

Fake Marriage 981

Chapter 981: Give Me a Way Out (2)

"I've realized that you won't fall in love with me no matter what. I'm too tired. I don't want to continue." Shangguan Yu picked up the coffee cup, lowered her head, and took a sip.

The bitter taste immediately spread through her taste buds.

"That's not all it is. You were fine the last time we met!" Fu Siye felt that she couldn't have wanted a divorce just because she was tired. Last time, she'd wanted him to make a decision for her. He had brought her around S Country and even told her that it was impossible between him and Gu Lingyin. He only felt guilty toward Gu Lingyin, and their relationship had improved a lot.

Furthermore, she had previously probed him and forced him to make a decision only because she wanted to know how he wanted to treat their marriage. Did he still want to divorce her like before, or did he want to continue with her? If he wanted to divorce her, she would let go and fulfill his wish.

If he didn't want to, she would continue living with him. To put it simply, she still wanted to be with him.

Under such circumstances, she would definitely not be so determined to divorce him without anything happening!

"Why don't you want a divorce? You don't love me." Shangguan Yu didn't understand. She didn't understand why he was so persistent in asking her why. If he didn't love her, wouldn't their divorce be just right?

Fu Siye: "..."

He didn't know how to answer her question.

"Siye, I didn't agree to reject this marriage back then and insisted on marrying you. It's my fault. I know I was wrong. I know that even if I give you all my assets, it won't make up for my mistakes. So tell me, and I'll do my best to do whatever you want as long as it's something I can do!"

Fu Siye instinctively said, "No divorce."

Then he said, "If you don't like Gu Lingyin, I'll keep a distance from her from now on."

Shangguan Yu: "..."

She didn't know why he was doing this.

When she needed these words from him, having them granted was harder than climbing the heavens. Now, she didn't need them anymore, but he said them so easily.

Was heaven mocking her?

"I can't do that. I want a divorce."

"Why?" Fu Siye asked again.

Shangguan Yu felt a headache coming on. Their current situation seemed to have reached a vicious cycle. If she wanted a divorce, he would not divorce her no matter how much she asked.

She didn't know why he didn't want to leave. She had asked earlier, but he didn't answer. She didn't want to ask anymore.

She did not have the energy to continue pestering him. Since he wanted to know the reason why she had completely given up, she'd tell him, as long as it would make him willing to end this.

Before she could say anything, Fu Siye said, "Don't say things like you're tired. I don't believe you'll suddenly be like this!"

After he said that, he recalled when she had changed. Hence, he said, "Could it be because you called me that night and said that you were assuming that you were pregnant..."

"And I said I don't want your child?" He knew how much Shangguan Yu wanted a child. In fact, he regretted it after saying that. It wasn't because he didn't want her child that he avoided getting her pregnant. However, he was used to Shangguan Yu trying to please him. Even if he regretted it, he didn't call her to explain anything.

After he said that, Shangguan Yu's hand, which was holding the coffee cup, suddenly trembled. She was trembling so much that she couldn't hold the coffee cup steady. A lot of coffee spilled out.

It was because of this sentence.

It was because of these words that she lost everything. That was why she lost her baby in a daze.

Chapter 982: Give Me a Way Out (3)

It was because of this sentence...

"What's wrong?" Fu Siye saw that her hand was trembling and instinctively reached out to hold it.

But Shangguan Yu pushed him away. "Don't touch me!"

Fu Siye was frightened again because his Shangguan Yu would never treat him this way!

Just as he was in a daze...

Shivering, Shangguan Yu took out a box of cigarettes from her pocket and lit one up.

Fu Siye was shocked again!

"You... you... When did you learn to smoke?!" His obedient and gentle wife actually... smoked!

After taking a few deep breaths of nicotine, Shangguan Yu finally calmed down and said lightly, "I just learned it not long ago."

"Why did you learn to smoke?!"

"When you're in so much pain that you can't live, you have to find an exit. If I can't suck on this, should I suck on something else instead?" Shangguan Yu said with a smile.

