

Chapter 341: The Dagger

Xiao Lingyun never thought that the Cheng family would be so vicious.

For the sake of a son, they actually planned to poison the three of them to death. Fortunately, Xiao Lingyun was vigilant, or she would have drunk the chicken soup already.

But to her horror, the Cheng Family was actually forcing her family to drink the poisoned soup.

Ma Meixin's expression was extremely sinister. She said, "Xiao Lingyun, let me tell you, you have to drink this chicken soup even if you don't want to."

At this point, she directly sneered and said, "If you drink this chicken soup, I promise to let your two daughters go. Isn't that what you want?"

That was indeed what Xiao Lingyun wanted. However, it was obvious that the Cheng Family had a sinister motive. The chicken soup was probably drugged. If she drank the soup and died, her two daughters would fall into the Chen Family's hands too.

Then, something came to Xiao Lingyun. 'Cheng Feiping's lover is pregnant with a son. For the sake of the son's future, the Chen Family won't allow my two daughters to live. So their goal is not me but my daughters!'

Thinking of this, Xiao Lingyun panicked.

She immediately shielded her two daughters behind her and said with a guarded expression, "Ma Meixin, I will die before I heed your advice!"

Ma Meixin's expression turned cold as she said, "Xiao Lingyun, I've given you a good path, but you refuse to take it. In that case, you can't blame us anymore.

"This is perfect. The three of you can accompany each other when you go to hell. It will be very touching."

Hearing Ma Meixin's words, Xiao Lingyun's expression suddenly changed, revealing a frightened and uneasy expression.

She shouted loudly, "How dare you! If you kill the three of us, you'll have to pay for it with your lives."

She tightly protected her daughter behind her, looking unusually alert.

Her eyes suddenly darted to the door. She had to escape. She wondered if the Cheng Family would really murder the three of them for the sake of one son. It was quite unlikely. Murder was against the law. It was punishable by death. Would the Cheng Family be so brazen to kill three people at once?

However, human hearts were hard to predict. She wouldn't put anything past the Cheng Family.

Xiao Lingyun lowered her head and said softly to her two daughters, "Babies, listen up. In a while, you will rush towards the main door. Open the door and run out immediately. Do you understand?"

Cheng Lulu asked in confusion, "Mom, why? My sister and I haven't eaten yet. We are hungry."

Xiao Lingyun's eyes flashed with a hint of heartache. But at that moment, her priority was their safety.

"Babies, listen to me. After we leave this place, we can eat whatever we want in the future, okay?" Xiao Lingyun coaxed.

Lulu and Rourou didn't understand what their mother meant.

But they had always been good children and listened to their mother.

"Okay." Lulu and Rourou nodded.

Xiao Lingyun touched their heads and said with a smile, "My babies are always so smart. Remember. When I shout, run towards the front door as fast as you can. Okay?"

Xiao Lingyun and her daughter spoke in a very low voice, so Ma Meixin couldn't hear them. However, Ma Meixin could read their thoughts. She sneered and said, "Xiao Lingyun, don't think about escaping. In order to prevent you from escaping, the gate and the windows have already been locked. You can't escape at all."

Xiao Lingyun's heart skipped a beat.

Her face turned pale.

The hands that were holding the shoulders of her two daughters couldn't help but tremble.

They... They were really ruthless!

'Ma Meixin said ruthlessly, "Come and drink the chicken soup." Then, she shouted, "Why are you guys hiding inside the room? Come and help!"

As soon as she finished speaking, the doors to the rooms opened.

The ones who walked out were Cheng Dawei, Cheng Feiping, and Cheng Liren.

They were all vicious-looking.

As they walked in, Xiao Lingyun and her two daughters subconsciously took a few steps back.

Ma Meixin shouted, "Why are you two still standing there? Hurry and feed the chicken soup to the bitch and her little bitches."

At this moment, Xiao Lingyun looked at Cheng Feiping and angrily questioned him, "Cheng Feiping, do you really want to kill the three of us? Lulu and Rourou are your biological daughters. We have been husband and wife before. Do you have to be so heartless?"

Cheng Feiping looked at his two daughters and then at Xiao Lingyun. She looked haggard. She was no longer as beautiful as when he first saw her. Cheng Feiping showed some hesitation and reluctance. After all, he did love Xiao Lingyun back then. They had a sweet time together once upon a time.

Thinking of this, Cheng Feiping suddenly stopped and looked a little confused.

Seeing this, Ma Meixin was very angry.

She said loudly, "Son, why are you hesitating? If the three of them don't disappear, the Cheng Family will die off in your hands. Ge Chuchu will only agree to give birth to your son if you give her an official title. If not, she'd rather abort the child."

Cheng Feiping turned to look at his mother and opened his mouth as if he wanted to say something.

Ma Meixin pointed at Xiao Lingyun and said, "Son, look at this granny! How is she worthy of you? She is so ugly.

"And look at the two sluts. They are dark and ugly. They do not look like they belong to the Cheng Family.

"Son, you can't be soft-hearted now. Remember. You still need to inherit your father's post at the hospital. Your future, your son, your everything will be gone if you don't do this."

Ge Chuchu was the daughter of the county health bureau.

Director Ge had promised them that after Ge Chuchu and Cheng Feiping got married, Cheng Dawei would be promoted to director. Cheng Feiping would be transferred to the Health Bureau as a medical section director.

Ge Chuchu was pregnant with a son.

This was a great thing for the Cheng family.

However, for that to happen, Xiao Lingyun and her daughters had to disappear first. Plus, this would benefit their son via the government policy.

Ge Chuchu herself would definitely not be willing to be a stepmother.

Hearing his mother's words, Cheng Feiping, who was initially confused, immediately revealed a firm and ruthless expression.

He looked at Xiao Lingyun and said coldly, "Xiao Lingyun, don't blame me. If you want to blame someone, blame yourself for giving birth to two daughters.

"The existence of you and the two girls has completely blocked the continuation of the Cheng family's future. You have to die for the Cheng Family to rise."

Xiao Lingyun was very desperate. She couldn't rely on Cheng Feiping.

She suddenly shouted, "My babies, run!"

Cheng Lulu and Cheng Rourou obliged. They ran towards the main gate.

Ma Meixin looked over and sneered, "You two little sluts, do you think you can escape?"

With that, she and Cheng Liren chased after the child and quickly grabbed them.

"Lulu, Rourou!" Xiao Lingyun saw her two daughters being caught and screamed with despair in her eyes.

With that, she broke free from Cheng Dawei and Cheng Feiping's hands and ran toward Ma Meixin and Cheng Liren, trying to snatch the children from their hands.

However, she had only managed to escape for two steps when Cheng Feiping grabbed her again.

Cheng Feiping was a young master, but he was still more powerful than a woman. After letting Xiao Lingyun escape once, he would not make the same mistake again.

Xiao Lingyun struggled.

Xiao Lingyun's face was filled with despair, but she felt even more furious.

She cursed loudly, "You bunch of devils. Even if we die, we will turn into ghosts and take revenge."

Ma Meixin did not care at all. Instead, she sneered and said mockingly, "Xiao Lingyun, you are my slave when you're alive. When you're dead, you'll return to serve me too."

Then, she picked up the spoonful of chicken soup and poured it into Lulu's mouth.

