

Chapter 1021: The Truth of the Breakup?

The next day, the Beijing Financial News, entertainment news, and all kinds of new media headlines caught everyone's attention.

"The assistant to the President of Imperial Group, Li Yuanhang, and the elite talent of Kaiwei group, Ms. Linda, are meeting in a coffee shop. Are they old classmates catching up, or is this a business meeting?"

"Has it been confirmed that Ms. Linda of Kaiwei Group has joined Imperial Group?"

"It seems that the imperial group is trying to poach someone. They are inviting Ms. Linda to join the Imperial Group?"

"The loyal Ms. Linda has rejected countless high-paid poachers from companies in order to repay the kindness of her current company. Is she willing to join the Imperial Group?"

...

In short, all kinds of eye-catching headlines were included in the reports of their own media.

For ordinary people, this was not important to them at all. However, it was indeed an eye-catching thing in the business world.

However, there was a new media outlet that didn't attract much attention in the past that had the biggest headline, "Ms. Linda wanted to join Imperial Group. Could it be that her old relationship with the CEO of Imperial Group, Gong Tianhao, had rekindled?"

As soon as this news was released, it immediately became the top trending topic on the internet.

The new media outlet that wasn't famous in the past became famous all of a sudden.

This also caused shock in the business world.

"Ah, my God. Not only are Ms. Linda and assistant Li old classmates, but Linda was once lovers with Gong Tianhao?"

"Take a look at these comments."

"What's wrong with the comments below?"

"Tens of thousands of comments appeared all of a sudden. Many of the commenters said that they went to university with them. The whole school knows about the relationship between Weng Jingjing and Gong Tianhao."

"Ah, so this Linda and Gong Tianhao were really lovers in the past. But I remember that Gong Tianhao was 18 or 19 when he went to university! Compared to the time now, more than 10 years have passed."

"More than 10 years have passed. Many things will change!"

"Take a look at the comments below!"

Someone exclaimed.

“What is it?”

“In the comments, students who claimed to be Gong Tianhao and Weng Jingjing’s classmates said that Gong Tianhao loved Weng Jingjing. Back then, Weng Jingjing had to break up with Gong Tianhao because she wanted to go abroad. Gong Tianhao drank heavily every day after Weng Jingjing broke up with him!”

“Is there such a thing?” Those who read the comments said in disbelief, “Everyone knows that Gong Tianhao is the crown prince. Is there something wrong with Weng Jingjing’s brain? Just to study abroad, she broke up with her boyfriend. Can’t the two of them go abroad together?”

“That’s right. Also, with Gong Tianhao’s status, if he really loves Weng Jingjing that much, he can also go abroad with his girlfriend.”

She simply could not imagine that the business world’s emperor, who was known to be ruthless and impartial, would be devastated because of a woman. This was too subversive of her image of the business world’s emperor!

“I don’t know about that. But, I heard that they were the most compatible couple in school. The woman is beautiful, and the man is handsome!”

“But, why did Weng Jingjing break up with her boyfriend and choose to go abroad?” This was a question that everyone had been guessing.

After that, someone looked at some new comments and exclaimed, “Ah, look. The truth about Weng Jingjing breaking up is out.”

“What truth?” Someone curiously leaned over, “Weng Jingjing broke up with Gong Tianhao because she had a terminal illness. There was only a glimmer of hope of treatment if she went abroad.”

A classmate who claimed to be close to them revealed the truth.

“When Gong Tianhao and Weng Jingjing were dating, he didn’t use his identity as the crown prince. Instead, he hid his true identity and dated her as a poor boy. Even so, Weng Jingjing liked Gong Tianhao very much. Gong Tianhao also liked Weng Jingjing very much. For the sake of being together and for a better future, the two of them worked hard together. Gong Tianhao worked part-time every day. Weng Jingjing also worked part-time as a tutor for others to earn money.

“However, something unexpected happened.

“Weng Jingjing fainted during a tutoring session.

“After going to the hospital for a checkup, she found out that she had a terminal illness.

“Weng Jingjing felt that the sky was about to collapse.

“Later, she found out that there was a hospital overseas that could treat this illness. She had the idea of going overseas for treatment.”

Chapter 1022: The Truth of the Breakup

“However, Gong Tianhao, who was a poor boy at the time, did not know about all of this. Weng Jingjing was worried that Gong Tianhao might give up his life to gather enough money for her to go abroad for treatment.

“Later, Weng Jingjing made up a lie, saying that she wanted to go abroad to study with another male classmate. Gong Tianhao, a poor boy, had nothing, so she wanted to break up with Gong Tianhao!”

“Can this be true?” Someone asked the person next to her with doubt.

Someone said, “This is hard to say! This matter might really be true. This person who made the comment didn’t need to offend Gong Tianhao to make up such a lie, right? We have to think about Gong Tianhao’s current identity. Isn’t the commenter afraid of being sued?”

“That’s true! Gong Tianhao isn’t an ordinary person now. Ordinary people like us really can’t afford to offend him!”

“If the truth of their breakup is true, then the love between Weng Jingjing and Gong Tianhao is really quite touching!” Someone sighed softly.

“I just feel that it’s strange that Weng Jingjing chose to break up with him in order to go abroad to treat her illness and not implicate Gong Tianhao. But, from the looks of it, her illness should have been cured a long time ago. But why didn’t she come back a few years ago and only come back now? You have to know that Gong Tianhao is already married, and his child is already several years old.”

“That’s right. Gong Tianhao is already married and has children, but Weng Jingjing is still single.”

“Could it really be like what the gossip media reported? Could it really be possible for their old feelings to Rekindle?”

