

Chapter 481 Before the Wedding

Gong Tianhao was nervous. He was also excited.

After waiting for so long, he had finally waited for this moment!

Once he got married, he would have a wife and children.

He was a winner in life!

But, to others, he was already a winner in life.

However, he understood that no matter how successful he was, if he didn't have anyone to share it with, it was not a happy life. Finally, he had found someone to do that. It was simply a wonderful feeling.

He wondered if the wedding dress he sent was suitable for Yu 'Er or not. Regardless, he knew that she would be the most beautiful bride.

No matter the venue, Gong Tianhao wanted to give Xiao Lingyu a grant and an unforgettable wedding.

'Yu 'Er, from today onwards, you will become my real wife.

'In the future, I will definitely take good care of you and protect you and your child. I will not let anyone hurt you.'

A gentle expression appeared on Gong Tianhao's cold face.

If Zulanda and Misha saw this, they would think that they had seen a ghost.

However, for Gong Tianhao's subordinates in Taoyuan Village and the villagers, seeing such a smile was the most common sight.

"Boss, congratulations!" Situ Xing and Gong Yingxiong walked over.

"It's been so long." Situ Xing said with a smile, "I wonder how sister-in-law looks in a wedding dress. She must be very beautiful."

He knew that Gong Tianhao had hired the world's top wedding dress designer, Zulanda, to design Xiao Lingyu's wedding dress. Zulanda was very good at her job. She must have designed a dress perfect for Xiao Lingyu.

"Zulanda and Misha arrived quite early. Counting the time," Situ Xing raised his watch, "Sister-in-law should be in her wedding dress and done with her makeup by now."

Gong Tianhao's eyes flashed when he heard that.

Situ Xing immediately smiled and said, "Boss, why don't we go and see how sister-in-law looks in her wedding dress?"

Gong Yinxiong, who had been silent all this time, said somewhat speechlessly, "Situ Xing, don't you know the rules here? Before the wedding, the bride and groom are not allowed to meet."

Situ Xing immediately said in surprise, "Is there such a rule?" He really didn't know about this.

Gong Yinxiong said, "Of course. It's unlucky for the bride and groom to meet before the wedding."

Situ Xing opened his mouth wide and stared at Gong Yinxiong with wide eyes as if he was looking at an alien.

Gong Yinxiong said snappily, "Why are you looking at me like that?"

Situ Xing restrained his expression and then asked with curiosity and interest, "Brother Xiong, how did you know about this? I've been here for so long, and I don't even know about this. You've been here a short while, but you know all these already. This is very much unlike you."

Gong Tianhao also raised his eyebrows and looked at Gong Yinxiong.

He knew that Gong Xiong had taken a fancy to Xiao Lingyu's cousin. However, he had no idea Gong Yinxiong had already conducted such in-depth research. It seemed that he was a little anxious.

Gong Tianhao did not say anything, but Situ Xing was a quick-witted person. He immediately realized that something was wrong with Gong Yinxiong.

He asked with a smile, "Brother Xiong, it appears like you have taken a liking to a girl here. I wonder who she could be? Can you introduce her to me?"

Gong Yinxiong rolled his eyes at him and remained silent.

When Situ Xing saw him like this, he said dispiritedly, "Back to the silent treatment, I see." He paused and said through gritted teeth, "Hmph, if I find out who she is, I'll tell her all the bad things about you, especially how you could spend days without saying a word. How happy will that relationship be?"

Gong Yinxiong, "..."
Gong Tianhao, "..."

This was a threat.

However, Gong Yinxiong wasn't afraid at all. He rolled his eyes at him and said indifferently, "Up to you!"

Situ Xing, "..."
Damn it. Gong Yinxiong didn't fall for it.

However, this piqued Situ Xing's curiosity and interest. 'Hehe. Gong Yinxiong really has someone he likes in Taoyuan Village. It has to be why he has gone around asking about the wedding custom here.'

Gong Tianhao didn't care about their bickering. He was looking forward to seeing Xiao Lingyu in her wedding dress.

Gong Yinxiong glanced at him and chided, "Boss is like a young man today."

However, a shadow flashed across Gong Yinxiong's mind. When he got married, he couldn't act like his boss.

Situ Xing told Gong Tianhao, "Boss, why don't I go and look for sister-in-law for you? I'll send you a picture of her on my phone."

Gong Yinxiong rolled his eyes and said with disdain, "Situ Xing, are you planning to ruin boss' surprise? The most important surprise should be the revelation at the wedding." Saying this, he poked Situ Xing's heart and said, "Don't do stupid things!"

Situ Xing, "..."

Then, he said unwillingly, "Gong Yinxiong, who are you calling stupid?"

Gong Yinxiong looked down on him even more. "Who do you think?"

"..." Situ Xing said with a red face, "Gong Yinxiong, do you want to fight?"

"Do you think you can win me with your short arms and legs?" Gong Yinxiong said disdainfully.

Situ Xing, who had short arms and legs, "..."

He decided that he would fight Gong Yinxiong with all his might. They were irreconcilable enemies!

Gong Tianhao watched the two bickering from the side in a daze.

Situ Xing was good at talking over others, but his only kryptonite was Gong Yinxiong.

At this moment, the wedding planner came over and asked, "Boss, are you satisfied with the arrangement of the wedding venue? Do you want to make some adjustments?"

Situ Xing, who was defeated, was immediately energized and full of energy.

He said excitedly, "Let's go. I'll go with you to take a look." The wedding planner looked at Gong Tianhao hesitantly.

Gong Tianhao nodded and said, "Mm, let Situ follow you to take a look."

Then, he raised his wrist to look at the time. It was nine o'clock in the morning.

The wedding started at 10:36 am.

This was an auspicious time.

Situ Xing was about to leave, but then he stepped back and said to Gong Tianhao, "Boss, you are the groom today. It's best for you to go back to the Gong family for now. Leave the rest to us!"

Gong Tianhao, "..."

This man really liked to taunt people.

Gong Yinxiong looked at the time and said, "Boss, the wedding is about to start. I'll go to other places to check if there are any mistakes."

With that, he left. However, he was heading to the Xiao Family home.

The corner of Gong Tianhao's mouth twitched as he thought to himself, 'This man is ridiculous. He is going to see Yu 'Er's cousin, but he has given me such a beautiful reason.'

However, Gong Tianhao didn't care about him.

Xiao Wang came over and saw Gong Tianhao's face full of joy as he said, "Eldest young master, congratulations! It has been a long time coming!"

Gong Tianhao, "..."

It was true that he took a long time to persuade Xiao Lingyu to accept him, but he didn't need to be reminded all the time.

Xiao Wang added, "Eldest young master, Old Master is looking for you."

Gong Tianhao nodded and said, "I got it."

Then, he turned around and went back to the Gong family.

Today, Old Master Gong was dressed very jubilantly. He was wearing a dark red tang suit.

People are always in high spirits when it comes to happy events!

Old Master Gong was glowing and full of energy. After coming to Taoyuan Village, he looked younger and younger. In the past, he looked like he was almost 100. But now, he looked like he was only in his seventies. Old Master Gong was happy. In the past, he'd never thought he'd feel so energetic and full of vitality again.

In the capital, due to the limitations of his physical condition, he had to restrain his temper and not get angry or stimulated. Otherwise, his body would start to falter, causing his grandson, Gong Tianhao, to worry endlessly.

However, after arriving at the Taoyuan Village, his body became better and better every day.

A miracle happened to his body. The bullet that was lodged next to his heart shifted its position and deviated from the edge of his heart. What made him even more incredulous was that one day... the bullet eased miraculously out of the old wound without any surgery.

When he saw the bullet, Old Master Gong's expression was really complicated and excited. He didn't know what to say at all.

The most dangerous thing in his body was suddenly removed. This feeling was really... extraordinary.

However, from that moment on, Old Master Gong completely relaxed and returned to his childlike nature.

When he saw his spirited grandfather, Gong Tianhao's lips curled up.

He was happy to see his grandfather so happy!

Chapter 482 Wedding 1

The house built by the Gong family in Taoyuan village belonged to the kind of antique classical architecture.

Initially, it was just large enough for Old Master Gong. Later, when Gong Tianhao decided to pursue Xiao Lingyu, he found someone to redesign and expand the place.

In the eyes of the villagers, this place was a house of luxury.

It was decorated with red glazed tiles, carved beams, and painted buildings. The eaves of the houses were unusually beautiful, just like the houses of the rich people in ancient times.

On this festive day, the Gong family house was decorated with lanterns and streamers everywhere. It was very lively.

The two families were holding a banquet together, so the banquet was held at the ancestral hall. Most of the banquets at Taoyuan Village were held at the ancestral hall.

The hotel would bring bowls, chopsticks, and dishes over, so the Xiao and Gong families didn't need to worry too much.

"Grandfather!" Gong Tianhao saw his grandfather chatting with the elders of the village in high spirits, so he walked over and called out to him.

For this wedding, Gong Tianhao had invited a few subordinates, but he didn't call any of his relatives or friends from the capital over. Similarly, Old Master Gong didn't call his friends either.

The grandfather and grandson planned to return to the capital after Xiao Lingyu gave birth to the child. She would arrive as the new madam of the Gong Family. Everyone in the capital would know then.

At the same time, they planned to hold another grand wedding.

They wanted everyone in the capital to know that the Gong family was very satisfied with this daughter-in-law and valued her very much. No one could think of looking down on her. Otherwise, they would be going against the Gong Family.

The decision to hold another wedding in the capital was made after a discussion with the Xiao family.

The Xiao family was very happy that the Gong family valued Xiao Lingyu so much. Naturally, they did not have any objections.

When Grandfather Gong saw the handsomely dressed Gong Tianhao, he patted his grandson's shoulder happily and said in a rare kind and pleasant manner, "Not bad. It's rare for you to look like a human!"

Gong Tianhao, "... " Since when did he not look like a human? 'Grandfather, today is your grandson's wedding day. Can you speak properly?'

Then, Old Master Gong said very seriously, "Hao 'Er, from today onwards, you are going to be a husband and a father.

"In the future, no matter where you are or what you are doing, don't forget that you are already married. You have a small family. You have a wife and a child at home.

"Don't ever do anything that makes them sad. You have to remember your responsibility as a husband and a father, understand?"

Gong Tianhao nodded his head seriously, "Grandfather, I will remember everything you said! I will always remember that my wife and children are waiting for me to come home."

Old Master Gong nodded in satisfaction. "Mm, you just need to remember your responsibilities." He paused for a moment before saying, "Yu 'Er is our Gong family's lucky star. Ever since I came to Taoyuan Village, my body has been getting better and better.

"I thought that I wouldn't be able to see you get married in my lifetime, but after coming here, I not only gained a granddaughter-in-law but also a great-grandson. You mustn't let her down. Otherwise, I'll break your legs.

"Let me tell you. If you really do something to let my granddaughter-in-law down, I'd rather have a granddaughter-in-law and a great-grandson than a grandson that disappoints me. Do you understand?"

The corners of Gong Tianhao's mouth twitched, and he almost rolled his eyes. He said speechlessly, "Grandfather, do you think your grandson is that kind of person? Since I've set my eyes on Xiao Lingyu, then I'll be loyal to her for the rest of my life."

"It's best that you think this way." Old Master Gong nodded his head in satisfaction. "Otherwise, I won't let you have an easy time."

Gong Tianhao, "..."

Old Master Gong looked at the time and said, "The time is coming. You should prepare to go to the Xiao family for the Yin Qing ceremony or the welcoming the bride ceremony."

Gong Tianhao's heart suddenly tensed up.

Gong Tianhao, who had always been cold and ruthless in the business world and was confident in winning negotiations, didn't expect that one day he would be so nervous.