Shangguan Yu had no family to worry about. Apart from Fu Siye, she had no other purpose in life. There was no meaning in living. When she was in so much pain that she wanted to die, she naturally thought of suicide. However, she had promised her grandfather that she would live on well. She couldn't go back on her words. She had to let herself live. Hence, she had to walk out.

Fu Siye looked at her being like this and his heart suddenly felt like it was being pinched hard by something, making him unable to breathe. Was the pain that his words had caused her so much? It actually made her...

He instinctively wanted to explain, "I..."

"When I said I was pregnant, I was really pregnant. Because of what you said, I suffered a huge blow. When I was returning to my room, I tripped on the stairs and fell. Then, I had a miscarriage. I called you to ask for help, but you said that I would only make you more annoyed. I climbed up and called 120. I went to open the door. The carpet in the living room and the carpet on the stairs were all covered in blood.

"I got someone to change the carpet later. I don't know if you noticed," Shangguan Yu said lightly as if she was talking about someone else.

Fu Siye was so shocked that he forgot what he wanted to say.

She...

She was really... really pregnant...

She'd called him to ask him to save her... It was actually true... It was true...

He couldn't think about it, couldn't think about what she had said. He couldn't think about how she had collapsed in a pool of blood and had to crawl away to seek help...

He couldn't imagine how scared and...

He couldn't think about it.

He really couldn't think about it.

But he couldn't help but think about it.

"I... I didn't know... I thought..." He didn't want to make excuses, but he didn't know. He really didn't know that she had faced such a situation when she was on the phone. If he had known, he would have definitely rushed to her side immediately.

"I know. You didn't know. You thought I was playing tricks. And why did you think that? It was all my fault. I did things before that made you not believe me. It's also my fault. It's all my fault!" Everything was her fault. From the moment she loved him, it was her fault.

Losing the child was entirely her fault.

Everything was her fault.

"Xiao Yu..."

“Siye, these past few days, I’ve had the urge to die a hundred times every day. I don’t want to live in such pain anymore. I really can’t continue with you. So, please, I beg you. No matter what, divorce me and let me have a way out, alright?”

Chapter 983: So He Loves Her (1)

Shangguan Yu looked at him. In the past, her eyes were filled with love. Now, they were filled with despair. He could no longer see any love for him there.

Her eyes made Fu Siye speechless.

All along, he had felt that no matter who in this world didn’t love him, Shangguan Yu would still stand there and do so. Her eyes were filled with love when she looked at him. As long as he smiled at her, she would be so happy that her eyes would be filled with light.

In the past, he didn’t need to search for the love and light that he could see at a glance. Now, no matter how carefully he searched, he couldn’t find a trace of love and light in her eyes.

This made him suddenly panic.

That panic instantly spread throughout his limbs and bones, making his hands tremble.

He didn’t know why he was so flustered.

However, he couldn’t control his panic.

He was speechless.

He couldn’t say a word.

He had never thought that Shangguan Yu would not love him.

A person who had loved him since she was young, who saw him as the sky and everything, who lived for him without any other goal or source of meaning, actually didn’t love him anymore...

And she was so determined to leave him.

He didn’t know how to react or what to say. His mind was blank.

He felt like his world had collapsed.

It had completely collapsed.

Someone who would have definitely loved him for the rest of her life. She was now someone who didn’t love him and was about to leave him...

Heart.

He was no longer panicking.

What he felt was fear and pain...

This feeling was indescribable.

He could only stare at her in a daze.

He watched as her familiar face became distant, unfamiliar, and afraid...

Shangguan Yu waited for a long time, but Fu Siye did not respond. She did not know what he was thinking, and she did not want to guess what he was thinking.

"I'll get Mr. Chu to look for you again. When are you going to sign and confirm the time? We'll meet at the Civil Affairs Bureau. There's nothing else to talk about between you and me other than our divorce. You don't have to talk to me personally." With that, she stood up.

She was tired and needed to rest.

Just as she was about to leave...

