

Chapter 1051: No Disguise

“So you were just using Gong Tianhao. Because that male student had money and could arrange for you to go abroad, you immediately betrayed Tianhao and went abroad with that student.”

As he said this, his sharp eyes stared at her coldly, and his tone was cold and merciless, “Weng Jingjing, to you, love is just a tool to be used. So, don’t make yourself sound so noble. Go abroad for Tianhao or something.

“You went abroad to study only for yourself. The current you are just unwilling because of Gong Tianhao’s identity. With your ambition, you are not marrying Gong Tianhao but his identity. Because of his identity, he can bring you endless glory and wealth.”

Li Yuanhang did not give any face to Weng Jingjing at all. He simply tore off all of Weng Jingjing’s cover.

He continued, “Let me tell you. Old Master Gong has already said that if Gong Tianhao divorces Xiao Lingyu, then Gong Tianhao will be directly kicked out of the Gong family. Everything in Gong Tianhao’s hands, including the Imperial Palace Group and all the properties under his name, will be transferred to Xiao Lingyu.”

Li Yuanhang paused and stared coldly at Weng Jingjing as he continued, “In other words, if Gong Tianhao and Xiao Lingyu divorce, Gong Tianhao will leave with nothing. Do you still want to marry a Gong Tianhao like this?”

Weng Jingjing was stunned when she heard this. Her eyes revealed a look of disbelief as she muttered, “What did you say?” Gong Tianhao left with nothing. How was this possible?

How could Li Yuanhang not know what she was thinking? He said, “The old master said that if Gong Tianhao divorced Xiao Lingyu for some random woman, not only would he be chased out of the Gong family, but he would also leave the house with nothing!”

“This is impossible!” Weng Jingjing did not believe it at all, “Other than the old master, only Gong Tianhao is left in the Gong family. If Gong Tianhao was chased out, who would be left in the Gong family?”

“Who said that Gong Tianhao is the only one left in the Gong family? Don’t forget that Gong Tianhao still has a son!” Li Yuanhang violently shattered Weng Jingjing’s fantasy as he continued, “After Gong Tianhao is chased out of the Gong family, everything in the Gong family will belong to his son and Xiao Lingyu.

“So, Weng Jingjing, do you still wish for Gong Tianhao to divorce Xiao Lingyu and marry you? Tianhao asked me to pass on this message to you. He said that if you don’t mind suffering with him and starting over again, he wouldn’t mind marrying you. After all, you are his first love. Men are always so fond of their first love!” Li Yuanhang said.

“No, I don’t believe a word you say!” Weng Jingjing didn’t accept every word Li Yuanhang said at all, “Gong Tianhao is so capable. How could he choose to leave with nothing? He has power, and he can make that woman, Xiao Lingyu, leave with nothing!”

Hearing her words, Li Yuanhang sneered in his heart.

‘This woman really has not changed her nature. She only focuses on money.

‘If she really loves him, if she really wants to rekindle her old feelings with Gong Tianhao, as long as she really wants to marry him, how could she mind him leaving the house with nothing?

‘In the end, she only loves herself. Her so-called love for Gong Tianhao is just love for his power and the wealth behind him.

‘This woman really doesn’t care about anything else but that!’

Li Yuanhang immediately interrupted her last glimmer of hope. He said, “Gong Tianhao has the ability to make Xiao Lingyu leave the house with nothing, but at the same time, the old master also has the ability to make Gong Tianhao leave the house with nothing!”

“Why?” Weng Jingjing couldn’t help but be furious. “Why would old master gong do this? Gong Tianhao is clearly his biological grandson. What kind of bewitching potion did Xiao Lingyu give him?”

She simply couldn’t accept the fact that Gong Tianhao left the house with nothing.

If she could accept a poor Gong Tianhao, then why did she betray Gong Tianhao back then?

To put it bluntly, all she wanted was money and power. She wanted to be rich and powerful. She wanted to live a better life than all the other women.

Li Yuanhang looked at her and said coldly, “Xiao Lingyu doesn’t need to give anyone a bewitching potion. That’s how much the old master likes her. Do you think that without the old master’s help, Gong Tianhao would have been able to pursue Xiao Lingyu so easily? It’s because the old master likes Xiao Lingyu to be his granddaughter-in-law that Xiao Lingyu has no qualms about marrying into a high-class family like the Gong family!”

Every word that Li Yuanhang said was like a knife being stabbed at Weng Jingjing. After he pulled it out, fresh blood still dripped on the tip of the knife. After that, he continued to stab her.

She wanted to cover her ears and pretend that she did not hear what he said. Then, all the beautiful things that she had imagined would not be torn apart.

At this moment, Weng Jingjing’s face was extremely pale. Her expression became dull and sorrowful. She did not know what to do.

Li Yuanhang did not have any tender feelings for her. Then, he increased the intensity of his hammering, hitting Weng Jingjing’s final persistence and weakness.

Li Yuanhang said lightly, “The various rumors about Xiao Lingyu on the internet. Don’t think that Tianhao and I don’t know that you and some other people are behind this. Tianhao wants me to tell you that he will not let go of anyone that hurt his wife, including you!

“Weng Jingjing, you are no longer the girl that he used to hold in his hands and protect. The person that he is holding in his hands is another one. Stop daydreaming! Just wait for Gong Tianhao’s revenge now!”

After saying this, he looked at a very hidden place!

Weng Jingjing felt dizzy, and her mind went blank. Her face was pale, her lips were blue, and her body was trembling. She didn’t know if this was caused by anger or grief.