"No!" Xiao Lingyun screamed hysterically!

'When the soup was put into Cheng Lulu's mouth, she suddenly heard a scream.

Then, she heard the sound of the spoon falling to the ground.

At this time, the Cheng Family was all scared witless.

Xiao Lingyun was also stunned.

"Ah!" Ma Meixin covered her hand that was suddenly cut off and screamed in pain, "Ah, my hand, my hand!"

Blood oozed out of the severed wrist.

Besides the broken hand on the ground, there was a sharp dagger that was emitting a cold and gloomy light.

Everyone was scared by this change.

None of them knew why a dagger suddenly flew over.

It sawed Ma Meixin's wrist off.

Cheng Dawei was stunned for a moment and was the first to react.

He suddenly looked around in horror and shouted nervously, "Who is it? Who Is It?"

In order to prevent any accidents, they had already closed all the doors and windows. So, where did the dagger come from? Was there a ghost?

"My hand! Son, quickly send me to the hospital!" Ma Meixin screamed in fear and pain, "Ah, it hurts so much. It's killing me. Quickly send me to the hospital!"

At that moment, she only cared about her own safety.

Cheng Feiping saw the red liquid gurgling out and was so scared that he took a few steps back.

His face was pale!

His mind was blank. He didn't even move to give his mother first aid.

"Haha..." At this moment, Xiao Lingyun suddenly laughed out loud. "Haha, Ma Meixin, this is karma. You've done so many bad things that even the heavens can't stand it. A dagger fell down and cut off your hand."

A certain person in the dark heard Xiao Lingyun's words and the corner of his mouth twitched.

It was him who threw the dagger, not someone from heaven. However, the man's dark face revealed a trace of sympathy seeing Xiao Lingyun like this.

'The woman had to have suffered a lot to have met a scumbag like Cheng Feiping and his family.

This time, Xiao Lingyun broke free from the two men's control without any effort.

She laughed and said with tears in her eyes, "Ma Meixin, without this hand, you'll be a cripple in the future. Your husband, Cheng Dawei, will despise you. Then, he'll find a mistress and have another son. You'll be chased out instead!"

'The corner of a certain man's mouth twitched again. 'Instead of running away, is she staying to take revenge?

"Actually, I'm wrong, The high and mighty Cheng Dawei already has a mistress and a son. The son is already ten years old, He looks so similar to Cheng Dawei." Xiao Lingyun continued to mock, "When you're so worried about the Cheng Family, your model husband was plotting with his mistress to chase you out of the house.

"But that should be no big deal for a witch like you. You have a pair of capable children. You can still live with them."

"Nonsense!" Ma Meixin's wound was still pouring blood, but the words hurt her even more. She didn't want to believe Xiao Lingyun. However, she noticed Cheng Dawei had only been looking at her with indifference since she lost her hand.

"Ask your good husband, and you'll know if I'm talking nonsense or not." Xiao Lingyun said.

"Bitch, I'm going to fight you to the death." Ma Meixin ignored the pain of her broken wrist and charged at Xiao Lingyun.

At this time, Cheng Feiping finally came back to his senses. He immediately picked up the broken hand on the ground and said, "Mom, let's go. I'll send you to the hospital."

Cheng Dawei and Cheng Liren also reacted.

The most important thing now was to save Ma Meixin's hand.

However, Cheng Liren said calmly, "Cheng Feiping, deal with these three bitches first. This is the only chance to kill them."

Cheng Feiping was stunned, "Big Sister?"

Chapter 342: Human Nature

Cheng Liren's expression turned vicious.

She said coldly, "This is the best chance to kill them. If we let them go this time, they will go to the police station and report us.

1

"This case file will affect your and Dad's promotions. It might even affect your relationship with Ge Chuchu. She will never marry a criminal.

"The Cheng Family will really be destroyed.

"Plus, if we let them escape, we'll never have this chance again. Because we will be disgraced and imprisoned."

Cheng Liren seemed to be doing it for the Cheng family, her father, and her younger brother, but in fact, she was doing it for herself.

She was a divorcee. She was already old when she was divorced. No one wanted her, and she had to rely on the Cheng Family.

Her parents loved her very much, and her younger brother listened to her.

Now, even if she didn't work, she still had a lot of money to spend and a small car to drive. She could go wherever she wanted to go and live a happy life.

Therefore, she could not allow anyone to ruin that. Not even her mother's broken hand. The consequences of letting Xiao Lingyun go were not what she wanted to see.

She knew very well that if Xiao Lingyun and her daughter escaped this disaster, the disaster would befall the Cheng Family.

The Cheng family's reputation would be ruined, and they would go to jail.

Would her days be better?

Of course not.

Therefore, how could Cheng Liren let Xiao Lingyun and her daughters go?

Hearing Cheng Liren's words, Cheng Dawei's eyes flashed with ruthlessness, revealing the same viciousness as Cheng Liren. He said, "Ping 'Er, your sister is right. If we let them go now, they will come after us tomorrow. We have to end this problem now."

If Xiao Lingyun walked out of the house, the police would come to visit them soon. Murder was not a small matter. Even if they had a connection in Kanglin City, the police couldn't ignore something as big as murder attempts.

They might be spared the prison, but the Cheng Family would be heavily impacted. If the Ge Family heard about this, they would never let Ge Chuchu marry into the Cheng Family.

Without the connection to the Ge Family, his promotion would fly away.

Cheng Feiping heard his father and sister, but he said hesitantly, "But, Mom..."

Cheng Dawei waved his hand and said, "It won't take long to deal with the three of them. After we feed them the soup, we'll drive your mom to the hospital. Then, we'll lock the gate and have them die in here."

The Cheng Family house was large. All the doors and windows were locked. Xiao Lingyun and her daughters didn't have the key, so they had no chance to escape.

Moreover, they lived in an isolated bungalow. No matter how hard Xiao Lingyun screamed, no one would hear them.

After Cheng Feiping heard that, he looked at the broken hand on the ground, gritted his teeth, and nodded in agreement. "Okay!"

They would put treating Ma Meixin's injury on the backburner. They need to complete the murder first. They knew that this meant Ma Meixin could die from blood loss, but they couldn't care anymore.

These people were really cold and selfish..

Chapter 343: Third Party

Apart from Ma Meixin, the people present were in a three-on-three situation.

However, there were three adults against one adult and two children.

Moreover, there were two children, one was six years old, and the other was only five years old.

Obviously, Xiao Lingyun and her daughters were disadvantaged. They couldn't stop their killers.

The Cheng Family went for Xiao Lingyun. Once they killed her, they would easily dispatch the two children.

Cheng Dawei and Cheng Feiping caught Xiao Lingyun again.

It was very easy to detain her. They only needed to threaten her with her children.

"Let go of me!" Xiao Lingyun said angrily, "You group of murderers. Even if we become ghosts, we won't let you go."

Cheng Liren sneered and said, "Xiao Lingyun, don't be crazy. If there really are ghosts in this world, the world will be in chaos already."

After saying that, she picked up half of the bowl of chicken soup on the table and stirred it a few times with a spoon. When she saw the yellow and white chicken soup swirl, a sarcastic smile appeared on the corner of her mouth.

