

Fake Marriage 931

Chapter 931: Who Is More Worthy (5)

Knowing what she was saying, Li Meng nodded repeatedly. "Yes, yes!"

"From today onwards, I'm going to study harder. In the future, I'll definitely become a formidable figure like my husband! If I can kill someone with my gaze, I'll definitely not suffer fools. I'll do it!" Mu Huan's face was full of indignation and determination!

Li Meng: "You've already worked hard enough. The speed at which you're reading is faster than others turning a page to take a photo!"

"Really? Am I that good?" Mu Huan's face was full of wonder. *Why didn't I know?*

Li Meng: "..."

Sister, your narcissism pops up so suddenly that it's impossible to guard against it!

When Long Feiting, who was sitting in front of Mu Huan, heard her words, he turned around and said, "Yes, you're that formidable! No, you're even more formidable than how Li Meng described! You're the most formidable person in the world!"

Mu Huan: "..."

Li Meng: "..."

What the f*ck...

When Bo Junyan, who was walking up to the lectern, saw Long Feiting turning around to speak to Mu Huan, he recalled what those girls had said earlier. His gaze suddenly became frighteningly dangerous.

"Long Feiting, get out!"

The girls from earlier instantly sat up straight in shock.

Professor Bo was upset with the campus beau because of what they had just said. Was that why he was openly taking revenge?

"Professor Bo, what did I do wrong? Why are you asking me to leave?" Long Feiting was indignant.

"Do I need you to make any mistakes before I can ask you to move some equipment?" Bo Junyan asked coldly.

Long Feiting: "..."

The girls: "..."

Was it really just about moving some experimental equipment?

In the end, he really only asked Long Feiting to move the experiment equipment. However, this experimental equipment needed to be moved from the northernmost part of the school to the southernmost part, and Long Feiting was the only one to do it. Long Feiting was so tired that he broke out in a sweat in the winter.

When he returned after moving the equipment, he saw Bo Junyan hugging Mu Huan as they headed back after class.

Long Feiting: "...!!"

He didn't know if it was because he was indignant or something else.

He stepped forward and blocked their way. Gritting his teeth, he said, "Professor Bo, I'm done moving it!"

Bo Junyan glanced at him silently.

"If you're done moving it, then leave!" Mu Huan told him to leave quickly so that he wouldn't anger Bo Junyan.

During class just now, she had heard the students sitting behind her whispering among themselves. They were saying that the girls were saying that she was compatible with Long Feiting, which was why Bo Junyan was so angry that he even used the experimental equipment to punish Long Feiting.

"I'll just say hello and leave." Long Feiting smiled brightly at her.

Mu Huan instantly felt the dangerous aura emanating from Bo Junyan. She hurriedly grabbed his arm and walked out.

Bo Junyan followed her and left. However, after walking for a while, he stopped. No matter how Mu Huan pulled him, he did not move.

"Hubby, what's wrong? Aren't we going home?" Mu Huan looked at Bo Junyan.

"You're protecting him." Although his words were cold, they were laced with a deep grievance.

"Protecting who? Who am I protecting?" Mu Huan looked like she was protecting someone.

"You're protecting Long Feiting." Did she pull him away just now because she was afraid that he would hurt Long Feiting?

"Why would I protect him?! I'm just afraid that you'll lose your divinity and fall off the altar!" Mu Huan felt that her husband was about to punch him.

If he were to beat someone up in front of everyone at school, his divinity would drop.

It would also cause a commotion and affect her husband's reputation.

"For me?" Bo Junyan's gloomy heart instantly cleared up and he saw the bright moon.

Chapter 932: He Treats Her Well (1)

"Of course it's for you! You're my most beloved husband. In my heart, there's only you! Everything I do is for your sake!" Mu Huan hugged his arm and looked up at him with eyes full of love.

The look in her eyes, which seemed to say that there was nothing else in it but him, made the unhappiness in Bo Junyan's heart disappear completely. He lowered his head and kissed her.

When Long Feiting returned to the classroom, he saw that Mu Huan had not taken her bag. He picked up her bag and chased after her, only to see this scene.

