

Fake Marriage 971

Chapter 971: Break Off (5)

If Shangguan Yu had not asked someone to seduce her like that, she would never have done anything to let Fu Siye down. She would have been Mrs. Fu by now, and all of this would have been hers!

It was all Shangguan Yu's doing! She was a despicable and shameless person!

"You treated her so well and doted on her like a sister, but she schemed against you and used the trust you gave her to climb into your bed and force you to marry her! Are you really willing to be schemed against by someone like her for the rest of your life?" Gu Lingyin had dated Fu Siye before, so she naturally knew him well and knew that Fu Siye was feeling indignant about this.

Fu Siye's eyes darkened. This was what made him most indignant. He treated Shangguan Yu so well and believed her completely. She had always said that she had never thought of forcing him to be with her, but in the end, she insisted on marrying him. No matter what he said, she had to marry him.

If she had never thought of forcing him to be with her, why did she insist on marrying him in the end?

If she was really as innocent as she said and did not know anything, then why did she have to marry him in the end?

He trusted her so much, but she was like that at the most critical moment...

Although Fu Siye had clearly only treated her as a sister and had no romantic feelings for her, ever since he found out that Shangguan Yu liked him, he had always treated her well before they slept together. Just as Gu Lingyin had said, he treated Shangguan Yu better than his girlfriend.

He always thought about Shangguan Yu.

He was so good to her that he often gave Shangguan Yu a feeling that he actually liked her. It was just that he had not realized it himself.

After he got a girlfriend, Shangguan Yu kept a distance from him. However, because the two families had a good relationship and often interacted, he often took the initiative to take care of her and worry about her life. This made Shangguan Yu, who liked him so much that she couldn't let go, even more unable to let go.

When her grandfather had introduced her to other outstanding prospects, she had also thought that since he already had a girlfriend, no matter what the reason was, no matter how much she couldn't let go, she should try to let go. However, in the end, those people had ended up with nothing.

He had always said that all he had done to her was what a brother who doted on his sister would do, but Shangguan Yu had never wanted to be his sister.

She had never called him brother since she was young.

"Siye, don't be fooled by her. A scheming person like her is best at pretending to be innocent and pitiful," Gu Lingyin said as she stepped forward.

"I know very well what kind of person she is. You don't have to say anything." Even though Fu Siye felt that Shangguan Yu was scheming and didn't deserve to be trusted, he couldn't bear to hear others say this about her.

"I have something on, so I'll take my leave first," Fu Siye said as he turned around and left.

"Siye, listen to me..." Before Gu Lingyin could finish speaking, she fainted.

Fu Siye, who had just taken a step, heard a plop behind him and instinctively turned around.

Seeing that Gu Lingyin had fainted on the ground, he hurriedly went up to see what was going on.

After he could not wake her up, he immediately picked her up and sent her to the hospital.

Fu Siye felt very guilty toward Gu Lingyin. He had once promised her that he would take care of her for the rest of her life, marry her, and treat her well. But later on, he went back on his words and even caused her to lose her right to be a mother.

Hence, even though she became unbearable later on, he still took good care of her.

Now that he saw her like this, he naturally took care of her first.

Chapter 972: Heart Is Dead (1)

After Shangguan Yu had prepared the meal and everything, she sat on the sofa and waited for Fu Siye to return. When she was waiting for him, she repeatedly thought about how she should open her mouth to talk about this matter. Although she had started to think about it after coming back from the hospital, she felt that it was not good to simply say this.

Hence, she had been thinking about how to say it in a better way.

By the time she had decided what to say, it was already past mealtime. In the first few years of their marriage, he had promised to come back for dinner. If he didn't come back at mealtime, she would call and urge him. After that, she didn't call again. But she had such an important matter to discuss with him today, so she naturally had to call and ask him.

"Siye, where are you? Are you reaching home soon?"

Fu Siye wanted to say that he was taking care of Gu Lingyin in the hospital and would not be going back today, but he thought that this would agitate her, so he said, "I'm busy. I won't be going back tonight."