Then, she ladled out a spoonful of soup and showed it mockingly to Xiao Lingyun. She said coldly, "Xiao Lingyun, drink this and remember to come back as a fierce ghost. I'll be waiting for you."

No matter how hard Xiao Lingyun struggled, she couldn't break free from the two men's control. Her expression was full of despair, anger, and hatred.

She said loudly, "You will suffer retribution. Even if I can't become a malicious spirit, there will still be people who will uphold justice for us and not let murderers like you go free."

"You won't live to see that happen." Cheng Liren said coldly.

After she said that, she took another step forward.

Just as the soup was about to be fed into Xiao Lingyun's mouth, a shining dagger fell from the sky again.

Clang!

The soup ladle fell to the ground. There was another severed hand.

"ah!" Cheng Liren was stunned when she saw the palm on the ground. Then, she let out an intense scream of pain. It was shriller than her mom's. "My hand!"

Cheng Dawei and Cheng Feiping were shocked again.

Their eyes were wide open, full of disbelief.

'Ma Meixin's assault could be an accident, but this was definitely not an accident since it happened for the second time.

In other words, there was a third party in the room.

A third party...

Cheng Dawei and Cheng Feiping widened their eyes and looked around.

Cheng Dawei suppressed his fear and shouted, "Who is it? Who is here? Come out now!"

His whole body was trembling.

The plan was so thorough. Why would there be a third party?

If there was a third party, then they... they would all be destroyed.

If this third party was just an ordinary person, they would kill them like they did Xiao Lingyun. However, this person managed to cut off the people's wrists from the sky. They were definitely not ordinary people.

Just as Cheng Dawei was thinking about it, there was a bang, and the Cheng family's door fell.

Cheng Dawei and Cheng Feiping looked at the person standing outside the door in disbelief.

"Wait

Chapter 344: In Time

Cheng Dawei and Cheng Feiping looked at the many people standing outside the door with disbelief. They didn't expect to see these people.

"It'.... It's you!" Cheng Dawei's eyes widened as he looked at the Xiao family members who had suddenly appeared in his house. It was simply unbelievable.

"Aren't you..." Cheng Dawei pointed at them and stammered in shock and panic.

The sudden appearance of the Xiao family shocked not only the Cheng family but also Xiao Lingyun.

she knew that her parents and grandparents had gone back to Taoyuan Village. So how did they get back here so fast? Or did they not leave at all?

Then, Xiao Lingyun denied that when she saw her relatives standing beside her father. Clearly, her parents had gone back, or else why would her uncles and aunts be there?

"You bastards!" Before Xiao Lingyun could figure out these things, an angry voice sounded.

The few men from the Xiao family immediately went forward and pushed Cheng Dawei and Cheng Feiping away. Xiao Lingye was young and impetuous. He was furious seeing his eldest cousin being bullied like this.

He threw a fist at Cheng Feiping's face and cursed in extreme anger, "Cheng Feiping, you're not human at all. You're just an animal. Oh no, you're worse than an animal. Where is your conscience? You're so crazy that you want to kill your wife and daughter."

Xiao Jingyang walked over and checked Xiao Lingyun's body. He asked with concern, "Yun 'Er, are you okay?"

Xiao Lingyun shook her head and said, "Dad, I'm fine."

Then, she came to her senses and saw her two daughters, who were scared. She shouted, "Lulu, Rourou, you're fine. Grandpa is here to save us."

"Grandpa!"

At this moment, Lulu and Rourou suddenly ran over and hugged one of Xiao Jingyang's thighs. Their small faces were very pale. They looked up at Xiao Jingyang and cried loudly, "Grandpa, we're scared!"

Xiao Jingyang immediately bent down and held his two granddaughters in his arms. With tears in his eyes, he said, "Babies, don't be afraid. Grandpa is here to save you."

After saying that, Xiao Jingyang raised his head and looked at Cheng Feiping with extreme anger. He asked in a stern voice, "Cheng Feiping, you crazy beast. Is this how you treat my daughter and my two granddaughters? One of them is your wife, and the other two are your biological daughters. For the

sake of a son who hasn't been born, you want to kill your wife and daughters? You... you are not human at all."

The rest of the Xiao Family came in one after another.

When Cheng Dawei and Cheng Feiping saw so many people enter at once, their entire bodies swayed, and their expressions were extremely ugly.

“Yun ‘Er, Lulu, Rourou, are you guys okay?” As soon as the others entered the house, they immediately ran towards Xiao Lingyun and her children.

When Xiao Lingyun saw her family, her expression was both happy and excited.

She asked, “Mom, Grandpa, Grandma, why are you guys back so soon?”

Yang Liu cried and said with self-blame, “Yun ‘Er, it’s all mom’s fault. I left the three of you here and almost cost you your family’s life.”

Xiao Lingyun shook her head and said, “Mom, how can you be blamed? 1... None of us knew that the Cheng family would be so crazy.”

Grandma Xiao said, “The Cheng family are all crazy.”

Cheng Dawei was, after all, more mature and experienced.

After he had lost his composure, he quickly calmed himself down.

Then he pulled a long face and asked with a smile, “In-law, why are you here? Why didn’t you inform us that you were coming?”

Chapter 345: Justice

Hearing Cheng Dawei’s shameless words, Grandpa Xiao yelled at him, “Cheng Dawei, you bastard, who is your in-law?!”

If they had come a little later, Yun ‘Er and her daughters would have been killed already.

They had really underestimated the selfishness and ruthlessness of the Cheng Family.

‘They had never thought that they would actually kill someone.

Cheng Dawei’s expression suddenly stiffened as he said, “In-law, it’s a misunderstanding. It’s all a misunderstanding. We... We were just joking with Yun ‘Er.”

He gave a very far-fetched explanation.

“Cheng Dawei, do you really think we’re fools? A triple murder is a joke?” Grandpa Xiao sneered.

“But... There is no murder.” Cheng Dawei looked at the chicken soup scattered on the ground. The most direct evidence had been destroyed.

‘As long as they didn’t admit it, the Xiao Family wouldn’t be able to do anything to them.

Even if they had Xiao Lingyun’s testimony, without direct evidence, Cheng Dawei could completely accuse Xiao Lingyun of slander.

Hearing Cheng Dawei’s words, Grandpa Xiao was so angry that his face turned green.

He pointed at Cheng Dawei angrily and scolded, "We heard everything from outside. You want to kill my granddaughter and her daughters. How shameless of you to deny it now?"

Cheng Dawei denied it without hesitation, "In-law, you have to give evidence. You can't just accuse me of murder."

"You..." Grandpa Xiao pointed at Cheng Dawei angrily. For a moment, he didn't know how to scold him.

At this moment, Xiao Lingyu entered the Cheng family's house with the help of Gong Tianhao.

Initially, Gong Tianhao wasn't willing to let Xiao Lingyu in.

The house was too bloody.

The two severed hands were still lying on the ground quietly.

The two women's wrists were still bleeding. He was afraid that it might scare Xiao Lingyu and the child in her stomach.

But Xiao Lingyu insisted on coming in.

'As soon as she entered the house and saw Xiao Lingyun's current appearance, a dark light flashed across her eyes.

This Cheng family was really too detestable. How much torture had they put Xiao Lingyun through that her 20 plus cousin looked like an old woman?

'When she thought of her cousin's fate in the previous life, a ruthless look flashed across Xiao Lingyu's eyes.

