

## **Fake Marriage 941**

### **Chapter 941: Don't Give Her Hope (1)**

Fu Siye frowned. What did she mean by that?

Just as he was about to say something...

Shangguan Yu said, "I'm going back to my room. You guys can take your time shopping."

With that, she turned around and left.

When she passed by Gu Lingyin, Gu Lingyin looked at her arrogantly, as if she was a high and mighty victor.

But Shangguan Yu did not spare her a glance.

The only person who could hurt her was Fu Siye.

Fu Siye looked at her back and frowned deeply. Although she had gone back and he felt that she would not really do such a thing, he still felt that she was acting different tonight.

"Siye, let's go. If we stay any longer, the supermarket will close," Gu Lingyin said as she stepped forward.

She was a woman and could tell that Shangguan Yu was serious just now. She wasn't just making a fuss. She really intended to do what she said. She'd probably turn around and leave the moment they left.

Hence, Gu Lingyin could not wait to take Fu Siye away.

She knew that it was impossible between her and Fu Siye. Fu Siye only let her off because he felt guilty toward her. Even so, if she couldn't have a good life, Shangguan Yu wouldn't be able to either. Fu Siye could belong to anyone but Shangguan Yu!

Although Fu Siye felt that Shangguan Yu was different today, he was used to ignoring her and did not think much about it. He hummed in acknowledgment and brought along Gu Lingyin to go out.

Not long after they left...

Shangguan Yu went out.

She went to a bar and, after getting drunk, went to a hotel with a man.

She knew that she had done this on impulse. The next day, she would definitely regret it so much that she wanted to die! But even if she died, that would feel better than what she was feeling now.

She was really tired and in pain...

She didn't want to continue.

However, her love for him had already penetrated deep into her bones. No matter how hard she tried, she could not pull it out. No matter how much she got hurt, she could not completely let go. She could not help but have hope. Then, she would be disappointed again and again, ending up in pain. That repeated cycle was really unbearable! Hence, she had to end it!

She was afraid that she would go back on her words at the last minute. Hence, she got dead drunk and could not run away even if she wanted to.

...

After Fu Siye and Gu Lingyin returned, he realized that Shangguan Yu wasn't in the bedroom. He went to the guest room but couldn't find her. Feeling that something was amiss, he hurriedly went to look through the surveillance video at the entrance.

Then, he realized that not long after they left, Shangguan Yu had driven out. When he thought about what she had said before, that perhaps she was saying that she would really do it secretly, his expression instantly darkened!

Although he had told himself that this might be a trick of Shangguan Yu, she had always liked to do such things. Even if she disappeared, he didn't have to worry. She definitely wouldn't dare to do anything.

But no matter what his rationality told him, he couldn't control himself. Like before, he hurriedly investigated Shangguan Yu's whereabouts and rushed to that bar.

When he found out that Shangguan Yu got dead drunk and had left with a man, Fu Siye's expression was so ugly that it looked like he wanted to destroy the entire world!

When Fu Siye arrived at the hotel...

Shangguan Yu had already had her coat taken off.

When he opened the door and saw this scene, Fu Siye's eyes instantly reddened. He grabbed the man and threw him aside.

Then, he started to beat him up until his bodyguards felt that if he continued to beat him up like this, he would kill him. They went up to stop him, and only then did he stop.

## **Chapter 942: Don't Give Her Hope (2)**

After the bodyguard left with the man, Fu Siye looked at the unconscious Shangguan Yu on the bed.

He saw her exposed skin.

At the thought of what would have happened if he'd been a step late, he was about to explode!

He strode forward and grabbed her, shouting angrily, "Shangguan Yu, are you crazy?!"

She actually did such a thing! And she was so drunk! She didn't have other plans like she did in the past!

Shangguan Yu, who was woken up by his shout, opened her misty eyes.

"Why... why is it you... You can't do it... It doesn't matter who it is... Only you, Fu Siye, it can't be you... Go away... Go away..." Shangguan Yu waved him away.