Fu Siye instinctively reached out to grab her. He couldn't just watch her leave like this. Once she left, it would be as if she had left his life forever. From now on, she would never look at him with eyes full of love and would never belong to him again.

He would lose her forever.

"I'm sorry... I'm sorry, Xiao Yu... I'm sorry..." He's sorry for saying those things. Sorry for not being by her side when she needed him and then saying those things. He's sorry...

"Siye, you don't have to apologize to me. You didn't do anything wrong. It wasn't your fault that you didn't like me. It wasn't your fault that you didn't want the child I'd have given birth to, and what happened after wasn't your fault either. Everything was my fault. I shouldn't have liked you and shouldn't have married you. All of this is my retribution. It's a sin that I should bear. You really don't have to feel sorry for me and feel guilty. What do you want to make up for?"

"It's not that I don't want a child from you. I just feel that we're not yet ready to have a child. I..." Their previous relationship had made him feel that it wasn't suitable for them to raise a child. Hence, he had never wanted a child.

"You don't have to explain anything. No matter what your reason is, it's not important now."

Shangguan Yu said that it was not important, so Fu Siye did not know what else to say.

Chapter 984: So He Loves Her (2)

"Siye, I know that you definitely feel upset about losing your child. If you feel upset and feel that you've let me down, then quickly sign the divorce agreement and we'll get a divorce." Shangguan Yu slowly pushed him away and pulled back her hand.

But his hand quickly grabbed hers again.

"I don't want a divorce, Xiao Yu. I don't want it!" Fu Siye's mind was in a mess right now, but he was very determined about not getting a divorce. He was very sure that he didn't want to divorce her like this.

Shangguan Yu did not speak and only bent down to pick up the fruit knife on the table.

"Siye, I know it's all my fault. I've messed up your life. When you didn't want to marry me, I insisted on marrying you. Now, I insist on getting a divorce. This makes you very angry and unwilling. You really

don't want to get a divorce like this, but now, I have nothing else but this life. Do you want me to compensate you with this life?"

Her tone was very calm, but it was also very serious. It was as if, as long as he said yes, she would immediately use this knife to take her own life.

Fu Siye was afraid of her.

"Shangguan Yu!"

"If you want this life, don't let go. If you don't want it, then please let go and leave me. After you've signed it, we'll meet at the Civil Affairs Bureau. I don't want to say this again. I really don't have the energy. I don't want to say anything else." She was really tired.

Fu Siye looked at her and at how she was acting. After a long while, he slowly released her.

Shangguan Yu did not speak further. She put down the knife in her hand and turned to go upstairs.

Fu Siye watched her back until she completely disappeared from his sight.

He stood there the whole time, from afternoon until night.

"Mr. Fu, please go back." The butler of the Shangguan family came over to ask him to leave.

When Shangguan Yu got married, the butler of the Shangguan family had wanted to follow her, but because Fu Siye did not like the people of the Shangguan family, he did not follow. Instead, he'd stayed at the Shangguan family residence to look after this house. Now, its owner had returned.

In the VIP room of the Royal Court...

A while ago, because of Xue Yun's matter, coupled with the fact that Mu Huan did not have any classes after her examinations, Bo Junyan had brought her along when he went to patrol the branch companies of the various countries. As he worked, he brought her around to tour various countries. This trip took nearly a month. Yesterday, they had just returned.

Today, Gong Zeye had organized a meal to welcome them back.

"Sis-in-law, how was your travel?"

"It's especially good!" In the past, Mu Huan had never had the time to go out of Yun Cheng to have fun. This time, Bo Junyan had basically taken her on a tour around the world. They had so much fun.

"Is this considered an early honeymoon?" Yang Ning asked.

Mu Huan and Bo Junyan's wedding was scheduled for the third month of spring next year. The peach blossoms would bloom, and it would be the most beautiful spring in the world.

"No, this has nothing to do with a honeymoon," Bo Junyan said.

This time, he had taken her out to relax. It couldn't replace their honeymoon. For that, he was going to completely take time off work in order to accompany her.