Although he didn't want to have anything with Mu Huan, the love in his heart was uncontrollable. Looking at the person he liked so much right now...

His grip on the bag tightened involuntarily.

Finally, he turned around and left.

He was the one who'd met her first, but he missed her again and again.

What he wanted so much had always been right in front of him. It was a place that was within his reach, but he did not realize it.

Long Feiting found it unbelievable. With this thought, he wanted to stab himself to death again!

...

"Previously, you said that you didn't like Mu Huan and that I was blind. Who was the blind one?" Although Long Feiting didn't say anything to the public, Gu Chenyi knew that Mu Huan was the Star that Long Feiting had been longing to find.

Long Feiting looked up and saw Gu Chenyi's gloomy and mocking expression. He was in a bad mood. "Do you want to get beaten up?"

"No."

Long Feiting: "..."

"Let's go for a drink. I've recently discovered a bartender who is very good at mixing alcohol," Gu Chenyi said as he stepped forward and put his arm around his shoulder.

"I don't want to drink." Long Feiting pushed his arm away. He didn't want to drink. He just wanted to go back to the dormitory to lie down.

"Do you want to work with me?"

"With what?"

"Make my uncle and Xiao Huan separate, and then the two of us will compete by ourselves!" Gu Chenyi wanted to pull Long Feiting into an alliance because the enemy of an enemy was a friend.

"No." It's true that Long Feiting was looking forward to Mu Huan separating from Bo Junyan, and he also wouldn't pass up the chance to badmouth him in front of Mu Huan.

But he would not do anything.

He really, really liked Mu Huan and really wanted to be with his Star. However, no matter how much he liked her and how much he wanted to be with her, she didn't like him. She was happy, so he wouldn't destroy her happiness.

Only when she was not happy and her life was not good would he do anything to snatch her away.

“Why not?”

“Because I don’t want to see her unhappy and upset. What I want to give her is the best in the world. I want her to smile happily every day, even if I wasn’t the one giving her that happiness.” All these years, Long Feiting had always wanted to find his Star and give everything to her. He wanted to give her all the best things he could give her so that she could lead a happy life.

Although he had always imagined himself to be the male lead, he wasn’t.

But even so, he would not destroy anything.

When Gu Chenyi heard his words, his gaze turned even gloomier. “Don’t you want to have her? Don’t you feel that it’s very painful to lose her, that it’s unbearable and crushing?”

Gu Chenyi felt that Long Feiting could do this because he didn’t love Mu Huan that much. He only liked her.

If it’s true love, one would not be able to bear to lose someone.

This was especially true of someone like him, who used to be with her! And he had lost her just like that. This was something he could not bear no matter what!

Chapter 933: He Treats Her Well (2)

He wanted to salvage this mistake!

It was true. He couldn’t believe how he had once foolishly listened to Lin Qingya’s words and lost Mu Huan.

He thought about how he could have led such a happy life with her. She belonged to him! And now, he had made things turn out this way. He wanted to kill himself!

He couldn’t! He really couldn’t accept that things had turned out this way!

If he didn’t do anything, he would go crazy! He would really go crazy!

She was supposed to be his! Everything should belong to him!

“I can’t take it anymore, but it’s all my fault for not being able to find her earlier. I’m the one who should be suffering, not her.” Long Feiting wasn’t someone who liked to talk a lot, and he didn’t like to tell others about his feelings.

He had said so much to Gu Chenyi because he knew that Gu Chenyi was bent on ruining Bo Junyan and Mu Huan’s relationship and wanted to have Mu Huan again.

He wanted to protect Mu Huan, and he would even protect her from this.

Hence, he hoped that Gu Chenyi would not destroy Mu Huan’s happiness. They just had to wait. If there was an opportunity, they would go. If not, they would wait.

“You too. You were the one who made the mistake back then. No matter how much you couldn’t bear it, you should bear it by yourself. You shouldn’t add such pain to Xiao Huan’s life. Besides, you should be

able to tell that she doesn't like you anymore. She likes Bo Junyan a lot now. She's very happy with Bo Junyan. Even if you were to plot against them and separate them, she wouldn't return to your side."