“How is that possible? Gong Tianhao is already married. Could it be that Weng Jingjing wants to interfere in someone else’s marriage and become a third party?”

“Who said it was a third party?” Someone said unwillingly, “Only the one who isn’t loved is the third party.”

“Hehe, that’s right. The one who isn’t loved is the third party. Now everyone knows that Gong Tianhao loves his wife, Xiao Lingyu, to the bone. They have children together.

“As for Weng Jingjing, they might have been in love ten years ago. However, after ten years, things have changed. Regardless of whether Gong Tianhao loves her or not, at least, she can not interfere in someone else’s marriage because of this old love.”

Among the people who were arguing, there were obviously two factions.

While the two factions were arguing, another insider revealed something.

“Do you think that Gong Tianhao and Xiao Lingyu are really in love?”

“Do you know the truth about Gong Tianhao and Xiao Lingyu’s marriage?”

“Do you know how the son between them came about?”

Seeing these questions, some of the people who read the news and gossip were baffled. They looked at each other and saw the same confusion in each other’s eyes.

“Are there some big secrets?” Someone exclaimed.

“Didn’t Gong Tianhao and Xiao Lingyu get married because they were in love? Is there another reason?”

With these doubts, everyone continued to read the so-called insider news.

This insider said that he risked his life to expose the truth.

If anything happened to him, it was obvious that ‘they’ were the ones who did it. They naturally referred to Gong Tianhao and Xiao Lingyu.

Then, he revealed the truth.

He said that he really couldn’t stand the sight of Gong Tianhao and Xiao Lingyu, the two who were pretending to be in love.

At that time, Xiao Lingyu was just a small white-collar worker in a company in City Z. For the sake of performance and orders, she drugged a customer. Unexpectedly, the customer found out by accident and took the opportunity when Xiao Lingyu wasn’t paying attention to changing the wine cup between them.

Naturally, the wine cup that was drugged was drunk by Xiao Lingyu herself.

Xiao Lingyu, who was drugged, walked into Gong Tianhao’s room by accident.

Not many men could reject a voluntary beauty.

Gong Tianhao naturally had no reason to reject this beauty who had delivered herself to his door by accident.

After that, they had sex.

After they had sex, the news of Xiao Lingyu’s incident spread throughout the company.

The company had the intention to fire such an immoral employee.

Who would have thought that Xiao Lingyu would know a very powerful young master from a wealthy family in the local area? That young master and Xiao Lingyu had taken the initiative to strike first. Not only did they cause the company to go bankrupt, but they also put the company’s boss and daughter in jail.

Later on, Xiao Lingyu returned to her hometown, Taoyuan Village.

Not long after she returned to Taoyuan village, Xiao Lingyu found out that she was pregnant.

After another unexpected meeting, Xiao Lingyu saw Gong Tianhao again.

After recognizing Gong Tianhao, Xiao Lingyu threatened Gong Tianhao that if he did not take responsibility for her, she would expose this matter to the internet.

Gong Tianhao was a responsible man. After confirming that Xiao Lingyu was indeed pregnant with his child, he took responsibility for her and decided to marry her. He even helped her to have a happy life in Taoyuan Village. He did this for the sake of himself and the company's reputation.

Just like that, Xiao Lingyu used her looks, the child in her stomach, and Gong Tianhao's sense of responsibility to slowly win over Gong Tianhao's heart and get him to support her career.

Xiao Lingyu's career was also getting bigger and bigger, and Gong Tianhao was also supporting her more and more. Especially after Xiao Lingyu gave birth to the child, his heart was even more focused on her.

Looking at the things that this so-called informant had revealed, people were shocked.

"So that's how Xiao Lingyu and Gong Tianhao got married and became a loving couple? Looks like we've been deceived!"

"Yes, yes, we have been cheated."

Chapter 1023: Ulterior Motive

In the office of the President of the Imperial Palace Group, Li Yuanhang said to Gong Tianhao angrily, "Hmph, I knew that Weng Jingjing had ulterior motives. It turns out that her real target is your wife!"

Gong Tianhao looked at the search headlines on his phone and the comments below, and a layer of anger appeared on his cold face.

"That woman's real target is not your wife Xiao Lingyu, but you!" Li Yuanhang said with certainty, but then he realized that something was not right. He shook his head and said, "No, it's not right either. That woman's ambition is very big, and love is just a tool for her to use. Therefore, her ultimate goal should be to be the wife of the CEO of the Imperial Group."

"She came to the Imperial Palace Group to test you a few times, but the results were not as she had hoped. She returned disappointed. Therefore, she wanted to destroy Xiao Lingyu's reputation. Oh, that's not it. Xiao Lingyu's reputation was not destroyed just because she wanted to. She wants to use these scandals to create a gap between you and Xiao Lingyu. As long as there is a gap between the two of you, she can wedge in."

Li Yuanhang's analysis was logical as he continued, "Between lovers, between husband and wife, trust is the most important. If there is a crisis of trust between the two parties, then the relationship between the two parties can be considered to have come to an end."

Speaking up to this point, Li Yuanhang paused for a moment and cursed angrily, "Weng Jingjing, this woman is still as sinister and vicious as ever."

He looked at Gong Tianhao and saw a dark and angry expression on his cold face. Li Yuanhang knew that this woman, Weng Jingjing, had provoked him.

Li Yuanhang, who had witnessed their love along the way, did not doubt Gong Tianhao's sincere feelings for Xiao Lingyu at all.

Gong Tianhao truly loved Xiao Lingyu to the bone, and he also doted on their child very much.