If it were any other time, Shangguan Yu would have hung up without saying anything. However, she was especially anxious to see him today and talk to him. This was because this was the child she had been looking forward to for so many years. She wanted to do so many things for it.

This overflowing feeling could not be suppressed.

"Can I trouble you to spare an hour? I have something important to discuss with you. If you can't come back, I can go to the company to look for you. It only takes an hour, no, half an hour!" She couldn't wait to ask him about this tomorrow. She wanted to ask him today. She wanted to know what he planned and how she was going to arrange her future.

Fu Siye frowned. "What's so important?"

"I want to talk to you in person."

Fu Siye glanced at the unconscious Gu Lingyin. "We'll talk tomorrow. There's no time now."

He couldn't think of anything important that Shangguan Yu could talk about. Her social circle was too small, and it was impossible for her to have any urgent and important matters that had to be discussed immediately.

After a moment of silence, Shangguan Yu said, "If there's no way to meet, we can talk over the phone. Give me some time."

"Alright, go ahead."

"I want to ask you what you plan to do with our relationship. If I have a child, will you be a good father? Will you treat the child well? Will we be able to live like I told you before?"

Fu Siye: "..."

He knew that she wouldn't have anything important to talk to him about right now, but since she was so insistent on talking about it now, it made him feel that it should be something important.

Unexpectedly, she asked such a hypothetical question!

Was it necessary for her to talk to him now?

"Shangguan Yu, are you sick?" To her, such a thing was considered an extremely urgent matter! Previously, she had insisted on talking to him in person!

Shangguan Yu was stunned by his words. She had thought of all sorts of possible answers that he could give, but she did not expect him to say that she was sick...

She was stunned for a while.

"Alright, even if I'm sick, please answer my question seriously. This question is very important to me, even more important than your urgent business! Please think carefully and answer me honestly!" Shangguan Yu was afraid that he would be angry and feel that she was looking for trouble for no reason, so she deliberately emphasized that his answer was very important to her.

"I won't answer such a hypothetical question!"

Shangguan Yu fell silent again. This was because his reaction was completely different from what she had imagined. She could not use the conversation plan she had thought of.

Chapter 973: Heart Is Dead (2)

"I'm hanging up." Fu Siye was about to hang up.

"Wait a minute, I'm pregnant! Fu Siye, I'm pregnant! I want to know if you'll be a good father. Do you want our child?!" Shangguan Yu shouted hurriedly. Initially, she wanted to know the answer before deciding to tell him about her pregnancy. But now, if she didn't say anything, he wouldn't answer. She could only say it first because she didn't want to wait anxiously.

She had waited too long previously. That long period of time had made her anxious to the limit of what she could bear. Now, she couldn't wait any longer. Every second felt unbearable. She wanted to know the answer immediately.

Just a while ago, she was only asking hypothetically what if she was pregnant. Since he did not answer, she was now really pregnant.

Naturally, Fu Siye would not think that she was really pregnant.

Recently, she had been testing him repeatedly, and now, she was using this method to force him to make a decision. This made him extremely angry. "If I wanted to have a child with you, then why have you never gotten pregnant all these years?!"

His words exploded inside Shangguan Yu's head like a bomb, making her mind go blank. After a while, she snapped back to her senses. "This... all these years, I... I couldn't get pregnant... because... you didn't want it? You... did something?"

All these years, they had a normal married life, and they did not avoid each other. He had no problems, but she could not get pregnant. She thought that she had a problem and went to the hospital to take all sorts of tests and prescriptions, but it was all useless. This had always made her suffer deeply. For this, she even went to see a psychiatrist.

But...

This was actually because he didn't want her child.

"Yes," Fu Siye admitted directly.

He would never know how much damage his words had inflicted on Shangguan Yu. This admission had directly pulled out her tendons, shattered her bones, and destroyed everything she had...

She did not speak again.

She was speechless.

It turned out that he hated her so much.