On the other side of the room, the paparazzi who were listening to their conversation looked at each other.

The information they received didn’t match at all.

They thought that Gong Tianhao still had a beautiful and true love for Weng Jingjing, his first love. Perhaps he was also waiting to get back together with his first love, so he did not care about the rumors about Xiao Lingyu on the internet.

But now, hearing the meaning of Li Yuanhang’s words, Gong Tianhao did not ignore it at all. Instead, he kept it in his heart and waited to seek justice for his wife.

In other words, just like what Li Yuanhang said, Gong Tianhao took revenge on those who bullied his wife.

No, perhaps it wasn’t just people but also the media.

“This... What should we do now?” Someone asked in a low voice, “Our media also wants to gossip about Xiao Lingyu. If we add fuel to the fire, will Gong Tianhao take revenge on us?”

“Our newspaper also wrote about it!” Another person said with a worried expression. “Could Gong Tianhao really be so petty?”

“I don’t care whether Gong Tianhao will take revenge or not. I think we need to report this to the higher-ups immediately.” Another person was more sensitive. “I don’t think Li Yuanhang would say this to Weng Jingjing for no reason.”

“But can Li Yuanhang represent Gong Tianhao?” Someone retorted.

“The news I received this time was clearly Gong Tianhao and Weng Jingjing on a date. How could it be Li Yuanhang?”

“Stupid, don’t you understand? Li Yuanhang said that this date with Weng Jingjing is Gong Tianhao’s idea.”

“But...”

Chapter 1052: Husband and wife watching a show

Gong Tianhao took out his cell phone and made a video call to Xiao Lingyu.

He smiled and said to Xiao Lingyu, “Honey, come, Let’s watch a show together now.”

Xiao Lingyu looked puzzled and asked, "Watch a show? What show?"

Gong Tianhao curled his lips and said with a smile, "Aren't Li Yuanhang and Weng Jingjing going on a date tonight?"

"And then?" Xiao Lingyu asked, "They're going on a date in a restaurant."

Gong Tianhao said, "Before Li Yuanhang went on a date, I asked Li Yuanhang to bring an invisible camera. I just want to see how Weng Jingjing is going to react. She still wants to marry me and be my wife. I'll let Li Yuanhang ruin her beautiful dream right now!"

Xiao Lingyu, "... " is it really okay to want to see her first love in such a pathetic state? If you want to see it, then go ahead. Why bring me along?

However, Xiao Lingyu was actually quite curious about the woman who coveted her man.

The only woman she had come into contact with was Bai Shanshan, who was pretending to be her. According to Gong Tianhao, the appearance of this Bai Shanshan was exactly the same as the real Weng Jingjing. However, even though Bai Shanshan copied Weng Jingjing exactly, the moment she opened her mouth, she still revealed a huge flaw. Therefore, the moment she appeared in front of them, she was exposed.

She now knew about Weng Jingjing's appearance. She was indeed very beautiful and moving.

However, she only knew about her personality from Gong Tianhao and Li Yuanhang. She was a woman with a strong personality, strong self-esteem, and strong ambitions.

Xiao Lingyu also learned about this woman, who was somewhat similar to Gong Tianhao's mother, from the media and news. She looked gentle and indifferent, but in fact, she was full of stubbornness and paranoia.

Now that Gong Tianhao suddenly asked her to meet this woman in the video, she was really curious.

She said speechlessly, "Tianhao, is this okay?" After all, this woman was the woman that he loved and protected in the past.

Gong Tianhao said with an indifferent expression, "What's so bad about it? I only treated her well because she was a little similar to my mother. It was a pity that this woman didn't know what was good for her. For the money, she didn't hesitate to betray my kindness to her.

"This was an insult to my mother. This woman is so full of herself now. The moment she came back from abroad, she started messing around. Does she really think that I will tolerate her?

"My current target is only the power behind her. As for her, it will be easy for me to take revenge on her."

Gong Tianhao's feelings and gentleness were only for his family that he cared about. For some unimportant people, he was still that cold and heartless man.

Weng Jingjing was just an unimportant person.

Previously, Weng Jingjing kept going around, but Gong Tianhao only watched her as if she was a clown. Now, he had already done something to the Leng family, so it was only natural for him to do something to her.

“Forget it. Let’s not talk about this disgusting woman now!” Gong Tianhao said as he turned on the computer in his office. When the video was played, what appeared in front of them was a scene in the car.

Gong Tianhao pursed his lips and said, “We haven’t reached the climax yet!”

Xiao Lingyu, “...” what did he mean by such a disappointed tone? Did he want to see his first love’s misery so badly?

Gong Tianhao looked at the time and said to Xiao Lingyu, “We’re still a little bit away from the appointed time. Let’s wait first. Let’s have a chat first!”

Xiao Lingyu rubbed her forehead and said helplessly and dotingly, “Alright!”

Gong Tianhao looked at Xiao Lingyu and asked, “Where’s our son? Did he go out to cause trouble?”

Every time they were in trouble, his immortal son would unknowingly help them deal with it.

This time, if their son knew about it, he would definitely not be able to take it. He would be out there doing something.

Xiao Lingyu knew what Gong Tianhao was thinking. She thought for a while and said, “Don’t worry. Our son is a sensible child. This time, he brought Ling ‘Er out to play, but he did not use any spells!”

Chapter 1053: Husband and wife watching the show

As long as Tong Tong and Ling ‘Er did not use magic and did not harm themselves, they would be at ease.

Gong Tianhao immediately asked curiously, “Oh, our son did not use his spells when he came out to cause trouble? How is this possible?”