If his business competitors found out about this, they would hire a place so that they could watch the whole proceeding.

Old Master Gong looked at his grandson's somewhat tense face and immediately raised his eyebrows. He asked, "What's wrong? Are you nervous?"

Gong Tianhao replied helplessly to his grandfather's teasing, "Yes, I'm a little nervous!"

He believed that every groom would be nervous on their wedding day, so he took his grandfather's teasing in stride.

Old Master Gong patted him on the shoulder and said with a smile, "It's good to be nervous. It means that you take this wedding seriously. When I married your grandmother, I was nervous for three days and three nights. I only felt at ease after I married your grandmother and held her in my arms!"

Before the dust settled, anything could happen. This was especially true in a big and powerful family like theirs.

Gong Tianhao didn't say anything after hearing this.

Old Master Gong became serious. He said, "You and Yu 'Er already have the marriage certificate. It's already a fact that you're husband and wife. This wedding is just a formality. Actually, it doesn't matter whether it's held or not. So, what are you so nervous about?"

Gong Tianhao said with some disapproval, "Grandfather, the wedding has to be held. How can we not hold it?"

"..." Old Master Gong glared at him and said, "I was trying to make you relax. Can't you tell?"

"That is not the right way." Gong Tianhao said, "This wedding is a big deal."

Old Master Gong, "..."

"Alright, I won't talk nonsense with you anymore. Hurry up and get ready," Old Master Gong said. "Although our two families are very close, we must still have the proper etiquette!"

Gong Tianhao nodded and said, "Yes!"

Then, he turned around and walked to the entrance of the Gong family. He saw a row of black cars. Every car was low-key and luxurious. There were a total of twenty cars.

If the villagers knew the real value, they would be shocked. Every car was worth more than ten million.

Especially the wedding car in the middle. It was a custom-made rolls-royce. It was worth more than a hundred million.

These cars were all backup cars for the wedding reception.

Gong Tianhao wanted to have a bigger cavalcade, but the two families were too close, so he settled for twenty cars.

The driver of the wedding car was Gong Yinxiong.

The drivers of the other cars were also his subordinates.

Situ Xing was in charge of the wedding venue.

The moment Gong Tianhao came out, Gong Yinxiong opened the car door and said, "Boss, it's time."

Gong Tianhao nodded and got into the car.

At this moment, Xiao Lingyu's small boudoir was crowded with a lot of people, most of whom were women.

Ever since she saw how beautiful and elegant Mother Xiao was after putting on makeup, Xiao Lingyun's eyes flashed with desire.

But of course, she was too embarrassed to say it out loud.

As a woman, who wouldn't want to be beautiful? Xiao Lingyun also wanted to look pretty on her eldest sister's wedding day.

Misha was very good at reading people's expressions. She had completed her work on Xiao Lingyu. She immediately pulled Xiao Lingyun over and said, "Come, little sister. I'll put on makeup for you too. Today is such a festive day, so you should have some makeup put on too." After saying that, she pressed Xiao Lingyun to sit down and said, "Sit down. Come, I'll put on a beautiful makeup for you."

Based on Xiao Lingyun's skin color, height, and temperament, Misha quickly designed the perfect makeup for her.

Soon, a completely different Xiao Lingyun appeared in front of everyone.

"Oh, God! Auntie, does your family specialize in producing beautiful women?" Zulanda exclaimed, "All of them are so outstanding."

After Xiao Lingyun was married, she was tortured by the Cheng Family for five years. She regained some of her beauty after she returned to Taoyuan Village, but she retained the maturity she earned thanks to the Cheng Family. Therefore, while Xiao Lingyun's temperament was more gentle and pure, Xiao Lingyun was sharper and more mature.

However, women were really different before and after makeup.

The two little babies kept exclaiming, "Mommy is so beautiful, mommy is so beautiful."

"Wow, mommy is so beautiful!" Lulu exclaimed, "Mommy, so you are so beautiful!"

irou

"Yes, yes, Mommy is so beautiful!" Rourou nodded in agreement.

"Yes, no wonder the two little babies are so beautiful too. It turns out that it's because of the genes." Zulanda smiled and said.

Mother Xiao was beautiful, and Xiao Lingyun looked like her, so she was also beautiful.

Xiao Lingyun was not Mother Xiao's biological daughter, but she looked a lot like Grandma Xiao.

Grandma Xiao was old now, but it was clear that when she was young, she was also a beauty with outstanding looks.

It had to be said that the men of the Xiao family were very good at choosing wives. They chose women who were good-looking, virtuous, and reasonable.

Of course, the men of the Xiao Family were also very handsome too.

Therefore, the Xiao family specialized in producing handsome men and beautiful women.

The genes passed down from generation to generation were also very powerful. Xiao Lingyun was 70% similar to Grandma Xiao. She inherited her beauty from the Xiao Family, and she was very beautiful.

When Xiao Lingyun was in nursing school, she already had a lot of pursuers.

It was a pity that she did not have good eyesight and failed to choose the right person.

Xiao Lingyun looked at herself in the mirror and felt that it was unbelievable.

Today was Xiao Lingyun's wedding day. When the Xiao family came, they knew that a makeup artist had come to help Xiao Lingyun with her makeup, so they came over to take a look out of curiosity.

Of course, the people who came to take a look were mainly the women of the Xiao family.

When all daughters-in-law of the Xiao Family came, they saw Mother Xiao and Xiao Lingyu with makeup, and they exclaimed in surprise. They were really beautiful.

However, Zulanda immediately suggested that all the women of the Xiao family put on makeup.

Their makeup did not need to be as serious as Xiao Lingyu's. They only needed a little touch-up.

Misha, Kairen, Zulanda, and her two assistants immediately jumped into work. Whether the Xiao Family ladies wanted it or not, they were getting a makeover. Grandma Xiao was taken by them too.

Grandma Xiao was too embarrassed since she was already so old. But Zulanda persuaded her with the story of her own grandmother.

Not long after, all the women of the Xiao family finished putting on makeup. They became even more beautiful.

Everyone looked 10 or 20 years younger. They looked beautiful and young.

Aunties Xiao and the others looked at themselves in the mirror. They were shocked by the power of makeup.

Even Grandma Xiao squinted her eyes with joy when she looked at herself in the mirror.

The room was filled with beautiful women of varying ages.

Misha looked at the time and said, "Sorry, we have to leave!" They had an important appointment and needed to rush.

When Mother Xiao heard that Misha was leaving, she immediately said with some reluctance, "Misha, do you and Kairen really need to leave?"

Misha nodded and said, "Yes, Kairen and I are leaving. We have an appointment with our next client."

Then, Misha turned around and gave Xiao Lingyu a hug. She sincerely gave her blessings and said, "Madam, you and Mr. Gong will be happy together!"

Xiao Lingyu was very touched and said, "Thank you. We will definitely do that."

After a while, Misha and Kairen left.

Not long after, someone shouted, "The groom's family is here for welcoming the bride ceremony!"

Chapter 483 Wedding 2

"The groom's side is here for welcoming the bride ceremony!" Someone shouted outside the door.

Zulanda's eyes lit up, and she said to the two children, "Let's go, Little Babies. We'll stand guard at the door. We can't let people get in so easily."

"Why?" Lulu asked in confusion.

"Of course, it's to make sure that your new uncle-in-law can't get your aunt too easily!" Zulanda said with a smile. "Also, you have to ask your uncle-in-law to give you a big angpao before you can open the door, okay?"

y

Lulu's eyes lit up and she immediately nodded. "Yes! Let's go, sister, we'll guard the door!"

Lulu immediately pulled her sister to the door. Zulanda asked her two assistants to join the girls.

Zulanda's eyes darted around, and her face revealed a look of curiosity and excitement.

This was the only chance that she would have the courage to play with the business world's God of Hell. If she had missed this chance, she would never have had such a chance again.

When Mother Xiao heard that the groom's side was there, her beautiful eyes immediately turned red. After the ceremony was over, her daughter would belong to someone else. She couldn't bear to part with her daughter. But she had no choice. Her daughter had to get married eventually.

Gong Tianhao brought his best men to the Xiao family.

When he arrived at the entrance of the Xiao family's courtyard, someone who was on good terms with the Xiao family shouted, "Let us see the angpao before we can open the door!"

Behind him, Gong Tianhao's best man took out an angpao and handed it to the person guarding the courtyard door.

The person who received the angpao smiled and congratulated him sincerely, "Congratulations, Young Master Gong. We wish you a lifetime of happiness!"

Then, Grandma Xiao, and the women of the Xiao family, including Mother Xiao, walked out of Xiao Lingyu's room.

Those outside were shocked when they saw the Xiao Family's women. "Eh. Are those Qiuying, Chunhua, and the others? They are so beautiful!"

"They look like actors from the movies!"

"Are they wearing makeup?"

"They have to be. People with makeup are so beautiful. No wonder all the women on television like to wear makeup. Even villagers like us will be as pretty as those actors when we put on makeup."

"That's true. But the women of the Xiao Family are pretty, to begin with. They are pretty even without makeup. With the makeup, they are even prettier." "The lipsticks add a lot."

"The blush makes them look healthier too."

"The girl gets married, but all the women get to use makeup."

These people spoke with envy. All women loved to be beautiful.

Unfortunately for them, most rural women had endless work to do. When would they find time to put on beautiful makeup?

Xiao Zhengyang's daughter was getting married, and the women of the Xiao Family got the chance to put on makeup.

When the men of the Xiao Family heard that the groom's party had arrived, they also rushed to the gate. Soon, they were stunned. Because their wives walked out of the bride's room.

They saw their transformed wives. They were even more beautiful than usual.

When Father Xiao looked at Mother Xiao, his eyes did not even move. His mouth was wide open as he saw his wife walking over.

Someone beside Father Xiao thought this was funny. He deliberately waved his hand in front of Father Xiao, but Father Xiao's eyes were still fixed on Mother Xiao. Father Xiao's brothers were also shocked when they saw their beautiful wives.

"Old woman, how did you become like this?" Just as the brothers were in shock, Grandpa Xiao's loud voice sounded in the courtyard.

Grandma Xiao was a little embarrassed because she hadn't put on makeup in a long time already. However, she still had a trace of excitement in her heart and wanted to hear Grandpa Xiao's praise.

However, as soon as they met, that was the first thing her husband said to her. It was a huge blow.

Grandma Xiao said angrily, "What do you mean?"

"How did you become so young and beautiful again? Is there a time machine in Yu 'Er's room?" Grandpa Xiao said with a silly smile.

Everyone, "..."

They all thought that Grandpa Xiao was unhappy because Grandma Xiao was wearing makeup.

The courtyard was already crowded with many people. Other than the villagers who came to help, there were also many relatives who came.

Loud laughter echoed in the courtyard.

When Grandma Xiao heard the old man's words, her face immediately turned red. She said with some embarrassment, "The children insisted on putting on makeup for me. I can't refuse the children."

Grandpa Xiao said with a silly smile, "Well, the children did a good job!"

Ever since they returned to the Taoyuan Village, their days had become more comfortable and happy. Therefore, their minds had become younger.

The Xiao brothers, who were immersed in their wives' beauty all, came back to their senses when they heard their father's loud voice.

Then, all of them said, "Wife, you're really beautiful today!"

Father Xiao said excitedly to Mother Xiao, "Honey, you're really beautiful today! You're like a fairy!"

Mother Xiao's face also turned red as she said, "The fairy is still in the house." She was, of course, talking about the bride.

Father Xiao said, "In my heart, you'll always be my fairy."

The people in the yard, “...” They had no idea the usually serious Xiao Zhengyang was such a sweet-talker.