"Wow, love can really change people!" Yang Ning looked at Bo Junyan and sighed.

In the past, Bo Junyan was also very aloof when he attended such gatherings and rarely spoke. Whenever he saw her, it was as if he didn't see her. Now, he would actually reply to her!

"Yes, love is too good at changing people! It has turned our Brother Bo from a workaholic machine into a good man who lives for his wife!"

Everyone was talking to Bo Junyan and Mu Huan.

Only Fu Siye was drinking alone.

"What's wrong?" Gong Zeye asked after noticing.

Chapter 985: So He Loves Her (3)

Fu Siye did not speak and only drank.

"Could it be that Xiao Yu has finally woken up and doesn't want you anymore?" Gong Zeye joked.

Fu Siye's drinking hand suddenly stopped.

"F*ck! It's true!" Gong Zeye was instantly excited.

He had long told him to cherish Shangguan Yu. He didn't want her and had even said such things about her. Now, he had finally been slapped in the face!

"F*ck! Has heaven finally opened its eyes?!" Mu Huan was even more excited than Gong Zeye. She had long disliked Fu Siye. It was just that she couldn't interfere in matters of the heart. It would be great if her Sister Yu could see through it herself!

Seeing how excited they were, Fu Siye felt even more stifled and upset. Was he that bad? This made them so excited. He drank all the alcohol in his cup in one gulp and poured another.

"Brother Fu, don't just drink! If you're unhappy, just say it so that your good brothers will be happy!" Gong Zeye said excitedly, waiting to see him slapped in the face and suffering.

His words made Jin Chen and the rest break out in a cold sweat.

Was he a good brother? Would a good brother kick a man when he was down and laugh at him?

However...

Gong Zeye could not be blamed for being excited.

The rest of them had talked to Fu Siye before. They'd said that if he didn't like Shangguan Yu at all, they would help him find a way to get rid of her. If he liked her and didn't want to find another woman, then he should treat her better and lead a good life.

However, he was the way he was. He refused to let go and didn't treat her well. He was so sick that nothing anyone could say had any use.

He deserved it!

"Is my Sister Yu going to divorce you?" Mu Huan asked when he did not say anything.

Mu Huan was not a person who liked to chat. Usually, when she did not meet Shangguan Yu, the two of them did not talk much. Hence, if Shangguan Yu did not tell her about this, she would not know what had happened to her.

Fu Siye: "..."

"Xiao Yu really wants to divorce you!" Gong Zeye looked at him and knew that it was true. "What did you do to make Xiao Yu, who loves you so much, unable to stand it and want to divorce you?"

"It must be something that angers both humans and gods!" When Mu Huan said this, she suddenly thought that for Shangguan Yu to let go, it must be something extremely painful.

Hence, she stood up, stepped forward, and grabbed Fu Siye's collar. "What did you do?!"

Fu Siye was such a tall man, yet he was grabbed by the collar by a petite girl like Mu Huan.

"..." He could only look helplessly at Bo Junyan.

Bo Junyan received his plea for help and reached out to pull Mu Huan into his embrace.

"Don't side with him. Scum like him should be taught a lesson!" Mu Huan turned to look at Bo Junyan and spoke angrily.

"He has already learned his lesson," Bo Junyan said.

"Who taught him a lesson?" Mu Huan asked curiously.

"Shangguan Yu." Looking at his dejected expression, one could tell that he was in great pain right now. He was very regretful. This was only the beginning. In the future, he would be in more and more pain. This was because he had yet to fully realize what he had lost.

"Sister Yu taught him a lesson?" Mu Huan felt that a gentle and kind person like Shangguan Yu would never teach Fu Siye a lesson.

"It's a mental lesson. The mental pain is far worse than if you beat him half to death," Bo Junyan said with a faint smile as he caressed her head.

Fu Siye: "..."

Was his Brother Bo adding insult to injury?

Chapter 986: So He Loves Her (4)

Was he that bad? He made these good brothers of his look forward to his suffering.