Fortunately, they were in time this time.

What if they were late again?

Even if they could take revenge and make the Cheng family pay a heavy price, what was the point of doing all that with her cousin's family dead?

Xiao Lingyu didn't move forward. Instead, she swept her sharp eyes across the room and asked indifferently, "What's going on? There are chicken soup, hands, and blood all over. Cheng Feiping, what's going on?"

Cheng Feiping was still in a daze and did not pay attention to Xiao Lingyu's words.

However, when Cheng Dawei heard Xiao Lingyu's words, his expression was unusually alert and guarded. He stared at Xiao Lingyu and sized her up.

She looked similar to Xiao Lingyun. She was exceptionally beautiful and had a big belly. It was obvious that she was pregnant.

"Who are you?" Cheng Dawei had never seen Xiao Lingyu before, but he guessed that she had a certain relationship with Xiao Lingyun.

Xiao Lingyu looked at Cheng Dawei with a faint smile and said, "Oh. I'm Xiao Lingyun's cousin, Xiao Lingyu."

Cheng Dawei's pupils contracted when he heard the name Xiao Lingyu.

He had heard of Xiao Lingyu from the Xiao family. From what they said, this Xiao Lingyu was a capable person.

However, to the Cheng family, no matter how capable a country girl was, she was still a country bumpkin.

Therefore, the Cheng family was still very disdainful of Xiao Lingyu.

However, now that they saw her...

Xiao Lingyu's expression turned stern, and she said, "Today, I came to seek justice for my cousin!"

Chapter 346: Xiao Lingyun: I was Wrong

Cheng Dawei and his son were stunned.

"Justice?" Cheng Dawei said, "What justice? Don't forget it was Xiao Lingyun who married into our Cheng Family.

"No matter what happened to her under this roof, that is the Cheng Family's business. Even if you are our in-law, you have no right to interfere."

"Bullshit!" Grandma Xiao said angrily, "If you didn't prevent Yun 'Er from divorcing and stop us from taking the two children, my Yun 'Er would have left your family a long time ago."

Cheng Dawei sneered and said, "The two children belong to the Cheng family. Why should I give them to you? If you are capable, feel free to take them.

"But since you can't, it means that both the two girls and their mother belong to the Cheng Family. So this is our family business and not yours."

"You..." Grandma Xiao didn't know how to refute.

Indeed, they didn't have the ability to take the two children from the Cheng family. It was why the marriage was dragged out for four years. Xiao Lingyun was tortured and tormented to become this old woman. They felt so helpless. If they had the power, they would not allow Xiao Lingyun and her children to suffer in the Cheng Family like this.

"You are right. In the past, we were not capable, so our cousin and her children suffered under your hands. We couldn't say anything. However, the winds have changed.

"People will rise with time. We do not have the capability then, but it doesn't mean we don't have the capability now. Do you think we would have come here if we couldn't seek justice for my cousin and nieces?" Xiao Lingyu retorted sharply.

Cheng Dawei's pupils constricted, and his expression was cold and nervous. He asked, "So, how exactly do you want to seek justice?"

In fact, he was still very confused. He was sure that the Xiao Family had already departed for Xing Yin County yesterday. Therefore, the timing didn't match unless they didn't leave in the first place.

But it did not make sense.

The Xiao Family only had Grandparents Xiao and Xiao Lingyun's parents in Kanglin City. However, now, it appeared like everyone from the Xiao Family was at their home.

Cheng Dawei had found out why the Xiao Family returned to Taoyuan Village. Xiao Lingyun's second uncle's son was admitted to Imperial University, so the family went back to celebrate. If they had gone back to celebrate, how did the Xiao Family manage to return to Kanglin City so soon?

It made no sense. Cheng Dawei couldn't figure it out.

Cheng Dawei wouldn't have guessed that the Xiao Family had taken a helicopter. Moreover, this helicopter was big enough to seat more than a dozen people at a time.

Xiao Lingyu chuckled, seeing Cheng Dawei's fearlessness. She said, "How are we going to seek justice? Easy. We'll send all of you into prison."

"What?" When Cheng Dawei and Cheng Feiping heard her words, their expressions changed drastically.

Even Cheng Liren and Ma Meixin, who were still in pain, seemed to have forgotten about the pain when they heard Xiao Lingyu's words. Their expressions became very incredulous.

Cheng Liren was the first to react. She covered her wound with her hand and yelled at Xiao Lingyu with a ferocious and twisted expression, "You bitch, what are you talking about?"

A figure fell from the sky and slapped Cheng Liren's face.

Then, he quickly retreated to the side. He was so fast that people didn't have the time to react.

Cheng Liren's face, which was pale, suddenly turned red and swollen.

Cheng Liren was completely stunned by the slap. She didn't even realize when it had happened.

'When she came to her senses, she was filled with anger as she shouted angrily at the black-clothed man, "Are you a man? How dare you hit a woman?"

The black-clothed man said coldly with an expressionless face, "In my eyes, there is no distinction between men and women. There are only people who deserve to be smacked and who don't. And you belong in the former."

The Xiao family,

Who was this man in black?

"For a selfish, heartless, venomous woman like you, you deserve to die by a thousand cuts, much less a little slap," Gong Yingxiong added coldly.

This man's mouth was so venomous, but they liked it.

1

Xiao Lingyu raised her eyebrows at Gong Tianhao with a questioning look in her eyes.

Gong Tianhao whispered a few words to Xiao Lingyu.

Xiao Lingyu nodded.

'When Cheng Liren heard Gong Yingxiong, her whole body turned cold. She shivered twice as if a poisonous snake had its eyes on her.

Cheng Dawei pointed at Gong Yingxiong and shouted angrily, "You... You've gone too far. How dare you talk to my daughter like that? Are you still a man?"

"Why can't I talk to her like that?" Gong Yingxiong retorted coldly, "This woman is selfish and heartless. She's also cold-hearted and vicious. She even encouraged people to murder. If I'm not a man, she's not even human."

1

Cheng Dawei,

Then, Cheng Dawei shouted sternly, "You have to provide evidence before you go around accusing people. Who are you to say that my daughter has encouraged a murder?"

The chicken soup was on the floor. There was no physical evidence. Everyone present had a direct or indirect relationship with the Xiao family, so their testimony couldn't be trusted.

1

It was why Cheng Dawei hounded on this point.

Gong Yingxiong took out an item and said, "Who told you that we have no evidence? The USB drive in my hand contains evidence of your crimes."

Cheng Feiping was stunned at first, then asked stupidly, "Evidence? What do you mean by that?"

They had been very careful when they planned this. However, accidents kept happening during the execution of the murders namely...

Then, Cheng Feiping widened his eyes in disbelief. He pointed at Gong Yingxiong and asked in disbelief, "Are you the one who threw the throwing knife?"

The question sounded more like a statement. They couldn't figure out where the daggers came from. Plus, the daggers must be exceptionally sharp to cut off an adult's wrists like butter.

But at that time, they were too consumed by bloodlust. They only wanted to kill Xiao Lingyun and her daughters. Therefore, after Cheng Liren analyzed the benefits of the triple murders, they forgot completely about the dagger from the sky. If they hadn't forgotten about that, they could have been given

a lighter sentence.

