even more that there was a problem the more he thought about it. Furthermore, his Little Star becoming like Mu Kexin when she grew up was a devastating blow to him. If Mu Kexin wasn't like that, then there was still hope in his life and a chance for his beautiful dream to be realized.

Hence, he immediately let go of Mu Kexin and dashed out.

He wanted to investigate this matter again! Investigate in detail!

Mu Kexin was stunned as she watched Long Feiting dash out.

How did this happen? How did this happen?!

Why did it take so much effort for her to achieve such an effect? She was about to succeed, but it turned out this way?

How could this be?!

Mu Kexin hated it! She hated it so much! Why did she fail every time?! What did she do wrong? Why did God treat her this way?!

Why?!

Unable to control her emotions, she screamed!

Why did Mu Huan get everything so easily? Why was it so difficult for her to do the same? Why?!

West Mountain Hot Spring...

Yun Cheng's West Mountain Hot Spring was a well-known hot spring in the country. There were many hot spring resort hotels.

Chapter 882: Untitled

Among them, the most famous was the hot spring resort under the Bo Group.

Bo Junyan's plan was to spend Saturday and Sunday with his wife here. They would soak in the hot spring and cool down, and then everything would be fine.

And...

Anyway, he had thought it through.

But...

On Friday night, Mu Huan brought along her granny and Wu Xingye and Li Meng.

The two-person world that he had originally wanted had now become a five-person world. This made Bo Junyan's expression turn extremely ugly.

After getting into the car, Mu Huan secretly pinched him and whispered, "Don't look so cold. If you do this, my granny will think that you don't want to bring her out to have fun."

Bo Junyan did not speak, but his eyes darkened.

One had to know that he would not normally go with so many people.

“I know what you’re thinking, but you have to know that imagination is beautiful and reality is cruel.” Mu Huan patted his shoulder comfortingly.

Bo Junyan’s expression darkened further.

“Do you feel that the current me makes you feel especially unhappy and dissatisfied?” Mu Huan whispered.

Bo Junyan: “ ...”

“I’m not only more skilled in martial arts than I was in the past, but I also have a stronger personality. So, you should get used to it. If you think that’s not a good thing, you can retreat...” Before Mu Huan could finish speaking, Bo Junyan glared at her.

He could coax her if she was angry, but he would not allow her to say things like he should break up with her, divorce her, or return the goods.

No matter how formidable Mu Huan was, Bo Junyan was still more formidable than her. He had many ways to force her to stay. It was just that he didn’t want to use those methods. He didn’t want her to be cold to him. He wanted her to smile sweetly at him. Hence, his tolerance for her had increased. No matter how much she made him feel unwilling to do so, he would follow her.

Just don’t say such things.

Mu Huan did not continue. She said that she wanted Bo Junyan to coax her, but in fact, she wanted him to understand the real her and see if he could accept her.

After all, if he were to go back to the way he was in the past, he would only need to hug and kiss her all day long. They had never spoken much about anything else. There was no way they could spend the rest of their lives together.

Mu Huan took her granny and Li Meng for a bath and they soaked in the hot spring.

Wu Xingye looked at Bo Junyan’s dark and ugly face and felt that it was better for him to return to his room to eat and play games. Hence, he decisively chose to return to his room.

Bo Junyan wasn’t in the mood to go to the hot spring alone, so he returned to his room to deal with work.

He’d assumed that Mu Huan would stay by his side at night.

But...

No.

On the first night and the second night, she was with her granny and Li Meng.

On the way back, Bo Junyan’s expression turned even uglier.

From now on, he would not allow her to do anything to him!

Recently, Bo Junyan had been in a bad mood. Because his wife refused to let him hug her, the company, which had just calmed down these last few days, was suddenly attacked by him like he was a cold current.

At the Ling residence in the Imperial Capital.

“Sigh, this Bo Junyan has such a good relationship with his wife. It looks like Ling Wei has no hope.” Ling Feng put down the newspaper in his hand and pinched the space between his eyebrows.

“It’s fine even if she doesn’t have any hope. Xiao Wei’s prospects are so good. She’ll definitely find someone better,” a beautiful woman said gently after putting down the tea. Then, her gaze landed on the newspaper.

When she saw the girl’s appearance in the newspaper, she was stunned.

After a while, she said, “This... this girl is Bo Junyan’s wife?”