Xiao Zhengyang and his wife had been married for twenty to thirty years. Now that their daughter was about to get married and have a grandson, their relationship was still so good. The women of Taoyuan Village were all envious.

“Someone take a picture!” Someone suddenly shouted. Someone did, and the picture was given to the Xiao Family. In the future, they would sometimes take it out to reminisce about this moment.

Mother Xiao saw the dazed Father Xiao, and she immediately said in embarrassment, “Alright, Zhengyang, everyone is looking. Plus, we have more important things to do.”

Father Xiao was jolted awake at this moment. He looked around at the crowd watching the show. No matter how thick-skinned he was, the tip of his ears could not help but turn red.

After that, he restrained his emotions and returned to his serious appearance.

At this moment, someone jokingly reminded him, “Zhengyang, we all know that you have a good relationship with your wife. But your daughter is getting married today. Shouldn’t you focus on that first?” “Haha...”

“Zhengyang’s ears are so red!”

“Women really look different with makeup on.”

“Alright. The groom’s party is here to welcome the bride. Everyone must guard the door well. Don’t let anyone enter easily,” someone suddenly said loudly.

“Right. Lingye, we’ll leave this to you.”

Xiao Lingye, who was suddenly named, immediately said excitedly, “Okay, leave it to me!” Originally, Xiao Lingye needed to attend classes that day. However, it was his sister’s wedding day, so he took a day off from school.

The courtyard door was already open, and Gong Tianhao brought his best men in.

Everyone looked at Gong Tianhao.

“Young Master Gong is really handsome today.”

“The best men are all extremely handsome.”

A group of women stared at Gong Tianhao and the others, their eyes flashing with light.

“Congratulations, Young Master Gong!” “Congratulations, Young Master Gong!” Everyone in the courtyard was full of smiles as they congratulated him.

At this moment, Xiao Lingye, who was wearing a handsome light blue suit, walked over with a smile and said first, “Brother-in-law, congratulations.” Then, he changed the topic, “However, if you want to marry my sister, you have to go through me first!”

Gong Tianhao raised his eyebrows and said with a smile, "Oh, are you going to test me?"

Xiao Lingye seemed to think for a moment and then said seriously, "Brother-in-law, actually, I know that you are a genius. I can't come up with any test that can stop you."

Situ Xing stood up and said with a smile, "Little brother, in that case, why don't you move away? Your brother-in-law will give you a big angpao."

Xiao Lingye said with a smile, "Oh, that means that if I stop him, I won't be able to get any angpaos?"

Situ Xing, "... He didn't mean that.

Xiao Lingye suddenly said very seriously, "Brother-in-law, if one day you had to make a choice between wealth and my sister, which would you choose?"

No one else knew that Gong Tianhao was the richest man in the world, but the Xiao family knew. A person who had such a successful career would definitely have a strong ambition. Such a man did not lack women.

Xiao Lingye was also worried that one day, this brother-in-law would find someone new and discard his sister.

Gong Tianhao said decisively without hesitation, "Of course, it's your sister. To me, your sister is a priceless treasure."

Hearing Gong Tianhao's decisive choice, Xiao Lingye was stunned for a moment.

When the others heard Gong Tianhao's answer, they were all a little surprised.

At this moment, Father Xiao came over and said very seriously, "Tianhao, I hope that you will always remember what you said today. Don't forget your promise. From today onwards, treat my daughter well and give her happiness!"

Mother Xiao also came over and said, "Tianhao, to us, whether Lingyu is rich or not is not important. To most important thing is that our children can live a happy life."

Gong Tianhao looked at Father Xiao, Mother Xiao, and Xiao Lingye with a serious expression. He nodded and said, "Father, mother, brother, don't worry. I will definitely treat Yu 'Er and the children well. They are my life. No, they are more important than my

life.

"I will not hurt them, and I will not allow anyone to hurt them. I will protect them with my life for the rest of my life. If one day I break my promise, let me..."

Mother Xiao immediately interrupted Gong Tianhao's vow and said with a smile, "Tianhao, we are glad that we have your words. Now, we can trust you with my daughter. In the future, you just have to remember your promise!"

Father Xiao also said, "Yes, yes, Tianhao, you have to give our daughter and her child happiness!"

The other members of the Xiao family also came up to say a few words, reminding him to treat Xiao Lingyu well.

Then, they let him pass.

The test could be difficult or easy, depending on Gong Tianhao's answer. If Gong Tianhao were hesitant when asked to pick between his wealth and Xiao Lingyu, the Xiao Family wouldn't let him pass.

Under the urging of a group of people, Gong Tianhao quickly arrived in front of Xiao Lingyu's room.

Zulanda was guarding the door. When she saw the groom, she immediately said, "Mr. Gong, you've reached my test."

Gong Tianhao raised his eyebrows and asked, "So, what are you going to do?"

Zulanda placed her finger on her lips and said mysteriously, "It's not what I'm going to do. It's what you're going to do."

"So, what do I need to do?"

Zulanda snapped her fingers. "Ready the equipment!"

Chapter 484 Wedding 3

With everyone watching with curiosity, a bowl of red chili noodles was served. The server was Xiao Lingyun.

The eyes of Gong Yinxiong lit up when he saw Xiao Lingyun. She was really beautiful! She had become more and more beautiful. She was not the sallow and skinny person that he had seen before.

Situ Xing did not notice the look in Gong Yinxiong's eyes, causing him to miss the chance to find out the truth.

The corner of Mother Xiao's mouth twitched when she saw the chili noodles that Xiao Lingyun brought out.

She knew that Gong Tianhao couldn't stand spicy food. And she knew from a glance that extra chilies had been added to the bowl. She wondered when they prepared the noodles.

Zulanda pointed at this bowl of chili noodles and said with a smile, "I heard that it's good to eat chilies on a prosperous day because it's bright red. Therefore, Mr. Gong, I've prepared this bowl of special noodles for you. In the future, you and Madam's days will definitely be prosperous and happy."

With these words, Gong Tianhao had no choice but to eat this bowl of chili noodles.

"What a vicious woman!" Situ Xing muttered to himself.

She knew that his boss didn't like spicy food. The bowl of noodles would cause Gong Tianhao to be in the toilet for the next few days.

Zulanda was clearly trying to prank his boss.

Gong Yinxiong glanced at Gong Tianhao, whose expression changed slightly. He stood up and said, "Let me eat it!"

Zulanda immediately stopped him and said, "No! Are you getting married today?"

This was the rare chance to mess with Mr. Gong, so how could she give it up?

Gong Tianhao looked at the bowl of noodles with red chili oil, and his expression was a little conflicted.

Zulanda said again, "Mr. Gong, this bowl of chili noodles represents a happy and long-lasting life!"

The Xiao family members couldn't help but sympathize with Gong Tianhao.

At this moment, Situ Xing stood up and said to Gong Tianhao with some pity, "Boss, don't worry. Later, I'll prepare all the medicine for you."

Everyone, "..."

Then some people laughed.

"Fine. I'll eat it!" Gong Tianhao gritted his teeth and took the bowl of noodles from Xiao Lingyun. Then, he finished the bowl with two slurps. Only red chili and some soup were left in the bowl.

Zulanda did not let him off so easily. She shook her head in dissatisfaction and said, "Mr. Gong, you have to finish everything, or I'm not going to let you pass."

Gong Tianhao had no choice but to pour the soup down his throat. After he was done, everyone noticed that he was covered in sweat. His eyes were sparkling, and his lips were as red as sausages.

Gong Tianhao hissed from the spices.

"Water, water..." Eldest Aunt Xiao immediately brought over a glass of water and said, "Come, quickly drink some water and rinse your mouth to relieve the spicy taste!"

Gong Tianhao immediately took the water and gulped it down.

However, the spiciness was not that easy to relieve. Thankfully, Gong Tianhao was not an ordinary person. He could endure things that ordinary people could not.

After a while, he regained his composure and looked at Zulanda, and asked, "Now, can I go in and pick up my bride?"

Zulanda gave him a thumbs up and nodded, "Sure!"

Then, she turned to Lulu and Rourou, "Little babies, you know what to do, right?"

Lulu and Rourou nodded in unison, "Yes, we know!"

Then, the two of them said to Gong Tianhao, "Uncle, we want angpaos!"

Situ Xing took out two angpaos and walked out with a smile. He handed one to each of them and said, "Babies, now that you've taken the angpaos, can you open the door and let the groom in?"

“Yes!” The two babies took the angpaos and immediately made way for them.

As soon as the door opened, a group of people filed in and immediately noticed the bride sitting on the bed!

“Wow, she’s so beautiful!” As soon as they entered the room, the first thing that everyone noticed was the bride.

Xiao Lingyu had put on a veil. It was semi-transparent. It gave the feeling that she was a dreamy beauty.

Gong Tianhao was dumbfounded when he saw her. The woman in the wedding dress was like a fairy that had descended into the mortal world.

He had always known that she was very beautiful.

However, at this moment, as the bride, she was so beautiful that she was flawless. She was elegant, ethereal, graceful, gentle, and pure. She was everything to Gong Tianhao!

“Wow. Sister-in-law, you are so beautiful.” Situ Xing praised. “Even at a glance, you are unforgettable.”

Earlier, Situ Xing only had an average impression of Xiao Lingyu because he had seen many other beautiful women. But that day, her beauty had exceeded his expectation.

Gong Yinxiong looked at Situ Xing with disdain.

Xiao Lingyu was their madam. Why would he praise her like that when the boss was right there?

Situ Xing received Gong Yinxiong’s disdainful gaze. “...” his expression froze.

Situ Xing came back to his senses. He wanted to cry but no tears came out. He was only doing all that for his Boss. ‘Boss, I have no other intention. Please don’t come for me.’

Situ Xing secretly looked at Gong Tianhao and realized that he was still... in a daze... His eyes were fixed on the bride.

Situ Xing pursed his lips and thought to himself, ‘Indeed, beauty is in the eye of the beholder!

‘Boss has seen all the beauties in the world, but he is still stunned by sister-in-law’s beauty.’

Situ Xing walked over and poked Gong Tianhao’s elbow with his finger. He said, “Boss, are you going to stand there to the end of time? We need to finish the ceremony. Don’t miss the auspicious time.”

When Situ Xing said this, the others in the room also reacted and said, “Yes, hurry up. The ceremony needs to go on. We also want to see what a western-style wedding looks like.”

The group cheered.

Gong Tianhao came to, but his expression was still a little silly.

He walked up to Xiao Lingyu, held her hand, and said, “Yu ‘Er, you’re so beautiful today. You look like a fairy.”

Xiao Lingyu smiled and said, “How can there be such a fat fairy?”

“No, no, you’re not fat at all,” Gong Tianhao immediately said. Then, he squatted down and helped Xiao Lingyu put on her shoes.

Because Xiao Lingyu’s feet were pregnant, especially in the later stages, her legs became swollen.

Since she was pregnant, she could not wear high heels. Grandma Xiao personally made a pair of red cotton shoes for her. These shoes were sweat-absorbing and comfortable.

Although Xiao Lingyu’s legs were swollen, her toes were as round as jade and looked very cute.

Gong Tianhao had looked at them many times, but he still felt that Xiao Lingyu’s feet were very cute.

After Gong Tianhao helped Xiao Lingyu put on her shoes, he held her hand and said in a gentle and affectionate tone, “Yu ‘Er, I’m here to marry you.”

“Okay!” Xiao Lingyu replied softly.

At this moment, Mother Xiao walked over and held Xiao Lingyu’s hand. Then, she folded them together and said earnestly, “Yu ‘Er, once you leave this door, you’ll be the daughter-in-law of the Gong family. After you marry into the Gong family, you must be filial to Old Master Gong and take good care of your husband. You must take good care of your child. You can’t be willful anymore, understand?”

