

### Chapter 501 Xiao Tong's Arrival

"Ah... Ah..."

In the delivery room, screams of pain could be heard.

Gong Tianhao stood outside the delivery room, scratching his head as he paced back and forth.

From time to time, he would stand at the door and constantly ask the nurse guarding the door, "My wife is screaming so loudly, and there is pain in her voice. Let me in. I am her husband, and I want to accompany her."

There were no nurses guarding the door of the delivery room initially, but Gong Tianhao, the husband, kept ringing the doorbell, demanding entry.

Doctor Qin Shumin could not take it anymore and sent a nurse to guard the door. Before the child arrived, the man was not allowed to enter.

The nurse guarding the door shook her head politely to block Gong Tianhao.

The nurse's eyes flashed with envy. This handsome man must really love the women inside. Otherwise, he would not have been so concerned.'

Gong Tianhao was rejected again. He scratched the back of his head anxiously and said, "When will this be over? She has already been in the delivery room for two hours."

The nurse rolled her eyes and thought to herself, 'That's just two hours. Many women have to be in labor for more.'

The nurse smiled and said, "Don't worry. Since Doctor Qin didn't say anything, it means that your wife is safe. Sir, don't worry. Your wife will be able to give birth safely."

This nurse was specially arranged by the director to serve Xiao Lingyu.

Gong Tianhao had heard this many times, but he was still worried. He had never been through this before, so he had no idea how long the labor process would be. He had no idea how painful it was either.

"Tianhao, you can sit here for a while." Father Xiao couldn't stand it anymore and advised, "Doctor Qin and your mother are inside. Nothing will happen."

Gong Tianhao asked anxiously, "But dad, Yu 'Er has already been in there for more than two hours."

Father Xiao smiled and comforted him, "That's nothing. When your mother gave birth to Yu 'Er, she spent more than ten hours in the ward. That's how it is. Some have it short, and for the others, it'll be a long process."

Gong Tianhao was still worried. "But Yu 'Er's water had already broken when she was pushed into the ward. Is there really no

problem?"

Grandma Xiao immediately stopped him. "Gong Tianhao, don't you jinx it. No one can control how long the labor will be."

"Hehe, Tianhao, come and sit for a while. Don't worry about it." Third Uncle Xiao smiled and said, "You're infecting us with your nervousness."

Childbirth was very risky. There was a Chinese saying that a woman giving birth was like a walk through the Gates of Hell.

"That's right, Tianhao. Don't worry," Grandma Xiao said with a smile.

Just as Grandma Xiao finished speaking, the sound of a baby crying could be heard from the delivery room.

Everyone was stunned for a moment before they reacted and said, "The child is here!"

"Haha. Yu 'Er has given birth." Father Xiao laughed loudly.

Gong Tianhao also reacted and said in a daze, "The child is here. The child is here."

After a while, Mother Xiao carried the child out.

When everyone saw this, they immediately surrounded her and the new addition to the family.

Mother Xiao smiled and said, "The child is here. The boy is seven catties and two taels!"

Everyone's gaze was attracted by the child. "Mom, how is Yu 'Er? Is she alright?" Gong Tianhao asked anxiously. He did not care about the child at all.

What Gong Tianhao did not know was that while he was talking, the baby in Mother Xiao's arms opened his eyes. His eyes rolled around before he fell asleep again.

Mother Xiao smiled and said, "Mother and son are safe! Tianhao, don't worry."

When Gong Tianhao heard that both mother and son were safe, he immediately barged in. Mother Xiao and the nurses didn't have time to stop him.

"Eh, did the child open his eyes?" Grandma Xiao asked with a smile.

"I did notice that he did." Father Xiao smiled.

"The child must be very clever to open his eyes so early." Grandpa Xiao said, "Give me. I want to hug my great-grandson!"

Old Master Gong barged in. "No. Me first!"

Back then, Grandpa Gong had told Gong Tianhao that after the child was born, he had to be the first one to hug the child. However, since he had lost to Mother Xiao, he couldn't lose out anymore.

"No, me first." Grandpa Xiao countered. "This is my first great-grandson."

"He's also my first great-grandson," Old Master Gong immediately retorted.

"I'll hug him first!"

“Me first!”

The two old men argued. In the end, Grandma Xiao held the child in her arms and said with a smile, “Don’t argue. I’ll hug him first. My good great-grandson, you’re really cute and pretty!”

Old Master Xiao, “...”

Old Master Gong, “...”

Old Master Gong was on the verge of crying. He was supposed to be the first to hug his great-grandson. However, it was still not his turn yet.

Grandma Xiao held the baby for a while and teased him for a while. Then, she handed it to Old Master Gong and said, “In-law, come and give him a hug!”

Then, she said to the baby, “Baby, come, give great-grandfather a hug.”

Then, she handed the baby to Old Master Gong and said, “Come, in-law, your great-grandson wants to hug you. Be careful!”

When Old Master Gong heard that he was going to hug the baby, he immediately became nervous and excited.

He said, “Come, come, great-grandfather will hug you!”

“Be careful!” Grandma Xiao said with a smile, “Eh, the baby smiled!”

“Ha, not only did the baby open his eyes, but he also smiled!”

“Haha, this child is really smart!”

“He’ll be a very smart child!”

Old Master Gong held the baby in his arms and liked him more and more.

At this moment, Xiao Lingyu was pushed out. When everyone saw that Xiao Lingyu looked so good after giving birth, they immediately heaved a sigh of relief.

They said, “Yu ‘Er, it’s good that you’re safe.”

Xiao Lingyu smiled.

Doctor Qin said, “Even though the conditions are good, the mother and son have to stay for observation for at least two more hours. If there’s no accident, they’ll be discharged from the hospital tomorrow.”

Everyone nodded.

“Yu ‘Er, come, take a look at the baby. He’s so cute!”

“He opened its eyes just now and even smiled.”

“What a smart little fellow!”

Chapter 502 Xiao Tong’s Arrival

“Yu ‘Er, look, the baby is really beautiful and smart!” Aunt Xiao held the child and said to Xiao Lingyu, “Normally, children are born wrinkly and red, but our baby is fair and tender!”

Xiao Lingyu’s eyes lit up when she saw this child. The boy was very beautiful. He was fair, tender, and chubby. They were even more beautiful than a full moon child.

She remembered that in her previous life... When the child was born, Mother Xiao had carried the child to her side and wanted her to take a look.

She had indeed taken a look at it back then. Xiao Tong was red and wrinkly. She thought he was ugly. What caused the huge difference in this life?

Xiao Lingyu was a little puzzled. Why was there such a huge difference in appearance when they were both from the same womb?

However, on second thought, the reason came to her. In this life, she ate well and slept well. Plus, she had the nourishment from the spring water. The spring water aided in cleansing. She drank it every day.

“Yes, this child is really too beautiful.” The nurse at the side said with a smile, “This is the first time I’ve seen such a cute newborn child.” Then, she asked Doctor Qin, “Doctor Qin, have you seen such a pretty newborn?”

Doctor Qin shook her head and said, “I’ve delivered babies for more than twenty years. However, this is the first time I’ve seen such a beautiful and cute baby right after he was born.”

“See, it’s the first time for Doctor Qin too.” The nurses were shocked. “Madam Gong, congratulations on your son!” The other nurses joined in, “Madam Gong, congratulations!”

Everyone gathered at the entrance of the delivery room to look at the baby and congratulate Xiao Lingyu. It was very lively.

Fortunately, this ward was reserved specifically for Xiao Lingyu. Otherwise, the crowd would be chased away already.

At this moment, Father Xiao looked around and asked curiously, “Doctor Qin, didn’t Tianhao enter the delivery room? Where is he now?”

The three nurses immediately sniggered.

Even Doctor Qin couldn’t help but laugh.

Then, one of the nurses said with a smile, “As long as Mr. Gong entered the delivery room, he rushed to Madam Gong. After knowing she was fine, he fainted. The three of us girls had to haul him to a hospital bed!”

“Ah?!”

The Xiao family members were speechless after hearing that.

He fainted in the delivery room!

This was probably the first time they had heard something like this!

Xiao Lingyu was also speechless, but she was touched.

Gong Tianhao only fainted after confirming that she was completely safe.

As for the child, he did not even take a look.

Mother Xiao smiled and said, "Since Tianhao is lying on the bed, let him sleep for a while. He had been so tense during this recent period. He didn't even get to rest well. Since both the mother and son are safe, let him rest."

"Okay, okay. Let Tianhao rest well!"

