

### Chapter 471 Quick Marriage

Yan Siming knew Gong Tianhao wouldn't need to lie to him, but he still couldn't believe it. He looked at Xiao Lingyu quietly, trying to process everything.

He asked, "Lingyu, is he telling the truth?"

Xiao Lingyu sighed and said, "Brother Yan, it's true. There's no need for him to lie." Then, she lowered her head and touched her stomach as she continued, "Whether you believe it or not, the child in my stomach is Gong Tianhao's. It is Gong Tianhao's biological child. At that time, we had this child by accident.

"I thought that I would never be able to find the biological father of the child again. I did not expect fate to bring him to me." As she said this, she looked at Gong Tianhao with a very gentle gaze.

When Yan Siming heard this, he became even more confused. He said sharply, "Since you said that this child is Gong Tianhao's, haven't you thought that he married you only because of this child?"

"Yan Siming!" Gong Tianhao's voice was very cold and stern as he warned, "Do you think that with my status, I need to do something like that? If I want, I can have as many children as I prefer.

"Plus, this is a wedding between Yu 'Er and me. It has nothing to do with others. Instead of worrying about others, you should worry about yourself.

"I know that you like Yu 'Er, but she is now my wife. If you do this again, you'll be punished by the heavens."

The villagers were watching with great interest.

Xiao Lingyu felt quite embarrassed. There were two monkeys fighting over her. Xiao Lingyu's face immediately turned hot and red.

After she was pregnant in this life, she became more and more childish. She lived a pampered life, and she didn't even need to move her fingers most of the time. Especially after Gong Tianhao came, she relied on him for everything.

Like what he had said, she had gotten used to having him by her side. She ended up relying on Gong Tianhao more and more. She felt extremely comfortable, but at the same time, she felt she was becoming more and more useless.

Xiao Lingyu took a deep breath and turned to the villagers. "Uncles and Aunties, you can continue with your work. We have some private matters to settle. Oh, right, I'll say it again. The child in my stomach is 100% Gong Tianhao's. There's no doubt about that. If you don't believe me, you will after the child is born." Xiao Tong looked a lot like Gong Tianhao. So it would be clear then.

The villagers knew their limits. So they left with smiles. Some of the older villagers told them not to fight before they left. The children were dragged away by the adults.

In the end, only the three of them were left by the reservoir. People liked to watch shows. It was great fodder for gossip. They didn't mean any harm, but it was quite embarrassing. Xiao Lingyu couldn't do anything to help this.

Fortunately, the villagers were simple and honest. They would only talk among themselves. If this had happened in the big city, it would be on the internet already. This often made something small into something big by the netizens. Everyone wanted to get involved. Sometimes, the internet was very scary. Online violence was the worst example.

Taoyuan Village was backward. They didn't even have cell phones and television in every house, much less access to the internet. Therefore, Xiao Lingyu didn't need to worry.

After the crowd dispersed, Xiao Lingyu said to Yan Siming very seriously, "Brother Yan, I know that you like me. I'm grateful. I'm also thankful for the help you've given me.

"However, I'm sorry because I don't like you that way. I love Gong Tianhao. Brother Yan, feelings cannot be forced. If possible, I hope we can continue to be friends. I will remember the favor I owe you. If there's a chance, I will return the favor."

To Xiao Lingyu, this had to be clarified. She didn't like him, so she had to be clear. She rejected Jiang Tao, and now she needed to reject Yan Siming.

Hearing Xiao Lingyu's direct rejection, Yan Siming was hurt. His usually handsome and beautiful face now revealed a sense of loss and sadness.

He already knew that Xiao Lingyu didn't like him. When she escaped from the hospital to avoid him, he already knew that.

However, he was not willing to believe it. He believed his charm was limitless. He couldn't accept that his charm didn't work on Xiao Lingyu, so he tricked himself into believing she was playing hard to get. Therefore, he disdained approaching her, but he couldn't resist the temptation in his heart.

At that time, he had taken a liking to Xiao Lingyu. However, Xiao Lingyu seemed to play hard to get. It annoyed him. At the same time, Xiao Lingyu's character also pulled him in. Furthermore, she had escaped from the hospital with injuries and returned to the countryside just to avoid him.

Under such ambivalence, he had a unique and contradictory feeling toward Xiao Lingyu. It was hard to explain it, but it was messy.

He suppressed this complicated and conflicted feeling until he accidentally received news of Xiao Lingyu from his cousin. Then, his feelings began to open.

However, he never expected that Xiao Lingyu would be pregnant.

This news was not good news for him.

He had tried to probe Xiao Lingyu, but Xiao Lingyu insisted on keeping the child.

No man would be willing to raise another man's child as his own. So, he thought about leaving. However, at that moment, his love rival appeared. This love rival was top-notch in terms of family background, identity, and appearance.

Following his love rival's appearance, Yan Siming's grandfather appeared too. When his grandfather found out that he liked Xiao Lingyu, his reaction was unusually fierce.

In contrast, Old Master Gong supported Gong Tianhao. He was very much in favor of his grandson pursuing Xiao Lingyu, and he was just a step away from cheering for his grandson.

Old Master Yan didn't say much when he was at Taoyuan Village, but his stance was clear when they returned to the Yan Family. Xiao Lingyu was pregnant. If she was to enter the Yan Siming, she had to abort the child first. That was impossible.

Xiao Lingyu wouldn't abort the child, and she hadn't even agreed to be his girlfriend yet. So who was he to request her to abandon her child? It didn't make sense. Yan Siming's plan was to settle his family before he started to pursue Xiao Lingyu.

However, things went opposite his expectation. The more Yan Siming wanted to pursue Xiao Lingyu, the more his grandfather objected.

On the other side, his powerful love rival launched a strong pursuit of Xiao Lingyu. The two of them ended up together.

But there was one piece of news that struck him like a bolt from the blue. The child that everyone thought had an unknown father was actually Gong Tianhao's.

This was the seal that ended everything.

Yan Siming smiled sadly and said, "I thought Gong Tianhao married you for the child. But in the end, this child turned out to be Gong Tianhao's." As he said this, a light flashed in his mind, and he couldn't help but ask, "Lingyu, when he first pursued you, did he know that the child was his?" His expression was a little anxious as he continued, "If that was the case, then he must have pursued you because of the child. Lingyu, his motive isn't pure. Don't be deceived by him."

Hearing this, Gong Tianhao's face darkened even more. Yan Siming had brought up the things that bothered Xiao Lingyu the most when Gong Tianhao first pursued her. Therefore, this was a bad memory for Gong Tianhao. Yan Siming brought it up on purpose.

Gong Tianhao gritted his teeth and told Yan Siming, "Yan Siming, you don't need to worry about that. I've already confessed everything to Yu 'Er.'"

Yan Siming, "...". He turned to look at Xiao Lingyu, his eyes filled with doubt.

Xiao Lingyu nodded. To Yan Siming, this was a very cruel thing Xiao Lingyu said, "We've already talked about this. Actually, from the beginning, I knew that this child was Gong Tianhao's, but I was afraid that he would snatch the child away from me or ask me to abort the child.

"Therefore, I didn't agree to his initial pursuit. I even resisted him. Later, Tianhao realized that something was wrong with me and confessed everything. We had an open discussion. After that, we got engaged and married."

Yan Siming was silent for a moment before he asked seriously, "You two have only been together for two months. Lingyu, do you really know him? Will you regret marrying him in the future?"

The endless criticism from Yan Siming angered Gong Tianhao.

“Yan Siming!” Gong Tianhao shouted sharply. Sensing his anger, Xiao Lingyu held his hand gently. Gong Tianhao immediately quieted down and glared at Yan Siming with disdain.

Xiao Lingyu smiled and said to Yan Siming, “Fate is strange. Yes, Tianhao and I have not been together for long, but I can feel that connection with him. I know we will stay married and be together for the rest of our lives.”

“But can you really say that you know this man?” Yan Siming pursed his lips and asked sharply.

“I do!” Xiao Lingyu confirmed, “It requires fate for two people to get together. If one’s heart changes in the future, then we can just separate.”

Gong Tianhao furrowed his brows with dissatisfaction. He said seriously, “Yu ‘Er, my heart will never change!”

Then, he looked at Yan Siming and said discontentedly, “Do you have any more questions?”

Yan Siming still had one more question. “Why did you get married in such a hurry? Shouldn’t you try to spend some time together before going into marriage?”

“That is so that my son can be born legitimately. Do you think that I would let my son be born as an illegitimate child?” Gong Tianhao retorted immediately.

Yan Siming, “...” That was indeed a valid reason.

### **Chapter 472 I’d Die**

Yan Siming was silent for a moment. Then, he sighed and said, “It looks like I was being too narrow-minded.” Then, his face turned up with sincerity. He smiled and said, “I bless you with a life of happiness. Congratulations.”

He stretched out his hands to shake hands with the couple.

Xiao Lingyu and Gong Tianhao looked at each other and smiled.

Gong Tianhao shook hands with Yan Siming and said, “Thank you!”

While Yan Siming held his hand, he said with a stern and serious expression, “Gong Tianhao, since you’ve married Xiao Lingyu, you must treat her well. If I find out that you’ve made her suffer, I’ll snatch her away from you at any cost.”

Gong Tianhao said with a serious and determined expression, “You won’t have this chance! Yan Siming, I won’t give you or anyone else this chance!”

Xiao Lingyu’s character had attracted many outstanding men to pursue her.

He would cherish her, and at the same time, he would cherish his blessings!

The two shook hands and let go. Yan Siming then looked at Xiao Lingyu and said, “Lingyu, if you’ve suffered, just tell Big Brother Yan. I’ll definitely stand up for you.’

Xiao Lingyu said gratefully, "Big Brother Yan, thank you so much!"

She felt that she was really lucky. Be it Jiang Tao or Yan Siming were both magnanimous and open-minded men.

They both liked her, but at the same time, they knew that when she chose Gong Tianhao, they were able to let her go and give her their sincere blessings.

Xiao Lingyu felt that perhaps it was God balancing out her bad luck from her previous life.

"Little sister, what have you done?" After Qin Junfeng found out what Qin Yan did, his heart turned upside down. His innocent and cute little sister was actually a vicious woman.

"We should know Gong Tianhao. He became the richest man at such a young age not only because of his family background but also because of his own ability.

"In the business world, everyone's evaluation of him is that he is a ruthless and merciless emperor. No one who provoked him has a good ending!

"At the least, they would lose everything. At the worst, they would disappear into the ether."

Qin Junfeng felt so tired. The fact that his sister liked Gong Tianhao was beyond his expectations. However, his sister was vicious and would harm others to achieve her goal.

That was one thing, but her weakness was caught. And now her whole family was implicated.

Qin Yan covered her mouth and cried, "Sob... I just like Gong Tianhao. How is that wrong? Why does he treat me like this? Why is he so cruel to me? Which part of me is inferior to that slut?"

Qin Junfeng looked coldly at Qin Yan. Madam Qin felt extremely distressed when she saw her daughter crying so sadly.

Madam Qin said, "Yan 'Er, don't be sad. You didn't do anything wrong. You didn't do anything wrong at all."

Then, Madam Qin looked at her son and scolded him unhappily, "Feng 'Er, your sister is already sad enough. Don't add fuel to the fire!"

Qin Junfeng, "..."