She wanted someone else, not him!

Fu Siye could tell that Shangguan Yu was really drunk, so he became even angrier!

“Shangguan Yu, don’t think that this will work!” She actually dared to do such a thing! Was she crazy or did she think that he would find her no matter what? That he would stop her?

“It’s useless... I know... it’s useless no matter what I do...” Even though she was drunk, Shangguan Yu was very sensitive to his words and would respond involuntarily.

She knew that no matter what she did, it would be useless.

He didn’t like her. No matter what she did, it was useless.

“Apart from this matter, I’ll never... ever do anything else... Go away, don’t hold me up... After tonight, the two of us will be completely free...”

When they first got married, the elders of the two families had agreed that if either of them had an affair, this marriage would end, and the other party would have to leave with nothing.

This was the only thing she could give him now. This was the last thing she could do for him. After this, she could no longer do anything for him. This was the last thing she could give him.

Seeing that she still wanted to do this, Fu Siye suddenly released his grip and let her fall.

He had never been so furious before. He was so angry that he wanted to destroy the world. She was actually for real! She really wanted to do that!

What was she thinking? Was she really crazy?

Shangguan Yu, who was already drunk, became even dizzier after being dropped by him.

However, when he came up to her, she still recognized him. She pushed him and said, “No... I don’t want you... I want someone else...”

“I don’t want to like you anymore... I’m so tired... It hurts... I don’t want to like you anymore...”

She didn’t want to like him anymore, which made Fu Siye’s anger explode to the extreme.

He lowered his head.

...

When Shangguan Yu woke up, she was already on the plane. She widened her eyes in shock and sat up straight.

What was going on? Why was she on a plane?

Seeing that she had woken up, Fu Siye, who was busy with work, stopped what he was doing and looked at her. “Are you hungry? What do you want to eat?”

Shangguan Yu looked at him with a dazed expression. It had been a long time since she had seen his concerned expression.

She felt like she was dreaming.

She could only stare at him in a daze.

Fu Siye, who did not get a response from her, reached out and lifted her chin. "Still not sober?"

Shangguan Yu did not speak and only looked at him.

If this was a dream, she hoped that she would not wake up.

She really loved him so much. Even though she was about to let go, she still couldn't stop herself from loving him.

Fu Siye looked at her in a daze and frowned. Had she not sobered up yet? "You're not allowed to drink so much next time!"

### **Chapter 943: Don't Give Her Hope (3)**

At this point, he recalled what had happened last night. If he hadn't arrived in time... his expression turned dark and dangerous.

He ordered sternly, "Shangguan Yu, don't do such things again!"

His dark and dangerous expression snapped Shangguan Yu back to her senses.

Her dream was as short as ever.

"Why? Isn't it good for me to do this? This way, you'll be completely free." The reason she was here now was probably because he had found her last night. This made her feel fortunate, but at the same time, she was also very tired. She didn't understand why he wanted to find her and why he wanted to stop such a thing from happening. Didn't he do all these to hurt her and force her to divorce him?

She wanted to help him, so why would he stop her?

Did he know how much courage she'd had to muster to make such a decision?

"You shouldn't have stopped me. You've missed such a good opportunity. There won't be a next time." She felt that she didn't have the courage to make such a decision again. It was really gone...

Fu Siye heaved a sigh of relief when he heard her words. The reason he had taken her to the plane was that he was afraid that she would cause a scene at home.

"Why did you stop me? Didn't you want a divorce?" Shangguan Yu, who did not get an answer, asked again.

"I promised your grandfather that I would take care of you for the rest of my life. I won't let you ruin yourself like that. You're not allowed to do such crazy things again!" Although he had said that earlier, in order to be safe, Fu Siye emphasized this again.

Shangguan Yu knew that he was a man who kept his promises. He would do what he promised. Hence, all these years, he had not used any other means to force her to divorce.