She thought that he actually liked her. It turned out that she just did not realize the truth because of her stupid self-righteousness...

He didn't like her at all.

Because if there was even a hint of love, things wouldn't be like this...

Ha...

She had actually thought so highly of herself for so many years. She actually...

Tears fell unconsciously.

"Now, you can give up!" Fu Siye hung up after saying that. Don't test him like this again and force him to make a decision. He was already working hard to let go of that indignation. He would completely let it go!

Shangguan Yu's hand that was holding the phone slipped off and the phone fell to the ground with a thud.

Yes, she could give up now.

The hope that was supporting her all these years had been completely destroyed.

She sat on the sofa and did so for a long time. It was as if a century had passed. She wanted to stand up, but she couldn't...

After a while...

Only then did she have the strength to stand up and return to her room.

It didn't matter.

Even without him, she would still have a baby. Fortunately, she had asked him ahead of time. Otherwise, it would have been too unfortunate for her baby to live in such an unloving family.

She had a baby. From now on, she...

Suddenly, she missed a step and fell forward.

At first, she was still in a daze.

When she snapped back to her senses and realized that she was pregnant and it was dangerous for her to fall, she had already fallen. She could only widen her eyes in horror.

Chapter 974: Heart Is Dead (3)

She lay on the ground motionless.

Until she felt warm blood flowing out.

She frantically looked for her phone for help, but she couldn't stand up no matter what. She could only crawl over.

After finding her phone, she instinctively called Fu Siye.

"Siye... save me... save the baby..." She was so scared, so scared... really scared... so scared...

"Shangguan Yu, can you stop using such methods?! If you do this, I'll only be annoyed with you!" When Fu Siye heard her words, he felt that she was playing tricks again. In the past, she had done this before. She'd called him so fearfully and asked him to save her. He'd rushed home, but in the end, it was just because a little crayfish had crawled out...

"I didn't... Siye, save..." Before Shangguan Yu could finish speaking, she heard Gu Lingyin's voice.

Siye, I feel terrible...

Fu Siye immediately went to take care of her and hung up without saying a word.

Shangguan Yu looked at her phone and felt like she had been thrown into a thousand-year-old icehouse. The blood in her bones instantly froze.

When she snapped back to her senses, she called 120 while trembling.

Then, she crawled to the door and opened it. She forced herself to stand up. After opening the door, she slumped down.

Blood was still flowing.

The places she had crawled on were all...

It was a shocking sight. It made her so afraid that she couldn't breathe. She was so afraid... that a dark whirlpool appeared in front of her eyes. That whirlpool was filled with cold despair and took away her consciousness.

When she woke up...

She was already in the hospital.

It was the next morning. Sunlight shone through the glass window. The weather was so beautiful that she could not regain her senses when she opened her eyes. It was as if everything was just a nightmare. It was only when the nurse saw that she had woken up and walked over to talk to her that she snapped back to her senses.

As she completely sobered up, those nightmarish memories became clearer and clearer. She was so shocked that she wanted to sit up, but she collapsed weakly.

She could only reach out and grab the nurse standing by her bed tightly. "My... my child... my child..."

"Miss, you're still young. You'll have more children in the future," the nurse comforted.

Even last night, when she felt blood flowing out, Shangguan Yu had already realized that she had lost something...

However, she still had hope. She'd hoped that God would give her a miracle.

But no...

The nurse's words seemed to have made Shangguan Yu's blood drain instantly. Her face turned pale, and her hand that was originally holding the nurse fell weakly onto the bed.

The nurse could not bear to see her like this.

"Don't be too upset. The early stages of pregnancy are already unstable. You're so young, you'll definitely have a child in the future."

Shangguan Yu lay there, her face pale and expressionless. Her eyes were empty and unfocused.

No one knew if she had heard the nurse.

The nurse said a few more words of comfort.

"Miss, your phone is locked with a password. Last night, we didn't manage to contact your family through your phone. Can you call your family now and ask them to come over to settle the

hospitalization procedures?” Although this beautiful lady looked very heartbreaking and one couldn’t bear to say anything to her, it was more imperative to inform her family of what’s going on at this time.