Everyone was speechless and helpless.

Gong Tianhao was probably the first to run into the delivery ward to faint.

Xiao Lingyu was pushed back to the VIP ward.

The VIP ward was a separate ward with a sofa and all the amenities.

"Come, give the baby back to his Mommy," Grandma Xiao said with a smile.

Grandpa Xiao, who had just carried his great-grandson, was a little unhappy.

He said, "Let me hold him a little longer. I just got my hands on him."

Grandma Xiao said with a smile, "Haven't you held enough babies in the past?" Grandpa Xiao had been father and grandfather to many children already.

Grandpa Xiao shook his head and said, "This is not quite the same. This is the first great-grandson of our Xiao family."

Grandma Xiao said with a smile, "Hehe, you always say that. When our eldest son was born, you said it was your first child, so you kept carrying him around. When it was your first granddaughter, you said the same thing. Now when it's your great-grandson, your script hasn't changed."

Grandpa Xiao grinned and said, "But I love them all, and I can't let them go!" He loved his children and grandchildren equally, regardless of their sex. He cared for them and ensured that they would have a happy childhood.

Grandma Xiao said, "Alright, let's put the child next to Yu 'Er. Yu 'Er has to feed him soon."

Since Grandma Xiao had said that, there was no choice but for Grandpa Xiao to hand Xiao Tong back to his mother.

Grandpa Xiao was very careful. He was also very experienced in handling newborns.

As soon as the child returned to the bed, he slid toward his mother.

"Oh, this child is really obedient."

"Yeah, he doesn't cry no matter who is hugging him."

Eldest Aunt Xiao said, "Hopefully, he's not just holding the tears in for the night." Everyone, "..."  
Hopefully.

Chapter 503 Father and Son at Odds

The worry was unfounded. Xiao Tong was very obedient.

Whether it was during the day or at night, he did not cry.

When he was hungry, he snorted twice. He urinated a little and occasionally opened his eyes to take a look. When he looked at his mother next to him, he fell asleep peacefully.

He created little fuss, and he was a pleasant surprise to everyone.

Xiao Lingyu looked at the child lying next to her with a soft motherly glow in her eyes. From time to time, she would gently stroke the baby next to her.

She knew that the child had always been very sensible since he was young. And her mother told her in her previous life that Xiao Tong was also very smart.

However, due to his frail physique, he rarely played with other children. The other children also often mocked him. Xiao Lingyu owed Xiao Tong too much. She couldn't make up for his weak body and sad childhood.

Now that she had a chance to start over, she would definitely let Xiao Tong grow up happily and safely.

Xiao Lingyu had a natural birth and would be discharged from the hospital tomorrow, so she did not need too many people to take care of her.

Ever since Gong Tianhao woke up, he had never left Xiao Lingyu's side. He had always taken care of her wholeheartedly.

However, the man didn't know how to take care of the child.

Therefore, Mother Xiao stayed behind to teach him. Gong Tianhao learned to carry the child, change diapers, and put on clothes for the child.

Gong Tianhao was a brilliant man. He picked up everything smoothly. However, when it came to learning how to take care of a child, he was clumsy.

Whenever he tried to carry the child, Xiao Tong would cry like Gong Tianhao's arms were covered in needles.

The child was not a crier. Whenever someone else carried him, he would not cry. However, when he was placed in his father's arms, he would cry loud enough to shake the earth.

Gong Tianhao was speechless.

Xiao Lingyun chuckled, "Brother-in-law, are there thorns in your arm? Otherwise, why would the baby cry non-stop when you carry him? The child doesn't do that with others."

The others covered their mouths and laughed as they said, "That's right. The child is willing to be carried by anyone. How come when Tianhao tries to carry him, he will start to cry?"

“This is really weird.” Everyone laughed. “Why doesn’t the child want to be carried by his father?”

“Tianhao, you have to work hard! Now you have to win over your son!” The Xiao Family chuckled.

Gong Tianhao, “...” He didn’t even want to carry this little love rival who stole his wife.

Gong Tianhao noticed that whenever he tried to hug Xiao Tong, the brat would open his eyes and confirm it was him before he started to cry. Then, when Xiao Tong was rescued from his father, he would shoot Gong Tianhao a disdainful look.

‘Is that really a newborn?’ Gong Tianhao remembered the story of the reincarnation Xiao Lingyu told him. He now suspected the child was reborn just like Xiao Lingyu too. However, he had no way of verifying that.

After changing the diapers for Xiao Tong, Mother Xiao smiled and said to Xiao Tong, “Baby, you’re so obedient! You’re so sensible, and you never cry when your mother is asleep!”

Xiao Tong was really very clever. Once someone approached him, he would open his eyes. If it were someone he knew, he would twitch his mouth to smile at them. If it were a stranger, he would curl his lips and express his dissatisfaction.

The funniest thing was that whenever his father tried to lean on his mother’s side, Xiao Tong would start crying. When Gong Tianhao heard the cries, he had no choice but to get up and check on Xiao Tong. The moment Gong Tianhao came close, Xiao Tong would stop crying. When Gong Tianhao returned to his wife’s side, Xiao Tong would cry again.

Gong Tianhao was so angry that he really suspected that this child was deliberately going against him. However, since Xiao Tong was a newborn, Gong Tianhao had to endure it. Xiao Tong was his son too.

Mother Xiao smiled and said, “Tianhao, does the baby have a problem with you?”

Gong Tianhao said, “Mom, he’s only so young. Why would he have a problem with me?”

“Hmph. Little Brat, I can’t do anything to you now. When you’re older, I’ll spank your little butt.’

Mother Xiao said, “But the child is so sensible usually. He will only cry when he’s around you.” At this point, Mother Xiao thought for a while and said, “Tianhao, have you noticed that as soon as you get close to Yu ‘Er or make any intimate movements, the baby will cry?” This child was simply too smart.

Gong Tianhao smiled and said, “Mom, you’re thinking too much. It’s just a coincidence.”

At this point, he picked up the baby again.

Just as the baby was about to cry again, Gong Tianhao lowered his head and whispered to him, “If you do that, you’re going to scare your grandma.”

Xiao Tong, “...”

Grandma, I didn’t mean to do that. I swear!

Chapter 504 Discharge from the Hospital

After hearing his father, Xiao Tong froze for a moment.

But then, he opened his eyes a little and gave his father a disdainful look. Then...

“Oh, the baby peed!” Mother Xiao was arranging the baby’s clothes and diapers when she saw the baby peeing on Gong Tianhao.

Gong Tianhao, “...” He definitely saw the deliberate gaze the brat shot him.

Mother Xiao noticed Gong Tianhao, who was in a daze and immediately took the baby from his hands. She smiled and said, “Tianhao, why is the child so against you? Haha...”

Gong Tianhao, “...” He also wanted to know.

Mother Xiao looked at her chubby grandson and said with a laugh, “Baby, why do you dislike your father so much? Your father dotes on you very much and loves you very much.”

After the child peed, he fell back into a deep sleep. He didn’t hear his grandmother.

‘Hmph. This man is here to snatch mommy from me!’ Of course, no one knew what Xiao Tong was thinking.

Mother Xiao skillfully changed the baby’s diaper, tidied up his clothes, and gently placed him next to Xiao Lingyu. Then, she looked at the baby and said with a smile, “Our baby is really beautiful.”

Xiao Lingyu had expended a lot of energy during the birth. Therefore, she spent most of her days lying in bed. Occasionally, she would get down from the bed to move around.

Xiao Lingyu looked at the baby next to her and said with a smile, “Yes, the baby is really beautiful!”

Mother Xiao said, “Yu ‘Er, you will be discharged from the hospital soon. Are you feeling well?”

Xiao Lingyu nodded. “Yes, I feel fine.” She was a little tired at first, but she felt better after a long sleep. It was probably the effect of the spring water. She gave birth yesterday afternoon, and she could already leave the hospital today.

She didn’t want to stay at the hospital for too long. Even if she had a VIP ward with great disinfection, the baby had weak resistance. She wanted to go back as soon as possible. To give birth to a healthy baby, Xiao Lingyu took good care of her health.

At that moment, Gong Tianhao came back after cleaning his shirt from his son’s pee. Following behind him were Father Xiao, Xiao Lingyun, and the two girls.

They were here to pick up Xiao Lingyu and Xiao Tong.

Mother Xiao was wrapping a scarf after Xiao Lingyu’s head. It was to shield her from the wind. The next month was the most important moment for a new mother. If she had a good Yue Zi, she would heal well.