But Weng Jingjing, this woman, just had to court death. Did she think that Gong Tianhao still had feelings for her? She actually dared to provoke Gong Tianhao's feelings and patience like this.

She was blatantly challenging Gong Tianhao's bottom line.

Did she really think no one would know she was behind it? Did she not know that the capital was equivalent to Gong Tianhao's territory? From the moment she appeared in front of them, her every move was under artificial surveillance.

Li Yuanhang suddenly thought of something and asked, "Tianhao, does your wife know about this now?"

Gong Tianhao looked at him with a dark expression and said unhappily, "What do you think? This matter has been made so big that almost everyone in the business world knows about it. Do you think Yu 'Er doesn't know?"

When Li Yuanhang heard this, he immediately became anxious and asked, "Then what should we do? Does she really believe that you and Weng Jingjing have something going on?"

Gong Tianhao rolled his eyes at Li Yuanhang again and then said with a smile, "I already confessed to Yu 'Er when the fake Weng Jingjing appeared in front of us. Weng Jingjing and I are not an item."

Li Yuanhang's expression suddenly became a little silly as he asked, "So, she trusts you?"

Was it so easy to build trust between husband and wife? Li Yuanhang, who had never been in a relationship or married before, expressed his doubts.

"What do you think?" Gong Tianhao asked indifferently, "If there's no trust between husband and wife, what's the point of marriage?"

At this point, Gong Tianhao suddenly thought of something. He stared at Li Yuanhang sharply and said, "Yuanhang, you're not young anymore. You should be getting married and having children."

Gong Tianhao was still very concerned about Li Yuanhang, his subordinate, and good friend.

Li Yuanhang shrugged his shoulders and said, "I think it's better to be single with more freedom."

"But you can't be single forever!" Gong Tianhao said somewhat speechlessly, "Don't you like Tong Tong and Ling 'Er? Don't you want to have cute and smart children like them?"

Tong Tong and Ling 'Er were cute, beautiful, and smart. He couldn't help but feel a surge of emotions.

It would be nice to have such a child.

Li Yuanhang shrugged his shoulders and said, "Although I like children, I think it's better to let nature take its course when it comes to marriage. When fate comes, I'll get married."

Chapter 1024: Ulterior Motive

Gong Tianhao shook his head and said with a smile, "Then I hope that when your destiny arrives, you won't avoid it!"

Gong Tianhao had already mentioned marriage to Li Yuanhang many times.

But perhaps destiny had not arrived yet. No matter how much Gong Tianhao tried to persuade him, Li Yuanhang just said to let nature take its course.

Li Yuanhang could not deny Gong Tianhao's words.

Then, Gong Tianhao's brows furrowed slightly. After thinking for a moment, he said to Li Yuanhang in a very serious manner, "An unremarkable new media company actually has the guts to report on the matter between Yu 'Er and me, and to publicly distort the truth. The comments are clearly left by the 50-cent army.

"There must be something fishy going on here! Do you think that just Linda, who just returned from abroad, and the Royal Forest Group, who has already been chased out, would be able to create such a huge commotion?"

"Most importantly, these people's goal is obviously to slander my Yu 'Er. It seems that they are also using this matter to sow discord between Yu 'Er and me. If there was a crisis between Yu 'Er and me, their goal would be achieved.

"When more slanders appear about Yu 'Er, people will suspect that I'm behind them. I'm doing this so that I could rekindle my old relationship with Weng Jingjing. I need a legitimate excuse to dump Yu 'Er and divorce her!"

Hearing Gong Tianhao's words, Li Yuanhang's expression could not help but change. He was slightly surprised as he said, "How is this possible?"

Gong Tianhao curled his lips and sneered, "There is nothing impossible about this. You also know that Weng Jingjing is a woman with great ambitions. Moreover, she will do anything to achieve her goals. Most importantly, she seems to have the confidence to succeed in what she wants to do!

"My influence is huge in China. No matter how capable Weng Jingjing is, against me, she is like an egg hitting a stone. So, do you think she is that stupid?"

When Gong Tianhao said this, Li Yuanhang frowned. He was a little confused and asked, "Are you suspecting that there is a powerful force behind this?"

"Not suspecting, but I am certain!" Gong Tianhao said with certainty, "Haven't you noticed that the momentum of this matter has spread a little too quickly? No matter what kind of media it is, it is impossible for the entire country to report something that is untrue and slanderous with the mentality of offending me, Gong Tianhao."

Li Yuanhang frowned and asked with confusion, "What you said makes sense. But who is the force behind this?"

Gong Tianhao said, "This is what I want you to investigate!"

Li Yuanhang immediately nodded and said, "Okay, I understand, Tianhao!"

After Li Yuanhang left, Gong Tianhao's face completely darkened.

He never expected that Weng Jingjing, that woman, was so bold and so vicious. She wanted to tear them apart, but she did that by slandering Yu 'Er.

Did she really think that he would show mercy to her?

When he cried over Weng Jingjing, it wasn't because he liked her or loved her.

It was because she was a lot like his mother. He lost his mother and father at the age of three. He had always wanted a family. He even dreamed that one day, his parents would come back.

However, he waited until he was sensible. When he was eighteen years old, his parents had yet to appear in front of him. At that time, he deeply understood that his parents had truly left him.

Just as he was about to accept the reality that his parents were really not in his life, a girl appeared in his life.

This was Weng Jingjing.

The first time he saw Weng Jingjing, he immediately went home and found his parents' photos. He saw his mother in the photos, and she was too similar to Weng Jingjing. He immediately thought that his mother must have been worried about him, that was why she had turned into another person and appeared in his life.