This young lady lived in a villa alone and had no neighbors. By right, people living in such a villa should have a housekeeper or something like that. She didn’t even have anyone at home with her.

Chapter 975: Heart Is Dead (4)

Since they couldn’t contact her family, there were many procedures that they couldn’t follow.

There was no response for a long time after the nurse spoke. Just as the nurse was about to leave Shangguan Yu alone, saying she would come back to ask her later...

“I... I don’t have... family...” She didn’t have a family...

She was alone.

The nurse: “...”

No family?

After a while.

“What about your husband, no, your boyfriend?”

“None...” She didn’t have one. There was nothing.

The nurse: “...”

“I’ll get my friend to come over and settle the hospitalization procedures.”

“Alright...” With that, the nurse who could not bear to see Shangguan Yu like this anymore turned to leave the ward.

Shangguan Yu lay there for a long time.

She called the manager of the coffee shop and asked her to come over to help her with the hospitalization procedures.

She didn’t call Mu Huan because she didn’t want Fu Siye to know about this.

After settling the hospitalization procedures and having a guardian around, the hospital dared to give Shangguan Yu a detailed examination. Last night, they only did some necessary examinations.

The cafe manager pushed Shangguan Yu and waited with her outside the ultrasound room for a checkup. On the television in the hospital waiting room where patients could pass the time, entertainment news was playing. A real estate tycoon was carrying a mysterious woman to the hospital for an emergency. Although the video was not very high-definition, it could be seen that Fu Siye was carrying Gu Lingyin to a hospital’s emergency room.

The manager looked at Shangguan Yu worriedly. “Xiao Yu...”

Shangguan Yu only took a glance at the television before looking away. She did not speak, and the manager did not dare to speak again.

...

After Fu Siye confirmed that Gu Lingyin was fine, he flew overseas to deal with work. It was a week before he returned. He got off the plane and reached home at night. Every time he returned home at night, there would be a warm light to welcome him, but this time, there was only a room full of darkness.

He thought that Shangguan Yu had fallen asleep, so he went upstairs.

However, Shangguan Yu was not in the room.

He looked in the other guest rooms, but there was no Shangguan Yu.

This made him frown.

Shangguan Yu had no family, relatives, or friends. Apart from going out to have fun, she had never stayed outside. And if she were to go on a trip, she would definitely tell him. However, she did not call him to say that she was going on a trip.

He took out his phone and called Shangguan Yu.

No one picked up after it's been ringing for a while. Just as he was about to hang up...

The call got through.

Without waiting for Shangguan Yu to say anything, he said, "Where are you? Why aren't you at home?!"

"I went out to have fun," Shangguan Yu said.

Fu Siye's frown deepened. "Why didn't you tell me?"

"You've never told me your whereabouts."

Shangguan Yu had never spoken to Fu Siye like this. After he'd been busy for a week, he found no one home. Now that he was being treated like this, the tired and inexplicably frustrated Fu Siye said coldly, "Up to you." Then, he hung up.

On the other end of the line, Shangguan Yu looked at her phone, which had been hung up, and her tears fell silently again.

She curled up on the bed and did not wail. She only silently cried...

The next day, Fu Siye woke up and went downstairs. He realized that the carpet in the hall had been changed. The last time the carpet was changed, he was at home. He felt that it hadn't been too long since the last time, but when he thought about how Shangguan Yu liked things to be clean, he did not think too much about it.

Then he went to work.

A week later, Shangguan Yu still did not return.

This made Fu Siye, who rarely took the initiative to call her, call her again.

Chapter 976: Heart Is Dead (5)

The phone rang for a long time before Shangguan Yu picked up.

“When are you coming back?”

“I don’t know.”

“How can you not know? It’s almost the New Year...” It was almost the New Year. Every year, she would be very busy at the end of the year. How did she have time to go out and have fun for so long this year?