Gong Tianhao took a coat from the side and helped Xiao Lingyu put it on. Autumn had gone, and they were entering winter. Inside the hospital, there were heaters to keep them warm, but outside, the cold wind was bone-piercing

When Mother Xiao saw this, she immediately took off the coat and said, "Tianhao, the coat looks fashionable, but it's too thin. Yu 'Er needs something thicker."

Then, she put on a thick cotton-padded jacket for Xiao Lingyu. The moment she put it on, Xiao Lingyu felt especially warm. Gong Tianhao, "..."

Looking at Xiao Lingyu, who was wearing a bloated coat, Gong Tianhao felt that Xiao Lingyu was very cute and couldn't help but smile.

"..." Xiao Lingyu said unhappily, "I know I look ugly in this large jacket, but you don't need to smile at me."

Mother Xiao chided her, "Xiao Lingyu, what do you mean? Tianhao is smiling because you're cute in the jacket."

Xiao Lingyu, "...". Ever since they got married, her position in her parents' hearts had plummeted. They favored their son-in-law more and more.

Gong Tianhao tidied Xiao Lingyu's hair and clothes and said with a smile, "Mom, Yu 'Er looks so cute in this outfit!"

Xiao Lingyu had spent a few years in the big city and worked hard in the workplace for a few years in her previous life. Her taste in clothes was definitely fashionable. Even after she was pregnant, her clothes were impeccable.

However, the cotton-padded jacket was like an ugly sweater. It was more functional than fashionable.

Mother Xiao chuckled, "She does look cute. But..." Mother Xiao said with a serious expression, "For this month, she has to pay close attention to things. Don't stand out in the wind. Don't take cold water or icy things. Got it?" Mother Xiao sternly instructed.

Xiao Lingyu nodded. "Got it, Mom!"

Gong Tianhao secretly nodded and remembered this too.

"Also, you should not shed any tears during this month."

"Okay, I know."

Gong Tianhao nodded his head to show that he also remembered.

Father Xiao said with a smile, "Have you packed everything? The cars are waiting outside."

Xiao Lingyun came in to help clean up. Rourou and Lulu lay by the bed and looked at their newborn cousin.

"Is this our new little brother? He's so pretty and cute!" When they saw their fair and tender little cousin lying on the bed, the eyes of the two elder sisters immediately lit up.

"But he's so small!" Rourou said in confusion, "Mommy, why is our little brother so small?"

When she asked this, her little hand reached out to pinch the baby's face and exclaimed, "Little Brother's face is very easy to pinch. It's soft and smooth."

Lulu also went forward and pinched her little cousin's face. She nodded in agreement and said, "Little Brother is so tender!"

The adults, "..."

Xiao Lingyun went forward and gently patted the two children. She smiled and said, "Lulu, Rourou, you can't pinch your little brother at will."

"Why?" The two sisters asked in puzzlement.

"Because little brother is too young now," Xiao Lingyun explained, "If you pinch him, he will hurt. Do you understand?"

The two little babies nodded and said, "Yes, yes, we understand. Mom, why is little brother so small?"

Xiao Lingyun said, "Hehe, when you were born, you were even smaller. Your brother weighs more than seven pounds, while you only weighed six pounds." Xiao Lingyun gestured with her hands.

Back then, when she was told she was carrying girls, the Cheng Family didn't care about her at all. Fortunately, her parents were there for her. When she couldn't cook, she went to her parent's house to eat. It was thanks to her parents that Xiao Lingyun managed to give birth to the two girls safely.

When she thought about how hard it was at that time, Xiao Lingyun couldn't help but show some bitterness.

Fortunately, things had changed. She was now living very well with her daughters with her maiden family.

The two girls couldn't believe they were once smaller than their little brother.

"Then, mother, will little brother grow bigger? Will he get as big as us?" Lulu asked curiously.

"Of course." Xiao Lingyun patted Lulu's head and said with a smile, "In four to five years, your little brother will be as big as you are now. You have to eat well and not be picky-eaters so that you can grow up to protect your little brother, alright?"

When the girls first returned to Taoyuan Village, they ate everything. After all, they were used to being starved by the Cheng Family. However, after they were sure there was enough food, they started to become pickier. Xiao Lingyun had lectured them a few times, but they didn't change.

When the two little babies heard this, their eyes lit up, and they immediately nodded. "Yes, yes. In the future, we won't be picky about food anymore. We have to grow up big, tall, to protect our little brother."

Xiao Lingyun said with great relief, "That would be great." In the past, no matter how hard she lectured them, they wouldn't change their ways. However, with their brother's arrival, they promised to stop being picky eaters.

At this time, Xiao Lingyu also said with a smile, "Lulu, Rourou, your little brother is still young, so he needs you as his older sisters to protect him. When he's older, he'll protect you back." Lulu asked with some confusion, "But Aunty, we are elder sisters. Shouldn't we always protect brother?"

"But your brother is a man." Xiao Lingyu said with a smile, "He'll grow up tall to protect you."

"Oh. Okay." The two little girls nodded with some understanding.

After a while, Lulu whispered to her younger sister, "If that's the case, then I don't wish for little brother to grow up. In this way, we will always be the elder sisters protecting little brother."

The adults, "..."

The children were so innocent and cute.

At this moment, the baby suddenly cried out. Mother Xiao thought he was hungry or his diaper needed changing, but that was not the case.

Mother Xiao frowned. "Is he disagreeing with his two sisters?"

Gong Tianhao, "...". His gaze deepened.

His son was different from others. It confirmed his guess. If Xiao Tong had reincarnated, would he have misunderstanding against his father? After all, Gong Tianhao was never a part of his life in Xiao Lingyu's previous life.

In his previous life, Xiao Tong had suffered a lot, so Gong Tianhao understood if he had some reservations about his father.

In this life, he would definitely be by their side.

However, Gong Tianhao did not know that accidents always happen. It could be natural or man-made.

This accident caused Gong Tianhao, who should be with his wife and son wait for another four years before he would reunite with them.

Life was like a dramatic story.

Xiao Lingyu thought that her family of three would finally be together in this life after they missed out on that chance in her previous life. However, she later found out God had more trials for her. Her happiness was destroyed in that instant.

However, many years later, she understood that the accident had made their life more interesting

"Alright, pack your things. Let's leave," Father Xiao said. Then, he said to Mother Xiao, "Qiuying, let me carry the child."

Everyone loved Xiao Tong. Even his grandfather, Father Xiao only had a small window to carry his grandson. His little grandson was so beautiful and cute that he wanted to keep it in his arms.

Mother Xiao rolled her eyes and said unhappily, "No. You're so clumsy. You're not going to carry my grandson well."

Father Xiao was speechless. "But I've already raised two children. Didn't I carry Yu 'Er and Ye 'Er when they were young?"

"..." Mother Xiao immediately defended herself, "Oh, did someone forget that once he carried the two children, they cried non-stop?"

Gong Tianhao, "..." Did his father-in-law face the same situation as he did now?

Father Xiao's expression became a little shy as he said, "That only happened once or twice. Qiuying, I want to hug my grandson. I only hugged him for a short while yesterday before he was taken away."

However, Mother Xiao refused immediately, "No. You're so clumsy. I'm afraid that you'll make my good grandson cry. The weather is freezing now. What if my precious grandson cries?"

"..." Father Xiao sighed and said, "Alright, I'll hug him to my heart's content when we're home!"

Then, the group of people carried their belongings to the entrance of the hospital.

There were two cars. Including the driver, there were more than ten people.

"Mother, I want to share a car with little brother." The moment they came out, Lulu told Xiao Lingyun.

"I want to share a car with little brother too!" Rourou added.

If the two girls wanted to share a car with Xiao Tong, then their mother had to accompany them.

"This..." Xiao Lingyun hesitated.

"Alright, let's share a car." Mother Xiao said decisively, "Yu 'Er's family of three and Yun 'Er's family of three will take the same car. The rest of you can take the other car."

"That's overloading." Father Xiao said disapprovingly, "There are already seven people in one car, including the driver. This won't do."

Father Xiao had always taken traffic safety very seriously.

"No, we want to be in the same car as little brother." Lulu and Rourou were very stubborn.

Gong Tianhao said, "Mom, how about this? Yu 'Er should be able to take care of the two girls. Sister-in-law doesn't need to worry. The road from here to home is very smooth. It'll be fine."

Xiao Lingyun nodded and said, "Alright then."