Long Feiting's words were as piercing as a sharp knife, ruthlessly slashing at Gu Chenyi's heart, causing his face to turn pale.

He knew the truth, but he had never wanted to think about it.

He kept telling himself that as long as Xiao Huan and his uncle separated, she would return to his side.

And now, the truth that he was so unwilling to face was being exposed.

It was so painful that he could only bleed.

Gu Chenyi did not say anything else and turned around to leave.

Long Feiting did not chase after him. He was also very hurt right now and did not have the energy to worry about anything else.

Compared to their suffering...

Bo Junyan was the happiest person in the world.

His beloved little wife was in his arms. He could hug and kiss her whenever he wanted.

When Mu Huan turned to look out the window, she realized that the route wasn't correct. "This isn't the way home, is it? Aren't we going home?"

"No."

"Where are we going?"

"To a hot spring." He couldn't let such a beautiful thing go to waste.

Mu Huan: "..."

"You don't have to worry about accompanying Granny for the next two days."

Mu Huan: "..."

"Be good." Bo Junyan lowered his head and kissed her.

When they arrived at the hot spring in the West Mountain, snow had started to fall from the sky. The fluttering snowflakes landed on the hot spring, making this place look like a fairyland.

"How beautiful!" Mu Huan reached out to catch the falling snow.

"Hubby, isn't this place super beautiful?!"

"Not as beautiful as you." With her around, there was nothing else in his eyes.

"Hubby, I've realized that you're getting better at talking!" Mu Huan turned around and hugged him. Her eyes were filled with love as she looked at him. That love made her eyes sparkle.

Bo Junyan lowered his head. "Is there a reward?"

Mu Huan thought about it and tiptoed to whisper something in his ear.

Then, she took a step back and raised an eyebrow at him.

Bo Junyan's expression changed instantly.

The night bloomed even more beautifully thereafter.

At the Bo residence...

"What's wrong?" Xue Hua asked, looking at her distressed daughter.

Chapter 934: He Treats Her Well (3)

Xue Yun looked up at her and hesitated for a while before saying, "Mom, can you help me persuade Xiao Huan?"

"With what?"

"Ling Feng has a collaboration case and wants to work with Bo Junyan, but Xiao Huan doesn't agree..." Although Xiao Huan said that it wouldn't be good for her to speak up when she got back, she still wanted the Ling family to do well. She didn't just want an explanation. She knew that Mu Huan had always listened to her granny. Hence, she wanted to try it out with her.

Xue Hua frowned. "Why are you getting involved in the company's matters?"

"I'm only doing this for Ling Xiao's own good. Mom, you've seen how good your grandson is. Besides, we're a family now, and the Ling family has always worked with the Bo family before. It's not a big deal for them to work with one another again. Isn't this a small matter? I don't know why Xiao Huan wouldn't agree." Xue Yun's tone had a hint of irreconcilable grievance.

It was as if Mu Huan was making things difficult for her.

In the past, the Bo and Ling families had always worked together, and they didn't need any conditions to do so. But now, though she was her biological mother, she couldn't make Mu Huan agree. This made her...

She herself felt she was useless, let alone her husband.

"There's naturally a reason why Xiao Huan wouldn't agree." Xue Hua knew her granddaughter well. Although she didn't know what they were, she believed that she had her reasons.

"She thinks that Ling Wei wants to snatch Bo Junyan, but Ling Wei is already someone who's about to get married. Besides, if Bo Junyan liked Xiao Huan, he wouldn't be snatched away." Although Xue Yun knew that Ling Wei's marriage was a fake marriage, if things went well, the fake could become real!

Besides, Bo Junyan didn't like Ling Wei. It was useless no matter how much she wanted to snatch him. There was no need to be overly cautious.

"That's where you're wrong. If others want to snatch something from you, how can you not be on guard? There's no cat in this world that doesn't eat fish. If someone is eyeing your man and you're not

on guard, a man may be able to withstand an attack once, twice, or even a hundred times. But what if he loses at the 101st attack?

“Really, which woman shouldn’t worry that someone wants to steal her husband? To think that you’re Xiao Huan’s biological mother! How can you think that way?!” Xue Hua chided.

