

## Falling 159

### Chapter 159

Lucian was stunned. He thought that Elaina was the same as Sergio and wanted to ask about the person behind him.

However, Elaina did not. Instead, she asked his master, which made him unable to react for a moment.

“Your skills are so powerful. I think your master must be very outstanding. Maybe I know him,”

Elaina smiled. She did not seem to be talking to her enemy who had knocked her out. Instead, she seemed to be chatting with an old friend.

Lucian lowered his head. When she mentioned his master, he felt extremely guilty.

“Does your master know what you have done?” Elaina asked.

When she finished speaking, Lucian’s expression changed. He looked at Elaina viciously. “I did it. It has nothing to do with my master!”

“Has nothing to do with your master?”

Elaina seemed to have heard a joke. “Disciple represents his master, don’t you know that? Your master’s honor is shining on you. If you do bad things, of course, your master must feel ashamed.”

Lucian clenched his teeth and clenched his fists. Of course, he knew that.