Xiao Lingyu rolled her eyes indecently and said somewhat speechlessly, “Don’t tell me that in your eyes, our son only knows how to use magic to cause trouble?”

Gong Tianhao became more and more curious. “Wife, tell me quickly. What is our son up to now?”

Xiao Lingyu said, “Tianhao, let me tell you. Our son is really a genius.”

Gong Tianhao immediately said proudly, “Of course, my son is a genius! Because his father was also a little genius when he was young.”

“...” Xiao Lingyu said, “People are scolding me online, right? He can’t go back to the past, so he pestered his uncles to teach him hacking skills and blacklist all those who scolded me the most on the internet and the media.”

“Oh, so my son is also very talented on computers?” Gong Tianhao guessed it right away. “Learning hacking is not easy. How long has he been learning it?”

“Haha...” Xiao Lingyu chuckled and said, “His uncle said that our son was born to be a hacker.”

When Gong Tianhao heard that, he frowned and said, “If I remember correctly, Lei Junshan also said that Little Ye was born for computer technology, right?”

Xiao Lingyu said happily, “So, our Xiao family specializes in producing talents. I think our Tong Tong inherits it from his uncle!”

Gong Tianhao, who doted on his wife, immediately agreed, “Yes, our Tong Tong has inherited the outstanding genes of your Xiao family. So, just like his uncle, he has a lot of talent in computer technology!”

Even though their son had lived for more than two thousand years, those two thousand years had lived in an era without high-tech. To Xiao Letong, these were all unfamiliar and lost.

In the field of computer technology, talent was really needed.

It was unknown whether Xiao Lingyu had this talent or not, but Xiao Lingye really did have this talent. If Tong Tong had this talent, it could mean that Tong Tong had inherited it from him.

Gong Tianhao asked, “Isn’t it very difficult to learn hacking skills? How long has Tong Tong been learning it?”

Xiao Lingyu covered her mouth and stretched out two fingers.

“Two months?” Gong Tianhao guessed, “But that’s not right. You said that Tong Tong learned hacking skills from the moment you had a scandal. That was only last week. In that case, twenty days isn’t right either!”

Xiao Lingyu nodded. “That’s right!”

“Can it be two days?” Gong Tianhao was very surprised at this time. “Two days, and he can learn hacking skills. It seems that our Tong Tong is a genius among geniuses. Haha, as expected of my son!”

Unexpectedly, Xiao Lingyu shook her head again and said with a smile, “Hubby, I guessed wrong again. It’s two hours!”

“How long did you say?” Gong Tianhao was stunned.

“Two hours!” Xiao Lingyu said with a smile, “Our son is a genius among geniuses. His brain is so good.”

With a clang, the cup in Gong Tianhao’s hand fell to the ground. He looked a little dazed, and a look of disbelief appeared in his eyes. Suddenly, he repeated, “Two hours! He’s learning too fast.”

Xiao Lingyu said, “What’s so strange about that? Our son is extremely smart and has a celestial body. He’ll definitely learn things quickly.”

Her son was smart and talented. As a mother, she would definitely be proud. But as a person, it was better not to be too proud. It was better to keep a low profile.

At this moment, Gong Tianhao suddenly said, "Wife, if you let our son learn how to manage a company now, there shouldn't be any problems, right?"

This time, it was Xiao Lingyu's turn to be stunned. She asked in a daze, "Tianhao, what did you say? Let our son learn how to manage a company?"

Gong Tianhao nodded and said, "Yes."

Xiao Lingyu's voice was a little loud as she said, "Tianhao, are you sure? Our son is only four years old. A four-year-old child, and you're letting him manage a company? You want your company to quickly go bankrupt, right?"

Gong Tianhao said with a very good reason, "Our son is extremely smart. He can learn things quickly and draw inferences from others. It's not a problem for him to learn how to manage the company. Besides, our son looks like he's four years old, but in reality, his age..."

Saying this, he planned to persuade Xiao Lingyu, "Yu 'Er, if our son can manage the company on his own in the future, then I can spend more time with you."

"Ever since we met and fell in love, we have spent less time together and less time alone together. If I hand the company over to my son, I can accompany you to travel around the world."

The corner of Xiao Lingyu's mouth twitched, and she couldn't help but feel sorry for her son. At such a young age, he was already used by his father.

Xiao Lingyu said with a smile, "Fine, let your son learn how to manage the company. I don't object. But you have to convince him yourself!"

Just as Gong Tianhao was about to tell Xiao Lingyu how to convince her son, the video on the computer screen changed. Li Yuanhang was seen entering the reserved room.

Xiao Lingyu looked at the woman in the video and asked curiously, "Is this woman Weng Jingjing?"

Chapter 1054: Is There Something Wrong with this

"Bang!"

Inside a luxurious villa, the sounds of things being smashed could be heard.

Hearing the recording of the conversation between Li Yuanhang and Weng Jingjing, Leng Piao xue was furious.

She really thought that Gong Tianhao was dating Weng Jingjing. She had arranged everything and was waiting for the news to blow up and cause Xiao Lingyu to completely collapse.

However, she never expected that the person who was going on a date with Weng Jingjing would be Li Yuanhang.

What was even more unexpected was that it was actually Gong Tianhao's idea. His purpose was to tear apart Weng Jingjing's disguise and expose her beautiful fantasy. He even pointed out that Xiao Lingyu's scandal was manipulated by someone behind the scenes.

"Damn it!" Leng Piao xue smashed another high-end crystal cup. "Gong Tianhao, you're going too far!"

