

Falling 59

Chapter 59

In the CEO's office, Graham suppressed his fear and followed Jalen into the office.

"Have you found out where my ex-wife is?" Jalen looked at Graham coldly. His voice was not loud without any emotions that could be heard.

But the more Jalen sounded calm, the more it frightened Graham.

Graham didn't understand. What was wrong with Jalen? He had barely asked about Elaina in the past year. Why did he suddenly care so much after they had a divorce?

Graham shook his head and stuttered, "No... No."

As expected, as soon as Graham finished speaking, he saw Jalen look over even more fiercely, as if he was going to yell at him.

"What is her name?" Jalen asked.

Graham answered, "Elaina Gainsford."

He heard Jalen take a deep breath, as if Jalen was trying to control his temper.