In the following days, he began to get close to Weng Jingjing.

When he entered university, he was a poor person. When he got close to Weng Jingjing, he naturally had the same identity.

As for Weng Jingjing, she wasn't a rich young lady. She was just a child from a well-to-do family in a small county in a remote area.

Compared to Gong Tianhao, her family's situation was much better.

Gong Tianhao was cold and aloof. He had an extraordinary temperament, especially his tall and handsome figure. People called him the cold prince.

Although Gong Tianhao was poor, his looks and temperament were very attractive to the girls in the school. There were many girls who chased after him. Among these girls, there were some who came from rich families. Of course, there were also ordinary girls from ordinary families.

However, Gong Tianhao rejected them mercilessly, making these girls love and hate him.

However, one day, Gong Tianhao started to chase after a girl. It shocked the entire school.

This girl was prettier than the average girl and was called the prettiest girl in the department. Her abilities were not bad. She was the vice-president of the Student Union. However, her family was far from the rich and beautiful girls who were rejected by Gong Tianhao.

However, Gong Tianhao chose to chase after her.

At first, when Weng Jingjing knew that Gong Tianhao was getting close to her and was trying to pursue her, she was very happy because of her vanity.

However, he was a poor boy and did not suit her at all.

The boyfriend she wanted was of course tall, rich, and handsome.

Therefore, Weng Jingjing rejected Gong Tianhao's pursuit.

Chapter 1025: Recalling the Past

"Everyone thought that I liked Weng Jingjing and pursued her!" Gong Tianhao said to Xiao Lingyu on the phone, "But no one knew that I approached Weng Jingjing because I wanted to find my mother's shadow in her. However, I didn't explain."

Gong Tianhao's identity at the time was that of a poor boy. Weng Jingjing was full of joy because Gong Tianhao was handsome.

Although Gong Tianhao was not her ideal boyfriend choice, she did not reject Gong Tianhao's flattery and gifts. At the same time, she was also flirting with other male students.

Gong Tianhao did not mind. He gave her gifts as usual. Although he did not give her any expensive gifts, in everyone's eyes, the intention of pursuing her was obvious. Furthermore, with Gong Tianhao's current status, what expensive gifts could he give her?

Gong Tianhao's intention of pursuing Weng Jingjing was obvious, but the other party seemed to be perfunctory.

Under the situation where all the girls in the school were jealous and envious, she was still playing around with other male students while receiving gifts from Gong Tianhao.

Many of the students couldn't stand Weng Jingjing. They also couldn't understand why Gong Tianhao would like such a girl.

Some of the girls were jealous, but they couldn't stand Weng Jingjing's way of doing things, so they decided to teach her a lesson.

They locked her in the girls' toilet and poured a bucket of water on her. Weng Jingjing was kept in the girls' toilet for an hour or two.

That day, Gong Tianhao found out that a girl was locked in the girls' toilet. Because many students were afraid of offending the rich and beautiful girls, they didn't dare to let her out.

When Gong Tianhao found out, he immediately had a premonition that the girl that they said was locked up was very likely to be Weng Jingjing. So, without saying anything, he directly ran in the direction of the women's restroom. He kicked open the locked restroom door and saw a drenched and disheveled woman squatting at the corner of the wall and crying incessantly.

Gong Tianhao's pupils suddenly constricted. Then, he took off his coat and draped it over Weng Jingjing's body. Under everyone's watchful eyes, he immediately carried Weng Jingjing. Under

everyone's shocked expressions, he quickly left with Weng Jingjing in his arms, they returned to Weng Jingjing's dormitory.

He put her on a chair and poured her a cup of hot water. When he handed it to her, he said softly, "Drink some hot water and go take a shower later. I'll be back soon!"

Just as Gong Tianhao was about to turn around, he realized that the corner of his clothes was pulled by someone. He turned around and met Weng Jingjing's cautious and scared gaze. She grabbed him and said with lingering fear, "You... Where are you going?"

"I'm just going out to take care of some things!" Gong Tianhao said.

"You... Don't leave, okay? I... I'm scared!" Weng Jingjing said fearfully.

Although she often heard about the so-called school bullying, she felt a little disdainful in her heart.

Only the weak would be bullied.

But one day, when she was faced with these school bullies and was locked in the female toilet for an hour or two, she was really scared.

At this moment, Gong Tianhao rushed into the girls' bathroom like a proud hero. When he rescued her, Gong Tianhao became her Prince Charming and her hero.

Gong Tianhao looked at her and his cold heart softened.

Seeing her like this, it was as if he was seeing his mother.

He said softly, "Don't be afraid, I'm here! Go take a hot bath first. Don't catch a cold. I'll wait for you at the door!"

With Gong Tianhao's comforting words, Weng Jingjing finally didn't feel afraid anymore.

However, before she entered the bathroom, she kept saying, "Don't leave, don't leave. I'm afraid."

Gong Tianhao nodded and said, "Yes, I won't leave. I'll wait for you outside!"

When Weng Jingjing entered the bathroom, Gong Tianhao's face immediately darkened. He looked at the people who had come to watch the show. Regardless of whether these people were the culprits or not, his cold face carried some anger as he said coldly, "I hope those who locked Weng Jingjing in the toilet come out to apologize to her. Otherwise, there will be hell to pay."

Chapter 1026: Recalling

Among the students who came to watch the fun, one of them participated in the bullying.

She looked at Gong Tianhao's cold and gloomy face, and her heart skipped a beat. She couldn't help but have a bad premonition.