Chapter 883: Scared Him (1)

“She... she looks so young. How did she get married?” There was an indescribable feeling in the beautiful woman’s voice.

“What’s wrong?” Ling Feng looked at her.

“Nothing. I just think she looks really small.” The beautiful woman’s expression returned to normal when she looked up.

“Yes, I heard she’s a university freshman.”

“Then why did she get married so early?”

“Back then, it was because her granny had suffered a stroke and was in a coma. Under the hands of the Mu family, she was forced by her grandma to marry Bo Junyan.”

The woman clenched her fists for a moment before letting go.

“I thought that this girl would be easy to deal with, that Ling Wei would definitely have no problem dealing with her. Who knew that she would be so difficult to deal with? Ling Wei and the Old Master of the Meng family, even when the two of them joined forces, they still could not chase this girl away.”

“This is mainly because Bo Junyan likes her. This young lady looks pretty good.”

“Yes, you’re right. It’s mainly because Bo Junyan likes her. If Bo Junyan doesn’t like her, no matter how capable this girl is, it’ll be useless. If he likes her, it’s useless no matter how formidable Ling Wei and Old Master Meng are,” Ling Feng said with a sigh.

The most important thing was what men liked. If men liked someone, they would have everything. If they didn’t like someone, it was useless no matter how powerful others were.

The beautiful woman looked at Mu Huan in the photo and did not speak further.

“Sigh...” Ling Feng could not help but sigh again.

“What’s wrong?”

“I can tell that Xiao Wei has feelings for Bo Junyan. If she can be with Bo Junyan, it will be half of what she has in mind. At that time, everything will be easy. If she can’t be with Bo Junyan, then it will be difficult for us to get her to share half of Xiao Xiao’s assets.” Ling Feng knew how strong her daughter was.

The beautiful woman opened her mouth but did not say anything in the end.

The beautiful lady was Xue Yun, Ling Feng’s wife.

Just then, Ling Wei returned from outside.

Ling Wei had always hated Xue Yun as a stepmother, and Xue Yun was also a little afraid of Ling Wei, who was so domineering. Hence, when she saw her return...

“Xiao Xiao’s classes will end soon. I’ll pick him up.”

“Alright, go ahead,” Ling Feng said.

When Xue Yun passed by Ling Wei, she greeted her cautiously.

Ling Wei looked at her calmly and arrogantly, as if she was looking at a servant.

Other families had the stepmother bullying their stepdaughter, but in the Ling family, this weak stepmother was the one being bullied.

Xue Yun lowered her head subconsciously and left quickly.

Ling Wei looked at her back and snorted.

“Don’t be so rude to your Aunt Xue,” Ling Feng said.

“What’s wrong with me being so rude?” Ling Wei’s face was full of disbelief.

Ling Feng felt a headache coming on as he looked at Ling Wei.

“I came back to tell you something.”

“What?”

“I’m getting married to the second son of the Pei family, Pei Ming.”

“Why do you suddenly want to marry the second son of the Pei family?” Ling Feng looked at Ling Wei.

“I want to get married since I’m getting old,” Ling Wei said.

“Bo Junyan must have made a deal with you!” Ling Feng had been in the business world for so long, and he had his own source of information.

“I don’t know what you’re talking about, Dad. I only came back to inform you about this. Since you know about it, just remember to attend my wedding,” Ling Wei said as she walked out.

“Ling Wei, Xiao Xiao is also my child. He has the right to inherit the Ling family’s assets. It’s already a rare show of fairness in this world for me to let the two of you equally share the assets. Don’t force me to do

anything to you, alright?" Ling Feng didn't want to go too far with his daughter whom he had doted on since she was young.

Chapter 884: Scared Him (2)

"I'm forcing you? Dad, you have the cheek to say that I'm forcing you now? Who was the one who said that this family belongs to me?! Now, you have the face to say that it's good enough to have to split my assets with him equally, and you're still saying that I'm forcing you!" Ling Wei sneered.

"When I said those words back then, I haven't remarried, nor was I thinking about having another child. Now, doesn't this child already exist? Look, other families give their assets to their sons, but Dad won't do that. Xiao Xiao is Dad's baby, and you are even more so! The two of you are my most important treasures. So, isn't it good for each of you to have half?"