Father Xiao frowned. "But there's still one more extra person."

Gong Tianhao, "..."

Father Xiao was still very insistent on this point.

They had to abide by the traffic rules no matter what.

This was for the safety of the family.

## Chapter 505 Car Accident!

In the end, Gong Tianhao and Xiao Lingyu would be driving alone. Gong Tianhao asked someone to bring over a third car.

Father Xiao was insistent that they couldn't violate the traffic rules. Even though Xiao Lingyu said she could drive, the others didn't allow her to do so.

There were more than ten people and two cars. Gong Tianhao did not have the habit of squeezing with others. He also wanted to spend some alone time with Xiao Lingyu.

With a call, the third car appeared. The Xiao Family was used to Gong Tianhao's habits, so they didn't force him.

Mother Xiao and Xiao Lingyun and all the children took the first car and left. Gong Tianhao and Xiao Lingyu took the second car, while Father Xiao and another driver took the third car.

Father Xiao felt left out.

In the car, Rourou and Lulu looked at their little brother, who was still sleeping. They were very puzzled and curious. They asked, "Mother, why does little brother keep sleeping?"

It had been some time since they left the hospital, but they hadn't seen their little brother wake up.

Xiao Lingyun smiled and said, "Because little brother has just been born, he needs to sleep more. He needs to sleep to grow up." Rourou and Lulu asked, "Can one grow up by sleeping more? Then, does that mean we should sleep more often too?"

Xiao Lingyun immediately explained, "My babies, you've grown up now. You don't need to sleep all day." Her two daughters loved to sleep in. She had a hard time waking them up in the morning. So she had to clarify the issue quickly.

Mother Xiao said with a smile, "Haha, our Xiao Family's children are really smart. However, Rourou, Lulu, your younger brother has just been born, so he needs to sleep more. When he's a bit older, he'll play with you. Your little brother is not a lazy bug who sleeps in."

Rourou and Lulu chuckled slightly. Then they asked, "Second grandma, when will little brother be able to play with us?"

Mother Xiao smiled, "I'm afraid it'll at least be another two months."

"Okay."

Gong Tianhao was driving while Xiao Lingyu was in the passenger seat.

Gong Tianhao would occasionally sneak a glance at his sweetheart.

Xiao Lingyu, "..."

Xiao Lingyu laughed and asked, "Focus on the road. Why do you keep peeking at me?"

Gong Tianhao's tone was gentle and sweet. He smiled and said, "You're really cute today!"

Xiao Lingyu's face turned red, and she said awkwardly, "You don't have to comfort me. I know that wearing this floral cotton-padded jacket is very ugly."

Gong Tianhao immediately said seriously, "Hmph, if anyone dares to say that my wife is ugly, I will definitely let them know what true ugliness is."

At this point, his expression relaxed again. He raised his eyebrows and said with a smile, "Wife, to be honest, other people might not be able to handle this heavy jacket, but my wife is beautiful and tall. She is a walking coat-hanger. No matter how ugly the clothes, they'll look awesome on you. Even in this jacket, you look so cute."

Xiao Lingyu's cheeks burned even more. She chuckled. "Does your partners and subordinates know that you have such a sweet mouth?"

Gong Tianhao immediately said proudly, "Why should they know? They are not my wife."

At this point, he grinned, revealing his shiny white teeth, and said, "Haha. I will only sweet talk to my wife. Honey, are you touched?"

Xiao Lingyu smiled and said perfunctorily, "Of course, of course." She glanced at the road ahead and continued, "Then can I trouble Mister Hubby to watch the road ahead?"

Gong Tianhao immediately replied, "Sure!"

However, after he replied, he put down his right hand that was holding the steering wheel. Then, he grabbed Xiao Lingyu's left hand and held it tightly and gently. He said seriously and deeply, "Honey, thank you for everything."

It was a simple sentence, but when Xiao Lingyu heard it, she felt a sweetness in her heart that made her feel happy.

Xiao Lingyu held onto Gong Tianhao's hand and said seriously, "Before I fell in love with you, I treated the child as my whole life. But now, I felt like I gave birth to the child because he was the fruit of our love."

Gong Tianhao held onto Xiao Lingyu tightly and said gratefully, "Wife, thank you so much!"

From the moment he met Xiao Lingyu, he felt that every moment was blissful. Even the air he breathed was slightly sweet.

Now that Xiao Lingyu was his wife, every minute and second of his life was surrounded by happiness.

Gong Tianhao had lived for 28 years. He had never thought that he would fall in love with a woman at first sight. In fact, he had never thought he would love a woman so much.

Love didn't need a reason. But if he were forced to give a reason, there would be so many. He loved her eyes, her eyebrows, her nose, her pink lips, and even her hair.

He loved her every move, even her every word, and every glance and smile.

Many people said that love was blind.

Love was indeed blind.

For this love, he was willing to sacrifice everything, including his own life. He was willing to use his life to protect hers.

Gong Tianhao caressed the back of Xiao Lingyu's fair and tender hand, and his eyes revealed deep affection. He said, "Honey, I realize that I'm falling more and more in love with you. I love you so much that I can't part from you for even a moment. What should I do?"

Xiao Lingyu turned her head, and her eyelashes fluttered a few times. Her beautiful almond-shaped eyes looked at Gong Tianhao seriously.

The curve of his side profile was so perfect. This man was the richest man in the country and perhaps even the richest man in the world.

Such a powerful and wealthy man could have any kind of woman he wanted. Yet, he fell in love with Xiao Lingyu. She was just a village girl. How could she be so lucky?

Xiao Lingyu looked at Gong Tianhao and said seriously, "Gong Tianhao, I love you more and more too. I can't bear to part with you. I think I'd die if I do."

Whoosh!

Gong Tianhao's car suddenly came to an emergency brake.

Then, he immediately let go of the hand that was holding the steering wheel. Instead, he held Xiao Lingyu's head and made Xiao Lingyu look at him.

Gong Tianhao suppressed his excitement and asked calmly, "Honey, I didn't hear what you just said. Can you repeat it?"

Xiao Lingyu didn't argue and raised her head. She looked at Gong Tianhao and said seriously, "Gong Tianhao, I love you more and more too. I can't bear to part with you. I think I'd die if I do."

"Honey, I'm very happy to hear your confession. But, honey, if we do need to part, I hope that you will live on well. Because we have a child who needs you."

Love was hardest for the person who was left behind. However, no matter how painful it was, they had to move on because that was what their lovers would have wanted.

This was painful and cruel for the living. They would be the ones who had to live with the memories and pain. When their lovers passed on, then their common memories would disappear too. It was too cruel!

Xiao Lingyu immediately covered his mouth and shook her head, saying, "Today is a good day. Let's not say these depressing words!"

Gong Tianhao immediately laughed and said, "Right, right. Let's not say these depressing words. We will be together for the rest of our lives."

Even if he forgot everything, he would definitely not forget his beloved wife. He would definitely remember her scent and find her.

“Beep Beep...” The horn of the car behind him sounded.

Father Xiao, who was following behind them, noticed his daughter and son-in-law’s car suddenly stop. Father Xiao’s car also had to stop, or they’d bump into each other.

Father Xiao was very confused and even more worried.

Father Xiao asked the driver beside him, “Zhendong, what’s going on? Why did Tianhao and Yu ‘Er’s car suddenly stop?”

Xie Zhendong was a highly trained person. He could see very clearly through the car window. His boss was romancing his madam boss. How could he tell Father Xiao about that?

Xie Zhenzhong coughed twice and said, “Uncle, it’s nothing. They probably had to stop to do something.” As for that something, he wouldn’t elaborate.

Father Xiao was worried. “What’s the matter with them? Why did they suddenly break?” Then, he thought of a possibility and immediately widened his eyes, saying, “Do you think that the two of them are quarreling?”

Xie Zhenzhong, “...

“I’ve seen many tv shows. People get into car accidents when they are arguing.” Father Xiao became more worried. Suddenly, he opened the car door and got out, saying, “No, I need to go and take a look. They shouldn’t quarrel in the car. It’s too dangerous.”

“...” Xie Zhenzhong quickly pulled Father Xiao back and said anxiously, “Uncle, trust me. They’re fine.”

Father Xiao looked at him suspiciously. “Are you sure?”

Xie Zhenzhong nodded vigorously and said, “Yes, they’re fine. Uncle, trust me. My eyes are sharp. I can see them at a glance.”

Father Xiao stopped outside the car door and asked, “What are they doing now?”