Gong Tianhao was usually indifferent and cold, but he was very capable of protecting the people he cared about.

Gong Tianhao's sharp gaze swept over these students. After a moment, his gaze stopped on a female student's face. Then, he pointed and said coldly, "Come out!"

These students looked at each other, not knowing who Gong Tianhao was referring to.

Gong Tianhao looked at the female student and said coldly again, "I'll say it again. Come out. Otherwise, don't blame me for dragging you out!"

The student who was pointed at shuddered. She struggled in her heart for a moment, but she still didn't have the courage to stand out.

Then, she tried to sneak away when the surrounding students weren't paying attention.

However, before she could take action, Gong Tianhao walked up to her and said coldly, "Tell me, who else is involved in this?"

When the female student saw Gong Tianhao walking toward her, she was flustered and at a loss. A guilty look appeared in her eyes, and she shook her head, "I... I... I don't know!"

Then, she forced herself to calm down. She looked at Gong Tianhao with a puzzled look and asked in return, "Student Gong, you're very strange. I don't know what's going on, and I didn't participate in this matter. How would I know that someone else was involved in this matter?" She couldn't help but praise her own wit.

Gong Tianhao only stared at her coldly and sharply. Then, he casually asked, "Oh, is that so?"

When the female student saw Gong Tianhao's gaze, her entire body trembled. She didn't know why she was so afraid of Gong Tianhao.

Actually, it wasn't just the female student who felt this way. The students who followed along also felt the cold air around Gong Tianhao. It was a very cold feeling.

They didn't know why, even though Gong Tianhao was a poor kid from the countryside, he had a cold and powerful aura.

Since the female student didn't want to admit it, Gong Tianhao was annoyed.

He directly called a student and said, "Go and call the president of the student union, Li Yuanhang, over!"

The student who was called was slightly stunned. He didn't know why Gong Tianhao suddenly would call Li Yuanhang over.

Was Li Yuanhang on good terms with him?

Also, why would Li Yuanhang listen to Gong Tianhao and come over as soon as he called?

Many students had this question. The student who was called by Gong Tianhao hesitated for a moment before turning around to call Li Yuanhang.

However, before he ran far, Li Yuanhang had already received the news and ran over.

As soon as he came over, he asked, "Tianhao, what do you want me to do?" Obviously, he had already received the news before he ran over.

When Li Yuanhang asked this question, the surrounding students revealed surprised expressions.

The president of the student union, Li Yuanhang, actually had such a good relationship with Gong Tianhao. Moreover, from the looks of it, it seemed like there was a superior-subordinate relationship between them. It was very obvious that Gong Tianhao was superior.

Gong Tianhao's sharp eyes stared at the student whom he had named. He said coldly, "Go and check the surveillance cameras in the female toilet corridor. Find out who might be involved in this!"

Li Yuanhang didn't have any doubts. He nodded and said, "Okay, no problem. I'll do it right away!"

The students who were watching the show, "... Li Yuanhang, do you have to be so obedient? Have you forgotten your identity?"

Also, how come they didn't know that the president of the student union, Li Yuanhang, was so easy to talk to?

After Li Yuanhang left, Gong Tianhao coldly glanced at these students who were watching the show and said coldly, "Now that the show is over, shouldn't you all leave?"

With a boom, everyone quickly dispersed like frightened birds.

Only the three female students who shared the dormitory with Weng Jingjing were left.

When the three female students faced Gong Tianhao, their eyes revealed a burning admiration but also fear.

Only today did they realize that Gong Tianhao was so manly.

Not only that, but he also had an imposing manner.

How should they describe this imposing manner? It was the imposing manner of a king.

Just as a female student tried to speak to Gong Tianhao, the bathroom door opened. Weng Jingjing, who had changed into a new set of clothes, came out and looked around for Gong Tianhao.

"Gong Tianhao, Gong Tianhao..." she called out.

Gong Tianhao immediately replied, "I'm Here!"

Then, he looked at Weng Jingjing's expression and asked with concern, "Are you better now?"

Weng Jingjing wiped her wet hair with a towel and nodded, "Yes, I'm much better now."

She paused and said gratefully, "Gong Tianhao, thank you so much for today! If it weren't for you, I don't know how scared I would be in the bathroom!"

Gong Tianhao nodded and said to her, "Yes, it's good that you're fine now. I still have things to deal with. You should rest first."

Then, he looked at the three female students in the dormitory and said, "Dear students, please take care of her!"

The three female students immediately said, "It's fine, it's no trouble. Don't worry. We will take good care of Jingjing."

Chapter 1027: I Believe in Him

"CEO Xiao, something bad has happened!"

Xiao Lingyu was working in his office when Xiao Xinxin from the public relations department suddenly barged in.

Xiao Lingyu had always been particular about rules. Before entering, they had to knock on the door.

Now, Xiao Xinxin did not even knock on the door and barged in.

Xiao Lingyu looked at Xiao Xinxin, who came in in a hurry, and frowned, "Xinxin, why are you in such a hurry?"

When Xiao Xinxin heard that, she knew that Xiao Lingyu was unhappy that she did not knock on the door and entered. She was indeed a little impulsive.

Xiao Xinxin said, "CEO Xiao, have you seen the trending headlines on the internet?"

Xiao Lingyu asked doubtfully, "No, why?"

When Xiao Xinxin heard that, she was so anxious that she was about to explode. She said, "CEO Xiao, take a look at trending headlines now." At this point, she placed her hands on her hips and could not hide the anger on her face, "I'm so angry! Those people are simply spouting nonsense! What do they know? They don't know anything, yet they are slandering you."