But now?

Gong Yingxiong sneered and said, "You're quite smart but, unfortunately, not smart enough."

Cheng Feiqing knew what he meant. He staggered a few steps back. His face was pale, and he even looked like he was about to fall.

The other three members of the Cheng family also understood what Gong Yingxiong meant.

Cheng Dawei looked at the USB in Gong Yingxiong's hand, and his eyes flashed fiercely. He immediately rushed towards Gong Yingxiong. It was obvious that he wanted to snatch the thing in Gong Yingxiong's hand.

Gong Yingxiong was Gong Tianhao's number one bodyguard.

Although he didn't normally show himself, he would show up whenever Gong Tianhao needed him. He was a very mysterious person.

Gong Yingxiong only moved to the side. Cheng Dawei charged past him. Gong Yingxiong raised his leg.

'There was a crack. Everyone heard the sound of bones breaking.

The sound came from the waist!

Cheng Dawei's spine was snapped by a kick. This meant that even if Cheng Dawei were spared from jail time, he would need a wheelchair for the rest of his life.

Seeing Cheng Dawei being beaten down, Cheng Feiping was scared.

There were four of them in the family. Two of them had severed wrists, one of them had a broken spine, and now he was the only one left.

He felt very scared and terrified. He didn't want to end up like his family.

Cold sweat kept flowing down his temples. Big drops fell on the white tiles, and he could hear the ticking sound.

He looked around in fear and unease.

Suddenly, his eyes met with a pair of cold eyes, and he shivered.

Then, he quickly ran to Xiao Lingyun and tried to grab her hand but was stopped by Xiao Jingyang.

Xiao Jingyang, Xiao Lingye, and Xiao Mingyang protected Xiao Lingyun and her daughters.

Xiao Jingyang sternly shouted, "You bastard, what do you want to do?"

Cheng Feiping embarrassedly pulled back his hand, then looked at Xiao Lingyun and pleaded, "Yun 'Er, I was wrong. Can you ask your family to let our family go?"

Xiao Lingyun's eyes were cold.

'When she looked at Cheng Feiping, she was looking at a stranger. She said coldly, "Why are you wrong? You're Young Master Cheng. If there's someone who is wrong, it's me.

"Lwas wrong for being blind to marry a cold-blooded and heartless person like you.

"Lwas wrong for marrying Young Master Cheng even though I came from a country background.

"Lwas wrong for treating you like my family while your family treated me like a dog. No, your family treated me worse than a dog. The Cheng Family's dogs are provided with good food and water. However, my daughters and I could only survive on rotten leftovers.

"Lwas wrong for being an idiot. I was wrong to believe your empty promises. I was wrong for giving birth to two daughters and having them suffer with me.

"Cheng Feiqing, I'm asking you. Am I wrong for marrying you?"

Cheng Feiping's face was pale as he opened his mouth. He wanted to defend himself, but he realized that there was no sound coming from his mouth.

Xiao Lingyun didn't seem to want to know what he wanted to say. She cut him off. "That's right. I was wrong because I was born in the countryside. I was conceited to marry a young master like you. I was wrong to give birth to two daughters. All these were the wrongs your Cheng Family placed on me. But Cheng Feiping..."

At this moment, Xiao Lingyun said with a serious expression, "You see your daughters as wrongs, but they are my treasures."

While saying this, Xiao Lingyun held her children and continued, "For my two treasures, no matter how much pain and suffering I have to endure, I will grit my teeth and persevere.

"Treally didn't expect my perseverance would pay off. Cheng Feiqing, I said that you'd receive your retribution, and it has arrived!"

'When Cheng Feiping heard Xiao Lingyun's words, he immediately knelt down.

He pleaded, "Yun 'Er, I'm sorry. I know now that I've made a mistake. Can you let my family go since I'm also Lulu and Rourov's father? These people are Lulu and Rourou's grandparents. Do you really have the heart to send their family to jail?"

"Cheng Feiping, how shameless are you?" Xiao Lingyun suddenly scolded angrily, "Do you think you are my daughters' family? You guys are a bunch of cold-blooded murderers.

"What kind of father, grandmother, and grandfather will enslave their grandchildren? That is the people of the Cheng Family, that's who!"

Xiao Lingyun was not a weak person. Her family allowed her to deal with this on her own.

After Cheng Feiping heard this, he staggered back a few steps. He knew what kind of woman Xiao Lingyun was.

'When he first met her, she was a pure, beautiful angel. However, he knew she also had a stubborn and tough side.

She had a mirror in her heart, and there was also a bottom line.

After she married and gave birth to their first daughter, she saw through everyone in the Cheng Family. The person who was still confused was Cheng Feiping.

She wanted to get a divorce after their first child. However, he used sweet words to coax her.

At that time, she was too naive. She never expected Cheng Feiping's family to be so ruthless and heartless. Cheng Feiping was his parent's son, so how saintly could he be?

He kept her back then because he wasn't sick of her yet. Plus, perhaps she could give him a son?

At first, Cheng Feiping maybe did like her. However, after the first birth, she was just a birthing machine for Cheng Feiping.

It didn't matter whether he had feelings for her or not. Once she gave him a son, he would kick her out. However, he didn't expect their second child would be another daughter.

Their conflict deepened.

Although they lived under the same roof, they were like enemies.

"Cheng Feiping, let me tell you, I can forgive anyone in the Cheng Family, but..." Xiao Lingyun gritted her teeth and said with a vengeful hatred, "I will never forgive you. Because you dragged me into this abyss of Hell."

The person that Xiao Lingyun hated the most in the Cheng family was Cheng Feiping. Her suffering began with Cheng Feiping.

He married her, but he allowed his family to bully, humiliate and enslave her. If he had said something to protect her, his family wouldn't treat her like this. Xiao Lingyun and her daughters had to suffer because of Cheng Feiping. Therefore, there was no one she hated more than Cheng Feiping.

This time, Cheng Feiping stumbled twice and fell to the ground. He had a look of regret and despair.

'Ma Meixin covered her wound at this time and glared at Xiao Lingyun as she cursed,

"You bitch, who told you not to give birth to a son? As long as you did that, we would have treated you well. Since you can't do that, why can't my son find someone else to do that for him?"

Xiao Lingyun was angered by her unreasonable words and laughed.

"That's right. And I agreed for him to find someone else to impregnate. I agreed to the divorce." Xiao Lingyun said angrily, "I only want my two daughters, but you think so highly of yourselves. You somehow believe I'll pester your precious son with the girls.

"Do you know that your son is worse than dogshit to me after I found out about his affairs? I wouldn't get close to him, much less pester him."1

Ma Meixin said in a sharp voice, “My son is handsome, rich, and funny. Who are you to insult my son? I know you’re lying. I know you will use the two sluts to bog down my son. So naturally, I can’t let you and your sluts keep on living. This is all for the sake of my son!”

The Xiao family,

This Ma Meixin was really... something else.

It was her paranoia that landed the Cheng Family in this trouble. Then again, this whole family was crazy. If they had been willing to let the two girls go with Xiao Lingyun, this wouldn’t have happened.

These people were sad.

“Do you really think your son is made from gold?”

Xiao Lingyun was so angry that she laughed instead,

“I said I only want my two children. After that, we wouldn’t even mingle with the Cheng Family anymore. You people are too conceited. And now you blame me for everything. Your family is really weird.”