But when he thought about the past, he didn't need to ask anyone else. The more he thought about it, the more he felt that he was really a scumbag...

...

Just as Bo Junyan had said.

Fu Siye's pain had only just begun.

The current him was still in a daze of loss. He still didn't know what he had lost, but he couldn't accept that the person who had always loved him didn't love him anymore.

It was just that he was panicked and afraid, and his heart felt congested. He didn't feel much pain.

When he reached home in the dead of the night, that loneliness and darkness that he had never felt before slowly engulfed him. He looked at the half of his wedding photo on the bed and slowly felt pain.

Pain welled up from the bottom of his heart.

It was thin and deep.

Then, it quickly spread to his entire body.

At this point, he still didn't understand where this pain came from and why it was so painful. Even if he didn't want a divorce, it shouldn't be like this. It shouldn't be painful.

Shangguan Yu was five years younger than Fu Siye. She had liked him since she was young and liked to follow behind him. This made people tease him. Not only did they say that he was an old cow eating young grass, but they also said that he was raising a child bride. There were even people who said that he loved children. This made him tell everyone that he only doted on her like a sister and would never be with her.

Hence, his subconscious had been resisting her. He could dote on her in all ways, but he was unwilling to accept her as his girlfriend and wife.

However, there was no need for anyone else to be asked. He could ask himself.

He also knew that if he really didn't want to marry her, no one in this world could have forced him to get married.

He had always known this, but he had never been willing to think about it.

Now, when he shouldn't think about this, he did.

Then, the more he thought about it, the more he couldn't control himself. That pain, fear, and panic filled him.

This made it difficult for him to breathe...

After a sleepless night, he still went to work the next day.

"I heard that Shangguan Yu wants to divorce you." Gu Lingyin handed the document to Fu Siye and did not leave.

"This has nothing to do with you." Fu Siye lowered his head to deal with work.

"How can it not have anything to do with me? If you have nothing to do with her, my old feelings can be rekindled!" Gu Lingyin said jokingly.

She had such expectations, but... she knew that it was impossible.

Indeed...

“You and I will never rekindle our old feelings,” Fu Siye said in a low voice.

Although she knew why, Gu Lingyin still asked, “Why?”

“You should go to work.”

“It’s because you’ve never loved me!” Gu Lingyin smiled sarcastically.

“Get out.” Fu Siye’s voice turned colder.

“Don’t be anxious. I’ll leave after I’m done talking.” Gu Lingyin had been waiting for this moment. Now, she had to finish speaking.

Fu Siye looked up at her and felt that she was a little strange today.

“I feel that you’ve never loved me. When we were dating, Shangguan Yu was always more important than me. No matter how much I begged you, you would leave me because of her. At that time, I felt that the person you loved was actually her. Because, let alone a brother figure, even a biological brother wouldn’t treat his sister so well!

“And when Old Master Shangguan introduced a boyfriend to her, every time you heard that she was going to meet someone, you would be especially frustrated. The boys who were with Shangguan Yu were all ruined by you.”

Chapter 987: So He Loves Her (5)

“It’s not just the boys. There are also the girls. You brainwashed Shangguan Yu and controlled her so she wouldn’t make friends. You made her not only have no good male friends, but she also didn’t even have any good female friends. You made her rely on you for everything. She needed only you and you were her world. You were the only one in her world. You made yourself her everything. You made her have no life goals and meaning other than chasing you.”

“What nonsense are you spouting?!” Fu Siye felt that she might be crazy to spout such nonsense.

“You know very well whether I’m spouting nonsense or not. Do you dare to say that you really couldn’t control the effects of the drug and had no choice but to take Shangguan Yu?” Gu Lingyin raised her eyebrows, her expression saying, “Do you dare to say that you were really forced and couldn’t think of any other way out?”

Fu Siye clenched his fists tightly.

“You keep saying that this marriage was forced, but for the past six years, when you can go home, you definitely won’t sleep outside. Even if you can’t cheat on a woman you hate, can’t you not go home?”