Xiao Lingyu frowned and went on the internet. When she saw the top trending news, her pupils could not help but shrink.

Xiao Xinxin continued to curse, "Also, this Weng Jingjing, no matter what her relationship with Gong Tianhao was, Gong Tianhao is already married. What does she mean by suddenly appearing now? Why would she imply that she has an ambiguous relationship with a married man?"

"What's worse is that you and Gong Tianhao are a legitimate couple, but some people are calling you a bad woman who steals another woman's man!"

Xiao Xinxin was so angry that she was fuming when she saw the comments on the internet.

As a public relations department, she was supposed to be the one to handle these matters.

However, when she was handling this matter, she found something strange. No matter how much she tried to explain, a large number of critics appeared and scolded Xiao Lingyu.

She used a lot of public relations methods. 'The boss of the Green Fresh Group, Xiao Lingyu, was a mistress.' This news was still the number one trending topic.

At this moment, she realized that someone was messing with Xiao Lingyu. Moreover, this person was most likely the so-called Weng Jingjing.

Weng Jingjing definitely had some ability and methods. It was more likely that a large force was supporting her. Moreover, this force was obviously targeting Xiao Lingyu.

Realizing the seriousness of the matter, Xiao Xinxin hurriedly came to find Xiao Lingyu.

Xiao Lingyu heard Xiao Xinxin's exasperated cursing and her vivid expression and couldn't help but laugh.

Xiao Xinxin's expression was slightly stunned, and then she said, "Sis, how can you still laugh?"

Xiao Lingyu shook his head and said with a smile, "It's not a big deal. Why can't I laugh?"

"How can it not be a big deal?" Xiao Xinxin said anxiously, "It's obviously a big deal, okay? Didn't you see it? The Internet is full of curses against you!"

Xiao Lingyu said indifferently, "So what? I am innocent. Moreover, no matter how these people on the Internet scold me, it can't change the fact that Gong Tianhao and I are husband and wife."

Xiao Xinxin rubbed her hands and said anxiously, "But... but they are all calling you a mistress!"

"A mistress?" Xiao Lingyu sneered. When I married Gong Tianhao, both of us were single, so how could I be a mistress? Besides, Gong Tianhao doesn't care about Weng Jingjing. Even if they had feelings for each other, that was ten years ago.

"But they are bringing this up and calling the wife a mistress. This is really funny. These netizens on the internet are either paid trolls or those netizens who don't know what's right and wrong."

Xiao Xinxin took a deep breath and said with a worried expression, "But sister, you've been criticized by thousands of people. Do you really not care?"

Xiao Lingyu said with a serious expression, "Xinxin, I am angry at being criticized for no reason. There must be someone behind this. As the public relations manager of Green Fresh Group, you've dealt with all kinds of sudden incidents over the years and handled them beautifully. You're a very capable person. But if you can't handle this, it means that the power behind this isn't something we can underestimate."

Chapter 1028: I Believe in Him

Xiao Xinxin immediately said with some doubt and worry. "But Sis, are we just going to let this matter go? How could this be allowed? If this continued, Sis' reputation would probably be ruined."

Xiao Lingyu shook her head and said, "No, it's not that we're going to let this matter go. It's that someone will handle this matter."

"Who is it?" Xiao Xinxin didn't react for a moment and asked with a puzzled face.

Coincidentally, just as she finished asking, Xiao Lingyu's phone rang.

Xiao Lingyu held the phone and winked at Xiao Xinxin, saying with a smile, "It's him!"

Xiao Xinxin saw the caller ID on the phone: husband.

Then, she immediately reacted and heavily patted her head, saying with a smile, "That's right. Brother-in-law can completely deal with this matter."

She paused and said with a serious expression, "This is caused by him anyway. His lover did not appear for ten years, and the moment she appeared, she did something like this. This matter can not be let off easily!"

Xiao Lingyu nodded. "Yes. It can not be let off easily."

But then, Xiao Xinxin said with some worry, "But Sis, people on the internet said that brother-in-law might be able to rekindle his old love with that woman. It can't be that he still has feelings for that first love, right?"

To anyone, first love was the most difficult to forget and the most difficult to part with.

She did not know if Gong Tianhao would be like this.

If Gong Tianhao were like this, it would be too unfair to Xiao Lingyu.

Then, Xiao Xinxin suddenly thought of something and asked with concern, "Sis, are you alright?"

Xiao Lingyu looked at her careful concern and said with amusement, "Xinxin, you're thinking too much. What could happen to me?" She teased, "Rather than worrying about me, it's actually better to worry about the person behind the scenes."

Xiao Xinxin immediately widened her eyes and asked curiously, "Sis, you actually trust brother-in-law so much!"

Of course, she understood Xiao Lingyu's meaning. It meant that Gong Tianhao would definitely not forgive the person behind the scenes, including his first love, Weng Jingjing. Therefore, she was a little surprised.

She really didn't expect that Xiao Lingyu would trust Gong Tianhao so much.

Xiao Lingyu shrugged and said with a smile, "Tianhao and I have been together for so many years. If we don't even have this bit of trust, how can we stay together for so long? Alright, I won't talk to you anymore. I have to answer the phone."

Hearing this, Xiao Xinxin shrugged and said with a smile, "Alright, have a good chat with brother-in-law. If there's anything, just tell me!"

Before Xiao Xinxin could leave, she heard Gong Tianhao's anxious voice, "Yu 'Er, don't believe those messy things on the Internet. Believe me. I will definitely take care of this matter!"

Xiao Xinxin's footsteps paused for a moment. Then, her worries were completely dispelled.