Then, he said helplessly, "Mom, I'm just telling the truth. Gong Tianhao is not someone to be trifled with.

"For now, he has released sister's pictures online, and that is because he has given the Qin Family face. However, as long as Gong Tianhao is still angry, those pictures will remain online and become a hot topic."

Madam Qin calmed down, and her face darkened. There was a hint of anger on her face as she said, "Gong Tianhao is ridiculous. Doesn't he know that he has offended the whole Qin Family?"

Qin Junfeng rubbed his forehead and said helplessly, "Mom, Gong Tianhao isn't afraid of offending the entire Qin family because he had the power and ability to suppress the Qin family.

“On the contrary, we should be afraid of offending Gong Tianhao and the Gong family. Do you know how many of our Qin family’s businesses need to depend on the Gong family?”

“With a word from Gong Tianhao, the Qin Family will go bankrupt overnight. Do you know how much of our business is with the Gong Family?”

“How much?” Madam Qin asked.

“35 percent!” Qin Junfeng rubbed his forehead and said helplessly.

“35?!” Madam Qin frowned slightly and then said indifferently, “That’s not a lot. We can find other people to work with.”

Qin Junfeng looked completely powerless. He said in a somewhat loud voice, “But mom, do you know how much 35 percent is to the Qin Family? Without this 35 percent, the Qin Family will be kicked out of the upper society at Beijing.”

Qin Junfeng was a little annoyed.

His mother was really too short-sighted. But he knew he couldn’t blame his mother for this. His mother didn’t know anything about business, but she did know how to enjoy the benefits. She had no idea that even a 1 percent loss was huge to the Qin Family, much less 35 percent.

Madam Qin widened her eyes in surprise. She opened her mouth wide and said in disbelief, “This... how is this possible?”

“But mom, this is the truth!” Qin Junfeng sighed and said, “So, Mom, this is not a matter of whether Gong Tianhao can offend the Qin Family or not, but the Qin Family cannot offend Gong Tianhao!”

However, Qin Junfeng had no idea his words had sparked a different idea in his mother’s mind.

She said with some excitement on her face, “Feng ‘Er, does this mean that if Yan ‘Er married Gong Tianhao, we don’t need to give face to anyone anymore? We’ll be the most powerful family in Beijing, right?”

Qin Junfeng, “...” He rubbed his forehead again. He felt that his mother was really crazy. How could she even think of that? That was simply wishful thinking.

Gong Tianhao was already not interested in Qin Yan before the scandals. Gong Tianhao had rejected all of the Qin Family’s probing. Now that Qin Yan’s scandals had been exposed, Gong Tianhao would be less interested in her. Therefore, his mother was really dreaming.

In fact, Qin Yan would have problems marrying Jiang Tao, much less Gong Tianhao. He didn’t think the strict Old Master Jiang would accept a daughter-in-law with scandals. After all, the mistress of the family had to be respectable and innocent.

Qin Junfeng was deeply worried. However, his mother was the complete opposite. The more she thought about it, the more likely she found it to be. Honestly, her favored son-in-law had always been Gong Tianhao.

Even if the Qin Family had been rejected many times, she still thought that was because Gong Tianhao needed to focus on his career. When he wanted to settle down, her Yan 'Er was the best match for him. There was no other choice.

The two families were of equal status. They were a perfect match.

She was looking forward to Qin Yan marrying into the Gong family and becoming the only mistress of the Gong family.

However, before that day came, all sorts of rumors about Gong Tianhao appeared. They said Gong Tianhao liked men, and he was infertile. Madam Qin was worried. If the rumors were real, then Qin Yan would suffer if she married Gong Tianhao.

Naturally, Madam Qin eliminated Gong Tianhao and then settled for Jiang Tao.

Grandfather Jiang was also interested in finding a wife for his heir. As a result, the two families hit it off. They quickly arranged the marriage.

However, Madam Qin never thought that it would be exposed that Gong Tianhao already had a lover. If that was the case, then the previous rumors had to be fake. Then, Qin Yan was still the perfect bride for him.

Madam Qin's excitement became clearer.

Her eyes lit up as she looked at Qin Junfeng and said, "Yes, Feng 'Er, once Yan 'Er marries Gong Tianhao, everything will be resolved, right?"

Qin Junfeng's face turned black as he broke her fantasy, "Mom, do you think it's possible? Gong Tianhao has never shown any interest in little sister, and he has just released her unsightly pictures on the internet. Do you think he'll marry her?"

"No, Big Brother, you have to help me." At this moment, Qin Yan suddenly looked at Qin Junfeng and pleaded, "Big brother, I like Gong Tianhao. I want to marry him. Can you help me?"

At this point, she seemed to have thought of something and said, "If I marry Gong Tianhao, I will definitely give the Qin family the greatest benefit. I will firmly control Gong Tianhao in my hands and make the Gong family bow down to the Qin family!"

Qin Yan was vicious and smart. Otherwise, she wouldn't have schemed against Old Master Jiang

Now, Qin Yan had offered another benefit to get her brother to help her pursue Gong Tianhao.

As the heir of the family, she had been instilled with the concept of putting the family interest above all else. Now, Qin Yan was using that concept to win over Qin Junfeng's support. Qin Junfeng was a calm person. It was fake to say he wasn't moved by Qin Yan's offer.

However, it wouldn't be easy to win over someone like Gong Tianhao. No one would touch him if they didn't have absolute confidence. This was because the consequences weren't something that an ordinary person or family could bear.

Since Qin Yan was not as innocent as he thought, perhaps, she could really get Gong Tianhao to marry her.

However, with her soiled reputation, how was she going to win over Gong Tianhao?

Qin Yan saw the expression on her brother's face and knew that he didn't want to help her.

Tears streamed down her face. She suddenly bit her lips and knelt down towards Qin Junfeng.

She cried loudly and said, "Brother, you have to help me. If I can't marry Gong Tianhao, then I'd rather die!"

Madam Qin and Qin Junfeng's expressions changed.

"Yan 'Er, you can't do something stupid!" Madam Qin said loudly to her son, "Qin Junfeng, do you want to see your sister die? Do you want your mother to kneel to you too?"

Coerced by his mother and sister, Qin Junfeng could only grit his teeth and agree, "Okay, I'll help you!"

"Help with what?" At that moment, Qin Xingbao's voice came in from the door.

When the three people saw Qin Xingbao, who suddenly came in, they were shocked.

### **Chapter 473 Heart Attack**

As soon as Qin Xingbao entered, the atmosphere in the room changed immediately.

His daughter's eyes were red, and her face was pale.

His wife didn't look good either.

As for his son, he looked a little helpless.

Qin Xingbao asked in confusion, "What are you doing?" Then, with his sharp eyes, he immediately discovered what his wife was trying to hide. "What are you holding in your hand?" He believed they were pictures.

Madam Qin and the other two didn't expect Qin Xingbao to walk in suddenly. This gave them no time to hide the photos properly.

Madam Qin smiled. The smile was very fake. She said, "It's nothing. It's just a few photos of Yan 'Er when she was young. Feng 'Er dug them out to reminisce."

Qin Xingbao was puzzled. "Why are Yan Er's eyes so red from crying if they're just pictures from when she was young?" Then, his expression changed, and he looked very stern. He said, "Give me the photos!"

As the head of the Qin family, he was not easily fooled. Therefore, there had to be something wrong with those photos his wife was holding. This reminded him of how Qin Yan had tampered with the picture of Gong Tianhao.

His face darkened, and he said seriously, "Give me the photos!" This time, his tone was deeper. Qin Yan's decision to tamper with the picture had almost caused the Qin Family's death. He was very cautious around pictures now.

At this moment, the Qin family's butler came over with a package of express delivery and said with a serious expression, "Master, this is the express delivery sent by the Gong family. You have to see it!"

"What?!" Before Qin Xingbao could react, his wife and daughter's faces were filled with astonishment.

When Madam Qin and her children heard the butler, they had a bad premonition. The things inside the package were definitely related to Qin Yan. They tried so hard to hide everything from Qin Xingbao, but this happened. No, they must stop this.

Madam Qin quickly swiped the package from the butler. Then, she said, "Leave this with me. You can go now."

Qin Xingbao, "... " What is she doing?

He knew that this was a package that came from Gong Tianhao. The package must be very important. Gong Tianhao would not be so free to send something boring to the head of the Qin Family for no reason. Qin Xingbao said with a serious expression, "Madam, give me the package!"

Madam Qin clenched the parcel tightly and looked at Qin Xingbao nervously. Then, she shook her head and said, "Hubby, I can't let you have this!"

Qin Xingbao's face darkened, and he said, "So, you know what's inside, right?" Madam Qin pursed her lips tightly and didn't say anything.

Qin Xingbao noticed that the expressions of his children had also become unusually serious and nervous. His eyes flashed.

Qin Xingbao narrowed his eyes, and his sharp gaze shot directly at Madam Qin's face. He noticed some nervousness and uneasiness on her face.

Qin Xingbao turned his attention to the photos in her hands again and said sternly, "Li Jinglan, I'll say it again. Give me the package!" He called her by her full name, which showed that Qin Xingbao was indeed a little angry.

Qin Junfeng said helplessly, "Mom, Dad will find out about this sooner or later. Since Gong Tianhao has made a move, we can't do anything without Dad. Dad has to know."

"What is going?" Qin Xingbao asked sternly, "What are you guys hiding from me? And what do you mean Gong Tianhao has already made his move?"

Qin Xingbao's stern voice made Qin Yan's skin tighten. The fear and anxiety on her face made her body tremble uncontrollably. She really loved and hated Gong Tianhao in her heart. She was angry and resentful at the same time.

Gong Tianhao showed no mercy to her. He was so cruel.

She secretly gritted her teeth and shouted angrily, 'Gong Tianhao, how can you do this to me when I love you so much?'

Qin Junfeng looked at Madam Qin and then looked at his sister who glanced pleadingly at him. He sighed. "Dad, it's Gong Tianhao taking revenge on sister." "Gong Tianhao's revenge on Yan 'Er? Why would Gong Tianhao..." Qin Xingbao suddenly thought of something, and disbelief flashed across his eyes. He continued, "Is it the switcheroo of the photos?"

Qin Junfeng did not hide anything and nodded. "Yes."

Qin Xingbao's expression immediately turned ugly. He asked again, "What did he do?" Qin Junfeng looked at Qin Yan with a complicated expression and said truthfully, "He had released some private photos of Yan 'Er when she was abroad on the internet."

Qin Xingbao frowned.

If it was just some photos of her private life, there was no need for his wife and daughter to be so nervous and afraid. Therefore, he immediately confirmed that these photos were definitely not ordinary. Then, Qin Xingbao took two steps forward and directly snatched the photos from Madam Qin's hands.

When he looked at the first photo, his eyes immediately widened. Then, a wave of anger surged out of his eyes. Then, he flipped to the second and third photos. His face turned green and black. It was exceptionally ugly.

When he finished looking at these photos, he immediately opened the express delivery package. The photos inside the package were even more explicit and unbearable. There were also a few abortion records!

This abortion record was something that even Madam Qin and Qin Junfeng did not expect. They were in shock.

When Madam Qin saw these things, she felt woozy. She had to take a few steps back. Her face turned pale. She had no idea that her innocent angel daughter had such an ugly side.