Initially, he did not want to talk about passing on the family assets so early, but his daughter was too enthusiastic. Half of the Ling Group's shareholders had been bribed by her. If this continued, if she continued to work with Bo Junyan, he would soon be taken over. At that time, not to mention that his son would not be able to get anything, it would be difficult for him to spend money in the future.

"It belongs to me, Ling Wei. I will never share it with anyone else! Especially with someone who stole my family!" Ling Wei said.

"Ling Wei, your mother left so early. Was I supposed to remain a widower for the rest of my life?"

"You could have just got yourself a woman, I wouldn't have stopped you from doing that. Why did you marry that woman and had her give birth to a son? In the end, you've always despised me for being a daughter and wanted a son to inherit the family business! You're the one who want to do this, I won't be as willing as you are!" Ling Wei said forcefully.

Seeing her like this, Ling Feng felt even more troubled. This was the biological daughter he had raised in his heart. He really did not want to deal with her.

Why couldn't she take a step back and keep forcing him instead?

That child was not an illegitimate son he had from an affair. He was a son from a remarriage, and his son had the absolute right to inherit the family assets. She could not do this.

Yun Cheng...

After her granny was brought in, Mu Huan would go to visit her as soon as she got home. Her granny would always be very happy to see her return, but today, she was frowning with worry.

"What's the matter, Granny?" Mu Huan walked up to her concernedly.

Xue Hua shook her head. "Nothing."

"Granny, you don't look like a person who's fine no matter how I look at it. You promised me before that you'd tell me everything."

Mu Huan held her granny's arm, her expression saying, "If you have anything to say, you have to say it to me. Otherwise, I can't bear it."

Xue Hua looked at her and was silent for a while. "Just now, Bo Junyan's grandfather called me and said that he wanted to chase you away because he didn't like you. Hence, he'd made a joke to scare you. In the end, you really hurt him and even used a knife to do it. He almost lost his life because of this. Your mother-in-law also needs to rest in bed every day because of this."

Mu Huan's expression darkened. He was actually looking for her granny again!

She didn't want to say that it was hard to be obedient, but this old man...!!

"Xiao Huan, Granny knows. You must have hurt his grandfather because of me, right?" Xue Hua knew her granddaughter very well. She was such a good child. Unless someone had toed her bottom line, she would never do anything hurtful. And she was Mu Huan's bottom line.

"Now that this matter with Granny has passed, you can forget about it," Mu Huan said.

"Xiao Huan, don't do anything for me in the future. Although I look much better than before, I know that I'm about to die. Don't be threatened by others because of me. If anyone threatens you in the future, just ignore me."

Chapter 885: Scared Him (3)

"From now on, no one will use you to threaten me. You don't have to think about these things. You just have to take good care of your health," Mu Huan said with a smile.

After a moment of silence, Xue Hua continued, "I heard that I was brought here because you wanted to leave. Bo Junyan wouldn't allow you to leave, so he used me to threaten you. With me here, you won't be able to escape even if you wanted to. He even said that it was because of me that you couldn't go to such a top research institute like NST to study and that this is holding you back from your most important studies."

When Xue Hua thought about how Bo Junyan had used her to threaten her granddaughter, she felt very upset. When she thought about how her granddaughter could not study at such a top research institute because of her burden, she felt even more upset. She had been holding back her granddaughter.

"Who did you hear that from?" Mu Huan's gaze turned dangerous.

"A young lad."

Mu Huan's gaze turned even more dangerous. It was Huo Li!

She had already tolerated him when he'd buzz around her, but he actually approached her granny to talk nonsense! This time, she would definitely not let him off!

"Xiao Huan, I know you won't be able to do what I said. But Xiao Huan, I really don't want to burden you anymore. You're such a young child, and I've already burdened you for three years. If you continue to hold yourself back because of me, I'd rather die!

"Whoever causes me to die will be breaking the law. This way, this granny of yours can still do something for you. This way, my death will be worth it and I'll be happy! This is a good thing for me! So, don't think that this is bad!

“Xiao Huan, you really shouldn’t let yourself suffer because of me, and you shouldn’t ruin your future because of me...”

Xue Hua, who had always wanted to go earlier, really did not want to delay anymore and aggrieve her granddaughter because of her life.

She had long had the thought of ending her own life, but she was also afraid that if she ended her own life, her granddaughter would not be able to take it and would break down. She would feel that if she did not take good care of her, she would not be able to be happy for the rest of her life. Hence, she did not dare to end her own life.