“They... are pulling on each other’s clothes?” Xie Zhenzhong made up a random excuse in a moment of desperation.

Father Xiao frowned and was full of doubt. “Huh? What do you mean?”

Xie Zhenzhong reacted very quickly and immediately said, “Probably, it’s too hot inside the car for the Madam because of her jacket. The boss is worried about so he stepped on the brake to help her take the jacket off.” Xie Zhengzhong really wanted to clap himself on the back for coming up with this perfect excuse.

Father Xiao nodded, but he was still confused. He couldn’t really pinpoint the problem.

Gong Tianhao and Xiao Lingyu’s car stopped, so the car behind them stopped as well.

After waiting for a while, Father Xiao asked suspiciously, “Zhenzhong, do they need so long to pull off a jacket?” It had been more than ten minutes already.

Xie Zhenzhong wiped the sweat off his forehead and complained to his boss, ‘Boss, even if you want to do something, you can do it at home. Why did you stop in the middle of the road? No wonder uncle suspects that you two are quarreling.’ A moment ago, Xie Zhenzhong was still gloating over finding a reasonable reason. He didn’t expect to be exposed in the next moment.

Xie Zhenzhong laughed and said, “Uncle, Boss hasn’t seen this kind of cotton-padded jacket before. He’s not familiar with it. So it took him longer.”

This time, Father Xiao didn’t believe him at all.

With a serious expression, he said, “Even if Tianhao isn’t familiar with it, Yu ‘Er is. It can’t take more than ten minutes to remove it. It’s impossible.”

Xie Zhenzhong, “...”

Father Xiao said worriedly, “Tianhao and Yu ‘Er must be arguing in the car. No, I’ll go take a look. Yu ‘Er has just given birth. She can’t be agitated.”

Xie Zhenzhong didn’t know what excuse to use to stop him. He leaned on the honk and pressed it.

Soon, the car in front started and drove away.

When Father Xiao saw that, he returned to the car.

Xie Zhenzhong secretly heaved a sigh of relief.

Gong Tianhao and Xiao Lingyu started the car again and slowly drove home.

Just as they reached the intersection between the town and the Peach Blossom Village, a large truck rushed over from the other side. It looked like the brakes had failed.

Gong Tianhao’s pupils constricted as he slammed on the brakes. Then, he subconsciously moved Xiao Lingyu, who was sitting in the passenger seat, under his body.

“Bang!”

“No!”

The collision of the car and Xie Zhenzhong and Father Xiao’s heart-wrenching screams intertwined.

### **Chapter 506 Serious Injuries**

Xiao Lingyu’s pupils constricted as the truck headed straight for them. Her face was pale, and she did not have time to react.

Furthermore, when the truck crashed into them, Gong Tianhao’s first reaction was to protect Xiao Lingyu and press her under his body so that she would not be harmed.

Hence, when her mind was blank, she completely forgot about the existence of her farming space.

After that...

“No!”

When Xiao Lingyu came to her senses, she lifted her head from under Gong Tianhao and saw that Gong Tianhao’s head had crashed into the windshield. He was bleeding profusely.

Xiao Lingyu’s mind went blank again. She did not know what to do.

When she came to her senses again, she cried out in panic, “Tianhao, Tianhao, wake up! Don’t scare me!”

She screamed at Gong Tianhao helplessly. When she saw the wound on his head, she did not dare to touch him.

Suddenly, Xiao Lingyu thought of something.

She carried Gong Tianhao and disappeared into the farming space. Xiao Lingyu threw Gong Tianhao into the spring without thinking

The spring water had the effect of healing wounds. Gong Tianhao was seriously injured and had lost so much blood. He had to heal these wounds immediately.

At this moment, she couldn’t care less about whether or not she would expose the secret of the farming space. It was more important to save Gong Tianhao.

In the spring, Gong Tianhao’s wounds healed at the speed of the naked eye. Xiao Lingyu was slightly relieved.

However, as time passed and the wounds healed, Gong Tianhao didn’t wake up. Xiao Lingyu’s heart rose to her throat again. She became flustered.

“Tianhao, Tianhao, wake up!” Xiao Lingyu jumped into the spring and hugged Gong Tianhao as she cried, “Wake up, don’t scare me!”

However, no matter how hard Xiao Lingyu called out, Gong Tianhao’s eyes remained closed.

Xiao Lingyu looked at the motionless Gong Tianhao, and a particularly bad thought welled up in her mind.

“Tianhao, Tianhao...” Xiao Lingyu muttered in shock, “He won’t. He said that he would always protect the child and me. He won’t leave us just like that.”

As she said these words, she extended her trembling hand under Gong Tianhao’s nostrils. Feeling the indistinct breathing, Xiao Lingyu was relieved at first. If he was still breathing, it meant that he was not dead.

But then her heart started to race again. His breathing was too faint.

Xiao Lingyu was not a doctor. The only thing she could rely on now was the magical spring. If the spring couldn’t cure Gong Tianhao, what should she do?

“Tianhao... wake up...” Xiao Lingyu was at a loss and did not dare to touch Gong Tianhao even though his surface injuries seemed to have healed. “Tianhao, you can’t leave me behind.” Xiao Lingyu knelt in the spring and started crying. “Tianhao, didn’t you say that you would always protect the child and me?”

Gong Tianhao just lay there quietly. His face was pale, and he didn’t give Xiao Lingyu any response.

“What should I do? Tianhao, hubby, what should I do?” At this moment, Xiao Lingyu was kneeling and holding Gong Tianhao’s head in her arms. She was crying in grief.

Xiao Lingyu looked up at the sky and shouted angrily, “Isn’t the spring supposed to heal everything? Why isn’t my husband waking up?” She gritted her teeth. “If I can’t use the spring to save the person I love, what use do I have for it?”

The entire space was silent, and the atmosphere was tense and stiff.

Just when Xiao Lingyu thought that no one would answer, a young voice sounded in her ear. “The spring can save your husband, but he has suffered a brain injury. Once the brain nerve is injured, it’s irreversible.” The tender voice sounded a little helpless, “Even with the spring water, the healing process will be slow.”

Xiao Lingyu was shocked to hear the voice. However, she quickly calmed down since this concerned Gong Tianhao’s life. Xiao Lingyu looked around with her sharp eyes, but she did not find anything unusual.

She asked calmly, “Who are you? I’ve been here countless times, but how come I don’t know about your existence?”

“I’m the space’s spirit!” The juvenile voice said, “I did not appear before because I did not have sufficient energy.”

Xiao Lingyu frowned and asked in confusion, “Energy?”

Just as the spirit of space was about to explain, Xiao Lingyu interrupted, “In any case, I don’t need to hear the explanation now. What about my husband? What do you mean?”

The spirit of space said, “The moment your husband saw the truck, he instinctively tried to protect you. His head hit a hard object and injured his brain.”

When Xiao Lingyu heard that Gong Tianhao had used his life to protect her, she could not help but place her hand on her chest. She was extremely shocked.

‘Tianhao... Tianhao, you have to survive!’

“What will happen now?” Xiao Lingyu asked weakly. Even though she was no doctor, she knew this was a serious problem.

The spirit said, “At worst, he’ll be in a coma forever.”

Xiao Lingyu’s eyes widened. She couldn’t accept it.

“At the very least, he’ll lose his memories.” The spirit added.

“What?” Xiao Lingyu’s heart jumped.

But if she had to choose, she’d rather Gong Tianhao lose his memory than be comatose for life.

“Can you tell me more about my husband’s condition?” Xiao Lingyu asked anxiously.

The spirit sighed softly and said, “Your husband’s injuries are very serious. Most of the nerves in his brain have been destroyed. It’s a good thing that you managed to place him into the spring in time so that he could recover. The rest will take time.”

Xiao Lingyu asked, “How long will it take?” Her heart slowly relaxed. At least it could still be healed.

The spirit thought for a moment and said, “According to the degree of damage to his brain nerves, it will take at least three to four years.”

“Three to four years?” Xiao Lingyu’s heart was twisted again. “What do you mean by that?”

“It means that during these three to four years, when his brain nerves are recovering, he will be in a vegetative state,” the spirit explained, “And even if he wakes up in three to four years, it is very likely that he will lose his memory. As for when he will regain his memory, that is up to him.”

Xiao Lingyu was a little dazed and confused. “Will he forget about the child and me?”

The spirit was silent for a moment before saying, “Such a situation might happen. However, no one knows what will happen in the future.”

