At that moment, there was a knock on the door again. Jalen felt relieved. He walked over and opened the door. Soon, he came in with a takeout again.

“Your stomach is uncomfortable. You should have some porridge.” As Jalen spoke, he placed the takeout in front of Elaina.

Elaina nodded and did not refuse. “Alright, I will keep the food sent by Saul for tomorrow.”

As soon as she said this, Jalen sat down opposite her and picked up his fork to eat the food brought by Saul.

Seeing her shocked face, he said unhappily, “What? You owe me such a big favor. I can’t even eat the takeout?”

Elaina could only nod and said, “Of course, you can if you like.”

She was just surprised by Jalen’s behavior.

They sat opposite each other, eating the takeout in front of them. The atmosphere became a little weird for a moment.

Elaina did not expect to eat with Jalen after getting a divorce, and it was even a takeout, which was even stranger.

Finally, after dinner, Elaina looked at Jalen. “Well... Is there anything else?”

She thought, if there’s nothing else, you should leave now.

Jalen read her mind and did not have any reason to stay. He stood up and tidied his collar. “Then I’m taking off now.”

“Okay.” She nodded and couldn’t wait to let him leave.

Jalen walked to the door and suddenly stopped. “You...”

“What?” Elaina asked.

“Forget it. Let’s talk about it in the future.” Actually, he still wanted to know the reason why Elaina hated him, but he did not ask.

Since Jalen had left, Elaina didn’t have to wear a smiling face. She walked to the sofa