"Bastard!" Qin Xingbao threw the things in his hand at Qin Yan's face and angrily shouted at Qin Yan, "I sent you abroad to study! Is this studying? Do you not feel shame?"

Qin Yan was prepared for her father's anger. She assumed the express delivery had the same pictures like the ones on the internet. Therefore, when the abortion documents smacked her face, her head exploded with a bang. Her mind was completely blank, and she couldn't remember anything.

'Abortion records?' She couldn't tell how many abortions she had had.

Her private life was free, but she knew very well that while she could have free sex, she could never get pregnant.

After the first accident, she was scared out of her wits. Fortunately, she was abroad, and few people knew her identity, so she disguised herself and went to a small private clinic to have an abortion. If she went to a big hospital, she would leave behind a record. She couldn't let anyone find out about this.

After the first abortion, she rested for a period of time, then she relapsed. She got pregnant a few more times, and she visited the small clinic again and again. She thought no one would find out. However, the reality proved her wrong.

At the same time, she felt the horror of Gong Tianhao's power. Why wouldn't this powerful and terrifying man like her? If he liked her, she would be pure and wouldn't have done those things.

"Qin Yan, tell me, what stupid things did you do overseas?" Qin Xingbao was really angry, shocked, and furious. He was so angry that he was about to have a heart attack, "You even had abortions while you were overseas!"

Qin Yan's face turned pale. She looked panicked, and her whole body was limp and powerless.

Qin Xingbao held his heart and pointed at his wife. "Li Jinglan, look at what you've done? Just keep on pampering her! She has gone for abortions! Spare the rod and spoil the child! Even now you are trying to defend her."

Madam Qin's face turned pale. She said sharply, "Qin Xingbao, are you blaming me? She is not just my daughter. Qin Xingbao, don't push all the blame onto me."

When Qin Xingbao heard this, he was so angry that his face turned ashen. He pointed angrily at Madam Qin. "You..."

He was filled with regret. He had been so proud to have raised such an outstanding pair of children. But her obedient daughter was actually an impure woman.

Qin Junfeng saw his parents quarreling and frowned, "Dad, Mom, both of you need to stop. We need to think of a way to solve this matter first, or else Sister's photos will always be on the internet."

Qin Xingbao immediately reacted when he heard Qin Junfeng's words. His face was livid as he shouted angrily again, "What do you mean that? Qin Junfeng, what else are you hiding from me?"

Qin Junfeng said, "Gong Tianhao got someone to put sister's photos on the internet. It has been trending for the whole morning already."

"What!"

"Dad!"

"Hubby!"

The first was Qin Xingbao's furious roar. The second and third were Qin Junfeng and Madam Qin's terrified voices.

Qin Junfeng was so angry that he had a heart attack. He clutched his chest and panted heavily.

"Quickly get the pills!" Qin Junfeng held his father and shouted anxiously. "Yes, you're right!" Madam Qin snapped out of it. Then, she stumbled out to look for emergency medicine.

A moment later, the butler came in with the medicine bottle and handed the pills to Qin Xingbao.

After taking heart medicine, Qin Xingbao's expression eased up.

Madam Qin followed behind the butler. She saw her husband and asked nervously, "Husband, how are you?"

Qin Xingbao's heart was easing down. He thought he was about to die. Qin Xingbao waved his hand and told Qin Junfeng, "Feng 'Er, let go of me!" After Qin Junfeng let go of Qin Xingbao, he still looked worried and asked, "Dad, are you really okay?" Qin Xingbao shook his head, and then he sharply asked, "Qin Junfeng, tell me, what's going on?"

"Hubby!" Madam Qin called out worriedly.

"Shush!" Qin Xingbao shouted angrily, "I need to know the truth. If you're hiding anything, don't blame me for enforcing the family law on you!"

The unsightly pictures of his daughter had been posted on the internet. She had lost her reputation to the whole world.

Qin Junfeng said, "Gong Tianhao asked someone to post sister's photo on the Internet. I've already gotten confirmation. He said that was all he'd do for now out of deference for the Qin Family!"

"Bastard!" Qin Xingbao was furious. "Gong Tianhao, how can you be so cruel?!"

This was a blatant taunt since he had posted Qin Yan's photos on the internet and sent him her abortion records.

#### **Chapter 474 Qin Yan's Obsession**

Qin Xingbao flew into a rage and was very dissatisfied with Gong Tianhao. He scolded Gong Tianhao for being a despicable person. All the curses he knew he flung at Gong Tianhao. The others only listened quietly and nodded their heads from time to time.

Gong Tianhao was indeed too despicable.

After he was done, Qin Junfeng said, "Dad, what should we do now?"

Qin Xingbao, "..."

He took a deep breath and said, "What else can we do? Of course, we need to apologize."

Gong Tianhao did this to warn the Qin Family, but he wanted an apology too. "An apology?" Madam Qin frowned and said reluctantly, "It's fine for us to Gong Tianhao, but why should we apologize to that woman?"

Qin Xingbao retorted sharply, "Why? Because she is the woman Gong Tianhao likes and will be the mistress of the Gong Family in the future. Once she married Gong Tianhao, she'll be the most powerful woman in Beijing!"

Madam Qin was about to refute when Qin Yan suddenly said, "Dad, I want to marry Gong Tianhao. I will be the most powerful woman in the capital. Dad, help me!"

Qin Junfeng frowned when he saw how crazy Qin Yan was. His sister appeared to have gone mad. If this continued...

Qin Xingbao was so angry that he almost had a heart attack again. He angrily raised his hand and gave Qin Yan a big slap.

The slap sent sparks flying, and a big palm print appeared on Qin Yan's face.

"Hubby!"

"Dad!"

e

Madam Qin and Qin Junfeng were shocked. Then, they heard him shout, "Bastard, can you hear yourself? Do you know what you are to Gong Tianhao now? A slut!" "Hubby! It's one thing for you to scold Yan 'Er," Madam Qin was unhappy, "But how can you call her that?" What kind of father would call his daughter a slut? If the word got out, their daughter would lose her reputation.

Then again, Madam Qin was worried about the wrong thing. Qin Yan's indecent photos had already been released on the internet. Qin Xingbao knew this better than his wife.

"Why can't I?" Qin Xingbao snorted coldly, "People are saying even worse things on the internet. With her current reputation, she is still dreaming of marrying Gong Tianhao. Has she lost it? Gong Tianhao has personally come after her already!"

**Ine**

Qin Xingbao saw things clearer than his wife. Gong Tianhao was never interested in Qin Yan in the past, and he would be less interested in her now. No man wanted a cheating woman as a wife, much less someone as powerful as Gong Tianhao.

Plus, the issue now was not whether Gong Tianhao wanted to marry Qin Yan but whether the Jiang Family still wanted her or not. Old Master Jiang would not allow an impure woman to be the mistress of the Jiang Family.

Qin Xingbao and Qin Junfeng saw this clearly.

"Besides, Gong Tianhao has sent your abortion records to us. Do you think he'd still marry you?" Qin Xingbao really felt that his daughter might have gone crazy. She was so crazy that she couldn't distinguish the reality anymore.

"Qin Yan, remember this. Gong Tianhao already has a woman he likes. Focus on yourself. If the Jiang Family doesn't come to break off the engagement, you need to be prepared to be Jiang Tao's obedient bride. You need to behave yourself. Otherwise, even a beggar won't want to marry you!"

"Qin Xingbao, how can you say that?" Madam Qin roared angrily, "Our daughter is too good for a beggar!"

Qin Yan was embarrassed and angry. Her face turned red and white, but she still stubbornly said, "Dad, if I can't marry Gong Tianchen, I'd rather die!" This was the same threat she gave her brother and mother.

“You...” Qin Xingbao pointed at Qin Yan angrily. “Fine, then go and die! I’d rather not have such a shameless daughter! The Qin Family won’t have such a tainted presence!” “Ah, Yan ‘Er!”

Unexpectedly, as soon as Qin Xingbao said that, Qin Yan suddenly stood up and crashed into the wall.

Was she really going to commit suicide?

Qin Junfeng saw his sister’s reaction and quickly rushed to stop her. He pulled her back. However, Qin Yan had already hit the wall with her forehead. A streak of blood appeared.

She was still alive, but her mother was scared out of her wits. Her face was so pale that there was no trace of blood.

When she came to her senses, Madam Qin rushed over to hug Qin Yan and cried, “Yan ‘Er, how can you be so stupid? There are so many good men in the world. Why are you so hung up on Gong Tianhao?”

Previously, Madam Qin thought that it was only natural for Qin Yan to marry Gong Tianhao. However, when she saw the abortion records Gong Tianhao sent over, she knew that her daughter marrying Gong Tianhao was simply a pipe dream.

How could Gong Tianhao marry someone who had committed many abortions before? Like what her husband said, if Gong Tianhao wanted to marry Qin Yan, he would have done it long ago. Why would he wait until now?

But what could she do?

Qin Yan was obviously obsessed with Gong Tianhao. She’d rather die than marry someone other than Gong Tianhao!

“Yan ‘Er, we can talk about this properly. Don’t do something so reckless again. If you die, what will happen to mommy? You’re my only daughter.” Madam Qin was very worried and sad. Following that, she angrily pointed at Qin Xingbao and said loudly, “Qin Xingbao, are you satisfied now that you’ve forced our daughter to kill herself? Once our daughter dies, you can give Gong Tianhao an explanation, right?”

Qin Xingbao was really scared when Qin Yan rammed against the wall. No matter what, she was still the daughter that he had doted on since she was young.

He said those things only out of anger. But when Qin Yan really tried to commit suicide, he was so scared. When his son saved his daughter, he heaved a sigh of relief.

That was too close.

When he recovered from his shock, he was scolded by Madam Qin. His face darkened as he gritted his teeth and said, “Li Jinglan, is your daughter making any sense? Just because she can’t marry Gong Tianhao, she wants to die. Let me ask you, how are we going to get Gong Tianhao to marry her? “By wishful thinking? Can we just march to Gong Tianhao and demand him to marry Qin Yan?”

Madam Qin, “...”

Qin Junfeng, “...”

Gong Tianhao was not someone who could be easily controlled. Of course, he wouldn't marry Qin Yan because he was ordered to do so.

At this moment, Qin Yan shouted again, "I need to marry Gong Tianhao, or I will die!"

When Qin Xingbao heard this, he almost could not breathe. He pointed at Qin Yan angrily and shouted, "I think you've really gone crazy!"

Qin Yan struggled to break free from her brother's grasp. She wanted to hit the wall again. However, she was too weak. Madam Qin was really scared and hugged Qin Yan tightly. She was afraid that her daughter might do something stupid again.

Qin Yan couldn't struggle loose, so she stopped struggling. Then, she cried and shouted at her father. "Yes, I've gone crazy. I've been crazy since I saw Gong Tianhao at a party when I was ten. Since then, I had made the promise that I would grow up to be his wife.

"Then, I started to trail behind him, accompanying him as a friend.

"As I saw him getting better at life, I panicked. I knew I had to improve myself so that I could be a woman worthy of him. So I worked hard to become excellent.

"I knew that he studied at a world-famous university abroad. He finished a four-year course in a year and graduated with a double master's degree.

"So, I also applied to get into that university. When I heard his legendary story, my heart surged with pride and excitement.

"I want to walk the path that he once walked. I want to breathe the same air that he once breathed. I also want to get a double master's degree. I want to let him know that I can be a woman worthy of him.