“I’ll inform you when I get back,” Shangguan Yu said.

Shangguan Yu’s words made Fu Siye feel that he was very concerned about her whereabouts. Hence, he said, “Up to you. Come back whenever you like!”

With that, he hung up.

In the past, under such circumstances, Shangguan Yu would always call back. But this time, she didn’t.

This made Fu Siye feel inexplicably uneasy.

However, he suppressed his uneasiness and went to work.

After that, he did not call Shangguan Yu, and she did not call him either.

Until another week later.

“CEO, Madam’s lawyer is waiting for you in the guest room.”

“Lawyer?” Fu Siye frowned.

“Yes.”

Fu Siye knew Shangguan Yu’s lawyer. He used to be Old Master Shangguan’s lawyer.

The moment he entered, Shangguan Yu’s lawyer stood up and handed him a document. “CEO Fu, this is the divorce agreement that Xiao Yu has signed. Xiao Yu only wants the house and the coffee shop of the Shangguan family. Take a look. If there’s no problem, please sign here. Then, make an appointment to go to the Civil Affairs Bureau to settle the procedures.”

What a foolish girl. She was about to get a divorce, yet she was still so considerate of him. Not only did she not want half of his assets, but she even threw the entire Shangguan family’s fortune into it. All she wanted was her original home and a worthless coffee shop.

“CEO Fu, please sign this.”

Old Master Shangguan’s personal lawyer was naturally trusted by the Old Master, and he was loyal to the Old Master. Even though the Old Master had been gone for many years, he naturally felt sorry for Shangguan Yu. Hence, although he spoke respectfully to Fu Siye, his attitude was actually very bad.

He only wanted him to quickly sign so that he could leave.

Fu Siye did not take the divorce agreement from the lawyer. His eyes darkened as he said, “What tricks is she up to again?”

What was she playing at? She had been out for so long and then asked someone to send him a divorce agreement when she returned.

Was this another way to force him?

“If CEO Fu wants to know what tricks Xiao Yu is up to, why don’t you sign the document first and then go through the procedures?” the lawyer mocked.

“Does she really dare to ask me to sign?” Did she really dare to ask him to sign?

“Please sign it immediately!” The lawyer moved the divorce agreement closer and asked him to sign it immediately. Then, he looked at the watch on his wrist. “The Civil Affairs Bureau hasn’t closed yet. As long as you have the time, I’ll immediately inform Xiao Yu to go to the Civil Affairs Bureau. We can settle everything in less than an hour.”

Fu Siye’s expression darkened instantly. “Tell her to stop!”

“Xiao Yu has already done so. She has stopped her love for you. She really wants a divorce now. She asked me to invite you to sign the document and arrange a time. Hence, please sign it! Everyone is busy, and CEO Fu, your time is especially precious. Don’t waste your precious time.” The lawyer asked Fu Siye to sign again.

“CEO Fu, please don’t have any doubts! I can put my head on the line to guarantee that Xiao Yu really wants to divorce you!”

Fu Siye’s expression instantly turned frighteningly cold!

Chapter 977: Heart Is Dead (6)

“If you want me to sign, then ask her to come over.” He wanted to see if she really wanted a divorce!

With that, he turned around and left, not wasting any more time with the lawyer.

“Why do you have to ask Xiao Yu to come over? She has already signed the contract, so you have to sign it...” The lawyer followed.

But no matter what he said, Fu Siye ignored him and even locked him outside.

The lawyer had no choice but to call Shangguan Yu.

After Shangguan Yu received the call, she was silent for a while. “Uncle Chu, don’t leave yet. I’ll give him a call to ask.”

“Xiao Yu, are you really not going to reconsider the terms of the divorce? You’re going light on him by giving him all the assets!” The lawyer was completely on board Shangguan Yu’s decision to get a divorce. It was just that she was too foolish as to give such a huge amount of assets to Fu Siye.