Xiao Lingyu nodded and said, “Yes, I understand, mother.”

At this moment, Mother Xiao turned to Gong Tianhao, “Tianhao, from now on, I will hand over my precious daughter to you. I hope that you will treat her well in the future and not let her suffer any grievances. Do you understand?”

“Don’t worry, Mother. I will treat Yu ‘Er well and give her happiness. I will not let her suffer any grievances. This is my responsibility as her husband.” Gong Tianhao said very seriously.

“Okay, that’s good.” Mother Xiao patted their crossed hands and said seriously, “Yu ‘Er, Tianhao, you must be happy!”

“We will.” Xiao Lingyu and Gong Tianhao looked at each other and said seriously.

“Okay, okay, that’s good!” Mother Xiao wiped her tears. She was reluctant and happy.

Her daughter had finally married into a good family.

Xiao Lingyu’s younger brother, Xiao Lingye, was supposed to carry her out of Xiao Lingyu’s bedroom.

However, considering Xiao Lingyu’s big belly, Xiao Lingyu’s weight had already reached nearly 140 Jin.

Even if Xiao Lingye could carry her, no one dared to let him do so.

In the end, Gong Tianhao carried Xiao Lingyu and walked out of the courtyard.

Gong Tianhao did not even take a breath when he carried his new wife.

This shocked many people.

They thought that he was just a pampered young master, but he was actually Hercules.

Chapter 485 Wedding 4

The two families lived very close to each other. The twenty cars arrived at the Gong Family very quickly. However, the cars took a long detour on purpose.

By then, most of Taoyuan Village had arrived at the wedding scene. There were many people, and it was bustling!

Many people were eagerly waiting for the arrival of the bride and groom.

Xiao Lingyu was getting married today, so she had informed some friends to come over.

Her partner and friends, Gu Ziyue and the other three, Zeng Yaozu, some familiar people, Grandma Song, Uncle Chen, and a few others.

After these people came to Taoyuan Village and arrived at the wedding venue, they were shocked by the pomp and circumstance.

There were helicopters, foreign brand desserts, and all kinds of high-end decorations.

Although they were from wealthy families in a small county, they still had some knowledge.

With one look, they immediately understood that the person Xiao Lingyu married was not ordinary at all.

Gu Ziyue and the other two could not help but look at Zheng Haiyang.

They knew that Zheng Haiyang had feelings for Xiao Lingyu before. They wondered if Zheng Haiyang would feel sad.

"Why are you guys looking at me?" Zheng Haiyang was confused by their looks. "Haiyang, are you really okay now?" Qian Yifan asked carefully.

Zheng Haiyang was even more confused. "I'm fine. Why wouldn't I be okay?"

"Are you sure you don't feel sad?" Qian Yifan asked again.

"Why would I..." Zheng Haiyang suddenly asked. Why did his friends look at him with such a strange expression? Then, his face turned black, and he said in a bad tone, "What are you guys thinking about now? I have already let go of Xiao Lingyu."

Back then, he was indeed interested in Xiao Lingyu. However, when he found out Xiao Lingyu was pregnant, that interest disappeared. It was impossible for him to fall in love with a woman who was pregnant with a child. Therefore, he decided to be her friend.

Hearing Zheng Haiyang's words, the other three looked at him suspiciously.

Zheng Haiyang immediately said in an even more unpleasant tone, "What I said is true. I have really let go of Xiao Lingyu. After a while, I realized there was no love there. It was just an infatuation."

Besides, Xiao Lingyu rarely went to the county town in the past half a year. She didn't interact much with them and had no contact with them, so the feelings became even faded.

The three of them nodded after hearing that and reluctantly believed Zheng Haiyang's words.

Gu Ziyue looked around and said, "The wedding is going to start soon. I heard that Xiao Lingyu has been pregnant for more than eight months now. I wonder if she can get married in a wedding dress?"

Gu Ziyue felt a little emotional.

en

Half a year ago, when his hotel was about to close down, he met Xiao Lingyu. Then, his hotel quickly came back to life. Now, he even bought all the rival hotels. Business was good every day, and his hotel was famous in the entire county. Even the merchants from other places came to taste the special dishes and wines of his hotels.

All of this was brought to him by Xiao Lingyu.

Therefore, he was very grateful to Xiao Lingyu.

Now that he heard that she was getting married, he immediately rejected everything and rushed to attend the wedding with sincere blessings.

Although the other three did not have much cooperation with Xiao Lingyu, they were friends with Xiao Lingyu.

Xiao Lingyu had rented a few shops from Zheng Haiyang and bought several houses in the development zone of the new city. Zheng Haiyang gave a discount for each of them. The down payment for a house was 50,000 to 60,000 RMB.

However, Xiao Lingyu chose to pay in full. She bought eight houses at once.

Xiao Lingyu had her uses for these houses. She was waiting for their value to rise. These houses would be worth more than a few hundred thousand in a few years.

A few years later, there would be a housing boom. Young people would need a house to get married. Otherwise, it would be difficult for them to get a wife.

But we have gone too far.

Let's return to the main topic.

Qian Yifan learned from his father that Xiao Lingyu had a powerful supporter. Someone tried to come to take over Taoyuan Village, but the place was not affected. However, those who had their sight on the place were not that lucky. Otherwise, Qian Yifan's father would not have had the chance to rise to the top. Therefore, his father had repeatedly instructed him to build a good relationship with Xiao Lingyu. Qian Yifan's mother didn't dare to say anything about Xiao Lingyu now.

Qian Yifan was rather annoyed that this extra layer of benefits was added to the relationship, but he wouldn't lose a precious friend like Xiao Lingyu over it.

As for Yuan Xuanhao, he had also made a few deals with Xiao Lingyu. Xiao Lingyu and her family had bought a few vehicles from him already.

Therefore, the four of them had more or less a business relationship with Xiao Lingyu.

Of course, the main reason was that they treated Xiao Lingyu as a true friend and came to attend Xiao Lingyu's wedding. It had nothing to do with benefits.

"I really didn't expect Xiao Lingyu would choose a rich man to marry." Yuan Xuanhao said with a sigh. "Look at all these helicopters flying around. The groom must not be an ordinary rich person."

In this county, the four of them belonged to the ranks of the rich and powerful. However, they wouldn't be able to do something like this.

"Yeah." Qian Yifan and the others nodded in agreement.

"By the way, Xiao Lingyu's identity is quite mysterious." Gu Ziyi said with a smile, "She is just an ordinary farmer. How does she know such a rich person?"

Qian Yifan said with a smile, "Xiao Lingyu graduated from a famous university and worked in a big company in City Z. She must have a lot of connections." It was not that unusual for her to have some connections.

"No, I heard that Xiao Lingyu was framed by her ex-boyfriend at work and got pregnant accidentally. So, the child in Xiao Lingyu's stomach has an unknown father. Does the man who married Xiao Lingyu really not mind at all?" Yuan Xuanhao said with a puzzled look.

If it were him, he would definitely mind.

Zheng Haiyang said, "If he minds, he won't marry Xiao Lingyu. He clearly doesn't since we're at the wedding." When he found out that Xiao Lingyu was pregnant with someone else's child, he was immediately conflicted. Then, he let go. Gu Ziyi nodded, "Haiyang is right. The groom must like Xiao Lingyu a lot to set up such a grand wedding. Besides, even though we have not interacted much with Xiao Lingyu, we know that she is someone who is willing to settle for the second-best."

"You're right!" The other three nodded in agreement.

"The bride and groom are here!" Someone suddenly shouted.

Then, the four of them looked in the direction and were stunned.

They weren't like the villagers of Peach Blossom Village, who had never seen the world and didn't know anything about luxury cars.

These rich young masters were as obsessed with cars as women were with their handbags

Therefore, they were very familiar with the various brands of cars in the world.

"Wow, Hao, am I seeing things?" Zheng Haiyang pinched his leg. "These cars, I've read about them in magazines. They are at least tens of millions, right?"

Among the four of them, Yuan Xuanhao, the car owner and the largest car salesman in the county, was definitely the one who knew cars the most.

As for the twenty cars, they might not know the value of all the cars, but they knew the value of most of them.

According to Zheng Haiyang, the cars that were going to welcome the bride were at least ten million in cost.

ve

“The wedding car in the middle should be a limited edition rolls-royce from this year, right?” Gu Ziyi pointed at the wedding car and asked suspiciously.

Is he seeing things?

Yuan Xuanhao nodded, “That’s right. That car is a limited edition rolls-royce. There are only three cars in the world. One was bought by the President of the R Nation, and the other was bought by the President of the M Nation’s software company. However, the last car was said to have been bought by a mysterious person. As for the identity of the buyer, the outside world has no way of knowing. Every car is worth hundreds of millions.” At this point, he exclaimed, “I didn’t expect that this car would be found in this remote corner of our country.”

The others became silent.

At this moment, Qian Yifan suddenly said, “So, this whole procession is worth at least hundreds of millions, right?”

The others fell silent again.

“So, the man Xiao Lingyu married is a very rich man!” This man was not only rich by the country’s standard but also rich by the world’s standard.

“But aren’t these millionaires normally middle-aged with big bellies? Did Xiao Lingyu marry one of them?” Zheng Haiyang said with a worried look.

“This... This is not possible, right?” Qian Yifan said with uncertainty, “There are also young talents in the business world, right?” “But Xiao Lingyu is hiding in this remote corner of the mountain. What kind of young talents would she meet?” Zheng Haiyang said, “If there are any young talents, we would know, right?”

Hearing Zheng Haiyang’s words, the other three fell silent.

A moment later, Yuan Xuanhao smiled and said, “Why are we guessing? Aren’t the bride and groom coming?” After saying that, he slightly raised his chin and pointed at the person who had already opened the wedding car and got out. He continued, “That is a rich young talent over there.”

The other three looked over in unison. Then, when they saw the man who got out of the wedding car, their mouths were wide open in surprise.

Qian Yifan stuttered, “Is that... that the groom?”

Gu Ziyi shook his head and said, “He didn’t wear the groom’s corsage. It shouldn’t be.”

A moment later, another young man got out of the wedding car.

This man wore a corsage. With one look, one could tell that he was the groom. "This... this is the groom!" The four of them were really shocked when they saw the groom's appearance.

"He's so young and handsome!" Qian Yifan suddenly shouted, "He is clearly not a middle-aged man with a big belly. He's very young and handsome."

"Is he rich from his work or because of his family? If he's rich because of his family, will his family accept a bride who is pregnant with someone else's child?" Qian Yifan guessed.

"Hmm? Why aren't you guys saying anything?" Qian Yifan saw that his three good friends were all stunned. He was puzzled.

Then, he looked in the same direction. After a while, he was also stunned.

Was this Xiao Lingyu?

She was too beautiful.

This was a completely different person from the Xiao Lingyu they had seen before.

Although the Xiao Lingyu in the past was also quite beautiful, it was not to this extent. How did Xiao Lingyu transform so completely?

The four of them were shocked by Xiao Lingyu's appearance for a moment, but they quickly recovered.

Gu Ziyi exclaimed, "Xiao Lingyu is absolutely stunning in her wedding dress."

The other three nodded in agreement.

Although Xiao Lingyu was wearing a veil, the veil made her look even more beautiful and dazzling.

However, the white wedding dress made her look like a dreamy and otherworldly fairy.

"Hey, are those real diamonds and real pearls?" Yuan Xuanhao asked in surprise and confusion.

Chapter 486 Wedding 5

"Diamonds? Pearls?" The four of them immediately noticed that there were many diamonds and pearls on the wedding dress that Xiao Lingyu was wearing.