"I've tried to contact him several times, but I never imagined that he would ignore me. He never responded to any of my phone calls or texts, or emails.

"My heart started to get restless, and I started to feel uneasy and scared. To vent these feelings, I went to a bar and got drunk.

"At the bar, many men were interested in me. I refused them at first. But the pain in my heart was deep.

"I didn't realize my drink was drugged. I couldn't resist what had happened next. However, I felt that my pain was alleviated. I got addicted to it. I simply couldn't control myself. "I regretted that I failed to protect myself. At the same time, I resented Gong Tianhao for ignoring me.

"I couldn't bear the pain of missing Gong Tianhao, so I returned from abroad.

"After I returned, I became the most sensible and beautiful socialite to get Gong Tianhao to pay attention to me.

"I know that is the only way for a woman to get a man's love and pity. Furthermore, I come from the good family background.

"I thought Gong Tianhao would finally take a look at me.

"I thought Gong Tianhao would see my beauty and kindness.

"I thought the Gong Family would welcome me as the new mistress.

"But what did I get in the end?"

"Gong Tianhao rather let the rumors of him being gay spread than say that he likes me.

"I kept telling myself that it didn't matter. As long as Gong Tianhao hasn't married, I still have a chance.

"However, before I could get Gong Tianhao's love, I got the news that I was engaged to Jiang Tao. During that period, I found out Gong Tianhao had a woman he liked.

"When I found out, I was crazy jealous. Gong Tianhao is mine. No other woman can snatch him away from me. So, I tampered with the picture. My goal was very simple. It was to use Jiang Huaiyuan's hands to eliminate that woman.

"Once she is removed, I still have a chance to marry Gong Tianhao." Qin Yan suddenly broke down and cried. "But I have no idea he'd be so merciless to me. I'm angry, I'm resentful, and I'm not satisfied!"

Qin Yan's family was shocked. They stared at Qin Yan with wide eyes.

They had never thought that Qin Yan's obsession with Gong Tianhao would be so deep!

Madam Qin covered her mouth and cried out in shock, "Yan 'Er!"

#### **Chapter 475 Noodles**

The 16th of September of the lunar calendar arrived very quickly. It was Gong Tianhao and Xiao Lingyu's wedding day in Taoyuan Village.

The two families held a joint banquet. It meant that the cost of the banquet was shared. However, it didn't really matter. The Gong Family would give the Xiao Family a hundred billion worth of betrothal gifts without blinking. Why would they bother about the cost of a small banquet?

The same went for the Xiao Family. With their current wealth, they would naturally not care about the tens of thousands.

Therefore, the two families came up with a plan. Mother Xiao would personally cook a few dishes. Then, the rest of the dishes would be delivered by the hotel.

After all, this was Mother Xiao's daughter's wedding. It was impossible for her to cook all the dishes personally. She would just cook a few specialty dishes and let the guests have a taste.

There were guests from everywhere. It was impossible to send all the villagers to a hotel. No hotel was that big. So it was more reasonable to hold the banquet in the village.

Before dawn, a helicopter rumbled toward Taoyuan Village.

As usual, the helicopter stopped at the sunning ground.

Then, three well-dressed young men and women came down.

Each of them was carrying a small box.

As soon as they came down, the three of them looked around curiously. However, the sky was still dark, so they couldn't see anything.

One of the men, Kairen, asked curiously, "Misha, what is this place?"

Misha shook her head and said, "I don't know either!" She was ordered to come here to do makeup for a woman. Even as the world's top makeup artist, she wasn't told anything else. She had a feeling their presence there was supposed to be confidential.

At this moment, Xie Zhenzhong came over and said very politely, "Miss Misha, welcome. I am Xie Zhenzhong, in charge of receiving all of you. Please follow me!"

Misha and the other two nodded and did not say anything more. They followed Xie Zhenzhong directly. Misha had climbed up from a mere makeup artist assistant to the chief makeup artist. Other than her excellent makeup skills, she was also very good at reading people. She would never say anything that she shouldn't say, and she would never ask anything that she shouldn't ask!

From Xie Zhenzhong's introduction, it could be understood that these people did not want them to know where they were. They only needed to do their job well.

Xie Zhenzhong brought the three of them to the Xiao family home very quickly. The Xiao family had also woken up early for the wedding

When Mother Xiao saw Xie Zhenzhong bring the three beautiful and fashionable men and women home, her expression was filled with confusion.

Mother Xiao asked, "Zhenzhong, who are these?"

Xie Zhenzhong said, "Auntie, this is Misha. She is the makeup artist our boss has hired for Miss Xiao. These two are her assistants." Then, Xie Zhenzhong continued to introduce them, "Misha, this auntie is the bride's mother. You can call her Auntie Chen.

When Misha saw how respectful Xie Zhenzhong was to Mother Xiao, she quickly became polite as she introduced herself. "Auntie Chen. Hello. I'm Misha." She extended her fair, beautiful, and slender hand. She wanted to shake Mother Xiao's hand.

Mother Xiao was impressed by the beauty of Misha's hand. It was like porcelain. Mother Xiao quickly wiped her hands on her apron. When Misha and her assistants saw this, the two assistants' eyes furrowed. They saw the stains on Mother Xiao's apron. Then, they looked at Mother Xiao with disdain and contempt in their eyes.

'A country bumpkin will always be a country bumpkin. How dirty!'

As for Misha, her expression didn't change. She still had a smile on her face, and she didn't retract her hand.

Xie Zhenzhong, who was beside them, had been paying attention to the changes in their expressions. Then, a bright light flashed in his eyes.

When his gaze swept over the two assistants, the corner of his mouth revealed a faint trace of sarcasm. The boss doesn't even dare to mind Auntie Chen. Who are you two? How dare you look down on Auntie Chen?'

Xie Zhenzhong knew that these two were destined to be assistants forever.

Mother Xiao liked this beautiful and polite girl very much. She stretched out her hand and said with a smile, "Hello, Misha."

After shaking her hand, Mother Xiao said with a smile, "Misha, you must be tired after coming all the way here. Take a rest. I'll go and make some food for you."

Misha shook her head and said, "Auntie, I want to meet the bride first. Then, we can come up with the most suitable style."

Mother Xiao waved her hand with a smile and said, "Nothing is more important than food. You came here before dawn, so you must be hungry. You have to eat to have the strength to work, right?"

Misha was hesitant. In their line of work, the design was very important. For every individual, they had to design the most suitable makeup. The most successful design was to make the person feel stunning and comfortable. This required vision, brainpower, and excellent taste. It also took time to design the most suitable makeup.

However, she was indeed a little hungry.

At this moment, Misha's female assistant, Julie, rushed in and said, "Auntie, Misha needs time to design her makeup. Besides, Misha only eats Western food and isn't used to Chinese food at all."

Her tone was quite polite. However, from her tone, one could hear her disdain and contempt for Mother Xiao.

Mother Xiao's expression immediately became a little awkward.

Julie's meaning was very clear. They didn't care about eating breakfast here at all.

Xie Zhenzhong's eyes flashed with a fierce light as he cursed inwardly, 'You people are really courting death!'

From the corner of her eyes, Misha noticed Xie Zhenzhong's expression beside her. When she saw the awkward expression on Mother Xiao's face, she thought to herself, 'This is not good!' She immediately smiled and said, "Auntie, we've been on the plane all the way here. We didn't eat much on the plane, so we were really hungry. Then, I'll have to trouble you to make some food for us."

Mother Xiao nodded with a smile and said, "Okay, you guys sit here and wait for a while. I'll make noodles, and it'll be done soon."

Julie wanted to say something else, but Misha nodded and said, "Thank you, Auntie."

After Mother Xiao left, Julie spoke to Misha in the language of Country L. She was asking why Misha agreed to eat the dirty things cooked by a countrywoman? She didn't care about Xie Zhenzhong at all. She assumed he didn't understand their language.

Misha was a cautious person. She had been paying attention to Xie Zhenzhong's expression. When she saw his dissatisfied expression, she immediately reminded Julie. But Julie didn't care. She continued to criticize everything

Not long after, Xie Zhenzhong left. Then, two men in black arrived. Before Misha and the others could react, one of the men in black covered Julie's mouth, and the other took her away. Misha and Kairen were so frightened that their faces turned pale.

Xie Zhenzhong came out at this time and comforted them with a smile. He said in the language of Country L, "Miss Misha, don't be afraid. Our boss feels that a person who is picky and disdains her employer cannot serve her employer well. Therefore, we'll have to ask Miss Julie to leave first. I hope Miss Mischa won't mind!"

Hearing Xie Zhenzhong speaking in their language, Julie, who had her mouth covered, immediately widened her beautiful eyes.

Misha finally recovered from her shock.

She nodded and then promised, "Don't worry. I will definitely design good makeup for the bride and make her the most beautiful bride in the world."

Xie Zhenzhong nodded and said, "Then, we will look forward to the most beautiful madam today."

Then, his expression changed as he ordered the other two men in black coldly, "Take her away! Even our boss doesn't dare to be picky with his mother-in-law. But she has said so many horrible things about Auntie Chen. Such people have to be taught a lesson."

Julie's face drained of blood. Her expression was full of fear. Then, she looked at Misha and Kairen, asking for help.

Misha and Kairen could only lower their heads and pretend not to see it.

Julie's eyes revealed a look of fear and resentment.

Then, she was quickly taken away.

Julie was taken away from the living room. At this moment, there were only a few of them in the living room.

Although there were people working in the courtyard, the two men in black used a very sneaky method to escort Julie out. Therefore, Julie's departure did not cause much of a stir.

However, when Mother Xiao came out with noodles and saw that there was one person missing, she asked with some doubt, "Huh? Where is the other lady?"

Xie Zhenzhong immediately smiled and said, "Auntie, that lady had something urgent to do and left in a hurry."

Then, he stared at Mother Xiao's bowl and asked, "Auntie, this means there's an extra bowl, right? Let me eat it!"

Mother Xiao was immediately amused and said with a smile, "You're really like a child. Do you think I didn't make a bowl for you?"

Xie Zhenzhong's eyes lit up, and he immediately said happily, "Thank you, Auntie!"

Then, without waiting for Mother Xiao's instructions, he ran into the kitchen. A moment later, he came out with a big bowl of noodles. With a few slurps, he finished the bowl.

Misha and Kairen were dumbfounded. 'How long hasn't this Mr. Xie eaten already?'

After Xie Zhenzhong finished eating the noodles, he noticed Misha and Kairen's strange gazes. He looked embarrassed and then grumbled, "Are you going to eat? If not, I'll finish them for you. Don't worry, Auntie's noodles are better than the ones you have in Country L."

Mother Xiao brought Misha her bowl of noodles. "Miss Misha, please have a taste." Then, she turned around to carry another bowl.

Xie Zhenzhong immediately said, "Auntie, let me help you!" This meant that he could sneak a few more bites. He was full, but he always had more space for Mother Xiao's cooking.

Mother Xiao knew about the size of Xie Zhenzhong's appetite, so she did cook extra for him.

Misha and Kairen could smell the fragrance of the noodles from afar.

Although the noodles were cooked simply with clear broth and some scallions, the fragrance was overflowing.

Therefore, when they saw the noodles, they couldn't help but swallow their saliva.

It was too fragrant.

Misha couldn't wait to have a bite.

