Chapter 110

“Hope you like it.” Elaina took out the gift she had prepared from her bag. The gift box was not big and did not look conspicuous.

Nitzan did not let Takvor pick it up, nor did he reach out to take it. Instead, he looked at Jalen. “What are you standing there for? Hurry up and take it. Ella will get tired if she holds it for too long.”

Everyone was shocked.

Elaina was speechless.

Jalen was helpless. He knew that Nitzan wanted him and Elaina to get back together. But did Nitzan have to act so obviously?

Jalen walked over and took the gift box from Elaina. He said in a low voice, “Thank you.”

“No need to thank me. I’m giving it to your grandpa, not you,” she said.

She really did not give Jalen any face. Jalen did not care. Anyway, he was used to it.

The gift box was delivered to Nitzan. Nitzan did not hesitate and directly opened the box. An old vase appeared in everyone’s sight.