“You’ve never brought her to the company, never brought her to banquets, because you don’t want others to see her beauty. It’s you who wants to hide her. You want to shrink her social circle to the smallest it could go and make it so that in her eyes, there’s only you in the world, forever!

“Not only do you love her, but you’re also very stubborn!”

No matter how smart one was, there were always blind spots. Fu Siye’s blind spot was his love for Shangguan Yu.

He had clearly followed his instincts and done all sorts of paranoid things to her. He had used all sorts of methods to lock her firmly by his side, making her only able to chase after him, but he had never admitted that he loved her.

It was only because he felt that his feelings for her could only be that for a sister.

Gu Lingyin felt that he was simply ridiculous.

But she had to be grateful for this stupidity, for giving her a chance.

She felt that Fu Siye didn't love her, and because she was lonely and empty, she couldn't resist the temptation. That was why such a thing happened, making her, a woman, unable to be a mother.

She hated! She hated Shangguan Yu, and she hated Fu Siye even more!

He didn't love her, but he pursued her and gave her such hope. In the end, he ruined her life!

However, she knew that with her background and capabilities, she could not take revenge on them.

Hence, all these years, she had been using Fu Siye's guilt toward her. Fu Siye's blind stupidity had ruined his relationship with Shangguan Yu, causing them to end up getting a divorce.

Shangguan Yu loved Fu Siye so much. If she wanted a divorce and insisted on it, their relationship would be completely over.

She had now exposed that Fu Siye actually loved Shangguan Yu a lot only to make Fu Siye suffer.

He realized that he loved Shangguan Yu deeply only once he'd lost her and nothing could be saved.

Ha...

Her life was ruined.

Let them suffer with her!

Although Fu Siye did not really fall in love with Gu Lingyin, she was definitely an outstanding smart person. That was why he had taken a fancy to her back then.

Fu Siye wanted to refute Gu Lingyin again, but strangely, he was unable to.

He even felt that everything she said was right.

She was right. He knew in the deepest part of his heart.

This made him use all his self-control to suppress the panic. It instantly rebounded and exploded, making it difficult for him to breathe...

His heart suddenly hurt so much that it felt like he was about to die from a heart attack.

Some things were fine being seen from the outside, but once it was exposed, it would become very scary.

Chapter 988: Destroy It If You Can't Get It (1)

When Fu Siye hurried to the Shangguan residence, Shangguan Yu was making desserts in the kitchen.

Apart from Fu Siye, the only thing she was interested in was making desserts and eating desserts.

Life was so tough. She liked sweet food.

“Xiao Yu!” Fu Siye ignored the butler’s obstruction and barged into the kitchen, grabbing Shangguan Yu’s arm tightly.

Shangguan Yu looked at him with a calm and indifferent gaze.

Her eyes made Fu Siye lose control and say, “Xiao Yu, don’t look at me like that!”

Don’t look at him like that. She shouldn’t be like this! She...

Shangguan Yu did not speak and only looked at him indifferently.

“Xiao Yu, you asked me previously why I didn’t want a divorce. I’m answering you now. It’s because I can’t accept you being with another man! I can’t even accept you saying another word to them, let alone you belonging to another man! I’ve always been unwilling to think about why this is. Now, I understand. It’s because my feelings for you were never simply love for a sister, but for a woman!

“Toward you, I’ve always felt a man’s love for a woman. It’s only because of my stupid subconsciousness that I foolishly felt that I could only have feelings for you as a sister. It made me do many stupid things and made you lose our child. I know that I’m unforgivable, but please give me, give our child a chance. I’ll definitely love you well in the future and our child will return!”

He grabbed Shangguan Yu’s hand tightly and looked at her.

His gaze made even someone with a heart of stone unable to bear to reject him.

Shangguan Yu was not a person with a heart of stone. She had a very soft heart, but she could not agree to him.

Shangguan Yu had never thought that she would hear Fu Siye say such things one day. It turned out that it had never been her imagination. He really liked her.

