Chapter 169

Alisha felt that she should not have come to visit Elaina today. If Elaina really got married to Jalen, Alisha would have no chance

However, Alisha did want to show off to Elaina to release Alisha's pent-up emotions.

Originally, Alisha never dreamed of marrying Jalen. After all, Jalen looked like he was going to kill her. And Alisha had been desperate.

However, Alisha did not expect Jalen to release her. When she saw the news on the Internet, saying that they were going to get married, she felt a faint expectation.

Jalen did not revoke the news. Did he also agree that they were going to get married? Was it because Nitzan was afraid of affecting the Halton Group's reputation and forced Jalen to marry her?

Alisha did not know the specific reason, but she felt that the current situation was not too bad. If Nitzan really forced Jalen to marry her, she felt that she was likely to really marry Jalen.

Thinking of this, Alisha was in a very good mood.

At the same time, Elaina was not in a good mood after Alisha left.