Hence, he stopped her from doing such a thing purely because he didn't want her to defile herself.

She looked down and smiled bitterly.

Although she shouldn't have held hope, she couldn't help but have hope every time. She hoped that he would do this. There was a trace of him caring for her, but every time, her hope would turn into despair.

But she still could never learn her lesson. Next time, she would still be hopeful.

For some reason, Fu Siye found it increasingly unbearable to look at her. He laughed bitterly at himself and changed the topic. "What do you want to eat?"

But Shangguan Yu did not respond. She closed her eyes and did not speak.

Unable to get a response from her, Fu Siye raised his voice and shouted, "Shangguan Yu."

"Fu Siye, since you want me to leave on my own, then don't treat me any better if you want to be free. Otherwise, I'll pester you for the rest of my life!" She didn't want him to give her that kind of despair, only to then give her gentleness, care, and hope.

She really didn't want to continue this cycle!

It had always been like this since she was young. Every time she was tired and in so much pain that she could not bear it any longer, he would always show his gentleness. His concern made her feel that he definitely liked her a little in his heart. It made her have new hope and renewed strength to continue persisting.

However, if she continued to persevere, what she'd get was his disgust and loathing.

All these years, it had been a cycle. She was really... really tired...

Fu Siye: "..."

"Siye, I'm really tired now. I'm very tired. I might not be able to hold on for much longer. If you want freedom, then you really shouldn't have the slightest bit of concern for me. I know you're a person who keeps your promises."

#### **Chapter 944: Don't Give Her Hope (4)**

"But I'm already an adult. I'll take care of myself. No matter what I do, I'll be responsible for my own actions. You really don't have to care about me."

Back then, when they got married, her grandfather had given the Shangguan family to the Fu family on one condition. It was that this marriage could only be divorced when she wanted to. If Fu Siye had an affair, he would leave the marriage with nothing. Although she'd also have to leave the marriage with nothing, this condition was beneficial to him because they knew how much she loved him. If she was going to have an affair, that meant she definitely did not love him anymore. If she didn't love him, she could just propose a divorce. There was no need for her to have an affair.

Hence, this condition only affected Fu Siye. He could only wait for her to give up and for her to want a divorce. That was why he had been hurting her all these years and forcing her to let go.

As Shangguan Yu spoke, she kept her eyes closed. She did not dare to look at him, afraid that if she looked at his face, she would only want to be with him and not say such things.

Because her eyes were closed, she did not see the complicated struggle in Fu Siye's eyes.

In the past, when she said that she wanted to let go, she was always only playing hard to get. She was always testing him. Now, he could tell that she was really tired. She really could not hold on anymore.

In fact, she resolutely even wanted to do such a thing last night to completely break her heart.

He should have been happy because the freedom he had always wanted was about to arrive, but...

Why? Why was he so unable to accept it?

"If you don't want me to defile myself, fine. I won't defile myself. After we land, I'll go back. I'll try my best to find a man to like and have an affair with. From now on, you really don't have to care about me anymore." The reason she wanted to cheat on him was that she wanted to give him everything.

She didn't need those assets. She only needed that coffee shop.

When Fu Siye heard her words, he couldn't tell what he was feeling. He didn't want to think too much about it either. He just followed his instincts and lowered his head to stop her red lips harshly. He didn't want to hear her say these things again.

Shangguan Yu opened her eyes and looked at him.

Look, it's always like this.

Whenever she was exhausted and in despair, he would always do something like this, making her feel that he actually liked her. It was only because of the misunderstandings in the past and because he couldn't let go of such things that he treated her this way.

She just had to wait. One day, he would let go of those things and be happy with her.

But...

It had been six years. All she had been waiting for was despair and pain.

Her tears fell without warning.

After a long time...

"Siye, if you really don't like me at all, then don't treat me like this from now on, alright?" In the past, after this, she would always ask him with anticipation if he was like this because he liked her.