The spirit’s master and her husband had just gotten married and had just given birth to a child. It was a time of happiness and sweetness. Who would have thought this would happen?

Xiao Lingyu became silent after hearing the spirit. Between Gong Tianhao’s vegetative state and amnesia, she naturally chose amnesia.

Even if he had forgotten about her and her child, at least he was still alive.

Xiao Lingyu’s tears fell like rain. She covered her mouth with one hand and wept. The other hand gently caressed his pale and bloodless face as she muttered softly, “The important thing is that you’re alive. If you really forget about me, it’s fine. I will definitely make you remember me again. Gong Tianhao, you said that I am the only one in your world. The woman you love is me. If you forget me in the future, you will not allow other women to be by your side. Do you understand?”

The spirit noticed the commotion outside and said anxiously, “Master, someone is looking for you outside. You have to bring your husband out now. Otherwise, the secret of this space will be exposed.”

Xiao Lingyu was so focused on Gong Tianhao that she didn’t even notice how the spirit addressed her.

She asked, “Can’t my husband stay in the spring? This way, his recovery will be faster, right?”

The spirit said, “The effect of the spring has a lasting effect. The human body needs time to process the effect. Even if he stays in the spring, the process will not speed up.”

Xiao Lingyu looked disappointed.

“But he needs the spring water for his recovery. When he’s outside, he needs to be fed with water every day to promote his recovery,” The spirit said, “Master, the medical technology is powerful these days. With the medicine and the spring water, your husband will recover.”

Xiao Lingyu’s eyes lit up, and a glimmer of hope appeared in her eyes. She asked anxiously, “Is that so?”

The spirit said, “Yes. However, Master has been here for too long. Two people disappearing for no reason will attract too much attention.”

Xiao Lingyu also regained her rationality and calmness.

She nodded and said, “You’re right.”

It was not appropriate to expose the space in front of everyone now. When she saw Gong Tianhao’s healed wounds, she asked hesitantly, “But if I leave with him now, won’t people be suspicious too?”

The spirit answered, “Master, don’t worry. The wounds are healed only in this space. With a thought from Master, his wounds will open again.”

Xiao Lingyu finally noticed the spirit calling her master. But she didn’t have the time to address it. She couldn’t see or trust the spirit fully yet.

“His wounds will reopen?!” Xiao Lingyu gasped, “Then, how is a good thing?”

The spirit smiled. “Master, the wounds are superficial. The most serious wounds to his brain are already healing. The superficial wounds will heal on their own.”

When Xiao Lingyu heard this, her heart finally relaxed.

No matter what, it was good that Tianhao survived.

With a thought from Xiao Lingyu, Gong Tianhao returned to his original appearance. Xiao Lingyu was shocked, and she covered her mouth, silently crying.

Xiao Lingyu reached out to touch the blood on his face and said again, “Gong Tianhao, I’m warning you. Even if you lose your memory, you can’t forget me, do you understand? If you forget me, I’ll marry someone else. Then, our child will be someone else’s stepson.”

She hugged Gong Tianhao, closed her eyes, and said, “Exit!”

When the truck crashed into the car, Father Xiao and Xie Zhenzhong, who was following behind, could only watch helplessly. They couldn’t do anything to help.

When the two vehicles collided, they let out heartbreaking cries of grief.

“No!”

Father Xiao shouted, “Yu ‘Er, Tianhao!”

The two of them quickly got out of the car and stumbled to the crash site. The truck flipped over. As for Gong Tianhao’s car, it was almost broken into pieces. It was a terrible sight. As for the two people in the car, the chances of them surviving were very low.

Xie Zhenzhong ran fast. When he saw this, his pupils constricted.

However, he couldn't wait. He quickly made a phone call.

As soon as the car accident happened, many passersby quickly gathered. Xie Zhenzhong endured his grief and said, "Fellow townsfolk, please lend a hand and save the people in the car." If the car exploded, the people inside would really die.

The passersby were helpful. "Come, let's save the people in the car!"

At this moment, Xie Zhenzhong saw that Xiao Lingyu, who was being pressed under Gong Tianhao's body, started to move. He immediately asked, "Lingyu, how are you?"

Xiao Lingyu fluttered her eyes open. Then, she said with an anxious expression, "Xie Zhenzhong, quickly save Tianhao. Tianhao's condition is very bad. We have to save him immediately."

Xie Zhenzhong said, "Don't worry. We will save you two now."

At this moment, Father Xiao ran over. When he saw Gong Tianhao's condition, his pupils contracted violently. he shouted in disbelief, "Tianhao!"

"Dad!" Xiao Lingyu saw her father, and she cried, "Dad, what should we do? Tianhao isn't doing well. He's not answering me..."

Father Xiao immediately comforted her, "Yu 'Er, don't worry. We'll save you right away."

Chapter 507 Inform!

The Gong and Xiao families were gathered in the courtyard of the Gong family.

Many villagers knew that Xiao Lingyu had given birth, so they came to congratulate the two families.

"Congratulations on a new grandson!"

"Congratulations!"

"I heard that the child is very beautiful from birth, right?"

Grandma Xiao smiled and said, "Yes, he's very handsome!" Grandma Xiao was not stingy with her praise for her great-grandson.

Many villagers stayed at the Gong Residence because they wanted to see the child.

At this moment, Xiao Wang walked over with a solemn expression. He looked at the people present but could only report, "Old Master, something has happened!"

Old Master Gong frowned.

111

When the people present heard that, they quieted down.

Xiao Wang reported truthfully, "Xie Zhenzhong called just now and said that young master and Madam were in a car accident. Young master is seriously injured. Mr. Situ is on his way there."

Situ Xing was a doctor and one of the top doctors in the world. The moment he heard that Gong Tianhao was in a car accident, he rushed over immediately.

“What?” Everyone stood up in shock. They could not believe what had happened.

Grandma Xiao pulled on Xiao Wang’s sleeve and asked anxiously, “Xiao Wang, that can’t be true, right?”

Xiao Wang pursed his lips tightly and said with a serious expression, “Grandma Xiao, this is true. A huge truck lost control and suddenly rushed over and crashed into the eldest young master and Young Madam’s car.

So...”

“No, I don’t believe it!” Grandma Xiao’s emotions became agitated. She could not accept it and faint.

“Grandma Xiao!” Xiao Wang and the people around her immediately cried out in worry. They moved to shield her from falling.

The other members of the Xiao Family were stunned too.

“Xiao Wang, where did Tianhao and the others get into the car accident?” Eldest Uncle Xiao asked anxiously.

Xiao Wang said, “At the intersection between the county and the town.”

As soon as Xiao Wang finished speaking, the members of the Xiao family quickly ran out, their expressions anxious and worried.

Xiao Wang said, “Uncle Xiao, they have already been sent to the People’s Hospital.”

Grandma Xiao woke up, and she said, “I want to go too!”

Moments ago, they were celebrating the arrival of a newborn in the family. But now, they received the news of a car accident. They simply couldn’t believe it.

All of the Xiao family members left at once. Some of the villagers followed because they were worried. Others stayed with the Gong Family, wondering if they needed any help.

Old Master Gong leaned on his walking stick. Ever since Xiao Wang had reported this matter to him, his expression was solemn and calm. He didn’t say a word.

Xiao Wang called out worriedly, “Old Master...”

Old Master Gong said, “Hao... Hao ‘Er... how are the others? And the children. How are the children?”

Xiao Wang said, “Initially, there were two cars that went to the hospital. However, young master called an extra car because he wanted to be alone with young madam. So there were three cars when they left. The truck only crashed into young master’s car. The rest of them are fine.

“The junior young master is in another car, and the young madam was shielded by young master. Other than being slightly injured, she is also safe and sound. Only... only young master’s condition is

unknown.” Xiao Wang knew this news was hard to accept, but Old Master Gong was the head of the Gong Family. He had to report the truth.

“Mr. Situ has already rushed over to the site,” Xiao Wang added, “Old Master, you don’t have to worry. Young master will definitely be fine.”

Old Master Gong straightened his shoulders and said loudly, “The descendants of the Gong family have always been strong people. No matter how great the difficulties and setbacks are, they will definitely survive.” Then, Old Master Gong asked, “Why is there a sudden car accident?”

Xiao Wang said, “According to the investigation, the truck suddenly malfunctioned, and the driver of the truck died on the spot! According to the preliminary investigation, it was an accident!”

Old Master Gong pursed his lips and remained silent for a long time. After some time, Old Master Gong slammed his cane heavily on the ground and said coldly, “Investigate further!”