Xiao Lingyun and Xiao Lingyu were both daughters of the Xiao family, and their temperaments were very similar.

Therefore, Xiao Lingyun didn’t have a weak personality.. Since she was given a chance to avenge herself, she was going to take it!

Chapter 347: Retribution

Ma Meixin still wouldn’t admit her mistake. She stubbornly said in a sharp voice, “No matter what, it’s your fault for not being able to give birth to a son. I won’t let you destroy the Cheng Family’s lineage.”

“You are crazy and dumb!” Xiao Lingyu said with extreme anger, “Your husband and son are both doctors. Don’t you know that it’s the man who decides whether the newborn is a girl or a boy? According to genetics, only the male Y genes can create a baby boy. If you want to blame someone, then it’s your

son, Cheng Feiping. It’s his fault for having too few Y genes!”

1

In her previous life, Xiao Lingyun and Xiao Lingyu had such miserable fates. However, their situations were different. Xiao Lingyu fell into self-pity because she was blind. In a way, she had no one to blame but herself for the tragedy she faced.

However, Xiao Lingyun was blind only at first. Unfortunately, when her mind cleared, she had a clear weakness—her two daughters. She loved them, so she had to protect them. She suffered endlessly to protect her children. But who would have thought the Cheng Family would go so far as to try to kill them.

Xiao Lingyun had her opinion and stance on life. If the Cheng Family didn't control her daughters, she wouldn't have suffered like this.

Xiao Lingyu had returned. She had changed her and her family's fate. However, she forgot about her cousin. Thankfully, she arrived in time. If she was a bit later, she couldn't dare to imagine the consequences...

With this in mind, Xiao Lingyu looked at Gong Tianhao gratefully.

Gong Tianhao was a giant help. If Gong Tianhao didn't send his bodyguard to protect Xiao Lingyun and her daughters, if he didn't send over a helicopter, Xiao Lingyu wouldn't be able to protect her cousin. Xiao Lingyun and her daughters would face the same fate. If that happened, Xiao Lingyu wouldn't be able to forgive herself.

Thankfully...

Gong Tianhao felt Xiao Lingyu's grateful gaze and was very pleased.

'As her man, he would do anything for her.

Gong Tianhao raised his eyebrows, then lowered his head and said, "Yu'Er, are you touched? Perchance you can marry me as a token of appreciation?"

Xiao Lingyu also raised her eyebrows and said with a half-smile, "Marry you?"

Gong Tianhao immediately said, "It was because of me that your sister and nieces were saved. Shouldn't you thank me by marrying me?"

Xiao Lingyu said with a light smile, "Young Master Gong, if we follow your logic, I should marry this man instead. After all, he was the one who saved my cousin and nieces."

'The man in black was able to move freely through the completely enclosed Cheng Family house. With a flick of his wrist, he cut off Ma Meixin and Cheng Liren's wrists. He also didn't forget to record everything.

When Gong Tianhao heard Xiao Lingyu's words, his face turned black.

He gritted his teeth and said, "So, you want to marry him?"

'There was a faint hint of jealousy in his words.

His sharp eyes glared fiercely at his bodyguard, who had served him for decades.

'In the future, I must be sure he cannot appear before Yu 'Er again. Which beauty doesn't like a hero? Yu'Er is smart. She can tell Yingxiong is very good based on a glance.'

Gong Yingxiong trembled and had a very bad premonition. 'Why bring me into this? I'm innocent! I saved Xiao Lingyun and not Xiao Lingyu!'¹

He couldn't afford to be liked by the woman Gong Tianhao had taken a liking to. He didn't want to be killed by Gong Tianhao.

Sensing the intent in Gong Tianhao's eyes, the corners of Xiao Lingyu's mouth curled up. She said calmly, "When I did say I want to get married?"

Gong Tianhao,

When Gong Yingxiong heard this, his cold eyes lit up with relief.

Other than Gong Yingxiong, no one paid attention to the flirting between Gong Tianhao and Xiao Lingyu.

1

The physical and psychological pain broke down Ma Meixin. She still stubbornly said loudly, "It's her fault for failing to give birth to a son. In that case, she should give up her position. Since she's unwilling to give it up, then don't blame us for being ruthless."

The Xiao family,

Eldest Aunt Xiao was furious when she heard this. Her anger couldn't be suppressed anymore. She angrily slapped Ma Meixin's face.

She said loudly, "You treat my daughter and granddaughters like shit, but they are treasures to us. In the past, we don't have the ability to save them from you. But it's different now.

"Ma Meixin, I've tolerated you for five years. For five years, for the sake of my daughter and my two granddaughters, we've endured the humiliation you've given us. But we won't tolerate it anymore.

"Why don't you call your connections over now? Let them come and look at how miserable you are."

For the past five years, Eldest Aunt Xiao had been enduring and waiting.

She believed that one day, they would definitely be able to rescue her daughter and two granddaughters.

The moment had finally arrived. They didn't need to endure anymore.

Just like what her eldest niece had said, they were going to seek justice for her daughter and her two granddaughters.

Eldest Auntie Xiao spat at Ma Meixin and sternly said, "Ma Meixin, the heavens are watching. Those who do evil will receive their retribution sooner or later.

"Your family has committed attempted triple murders. Just wait to be sent into prison. At least you'll still have each other."

The Xiao Family was not weak. They weren't saints.

Ma Meixin's face turned pale..

Chapter 348: The Truth

Cheng Liren's reaction was very intense.

Her fear of going to jail was greater than the pain in her own wrist.

She violently shook her head and said, “No, no, I don’t want to go to jail. I didn’t do anything wrong. I don’t want to go to jail.”

At this time, Xiao Lingyun sneered, “You have attempted to kill three people, and that is a fact. You’re not the one who decides if you go to jail or not.”

Xiao Lingyun really did not have a good impression of this elder sister-in-law. She even had a deep hatred for her. Cheng Liren had done nothing but make her life more difficult with the Cheng Family.

Cheng Liren’s heart was black. Even after her mother’s hand was cut off, the first thing she thought about was to finish the murders. After all, at the time, the Cheng Family still believed they had the upper hand. They didn’t want the three women to survive and report the Cheng Family to the police. This vicious woman didn’t deserve any kindness.

“Cheng Liren, I already told you that you would receive your retribution, and it’s already here.” Xiao Lingyun said in a very calm voice.

“Back then, Cheng Dawei agreed for me to take away my two children after the divorce. However, you had to intervene.

“You were the one who told your father to stop me from taking my two daughters with me so that I wouldn’t use them to pester your precious little brother.

“You were the one who suggested sending my daughters to the orphanage so that they wouldn’t affect Cheng Feiping’s future.

“If you have let me go with my two children, you would have gotten rid of me. I wouldn’t want anything to do with the Cheng Family anymore. You wouldn’t need to suffer for having a poor sister-in-law anymore.

“Back then, my family wanted to sneak the children away. It was also you who accused my parents and grandparents of being human traffickers. You called people to beat them up and sent them into police detention.

“Earlier, you didn’t care about your mother’s safety and insisted on killing my girls and me.

“Cheng Liren, one incident after another, when are you not involved?” Xiao Lingyun accused, “You said that this is all my fault because I didn’t give the Cheng Family a son.