She picked a noodle up and tried it.

"Wow, it's so fragrant," Misha exclaimed.

This caused Kairen beside her to grab his chopsticks too.

Then, Misha didn't care about her usual ladylike image and started eating in big mouthfuls. Kairen, who was beside her, was stunned.

Mother Xiao hadn't served him his bowl yet.

"Here, your noodles are here!" Xie Zhenzhong finally brought Kairen his bowl. When Kairen looked into his bowl, he didn't know what to

say.

There was only some broth left in the bowl and two strings of noodles. What was he supposed to eat?

The culprit, Xie Zhenzhong, did not feel embarrassed at all.

He smiled and said, "I remember that you guys don't like to eat Chinese noodles, so I helped you eat them. It's not good to waste food."

Kairen, "..."

### **Chapter 476 Wedding Dress**

When Mother Xiao saw the bowl served to Kairen, the corner of her mouth twitched. She quickly said, "Kairen, Auntie will get you another bowl. Just wait here for a while. It won't take long."

Kairen's eyes immediately lit up. He looked very happy and said, "Thank you, Auntie!"

After what happened to Julie, Kairen no longer dared to be disrespectful to Mother Xiao. At the same time, he sighed in his heart. 'No wonder Misha is the chief designer, and we're just her assistants. We don't even know the dangers of the world.'

Ever since Misha got off the plane, her expression didn't change. She looked at everything around her, and she smiled politely at the middle-aged woman who looked dirty in their eyes.

Julie was too big of a fool to realize she had offended someone she shouldn't. She probably wouldn't be seen in the circle anymore.

Kairen swore that he would learn from Misha. Doing makeup was important, but so was reading the people around them.

Mother Xiao came out with a replacement bowl. She whipped up the new bowl very quickly.

Seeing Mother Xiao, Kairen stood up and impatiently took the noodles from Mother Xiao's hands. He did not forget to say politely, "Thank you, Auntie!"

After he sat down, he couldn't wait to take a sip of the soup. The soup was hot and fragrant. As soon as it entered his mouth, the unique fragrance filled his entire mouth.

Then, he sighed softly and said, "Ah, it's really delicious. I have no idea Chinese food is so delicious." Then, he focused on eating again.

However, he and Misha were used to using knives and forks. They were not used to chopsticks. The struggle was real.

It was not that bad for Kairen. He was a man. He dropped the chopsticks and picked up the bowl to drink directly from it.

The corners of Mother Xiao and Xie Zhenzhong's mouths kept twitching. They could have asked for a spoon...

Misha was more reserved because she was a woman. However, the noodles were too delicious. She drank the soup and then tried to get the noodles with the chopsticks. She stirred for a long time but only got a few strands.

Mother Xiao went to the kitchen and found two spoons. The breakfast went much better after that.

After eating the noodles, Misha touched her stomach with a blush. This was the first time she had eaten so much since she became a chief designer. She often served nobles, so she needed to keep a certain image too. To maintain her figure, she was often on a diet. However, she had already eaten her fill before she realized it.

Mother Xiao smiled as she saw this. "Miss Misha, Mr. Kairen, are you full?"

"Yes. Thank you, Auntie!" The two of them thanked her somewhat embarrassedly. Misha smiled and praised, "Auntie, your noodles are really delicious. No wonder Mr. Xie sneaked the noodles away from Kairen."

Xie Zhenzhong smiled and said, "Miss Misha, Auntie doesn't only cook a mean bowl of noodles. Her cooking skill is amazing."

Misha's eyes lit up, and she said with great interest, "Oh, really? Auntie, can I stay and have a taste of them?"

As a world-class chief makeup artist, she was very busy. There were many people waiting for her every day. Her mission was to do the makeup for Mr. Gong's bride. Then she would fly to another county. There was no time to stay.

However, this small village had something that deeply attracted her taste buds.

Mother Xiao said cheerfully, "Of course!" Mother Xiao asked, "What kind of dish do you like? I'll make them for you." But then she thought of something and said with an apologetic expression on her face, "I'm sorry, Miss Misha. Today is my daughter's wedding day. I'm afraid I don't have time to make food for you today. How about tomorrow?"

Misha's mind also quickly calmed down. She didn't come here for food but for a mission. She almost forgot about her official business because of food.

Misha said with a smile, "That will be perfect. Auntie, we're here today to do the bride's makeup and make her the most beautiful bride in the world.

"I don't dare to forget my mission, or Mr. Gong might not be happy."

Mother Xiao liked this foreign girl very much. She smiled and said, "Alright, wait here for a while. I'll go wake up my daughter now." After saying that, she went straight to Xiao Lingyu's room and knocked on the door.

Strangely enough, Xiao Lingyu didn't feel nervous even though it was her big day. She slept very soundly.

Xiao Lingyu rubbed her clear eyes and saw mother Xiao standing outside the door. She called out in confusion, "Mom, it's so early! What's wrong?"

When Mother Xiao saw this, she was angry. "Today is your wedding day! Have you forgotten that?"

When it was Mother Xiao's wedding day, she couldn't sleep at all. When it was dawn, there were dark circles in her eyes.

Her mother looked at the dark circles in her eyes and felt that it was really inappropriate. She boiled an egg and rolled it on her eyelids twice before the dark circles disappeared.

Her daughter, on the other hand, had no jitters at all. Then again, the Xiao Family was also quite thankful because they didn't want the rampaging emotions to affect the child either.

Xiao Lingyu rubbed her eyes and said calmly, "I remember." At this point, she made a yawn. She asked doubtfully, "Mom, why did you wake me up so early? Is there something wrong? I'm so sleepy. I want to sleep for a while more."

"..." Mother Xiao was really worried for nothing.

Mother Xiao said unhappily, "How can you keep on sleeping? Get up and wash your face. The makeup artist hired by Tianhao is already waiting in the living room. You need to work with them after you finish breakfast."

Normally, the bride at Taoyuan Village couldn't eat on their wedding day. They would eat at their in-law's place after they got married.

However, Xiao Lingyu was a special case. She was pregnant so she didn't need to follow these rules.

In any case, as the world became more modern, some of the obsolete rules also got eliminated.

Xiao Lingyu was stunned. "A makeup artist?"

Mother Xiao looked at Xiao Lingyu suspiciously and said, "Today, you're getting married. Don't you need to wear makeup?"

Xiao Lingyu reacted and said, "But I'm still pregnant." She was worried that the makeup would hurt the baby.

Mother Xiao rolled her eyes and said unhappily, "You're a university student, but you know less than a rural woman like your mother.

"So what if you are pregnant? It's not like you have to put on makeup every day. Today is a special day. Besides, Tianhao must have thought about this when he invited people over. He wouldn't hire people who would harm you, right?"

Xiao Lingyu patted her head and said with a smile, "Mom is right." After she got pregnant, her brain slowed down. She felt that she was becoming more and more naive.

Mother Xiao patted her head lightly and said with a smile, "Alright, go out and wash up when you wake up."

Xiao Lingyu followed her out.

However, when Mother Xiao went out, she saw a few strangers in the living room.

Two tall and beautiful women were carefully holding a white wedding dress. On the collar of the wedding dress, there were many sparkling and translucent white diamonds. Each of them was six carats, but the diamond on the chest was at least 18 carats.

There were strings of large white pearls on the hem of the dress.

Each large pearl was round and sparkling.

Every part of this wedding dress was meticulously designed by top designers. Everything here was extremely expensive.

The estimated value of this wedding dress was more than 300 million.

Therefore, the two women held the wedding dress carefully, afraid that it would be damaged. They wouldn't be able to afford it even if they just damaged a small part.

Of course, at this moment, Mother Xiao didn't know the value of this wedding dress. She just looked at Xie Zhenzhong and asked with some doubt, "Zhenzhong, what is this?"

Xie Zhenzhong smiled and said, "Auntie, this is the wedding dress for the madam. Of course, the bride has to wear a wedding dress on her wedding day."

Mother Xiao's eyes lit up, and she praised sincerely, "This wedding dress is really beautiful. It's even more beautiful than the ones I saw on TV."

According to tradition, it was more auspicious to choose red as the main color for a rural wedding

However, Mother Xiao was not a conservative person. She had seen people wearing white wedding dresses on TV. At first, she did not understand, but later she learned that wearing white represented the sanctity and purity of love.

Xie Zhenzhong explained, "Originally, our boss wanted to get a Chinese-style wedding dress, but it is not suitable for Madam. So he hired someone to design this wedding dress."

A Chinese cheongsam was very body-hugging. Not every woman was suitable to wear a Chinese-style wedding dress.

Moreover, Xiao Lingyu was pregnant with a round belly. She wouldn't fit into a cheongsam. Who wouldn't want their wedding day to be memorable?

With a good design, the western wedding dress could cover up the big belly. She would still be the most dazzling and beautiful bride.

Mother Xiao did not understand these things, but she was glad that Gong Tianhao was so concerned about her daughter. She smiled and said, "Tianhao, this child is really thoughtful."

Then, she urged Xiao Lingyu, "Why are you still in a daze? Hurry up and wash up."

Of course, Xiao Lingyu was shocked by this wedding dress. Unlike her mother, Xiao Lingyu knew the value of this dress. In her previous life, she worked hard in the workplace and had seen many top-notch things in the fashion industry.

The diamonds, the pearls, and the fabric and handmade wedding dress were all priceless.

Based on the memories she had seen in her previous life, she estimated the value of these things, and her eyes suddenly widened.

'Oh My God, this wedding dress is worth at least 300 million.'

Only then did Xiao Lingyu realize that the person she was going to marry was a world-class wealthy man.

Xiao Lingyu's heart suddenly pounded.

### **Chapter 477 Charm**

"Yu 'Er, you should try on this wedding dress!"

Mother Xiao did not even dare to touch the beautiful white wedding dress when she saw it. Then, she realized her daughter was going to be wearing it, so she tentatively reached out to touch it.

Then, she smiled and said, "The fabric of this wedding dress is really exquisite. It's really comfortable to the touch."

Mother Xiao didn't hear anything from Xiao Lingyu. She was puzzled, so she turned around.

Xiao Lingyu's eyes were shining, and her face was slightly red. There was a faint hint of excitement on her face.

Mother Xiao thought to herself, 'Is the importance of the day finally dawning on her?' Xiao Lingyu had been very calm and collected. It made the others wonder if she knew she was getting married or not.

Even when she went to knock on Xiao Lingyu's door earlier, she was still very lazy. Mother Xiao had to question if her daughter was alright.

To most women, they would only get married once in their lives. Hence, they placed a lot of importance on the wedding, especially the wedding dress.

They would only wear it once in their lives. So it would have to be unforgettable.

Xiao Lingyu naturally wanted an unforgettable wedding too. Gong Tianhao had told Xiao Lingyu to leave all the wedding matters to him. She just needed to wait patiently to be the bride.

But Xiao Lingyu did not expect Gong Tianhao to put in so much effort.

The wedding dress was so luxurious and noble. It was worth more than 300 million.

Xiao Lingyu was silent when she saw the wedding dress.

This was Misha's first time meeting the bride. When she landed, she noticed they were in the countryside, so she guessed the bride was a country girl. At the same time, she muttered internally, 'Why would Mr. Gong marry a country girl?' When Xiao Lingyu appeared, Misha's eyes immediately lit up. 'Is this the bride?'