However, she really didn’t want to become the weakness of her granddaughter time and time again. She didn’t want her to be humiliated and threatened because of her. She didn’t want her future to be ruined.

Mu Huan looked at her granny with a dark storm brewing in her eyes. She had spent so much effort to slowly dispel her granny’s intention to leave this world as soon as possible so that she would no longer feel that she was a burden. But today, all her efforts had gone to waste!

Now, her granny wished she could die in someone else’s hands so that Mu Huan would have no weaknesses and thus even help her defeat an enemy.

Mu Huan was furious!

She would make life difficult for whoever made her granny suffer!

Hence, after much persuasion and finally appeasing Xue Hua so that she no longer thought that way, Mu Huan went to look for Huo Li.

When Huo Li saw her, he instinctively wanted to mock her, but he did not say anything.

Mu Huan threw a punch.

She didn’t say anything and just beat him up!

Bo Junyan received a call and rushed home.

Huo Li had already been beaten to the ground by Mu Huan.

When he saw Bo Junyan, he hurriedly pleaded, “Cousin, please save me... quickly save me... She wants to kill me...”

Previously, when Mu Huan said that she could take on ten of him, he didn’t believe her and thought that she was just boasting. Now, he believed her!

This Mu Huan was simply too scary!

He had never seen such a terrifying and ruthless woman!

Chapter 886: Scared Him (4)

Seeing that Mu Huan was about to throw another vicious punch, he quickly stepped forward to stop her.

“Let go!” Mu Huan looked at Bo Junyan coldly. If she didn’t beat this Huo Li up so badly that he didn’t dare to spout nonsense again, he wouldn’t stop!

“What happened?” Bo Junyan did not let go of her.

“He’s spouting nonsense in front of my granny,” Mu Huan said coldly.

Bo Junyan lowered his head and looked at Huo Li.

“I was just speaking the truth. Why? Are people not allowed to speak the truth these days?” Huo Li said provocatively.

Anyway, his cousin was back and she could not do anything to him.

Unexpectedly, in the next second, Mu Huan, who had been grabbed by Bo Junyan, kicked him.

“Just telling the truth? You must know that all my granny wants is to not burden me, right? You said those words to make my granny suffer and make her think terrible things!

“If she thinks she should die, she’ll want to die! You’re trying to kill her!”

“Is she dead, then? No way, right? Don’t make it sound so exaggerated and scary! I only said a few words, how could it have caused such a result?!” Huo Li was very angry because of Mu Huan’s beating, so not only did he not own up to his mistake, but he even retaliated.

When Mu Huan heard this, she became even more furious and wanted to kick him again.

But this time, she was stopped by Bo Junyan.

Huo Li was seriously injured by her kick.

“Xiao Huan, I’ll teach him a lesson.” Bo Junyan pulled Mu Huan aside forcefully.

“You’re going to teach him a lesson? How are you going to teach him a lesson? If you could, would you cripple him? He’s your cousin! Your biological cousin! You’d only raise him up high and put him down gently, just like with your grandfather! If he said he was joking and only scaring me, then that would be it! And it’d all be my fault for hurting him!

“He came to me for revenge after I hurt him! He came to kill me! Why did they all go looking for my granny?! What did my granny do wrong?! She didn’t do anything! Why should she be hurt and threatened by them again and again?!

“Would they only stop when she’s dead? Let me tell you, if anything happens to my granny, I don’t care who you are. I’ll make sure you die without a proper burial!” Mu Huan said with a vicious look in her eyes.

Huo Li was frightened by her fierce gaze.

He did not doubt the sincerity of her words at all.

“Let go of me, Bo Junyan. I don’t want to fight with you. I’ll only be satisfied if you make me beat him until he’s scared straight!” Mu Huan struggled to get him to let go of her.

“Xiao Huan, I’ll teach him a lesson! I’ll teach him a lesson so that he won’t dare to spout nonsense again.”

“I want to teach him a lesson myself!”

“Xiao Huan.” Bo Junyan’s voice became a little more commanding.

She was furious and ruthless.

“Are you letting go or not?” Mu Huan’s gaze turned colder.

“Xiao Huan, I’ll really teach him a lesson.”

“Alright, how do you plan to teach him a lesson?”

“I’ll lock him up in confinement for half a year.”

“He almost caused my granny’s death. He’ll only get confinement?”

“Xiao Huan...”

