Elaina's face was also ugly. She did not expect that someone would throw boiling water at her. Did he want to disfigure her?

She stared at that person. Her intuition told her that his background was not simple. But at this time, she did not have time to think about this. Instead, she looked at the man in front of her. "Are you okay? Why did you rush over?"

Jalen turned around and smiled at her, "I told you that I will always support you in the future."

"It's fine. Let's go first." He was not sure if there were any other dangers around. Elaina did not want to leave. She stared at that person. Jalen understood what she meant and said to her, "Leave it to me. He can't escape."

Elaina looked at him and nodded. She left with Jalen. This time, no one dared to stop her.