He didn’t want her to be so foolish, so he had never given up on persuading her to change the terms of the divorce. After all, the contract back then was beneficial to her, and she could totally split the assets and leave.

“Uncle Chu, I don’t have to think about it anymore. I’ll hang up for now.” With that, Shangguan Yu hung up.

Lawyer Chu looked at the phone that had been hung up and sighed.

Xiao Yu was good at everything, but she was too infatuated.

In the CEO’s office...

When Fu Siye saw that the call was from Shangguan Yu, he thought about how she had asked the lawyer to come over and ask him to sign the divorce papers. An indescribable anger surged in his heart. This anger made him pause for a while before picking up the call.

“Siye, can’t we not meet before you’d sign?”

Her voice was as gentle as ever, but this gentleness made Fu Siye feel an inexplicable chill. This chill made him grip his phone harder.

“What are you playing at?” Why did she suddenly want a divorce?!

“I’m not playing. I just want a divorce,” Shangguan Yu said faintly. Even now, he still felt that she was playing tricks. She was really a failure as a person.

“You want a divorce? Shangguan Yu, what do you think I am? When you wanted to marry, you forced me to marry you. Now, just because you want a divorce, you want a divorce! Have you forgotten what I said before? This marriage only has the right to end when I say so! You don’t have it!” What right did she have to divorce him just like that?!

She’d even signed it directly and asked the lawyer to come over and make him sign!

“Siye, I know it was my fault for insisting on marrying you back then. I’ve made countless mistakes and deserve to die! Hence, since I’m so detestable, the damned me isn’t worth your time. Life is so short. You shouldn’t waste your precious time on someone like me,” Shangguan Yu said calmly as she looked out the window.

“Shangguan Yu...” Fu Siye, who was about to say something, suddenly stopped.

“Where are you?” Why did she say that over the phone?!

Shangguan Yu knew that he wanted to see her, but before she could get his agreement on the divorce, she didn’t want to see him. Hence, she wanted to say that they could just talk over the phone. However, when she thought about his personality, if he wanted to meet her and she didn’t want to meet him, it wouldn’t be easy to get a divorce.

After weighing the pros and cons, she said, “I’m at my house. Come over.”

When Fu Siye heard that she was at home, he got his secretary to cancel his afternoon schedule. He picked up his clothes and got up to go home.

When he went out, Lawyer Chu, who was waiting outside, had already left.

Fu Siye rushed home, but Shangguan Yu was not around.

He called Shangguan Yu and said unhappily, "Didn't you say you were at home?"

Chapter 978: Heart Is Dead (7)

"I'm at my house—the Shangguan family's house. I've already gotten someone to move all my things out today. From now on, I won't go back," Shangguan Yu said.

When Fu Siye heard her words, he looked at their bedroom and realized that everything that belonged to her had disappeared. Even the wedding photo on the bed was only half of his.

He almost crushed the phone in his hand!

"Shangguan Yu!"

"Come over. I'll wait for you." With that, Shangguan Yu hung up.

Fu Siye looked at the phone that had been hung up and then looked at their bedroom. Over the bedhead, his face was so dark that it was scary!

Damn it!

How dare she!

Ever since they were young, Fu Siye had always been the one to say whatever he wanted and Shangguan Yu would listen to whatever he wanted. Other than when they got married and when he asked her not to agree to his parents marrying her, she had never disobeyed him.

Now, she actually dared to do such a thing secretly!

She was really capable!

When he arrived at the Shangguan residence in a rage...

Shangguan Yu sat in front of the French window in the living room. There were two cups of coffee on the table and many desserts.

When she heard footsteps, she looked up and smiled faintly. "You're here."

Seeing her like this, Fu Siye was so angry that he wanted to explode for no reason. However, his eyes only became colder. He walked over and sat opposite Shangguan Yu.

When he looked at Shangguan Yu, he realized that she had lost a lot of weight. She had been thin since she was young, yet now, she was even thinner. Only her sharp little face was left. Also, there was a heater in the house. It was so hot, but she was dressed so thickly.