"This car is a global limited edition. The diamonds and pearls on the wedding dress must be real," Zheng Haiyang said with certainty.

There was no reason for such a rich person to use fake diamonds and pearls on the wedding dress.

"If all of these are real," Yuan Xuanhao glanced at Xiao Lingyu's wedding dress and continued, "The diamonds on this wedding dress should be at least six carats and above. The one near the breast is the largest. It should be at least ten carats. They are worth hundreds of millions.

"And the pearls. Even though we are quite far away, we can still see that the pearls are big, round, and very shiny. One look, and you can tell that they are pearls from the deep sea. Those are expensive. With some calculation, we can tell the wedding dress that Xiao Lingyu is wearing is worth at least 200 million."

“Pfft!” Qian Yifan, who was unscrewing the bottle cap and drinking the mineral water, suddenly spat out all the water in his hand. He wiped his mouth and asked, “Hao, how much did you say?”.

“More than 200 million!” Yuan Xuanhao said with certainty.

“200 million!” Qian Yifan couldn’t help but be surprised. “So, the value of the car and the wedding dress is at least 400 to 500 million, right?”

“Yes!” The others nodded.

“Oh my God, which rich family did Xiao Lingyu marry into?” Qian Yifan said in shock, “A wedding in a remote village costs a few hundred million! The person Xiao Lingyu marries is so rich!”

That was true. The groom was indeed very rich.

The car turned from the Gong family to the tanning field.

The road to the tanning field was wide, so it was good for the cars... normally. However, the villagers were very interested in this wedding. So many people had gathered early in the morning. They were looking forward to the arrival of the bride and groom.

This caused the road to be quite narrow, especially since there were children who were small and jumping around. Their parents quickly pulled them back.

The cars soon arrived at the entrance of the wedding venue.

As the driver, Gong Yinxiong, opened the car door and Gong Tianhao, who was wearing a white, high-class, custom-made suit, got out of the car.

Then, Gong Tianhao bent down slightly and carefully helped Xiao Lingyu out of the car.

When Xiao Lingyu walked out of the car in a white wedding dress, a series of exclamations could be heard.

“Wow, Sister Lingyu is so beautiful!”

“Lingyu is really beautiful!”

“So beautiful. She’s like a celestial being descending from heaven!”

The praises came one after another, and it was very lively.

After Xiao Lingyu got out of the car, she stood at the intersection that led to the ancestral hall. At a glance, she saw the spacious and beautiful wedding venue.

Fresh flowers were blooming, balloons were floating in the air, ribbons were flying everywhere, and the green field was beautifully decorated. It was both beautiful and stunning.

What she saw in everyone’s eyes was excitement. These people had never seen a real western-style wedding before. Now that they had seen it for the first time, the envy and excitement in their eyes could not be hidden.

Gong Tianhao hugged Xiao Lingyu and said, "Yu 'Er, you'll walk down the aisle with your father. I'll be waiting for you at the end."

Xiao Lingyu nodded and said, "Okay."

The Xiao family members had already arrived at the wedding venue.

The front row of chairs was the Gong and Xiao Families, while the back rows were the relatives of the two families. Of course, they were mainly relatives of the Xiao family.

Xiao Lingyu's friends were mainly arranged between the second and third rows.

As soon as Mother Xiao and Father Xiao came over, the four of them greeted them politely.

"Uncle, Auntie!"

Then, the four of them realized that Mother Xiao was very different today.

"Auntie, you're really beautiful today!" Gu Ziyi smiled and praised her sincerely.

Mother Xiao and Xiao Lingyu looked similar. Since Xiao Lingyu was so beautiful, Mama Xiao must be beautiful as well.

When they usually saw Mother Xiao, she was often busy in the kitchen. So, her skin was often dark and wrinkled.

Now that Mother Xiao had put on makeup, she was a completely different person. Her skin was fair with a tinge of red. She had used a light eyeliner and eye shadow. Her facial features were beautiful, and her figure was tall.

"That's right, Auntie. It's been so long since we last met. You're getting younger and prettier," Zheng Haiyang said sweetly.

Mother Xiao laughed and said, "Haha, You kids really have a sweet mouth!"

Mother Xiao had received many praises that day. Zulanda alone was responsible for half of them. So Mother Xiao was in a particularly good mood.

"Uncle is also very handsome today!" Qian Yifan said to Father Xiao, "Uncle, in your suit, you will definitely charm a lot of young girls!"

Father Xiao was in his fifties, and he was full of energy. Now, with the nourishment of the spiritual spring water, he looked like he was only forty years old.

Forty-year-old men were the most mature and charming. In addition, Father Xiao was handsome and had a good figure. He would definitely attract the hearts of some young ladies.

Father Xiao smiled and said, "Uncle is old. How can I attract any young ladies? I'm afraid that the only one I can attract is your Auntie." As he said this, he looked at Mama Xiao.

The four of them looked at each other and found it funny.

It turned out that uncle and auntie had such a good relationship.

At this moment, Gong Yinxiong suddenly walked over and said to Father Xiao, "Uncle, it's time for the father to walk the bride down the aisle to give her away to the groom."

Because this was a rural area, many of the procedures and rules of the western-style wedding had been removed. However, Gong Tianhao still kept the part where the father walked the daughter down the aisle.

However, there was no rehearsal.

When Father Xiao heard this, he asked in surprise and confusion, "Huh? What is that?". He couldn't help but look in the direction of his daughter and son-in-law.

Gong Yinxiong explained, "Uncle, you'll only need to hold your daughter's hand and then walk her down the red carpet to the podium."

Father Xiao asked nervously, "Okay. But are there any rules?"

Gong Yinxiong smiled and said, "Uncle, there are no rules. Just don't walk too fast or too slow."

There was no need to care about details.

Father Xiao nodded and said, "Okay."

He had seen similar wedding scenes on TV, so he believed he could do it.

Father Xiao walked up to Xiao Lingyu and said with emotions, "Yu 'Er!"

"Dad!" Xiao Lingyu felt like crying too.

Father Xiao nodded.

Gong Yinxiong said from the side, "Uncle, when the music starts, let the bride hold your arm, and you two will walk slowly to the groom."

When Father Xiao heard that, he immediately became nervous.

Gong Yinxiong immediately comforted him, "Uncle, don't be nervous. Just act normal."

Father Xiao said, "I... I'm not nervous!" Xiao Lingyu held her father's arm and said, "Dad, I know we haven't rehearsed this. But I know my dad is the best."

Then, Father Xiao said seriously, "Today is my daughter's wedding day. For the sake of my daughter, I will definitely do my best."

He would tell Gong Tianhao in front of the villagers to treat his daughter well. Father Xiao stopped feeling so nervous. After looking at the time, Gong Yinxiong said, "Uncle, the music will start in two minutes. Just follow the music."

Father Xiao nodded and said, "Okay, okay!"

Mother Xiao watched from the side and was worried for her husband.

This couldn't go wrong.

However, Mother Xiao didn't have much time to worry. Soon, the music started playing.

As soon as the music started, Xiao Lingyu held onto Father Xiao's arm and walked forward.

When Father Xiao heard the music, his heart immediately jumped up. He then raised his feet. Because of his nervousness, he felt that his legs were very heavy.

"Ah, flowers are falling!" At this moment, petals fell from the sky, forming a rain of petals.

They landed at the wedding venue and the bride.

"Wow, it's beautiful!" "In this rain of flower, Sister Lingyu looks more like a fairy."

"Yes, a flower fairy..."

Then, someone took the lead in clapping. Applause followed.

Hearing the applause, Father Xiao's heart instantly relaxed.

Then, his footsteps became calm and composed. Following the music, he slowly led his daughter forward, walking towards another man, walking towards her happiness.

When Mother Xiao saw that Father Xiao had returned to his normal state, her heart also slowly fell.

This was only a journey of 66 meters, but the father and daughter took several minutes.

"At this moment, the two men who love the bride the most in her life are here to have a grand exchange.

"This is an exchange of trust.

"Father of the bride, please entrust your most beloved daughter to your son-in-law!"

At this moment, after the music stopped, a refreshing and magnetic voice resounded in everyone's ears.

After arriving in front of Gong Tianhao, Father Xiao's hands were trembling as he handed his daughter over to Gong Tianhao. He said very seriously, "Tianhao, I've officially handed my daughter over to you. In the past, I was the father protecting her. Now, I hope that her husband will protect her, love her, and give her happiness!"

Gong Tianhao said very seriously, "Dad, from now on, let me protect Yu 'Er. She's my wife and my partner for the rest of my life. I will definitely protect her, love her, and give her happiness!"

After hearing that, Father Xiao wiped his red eyes and nodded excitedly, "That's good. I'm relieved to hear that!"

Then, Father Xiao turned back to his seat.

At this time, Situ Xing, as the host, suddenly jumped out and said with the microphone, "Come. Everyone, look over here. Although I am not the groom, I am still a handsome man!"

"Haha..." Everyone was amused by Situ Xing's humor.

At this time, Situ Xing said seriously, "Hehe. I'm just kidding. How can I steal the thunder of the happy couple?"

"Haha..."

Situ Xing continued, "At this moment, Gong Tianhao and Xiao Lingyu will be married under everyone's witness. We hope that they will be happily married for a hundred years. Now, I proceed with their vows."

"Go on!"

The villagers cheered.

"Yes, yes..." Situ Xing lowered his voice and asked, "I invite the groom to take a step forward. Now please answer this seriously. Gong Tianhao, do you take Xiao Lingyu to be your wedded wife, to live together in marriage? Do you promise to love her, comfort her, honor and keep her for better or worse, for richer or poorer, in sickness and health, and forsaking all others, be faithful only to her, for as long as you both shall live?"

Chapter 487 Wedding 6

As soon as Situ Xing finished asking, Gong Tianhao said with a serious expression, "I, Gong Tianhao, take you, Xiao Lingyu, to be my wife, knowing in my heart that you will be my constant friend, my faithful partner in life, and my one true love. But..."

Hearing the word "But", Situ Xing's heart almost jumped out of his chest.

He knew that his boss was different, but even during his wedding, he had to take the alternative path. Normally, people only answered with 'I do'.

But his Boss...

Gong Tianhao continued, "I will only let my wife, Xiao Lingyu, enjoy wealth and peace. I will not let her be poor or in adversity. "If someone bullies her, I will definitely help her bully them back. I will turn the world upside down to please her!"

"She will only have happiness by my side!"

Situ Xing, "..."

As expected, he did not walk the usual path.

Everyone, "..."

This man was really too handsome. The man would change the world to please his wife. How manly was that?

Everyone was shocked and moved.

Xiao Lingyu had found a good man to marry.

Gu Ziyue and the others were originally worried about Xiao Lingyu's situation, but after hearing the groom's oath, their worries disappeared. He must love Xiao Lingyu very much to come up with such a wedding vow. He would protect Xiao Lingyu well.

Xiao Lingyu was very touched. She was so touched that tears flowed down her face.

In her previous life, she was troubled by love. She was hurt by it, and in return, she hurt herself and her family.

In this life, her fate had completely changed.

She took revenge on the scumbag. When she returned home, she even got to know the biological father of her child. She gained love and affection.

At this moment, she understood all of his true feelings and deep affection.

Xiao Lingyu was really touched.

Gong Tianhao had already moved into her heart, but she knew that from now on, her heart would only be occupied by her husband, Gong Tianhao.

"Good!"

Everyone cheered loudly!

Situ Xing's mouth twitched, then he held the microphone and continued, "Well, the groom's vows to the bride are really different. Even a man like me can't help but want to marry him. It's too emotional. Don't you think?"

"Haha, Mr. Situ, you do know the groom is a man, right?"