It turned out that Gong Tianhao's inaction was to paralyze all of them.

Perhaps he had already seen through the reason why Weng Jingjing asked him out alone. That was why he was prepared and sent Li Yuanhang to date Weng Jingjing alone.

Leng Piao xue's hair was disheveled. She looked very miserable. A twisted and ferocious hatred appeared on her face as she said in a crazy voice, "Xiao Lingyu, how can you be so lucky to meet a man who loves you and protects you so much? But why do so many men like you?"

If Jiang Tao didn't like Xiao Lingyu in his heart, she wouldn't hate Xiao Lingyu so much.

However, just because Jiang Tao liked Xiao Lingyu, she really hated Xiao Lingyu to the bone, wishing that she would be torn into pieces.

Then, Leng Piao xue sneered and said angrily, "Hmph, I won't let you be happy for too long! I will definitely make you lose your reputation and never be able to turn over a new leaf, leaving you with a miserable ending after being abandoned by Gong Tianhao."

Leng Piao xue's current obsession was to destroy Xiao Lingyu.

Without Xiao Lingyu, Jiang Tao's heart would definitely be empty.

...

Xiao Lingyu looked at the video and heard what Li Yuanhang said to Weng Jingjing. The corner of her mouth twitched, and she asked, "Tianhao, did you ask Li Yuanhang to tell Weng Jingjing these words?"

Gong Tianhao looked at Li Yuanhang, who tore Weng Jingjing's beautiful dream into pieces in the video. He curled his lips and said with a smile, "I didn't ask Li Yuanhang to say these words. But it's almost the same as what I want him to say!"

Then, he explained, "Li Yuanhang has been by my side for more than ten years. We know each other very well. We are very good friends. This time, you've been smeared and scolded by the whole Internet. He's also very anxious."

Xiao Lingyu said with a smile, "Well, Li Yuanhang is a good friend!"

From the first day Gong Tianhao started his business, Li Yuanhang had been working by Gong Tianhao's side. In addition, they had known each other for so many years in school, so they knew each other very well.

Gong Tianhao said with a smile, "I don't have many real friends. One is Li Yuanhang, and the other is Jiang Tao."

Xiao Lingyu said with a smile, "In this life, having one or two close friends is enough!"

"I think so too!" Gong Tianhao nodded.

Xiao Lingyu watched the video on the computer while chatting with Gong Tianhao, "Tianhao, your first girlfriend is really beautiful. I heard that she used to be the campus belle. Have you really never been moved?" Xiao Lingyu expressed some doubt.

Which man would not fall in love with a beautiful woman?

When Gong Tianhao heard this, his face turned black. Then, he said helplessly, "Yu 'Er, how many times have I told you? This woman is not my first love or something. At that time, I only approached her because she looked a little like my mother. Would a man fall in love with his mother?"

Every time Xiao Lingyu teased him about his first love, he felt a little helpless.

Xiao Lingyu covered her mouth and laughed, "I wasn't the one who said this. It was the netizens who said it."

"They don't know the truth. Don't you know the truth?" Gong Tianhao said in a spoiled and helpless tone, "Soon, I will explain this matter clearly. Let's see who dares to say that that woman is my first love!" His words were very serious.

Xiao Lingyu waved her hand and said, "Forget it. Do you want the whole world to know that this woman, Weng Jingjing, is somewhat similar to your mother?"

Chapter 1055: Is There Something Wrong with this?

"She doesn't look anything like my mother at all now!" Gong Tianhao immediately denied it.

Then, Gong Tianhao said, "Yu 'Er, the other culprit who is behind the smear campaign is Leng Piaoxue of the Leng family. I have already made my move against the Leng family. I believe that the Leng family will personally remove the news of you from the trending searches and apologize to you!"

Xiao Lingyu frowned slightly when she heard that. "It's Leng Piaoxue again. Is there something wrong with this Leng Piaoxue's brain? Why does she keep pestering me? Did I offend her?"

Gong Tianhao nodded, "That's right, there's something wrong with her brain! What does it have to do with you if Jiang Tao doesn't like her? She likes Jiang Tao. She doesn't work hard to pursue him, but instead, she purposely finds people to cause trouble for you. Does she really think that the world belongs to her? Everyone revolves around her and wants to suit her heart!"

Xiao Lingyu also said, "That's right. This woman is crazy. She likes Jiang Tao herself, but she doesn't pursue him. Instead, she just won't let go of me. Could it be that without me, Jiang Tao wouldn't like other women? Could it be that she wants to kill all the women?"

Then, Xiao Lingyu seemed to come to her senses and asked, "Tianhao, I think it's fine if you ask the Leng family to remove the hot topic of my scandal. However, asking them to apologize, this..." wouldn't it make the Leng family lose face? It wouldn't be good.

Of course, Xiao Lingyu hoped that the Leng family would apologize to her. After all, all the turmoil behind this was caused by the eldest daughter of the Leng family. It wouldn't be too much to apologize to her.

However, the Leng family was a prestigious family in the capital. Furthermore, their relationship with the Gong family could be considered decent. If they insisted on making them apologize to a woman, the Leng family would lose face. Who knew if it would affect the relationship between the Gong and Leng families?

Gong Tianhao said nonchalantly, "Hehe, not only do I want the Leng family to apologize to you, but I also want the head of the Leng family to personally apologize to you! They don't know how to educate their own daughter. Someone has to teach a daughter a lesson on his behalf." Furthermore, you are Gong Tianhao's wife and the mistress of the Gong family. It wouldn't be beneath you to ask them to personally apologize."