"What's wrong? Why is your face as pale as a ghost? Are you sick?"

Shangguan Yu saw that though he was so angry, he was still in the mood to care about her expression. Was she sick? She lowered her head and smiled.

In the past, she had always thought that his concern was because he liked her. Now, she knew that it wasn't.

The two of them had grown up together. Humans were not plants and trees, so how could they be heartless? After so many years of being together, even if he didn't have any love for her, he had other feelings for her. It was normal for him to care about her.

In the past, she had always thought that this was a sign of love.

She really... thought too highly of herself.

"What are you laughing at?" Fu Siye frowned.

Her smile was as beautiful as ever, but this smile made him feel shocked and inexplicably... afraid...

Right.

Just scared.

An indescribable fear.

Shangguan Yu looked up. "Nothing."

Fu Siye suppressed the inexplicable fear in his heart. "What are you doing? Why do you suddenly want a divorce?"

In the past, she had also played the tactic of retreating in order to advance. However, she had only said that she wanted to separate. She had never been like this before. Not only did she find a lawyer, but she even destroyed their wedding photo.

She cherished their wedding photo so much, but she actually ruined it!

"I saw the report between you and Gu Lingyin. Since you're so nervous about her, you must still have love for her. In that case, why should we continue to suffer?"

If possible, Shangguan Yu didn't want to tell him the real reason. Things had come to this, and it was all her fault. She shouldn't have married him. She shouldn't have been so agitated that she was in a daze, causing her to step on the stairs and lose...

It was all her fault.

She should bear all these mistakes and pain alone.

Chapter 979: Heart Is Dead (8)

Fu Siye frowned. "You should know that it's impossible for me to be with her. Given that, would you really want a divorce so badly because of such a matter?"

He felt that this was impossible. Although Gu Lingyin often did things in front of Shangguan Yu that made her misunderstand, she should know that it was impossible between him and Gu Lingyin. He would definitely not do anything to betray her. She shouldn't have been so determined to divorce him just because she saw such a report.

"Yes, a person's heart will always become tired. Even though I know that you won't be with her, I'm still very tired and exhausted from how you treated me because of her. I really don't want to continue." Between them, they had really reached the end.

No, it wasn't between them. He had never thought of taking the same path as her. It was that she had reached the end of her single-minded love.

"Besides, Siye, you don't love me and don't like me at all. Why do you want me to waste your time?"

He didn't love her, so why wasn't he willing to sign the divorce papers?

Suddenly, she recalled that he had said that if she wanted to marry him, she would have to force him to marry her. If he wanted to get a divorce, she would let him. Could it be that she had hurt his male ego like this, so he didn't want a divorce?

"Siye, I won't talk about divorce anymore. You can talk about it. You're the one who wants a divorce."

Fu Siye's expression darkened. "Why should I mention it? When did I say I wanted a divorce?!"

"Don't you not love me and hate me? Since that's the case, why don't you want a divorce?" If it were in the past, Shangguan Yu would have thought that he liked her and didn't want a divorce because of it. But now, she didn't think so. This made her unable to understand why he didn't want a divorce.

He hated her so much and didn't want to be with her, but because of that promise, he had to be with her again. The days with him were so painful.

Now that she had let go and given him all her assets, why was he still unwilling to leave?

She couldn't figure it out. She really couldn't figure it out.

Fu Siye's eyes darkened. "Shangguan Yu, are you forcing me to make a decision again?"

Shangguan Yu: "..."

After a while.

She raised her hand and said seriously, "I swear on my grandfather that I really want a divorce. I'm definitely not playing any tricks!"

Shangguan Yu's parents had passed away early. It was her grandfather who had brought her up. Her grandfather was very important to her. No matter how sly and scheming she was, she would not use her deceased grandfather as part of a threat.

Fu Siye knew this. This made him deeply aware of how sincere she was in wanting a divorce.

This made him stand up suddenly. He leaned over and lifted her chin. "Shangguan Yu, you..."

What exactly do you want?