“All these years, you didn’t stay by her side to take care of her. Instead, you made her perform filial piety in your stead for so many years and take care of an old hag like me. You’ve already let her down. Why are you still not thinking for her? Instead, you’re wholeheartedly thinking about what would benefit the Ling family!

“Even if you have a son now, Xiao Huan is still your biological daughter. She used to be the apple of your eye! You can’t be too biased and hurt her!”

Xue Yun: “...”

Initially, she’d wanted her mother to help her convince Xiao Huan, but she did not expect her to give her such a harsh scolding.

“Mom, I know I’ve let Xiao Huan down, but...” After hesitating for a while, she continued, “But I can’t disregard my current husband and child. Besides, this is really nothing difficult. It’s just a small matter...”

“If it’s really a small matter and it’s not difficult, why would Xiao Huan reject you, her biological mother whom she had finally found after so much difficulty?!”

Xue Yun: “...”

“Don’t think too much about the Ling family and let your imagination run wild!” If a person’s heart was biased, they would think too much.

“Let me tell you, you just have to treat Xiao Huan well from now on. Don’t think about anything else! Just don’t!” Xue Hua said sternly.

Chapter 935: He Treats Her Well (4)

“Mom... why are you so harsh to me...” Xue Yun said aggrievedly.

“It’s not that I want to be harsh with you, but your actions have really disappointed me. You’ve abandoned Xiao Huan for ten years! Do you know how tough her life has been all these years? Have you asked how she managed to survive?” When Xue Hua recalled Mu Huan’s hard work all these years, she wanted to cry.

Her life had been so tough. Now that the good days were finally here, no one was allowed to ruin her happiness!

“I didn’t want this to happen either! Mom, I didn’t want this to happen! I’ve lost my memory for so many years. All these years, I’ve treated my husband and child as everything in my life. In my heart, there’s only them. Everything I do is for them. This has already become my instinct. Furthermore, I’m really living well with the Ling family. Mom, I don’t want to make things difficult for Xiao Huan. Besides, this wouldn’t make things difficult for her. This is really a small and mutually beneficial matter!”

That was her biological daughter. How could she not want her to live well? She wanted her to live well, very, very well indeed!

“Alright, you don’t have to say anything else. In any case, I won’t help you persuade Xiao Huan.” Xue Hua did not want to say too much to her. She insisted that this was a small matter, which proved that she was biased.

She would never think that she was in the wrong or that she was biased.

“Mom...” Xue Yun called out.

“I’m going to sleep.” Xue Hua closed her eyes and stopped talking.

Xue Yun: “...”

She didn’t know why, but even though it was just a small matter, the people closest to her didn’t understand her and were unwilling to help her.

The next day, at the West Mountain.

“Hubby, do you have Ling Feng’s number?”

“What’s wrong?”

“He asked my mom to come over and ask about the collaboration project in Tianyuan. I rejected my mom, and I was afraid that she wouldn’t be able to explain herself when she got back. Hence, I want to tell Ling Feng about this directly.”

“I’ll handle this matter,” Bo Junyan said as he picked up a piece of delicious food for her.

“Alright, I’ll leave it to you.” Mu Huan did not stand on ceremony with her husband.

“Okay.” Bo Junyan picked up another piece of meat for her.

Then, he watched her eat.

“Hubby, don’t look at me like that. It makes me feel like you’re feeding a pig and watching it grow fat. It feels like you’re intending to slaughter it for food!” His gaze made her a little scared.

“Yes.” Although it wasn’t exactly the same, it was similar.

Mu Huan: “...!!”

This old man!

Two days later, in the Imperial Capital...

Ling Feng looked at Xue Yun with a frown and asked, “What’s going on? Why did Bo Junyan give the collaboration project in Tianyuan to another company?”

Xue Yun: “...”

She didn’t know how to answer him.

“Is Mu Huan still unwilling to let Junyan work with the Ling Group?”

Xue Yun: "..."

"You're her biological mother and Ling Xiao is her younger brother. We're family now. Why is she still like this?" Ling Feng didn't understand.

"She still has some reservations about Ling Wei."

"What's there to worry about Ling Wei? She's about to get married!" Of course, Ling Feng was very biased toward his own daughter. He felt that whatever she did was not wrong.