“Are you trying to say that my granny is fine now and that things aren’t as exaggerated as I make them out to be? I was just too afraid, that’s why I took it so seriously?”

Bo Junyan said, “You’re in a fit of anger right now and you’re being impulsive. If you do this...”

This would destroy Huo Li. Bo Junyan could use other ways to teach him a lesson so that he wouldn’t dare to do anything else.

Mu Huan looked at him and suddenly stopped struggling for him to let go of her. “Let go of me. I won’t go forward anymore.”

Chapter 887: Sending Off (1)

“Xiao Huan, I don’t think so. I just don’t want you to do anything rash in your anger. I’ll definitely teach him a lesson. He won’t dare to appear in front of you and your granny again,” Bo Junyan said.

“I know,” Mu Huan said.

“Xiao Huan...” Bo Junyan was about to say something.

“I know. He’s your biological cousin. You can’t just watch me beat him up. I also know that he’s your biological grandfather. You’ve already treated him ruthlessly enough. They’re all your family members, and you’ve already done enough. Besides, they didn’t cause much harm. They only said a few words that might make my granny suffer. But my granny’s life is really not in danger. It’s not very serious.

“But, Bo Junyan, not everything has to cause great harm. That’s what it means to be hurt. My granny shouldn’t be in a position where they would hurt her for no reason. This is the last time I’ll let them off on your account. From now on, no matter who your grandfather is, if they dare to come looking for my granny again, even if it’s just to say a few words in front of her, I’ll definitely make them unable to speak again!”

No matter how much they looked for trouble with her, she was fine. No matter what they said, she did not care. She did not care how many fights they chose to pick.

But her granny was different.

Her granny had such intentions to begin with. Just a few words from others could cause serious consequences for her. She really did not want to wait until there were such consequences before doing anything.

“There won’t be a next time,” he promised.

Mu Huan did not speak further and turned to leave.

After Mu Huan left, Bo Junyan looked at Huo Li.

When he met his gaze, Huo Li instantly shuddered. He suddenly felt that instead of being taught a lesson by his cousin, he might as well be beaten half to death by Mu Huan!

From then on, Mu Huan never saw Huo Li again.

It wasn’t that Bo Junyan didn’t think that Huo Li was in the wrong, nor did he think that this matter wasn’t serious. It was just that this was his biological cousin. He had other ways to make him not dare to do such a thing again. He couldn’t watch him get beaten up.

His wife was too lethal and in a fit of anger; he could only stop her first.

Mu Huan knew that Bo Junyan was not in the wrong. People would always be more forgiving toward their loved ones, just like how she treated her father. Even if he was like that, she would tolerate it. However, even though she knew, she still felt upset.

She didn’t do anything wrong. She had already tolerated his grandfather and Huo Li in every way possible. No matter how they looked for trouble with her, she still wanted to get along well with them.

But...

They just had to find trouble with her granny.

His grandfather was an old man and couldn’t be provoked, so she had to give in. However, her granny was an innocent old woman. She didn’t do anything, and her health wasn’t good. Why would they find trouble with her?

Even if they came after Mu Huan and hurt her, she would be fine, but they went to find her granny.

Because of this matter, Bo Junyan and Mu Huan’s relationship, which was on the verge of getting better, fell into a deadlock again.

Imperial Capital...

“Dad, why did you call Xiao Huan’s granny? Can you not do this?!” Meng Yueman, who had told the old man everything she could and had done everything she could, lost control of her emotions after hearing her son’s words. She was going crazy!

“I’ve already told you not to! Why are you still doing this?! Do you really want to force me to my death?! Do you want this family to be ruined?!”

Chapter 888: Sending Off (2)

“Why do you have to do this?! Why do you have to do this?! The new energy source that Junyan has developed has already brought the company to greater heights. The Ling Group can’t compare to our Bo Group at all now. The Ling Group is in decline, and the Bo Group will only get higher and higher!”

“Why must you destroy Junyan’s happiness just because of your obsession?! He’s my biological son! My flesh and blood!” Meng Yueman didn’t understand why he had to do this!

“I only called her granny to complain about her hurting me. What did I do?” Old Master Meng’s face was full of disbelief.

Meng Yueman looked at him. She was about to explode and go crazy, but she suddenly quietened down.

After a long silence...