"Mr. Situ, do you plan to steal the groom from the bride?"

Someone joined in the fun and teased Situ Xing.

Situ Xing curled his lips and laughed loudly, saying, "Do you think it's possible for me to snatch the husband from the bride?"

"Haha, of course not." Everyone laughed.

"Alright, let's get back to business." Situ Xing raised his hand to stop the lively scene.

Situ Xing said, "The groom has given his Vows. Now, we'll proceed with the bride."

Then, Situ Xing asked seriously, "Xiao Lingyu, do you take Gong Tianhao to be your wedded husband to live together in marriage? Do you promise to love him, comfort him, honor and keep him for better or worse, for richer or poorer, in sickness and health and forsaking all others, be faithful only to him so long as you both shall live?"

The bride answered seriously, "I do!"

Situ Xing immediately smiled and said, "That's right. That is how things should normally go." Then, Situ Xing continued, "Let's invite the bride and groom to exchange rings."

As soon as he finished speaking, Lulu and Rourou in pink princess dresses appeared, and each carried a small tray with a red jewelry box on it. They walked up to the bride and groom.

Gong Tianhao opened the jewelry box from Lulu's tray. Inside was a sparkling, plain, and luxurious ring. The rings were custom-made and had their initials on them.

He put the ring on Xiao Lingyu's finger.

Xiao Lingyu put the other ring on Gong Tianhao's finger.

"I declare you husband and wife! You can now kiss the bride!" Situ Xing shouted.

"Kiss!"

"Kiss!"

All the guests were cheering.

Gong Tianhao curled his lips, and his face was full of tenderness. He lowered his head slightly and kissed her smooth forehead first.

At this moment, a rain of petals fell from the sky.

The petals fell directly on the bride and groom. It was like a dream and a fantasy. It was simply beautiful.

After Gong Tianhao kissed her forehead, he gently kissed her cheek. Then, he looked deeply at her red lips.

However, the villagers were quite conservative. This segment was both curious and exciting. They wanted to see it but were too embarrassed to do so.

However, when they saw the children staring, they immediately went forward to cover their eyes. It was better for the children not to see such a scene.

As for the adults, some of them were too embarrassed to look, but they secretly covered their eyes and peeked through the gaps between their fingers. Even so, they were still blushing from watching

They wondered why there would be public kissing at this western wedding.

Fortunately, Gong Tianhao understood the conservative culture and didn't kiss for long, or else the guests might be too embarrassed to stay.

Situ Xing added, "Wow, the groom is really passionate about the bride! Let's give him a round of applause!"

Then, a thunderous sound echoed throughout the entire venue.

After this wedding process was over, it was time to eat.

There were many guests, including the villagers, the relatives, and friends. That would require at least 30 to 40 tables.

There was no way the ancestral hall could fit so many tables, so they could only place the tables outside the ancestral hall.

The space outside the ancestral hall was big, so it could fit a lot of tables.

Gu Ziyue and the other three were still quite curious about eating in the ancestral hall.

The Xiao family had asked the Gu family hotel to contract the dishes for today.

Originally, the Gu Family Hotel didn't provide buffet services in the countryside, but with Gu Ziyue's friendship with the Xiao family, he agreed to it without a second thought.

The food delivered was high in quantity and quality.

They had eaten many meals Mother Xiao had prepared for them. Plus, he still wanted cooperation with Xiao Lingyu. If he denied the request, Xiao Lingyu might stop cooperating with the Gu Family Hotel. It would be a huge loss.

"Ye, all the dishes today are sent over from your hotel?" Qian Yifan and the others were arranged by the Xiao family to sit at a round table in the ancestral hall.

Gu Ziyue shook his head and said, "No. We only cooked eight of the dishes."

"Eight dishes?" Qian Yifan frowned and said with confusion, "I heard that there have to be at least nine dishes on the banquet table in the countryside!"

The Xiao Family would follow that tradition too.

Gu Ziyue shook his head and said, "It's not like that. Our hotel has only prepared eight of the dishes because I heard Auntie would cook a few dishes herself. There should be a total of twelve dishes!"

"Ye, will Auntie be cooking? For real?" Zheng Haiyang's eyes immediately lit up.

Gu Ziyue nodded and said, "That's true. I heard that Auntie plans to cook all the dishes for the banquet, but it's her daughter's wedding. She doesn't have so much time to cook, so she only plans to cook three or four dishes."

Qian Yifan nodded and said, "That's true." Mother Xiao was already busy, but she now also needed to cook for the banquet.

Yuan Xuanhao laughed and said, "I think it's worth it to attend the wedding if we have the chance to taste Auntie's cooking."

The other three, "..."

What about the bride and groom?

Of course, they wouldn't admit that they were also excited when they heard that Auntie Xiao was also cooking some of the dishes.

While they were chatting, firecrackers were set up outside. Then, someone said loudly, "It's time for Bao Li."

Bao Li means gift presentation.

When the four heard this, they looked at each other in dismay.

“What is a Bao Li?” Qian Yifan asked.

Zheng Haiyang said hesitantly, “I think I’ve heard of this before. It’s a countryside culture. People will present the gifts to the host, and then the host will jot down the amount. In the future, the host will present back the same amount at the guest’s future banquets.”

“So that’s what a Bao Li is.” The other three nodded in understanding.

“Then should I give the angpao I prepared to Xiao Lingyu directly or give it to the person at the Bao Li table?” Yuan Xuanhao asked in confusion.

The other three immediately fell silent.

They didn’t know either.

“How about this? Let’s go and ask,” Qian Yifan suggested.

“Ask who?” Gu Ziyi asked.

“Who else? Of course, it’s the people who attend the wedding with us, like Grandma Song and the others,” Yuan Xuanhao suggested.

“Oh, right!” Zheng Haiyang and the others agreed.

They couldn’t be blamed for not knowing.

With their status, they really hadn’t attended many rural banquets.

Not long after, Gu Ziyi, who had gone to ask questions, returned. Gu Ziyi said, “Grandma Song said that we should just hand our angpaos to the Bao Li people.”

The three of them nodded.

Then, they went to the Bao Li counter. Many people crowded there.

The four of them thought about it and decided to come back later.

When they saw the gift list, they were quite speechless.

‘Why is the amount so low? It’s only 20s and 305...’

They couldn’t help but feel the angpao in their pockets. The angpao contained 16,888 RMB.

Chapter 488 The Wedding is Over!

The wedding proceeded in an orderly manner.

For the villagers of Taoyuan Village, this was truly the grandest wedding they had ever seen. There were flowers, delicacies, and beauties. There were also helicopters and more than twenty luxury cars.

However, no one knew that while Gong Tianhao and Xiao Lingyu were holding their wedding ceremony, there was a tall and cold man standing in the distance for a long time. His eyes were fixated on this grand and blissful wedding.

“Tianhao, Lingyu, you have to be happy!” Jiang Tao stood at the intersection with a solemn and sincere expression. Then, a sincere smile appeared on his face. “I wish you all the best!”

One was his good brother, and the other was the person he liked. Their union had once made him struggle and feel sad and even confused. However, by now, he had found release.

With his current status, he simply did not have the ability to bring happiness to others.

Instead of bringing harm to the person he liked, he might as well let go and allow her to seek happiness on her own.

His interest in her had attracted the attention of his grandfather, and she was almost killed because of it. The only person who could protect her now was Gong Tianhao and Grandfather Gong.

“Eldest young master, it’s time for us to leave!” A person wearing a black suit and sunglasses appeared beside Jiang Tao. “If we don’t leave now, the old master will notice your disappearance.”

Jiang Tao nodded without any expression. “Okay!”

Before Jiang Tao left, he looked back again.

Gong Tianhao seemed to have sensed something. He looked towards the village entrance and only saw a black car slowly leaving

Gong Tianhao’s eyes flashed. There was a hint of apology in his eyes, but more than that, there was determination!

“What’s wrong?” Xiao Lingyu raised her head and suddenly asked.

Gong Tianhao shook his head and said, “Nothing.”

Then, he grabbed her chubby little hand and said very gently, “Yu ‘Er, from today onwards, you are my wife. In the future, I will definitely give you happiness.”

Xiao Lingyu nodded and said, “Okay.”

Two days before the wedding, Yan Siming came to question Xiao Lingyu.

However, when he found out that the child in Xiao Lingyu’s stomach was Gong Tianhao’s, he suffered a huge blow and left Taoyuan Village. He didn’t even attend their wedding.

However, as soon as he returned home, he quarreled with his grandfather.

“Grandfather, are you satisfied now? The woman I like has married another man. You don’t have to worry anymore in the future!” Yan Siming was completely drunk. As soon as he returned to the Yan family, he yelled at Old Master Yan.

Old Master Yan was a little shocked at first, but when he came back to his senses, his old eyes lit up, and he asked excitedly, “What did you say? Xiao Lingyu got married?”

That was good news. It meant that his eldest grandson could finally let her go. But he wondered who Xiao Lingyu got married to.

If he remembered correctly, the grandson of his old leader seemed to be pursuing Xiao Lingyu as well.

However, what he did not understand was why his old leader would allow his grandson to pursue a woman who was pregnant with an unknown child?

Was he not afraid that the Gong family's reputation would be damaged?

Yan Siming was so drunk that he did not have a clear mind, but he still answered instinctively. He said in pain, "Yes, she's married. She's married to a man who likes her, and she likes him too. Hehe, I don't have a chance. I don't have a chance at all."

Hearing that, Old Master Yan was completely relieved.

He didn't care who Xiao Lingyu married as long as he wasn't his eldest grandson.

Old Master Yan's face darkened, and he said, "Look at yourself. So she got married. Why are you so sad?"

"You have money and looks. Xiao Lingyu doesn't deserve you. There are a lot of socialites in City Z who admire you. Any one of them would be better than that Xiao Lingyu from that remote corner of the mountain village."

When Yan Siming heard his grandfather's words, he laughed coldly and said, "Xiao Lingyu doesn't deserve me? Do you know who she is marrying?"

"Who?" Grandfather Yan frowned slightly.

"Who else could it be? It's just your old leader's grandson, Gong Tianhao." Yan Siming said loudly, "Haha, you've always said that Xiao Lingyu isn't good enough for me. Grandfather, let me tell you, I'm the one who is not good enough for her."

"You said I'm rich and powerful, and a village girl is not good enough for me. But your old leader's grandson is even richer and more powerful than me. Only an old antique like you will think Xiao Lingyu isn't good enough for me."

Old Master Yan was so angry that he was about to tremble.

He picked up his walking stick and pointed it at Yan Siming, shouting angrily, "Yan Siming!"

However, Yan Siming sneered and said, "Hehe, Grandpa, do you not like the truth? You are a stubborn old antique. You have always wanted me to marry a woman who is worthy of me. Tell me. Among the circles of fake socialites, which one of them is worthy of me? The funny thing is, you don't like the person who is truly worthy of me."

"So, are you satisfied now? That woman has married someone else." Yan Siming said loudly, "From now on, you should prepare to see your eldest grandson die as an old bachelor."

Old Master Yan's face was livid with anger. He pointed at Yan Siming angrily and wanted to curse. He shouted angrily, "Yan Siming, you unfilial son, are you trying to anger your grandfather to death?"

However, what answered him was the sound of a deep snore.

“Dad, what’s wrong?” At this moment, the anxious voice of his second son, Yan Yihai, came from outside the study. Then, he pushed open the door and saw Yan Siming sleeping soundly on the chair. However, the entire study reeked of alcohol. Then, he noticed his father glaring at him with a livid expression.

Yan Yihai asked in a low voice, “Dad, what happened to Siming? Why did he drink until this state?” Why was he still making a scene in the study?