But every time, she would feel despair. This made her not want to ask that anymore.

"Just take it that I'm begging you..."

She didn't want to be so petty, but her love was so petty.

If possible, she really didn't want to love him so much. She really didn't...

It would be great if the human brain could be like a computer. If the person didn't want something, they could just delete it forever and leave no trace.

Fu Siye really could not bear to hear her words and lowered his head again.

Shangguan Yu wanted to push him away, but she also didn't want to.

Even though she knew that sinking into hell would only bring her endless pain, she still couldn't get out of it...

### **Chapter 945: It's Good to Be Rich**

At the Bo residence...

"Hubby, look, I'm the top scorer in all subjects!" As soon as Mu Huan got into the car, she excitedly showed Bo Junyan her results.

"That's great." Bo Junyan was improving more and more when it came to praising his wife.

"Right?! I think I'm awesome too!" Mu Huan said happily.

Bo Junyan smiled and kissed her.

Mu Huan hugged his arm and looked up. "Hubby, I did so well in the exam. Is there a reward?"

"Reward?" Bo Junyan's eyes burned.

"It's not the kind of reward you want." Mu Huan now understood Bo Junyan more and more. With a change in his expression, she knew what he was thinking.

Bo Junyan: "..."

"Hubby, do you have something important to do tomorrow?"

Bo Junyan thought about it and said, "Nothing important."

"Then can you skip work for a day?"

"What's wrong?"

"Let's go on a date tomorrow! We've never dated before!" Mu Huan said expectantly.

Even if others got married after meeting through a blind date, they would only get married after going on a few dates. The first time the two of them met was a blind date, and the second time they met, they got their marriage certificate. They had never even dated before.

Let's arrange a meeting as a reward!

"Alright." Bo Junyan always agreed to whatever she said.

"Then let's go to Disneyland tomorrow! There are fewer people than during Saturday and Sunday, but we can have fun!"

"Disneyland?"

"Yes!"

Bo Junyan: "..."

Wasn't that a place where children played? Why were they going there on a date?

Didn't couples go shopping, eating, and watching movies?

"I haven't been to Disneyland yet, but I want to go!" When Mu Huan was young, all her classmates had gone to Disneyland to play. At that time, there was no Disneyland in the country, and she wanted to go overseas as well. Hence, she'd pestered her parents to bring her along. They promised her that if she could get first in the entire grade, they would bring her along. She had gotten first in her grade, but even now, she had never been there.

Now, she was no longer their favorite.

They were supposed to be the closest relationship she had in the world, but...

Realizing what she was thinking, Mu Huan stopped her train of thought and looked at Bo Junyan. She smiled and said, "Hubby, let's go to Disneyland, shall we? I really want to go and play with the person I love the most!"

A dream had to be fulfilled.

A husband like her could match everything.

Being called her favorite person had completely pleased Bo Junyan. "Alright."

"Hubby, I love you! I love you!" Mu Huan happily planted a few kisses on his face.

Bo Junyan reached out and pulled her into his embrace.

He didn't want much; this was good enough.

His little cutie was happy every day, sweetly calling him Hubby, letting him hug and kiss her.

...

Mu Huan initially thought that since it wasn't the weekend, there wouldn't be many people at Disneyland, but...

In fact, it would take them more than an hour just to get inside.

This made her break out in a cold sweat. Were there so many people who skipped classes? There were so many people on a daily basis.

Looking at the huge crowd, she felt a headache coming on. "Why don't we go play something else..."

It wasn't a big deal for her to queue, but she didn't want her husband to queue with her. After all, every minute of his was worth so much.

Bo Junyan said lightly, "No need."

Mu Huan was about to say something when PA Wang walked over with a member of the staff behind him.

Entering through the VIP passageway would not take too long.

Mu Huan: "..."

She could only say that being rich was good!