"Xiao Huan said that Bo Junyan told her that Ling Wei and the Pei family's young master were having a marriage of interests and that they were faking their marriage. Ling Wei still thinks about Junyan. You can't blame Xiao Huan..." Xue Yun was also on her daughter's side.

"Do you believe whatever she says? Don't I know my own daughter well enough? My daughter is so outstanding, why would she need to cling to Bo Junyan? It's obvious that Mu Huan is overthinking. She's petty and unbecoming!"

Chapter 936: He Treats Her Well (5)

A few days ago, Ling Wei had told Ling Feng that she was agreeing to split the family assets equally. This made Ling Feng feel that she was the best daughter in the world. No one could say anything about her.

Xue Yun: "..."

"I don't think Mu Huan cares about you at all! Otherwise, why would she reject you over such a small matter?!"

"All these years, the Ling family and the Bo family have been cooperating happily. It's all because of her that we've come to this. I originally thought that since she is your biological daughter, we can return to how we were in the past. To think that I treated her as a family because of you and thought that she was also my daughter. Ha..."

"Feng, you can't blame Xiao Huan for this. Ling Wei did want to snatch Junyan previously. Besides, she did want to snatch the Ling family away. Even if we believe that she doesn't have the desire now, it's impossible for Xiao Huan to believe it so easily. You have to let her slowly believe it." Xue Yun felt that she was really in a difficult position now.

She was reprimanded by her mother and by her husband.

Everyone felt that she wasn't good.

"Fine, there's no need for this. My family doesn't have to rely on the Bo family to survive! I don't care!" Ling Feng was furious.

Just as Xue Yun was about to say something...

Ling Feng's phone rang. It was a call from Bo Junyan.

On the other end of the line, Bo Junyan said something that made Ling Feng's expression gradually improve. In the end, it turned into joy.

Xue Yun carefully observed the change in his expression. When she saw that he was finally happy, she heaved a sigh of relief.

When she first saw that it was a call from Bo Junyan, she was actually very afraid. She was afraid that Bo Junyan's call would make Ling Feng even angrier. She didn't expect that Bo Junyan would make Ling Feng's expression turn for the better.

In the years that Xue Yun had lost her memory, she was initially very frightened and afraid. She was a person who had no past and was especially afraid of being abandoned. Hence, she had always been careful to please Ling Feng so that she could stay by his side and lead a stable life.

After so many years, even though she had regained her memory, she could not change this habit.

There was a research theory that said that every cell in a person's body would regenerate every seven years. After seven years, one might become a brand new person, let alone ten years. To put it simply, Xue Yun was no longer herself from before.

For the past ten years, all her focus had been on the Ling family. This made her unable to ignore Ling Feng and her son and stop thinking about them. All this while, even she was ranked behind them, let alone Mu Huan...

"What did Junyan say over the phone?" Why was his mood suddenly lifted?

"It's nothing. Just treat Xiao Huan well from now on. If there's anything, I'll talk to Junyan directly."

Bo Junyan really cared a lot about his little wife. He was so considerate in everything he did for her. He didn't want her to worry about anything and only wanted her to lead a happy life.

Xue Yun: "..."

So it's nothing. He was so angry just now and said those things about Xiao Huan, but now, he wanted her to be good to Xiao Huan?

But she did not ask anything.

Even Ling Feng had asked her to treat Mu Huan well. Xue Yun, who had always wanted to treat her daughter better, naturally paid a lot of attention to Mu Huan.

Ling Wei had originally wanted Ling Feng to be angry with Xue Yun, and then she would find some trouble in the middle to make Mu Huan unhappy. Then, she would take the opportunity to act. Unexpectedly, things did not play out the way she thought.

This changed her plan.

"When the time comes..."

After hearing her plan, the assistant left.

Chapter 937: He Treats Her Well (6)

Recently, Mu Huan had been very happy. The traditional Chinese anti-inflammatory medicine that she had been researching previously had been approved. As long as it passed the final clinical test, it could

be approved to be listed. This was the first step to her success in the pharmaceutical industry. To her, this was extremely meaningful.