Even though Xiao Lingyu was not divinely beautiful, she was very fair and had flawless skin. She had a faint elegance. This was a temperament a country girl shouldn't have.

Xiao Lingyu's makeup was the easiest and hardest to design.

The easiest because she was suitable for every kind of makeup. The hardest because the makeup had to bring out her natural temperament.

This woman was beautiful and pure, noble and fresh at the same time. These unique temperaments were something she had never seen on the rich socialites.

Therefore, this mission was a challenge and an opportunity. Although she was already a world-class makeup designer, she wanted to be a designer with a creative and unique style. She wanted to create a different style of design in the industry. This way, she would not lose her position as the chief designer. Otherwise, she would soon be replaced by someone who came later.

“Hello, Madam!” Misha suppressed her excitement and greeted Xiao Lingyu politely.

Xiao Lingyu looked at the woman and asked, “I’m sorry. You are?”

At this moment, Mother Xiao said, “Yu ‘Er, this is Misha. She is the makeup artist that Tianhao has invited over to help you with your makeup.”

Xiao Lingyu nodded and said, “Hello, Misha!”

Misha stared at Xiao Lingyu’s face and said, “Madam, you are really beautiful, a natural beauty at that!”

It was not easy to see such a beautiful and pure woman when plastic surgery was everywhere.

Xiao Lingyu smiled and said, “Thank you for the compliment! Miss Misha, you are also very beautiful!”

Mother Xiao urged, “Alright, Yu ‘Er, hurry up and wash up. Then, eat something. I’ll give you a bowl of noodles. Then, try on the wedding dress and put on the makeup.”

Xiao Lingyu, “...”

Everyone, “...”

Xiao Lingyu turned around and went to wash up. It was her wedding day so it was going to be a tiresome morning.

Mother Xiao looked at the two ladies who had been carefully hugging the wedding dress. She hesitated before saying, “Ladies, I’m sure you haven’t had breakfast. Why don’t you put down the wedding dress and have some breakfast first.”

One of the tall and beautiful ladies shook her head and said, “Auntie, we ate some bread when we came here. We’re not hungry.” Their hunger was not important. Most importantly, they could not just leave the wedding dress lying around. If they accidentally ruined it, they would not be able to afford it. Therefore, before the bride put on the wedding dress, it was better to hold it in their hands.

By then, Mother Xiao knew that this wedding dress was definitely different. Otherwise, these two girls would not have been so careful.

Mother Xiao did not try to persuade them anymore. They were just doing their job. Plus, her daughter would put on the wedding dress soon. The two ladies could eat then.

Anyway, it was still early. It was not even half-past five.

Xiao Lingyu was wearing an ordinary maternity dress. She did not pay much attention to her image since there were outsiders.

A moment later, Xiao Lingyu came out again.

**lon**

**came**

Mother Xiao had already brought out the noodles and placed them on the table.

Even though Mischa and Kairen had already eaten, when they saw the clear broth noodles on the table, they could not help but swallow their saliva. The noodles were really delicious.

However, their stomachs and their time were limited. They did not have the chance to eat more.

When Mother Xiao came out with the noodles, the fragrance drifted to the two women holding the gown. They sniffed. Their mouths watered. They really wanted to eat.

However...

They looked at the wedding gowns in their hands and still felt that it was more important to handle the wedding gowns first.

After the bride put on the wedding dress, they might be able to have a bite.

Just as Xiao Lingyu was eating her noodles, another person was brought in.

Mother Xiao saw another tall and beautiful woman, and her eyes immediately lit up. She looked at Xie Zhenzhong and asked, "Zhenzhong, who is this?"

Xie Zhenzhong introduced, "This is the designer of the wedding dress, Zulanda."

Zulanda did not wait for Xie Zhenzhong to finish his introduction. She immediately said in a lively and enthusiastic manner, "Hello, Auntie. I'm Zulanda. Aunty, you're really beautiful! Your facial features are good, and your skin is also good. You're the most elegant woman I've ever seen."

Mother Xiao, "..."

Everyone, "..."

Xiao Lingyu, who had just finished her breakfast, "... So this is the designer of the dressing. She is really passionate.

The corner of Xie Zhenzhong's mouth twitched as he thought to himself, 'This Zulanda really knows how to talk to people. Look at how happy Auntie Chen is.'

Mother Xiao was really happy. To be honest, any woman would like to be praised.

Moreover, Mother Xiao was indeed very beautiful when she was young. She had thin eyebrows, big eyes, and fair skin.

She was now a middle-aged woman. She was tall and slender. Her skin was fair, and her beauty had not faded. Other than some traces of age, she was really beautiful for a rural woman. Mother Xiao was in her fifties, but she looked like she was only in her thirties, and that was without makeup. With a few touch up, she would look more like the noblewoman than most of them did.

Mother Xiao said happily, "Your mouth is so sweet. It's like you've smeared honey on it."

"Auntie, I'm telling you the truth. You're really the most elegant woman I've ever met."

Xie Zhenzhong curled his lips and thought, 'I've heard this so many times from Zulanda already.' Regardless, Mother Xiao was really happy.

Mother Xiao smiled and said, "Child, have you eaten breakfast? There are noodles in the kitchen. I can serve you a bowl."

Zulanda shook his head and said, "Auntie, I want to see the bride Mr. Gong adores in the wedding dress. I want to see if there's anything that needs to be altered."

Mother Xiao smiled happily and said, "You're amazing. The wedding dress is really beautiful."

"Auntie, the wedding dress is beautiful, but its purpose is to make the wearer even more beautiful. I designed the dress based on the bride. It's because she's beautiful that the dress is beautiful."

The sweet words made the corner of everyone's mouth twitch.

But Mother Xiao was very happy. These were praises for her daughter. It had to be said that this designer was very good at talking.

Mother Xiao smiled and said, "Your mouth is really sweet." Then, she turned to Xiao Lingyu, who was still sitting at the dining table and said, "Yu 'Er, since you're done eating, hurry up and try on the wedding dress. Then, we'll see if Miss. Zu..."

"Zulanda!" Zulanda added.

"If Miss Zulanda needs to alter anything..." Mother Xiao said.

Zulanda noticed Xiao Lingyu, and her eyes lit up. Her attitude became even more cordial, "Oh my God, are you an angel? I can't believe I see such a pure and flawless bride."

Everyone's lips twitched again. Zulanda moved towards Xiao Lingyu. She pulled on her hands and looked at her up and down. Then, she exclaimed, "Oh, my God, you are an angel, so beautiful, so pure, so charming. No wonder Mr. Gong has fallen for you. Mr. Gong is so lucky to have such a beautiful angel as you as his wife."

Xiao Lingyu blushed.

Ever since she got pregnant, her weight has skyrocketed, no matter how much she controls her diet.

Her face was chubby, and her body was large. She was a far cry from the beautiful angel that Zulanda spoke of.

Xiao Lingyu blushed and said with a smile, "Miss Zulanda, you flatter me. I'm just an ordinary girl."

"No, no," Zulanda's fingers swept over her lips and said, "You're like an unpolished diamond. With the right polish, you'll shine."

She was telling the truth. Xiao Lingyu had a good facial structure, and her skin was fair. Even when she had no makeup on, her skin was very good. So after she put on the right makeup, she would definitely be stunning and devastatingly beautiful.

What could Xiao Lingyu say? So she silently accepted the praise.

Zulanda took the wedding dress and compared it to Xiao Lingyu's frame. Then, she snapped her finger and told her two assistants. "Go and help the bride change into her dress."

The two assistants were led by Mother Xiao to help Xiao Lingyu.

### **Chapter 478 Stunning**

When Xiao Lingyu walked out after changing into her wedding dress, everyone present was stunned.

She was really too beautiful!

The dress was specifically designed for Xiao Lingyu, so they had taken her pregnant belly into consideration.

The design of the wedding dress was fluffy from the chest down. This way, it was impossible to tell that Xiao Lingyu was pregnant.

Xiao Lingyu, who was not wearing any makeup, looked very beautiful under the illumination of the lights.

She changed into a wedding dress that was tailor-made for her. Her silky black hair flowed elegantly, and the pure white wedding dress made her skin look fairer and more translucent. Under the effect of the bright lights, there was a hint of white light. It was holy, peaceful, and beautiful.

Her slightly rounded face looked more kind and gentle.

"Oh, my God, it's so beautiful." Zulanda could not help but exclaim in surprise, "I knew I was right. I knew the madam would look gorgeous in the dress. You're the angel from my imagination."

"Oh, my God," Misha exclaimed, "Madam, I don't think you have any use for me. You don't even need to put on makeup. The dress is enough to make you look stunning."

When she first saw Xiao Lingyu, she only thought that she was just an ordinary beauty. However, she soon realized that this woman was the type that looked more beautiful and more comfortable the more you looked at her. She now understood why the heartless business emperor would fall for her.

As the only man present, Xie Zhenzhong was listening to the praises with boredom. Zulanda's endless praise also caused his lips to twitch. He suspected they were saying these things because of the Boss.

Xiao Lingyu was pretty, but had they not seen prettier women? Xiao Lingyu might not even be prettier than some of them.

However, when he saw Xiao Lingyu come out in the wedding dress, Xie Zhenzhong's eyes flashed with surprise. He was so shocked that his mouth was wide open, and he almost drooled.

There was nothing he could do. It was a man's nature. The beauty had stunned him. Zulanda was not exaggerating.

Xiao Lingyu had a natural beauty. The wedding dress served to accentuate her beauty. Xiao Lingyu was beautiful and gorgeous without any makeup.

After some makeup, she would be amazing.

Luckily, Gong Tianhao wasn't there, or else he would be so jealous.

With a gasp, Zulanda walked forward. She walked around Xiao Lingyu and nodded. "Not bad. I didn't expect the dress would fit you so nicely." She paused for a moment and praised, "Mr. Gong's judgment is really accurate. How can he know your size so well?"

Xiao Lingyu's face was red already. After hearing what Zulanda said, she was even more embarrassed.

Xiao Lingyu collected her thoughts and said with a smile, "It's all thanks to your amazing wedding dress."

Zulanda smiled. "Your beauty has inspired me to design this dress, so you're still the biggest contributor to this whole success." Her designs always matched the wearer's appearance and temperament.

Seeing her daughter in the wedding dress, Mother Xiao was very excited. "Beautiful. I didn't think my daughter would be so beautiful in a wedding dress."

"Auntie, Madam is the most beautiful bride I've ever seen," Zulanda said sweetly. "To borrow a Chinese saying, Madam is a beauty which would obscure the moon and make flowers blush."

At this moment, Xie Zhenzhong came forward and said, "Zulanda, I didn't expect you to be so proficient in our language."

Zulanda said proudly, "Of course. I am proficient in eighteen languages."

Both Mother Xiao and Xiao Lingyu were surprised. Mother Xiao exclaimed, "You're amazing!" She gave her a thumbs up. Her Chinese wasn't that perfect, but Zulanda could speak 18 languages!

How did she manage it?

Misha and Kairen did hear that the master designer was a master linguist too.

Zulanda smiled, "If I have time, I can learn all the languages in the world."

She was very smart and had a talent for language. She could pick up a language very quickly. Whenever she stayed in a country for a period of time, she would learn the language. She was extremely talented.

Mother Xiao was really stunned.

She could not imagine someone understanding all the languages in the world.