## Chapter 946: Give Me a Clean Break (1)

Bo Junyan had never been to Disneyland because he had never been interested in amusement parks and the like since he was young. He found these amusement facilities childish and felt that playing there was a waste of time. However, after the person next to him became his wife, he no longer felt that it was childish. He even felt that it was very interesting to play around. This was because she would smile like a child whenever she had childish and interesting pursuits.

She would be excited and scream during dangerous rides. Her expression would change so much that he could not take it.

With her around, even the most boring things would become interesting.

Compared to Bo Junyan, who felt that Mu Huan's expression was changing so much, Mu Huan felt that her husband's expression really did not change at all!

No matter how dangerous and exciting the attraction was, his expression remained unchanged.

After going on a super thrilling ride...

"Hubby, are you feeling bored?" Mu Huan still wanted to go on other rides, but she didn't want her husband to be so bored while accompanying her. She wanted him to go to the side to rest or deal with work, so she could go and play by herself.

"No."

"Hubby, you don't have to say no just because you're taking care of me. I'm not a three-year-old child who needs to be accompanied. I can go and play by myself."

Bo Junyan reached out and pulled her into his embrace. He lowered his head and kissed her. "Looking at you is the most interesting thing in the world. If you don't let me accompany you, I'll feel bored."

"Hubby..." Mu Huan didn't know what to say and kissed him back.

Her husband was a straightforward man who didn't even know how to chat. He often killed the conversation, but such a person who didn't know how to talk often made her heart flutter!

The most moving words of love in this world were those that were not meant for love!

After a while...

"Hubby, I don't want to play anymore. I want to go home." Mu Huan was a passionate person. Once she had confirmed the love in her heart, she wished she could give him everything she had. She loved him without any reservations.

"Yes." This was his favorite.

From the initial mutual affection to fondness, to passionate love, and now, after the collapse, to their deep love, the bond between Bo Junyan and Mu Huan had reached its most profound state.

At this moment, they both felt that they could grow old and live forever. They felt that nothing in this world could separate them.

S Country...

An urgent matter had forced Fu Siye to come to S Country, but because Shangguan Yu did such a thing last night, he'd brought her here.

But after landing, Shangguan Yu wanted to return.

"We'll go back together in three days." Fu Siye would not let her go back by herself.

"Why do we have to go back together?" He had never liked it when she followed him. Sometimes, even when she was concerned about him, he would think that she wanted to control his whereabouts. She didn't understand why he wanted to keep her here and insisted on going back with her.

Didn't he hate being with her the most? Didn't he really want to end this marriage? Why was he thinking that way now?

"Why can't we go back together? Can't we go back together?" Fu Siye asked.

"You should know what I'm asking." He was smart enough to know that she wasn't asking if they could go back together.

Fu Siye remained silent.

Seeing him like this, Shangguan Yu felt really tired of being kind. "Siye, I really don't want to continue like this. If you want freedom, let me leave. I'll really work hard to like another man, I'll..."

### **Chapter 947: Give Me a Clean Break (2)**

Before Shangguan Yu could finish speaking...

Fu Siye kissed her.

He didn't know what was wrong with her. She kept saying things like this and he couldn't bear to hear them.

Fu Siye could not bear to hear her say that she'd like another man or that she was going to have an affair with another man.

Yes, he really wanted freedom and did not want this marriage that she had schemed to achieve.

But he didn't want her to like another man.

He couldn't even imagine such a thing and such a scene!

After a while...

"Fu Siye, you can't be like this. You can't give me hope again and again, then make me fall into the abyss of despair again and again..." As Shangguan Yu spoke, tears rolled down her face silently.

"Even if we grew up together, even if it's on account of my grandfather once saving your life, don't treat me this well, alright? If you like me, even if it's just a little, no... even if you don't like me, if you want this marriage and want to continue living with me, as long as you answer clearly, I will be with you for the rest of my life.