Gong Tianhao made it sound very domineering. All in all, his intention to protect Xiao Lingyu was very obvious.

Since her husband had done so much for her, she naturally wouldn't refuse.

Indeed, apart from being Gong Tianhao's wife, she was also the matriarch of the Gong family.

If a top-tier aristocratic family's matriarch was casually slandered and insulted, not only would she be trampled on, but the entire family would also lose face.

Although the Gong family didn't have many members, it was still a powerful family. For the sake of face, she naturally had to act like a matriarch.

Xiao Lingyu smiled and said, "Alright. When the time comes, I will watch the Leng family apologize!"

"Okay." Gong Tianhao smiled and said, "Yu 'Er, when the time comes, if they are not sincere, we can not forgive them!"

Xiao Lingyu smiled and said, "Alright!"

The husband and wife chatted while watching the video. Seeing how Weng Jingjing was being beaten down, Xiao Lingyu asked, "Is she alright?"

Gong Tianhao glanced at the woman in the video and said calmly, "She is fine. This woman is strong and ruthless. Yu 'Er, don't worry about these messy people. This woman is not as fragile as you think."

Xiao Lingyu sighed, "Alright. But how are you going to deal with Weng Jingjing?"

Gong Tianhao said coldly, "This woman is hypocritical and vicious. Didn't she say that she came back to China for me? Did she choose to study abroad to be worthy of me? Did she not get married for more than ten years because she loved me? Alright then, I will show everyone how she loves me."

Xiao Lingyu's eyebrows twitched, and she asked curiously, "Then Tianhao, what do you want to do?"

“Isn’t she very interested in destroying people’s reputations? Then, I’ll let her have a taste of it herself.” A fierce look appeared on Gong Tianhao’s cold face. He continued, “I won’t let go of anyone who hurts you!”

Hearing Gong Tianhao’s words, Xiao Lingyu felt a warmth in her heart. She said happily, “Tianhao, thank you. I’m really happy to marry you!”

Ever since they met, Gong Tianhao had been protecting her.

Chapter 1056: Is There Something Wrong with this?

Gong Tianhao curled his lips and said happily, “Yu ‘Er, it’s my happiness to be able to marry you! We will always be happy!”

“Yes, we will always be happy!”

...

At the headquarters of the Leng Corporation.

“What’s going on? Why did the Imperial Palace Corporation suddenly withdraw all their cooperation with our Leng Corporation?” Leng Sichen, the CEO of the Leng Corporation, asked his subordinate with a dark face.

Most of the business the Leng family group had was with the Imperial Palace Group. If they withdrew their cooperation with the Leng family, it would be equivalent to cutting off two arms of the Leng family.

Facing the president’s question, his subordinate carefully said, “President, when the Imperial Palace Group cut off our cooperation, they sent a message.”

Leng Sichen frowned and asked, “What message?”

His subordinate braced himself and said, “They said that our young miss should know the reason!”

“Xue ‘Er?” Leng Sichen frowned and asked in confusion, “What does this have to do with Xue ‘Er?”

His subordinate carefully said, “I don’t know either, but that’s how the messenger sent the message!”

Leng Sichen lowered his head and thought for a moment, then immediately ordered, “Go and get someone to investigate. Find out what Xue ‘Er did to anger Gong Tianhao after she returned to the country. I want to find out as soon as possible!” The Leng family couldn’t afford to drag this out.

Leng Piauxue must have done something to anger Gong Tianhao. That must be why Gong Tianhao ordered the Imperial Palace group to cut off all cooperation with the Leng family in a fit of anger.

The Leng family lost tens of millions of dollars every day. Therefore, the Leng family couldn’t delay for more than a few days. Therefore, they had to find the root of the problem as soon as possible and solve it to restore everything!

The Leng family wasn’t as big as the imperial group. Cutting off the cooperation with the Leng family was only a small loss, but the Leng family was the opposite. The Imperial Palace Corporation was the

biggest partner of the Leng Corporation. Once they lost the cooperation with the Imperial Palace Corporation, the Leng Corporation would lose half of its assets.

This was why the Gong family was the leader of the few families.

This was because Gong Tianhao controlled their economic lifeline.

They didn't want to offend the Gong family unless they had no other choice.

What Leng Piao xue had done was easy for the Leng family to investigate.

After all, what Leng Piao xue had done was to mobilize the resources and connections of the Leng family.

When he saw that his subordinate had sent up the investigation information and listened to his subordinate's report, Leng Sichen's face turned extremely ugly.

Then, when he flipped through the information, he said angrily, "Bastard, how dare you cause such big trouble for me?!"

Then, he asked again, "Where is the young Miss now? Bring her to me immediately!"

"Yes!" The subordinate replied. He was also a little dissatisfied with what Leng Piao xue had done.

He also felt that this arrogant young miss was really sick in the heart. Madam Gong had no grudges against her, so why did she have to go against Madam Gong?

This was great. She had caused such big trouble and implicated the entire Leng Corporation.

Leng Sichen flipped through the information regarding Leng Piao xue again. The more he read, the angrier he became.

He couldn't help but shout loudly, "It seems that I've really spoiled her too much. I've made her do things without any sense of propriety! She had caused such a huge disaster and caused such a huge loss to the Leng Corporation. It seems that she must be taught a lesson!"

Normally, he would not be willing to say such things about his precious daughter. However, this time, because of the disaster caused by his daughter, she had caused such a huge loss to the Leng Corporation. This made him very angry.

The Leng family was rich and powerful, but compared to the Gong family, they were nothing.

Even though she knew that Gong Tianhao loved his wife so much, she still dared to cause trouble for the supreme ruler.