“I don’t get it. Cheng Liren, aren’t you a woman? Aren’t you a daughter of the Cheng Family? Why do you hate my daughters and me that much? Cheng Liren, how can your heart be so dark?”

As Xiao Lingyun pointed out these things, it was one slap after another on the Cheng Family’s face.

“Then, Xiao Lingyun’s sharp gaze turned to Ma Meixin. Her face was full of contempt and disdain as she said, “Ma Meixin, you have such a beautiful name. It literally means beautiful heart in Chinese, but it cannot be more wrong.

“But you are definitely Cheng Liren’s mother. Both of you have such bad hearts and are so vicious. You keep saying that my daughters are wastrels. What about your own daughter? Is she not a wastrel?”

“If you can treat your daughter like a jewel, why can’t you accept your granddaughter? How can you treat them so viciously?”

“A good wife can make a family wealthy for three generations. If you ask me, the Cheng Family is being ruined by you two.”

Xiao Lingyun vented all her pent-up resentment toward Cheng Liren and Ma Meixin.

After all these years, she really hated them. She didn’t hate them because they treated her badly, but because they tortured her daughters. How could these people be so evil? They could treat Xiao Lingyun as an outsider, but Cheng Lulu and Cheng Rourou had the Cheng Family blood!

“How is that the same?” Ma Meixin said in a sharp voice, “My daughter has my genes. But those two sluts have your genes. And your blood is peasant blood. It makes us lose face.”

This was the real reason why the Cheng family hated Xiao Lingyun and her two daughters.

Peasant blood...4

“Even so, I was chosen by your son.” Xiao Lingyun should be furious, but she was unusually calm. She continued, “Back then, it was your precious son who pursued me. If you looked down on me, why did you agree to our marriage? Why bring the shame into your family?”

“Do you really think we didn’t want to reject it?” Ma Meixin said loudly, “If you hadn’t bewitched Ping ‘Er, this wouldn’t have happened. Ping ‘Er went on a hunger strike until we allowed him to marry you. Or else, do you think you can marry into this family with your lowly status?”

“So, the source of all this tragedy is actually your son,” Xiao Lingyun said sharply.

Ma Meixin suddenly choked and didn’t know what to say.

Xiao Lingyun looked at Cheng Feiping with no emotion on her face. She said with a deep coldness, “Cheng Feiping, did you remember what you told me when you proposed to me? Did I force you to marry me? In fact, at the time, I was worried that your family wouldn’t agree to our marriage.. Do you remember what you said?”

Chapter 349: My Boyfriend

‘When Xiao Lingyun interrogated Ma Meixin and her daughter, a man stared at her with a deep and serious expression.

Then, the corner of his mouth lifted slightly, and he thought to himself, ‘This woman really has a personality!

He thought that the woman might have become docile after years of being tortured. However, it seemed like she was just biding her time. She was waiting. She was a woman who would never admit defeat. She was able to yield and endure. She was also intelligent and rational.

If such a woman were placed on the battlefield, she would be a valuable ally.²

Gong Tianhao looked at the sharp glint in Gong Yingxiong's eyes, and his eyes flashed.

'Is he...'

Xiao Lingyun chuckled. "Cheng Feiping, why didn't you say anything?"

"When I asked if your parents had agreed to our marriage, you said that they had, and they would treat me well. But that was clearly a lie. Yes, your family treated me so well that they wanted to kill me.

"If I can turn back time, I would go back to stop myself from meeting you. I must have been blind to have fallen for a man like you, a selfish, heart, cowardly Mummy's Boy."

Xiao Lingyun really wanted to beat Cheng Feiping up. However, over the past five years, she had cursed him in her heart more than she could count. So what was the point now?

She might as well save her energy and see how this family would be punished.

However, she still felt wronged. Back then, it was Cheng Feiping who abandoned everything to pursue her and insisted on marrying her.

But in the end, she was at fault for having peasant blood. She was at fault for giving birth to two daughters.

Cheng Feiping was the reason she and her daughters had to face such a tragedy. Therefore, she could forgive anyone but Cheng Feiping.

"Twas only 18 years old back then. However, because of your sweet words, I married you. They say marriage is the grave of love.

"I really did step into a grave. For the past seven years, it felt like I was being buried alive. I refuse to die down there, so I have been struggling.

"Finally, I can escape." When Xiao Lingyun said the last sentence, she really felt relaxed and light-hearted.

Cheng Feiping stared at Xiao Lingyun. He trembled and wanted to say something, but Xiao Lingyun swatted him like a fly. She said in disgust, "You don't have to say anything to justify yourself. I don't want to hear it."

Xiao Lingyun had mocked Ma Meixin, Cheng Liren, and Cheng Feiping, so Cheng Dawei was the only one left. However, she didn't even look at the man.

She walked to Xiao Lingyun and stared at Xiao Lingyun's face and then at her stomach. Then, she noticed the man who was supporting her. She frowned and called out uncertainly, "Sister?"

Xiao Lingyun smiled and nodded. "Girl, you finally remember me."

Xiao Lingyun shook her head and nodded. "Sister, you've changed so much that I almost can't recognize you.

"In the past, you wore a pair of glasses every day, and they covered most of your face. Even your sister, I, barely got the chance to see your face.

"If you don't look so much like second aunt, I won't be able to recognize you." Then, Xiao Lingyun remembered something. She told her two daughters. "Lulu, Rourou, come and meet your family."

Cheng Lulu and Cheng Rourou walked over. They still hadn't recovered from the shock.

The way they looked at people was filled with timidity. Their small faces were wrinkled, and they looked very uneasy.

Xiao Lingyun introduced them, "Come, Lulu, Rourou, let me introduce you. This is your auntie."

"Aunt... Auntie!" Although Lulu still looked a little scared, she still obediently greeted Xiao Lingyu.

The younger Rourou was not as bold as her sister.

She glanced at Xiao Lingyu, no, her small eyes were actually glancing at Gong Tianhao, who was beside Xiao Lingyu. Then, she was so scared that she immediately hid in Xiao Lingyun's arms.

Xiao Lingyun comforted her little daughter. Then, she looked at Gong Tianhao, who was beside Xiao Lingyu, and asked curiously, "Sister, who is this?"

'sister is pregnant, and he is standing so close to her. Is he my brother-in-law?"

Gong Tianhao also stared at Xiao Lingyu with a burning gaze. He also wanted to hear how Xiao Lingyu would introduce him.

Xiao Lingyu, .."

She didn't know how to introduce Gong Tianhao to Xiao Lingyun. Was he her friend or boyfriend? Neither seemed to be right. He was definitely not her husband.

At this moment, Mother Xiao came over and said with a smile, "Yun 'Er, this is Tianhao, your sister's boyfriend."

Mother Xiao was very satisfied with Gong Tianhao. He took good care of her daughter, and whenever there was a big problem, Gong Tianhao had helped them solve it.

This made her feel very touched.

This time, when they heard about Xiao Lingyun's incident, Gong Tianhao immediately flew them to Kanglin City. He even had his bodyguard protect Xiao Lingyun in secret. His people had saved Xiao Lingyun and her daughters from death.

Gong Tianhao had checked all the boxes.