“But you can’t do this. You can’t hate me so much and want to end this marriage but not allow me to do this. What do you want to do by doing that? Tell me honestly, can you give me a confirmation?!”

Shangguan Yu didn’t understand. She didn’t know what he wanted. She really wanted to understand and make a decision. She didn’t want to keep being like this. She didn’t want to repeatedly go from hope to despair!

Fu Siye remained silent because he didn’t know what he wanted to say or what he could say. He didn’t know what he was thinking.

“Siye, you should know that if I really wanted to do something, I would be able to do it even if you were to tie me up like this. Hence, if you’re only worried about me and are afraid that I’ll do something that would ruin myself, you can rest assured that I won’t do it. I’ll find someone...”

Before Shangguan Yu could finish speaking, Fu Siye kissed her again.

But this time, she dodged.

“Fu Siye, I want to make myself clear today! If you don’t give me an explanation, I’ll...” As Shangguan Yu spoke, she looked and saw the fruit knife by the side. She reached out to take it, then placed it against her neck.

“If you don’t give me an explanation, I’ll die in front of you!”

Fu Siye’s gaze suddenly turned dangerous. “Shangguan Yu, it’s not what I want, it’s what you want! Why did you suddenly become like this? First, you did such a crazy thing, and now, you’re like this. Why can’t you be like before?”

All that she had ever done was for the sake of making him like her, not because she really... wanted another man.

“Like before?”

Fu Siye didn’t know how to answer Shangguan Yu’s question. He couldn’t possibly tell her that he wanted her to be like before, where everything she did was just to make him like her.

In the end, he could only say, “Put the knife down first.”

“No, you have to give me an explanation today. Do you still want this marriage or not?! If you don’t want it, then don’t stop me! If you do, then keep a distance from Gu Lingyin and make her leave my house immediately!” Shangguan Yu only wanted a quick death.

“Lingyin is only staying there for a few days, and you want to cause such a scene?” Could it be that all these things she did were just to chase Gu Lingyin away?

“This isn’t a matter of her staying!” Was this about that?

“This is a matter of her staying for a few days.”

### **Chapter 948: Give Me a Clean Break (3)**

“This is about her staying.” Fu Siye felt that this was about her staying for a few days.

It was impossible for there to be anything between him and Gu Lingyin. The intimate actions that Gu Lingyin had done to him were only because she had been hurt back then. Although she had never felt that she had done anything wrong, she had ultimately hurt Gu Lingyin.

Seeing him like this, Shangguan Yu felt even more tired and her head hurt.

“Alright, since you said she just needs a place to stay in, then you can let her stay however long you want her to. I’m only asking about our marriage. What exactly do you want?! Do you want this marriage to continue or end?! Give me a quick end!” He said that it was just a matter of her staying for a few days. It’s fine if Gu Lingyin was only staying there.

It was fine as long as she was not home when Shangguan Yu was around.

It didn’t matter, but he had to give her a clear explanation today.

Fu Siye looked at her and was silent for a while. “I’ll go get busy first. Wait for me here. I’ll tell you the answer when I return.”

“Can’t you give me an answer now? Is this a difficult question to answer?” Shangguan Yu didn’t want to wait any longer. She didn’t want to continue making guesses like that. All sorts of hopes and dreams tormented her.

“Yes, it’s a difficult question to answer,” Fu Siye said.

“How can this be a difficult question?! Do you want to...” Shangguan Yu suddenly stopped talking. In the past, he would always say directly that he didn’t want this marriage and wanted to divorce her. He wanted her to be sensible and leave by herself so that he wouldn’t hurt her.

But now, he actually felt that this was a difficult question to answer.

Was this because his feelings for her had changed?

When a person loved someone until they were crushed, they would always be like this. Clearly, they were mentally exhausted and could not live on, but because of a word of possibility from him and a sentence of hope, their heart would be revived.

She clearly told herself not to hold on to any hope, but she still held on to hope again and again.