“Junyan, go make the arrangements immediately. We’ll leave tonight and go to J Country.” After saying that, Meng Yueman looked at Old Master Meng. “Dad, if you object, I’ll have you sedated and take you away. If you don’t want to live, I’ll leave this world with you!”

Meng Yueman knew that her son’s tolerance had reached its limit. No, not only him, but even she had reached her limit of tolerance for her father. She had really tried to persuade him! She really didn’t know what else she could do other than to use force! Also, if she didn’t use force, her son would definitely come. This way, the consequences would be even more severe.

She wanted to be filial to her father and want him to be well, but he couldn’t be like this. That was her biological son! She couldn’t ruin her son’s happiness just because of her filial piety!

This was especially so since Mu Huan had done nothing wrong! It was her father who had been causing trouble again and again because of his stubborn and crazy obsession! It was fine that he was looking for trouble with Mu Huan, but he even got her granny involved! Her granny’s health was so poor. If she were to find out anything that could cause her any harm, Xiao Huan and her son would really be unable to continue on!

After that incident, her son still insisted on being with Mu Huan despite such a headache. Even when Mu Huan wanted to leave, he was still able to force her to stay. It could be seen that he really liked Mu Huan and couldn’t even not have her.

She couldn’t just watch her son’s happiness be ruined!

Old Master Meng was about to say something.

“Dad, I’m not exaggerating at all! If you dare to collapse and die, I’ll follow you immediately!” Meng Yueman’s expression was cold. It was obvious that what she said was true. She would really do that!

No matter how filial Meng Yueman was, she was on the side of reason and on her son’s side. Even if she had to anger her father to death, she would just go with him. She would not let her father continue doing this!

Who wouldn't care about a mother who treated her son so well?

Hence, when it came to dealing with family matters, Bo Junyan's tolerance was indeed high. He had given them many opportunities, so this could not be blamed on him.

In this world, bad parents would sometimes be unable to let go of their children. They cared a lot, let alone parents who treated a child so well.

It wasn't that he couldn't do anything to Old Master Meng, but no matter what he did, it would hurt his mother.

He didn't want to see her suffer a blow. If her body couldn't take it, he would tolerate anyone for his mother.

"Are you crazy? You're going to die because of an outsider!" Old Master Meng was furious.

"She's not an outsider! She's my biological son's wife. Without her, my son wouldn't be able to live!"

Chapter 889: Sending Off (3)

"Also, the Bo family really doesn't need a marriage alliance with anyone. We don't need the Ling family's assets! I don't want my son to stand at the top of the world. I don't want him to be rich. I only want him to live a happy life! No one can ruin his happiness! Including you!"

"You..." Old Master Meng was exasperated, his expression saying, "You're really such a short-sighted woman!"

"Dad, you really shouldn't force me to this extent!" Meng Yueman looked at Old Master Meng. Her eyes were filled with despair. Old Master Meng, who wanted to say something, couldn't bring himself to say it.

"Junyan, go and prepare. From now on, we'll be staying in J Country. The butler won't be allowed to follow us," Meng Yueman said as she looked at Old Master Meng's butler.

For the past few days, she had been staying by her father's side, afraid that he would do something else.

He had never been in contact with outsiders either. Only the butler was by his side. Mu Huan's granny's phone number was probably provided by the butler.

"Meng Yueman, how dare you! If you really want to anger me to death, say something!" Old Master Meng said angrily.

"I just said that if you die, I'll follow immediately." She wouldn't be so unfilial as to not follow him.

"You..." Old Master Meng was rendered speechless once again. After being angry for a while, he looked at Bo Junyan.

"Do you see this?! Your grandfather and your biological mother are going to die because of that woman! She caused our family to be in such a state, yet you still insist on being with her! Don't you feel guilty?! Don't you feel terrible?!"

“What’s there for him to feel upset about? What’s there for him to feel guilty about? Dad, this is all your fault! You were the one who wanted to kill yourself and me! Because you couldn’t get what you wanted, you ruined us!” How could he blame Mu Huan? How could he blame her son for being heartless?

Previously, when Ling Wei was having a good time with her boyfriend, he felt that there was no hope for the two of them. Hence, he’d made a fuss and asked Junyan to get married and have children earlier. So she forced her son to go on blind dates and get married.

Her son was obedient and got married.

Now, he saw some hope and felt that Ling Wei could be with her son again. Hence, he tried to force her son to get a divorce and be with Ling Wei. It was only because of his obsession that was impossible to realize now that he could control her son’s life so easily and destroy his happiness.