If this were half a month ago, when she heard his words and confirmed this matter, she would definitely be so excited that she would cry and feel like she was dreaming.

She wouldn’t be able to believe that everything was real!

But...

Now, she didn’t feel any excitement at all. There wasn’t a single ripple in her heart. She even felt afraid. Why was she like this?

This man in front of her was the person she loved the most!

Even if she were to die, she would never be able to let go of her love for him.

Now, he said that he loved her and wanted to be with her, but...

But she did not feel anything.

She didn’t feel anything at all.

She looked at Fu Siye indifferently. There was no change in her expression, just like in her heart.

This made Fu Siye even more afraid.

She was clearly in his hands and he was so close to her.

However, he had a feeling that no matter how hard he tried, he could not grasp it.

“Xiao Yu! Don’t be like this! Don’t be like this!” He suddenly hugged her tightly in his embrace, unable to bear with her treating him like this.

Shangguan Yu, who was hugged tightly by him, did not have any reaction. It was as if he was hugging a soulless doll.

This version of her made Fu Siye’s fear completely devour him!

In this world, the most painful thing was not that the person you loved did not love you, but that you, having just realized your deep love, would have already lost her...

As night fell, more and more wealthy and influential people gathered in the splendid manor. This was a grand banquet.

Bo Junyan stood in front of the French window, holding a glass of wine as he looked out into the night.

Chapter 989: Destroy It If You Can’t Get It (2)

What needed to be done had already been done. However, leaving not long after the banquet started was a little disrespectful to the host. When it was about time, he would leave and go home to hug his wife.

Bo Junyan did not like socializing at banquets to begin with, and now, he disliked it even more. He felt that attending these banquets was too much of a waste of time. If he had the time, he might as well spend it with his wife.

When Ling Wei saw Bo Junyan, she walked toward him and stopped by his side to look out the window at the night. Just as Bo Junyan was about to leave, she said, “Junyan, do you still remember what we did here when we were 18?”

The two of them had grown up together and had a lot of history between them.

When they were 18 years old, the two of them had gotten their first big order here. At that time, they were so happy. Life only had endless hope and happiness, unlike now.

“I don’t remember,” Bo Junyan said lightly.

Ling Wei smiled and said, “Bo Junyan, you’re really good.”

Bo Junyan remained silent.

“Junyan, are you saying that I’m worse than Mu Huan?” She didn’t understand how, apart from her age, she was inferior to Mu Huan. Why was it that during these past few days, she had been creating all sorts of opportunities to get close to him and win him back, but he remained so indifferent that she couldn’t see any hope?

“There’s no comparison between the two of you.”

“Are you saying that she’s in the sky and I’m on the ground?” Ling Wei mocked.

“In my heart, no one can compare to her.” It wasn’t that others were bad, but in Bo Junyan’s heart, his wife was the best in the world!

“But I can give you far more than she can!” Why couldn’t he see what she could give him?

“The Ling Group?” Bo Junyan raised an eyebrow.

No one knew about the Ling Group’s current situation, but she should know, right?

“The Ling Group is only in a temporary difficulty now. It has a strong foundation! Junyan, as long as you’re willing to join forces with me, we’re still invincible! What we can create is unpredictable hope. In the future, when the time comes, all of this will be yours!” Ling Wei knew from the start that no matter how much she tried to destroy Bo Junyan and Mu Huan’s relationship, the most important thing was Bo Junyan’s heart or his interests.

Otherwise, even without Mu Huan, there would be other women.

Hence, she had never given up and attacked from all sides to get back Bo Junyan.

However, he was like an iron wall. He did not give her any hope at all.

All she saw was despair.

“I don’t need it.” Bo Junyan didn’t need anyone to give him anything. He would build the world he wanted himself.

“Junyan, don’t be like this just because of a moment of infatuation. You...” Ling Wei tried to persuade him.

“I’ll get going first.” Bo Junyan didn’t want to tell anyone about his feelings. He didn’t want to hear too much about things that he didn’t need to.