Zulanda didn't continue on this topic. She turned to continue to praise Xiao Lingyu. She praised her with more Chinese sayings.

The appearance of a flower, face like the moon...

Rosy cheeks and almond eyes...

Xiao Lingyu was shocked by this foreign woman's proficiency in Chinese. However, her praises matched Xiao Lingyu's beauty too.

Her beauty had shocked everyone.

Xiao Lingyu was being praised so much that she had to wonder if they saw her as some kind of angel.

Under the bright lights, Xiao Lingyu's delicate facial features became more beautiful. Her fair skin was pinkish, and she had not applied any rouge.

At this moment, Misha seemed to be a little distressed as she said, "What should I do now?"

Xiao Lingyu was so beautiful that she didn't even need any makeup already. Instead, the thick layer of makeup would only cover up her natural beauty.

Everyone smiled when they saw Misha's troubled look.

Kairen said, "Misha, it looks like it's time to put your skills to the test."

Misha looked at Xiao Lingyu for a long time. She frowned slightly as if she was deep in thought.

Then, her eyes lit up. She immediately snapped her fingers and said with a smile, "I got it." Then, she called Kairen, "It's time to get to work."

Kairen immediately replied, "Okay!"

Then, he quickly turned around and carried the small box that he had brought with him.

Misha carried her own box and said with a smile, "Dear madam, let's go. We'll do your makeup now."

The group of people led Xiao Lingyu back to her room.

They helped Xiao Lingyu sit down at the dressing table. Misha opened her case and set up everything.

Misha gently traced Xiao Lingyu's eyebrows. Her willow-like eyebrows became even clearer. She traced her eyeliner and applied a little pink eye shadow. Then, she applied lipstick that was suitable for Xiao Lingyu.

As for powder or blush, there was no need.

Soon, a beauty appeared in the mirror.

Mother Xiao was speechless. No wonder the women on the TV liked to wear makeup so much. Makeup could make a big difference to a woman's face.

Mother Xiao said, "Misha, you are like a magician. With just a few strokes, Yu 'Er has changed fully."

Misha said with a smile, "Makeup is to help women look good. There are no ugly women, only lazy women in the world. As long as the woman takes time to study and learn, she'll be beautiful."

Zulanda chuckled. "But a makeup artist is really a magician. They can perform miracles."

Xiao Lingyu, "..."

Mother Xiao's eyes lit up when she heard this. She smiled and said, "Is it really that magical?"

“Of course!” Zulanda nodded.

At this moment, Kairen looked at Mother Xiao, and his eyes lit up. He immediately said, “Auntie, let me put on some makeup for you.”

The bride didn’t need much work, so as the assistant, he was quite free. Auntie Chen was the bride’s mother. She had a good foundation too. She would be pretty with some makeup.

Xiao Lingyu agreed, “That’s right, mom, let Kairen put on makeup for you too.”

Mother Xiao immediately waved her hand and rejected, “This... forget about it. I’m already so old, so why would I put on makeup? People will laugh.”

But honestly, she was intrigued. She wondered if makeup could really make someone beautiful.

Zulanda said, “Auntie, there is no age limitation for makeup. My grandma is 82, and she uses makeup daily. She says it’s because she wants to present her best self to others.”

Mother Xiao was dumbfounded. “An 82-year-old grandmother wearing makeup?” She had never heard of it before.

She had not heard of that before. She had only seen it on the television before. However, Mother Xiao thought that only happened on television. It was a required thing.

Zulanda nodded. “Yes. My grandma wears makeup every day and goes out to dance. She’s living a happy life.”

Kairen also put in a good word. “Auntie, you’re already beautiful. The makeup will accentuate your beauty even more. I dare say that you’ll definitely be even more beautiful than those people on TV.”

Mother Xiao was a little moved, but at the same time, she was a little hesitant.

The main reason was they were in the countryside. She hadn’t seen anyone her age walking around with makeup before. It would be so embarrassing!

Xiao Lingyu saw Mother Xiao’s expression in the mirror, and she knew her mother was interested. She was just a little embarrassed.

Xiao Lingyu chuckled and said, “Mom, let Kairen put on some makeup for you. Then, when you walk out, you’ll definitely stun Dad.

“Dad has always seen you as a beauty. Mom, don’t you want to see the shocked expression on his face when he sees you? If you don’t want to, I want to!”

Zulanda was very smart. She knew the right words to say. “Auntie, we’re going to make uncle’s jaw fall to the floor! Plus, your daughter is getting married. You want to receive the guests looking the most beautiful you can be, right?”

Mother Xiao was persuaded.

She said, “Okay, I’ll put on some makeup too.”

## Chapter 479 Wedding Venue

Gong Tianhao planned to hold a western-style wedding in Taoyuan Village.

Taoyuan Village was a remote place, but Gong Tianhao didn't want to mistreat Xiao Lingyu. He had ordered the best of everything in the world and transported them over by helicopter. The wedding venue was managed by a professional. The professional chose an empty spot near the drying field as the venue. The empty spot was part of the drying field, but the village didn't need such a large space, so it was left empty.

The space was covered in weeds and needed to be tidied up.

This was an easy problem to solve. Gong Tianhao hired the villagers, and they followed the professional's instructions. Since this was going to be a natural wedding, some of the wildflowers could be left behind. However, the messy weeds had to be cleared. With hundreds of villagers helping, the empty field was instantly cleared out.

Furthermore, when the villagers heard that the space was going to be used for a western wedding, they were excited. They had never attended a western wedding before.

Dazzling and beautiful flowers were flown in by Gong Tianhao from the famous manors in country L. The planner added balloons and streamers too. Soon, the venue was ready.

The villagers exclaimed, "It's so beautiful!"

Someone beside them echoed, "Yeah, it's really too beautiful. We've only seen western weddings on television. Now that I'm seeing it with my own eyes, it's really an eye-opener for me. They are more beautiful in real life."

The faces of those unmarried girls were even more envious.

Who wouldn't want a wedding that was unforgettable?

They also hoped that one day, they could get married like this.

To be honest, they had seen the cultural and traditional weddings at Taoyuan Village many times. They had grown tired of it. Of course, they also hoped that one day, their wedding would be different.

At the same time, these girls were even more envious of Xiao Lingyu.

In fact, Xiao Lingyu had always been the object of envy for these daughters since they were young. Xiao Lingyu was doted on by her parents. Her parents had never favored her younger brother because she was a girl. On the contrary, Xiao Lingyu's parents loved her a lot. Even her younger brother loved his sister very much.

The other girls were forced by their families to work after they finished junior high. They needed to work for the family. They were asked to save money for their brothers' dowry. Some of the girls were forced by their parents to marry before they were eighteen for the sake of the betrothal gifts. Of course, the betrothal gifts would be used as their brothers' dowry.

Some of the village girls went out to work, but they still had to send their wages back every month. In fact, some of the parents didn't want their daughters to get married so that they would get her monthly salary.

In the countryside, if a girl wasn't married after they were 20, they would be criticized. They would affect the reputation of their maiden family.

However, Xiao Lingyu didn't have that problem. Xiao Lingyu wanted to go to university, so her parents did everything they could to support her.

Xiao Lingyu started dating when she was fifteen, and she had no intention of getting married even when she was in her twenties. Her parents never urged her, giving her the greatest freedom.

Even when Xiao Lingyu came back from the big city and was pregnant with an unknown child, her parents didn't feel embarrassed. Instead, they protected her even more carefully.

The love that Xiao Zhengyang and Chen Qiuying had for Xiao Lingyu made all the girls in the village envious and jealous. But in the end, they could only sigh.

Why did their parents value sons so much more over daughters but the Xiao Family didn't have that mindset?

The Xiao family had two daughters now. Xiao Lingyu and Xiao Lingyun had grown up with the love and care of their families.

When Xiao Lingyun got married outside of Taoyuan Village, her parents and grandparents were so worried about her that they moved to accompany her.

Xiao Lingyun had given birth to two daughters. The whole Xiao Family doted on them like they were treasures.

The daughters of Taoyuan Village lamented why weren't they born into the Xiao Family.

Now that Xiao Lingyu had married so well, the girls were even more envious.

How could someone's life be so good? She was born into a loving family and now was going to marry into a wealthy family.

"How nice it'll be if this is my wedding when I get married?" A fifteen or sixteen-year-old girl looked at such a beautiful wedding venue with envy in her eyes.

"I want a wedding like this too," another girl next to her said with starry eyes, "Flowers, balloons, and streamers are floating in the air. It's even more beautiful than what we saw on TV."

"Yeah, this wedding venue is really beautiful. The groom is so rich and handsome. I really envy Sister Lingyu!" Another girl exclaimed with envy. "How can sister Lingyu be so capable? She's beautiful, well-educated, and now she's going to marry a rich man." The last point was the thing that made them envious the most. They grew up in Taoyuan Village, which was once the poorest village in the entire county.

They had lived a hard life since they were young. They ate plain rice and salted vegetables. All year round, apart from holidays, they didn't see any meat.

Even when there was meat, they had to give them to their brothers.

Therefore, ever since they were young, they had a wish. They wanted to find a good husband and a rich man.

However, marrying a rich man was easier said than done.

Many daughters had been married off already. How many of them found a rich husband? They still had to worry about their daily necessities. Having children made them even more frugal.

"After Sister Lingyu marries Young Master Gong, she'll be the mistress of the Gong Family." A young girl with two small braids and a red cloth said enviously, "The Gong family has many servants."

By now, the villagers knew that the only masters of the Gong Family were Old Master Gong and Gong Tianhao. The others were maids and servants. This showed how rich the Gong Family was.

"Yeah, that's true. I heard that the car driven by Mr. Yue, who serves Young Master Gong, is worth millions." Actually, the car was worth tens of millions. They didn't want to scare the villagers, so they told them a much lower price.

"They're so rich."

"That's right. Once Sister Lingyu marries into this family, she'll enjoy a good life!"

"Sister Lingyu is really lucky! She also has many friends who are rich!"

"Sister Lingyu is beautiful and educated. Her friends are naturally different."

Four to five young girls were chattering enviously at the side. Besides them, many people were busy.

Gong Tianhao did not help out. He just watched from the side for a moment and then frowned.

Why?

Because he was not satisfied. He felt like something was missing.

Then, when he saw the rumbling plane above his head, his eyes lit up.

Then, he took out his phone and made a call. After giving a few instructions on the phone, he hung up.

When he hung up the phone, he slightly lowered his head and met Xiao Xiaohui and his little friends' sparkling eyes. The corners of his mouth twitched.

Then, Gong Tian reached out his hand and stroked Xiao Xiaohui's fluffy little head. He asked with a smile, "Little Loach, what's up?"

Xiao Xiaohui said with some dissatisfaction, "Big brother-in-law, today is your wedding day. You can't call me by my nickname. You should call me by my name. Little Loach doesn't sound nice on this happy day."

At this time, Xiao Baozi immediately said, "Little Loach, just now you called me Little Bun. Why can't big brother-in-law call you Little Loach?"

What could Little Loach do when his friends sabotage him?

Xiao Xiaohui glared at Xiao Baozi with his small eyes and said somewhat angrily, "I'm your good friend. I call you by your nickname so that we can be closer. But big brother-in-law is different."

Before Xiao Xiaohui could finish, Xiao Baozi curled his lips and said, "Your big brother-in-law will be closer to you by calling you by your nickname too."