He wanted her son to feel guilty?

“You’re the one with a guilty conscience, Dad! You took advantage of your old age and poor health. If anything were to happen to you, I wouldn’t be able to take it. You took advantage of my concern for you and ruined my son’s happiness!”

“What do you mean by...”

“Don’t tell me that you’re doing this for Junyan! Junyan doesn’t want this! Dingjing and I don’t want this either! You’re not doing this for our own good! You’re doing this to satisfy your selfish desires!”

“Also, I’ve already asked Old Ling to come over and make it clear to you that he won’t agree to the marriage conditions made in the past. He wants to give half of his assets to his son now! But you still think that way! Sometimes, I really want to pry open your head and see what’s inside!”

“You...” Old Master Meng was so angry that he couldn’t say a word.

“Junyan, get someone to handle this matter.” Meng Yueman did not want to say anything more to her father.

Bo Junyan, who had been standing silently by the side, turned around and left without another word.

That night, Meng Yueman, Bo Dingjing, and the rest left the Imperial Capital.

Old Master Meng strongly opposed to leaving. Thus, Meng Yueman really drugged him.

Chapter 890: Sending Off (4)

Old Master Meng did not expect his filial daughter to treat him this way. He had many plans to slowly unveil, but now...

It’s over.

After sending them off, Bo Junyan called Ling Wei.

“The terms I’ve discussed with you are canceled.”

Ling Wei frowned. “What do you mean?”

Was he saying that he wouldn't let anyone help her get the Ling family assets in the future?

"I've said it before. Whatever my grandfather does to Xiao Huan, I'll put it on you." With that, Bo Junyan hung up.

Ling Wei looked at the phone that was hung up and was so angry that she swept everything on the table to the ground!

This damn Bo Junyan!

She had already prepared all the plans. With his support, she would be able to replace her father as the dominator of the Ling Group at the shareholders' meeting at the beginning of next year. But he had suddenly become like this!

Old Master Meng was really useless! Not only did he not succeed after working for so long, but he even implicated her!

Damn it! All of them deserved to die!

Yun Cheng...

Bo Junyan wanted to have a chat with Mu Huan, but she had been avoiding him. He knew that no matter what he did or how he did it, it was equivalent to him siding with Huo Li. It made her feel terrible.

He didn't know how to comfort her to begin with, and more so now, he didn't know how to comfort her and make her feel better.

Hence, it had been a few days since he last saw his wife.

And when he saw Mu Huan dressed as an attendant at the banquet, he was stunned.

Sensing the abnormal atmosphere, Mu Huan looked over and met his deep and dark eyes.

It had only been a few days since they last met, but it felt like a century had passed.

Mu Huan was the first to shift her gaze away. With the wine in her hand, she walked away.

Bo Junyan chased after her.

Mu Huan knew that he would definitely find her, so she went to a remote corner.

Bo Junyan caught up with her and asked, "Why are you here? And why are you dressed like this? And..."

Her makeup was so thick that he almost couldn't recognize her.

"There's something I have to do to repay my former colleague." Mu Huan had sneaked into the banquet today to return a favor.

"What is it?"

"I'll do it myself." With that, Mu Huan turned around and left.

Bo Junyan did not follow.

She had lured him here and told him about this because she didn't want him to spoil her plans. If he were to follow her, the little girl would be even angrier.

Although Bo Junyan did not follow her, he kept paying attention to Mu Huan's actions. He realized that she had her eyes on a company's boss and seemed to want to capture evidence of the other party's affair.

When he realized this, he got someone to secretly add fuel to the fire, making Mu Huan's plan go even smoother.

When Mu Huan returned to the banquet hall after finishing her work, she realized that Bo Junyan seemed to have drunk a lot.

Beside him was a beautiful foreign girl.

"Look, that Alice is going to help Bo Junyan!"

"I don't know why Bo Junyan drank so much today! He usually doesn't drink at banquets, especially when there's no one around him."

"If we let Alice, who is obviously interested in him, help him away, I'm afraid Bo Junyan will have to take responsibility for her tomorrow!"

"Isn't Bo Junyan married?"

"So what if he's married? Do you know who Alice is? She's the daughter of the second-in-command in S Country. If anything happens between Bo Junyan and her, he must divorce his wife and take responsibility for Alice!"
