Chapter 78

Jalen withdrew his gaze and didn't answer this question instantly.

"Allie, what do you think is love?" Jalen suddenly asked Alisha a question that seemed irrelevant.

Alisha was shocked. She looked over at Jalen in disbelief. "You... Do you love her?"

"I don't know." Jalen shook his head. He really didn't know.

"At first, I was just curious about her, but later on, I couldn't tell why."

Jalen held a cup of coffee in his hand and spoke slowly, but every word he said was like a knife that stabbed Alisha's heart.

After a long pause, Alisha finally came back to her senses. She suppressed her uneasiness and said, "You told me before that you don't believe in love. You think that love is fake."

"Yes." Jalen didn't refute.