Also, recently, her mother no longer asked her for anything because of the Ling family. She even treated her well, making her feel like she had returned to the past and really found her mother.

This made her happy. Just like when she was young, she couldn't wait to run home and share things with her mother.

When she reached the door, all she heard was...

"You've been treating Xiao Huan so well recently. What are you after?" Xue Hua asked.

"Mom, what are you saying? Why do I have to have a motive for treating my daughter well?" Xue Yun said unhappily.

"You were so biased previously, saying how Xiao Huan was making things difficult for you, but later on, you completely stopped talking about that matter and even spent so much effort to be good to Xiao Huan. This is very illogical. I'm afraid you have other intentions. Let me tell you, you can't think of doing anything bad to Xiao Huan!" Xue Hua warned.

"Mom, I'm your biological daughter! How can you think of me this way?!"

"You're now too different from how you were. I can't help but think about this."

People's feelings could really change. Just like how she used to care about this daughter the most, now, the person she cared about the most was her granddaughter.

Although Xue Yun was very unhappy that Xue Hua said this about her, this was her mother. What could she do? She could only promise, "Mom, just relax! I will definitely not do anything bad to Xiao Huan. Ling Feng said that if there's anything from now on, he will tell Junyan directly. I just need to be good to Xiao Huan. Hence, I really just want to be good to Xiao Huan!"

"It's good that you really want to be good to Xiao Huan." Xue Hua was relieved.

"Mom, Xiao Huan is my biological daughter!" There was no way she would want to harm her!

"It's good that you remember that she's your biological daughter."

Xue Hua was relieved by Xue Yun's words.

However, after hearing such a conversation, Mu Huan was no longer as excited as before.

It turned out that her mother had been treating her so well these days because Ling Feng had been told to look for Bo Junyan directly if there was anything he needed. Ling Feng had asked Xue Yun to treat her well. Hence, she no longer blamed Mu Huan for making things difficult for her. She treated her so well that she was almost fawning over her...

"Oh, right. You said that you lost your memory. Why are you called Xue Yun now? Don't tell me that you just came up with a random name and coincidentally had the same surname as me?" Xue Hua thought of this question.

"I don't know why, but I remembered that my surname was Xue back then. Then, Ling Feng gave me the name Xue Yun. It's probably because even if I lost my memory, I would still think of you, Mom. That's why I remember my surname is Xue," Xue Yun said.

"I see... I say, you..."

Mu Huan turned around and left without another word.

In fact, she had long known that there were some things from the past that could never be returned. It was just that she was unwilling to admit it and only wanted to regain the beauty of the past.

The more one cared about something, the more one would be hurt.

Although it was only a few sentences and there was no blood on the wound, it was still unbearable.

...

"Hubby!"

Just as Bo Junyan entered the house, Mu Huan pounced on him and he instinctively reached out to hug her.

"Hubby, I love you! I love you! I love my Hubby the most in the world!"

Chapter 938: He Treats Her Well (7)

Mu Huan hugged his neck to express her love for him.

Bo Junyan smiled and lowered his head to kiss her. "What's wrong?"

She was so enthusiastic today.

"I suddenly realized that my husband treats me so well. I'm so touched that I want to cry!" In order to let her enjoy motherly love and make her happy and carefree, he had discussed some conditions with Ling Feng to make him do that.

"What, did you just realize?"

"Because I'm too stupid!"

"Yes, a little." Bo Junyan nodded.

Mu Huan: "..."

She was just being modest, and he actually thought that she was really stupid!

"How am I stupid?!" She pouted.

"You said you were stupid, so why are you asking me?"

Mu Huan: "...!!"

Why couldn't she just chat with her husband? Every time, she could kill herself!

"Hmph! I'm ignoring you!" She snorted arrogantly and twisted her body to get down.

Bo Junyan hugged her even tighter, making her unable to move. Then, with a smile, he lowered his head and whispered something into her ear.

Mu Huan was so embarrassed that she reached out to pinch him, but she was so tired that she couldn't move or hurt him.

Instead, she pushed him upstairs.

Until noon the next day.