Gong Tianhao, "..."

Xiao Xiaohui, "..."

Little Loach was tired and didn't want to deal with him.

He looked at Gong Tianhao with his bright eyes and said with a smile, "Big brother-in-law, you and big sister are getting married today. Will we get angpao?"

When there was a wedding banquet, the children would get angpaos. So naturally, these brats were most concerned about that.

The corners of Gong Tianhao's mouth twitched. 'So this is the real purpose.'

Gong Tianhao stroked his furry little head and asked with a smile, "Little Loach, what do you think?"

Old Master Gong had already asked about some of the rules in Taoyuan Village.

The Gong family naturally didn't want to look down on the villagers of the Peach Blossom Village. There were some rules that they would definitely abide by.

For example, all the children attending the banquet would receive an angpao. Xiao Xiaohui patted Gong Tianhao's hand and said unhappily, "Big brother-in-law, stop rubbing my hair. You're messing it up. I woke up early in the morning to comb my hair to appear handsome at Big Sister's wedding. I even used some of my mom's hair gel."

Gong Tianhao looked at Xiao Xiaohui, and the corner of his mouth twitched again. Then, he said in amusement, "You've used hair gel. No wonder it's so hard to mess it up." He tussled Xiao Xiaohui's head again.

Xiao Xiaohui, "..."

His friends, "..."

Xiao Xiaohui was so pitiful. His beautiful hairstyle was messed up so badly.

Xiao Xiaohui rolled his eyes and said helplessly, "Big brother-in-law, you're so childish!"

Gong Tianhao, "... Damn Brat, who is the childish one?"

When Gong Tianhao saw a group of people coming to look for him, he smiled and said, "Someone is here for me. I'm busy now. You all can go and play." Xiao Xiaohui couldn't give up since his goal hadn't been achieved.

He asked again, "Big brother-in-law, you haven't told us yet. Will we get any angpaos today?"

In any case, to the children, getting angpaos was the happiest thing.

Gong Tianhao laughed and asked, "What do you think?"

Gong Tianhao left, leaving behind a group of slightly depressed but still very curious children.

"Little Loach, so, do you think we'll get any angpaos today?" Xiao Yueya asked in puzzlement.

Xiao Xiaohui blushed slightly and said with certainty, "Humph, we will definitely get angpaos."

### **Chapter 480 Fairy**

"Wow, Auntie, my taste is as good as ever. You are really beautiful! You're the kind of beauty who has a natural elegance!" Zulanda praised. "Indeed, like mother, like daughter. Auntie is so beautiful. No wonder you can give birth to a beautiful and outstanding daughter."

She was a little surprised in her heart, 'Even though they are from the countryside, they are naturally beautiful. Even in the big city, they'll stand out.'

Mother Xiao's skin was fair, and her figure was tall. She had delicate facial features that were very similar to Xiao Lingyu's. Furthermore, she had been using the spring water for a long time. The cleansing effect was clear. Her skin looked fair and tender, comparable to a teenage girl.

Xiao Lingyu looked at Mother Xiao and covered her mouth as she laughed. "Mom, when you go out, you'll charm dad so much that he will be so lost."

Father Xiao treasured his wife a lot. Even before drinking the spring water, every time her father saw her mother, his eyes would light up.

Being teased by her daughter, Mother Xiao's face instantly turned slightly red. She glanced at her daughter embarrassedly and said unpleasantly, "Your father and I have been married for decades already. We're already sick of each other. He'll not be charmed by

me."

Zulanda interrupted with a smile, "Auntie, you must have a good relationship with uncle. For a loving couple, no matter how long it has been, the other person will always be handsome and beautiful in the other's eyes."

Misha had just finished fixing Xiao Lingyu's hair. She studied Xiao Lingyu, who looked like a fairy. She snapped her fingers and said excitedly, "Perfect, done!"

Xiao Lingyu had a good foundation. She did not need to put on heavy makeup at all. She only needed to put on some light makeup.

The rest turned to Xiao Lingyu. They were stunned. She was too beautiful!

Xiao Lingyu didn't wear any expensive jewelry. She only wore a white rose garland.

The white garland combined with her delicate facial features, fair skin, and white wedding dress turned her into a flower fairy.

"Wow. You're so beautiful!" Even Zulanda was impressed. "You're the most beautiful muse!"

Misha nodded. "I agree with you, Zulanda. She is the most beautiful client I've worked on. She is like Venus."

The other women also nodded in agreement.

Mother Xiao did not understand what these people were saying about Venus. But she was shocked by her daughter's beauty.

Zulanda praised for a while, then teased, "Madam, your mother will charm your father. And today, you'll charm your husband too."

Xiao Lingyu's face immediately turned red again. Then she said, "Zulanda, you're such a joker!"

Ever since Zulanda came, she had been heaping on the praises. Xiao Lingyu even wondered if all designers were so eloquent.

Zulanda looked at her watch and immediately made a decision, "Madam, I've decided to stay and attend the wedding. I want to witness how that cold and heartless man will be charmed until his head spins."

Misha was a little regretful. She said, "Although I also want to stay, unfortunately, I've already made an appointment with a client. I can't miss it!"

If she had known earlier, she would have turned down the appointment. But she couldn't do anything about it. In her circle, she couldn't break her promise. Otherwise, her reputation would suffer. Her next client was also very rich and noble!

Zulanda expressed her regret. "Misha, that's a real shame. But don't worry, I'll take a video of the wedding and send it to you."

Misha's eyes lit up, and she said, "Well, that would be great!" She covered her mouth and said, "Actually, I just want to see Mr. Gong's infatuated look when he sees the bride."

Zulanda nodded. "We have the same goal then."

Xiao Lingyu, "... " Is it really alright for you guys to directly discuss this in front of me?

Xiao Lingyu curled her lips and said with some amusement, "Is seeing that sight that interesting?"

"Of course!" Zulanda and Misha said at the same time.

Xiao Lingyu was speechless. What could she say?

At this moment, the other women of the Xiao family walked over. They wanted to see Xiao Lingyu as the bride.

Xiao Lingyun brought her two children over. At the door, she noticed a few foreign women dressed fashionably and couldn't help but stare at them a few more times.

When those people noticed Xiao Lingyun, they all smiled politely. Other than Julie, the others who came were all professionals.

"Mommy, these two sisters are really beautiful!" Rourou and Lulu said with wide and curious eyes. Today was their aunt's wedding day, so the two little babies were also very excited.

When they woke up that morning, they put on the most beautiful clothes that they usually couldn't bear to wear.

Xiao Lingyun nodded to the two assistants of Zulanda. She told her two daughters. "Come and greet the two beautiful sisters."

"Hello, Big Sisters!" Rourou and Lulu greeted politely.

The two assistants nodded politely, squatted down slightly, touched their heads and faces, and said with a smile, "Babies, you're both beautiful and cute!"

Rourou and Lulu no longer looked sallow and skinny. They had been fed well. They also grew a lot taller. Previously, they looked three when they were actually five. Now, they looked taller than five.

Rourou and Lulu also said politely, "Sisters, you are very beautiful too. You smile so well too!"

The two assistants smiled happily and said, "You kids are so nice!" One of them looked inside and said to the two children, "My two babies, let me tell you, there's a fairy living here. Do you believe it?"

When the two children heard this, they immediately asked in a puzzled and naive manner, "Fairy? But isn't this room aunt's?" The children couldn't understand the analogy between the adults.

The two assistants smiled and pointed inside. They said mysteriously, "You should go in and meet the fairy."

Then, the two babies ran into the room curiously.

"Second Grandma!" As soon as they ran into the room, the two children saw Mother Xiao and greeted her politely.

Then, the two little babies walked around the house and saw two strange and beautiful aunts and a handsome man.

Facing the strangers, the two of them were still a little timid, and their small eyes showed a hint of weakness and pity.

However, Zulanda was fascinated by the two little babies, and her eyes immediately lit up.

"Oh, God! Let me see the two cute little angels!" Zulanda couldn't help but hug the two little babies.

The expressions of the two children immediately changed. They looked a little scared and wanted to cry.

Lulu was bolder. She asked curiously, "Auntie, are you a fairy?"

"Auntie?" Zulunda looked a little sad and asked with some confusion, "Baby, why do you call the two sisters outside sister, but call me auntie? Do I look that old?"

Any woman would care about her age.

Lulu revealed an innocent and confused expression and said, "But the two sisters outside look younger. You look as old as my eldest auntie, so of course, I'll call you auntie."

Zulanda, who was stabbed, "..."

Age was indeed a problem.

Her two assistants were indeed much younger than her.

For the first time, the sweet-talking Zulanda was flummoxed.

She was a little speechless as she said, "My babies, your little eyes are really amazing!"

When she was walking with her assistants, many people did not realize that she was older than them.

But these two little babies had sharp eyes and could see the difference in their ages at a glance.

When the others saw the expression on Zulinda's face, they wanted to laugh. Zulanda had the gift of the gab. No one expected two little girls would be her match.

Lulu was also very good at reading people's expressions. She said, "But Auntie, you're really beautiful. You're as beautiful as my eldest aunt!"

Zulanda immediately teased her and asked curiously, "Baby, then between your aunt and me, who's more beautiful?"

Lulu revealed a puzzled look. She said, "Auntie, I have already said that you're as beautiful as my aunt!"

Zulanda, "..."

Everyone, "..."

Then, everyone laughed. Children were always a source of joy. Zulanda clearly wanted to trick the child into saying that she was prettier than her aunt. But, the child did not fall for it!

"Haha, Zulanda..." Misha could not help but laugh out loud. "I think you've met your match this time."

Lulu and Rourou didn't know what the adults were laughing about, but they noticed Xiao Lingyu sitting in front of the mirror.

The eyes of the two babies immediately lit up, and they couldn't help but exclaim, "Wow, it's a fairy!"

Xiao Lingyu, who was wearing a wedding dress and a flower garland, looked like a different person. The two babies didn't recognize her immediately.

“So the two sisters outside did not lie to us. There is really a fairy in aunt’s room.” Lulu was very naive. Then, she frowned slightly and said with some doubt, “Eh, this fairy looks familiar. She looks like our aunt!”

Mother Xiao patted her little head and said with a smile, “What do you mean she looks like your aunt? This is your aunt!”

At this time, Xiao Lingyun entered the house and immediately noticed Xiao Lingyu. She exclaimed, “Ah, sister, is that you? Wow, you’re so beautiful. No wonder the two sisters outside said that there’s a fairy in the house.”

Lulu ran to Xiao Lingyu, her face full of excitement and joy. She said, “It’s really aunt. She’s really beautiful. A fairy has decided to

join us!”

“Yes. Aunt is really a fairy!” Rourou echoed.

Xiao Lingyu gently touched their little heads and said with a laugh, “How do you two know about fairies?”

Lulu smiled and said, “Didn’t the TV say that beautiful women are all fairies?”

“Haha...” The people in the room were amused.

The two babies were much more lively and cheerful than before.

In the past, they would hide behind adults when they saw strangers.

Now, they were no longer so timid and afraid.

“Lulu, Rourou, be careful. Don’t crush Auntie’s stomach,” Xiao Lingyun immediately instructed when she saw her two daughters leaning on Xiao Lingyu’s body.

“Yes, we will be very careful. We won’t crush Little Brother.”