“Yes!” This was too much of a coincidence! The main road there was flat. If the brakes of a large truck failed, the driver could have easily whirred off the side of the road. However, this truck drove into heavy traffic.

When the villagers saw the stern Old Master Gong, they felt fear. He was not as amiable as he usually was. Some of the more timid ones had a change in expression and immediately left the courtyard of the Gong family. The more courageous ones restrained their fear and stayed behind to see if the Gong family needed any help.

After Old Master Gong gave the order, Xiao Wang turned to order his people. Then, Xiao Wang and Xiao Zhang followed Old Master Gong to Xing Yin County People’s Hospital.

Outside the emergency room of People’s Hospital, Xiao Lingyu and the others were waiting anxiously.

Mother Xiao and the others felt as if the sky was about to fall.

They were supposed to be celebrating. However, a bolt of thunder shot down from the sky, and a calamity fell.

Mother Xiao hugged the child and cried until her eyes were red and swollen. The child in her arms seemed to feel the sad atmosphere and also cried non-stop.

This was the first time the child cried like this after he was born.

Mother Xiao endured her grief and coaxed the child, “Oh, baby, don’t cry. Your Daddy will be fine.” However, Mother Xiao couldn’t stop crying herself.

Xiao Lingyun was crying hard too. At this moment, no one could comfort anyone. They were all praying for Gong Tianhao’s safety.

Xiao Lingyu was covered in blood, and her eyes were red and swollen. She sat at the entrance of the emergency room in a daze.

She knew that Gong Tianhao would survive. However, when she thought about how Gong Tianhao had risked his life to save her, her heart could not help but ache. Gong Tianhao had fulfilled his promise and

used his life to protect her. Father Xiao walked over with red eyes. He patted Xiao Lingyu's shoulder and comforted her, "Yu 'Er, Tianhao will be fine. He will definitely be fine."

He was comforting Xiao Lingyu as well as himself.

"Yu 'Er, you should look after your boy. He needs his mother. He can't keep on crying in this cold weather." Father Xiao sobbed. "It'll damage his throat."

Xiao Lingyu looked at Father Xiao blankly. Father Xiao sighed heavily and walked to Mother Xiao's side to take the child.

He handed the child to Xiao Lingyu and said, "Give the child a sip of milk and comfort him. He has been crying ever since the car accident. He probably knows that something bad has happened."

Seeing the fair and tender child in front of her, Xiao Lingyu's tears fell like rain again. She had failed Xiao Tong again.

Xiao Lingyu reached out to hold the child. She whispered, "Baby, don't cry. Daddy will be fine. I'll feed you some milk so that you can grow up quickly!"

It was unclear if the baby understood her or not, but he did stop crying. Even after the baby was fed, he refused to sleep. He stared at his mother with his eyes wide open. He even turned his head, wanting to look in the direction of the emergency room.

However, he was still too young and did not know how to express himself.

His head twisted a few times, and his hands scratched the air. In the end, he could not hold back his sleepiness and fell asleep again. There were tears in the corner of his eyes.

Xiao Lingyu saw this and felt a small burst of joy. At the same time, she was envious.

It was so good to be a child. He would be carefree and did not need to know anything.

Mother Xiao carried the baby away after he fell asleep because she was worried about Xiao Lingyu's mental condition. Someone had to take care of the child.

Not long after Mother Xiao carried the baby away, Grandmother Xiao, Grandpa Xiao, and the others came over.

As soon as Grandma Xiao came over, she asked Father Xiao anxiously, "Oh Two, how is the situation now? Has Tianhao awakened?"

Father Xiao shook his head and said, "Not yet. He's still in the emergency room!"

Grandma Xiao said in disbelief, "How could this happen? He is a very good driver!"

No one could answer.

Grandpa Xiao asked with a cold expression, "What about the driver who hit him?"

Father Xiao said solemnly, "Dad, that driver died on the spot!"

Grandpa Xiao was stunned and didn't say a word.

Grandma Xiao was also stunned. They were all kind and simple people from the countryside.

Hearing that the driver died on the spot, out of respect for the deceased, they stopped blaming the departed.

The group of people just stood or sat in silence, waiting for the emergency room door to open. Everyone secretly prayed that Gong Tianhao would survive this disaster and be safe.

After a long period of time, the sound of footsteps could be heard in the corridor.

Old Master Gong had arrived. Xiao Wang and Xiao Zhang supported him.

His only grandson was still in the emergency room. No matter what the outcome was, he had to come and take a look.

When Xiao Lingyu saw Old Master Gong, her swollen eyes started to tear up again. She stood up and walked up to him as she cried out apologetically and guiltily, "Grandfather, I'm sorry. I'm the one who harmed Tianhao. If Tianhao didn't do it to protect me, he... he wouldn't..."

Old Master Gong endured his grief and patted Xiao Lingyu on the shoulder as he said in a trembling voice, "Yu 'Er, it's not your fault. It's good that you're fine. Hao 'Er only did what a father and a husband should do. Don't blame yourself."

"Grandfather!" Xiao Lingyu cried out. She thought that Old Master Gong would blame her. However, Old Master Gong didn't say a single harsh word. He even comforted her.

Xiao Lingyu suddenly hugged Old Master Gong and kept saying, "Grandfather, I'm sorry, I'm sorry..."

Old Master Gong patted her back and comforted her, "Lass, don't cry. You just gave birth yesterday. You need to recover too. Plus, if you keep on crying like this, the brat will die of heartache when he wakes up."

The others sobbed hearing this. They knew that Xiao Lingyu had married into a good family, but they didn't expect the family to be so sensible and magnanimous.

While they felt gratified for Xiao Lingyu, they were also deeply worried.

What if...

Under the comfort of Old Master Gong, Xiao Lingyu gradually stopped crying.

Then, she seemed to have made up her mind and said, "Grandfather, I have something to tell you in private!"

Xiao Lingyu knew that this was not the time to talk in private. However, she had to have this conversation. When Situ Xing came out, they would have to send Gong Tianhao back to the capital and someone had to feed Gong Tianhao the spring water every day. Old Master Gong was the only person she trusted to do that.

Old Master Gong was stunned. Why would his granddaughter-in-law actually ask to speak to him in private at that moment?

His heart couldn't help but sink, but he still nodded. "Okay!"

Then, Xiao Lingyu and Old Master Gong moved to the director's office.

Xiao Lingyu used her sharp eyes to scan the office. When she realized that there wasn't any surveillance equipment, she quickly locked the door and closed the curtains.

Old Master Gong was shocked. "What on Earth is she doing?"

Xiao Lingyu quickly walked up to Old Master Gong and said seriously, "Grandfather, please close your eyes!"

Old Master Gong stared at Xiao Lingyu suspiciously for a moment. Xiao Lingyu's entire body was tense, and she was very worried and nervous. She was very worried that Old Master Gong wouldn't trust her. If that happened... she didn't know what to do at all.

Fortunately, Old Master Gong eventually closed his eyes.

A moment later, Xiao Lingyu said, "Grandfather, please open your eyes!"

Old Master Gong opened his eyes. When he did, he was extremely shocked despite his experience.

Previously, they were clearly in the hospital director's office, so how did he end up in a field with fruits and flowers?

"Lass... This..." Old Master Gong was so shocked that he didn't know what to say.

Xiao Lingyu explained, "Grandfather, we don't have much time, so I'll make this short. This is my farming space, and this is the spirit spring."

333

Xiao Lingyu picked up a scythe next to her and cut her palm.

"Girl, what are you doing?" Old Master Gong hurriedly stopped her. Then, he looked at the next scene with his mouth agape. "The wound... The wound has healed?!"

Xiao Lingyu took out her hand that she had dipped into the spring. "Grandfather, look."

Old Master Gong said in shock, "Lass, what's going on?"

Xiao Lingyu said, "Grandfather, I need your trust and support before I can go further."

Old Master Gong thought for a moment and replied seriously, "Alright!"

Chapter 508 Farewell!

When Old Master Gong and Xiao Lingyu came out, Situ Xing had just come out of the emergency room. Everyone was too distracted to care about what the two said in private. "Little Xing, how is Tianhao?" Father Xiao asked.

Situ Xing frowned and stared at Xiao Lingyu for a moment. Then, he looked around and said with a serious expression, "Boss suffered some superficial injuries, but his head injury is too serious. I can only

do one emergency measure, but the final treatment requires more advanced medical equipment and technology.”