Old Master Yan glared at Yan Siming and said angrily, “This useless thing. For a woman, he actually called me a stubborn old antique.”

“Ah?” Yan Yihai was a little dumbfounded. Then, he reacted, “Xiao Lingyu? What does this have to do with Xiao Lingyu?”

During this period of time, Yan Siming would often have a big argument with the old man. The cause was a woman, the one who sold strawberries and vegetables, Xiao Lingyu.

He did not know why his nephew would have such deep feelings for Xiao Lingyu because Xiao Lingyu was pregnant with an unknown child. His father naturally would not allow the eldest grandson of the Yan family to marry an unclean woman.

Unless Xiao Lingyu aborted the child.

It was obvious that Xiao Lingyu was not willing to abort the child.

However, Yan Siming seemed to have been possessed. He would quarrel with the old man every few days.

Hence, recently, the entire Yan family had been in a state of chaos.

This caused Yan Yihai to have a strong opinion of Xiao Lingyu. ‘What a dangerous woman. She hasn’t even married into the family, but she has already caused chaos in the Yan family.

“The Yan Family will die if she really manages to step into our doors.’

Therefore, other than Yan Ruyu, no one in the Yan family agreed to have Yan Siming marry Xiao Lingyu.

Thinking of this, Yan Yihai asked with a sullen face, “Dad, what did Siming do this time? Is he still clamoring to marry that Xiao Lingyu?”

Old Master Yan looked at Yan Siming coldly and snorted, “Hmph, this unfilial son. He complained and blamed me because Xiao Lingyu married someone else. Go and get me a bucket of cold water. I want him to wake up and clear his mind.”

Why was he so resistant? It was all for Yan Siming

First, it was for the face of the Yan Family. The Yan Family couldn’t allow a woman with an unknown child to be the mistress of the family.

Second, it was for Yan Siming. Yan Siming was the young master of City Z. He had money and power. If he married a country bumpkin carrying an unknown child, he would lose all his face. How was he going to survive in City Z in the future?

However, his eldest grandson would come quarrel with him every few days because of that woman. Thankfully, the news didn't spread out from the family.

When Yan Yihai heard that Xiao Lingyu was married, he was shocked and in disbelief.

"Xiao Lingyu is married?!" Yan Yihai asked suspiciously. He was in disbelief.

Xiao Lingyu was pregnant with a child, so who would marry her? Plus, Yan Yihai really believed that Xiao Lingyu was the reason why Yan Siming had been arguing with Old Master Yan. She was urging him to create trouble at home so that she could be the young mistress of the Yan Family. That way, she wouldn't need to worry about her life anymore. She would have endless money to spend and a group of servants to serve her. Which woman didn't want that kind of life?

That was probably why Xiao Lingyu stuck so close to Yan Siming. Or at least that was what Yan Yihai thought.

So, when he heard that Xiao Lingyu was married, he was confused. 'Shouldn't Xiao Lingyu be latching onto nephew? How did she get married all of a sudden? Could it be that she found a richer family than the Yan Family?'

Old Master Yan glanced at his second son and said loudly, "I told you to get a bucket of ice water. Didn't you hear me?"

Seeing that his father was about to get angry again, Yan Yihai immediately nodded and said, "Okay, okay, I'll go now!"

When he walked out, he was still wondering how Xiao Lingyu got married. It was very unbelievable.

When Yan Yihai went to the kitchen to get ice water, he happened to meet his sister-in-law.

"Yihai, what are you doing in the kitchen?" His eldest sister-in-law asked.

When Yan Yihai saw his sister-in-law, he immediately said excitedly, "Sister-in-law, that Xiao Lingyu has gotten married."

His sister-in-law's eyes lit up. She said happily, "That's great news."

However, Yan Yihai said, "What's so great about it? That Brat, Siming, had gotten drunk because of it. He just had a huge argument with Father."

"What?" His sister-in-law was shocked. Then, she said worriedly, "I'll go and take a look." Then, she thought of something and said, "I'll go and give his father a call first."

Yan Yihai carried the ice water to the study room and said to Old Master Yan, "Father, the ice water is here."

"Pour it directly on his face," Old Master Yan said with a cold expression.

When Yan Siming's mother rushed to the study, she saw Yan Siming, who was sleeping on the ground. Her heart instantly ached.

She walked over, shook his arm, and kept shouting, "Ming 'Er, wake up." Then, she saw that her brother-in-law was about to splash ice water on her son, so she immediately stopped him, "Dad, the water is too cold. Ming 'Er will catch a cold."

Old Master Yan said coldly, "A cold won't kill him. Do it!"

The icy water splashed onto Yan Siming's body. The bone-chilling cold woke him up from his drunken stupor.

He opened his muddled eyes and looked around. When he noticed Old Master Yan, he immediately sneered, "Hehe, Grandpa, Xiao Lingyu is already married. What are you angry about now? Shouldn't I be the one who is angry?"

Everyone, "..."

Chapter 489 My Wife and Her Friends

The banquet was very rich. The villagers finally had a chance to try the dishes from a famous hotel in the county town. They didn't think they'd have the chance in their lives.

For them, the hotel in the county town felt a little scary when they walked into it. That place was too luxurious. They felt so uncomfortable even when walking past it. Plus, the expenditure there was high. It cost 10 to 20 to eat a vegetable. It was almost as much as their daily wages. How could they afford it?

But today was different.

It was said that Xiao Zhengyang's family had invited the biggest hotel in the county to deliver food to the banquet.

The dishes in that hotel were the best in the county. They were extremely popular.

"Is this braised pork balls?"

"Yes, it is."

"What... What kind of fish is this? Why does it have a salty taste? It's a little fishy, but it's very delicious."

"This is a hairtail. I heard that it's from the sea."

"I heard from Zhengyang that the restaurant has provided eight dishes, and six of them are seafood. This hairtail is one of them."

"I've heard people on TV say how delicious seafood is. I can finally taste some today."

"Yea. Today is a great day."

Soon, the dishes were served.

Braised prawns, oyster with garlic, braised fish, fried small yellow croaker, steamed silver cod with mushrooms, and steamed clams with wine. These were all seafood.

Then came the meat dishes like beer duck, braised pork with plum vegetables, braised pork balls, braised chicken with shiitake mushrooms, braised beef brisket with radish, and a big bone soup.

The braised pork balls and beef brisket were from the hotel. The remaining were made by Mother Xiao.

The Xiao family's banquet was really sumptuous. Whether it was the villagers or the guests from outside, they all ate happily with their mouths full of oil.

The villagers were very surprised by the seafood and ate happily.

As some people might be allergic to seafood, the Xiao family had warned the villagers to stop eating seafood immediately if they felt unwell after eating it. In severe cases, they would have to be sent to the hospital for treatment.

The guests from outside the village were full of praise for the dishes made by Mother Xiao. The dishes made by Uncle Chen were already very delicious. They didn't expect there would be a countrywoman who could cook as well as him.

"Mother Xiao's cooking is very delicious!" Grandma Song wiped her mouth.

The dishes that Mother Xiao made looked ordinary, but the taste was really good.

They felt a sense of home and love from the dishes. Perhaps it was because of this reason that the dishes were different from the others.

Gu Ziyue and the others had eaten the dishes cooked by Mother Xiao before. The taste was unforgettable to them.

They also enjoyed themselves at the banquet.

"Why do I feel that Auntie's cooking skills are getting better and better?" Zheng Haiyang said.

"Yeah, yeah, I think so too." Qian Yifan nodded in agreement.

"But why do I feel like crying when I eat this beer duck?" Yuan Xuanhao said as he wiped the tears from the corners of his eyes.

"You can't stand spicy food, so of course, you're getting teary." Qian Yifan said matter-of-factly.

"No, it's not like that." Yuan Xuanhao shook his head and said, "When I eat this dish, I feel a kind of mother's love."

"Now that you mention it, I have the same feeling," Gu Ziyue said.

"I also have the same feeling." The other three agreed.

"The reason why Auntie Chen's dishes are so delicious is that when she cooks, she puts her own feelings into it. Therefore, people who eat the dishes can taste love from her cooking."

The others nodded in agreement, "You're right."

"The Xiao family is a very happy, friendly, and united family. Therefore, their cooking is naturally full of love."

“Yes, yes.”

The Xiao family set up a total of 46 tables.

Every table was basically filled.

Almost every table was filled with people fighting over the dishes. It was so lively!

Of course, those who came to eat at the banquet had a sense of propriety. They wouldn't fight until there was an actual altercation.

Traditionally, the bride and groom would go around the venue to toast each table.

However, everyone knew about Xiao Lingyu's situation.

As for Gong Tianhao, his cold personality deterred many villagers. They didn't dare to talk to him normally. They didn't expect him to come to toast them either.

Everyone knew that the Gong family was rich. Therefore, it was expected for Young Master Gong to be quite arrogant.

Of course, the Xiao family did not force Gong Tianhao to toast every table either.

However, after Gong Tianhao heard about Xiao Lingyu's friends, he wanted to meet them. In fact, he was a little jealous and wanted to get involved in Xiao Lingyu's social circle. His wife's friends were all men. He would not be at ease if he did not get to the bottom of it.

Of course, he wouldn't limit his wife's freedom because of his jealousy.

He knew Xiao Lingyu very well. He knew that she had great ambition and a strong ambition for her career. Naturally, she had to have a certain network and social circle.

He was already the richest person in the country. Even if his wife stayed at home, she would enjoy endless wealth and envy. However, Xiao Lingyu was not a canary in his cage. He wouldn't do that to her either.

He only wanted to make her happy. In the future, whether Xiao Lingyu wanted to be a rich lady or a strong woman with a career, he would support her.

Gong Tianhao held a wine glass and came to Xiao Lingyu's friend's table.

Mother Xiao smiled and introduced them, “Tianhao, they are all Yu ‘Er’s friends in the county. This is Gu Ziye, Zheng Haiyang, Qian Yifan, and Yuan Xuanhao.”

“Ziye, Haiyang, Yifan, and Xuanhao. This is my Yu ‘Er’s husband, Gong Tianhao. Previously, he said that he wanted to meet Yu ‘Er’s friend. Yu ‘Er isn’t feeling well right now, so Auntie brought him here to introduce him to you.”

“Hello!” Gong Tianhao greeted them in a slightly hoarse, magnetic, and cold voice. Facing Xiao Lingyu's male friends, the slightly jealous Gong Tianhao released his aura as a business emperor. However, Gong Tianhao swore that he really only released a little bit of his aura.

After all, they were his wife's friends, so he couldn't go overboard.

However, Gong Tianhao knew very well that this tiny bit of power was very intimidating to these people from the small county.

Gu Ziyue and the other three had a certain amount of power in the county's business.

However, when they faced a real business emperor, their status was equivalent to that of a commoner and an emperor. Hence, Gu Ziyue and the other three felt the pressure coming from Gong Tianhao, and their eyebrows jumped.

This man's aura was so strong.

With just a look, tone, and aura, they felt a strong sense of pressure even though the four of them were successful businessmen themselves.

Gu Ziyue and the other three sat up from their seats, held their wine glasses, and said to Gong Tianhao with a smile, "Congratulations! We'll toast the groom. We wish you and the bride a happy marriage of a hundred years!"

Gu Ziyue and the other three finished the toast.

Gong Tianhao nodded and smiled at the four of them. He said, "I've heard about you from Yu 'Er. Thank you for taking care of my wife."

"Of course, of course. We're friends with Xiao Lingyu." Gu Ziyue and the other two said humbly, "Besides, we have a lot of cooperation with Xiao Lingyu. It's mutually beneficial."

At this point, Gu Ziyue said sincerely, "Speaking of which, Xiao Lingyu has helped me a lot. If it weren't for Xiao Lingyu, there wouldn't be the Gu family hotel today! Xiao Lingyu is the Gu family's benefactor!"

