Chapter 126

“That may be true. But we’ll get to know each other better given time, won’t we?” Jaydon didn’t mind her words and continued driving.

Elaina didn’t say anything more. She didn’t take Jaydon’s words seriously, and she didn’t think they would become close.

Shortly after, Jaydon stopped the car at the door of a restaurant, and they walked in together.

Not far away from the restaurant, Graham got out of the car and saw them entering the restaurant.

He was a little surprised.

He thought, didn’t Mr. Halton say he was going to ask Elaina out for dinner tonight?

Where is he?

Why is Elaina with another man?

After hesitating for a moment, he decided to call Jalen.

In the private room, Jaydon poured wine for Elaina and said to her with a smile, “Have some, will you?”