It seemed like she had worried for nothing.

The couple's relationship was very good. It was impossible for it to be destroyed just because of the appearance of some random people.

Now that she, the manager of the public relations department, could not handle this matter, it would be best if Gong Tianhao could handle it.

Just as Xiao Lingyu said, she should be more worried about the mastermind behind this matter.

After thinking this through, Xiao Xinxin walked out easily and closed the door gently.

The subordinates who had been paying attention to Xiao Xinxin were relieved when they saw their boss come out with a relaxed expression.

One of the subordinates asked, "Manager, how was it? What did CEO Xiao Say?"

Xiao Xinxin smiled and said, "CEO Xiao didn't say anything. She just told us not to get involved in this matter."

The subordinates were stunned for a moment before asking with some confusion, "Not getting involved? This matter has now become so big. The company has also suffered a huge loss. Are we just going to let it go like this? How could this be allowed?"

Xiao Xinxin knew the doubts of her subordinates as she said with a smile, "This matter isn't going to be let go. But it's not in our hands anymore. In other words, someone else will be in charge of this matter. And if that person manages this matter, it will definitely give a very satisfactory result. You all don't have to worry."

However, her subordinates didn't quite understand what their boss meant. "If our public relations department doesn't handle this, who will?"

Xiao Xinxin smiled mysteriously and said, "When the time comes, you'll know!"

Then, she looked at her subordinates, and her expression suddenly became serious. "Alright, I've said that we don't need to care about this matter anymore. Now, go do what you need to do."

..

"Hehe, Hubby, when you saved her, you must have claimed her heart too."

Xiao Lingyu listened to Gong Tianhao talk about his first love with Weng Jingjing and teased him.

"After that, did she agree to your pursuit?" Xiao Lingyu asked with a smile.

Gong Tianhao listened to his wife's teasing and said with a wry smile, "I never pursued her. It's just that I didn't explain, so it caused a misunderstanding."

Xiao Lingyu laughed and said, "Hubby, you were approaching her and giving her gifts. Anyone with eyes would know that you're pursuing her."

Gong Tianhao, "... he didn't think much of it at first, but now he regretted not explaining it clearly back then.

Chapter 1029: Problem

The news of Xiao Lingyu being a mistress stayed on the top of the search rankings under the manipulation of the person behind the scenes.

The wife of the CEO of the Imperial Group, Xiao Lingyu, seemed to have become a bad woman that everyone wanted to beat up.

Although there were many people who felt sorry for Xiao Lingyu, they were quickly drowned in the wave of comments.

Xiao Lingyu's image had plummeted, and it had already completely affected the public relations image and operations of the Green Fresh Group. The number of tourists who came to the Taoyuan Village had also plummeted. In the past, there was a sea of people.

But now, there were only a few tourists. Furthermore, due to the influence of the internet, many tourists came to Taoyuan village to cause trouble. They splashed feces, paint and even used violence on the staff. While causing trouble, they also scolded Xiao Lingyu for being a mistress and a bad woman.

In order to ensure the safety of the staff, Xiao Lingyu directly ordered the closure of the store for three days, including the supermarket stores everywhere!

However, the foreign branches were not affected and continued to open.

Once Xiao Lingyu closed the shop, those rich and powerful people were unhappy.

They were used to eating the produce of the fresh green fruits and vegetable supermarket. They felt that something was wrong even if they did not eat a single meal.

Now that the Fresh Green supermarket was closed for business and they did not know when it would open, these foodies could not take it anymore.

Whether Xiao Lingyu was a mistress or not, they did not care. However, because this matter affected their appetite, so they had to take care of it.

"Where did this Weng Jingjing come from? How did she affect Xiao Lingyu so much?"

"According to the people on the Internet, this Weng Jingjing is Gong Tianhao's first love!"

"Fuck," someone could not help but curse, not caring about his noble status, "What's wrong with Gong Tianhao? First love and a first wife. Now that his wife is affected, why hasn't he done anything?"

"That's right. With his abilities, it's easy for him to deal with everything." Someone asked doubtfully, "Now, his wife is being dragged into this mess. It's too horrible to look at. Now, such a big company is being shut down. How big of a loss will this cause?"

"That's right. Green Fresh group was a company worth tens of billions. If it was shut down for a day, it would cause a huge loss of tens of millions. Looking at the situation and the situation on the Internet, I don't know how long it will be."

"This won't do." Someone said, "I'm already used to eating the food there. If I don't eat it for a day, I won't be able to stand it."

“Then, why don’t we go directly to Taoyuan Village and connect with the source?” Someone was immediately tempted.

“This is a good idea!” Someone said with a frown, “It’s just that. I heard that the Green Fresh group has always been very principled in doing things. “Their things are good, and to us, they aren’t expensive, but we have to compete with the commoners to buy them.” He paused, “If we can directly connect with the Taoyuan Village of the Green Fresh Group, even if the price is higher, it doesn’t matter. At least we don’t need to lower our status to compete with a group of commoners.”

“That’s right. We can send someone directly to the Taoyuan Village to take a look,” someone agreed, “Now that the shops in the country are closed, there will definitely be a large backlog of agricultural products. The period of the freshness of these fruits and vegetables is very short, and the period of picking is also short. Once the backlog is accumulated, it will easily be damaged and rotten. If we go to the source to make orders, I don’t think they will refuse us.”

“That’s true. Now, immediately get someone to contact the green fresh group and find the relevant person in charge.” Very soon, someone immediately sent someone to do this.