When he saw her face up close, he did not say anything.

Because he saw that her face was pale just now. It was the same before, even when she would apply powder and blush. She rarely put on thick makeup, but now, even such thick makeup could not hide her paleness and haggardness.

She was so sudden in her determination to divorce him. This made him think of some bad possibilities.

Hence, he pulled her up and was about to walk out.

“What are you doing?”

“Let’s go to the hospital.” Fu Siye was afraid that she was sick, which was why she suddenly became like this.

“What for?”

“You’re sick,” Fu Siye said as he bent down to carry her.

“I’m not sick. I’m fine. I don’t need to go to the hospital!” Shangguan Yu grabbed the table tightly and refused to let go.

“If you’re fine, why are you so haggard?”

“It’s because I’ve decided to divorce you that I haven’t slept for many days. I’m really fine!”

“Since it’s so painful and difficult to decide, why should we get a divorce? We won’t get a divorce!”

Chapter 980: Give Me a Way Out (1)

If it were in the past, Shangguan Yu would definitely have been wild with joy when she heard his words. She would be full of confidence and hope to continue her life. But that was in the past, not now.

She didn’t want to love again. She didn’t want to lose herself when loving someone again.

It was all because she had lost herself that she lost her baby.

If she could be stronger, if she could be more indifferent, she wouldn’t be like that.

She didn’t want that anymore...

From the ecstasy of confirming her pregnancy to the sorrow of losing her child, only a day had passed. This day had destroyed everything Shangguan Yu had, making her heart unable to burn again. Now, she didn’t even want to see him again, let alone continue living with him.

“Fu Siye, let go of me.” Shangguan Yu held his hand.

His touch was unbearable.

“Let’s go to the hospital first. I...”

Before Fu Siye could finish speaking, Shangguan Yu lost control and shouted, “Let go of me! Let go of me!”

Fu Siye was frightened by her expression and instinctively let go of her.

He had never seen Shangguan Yu lose control even when they were young, and she had never been unable to tolerate his touch.

All along, she had been looking at him with eyes full of love. Whenever he got a little closer to her, she would be so happy that her eyes would light up. Now, she actually... couldn’t tolerate his touch...

What exactly happened?

Why did she suddenly become like this?

After Fu Siye let go of her, Shangguan Yu took a few deep breaths and picked up the desserts on the table. She had to eat a few pieces in a row before she could suppress her uncontrollable emotions.

“Fu Siye, sit opposite me. Let’s talk about the divorce. If you don’t want to talk about it, you can leave. I’ll sue you in court. We’ll meet in court then,” she said.

“You don’t have to worry about what happened to me. I don’t need you to care. No matter what happens to me in the future, it has nothing to do with you! Don’t use the promise you made to my grandfather. The best way for you to take care of me is to divorce me. Then, we’ll go our separate ways from there!

“Also, I’m not sick! I’m really not sick! You don’t have to send me to the hospital!”

She answered everything Fu Siye wanted to say in one breath, making Fu Siye momentarily speechless.

All along, she had been the one sticking to him and chasing after him. He didn’t have to do anything to her at all. She was already extremely happy just by him treating her a little better. Now, she was suddenly so determined to leave him. And before this, he didn’t know if he wanted to continue with her. Just now, in a moment of desperation, he had said that they wouldn’t get a divorce. He had been conflicted these days and had had difficulty making a decision.

It was only then that he realized what he wanted the most in his heart. He didn’t want to divorce her. Compared to the indignation in his heart, he couldn’t accept that she wouldn’t belong to him anymore. She would love another man the same way in the future.

Hence, even if he had to be tricked by her for the rest of his life, he would accept it!

He had only just acknowledged her and made up his mind.

But she was already determined to leave him.

He didn’t know what he should do or what he could do right now. He could only look at her like that...

Until a while later.

“Why? Why are you suddenly so determined to divorce me?” Something must have happened for her to be like this. Otherwise, she would definitely not be like this! After all, she loved him so much!