"Hubby, what agreement did you make with Ling Feng? You don't have to suffer or cooperate with him because of me. No matter what my mom says, I'll be fine!" Mu Huan didn't want him to sacrifice his interests for her.

She didn't want to become his weakness that could make him do whatever others wanted because of her.

No matter what their relationship was, it should not affect him.

"I didn't make any promises. Some things are just convenient," Bo Junyan said.

"There are so many things to do." Mu Huan didn't believe that things were as simple as he said.

"There are gains and losses in everything. Think about what you can get by doing this. Don't think about those small losses." Bo Junyan caressed her head.

Mu Huan knew that with her mother's company, her granny was much happier. Recently, no matter if it was eating or other physical indicators, she was getting better and better. If her relationship with her mother wasn't good and they fought every day, her granny would definitely be in a bad mood and her health would get worse.

But...

"Hubby, I keep feeling like I'm a burden to you. I don't like it, and I don't want to be your weakness." Mu Huan didn't like this. She wanted to give the person she liked the best and not become his weakness.

"How can you be a burden? You're my wife, what's mine is yours, and what's yours is mine. We're not different and no one is a burden to each other. Besides, it's really something that doesn't matter. I have a bottom line, so don't worry."

"Hubby..." Mu Huan was so touched that she wanted to cry.

In this world, he had no blood relations with her, but only he treated her so well, better than anyone else.

"You're not allowed to cry." No matter what the reason was, he did not want to see her tears.

Mu Huan, who could not cry, could only look at him like that.

That adorable look made Bo Junyan unable to control himself and he lowered his head...

He had never thought that one day, he would like someone so much. She didn't need to do anything. Just looking at her would make him crazy for her and make him willing to give her everything...

At the Fu residence...

When Shangguan Yu returned from the coffee shop, she realized that the living room decoration at her house had been changed a lot. Just as she was about to call Fu Siye to ask what was going on...

Fu Siye and Gu Lingyin came downstairs one after another.

Chapter 939: He Treats Her Well (8)

Then they saw her.

Gu Lingyin immediately stepped forward and grabbed Fu Siye's arm.

Although Fu Siye frowned, he did not shake her hand off.

Shangguan Yu clenched her fists tightly!

She suppressed her urge to rush forward. "Siye, what's going on?"

Why was Gu Lingyin at her house?! And did she change the decorations in the living room?

"Lingyin's house caught fire. She has nowhere to stay and will be staying here temporarily," Fu Siye said lightly.

Shangguan Yu looked at Fu Siye. In the end, she turned around and left without saying anything.

Seeing that she had left just like that, Fu Siye's initially furrowed eyebrows were now in a dead knot.

Without waiting for Gu Lingyin to say anything, he withdrew his arm and chased after her.

When he chased after her, Shangguan Yu was about to get into the car.

He stopped her. "It's so late, what are you doing?"

Shangguan Yu did not speak.

"She's only staying here for a few days. You don't have to be so petty that you can't even tolerate this. Her house has been destroyed and she has nowhere to go..."

"Nowhere else to go? Fu Siye, don't you get embarrassed when you say such words? Nowadays, the streets are filled with hotels. Even if she can't go to a hotel, you have so many properties under your name. You can just let her stay there, but you let her stay here!" Shangguan Yu wanted to laugh. She really wanted to laugh!

She thought that no matter how angry he was with her, he wouldn't blame her...

But in the end, she had overestimated her position in his heart!

He didn't have her in his heart at all. He didn't care what she would do if he did this. He even did this on purpose to make her suffer!

"She doesn't dare to live alone."

Shangguan Yu immediately retorted, "How many people does she need? I can find someone to accompany her!"

“Shangguan Yu!” Fu Siye’s expression darkened and his voice was filled with danger.

“Why, are you angry from embarrassment? Or...” Shangguan Yu, who was about to say something, suddenly stopped. After a while, she said, “Hurry up and go back. Didn’t you say that she was afraid of being alone? She’s still waiting for you!”

If he had done all these just to make her sad and upset, it was useless for her to say anything else. There was no need for her to waste her breath.

“Shangguan Yu, what tricks are you playing this time?” She was most concerned about Gu Lingyin’s intention to move in, but she wasn’t crazy. She didn’t want to fight with him and even wanted him to go back and accompany Gu Lingyin!