There was really no way for a person to control their own feelings. If a person could control their own feelings, no one would want their love to be so tough and tiring.

After all, with Shangguan Yu’s qualities, the line of men who liked her could stretch from the north to the south.

If a person could live a happy life, no one would want to find trouble for themselves.

“Be good and I’ll give you the answer when I come back tonight.” Fu Siye really needed to consider before answering her question.

“I can wait for you, but you have to give me an answer tonight. If you don’t give it to me, I’ll find a chance to find another man. I...” Even though Shangguan Yu did not want to live in uneasiness and guess, she had waited for six years.

She could wait another day.

“Shangguan Yu! I don’t want to hear you say such things again. Don’t say such things again!” Fu Siye interrupted her sternly.

“Why don’t you want to hear it? Haven’t you always hoped that I’d fall in love with another man? Don’t you think that my love for you makes you feel suffocated? Isn’t it good if I gave give this sense of suffocation to others instead? At that time, I’ll like another man just like how I like you. I won’t pester you anymore and you’ll be completely free.”

Apart from liking Fu Siye so pathetically, Shangguan Yu was a very smart person. She knew how to seize the opportunity to get what she wanted.

Just like now, she took the opportunity to test his sincerity.

However, by doing this, she could also let Fu Siye know that she was testing him and then treat this test as her scheme.

### **Chapter 949: Unwilling**

No one liked to be schemed against, especially someone of Fu Siye’s status.

Previously, he had treated Shangguan Yu as a trusted sister and doted on her, but she had schemed against him and climbed into his bed. She even made her grandfather use the fact that he had saved his life to force him to marry her.

He could not tolerate his life being plotted against and him being forced. Hence, he had never wanted this marriage. He had always wanted her to leave on her own. It had always been bad for her, but now that she wanted to leave, he really did not want it.

He knew that he was being very contradictory, but a person was not a blade of grass or a tree. In the six years of their married life, she was the only one with him. He had long gotten used to her existence, and he could not accept that thought of her belonging to another man and could not tolerate others touching her.

However, just like now, she was scheming to test him and get his love. It made him feel that if he continued to want this marriage, he would completely lose to her and be plotted against for the rest of his life.

He was indignant.

Unwilling to admit defeat, he was tricked by her just like that.

Hence, this was a difficult question for him to answer.

He looked at Shangguan Yu, his eyes full of disgust as he said, “Shangguan Yu, stop trying to test me! Don’t play such a trick! You’ll only make me hate you!”

Shangguan Yu’s heart, which had long become invincible, was still hurt at this moment.

She only wanted to get a clear understanding of his heart and what he wanted, but he felt that she was playing tricks.

Initially, she wanted to say that since he hated her so much, he should give her a quick death and then they could go their separate ways.

However, Fu Siye, who seemed to have seen through what she wanted to say, turned around and left first. "When I come back tonight, I'll give you the answer."

He needed time to make a decision.

Shangguan Yu did not chase after him, because she knew that even if she did, she would not be able to get anything out of him. If he asked her to wait for a day, she would wait for a day.

...

Because Ling Xiao was going to school, Xue Yun couldn't keep going to Yun Cheng. Hence, she wanted to bring Xue Hua to the Imperial Capital for a few days.

Mu Huan could tell that her granny wanted to see her daughter's living environment in the Imperial Capital, so she sent them off.

At noon, it was snowing heavily. It was still snowing heavily even after school ended in the afternoon. Due to the bad weather, the road was blocked.

It usually took Mu Huan only about ten minutes to get from school to the Bo family's house. However, she had already been stuck in traffic for half an hour. When she looked at the GPS, she saw that the traffic ahead was getting worse. She, who was in a hurry to go home and prepare dinner for Bo Junyan, got out of the car and planned to walk through the park opposite to go home.

It would take at most fifteen minutes to walk back from here.

After a day of heavy snowfall, the park had turned into a world of silver. When she stepped on the thick layer of snow, the crunching sound was especially refreshing.

