Chapter 163

In the Kemp Apartment, Elaina came out after taking a shower. Elaina took out her phone and saw that there was a missed call.

Elaina opened it and saw that it was Jalen calling. Elaina was a little surprised.

Elaina thought about it and called Jalen back.

However, it rang for a long time. No one picked up until it hung up. Elaina frowned slightly and said to herself, "What's going on?"

Elaina threw her phone aside and lay on the bed, ready to sleep.

Five minutes later, Elaina turned over and took the phone to call Jalen again.

Jalen rarely called her. It was even rarer for Jalen to call Elaina like this, and no one answered. For some reason, Elaina thought of the few people who had been watching them at the supermarket the other day.

Perhaps the other party was not targeting her, but Jalen?

Thinking of this, Elaina could not help but feel a little worried.