“You’re so smart. What tricks do you think I’m playing?” In the past, when he misunderstood her, she would try her best to explain herself. But now, she wouldn’t.

He could think whatever he wanted!

If he felt that she was scheming, then she was scheming. If he felt that she was unforgivable, then she was unforgivable!

“Shangguan Yu...” Just as Fu Siye was about to say something...

Gu Lingyin’s voice came from behind him. “Siye, didn’t you want to go shopping at the supermarket with me? Aren’t we leaving?”

“Shopping at the supermarket and buying things? CEO Fu, you’re so free! I won’t hold you up, then!” As Shangguan Yu spoke, she pulled open the car door open and was about to enter, but the car door was tightly pressed by Fu Siye.

He explained, “I’m just taking her to buy some daily necessities.”

“Why are you telling me this? I don’t want to know what you’re taking her out to buy. I don’t care even if you take her to a hotel! I’m going anyway!” Shangguan Yu said.

She had to do something. If she didn’t, she would go crazy!

He actually brought this woman to stay at her house! He allowed her to destroy her house! Now, he even wanted to accompany her to the supermarket!

Chapter 940: He Treats Her Well (9)

Ha...

“What do you mean?”

“All along, my love for you has always been a burden to you. You didn’t want me to like you so much, and now, you’re making me suffer. All these things you’ve done, aren’t you just trying to get me to divorce you? Alright, I’ll go out now. When I meet a man, you can hold it against me! When the time comes, after everything is over, I’ll inform you that you can count it as me having an affair. I’ll leave with nothing!”

Waiting for her heart to die was too torturous, so much so that she wanted to go crazy!

She didn't want to wait anymore. Let's cut off all ties tonight!

"Fu Siye, after tonight, I'll return your freedom! I'll give you everything you want!" She didn't want to wait anymore. She really didn't want to wait anymore...

She really didn't want to bear this heartache anymore.

Fu Siye's gaze suddenly became terrifyingly sinister. He sneered and said, "Shangguan Yu, do you think I'll fall for your trick? This isn't the first time you've used this method! You should know that I don't care about this at all. If you want to do this, then go!"

"Okay." Shangguan Yu nodded.

Previously, she had been using all sorts of ways to test if he really had no feelings for her because she had a feeling that he liked her too.

What he meant by her using such means was that she had deliberately gotten close to another man to make him jealous.

After that test, she finally realized that he didn't like her at all.

This was because no man would be able to remain indifferent when he saw the woman he liked with another man.

When he heard her agreement, Fu Siye's expression became even more sinister and ugly. "Shangguan Yu, don't go overboard! You should know that my tolerance for you is limited!"

"Yes, I know."

"If you know, then you'd better go back to your room obediently! Stop fooling around with these useless things!"

"After tonight, you'll know that I'm not fooling around," Shangguan Yu said seriously.

She was a clean freak. The only one she could give it to was him.

If she were to give it to someone else, then no matter how much she loved him, she could no longer be with him. This way, they could completely end their relationship. This would also be considered as her having an affair during her marriage and violating the previous agreement. She would leave the marriage with nothing and he would not have to suffer any losses.

This was also the last thing she could do for him.

"Shangguan Yu, don't be so harsh with your words. If you have the capability, then go ahead and do it! Also, if you really want to do it, then do it secretly. Why are you telling me this? Are you trying to test me and want me to stop you?" Fu Siye looked at her mockingly, feeling that she wasn't really trying to do it but testing him.

Although she was unprecedentedly serious, her acting had always been good. This seriousness must be her acting skills.

Why would someone who really wanted to do this say such things to him?

It was just like how people who really wanted to commit suicide would definitely succeed and not give anyone a chance to react. Hence, he felt that Shangguan Yu was only like this because Gu Lingyin had moved in. If she was unhappy and continued to make a fuss, she would definitely not dare to do this.

His words made Shangguan Yu's face turn pale.

Indeed, even though she had made up her mind, she still hoped that he would care about her and stop her.

But this hope fell to the ground again and shattered into pieces.

"Okay." She quietly went to do just that.