Was she looking for death?

Leng Piao xue was thinking about how to let Xiao Lingyu meet a miserable end in her villa.

Previously, she thought that Gong Tianhao was estranged from Xiao Lingyu because of Weng Jingjing's influence. It was because he really liked Weng Jingjing that he allowed Xiao Lingyu's rumors to go unchecked.

But who would have thought that Gong Tianhao was still protecting Xiao Lingyu, not allowing anyone to harm her?

Leng Piauxue was a little impatient. "Xiao Lingyu has been complacent for too long. I'm not willing to accept it."

At this moment, her room door was knocked on.

She asked coldly, "Who is it?"

"Eldest miss, it's me," the person outside replied.

"What's the matter?"

"Eldest miss, master invites you to go to the company to see him immediately!"

Leng Piauxue frowned and asked, "My father is looking for me? Is there a reason?"

"Eldest miss, you'll know when you're there!"

Chapter 1057: Lies!

"Slap!"

As soon as Leng Piauxue entered the office, Leng Sichen slapped her hard. "Unfilial daughter!"

Leng Piauxue was stunned at first. She covered half of her face with one hand and widened her eyes in disbelief. She asked blankly, "Dad, why did you hit me?"

Ever since she was young, her father had doted on her very much. He had never hit or scolded her. Now, he had directly slapped her in the face. She really couldn't believe it.

Leng Sichen ignored his daughter's shocked expression after being hit. Instead, he shouted angrily, "Not only do I want to hit you, I even want to break your legs!"

Leng Piauxue had been spoiled by her family since she was young. This was the first time she was hit by her family. She felt wronged and angry. She said loudly, "Dad, what did I do to make you hit me?"

"Don't you know what you did?" Leng Sichen asked coldly. Then, he threw the investigation materials in front of her and said sternly, "Come, take a look. What did you do?"

Leng Piauxue let go of the hand that was covering her face. In just a moment, her face swelled up, and there was a deep palm print on it.

Seeing the marks on his daughter's face, Leng Sichen immediately showed a distressed look, but it soon disappeared.

Leng Piauxue squatted down and picked up a few pieces of paper on the ground. When she saw the contents of the black and white paper, her pupils couldn't help but shrink. But then, her face showed anger again. She stood up and asked her father, "Dad, did you hit me for this?"

“This?” Hearing his daughter’s question, Leng Sichen took a deep breath and almost slapped her again, “Then do you know that because of this, the Imperial Palace Group has cut off all cooperation with the Leng Group? Do you know how much loss this has caused us?”

Leng Piauxue listened to her father, but she said indifferently, “The imperial group has cut off all cooperation with us. Don’t we still have other partners? How much loss can there be?”

“You... You unfilial daughter!” Leng Sichen pointed at Leng Piauxue angrily, “How much loss can there be? Then do you know that more than half of our Leng Corporation’s business comes from the imperial group? More than half of our business!”

“What?” Leng Piauxue was really surprised. “How is this possible?”

She knew that the Leng Corporation had some business cooperation with the Imperial Palace Corporation, but she didn’t expect that so much of the Leng Corporation’s business would come from the Imperial Palace Corporation.

What was even more unexpected was that Gong Tianhao, in order to retaliate, actually disregarded the loss of business and wanted to break off the cooperation with the Leng Corporation.

Leng Sichen said loudly, “Why is that impossible? Do you know why the Gong family is the leader of the top families? Then do you know why the Qin family was destroyed so quickly? Isn’t it because Gong Tianhao single-handedly kept the financial lifeline of our families?”

Leng Piauxue couldn’t figure it out, so she asked directly, “Dad, why can’t our families join forces and directly deal with the Gong Family? With the wealth and power of our families, it’s more than enough to deal with the Gong Family. Otherwise, wouldn’t this make the Gong family too proud? Just because he’s unhappy, he wants our families to be wiped out just like that?”

Hearing his daughter’s childish question, Leng Sichen was really angry. He raised his hand and wanted to face his daughter again. Leng Piauxue was so scared that she hurriedly closed her eyes.

His palm stopped at a centimeter from her face and didn’t hit her again. Seeing his daughter’s frightened expression, his heart ached.

His heart softened. He sighed softly and said, “Xue ‘Er, you think too simple!”

Even if they could join forces to deal with the Gong family, they might not be able to pull the Gong family down. If they failed, the consequences would be unimaginable.

Leng Piauxue closed her eyes. It had been a long time since she felt a slap. Then, she opened her eyes and saw his soft-hearted expression. Then, she heard her father’s words, and her heart immediately rejoiced.

Then, she carefully said, “But father, don’t you think that the Gong family’s power is too great? Just because the Gong family isn’t happy, they want to destroy this family and that family. Could it be that the entire capital belongs to the Gong Family?”

Chapter 1058: Lies!

Leng Sichen glanced at her and snorted coldly, "Humph, do you think everything is as simple as you think? If it were that simple, we would have suppressed Gong Tianhao before he rose to power. Now, would the Gong family be able to control everything?"

Leng Piauxue said indignantly, "Are we going to let the fate of our families fall into the hands of Gong Tianhao? So, we have to listen to him now?"

"If you don't listen to the Gong family, then what do you want?" Leng Sichen said unhappily, "The Gong family, oh no, Gong Tianhao has already become unstoppable."

Leng Piauxue said unwillingly, "Dad, like I said before, can't all the other families work together?"