Gu Ziyue was telling the truth.

Gong Tianhao nodded, "It's good that you remember that!"

Gu Ziyue, "..."

The others, "..."

Gu Ziyue was being humble, but Gong Tianhao took it seriously. They didn't know what to say.

Gong Tianhao said again, "Since you're my wife's friends, then you're my friends. Now, let me toast to you."

Gong Tianhao had given Xiao Lingyu the greatest respect by doing so. Otherwise, with his high and mighty status, there was no need for him to come to these small figures to give a toast.

The four of them immediately returned the toast.

Then, Gong Tianhao said, "In the future, if you encounter any major difficulties and need my help, you can directly come to my parents-in-law to inform them."

Gu Ziyue and the other three, "... Sir, what really is your identity? Gu Ziyue and the other three immediately said cautiously, "Okay, thank you!"

They would not reject Gong Tianhao's good intentions.

From the pomp and circumstance of this wedding, one could tell that Gong Tianhao was someone who was rich or noble. People from small counties like them could not compare to him.

Even if the four of them had their statuses in Xing Yin County, there were times that they would need help too.

In the future, when the four knew of Gong Tianhao's identity, they were extremely shocked.

After Gong Tianhao met the four of them, he left. As for the others, his grandfather and a group of subordinates went to greet them.

He desperately wanted to return to the bridal room. He was worried that Yu 'Er was tired. She was pregnant, and she had been busy since dawn. She didn't have any time to rest until just now.

After half a day of torment, she must be extremely tired.

He was worried and had to go back to take a look.

The bridal room was arranged in the Gong Family.

After all, if the bridal room were at the Xiao Family's, it would be quite a humiliation to the Gong Family.

Gong Tianhao returned to the Gong family.

Since it was banquet time, the normally bustling Gong Family was quiet. Only a few guards were left behind. The things at the Gong Family were valuable. This was to prevent petty thefts.

Today was Gong Tianhao's big day. Old Master Gong was very happy. He also went to the ancestral hall to join in the fun.

Now that the old man's health was better, Gong Tianhao allowed him to indulge himself occasionally.

Moreover, Old Master Gong was in a good mood today.

"Boss!"

The people guarding the courtyard immediately greeted Gong Tianhao when they saw him.

Gong Tianhao nodded and said for the first time, "Mm, thank you for your hard work!"

Then, he strode into the bridal room, leaving behind a shocked subordinate.

When he came back to his senses, he muttered, "Boss has changed a lot after marriage. Boss used to be so cold, but now he's quite humane."

His friend exclaimed, "The Madam is really powerful."

The most successful man conquered the whole world!

And the most successful woman was the woman who conquered the man who conquered the whole world!

Their Madam was the most successful woman.

Chapter 490 Annulment

The Gong family were all men. The only two female bodyguards did not come to attend the wedding because they had other tasks.

Therefore, the people who arranged the bridal room were all rough-handed men. However, they did quite a good job.

Wedding posters were pasted on the walls and on the windowsill.

In the bridal room, there were also balloons and streamers.

There was a pink mosquito net, a big red Mandarin Duck quilt, and a pair of cute beige furry bears lined up side by side under the bed.

This was what Situ Xing had suggested.

He said that as a woman, Xiao Lingyu would definitely like these furry things. Plus, they were cute decorations.

In order to take care of Xiao Lingyu, who was pregnant, the bridal room was laid with a red carpet. In fact, the red carpet was laid all over the Gong Family house.

Of course, this was to prevent Xiao Lingyu from accidentally falling.

The courtyard used green bricks that were not slippery.

When Gong Tianhao stepped into the bridal room, he saw Xiao Lingyu who was currently sleeping soundly.

ro

Was CU

There were some snacks and some dishes on the small table next to them. After all, Xiao Lingyu had been busy for half a day. She must be tired and hungry.

ere

On the small table, there were some peanut shells, nutshells, grape skins, and apple skins. Then, there were two dumplings, half a bowl of rice, and some leftovers in a big bowl.

Gong Tianhao shook his head in amusement and said in a low voice, "It looks like she was really hungry."

Then, he walked over, bent down, and took off her shoes. Then, he half-lay on the bed, leaned sideways, quietly and seriously looking at her beautiful and cute sleeping face.

Her slightly red lips were raised, and she was lightly snoring.

Gong Tianhao's eyes deepened. Then, he lowered his head and gently kissed her lips. After he let go, he smiled helplessly and said, "Today, you are really very beautiful. You are astonishingly beautiful, as beautiful as a fairy. Everyone says that you are a flower fairy."

He had always known that Xiao Lingyu was a beautiful person. However, he did not expect that Xiao Lingyu would become more and more attractive, causing him to fall deeper and deeper into her.

Before he met Xiao Lingyu, he had never thought that he would love someone so much.

He was unable to extricate himself from this love!

He was extremely glad that he was the one who had met Xiao Lingyu when she was drugged. He was also extremely lucky that the child that Xiao Lingyu was carrying was his.

Otherwise, his journey of pursuing Xiao Lingyu would definitely be more difficult.

The two of them were already in love, and their hearts were connected. Now, they had the crystallization of their mutual love.

He was truly extremely glad.

In his previous life, Xiao Lingyu had suffered too much.

In this life, he would not let her suffer anymore.

She should be the happiest woman in the world.

He would love her and dote on her until the end of her life!

"What did you say?" Qin Xingbao frowned and asked the tall youth standing in front of him, "Jiang Tao, are you going to break off the engagement with Yan 'Er'?"

When Qin Yan's photos were exposed, Qin Xingbao was already prepared that the Jiang family might come to break off the engagement.

However, when Jiang Tao really came to break off the engagement, Qin Xingbao's heart was filled with incomparable anger.

Jiang Tao nodded and said, "That's right, uncle. I'm here to break off the engagement."

At this time, Madam Qin came out and angrily said loudly, "No, I don't agree!"

Her daughter wanted to marry Gong Tianhao, but the engagement with Jiang Tao had to carry on. If he broke off the engagement at this time, it would further confirm the scandals on the internet. That would make Qin Yan's reputation worse. Her reputation would plummet. How would she be able to survive in the circle of noblewomen in the future?

Moreover, they had other plans regarding the engagement. Therefore, they would definitely not agree to annulment at this time.

Madam Qin asked, "Jiang Tao, does Old Master Jiang know that you came here to annul the marriage? Do you think you should go behind your grandfather's back? You should know that the marriage alliance between our two families is a major event."

Jiang Tao glanced at Madam Qin and said indifferently, "Of course, my grandfather knows that I'm here. Just as you said, Auntie, without my grandfather's permission, how would I dare to propose the marriage annulment between the two families?"

Madam Qin, "..."

Her expression was abnormally ugly.

At this moment, Qin Xingbao said, "I reject this annulment. Back then, this engagement was personally proposed by your grandfather. Naturally, he has to come personally to break it off. Otherwise, I will not admit to this."

The corners of Jiang Tao's lips curled up, revealing a faint mocking expression as he said, "Uncle, Auntie, back then when my grandfather personally came to propose the engagement, he thought that Miss Qin was pure and innocent. In his opinion, she was a good granddaughter-in-law.

"However, do you think my grandfather will still like Miss Qin after she caused our Jiang Family to offend the Gong Family? Do you think that my grandfather would like a granddaughter-in-law who schemed against him? You should all know that grandfather is a person who cares about his face."

It meant that he would never accept Qin Yan as his granddaughter-in-law since Qin Yan had caused him to lose so much face.

Old Master Jiang was stubborn, domineering, and autocratic.

The Qin family naturally knew this.

But they also knew that Old Master Jiang would never come personally to break off the engagement to preserve his face.

Therefore, the Qin family grasped onto this point and refused to let go. They were determined not to break off the engagement.

They needed the Jiang family to restore Qin Yan's reputation. One of the ways was to ensure that the engagement with Jiang Tao continued. It would provide the Qin Family with time to arrange stuff in the background.

Jiang Tao looked at the scheme in the eyes of the Qin couple and revealed a mocking smile. 'Has the Qin Family forgotten that Jiang Family is one of the most powerful families in Beijing? Do they think we are easily bullied?

'They are dreaming if they think they can use the Jiang Family to clear Qin Yan's name.'

Jiang Tao said to them unceremoniously, "Uncle and Auntie, with Qin Yan's current reputation, do you think it's reasonable for you to insist on the engagement?"

“My Jiang family has unwittingly offended the Gong family and Gong Tianhao because of Qin Yan’s scheming. Do you think my Jiang family will offend the Gong family again for Qin Yan?”

“Uncle and Auntie, let’s be frank. Why my Jiang Family wants to break off the engagement and why your Qin Family doesn’t want to, we both know the reasons.

“So, do you think my Jiang family will compromise?”

Jiang Tao directly exposed their goal, making the faces of Qin Xingbao and his wife turn livid and extremely ugly.

Madam Qin pointed at Jiang Tao angrily and said loudly, “Jiang Tao, don’t go too far!”

Jiang Tao said coldly, “Auntie, who is the one who has gone too far? You really need to ask yourself that.”

“You!” Madam Qin’s face turned pale with anger, but she didn’t know how to refute it.

She had always thought that Jiang Tao’s personality was weaker because he was constantly under Old Master Jiang’s control. Qin Yan would easily control him too. But she had never thought that Jiang Tao’s personality would be so cold and hard-hearted!

Jiang Tao didn’t want to waste any more time with them. He said directly, “Uncle and Auntie, I’ll give you a day to consider. If you can agree to break off the engagement, that would be the best.

“But if you still choose to drag this out, then don’t blame me. I am not that easy to bully.”

With that, he left directly.

Jiang Tao spoke so strongly and resolutely, not giving the Qin family a chance to negotiate at all. It made Madam Qin gnash her teeth with hatred.

Madam Qin looked at Qin Xingbao. There was still a wave of anger in her heart as she asked loudly, “Hubby, what should we do now?”

Qin Xingbao glanced at her and said coldly, “What else can we do? Of course, we can only break off the engagement. Do you really think that a good young master like Jiang Tao would marry a used woman like Qin Yan?” “Qin Xingbao!” Madam Qin was extremely angry when she heard her husband say that her daughter was a used woman.

Qin Xingbao’s face turned black as he said, “If Qin Yan isn’t a used woman, then what is she? I’m already being kind. Do you know what people on the Internet say that she is? A prostitute, a high-end prostitute that doesn’t even need money. My daughter is a prostitute. What do you expect me to say?”

Madam Qin’s face also didn’t look good when she heard that.

However, she still defended her daughter and said, “Our Yan ‘Er hasn’t married yet. Isn’t it normal to have a few boyfriends? Why do those people on the internet have to say those horrible things?”

“Also, Gong Tianhao has really gone too far. Even now, he still refuses to acknowledge us and take down those pictures. Does he really want to push Yan ‘Er to her death?”

Qin Xingbao looked at Madam Qin with his sharp eyes and said coldly, "That might not be a bad idea."

Madam Qin's face turned pale at first, and then she scolded loudly, "Qin Xingbao, are you still a human? Do you really want your daughter to die? Let me tell you, if Yan 'Er dies, then the Qin family will not have peace."

Qin Xingbao's face turned black. He flicked his sleeves and snorted coldly.

After her husband left, Madam Qin stomped her feet, returning to her room.

As soon as they left, Qin Yan walked out from a dark corner. Her eyes were filled with anger, and her pale fingertips were deeply embedded in the flesh of her palm. One could see her anger and resentment.

She said viciously, "I won't die so easily. I want revenge! Since I can't get it, then I will destroy it!"