Mother Xiao said that she would respect Xiao Lingyu's wishes, but that didn't mean she couldn't be a matchmaker.

If they couldn't end up together, then it was not meant to be.

Xiao Lingyu heard her mom and pouted, "Mom!" There was a hint of disapproval in her tone.

Mother Xiao glared at her and said, "The two of you are always stuck together. If he's not your boyfriend, then who is he? When are you going to make this official anyway?"

Xiao Lingyu, "... Mom! Who is your real daughter?"

Gong Tianhao revealed a smile..

Chapter 350: The Fate of the Cheng Family

Xiao Lingyu didn't say anything to clarify because she owed Gong Tianhao a favor. Only she knew whether Gong Tianhao was her boyfriend or not.

Others would think she was being unreasonable if they could read their thoughts.

Honestly, Xiao Lingyu was conflicted.

Because of the child in her stomach, she did not want to get too close to Gong Tianhao. Especially after knowing Gong Tianhao's true identity, she wanted to stay away from Gong Tianhao even more.

She didn't dare to have a Cinderella dream. She wanted a life of leisure and not to become troubled by the world of wealth and power struggles.

Gong Tianhao was kind to her because she carried his child. However, after she was old... No, after he tired of her, her day of disaster would come. Their hugely unequal statuses would turn them against each other.

They had the perfect example displayed right before them. Her cousin was from the countryside. After she married into the Cheng family, she was looked down upon, despised, and humiliated by the Cheng family.

Because she was a country girl, even her two daughters were tortured by the Cheng Family. This was the issue of unequal status.

'The Cheng Family was only a well-to-do family, and they already looked down on Xiao Lingyun so much. What about the Gong Family?

Xiao Lingyu didn't dare to imagine it.

Gong Tianhao saw the hesitation on Xiao Lingyu's face. He was a shrewd person. He knew that the situation between Xiao Lingyun and the Cheng Family had increased Xiao Lingyu's apprehension about their future together.

Of course, he wouldn't blame Xiao Lingyu for having such thoughts. The real culprit was the Cheng Family. The Cheng Family allowed Xiao Lingyun to marry into their family while looking down on her. They didn't treat her well and even wanted to kill her.

This family was going to fall. They would face charges of attempted triple murders. They would be imprisoned for life.

Other than Cheng Feiping, they were all disabled. They wouldn't receive sympathy and pity from others in prison. They would probably become toys in prison.

As for Cheng Feiping, he was very good-looking and handsome. He would have a 'wonderful' time in prison. In fact, Gong Tianhao would make sure that would happen.

That would be the Cheng Family's life in the future. Of course, they didn't know it yet.¹

While the Xiao Family was reuniting, Cheng Liren tried to sneak away.

The wound on her hand hurt too much. Perhaps because of the massive blood loss, she felt dizzy. She was extremely fearful. She felt the aura of death.

Many people died from light injuries because of blood loss. It had been some time since her wrist had been shaved off. Her blood was all over the ground.

Her face was getting paler and paler.

She didn't want to be a cripple, she didn't want to go to jail, and she didn't want to die...

However, these people blocked her from escaping. She knew that the Xiao Family would not be kind to her. They wanted her to be a cripple and die.

Therefore, she found an opportunity to sneak away while everyone's attention was on Xiao Lingyu and her cousin.

However, she forgot that Gong Yingxiong's eyes were everywhere. There was no way he was going to let anyone escape. He did not show any mercy at all and kicked Cheng Liren to the ground.

'When Cheng Liren fell to the ground, her wound pounded, and she felt a sharp pain.

A scream immediately echoed throughout the room.

Due to the loss of blood and the extreme pain, Cheng Liren fainted instantly.

Ma Meixin saw her daughter, and she also fainted.

Cheng Dawei's spine was broken. His face was pale, and he was sweating profusely. He wanted to faint from the pain, but he couldn't. He just gritted his teeth and endured it.

Cheng Feiping looked at his parents and sister.

He didn't know what he was going to do.

Cheng Feiping knelt down and kowtowed to Xiao Lingyun. He begged, "Yun 'Er, please save them. Otherwise, if they continue to bleed like this, they will die.

"This is all my fault. If you want to blame someone, then blame me. No matter how you punish me, I will never have any complaints. But please save them."

Hearing this, Xiao Lingyun was expressionless. She only glanced at Cheng Feiping coldly, then turned her face to the side. She didn't want to care about this at all.

'Whether they were dead or alive, it had nothing to do with her.

Based on what these people had done, it wouldn't be too much if they died from a thousand cuts.

Cheng Feiping took a look, and his eyes dimmed, revealing a look of despair.

He did not know why such a sensible and kind person in the past would be so cruel now. The Cheng Family was wrong. They wanted to kill Xiao Lingyun and her daughters. But weren't they safe and proper now? Why wouldn't Xiao Lingyun let them go? Why must she be so cruel?

Cheng Feiping turned to look at Grandma Xiao and Xiao Jingyang, He kept kowtowing to them and said with snot and tears, "Dad, Mom, Grandpa, Grandma, please save my mom and sister. If you don't, they will really die. All of this is my fault. I will make up for it in the future. I know you are all kind

people. You wouldn't leave them to die, would you?"

The Cheng Family was cold, selfish, and ruthless to outsiders. Even Cheng Liren ignored her mother's safety.

However, to Cheng Feiping, they were still his family.

He couldn't just ignore them and let them die.

Cheng Feiping saw the indifference on the Xiao Family's faces. He was really angry and anxious. He said loudly, "Do you really want to watch them die? Do you want Lulu and Rourou to watch my sister and my mother die?"

"You might hate the Cheng Family, but no matter what, the two girls have the Cheng Family's blood. They are my family.

"My mother is their grandmother, and my sister is their aunt."

Cheng Feiping could only use his two daughters now.

Grandma Xiao and Yang Liu were both women. They had strong empathy. Cheng Feiping had a point too. It was indeed inappropriate for the two girls to watch their grandmother and aunt bleed to death.

Just as Grandma Xiao was about to speak, Xiao Lingyu said, "Don't worry. Just now, I called the police and an ambulance. Judging from the time, they shall be arriving soon."

"Ah, an ambulance?" Cheng Feiping was stunned.

Cheng Feiping had only met Xiao Lingyun's sister once when he went to Xiao Lingyun's hometown. However, he couldn't remember anything about her.

At the time, he heard the Xiao Family praise Xiao Lingyu, but he didn't take her seriously. So she went to South University. Big whoop.

He had attended a good university too. Therefore, he never really cared about Xiao Lingyun's cousin.

However, this time, Xiao Lingyu had appeared as an elegant and beautiful woman. In fact, she was the prettiest woman he had ever seen.

“Thank you, Sis!” Cheng Feiping was slightly relieved, but his gaze was fixed on Xiao Lingyu. There was an indistinct infatuation in his eyes.²

Cheng Feiping was a womanizer. Back then, he pursued Xiao Lingyun because she was beautiful.

Now that a woman more beautiful than Xiao Lingyun appeared before him, his true nature was exposed.

When Gong Tianhao saw the infatuated look in Cheng Feiping’s eyes, his face darkened, and he immediately revealed a look of disdain. He blocked Xiao Lingyu behind him and said coldly, “I’m warning you. If you continue to stare, I’ll dig out your eyes..”
