Chapter 115

Alisha tried to see a trace of anger or sadness on Elaina's face, but there was no change in Elaina's emotions. Elaina was just like that in front of Alisha.

"You took Jalen away from me. You bitch." Alisha was angry and gritted her teeth. Bitch?

Elaina raised her eyebrows. She was not happy to hear Alisha say this.

"Don't be touched by yourself. If Jalen really liked you so much, how would he have been forced to marry me because of Nitzan? He is not as incompetent as you think."

"He..."

"Don't find excuses for him. The real reason was that he didn't like you so much, so he didn't want to fall out with Nitzan because of this. Do you understand?" Elaina interrupted Alisha and sneered.

Alisha opened her mouth to say something, but she was silent for a long time because she knew in her heart that what Elaina said was the truth.

The outsiders said that Alisha had left in a huff because Jalen had married Elaina, yet in fact, Alisha knew that Jalen did not like her at all.