"Work together?" Leng Sichen sneered, "Jiang Tao, the acting head of the Jiang family, has a good relationship with Gong Tianhao. It's hard to say if they will join hands. Even the Li family and the Gong family have a good relationship. How can we join hands? Besides, Gong Tianhao has a business mind. In just a few years' time, he will develop the Imperial Palace Group into a globally well-known big company. We get a lot of benefits from him. The businesses of these families are getting bigger and bigger, and the benefits they get are getting more and more."

He really felt that his family spoiled his daughter. She didn't think before she spoke.

Leng Piauxue said unwillingly, "So, we, the so-called big families, are also going to be bullied by the Gong family?"

Leng Sichen asked unhappily again, "Then what do you want to do now? The financial lifeline of our noble families is now in Gong Tianhao's hands. We can only follow Gong Tianhao's order. Also, you haven't explained it to me yet. Why are you suddenly targeting Gong Tianhao's wife?"

At this point, his anger rose again. He pointed at the documents on the ground and asked angrily, "After coming back from abroad, you manipulated some news media and slandered Gong Tianhao's wife, accusing her of being a mistress?"

"I don't understand. Why did you offend Gong Tianhao and his wife? What benefits did it bring you?"

"Do you know how much we lost in a day after the Imperial Palace Group cut off their cooperation with the Leng Family? We lost 20 to 30 million in a day! If this goes on, how many more days can we afford to lose?"

After being scolded by her father, Leng Piauxue lowered her head guiltily. However, under her lowered head, her eyes revealed a great amount of hatred.

When she raised her head again, the corners of her eyes revealed some grievance and indignation, "Dad, I... I only heard from a good friend that her boyfriend was stolen and she was very sad. After asking around, I found out that my good friend's boyfriend was actually Gong Tianhao."

Leng Sichen asked suspiciously, "Your good friend's boyfriend is Gong Tianhao? As far as I know, before Gong Tianhao married his current wife, he didn't have any girlfriends at all. Your good friend wouldn't be lying to you, right?"

Leng Piauxue immediately shook her head, "No, Dad, she didn't lie to me. After that, I asked someone to investigate. She and Gong Tianhao were indeed boyfriend and girlfriend ten years ago, but for some

reason, they separated later. She came back from abroad this time because she wanted to reconnect with Gong Tianhao. However, when she came back and found out that Gong Tianhao was married, she was heartbroken.”

When Leng Sichen heard this, he immediately snorted and said, “Even if your friend and Gong Tianhao were boyfriend and girlfriend, that was ten years ago. In these ten years, isn’t it normal for Gong Tianhao to marry and have children? Why are you fighting her battle? Why do you have to be so nosy? You caused our Leng family to suffer such a great loss.”

Leng Piauxue was reprimanded and immediately said with grievance and anger, “I thought so too at the beginning. However, when I sent people to investigate, I discovered that Xiao Lingyu and Gong Tianhao did not use any normal methods when they got married. Xiao Lingyu schemed against him.”

Hearing this, Leng Sichen frowned and pondered. He didn’t really care about it.

His daughter should not care about it. However, if she was doing this to help her friend, it was understandable.

Leng Piauxue noticed her father’s expression and heaved a sigh of relief. Then, she continued to add fuel to the fire, “Dad, you have no idea how Xiao Lingyu fawned over Gong Tianhao and got married to him.”

Chapter 1059: Lies!

“Back then, Xiao Lingyu was just a white-collar worker in a third-tier city company. When she was discussing business with her client, she shamelessly drugged the client. That client was very alert. When she found out that Xiao Lingyu drugged him, he took the opportunity when she wasn’t paying attention and switched out the glass. The glass of wine that was drugged was immediately drunk by herself.

“After drinking the drugged wine, the drug took effect. While she was in the bathroom, she accidentally barged into Gong Tianhao’s room. Gong Tianhao thought it was a woman who came to serve him, so he didn’t think too much about it and had sex with her.

“Who would have thought that Xiao Lingyu would be pregnant two to three months later? Then, using some methods, he found out some information about Gong Tianhao from the hotel and found out that Gong Tianhao was a rich man.

“Back then, didn’t Gong Tianhao want to find a place for his grandfather to relax? Coincidentally, he found her village — Taoyuan Village.

“When the two of them met again, Xiao Lingyu used her pregnant belly to gain the favor of old master Gong. For the sake of her grandson, Old Master Gong forced Gong Tianhao to marry Xiao Lingyu.

“Dad, don’t you think Xiao Lingyu’s scheming with Gong Tianhao is infuriating? My friend has a very deep relationship with Gong Tianhao. When she heard that he got married, she was crying all day long. It’s very pitiful and heartbreaking.”

Hearing this, Leng Sichen didn’t say anything. He only looked at Leng Piauxue suspiciously.

Leng Piauxue immediately said, "Dad, you have to believe me. Everything I said is true. I... I did it for my friend. I wanted to seek justice for my friend. What's wrong with that?"

Leng Sichen still did not believe Leng Piauxue's words.

That was because everyone knew how much Gong Tianhao loved and doted on Xiao Lingyu.

Back then, in order to welcome Xiao Lingyu back to the gong family and prevent her from being troubled by others, he had dealt with the gong family and the Bai family, who had been causing trouble.

When Xiao Lingyu entered the gong family, he dealt with it. What did that mean? It meant that his wife, Xiao Lingyu, was very important to Gong Tianhao.

Moreover, even if Xiao Lingyu had schemed to marry Gong Tianhao, she had indeed made Gong Tianhao pay attention to her. She had received Gong Tianhao's endless love and became his real wife.

