Chapter 102

The next day, Elaina was woken up by Saul's phone call.

"Saul, it's too early! Can't you let me sleep in?" When Elaina picked up the phone, she was displeased.

Saul, who was on the phone, was stunned. He was surprised, but he quickly came back to his senses.

"You didn't sleep well last night?"

Elaina had a reason for her bad sleep. Last night, Jalen's face was always in her mind. She couldn't even fall asleep!

"What's the matter?" Elaina took a deep breath and controlled her emotions.

"Aren't you going to Nitzan's birthday banquet today? I'll take you to do some styling in the morning."

Saul was aggrieved. After so many years, Elaina was the first woman to enjoy such a service.

This chance was so rare, but Elaina did not care at all.

Elaina facepalmed and almost could not control her anger. "If I remember correctly, the birthday party will start at night. Why are you taking me to the styling so early? Are you crazy?"