Seeing him like this, Ling Wei knew that there was no point in continuing. Hence, she said directly, “Junyan, is there really no possibility between us? I know that I’ve done a lot of wrong in the past, but I’m sincerely repenting now. I really want to be good with you and be with you for the rest of our lives. As long as you’re willing, we can work together to create such a beautiful future!”

“I’m not willing. I don’t need it. It’s impossible for us.” Without waiting for Ling Wei to say anything, Bo Junyan continued, “Ling Wei, don’t say such things to me again. My patience with you is limited. If you think that the Ling Group isn’t miserable enough now, I can aggravate it and even make it die.”

Chapter 990: Destroy It If You Can’t Get It (3)

This would save them the trouble of thinking that the Ling Group would never give up because of their family background.

“Bo Junyan, our families have been in a relationship for so many years, and the two of us grew up together so intimately. You can actually do this for Mu Huan!” Ling Wei felt that Bo Junyan had changed into someone too terrifying and heartless!

They grew up together and had such deep feelings for each other. Her mother and his mother were such good friends. They...

“Yes, I can. Hence, this is the last time.” With that, Bo Junyan left.

Ling Wei looked at his back until he disappeared. Then, she retracted her gaze and looked out of the window at the night.

What Bo Junyan had said just now made her realize that it was completely impossible between her and him. If it wasn't impossible, she couldn't wait to get together with Bo Junyan before dealing with Mu Huan. And if she were to mess with Mu Huan now, Bo Junyan would definitely protect her. This way, it would be equivalent to her becoming Bo Junyan's enemy, and there was a huge disparity between her and Bo Junyan.

But it was impossible for her to let go just like that and let Mu Huan and Bo Junyan lead such a blissful life!

Whoever made her, Ling Wei, fail, she would make them suffer even more! Whatever she, Ling Wei, could not have, she would destroy!

She might not be able to deal with Bo Junyan, but he had enemies of the same level and higher. His new energy source had affected the interests of several large corporations overseas. Now, they all wanted to destroy Bo Junyan. If she cooperated with them, would Bo Junyan still want to destroy her Ling Group?

Ha... she wanted to see who would destroy who!

Since Bo Junyan is heartless, then don't blame me for also being heartless!

In the Imperial Capital...

“Go look for Mu Huan again.” Ling Feng asked Xue Yun to look for Mu Huan again.

After asking Bo Junyan for such benefits last time, Ling Feng became even more careful. However, sometimes, it was like this. The more he knew that he couldn't make a mistake, the more he made a mistake. Another mistake in his investment caused the situation that the Ling Group had just eased to become even more serious.

The successive failures made him doubt his life. All along, he'd had good foresight. Otherwise, he wouldn't have been able to maintain the Ling Group so well. However, recently, for some reason, although it looked like a good investment project and would definitely be able to earn money, once he invested a large sum of money, all sorts of problems would appear in this project, making him repeatedly suffer losses.

“She doesn't want to see me at all now.” After the incident, Xue Yun had already gone to Yun Cheng a few times. Other than the first few times she had seen Mu Huan, she didn't even manage to enter the Bo family's residence.

Ling Feng's previous plan was to take that huge sum and not delay what was to come. Hence, after another investment mistake, faced with a shortage of funds, he got Xue Yun to look for Mu Huan again.

Mu Huan would definitely not give it to her again, so Xue Yun cried. However, not only was this useless, but Mu Huan also stopped meeting her because she couldn't bear to see her like this. However, Ling Feng kept forcing Xue Yun to look for Mu Huan. When she was really at her wit's end, she lied to Mu Huan and said that she was sick and had no one to take care of her. Mu Huan rushed over and later realized that Xue Yun was lying to her, so she stopped answering her call, let alone meeting her.

Ling Feng was about to say something when he saw Ling Wei walk in.

He immediately went forward and asked, "How is it? Did you get any investments?"

Ling Wei pretended to look tired and said, "No."

Ling Feng instantly became even more frustrated. He tugged at his tie and said, "I wonder if I've become too old this year. Everything has gone so wrong!"