In the sales department, Xiao Lingyun received some calls. After thinking for a moment, she got up and went to the president’s office. After she knocked on the door, she went in.

“President Xiao, I received some calls. Many rich customers are interested, so they came directly to our Taoyuan Village to order products.” Xiao Lingyun reported directly to Xiao Lingyu.

Xiao Lingyu didn’t even think about it. She directly shook her head and said, “No.”

Xiao Lingyun immediately asked in puzzlement, “Why is that?”

Xiao Lingyu said, “I can’t break the sales principles of our company. If we accept the reservation, once our shops re-open, how should we distribute the supply of goods? Also, if we accept the reservation, it will very likely increase our sales costs. Because, once we accept the reservation, it means that we need to deliver the goods to their door.”

Xiao Lingyun said with some worry, “But, now that the shops across the country are closed, the products in our warehouse will likely be in a backlog. This...”

Xiao Lingyu shook her head and said, “It won’t cause a backlog. Have you forgotten? Our branch overseas hasn’t closed yet. Now, no matter how many products we have, we can directly ship them overseas.”

Xiao Lingyun, “...” She was in charge of sales, but she didn’t even think of this. She was really ashamed.

Chapter 1030: Her Return

Gong Tianhao looked at the rumors about Xiao Lingyu on the internet and became more and more outrageous. He only frowned.

Li Yuanhang asked, “Tianhao, are we going to let this internet violence continue? Isn’t this too much of an impact on your wife? Right now, your wife’s reputation could be said to be tragic and ruined. Because

of this, many people went directly to the Taoyuan village and its branches to cause trouble. Madam had no choice but to close all her shops. This loss is too great, right?”

Gong Tianhao said that he would handle this matter. However, a few days passed, and they had yet to take any action. Whether it was Xiao Lingyu or the Green Fresh group, the impact was too great.

Did Gong Tianhao reveal anything to Xiao Lingyu? Otherwise, any woman who encountered such a thing would be devastated.

Gong Tianhao shook his head and said, “Now is not the time. You Don’t have to worry. Yu ‘Er and I have already discussed this matter.”

Li Yuanhang frowned slightly. “But the impact is too great! A lot of netizens are stirring up trouble!” Li Yuanhang could not help but be a little worried.

If it were a person with poor mental fortitude, facing criticism on the Internet, being scolded by tens of thousands of people, one would definitely have a mental breakdown.

Gong Tianhao waved his hand and said, “Don’t worry, Yu ‘Er will only treat it as a normal farce!”

After saying this, his expression immediately changed. He said coldly, “Don’t worry! I will make people pay for what they have done to Yu ‘Er.

“Did they really think that I am a pushover? Did they think I still have feelings for Weng Jingjing and that I’d get a divorce and marry that woman?”

“They are crazy.”

After hearing this, Li Yuanhang knew that Gong Tianhao had his own plans. He sighed lightly and asked, “Then, what should we do next?”

Gong Tianhao did not answer him directly. Instead, he asked directly, “The power behind Weng Jingjing, other than the Royal Forest group, there must be a big power involved in our country. Who is it?”

Li Yuanhang frowned and said, “Tianhao, just as you said, Weng Jingjing has the support of the Royal Forest group behind her. The purpose is to destroy your wife and the green fresh group. Green Fresh Group is competing with Royal Forest Group in foreign markets.”

After saying that, he handed a document to Gong Tianhao and said, “According to our investigation, wherever your wife’s Green Fresh group opens a branch, it will cause a huge problem to Royal Forest. This has caused the total sales of the high-end noble routes of the Royal Forest group to plummet. They can only take the route of the middle and lower reaches of the market. This not only has a huge impact on its reputation as the number one brand in the world, but it also has a huge loss.

“In addition, your wife’s right-hand man, Bruce, was at the back, constantly poaching people and causing trouble for them. As a result, many of the elite talents in the Royal Forest group were poached by Bruce to the Green Fresh Group. Naturally, Royal Forest Group would hold a grudge.”

As he said this, Li Yuan felt that it was funny, “After Royal Forest fired Bruce, not only were they forced to withdraw from the Chinese market, but they also suffered heavy losses. Now, the Royal Forest

Group's headquarters suffered heavy losses, and a large portion of it was because of Bruce. It looks like our CEO's wife has really sharp eyes. She found such a talent."

Gong Tianhao shook his head and said, "Yu 'Er did not find him, and he came to us. However, Yu 'Er is courageous and dares to keep Bruce. Otherwise, an ordinary person would not dare to keep Bruce."

First, one would be afraid of being pressured by the Royal Forest Group. After all, the Royal Forest group had banned Bruce from the industry. Whoever kept Bruce was equivalent to going against Royal Forest Group. As the leader of the industry, it was quite easy for the Royal Forest group to take revenge.

Second, the Royal Forest group spread rumors about Bruce, saying that he was incompetent. Not only had his performance dropped year after year since he took over the branch company, but it had also led to the bankruptcy of the branch company.

But who would have thought that in less than a year, the person who had taken the greatest revenge on the Royal Forest Group was actually Bruce?

Currently, all the stores in China were temporarily closed, but the foreign market was not affected much. Under Bruce's operation, many branches were in full swing, and this required a great supply of goods.

Therefore, even if the nationwide business was temporarily closed, there were no consequences of heavy losses.

Then, Li Yuanhang reported, "Tianhao, we have now found out that the fake Weng Jingjing from before has a certain relationship with the real Weng Jingjing! We have also found out that Weng Jingjing is a good friend of another person. This person is probably behind everything."

Gong Tianhao asked directly, "Who is it?"

"Leng Piaoxue!"