Leng Sichen thought for a moment and said, "From now on, you don't have to care about your friend. No matter how pitiful she is, Gong Tianhao is still a married person.

"No matter how much you blame Xiao Lingyu, the person that Gong Tianhao is protecting is still Xiao Lingyu. "Right now, the discontinuation of the cooperation between the Imperial Palace Group and the Leng Corporation is the best warning."

At this point, Leng Sichen said sternly, "Xue 'Er, I'm warning you. You can't risk our entire family's business for your so-called friend. The current Gong Tianhao is not someone we can afford to offend."

Hearing this, Leng Piauxue felt a surge of anger in her heart, but she had to endure it. She lowered her head and replied in a low voice, "Oh, I know."

Leng Sichen was very satisfied with his daughter's attitude. He added, "Come with me to see Gong Tianhao later."

Leng Piauxue was startled and asked in surprise, "See Gong Tianhao? Why?" She felt a little uneasy.

Leng Sichen's expression changed, and he said seriously, "What else can there be? Of course, you're going to apologize to Gong Tianhao. Will Gong Tianhao forgive you if you don't apologize?"

"I'm not going!" Leng Piauxue thought for a while and rejected him decisively.

She had known Gong Tianhao since they were young, but she somehow felt that Gong Tianhao was very scary. Therefore, she didn't want to face Gong Tianhao at all.

Of course, fighting through the air was another matter. She relied on the confidence and power that her family had given her.

However, Leng Sichen's attitude was very tough as he said, "You have to go even if you don't want to! I'm willing to risk my face to accompany you. You have to go even if you don't want to!"

His company and his family's business couldn't be lost just because of Leng Piauxue's willfulness.

It was a pity that he did not know that his daughter was lying to him.

At the same time, his attitude was not perfect. He only asked Leng Piauxue to apologize to Gong Tianhao but did not say that she would apologize to Gong Tianhao's wife.

The result was obvious!

Chapter 1060: Spoiling

Gong Tianhao sat in his office and looked at the Leng father and daughter with an indifferent expression. This caused Leng Sichen to feel very awkward. He was also a little displeased, but he still smiled and said, "Tianhao, my daughter knows that she was wrong. Now, I have specially brought her up here to apologize to you. Please forgive her this time!"

Then, he said fiercely, "Xue 'Er, apologize to your brother Gong!"

Leng Piauxue said reluctantly, "Brother Gong, I'm sorry. I'm not sensible enough. I hope you can forgive me!"

Seeing that his daughter was so obedient, Leng Sichen was satisfied. After his daughter apologized, he said with a smile, "Tianhao, look, Xue 'Er has already apologized to you. Do you think our two companies can resume our cooperation?"

After hearing their words, a cold smile appeared on Gong Tianhao's cold face. He said calmly, "Uncle Leng, is this the sincerity of your apology?"

After hearing that, Leng Sichen's expression froze. Then, he forced a smile and said, "Tianhao, don't you think my Xue 'Er has already apologized sincerely?"

Then, he immediately gave Leng Piauxue a look. When Leng Piauxue saw the look in her father's eyes, no matter how unwilling she was, for the sake of the big picture, she had to lower her head and apologize, "Brother Gong, I'm sorry. I did something wrong. Please forgive me!"

When Gong Tianhao saw this, his face darkened slightly. Then, he said sternly, "If everyone who did something wrong just said 'I'm sorry', then why do we need the police?"

Leng Sichen narrowed his eyes and asked with some doubt, "Tianhao, what do you want us to do?"

The mocking smile on Gong Tianhao's face was very obvious. He said faintly, "Uncle Leng, it seems that you haven't realized your mistake! Look, when you realize your mistake, you can come and apologize again. As for whether the Imperial Palace Group and the Leng Group will continue to cooperate, I think I still have to consider it."

"Ah?" Leng Sichen didn't react for a moment, but then his expression became very ugly, and his tone couldn't help but become a little stern, "Tianhao, you have to be merciful when possible! Xue 'Er has already apologized to you. What else do you want? Do you want her to kneel down and beg for your forgiveness?"

He paused for a moment and stared at Gong Tianhao with his sharp eyes as he continued, "Gong Tianhao, no matter what, I, Leng Sichen, am your elder. Our two families are still friends. Are you going to be so stubborn?"

After being reprimanded by Leng Sichen, Gong Tianhao did not compromise. He glanced at Leng Piao xue, who had her head lowered, and then looked at Leng Sichen with a faint smile as he said calmly, "Uncle Leng, I'll say it again. Are you apologizing sincerely?"

When Leng Sichen heard this, he was about to say something else, but Gong Tianhao's next sentence shut him up.

Gong Tianhao said, "You don't even know who you're apologizing to, and you want me to forgive you? Uncle Leng, do you not take the gong family seriously, or do you not take me, Gong Tianhao, seriously? Or is the person you don't take seriously my wife

"It's clearly my wife who has been harmed by your daughter."

When Leng Sichen heard this, his face darkened. He was a little angry. He wanted to defend himself, but Gong Tianhao was right.

However, he thought that he could just bring Leng Piao xue to apologize to Gong Tianhao. As for Gong Tianhao's wife, Xiao Lingyu, he subconsciously ignored her.

In his heart, he still subconsciously thought that even though Xiao Lingyu had married into the gong family and become the mistress of the Gong family, she was still a peasant woman from the countryside. Her status was low, and she was not worthy of the Leng family's daughter apology.

At the same time, he also believed that Gong Tianhao's magnanimity in managing such a large company would mean that he would not argue with a woman.

But who would have thought that Gong Tianhao would be so calculative?