When she heard the sound of footsteps approaching her quickly, Mu Huan instinctively turned around to see who it was. However, the other party's speed was even faster than her turning back. Before she could see clearly who it was, she was pulled against a firm chest.

That familiar aura made the danger she had felt earlier disappear completely.

She reached out to hug his waist and lifted her head. "Didn't you say that you have a meeting and can only go home later?"

He suddenly appeared behind her.

"I'm done with work." Meeting her eyes that only had him in them, Bo Junyan lowered his head and kissed her.

After a while...

"The details of the cooperation with NST have been finalized. The research lab will start being built tomorrow, and it will be ready in about three months. Also..."

**Chapter 950: A Sudden Loss (1)**

Bo Junyan wanted to tell his wife about this matter at the first instance, so he pushed the original meeting to tomorrow.

When she heard that he had settled this matter in such a short time, Mu Huan looked up with eyes full of admiration and love for her husband. "Hubby, you're really amazing!"

Bo Junyan couldn't help but lower his head and kiss her again.

He only let go of her when someone walked past.

"Let's go home." He held her hand.

"Okay." Mu Huan looked at him with eyes full of love.

"Don't look at me like that." If she looked at him like that again, they wouldn't be able to go home.

He was the only one in the world who could see her like this. Only he could see the look in her eyes that could make him lose control.

Mu Huan smiled and lowered her head.

The two of them walked hand in hand for a while.

Mu Huan thought of something and asked, "Hubby, didn't you say that Liu Changfeng is the only son?"

"Yes."

"If he's the only son, doesn't he have to inherit the family business?" Even with such a family fortune, he entered the entertainment industry. It looked like he really loved acting.

Bo Junyan said, "That's not his family's property."

Mu Huan was stunned. "What?"

With a look of disbelief, she asked, "It doesn't belong to his family?"

"Yes."

"Then why did you talk to his father?"

"His father is the current custodian." Bo Junyan saw that she was very interested and continued, "Liu Changfeng's father was originally a senior manager at Rui Hui Pharmaceutical. After the CEO of Rui Hui Pharmaceutical passed away, he became in charge of all the matters regarding Rui Hui Pharmaceutical."

"I see..." When Mu Huan heard this, she suddenly recalled that she still had something important to tell him. She patted her head and said, "Hubby, look at me. I forgot to tell you about this! "

"What is it?"

"My grandfather seemed to have left me a huge inheritance..." Mu Huan roughly told him about her grandfather's inheritance and then continued, "I wanted to wait for you to come back so that you could investigate. I didn't expect our relationship to become so bad after that. I forgot about this matter. I only recalled it when I heard about this."

At the mention of that time period, Bo Junyan's eyes darkened. "When we get back, I'll look through the things and get someone to investigate."

"Yes, yes!" Mu Huan nodded repeatedly. Then, with a beautiful expression, she said, "What if what my grandfather left me is a huge inheritance that's several times bigger than the Ling family's? If that's the case, your grandfather won't insist on you being with Ling Wei. This way, our family won't have any conflicts and can live happily!"

Last time, her mother-in-law had called to tell her that the old man was very unhappy overseas and often did not eat. His health was getting worse and worse. Her mother-in-law was so worried that her hair was turning white.

She did not want her mother-in-law, who was such a good person, to live such a miserable life. It would be great if there were no such conflicts.

Bo Junyan did not speak and only caressed her head.

S Country.

Shangguan Yu waited until the next morning for Fu Siye to return. However, when she saw his tired expression, she did not ask him and told him to rest first.

Fu Siye slept until the evening.

When he came downstairs after taking a shower, he saw that Shangguan Yu was making dinner.

The light of the sunset shone on her, making her glow. It was so beautiful that he was stunned.

Actually, he wasn't that tired this morning. It was just that he hadn't made a decision yet. That was why he was so worn out and wanted to wait a little longer to make a decision.