Then, he looked at Xiao Lingyu and Old Master Gong and said, “Master, sister-in-law, Tianhao must be sent back to the capital urgently and then transferred to a foreign country for treatment!” There was more advanced medical technology overseas.

as

Xiao Lingyu nodded without hesitation and said, “Alright, Situ Xing. I’ll leave everything to you.” Old Master Gong did not have any objections either. He said, “Little Xing, the helicopter will be here soon!”

ec

Situ Xing nodded. Then, he looked at the worried crowd and comforted them, “Elders, sister-in-law, Uncles, and Aunties, don’t worry. I will definitely do my best to treat Tianhao.”

He was the top brain specialist in the world. If he couldn’t save Gong Tianhao, no one could.

At this moment, Situ Xing was very glad that he had chosen to specialize in brain treatment.

111

“Little Xing, you have to heal Tianhao, okay?” Mother Xiao hugged the boy and cried.

Situ Xing looked at Mother Xiao and then at his junior young master, who was sleeping. He said seriously, “Auntie, officially, Tianhao is my boss. Privately, he is my friend and brother. I will definitely cure him. Besides...”

He looked at the beautiful and cute baby and wanted to hold Xiao Tong’s hand. But Situ Xing was wearing a surgical glove, so he put his hand down and said, “Besides, I won’t let this baby lose his father.”

This baby would be their future young master. How could they allow him to lose his father at such a young age?

“No matter what, we have to thank you!”

Boom Boom...

The sound of a plane could be heard from outside.

“The plane is here!” Someone shouted.

Many people couldn’t help but shed tears again.

Gong Tianhao was about to be sent back to the capital, and they didn’t know when they would be able to meet again.

They thought of everything they had experienced since Gong Tianhao and Old Master Gong came to Taoyuan Village.

Gong Tianhao deserved the most credit for the good life they had now.

If it weren't for Gong Tianhao, Taoyuan Village would have been occupied and developed long ago.

If it weren't for Gong Tianhao, the path to the town would still be rocky.

If it weren't for Gong Tianhao, Taoyuan Village would still be in the clutches of poverty.

Seeing Gong Tianhao being transported onto the plane, Mother Xiao and the others covered their mouths and cried out with tears, "Tianhao!"

Grandfather Gong looked at the Xiao family and said with a guilty look, "In-laws, the situation this time around is complicated. Even I can't guarantee your safety. So, please forgive me. This time, you won't be able to accompany me to the capital."

Gong Tianhao was seriously injured and had to return to the capital to be treated. This was big news, and it couldn't be hidden.

When the people in the capital found out, the monsters and ghouls would appear from their lairs to seize power and corrupt the Gong Family.

Old Master Gong had to go back and take charge, especially since the biggest threat would come from within the family.

If these people found out about the Xiao Family and Xiao Tong, they would harm them. So to protect the Xiao Family, it was not appropriate to bring them to the capital.

Even though Father Xiao didn't quite understand everything, he knew Old Master Gong was doing this for their own good.

However, Father Xiao raised his head and looked at his daughter and grandson.

Father Xiao asked doubtfully, "Old Master Gong, Yu 'Er is Tianhao's wife. Shouldn't she be by his side?" After all, there would be a lot of documents Tianhao's spouse would have to sign.

Old Master Gong shook his head and said seriously, "Zhengyang, I'll tell you the truth. Tianhao's condition is unknown. If he can wake up soon, then it's perfect. He can protect Yu 'Er and the child's safety.

"However, if he can't wake up soon, then Yu 'Er and the child will be in great danger. They might be assassinated."

The Xiao Family was dumbfounded when they heard that. If they didn't hear it directly from Old Master Gong, they would have thought they were watching some tv show. They were in the modern era. Why were there still assassinations?

Father Xiao couldn't react for a moment and asked in confusion, "What... What is this?"

Old Master Gong sighed heavily and said, "Power and wealth are too tempting!"

Father Xiao immediately understood.

Gong Tianhao was the richest man in the country and had billions of dollars in his hands. The only direct descendants of the Gong family were Old Master Gong and Gong Tianhao.

The Gong family's mountain of gold and silver was created by Gong Tianhao.

Once Gong Tianhao fell into a coma, the mountain of gold and silver that was left behind would become extremely tempting.

Old Master Gong was aged, so he might collapse under the slightest provocation. Once that happened, the mountain of gold would be left unguarded. The Gong Family would have no real master. The outsiders would sneak in.

But what if Gong Tianhao had a son?

Then the situation would be completely different.

Old Master Gong and Gong Tianhao had many trusted aides. Even if their masters fell, they would fight endlessly for Gong Tianhao's son. Winning or losing, the process would be arduous, and there would be many deaths.

Many parties were not willing to pay that price. Therefore, the most stable way to get the Gong Family's fortune was to make sure the Gong Family went extinct first. Naturally, this placed Xiao Lingyu and Xiao Tong in a lot of danger.

Father Xiao was silent. The other members of the Xiao family were also smart, so they naturally understood the meaning behind these words.

Old Master Gong looked at the child in Mother Xiao's hands and was reluctant to part with him. He waved his hand and had Mother Xiao carry the child over.

Mother Xiao handed the child over to Old Master Gong and said softly, "Xiao Tong, let great-grandfather carry you!"

When Old Master Gong carried the child in his arms, he was already in tears. His old and wrinkled hands gently stroked the baby's little face as he sobbed, "Baby, you have to be good. Listen to Mama, listen to Grandpa and Grandma, and grow up peacefully!"

He had no idea when he'd be able to see the baby again. The baby was the Gong Family's only descendant, so he had to be safe. Therefore, even if he had to die, he needed to protect this child.

Old Master Gong was very reluctant to part with the child. Xiao Wang was beside him with red eyes. He couldn't bear it, but he had to remind his master. He said, "Old Master, we have to go now."

When Old Master Gong heard this, he reluctantly handed the child back to Mother Xiao. Then, he instructed Xiao Lingyu, "Lass, don't think too much. Take good care of your body and take good care of the child."

Xiao Lingyu replied with tears, "Yes. Grandfather, don't worry. I will definitely take good care of the child."

Grandfather Gong said, "Lass, you shouldn't cry anymore. It's not good for your body. Plus, if you keep on crying, the brat will blame us when he wakes up."

Xiao Lingyu covered her mouth and shook her head. Just as she was about to say something, Old Master Gong waved his hand and said, "I'm leaving! In-laws, take care!"

"Grandfather, you have to take care too!"

Looking at the flying plane, the Xiao family members couldn't help but burst into tears. This was supposed to be a day of celebration, but it turned into a day of parting. It was heavy on their hearts.

Xiao Lingyu held back her tears and looked at the plane in the sky. She said to herself, "Tianhao, I'm sorry! I'm still very weak and not strong enough. For the sake of the baby, I can't be by your side. "But, I will grow stronger so that I won't be your burden anymore. One day, I can stand by your side in the business world.

"I will wait for you to wake up. "I will definitely take good care of our son and bring him up healthy and safe.

"Tianhao, you must wake up quickly!"

On the helicopter, Xiao Wang carried two barrels of pure mineral water.

Each barrel was about 18 liters.

But Xiao Wang looked at the two barrels of water in a daze and was also puzzled.

Why did the old master tell him to take good care of these two barrels of water?

What was special about these two barrels of water?

But what puzzled him the most was, where did these two bottles of water come from?

Xiao Wang was full of doubts, but at this moment, he didn't ask anything.

An hour and a half later, Gong Tianhao was rushed to the largest hospital in the capital, a hospital under the gong family.

On the roof, a group of doctors and nurses were waiting for him.

When Jiang Tao received the news that Gong Tianhao was injured, he was also waiting.

He didn't know what exactly happened, but he knew that Gong Tianhao had been in a car accident.

It immediately raised his suspicion.

When Jiang Tao saw Gong Tianhao being carried out of the plane, his heart twisted. He glanced towards the plane. He didn't see Xiao Lingyu. He secretly heaved a sigh of relief, but at the same time, he was slightly disappointed.

"How is Tianhao's condition?" Jiang Tao asked Situ Xing.

Situ Xing shook his head and said, "I've only done an emergency measure. As for the specific situation, he still needs further examination. Excuse me."

After that, Situ Xing hurriedly left with the doctors and nurses.

When Jiang Tao saw Old Master Gong, he went forward to support him, but he didn't know how to comfort him.

"Grandfather Gong, don't worry. Tianhao has always been blessed with good fortune," Jiang Tao comforted him.

Old Master Gong nodded and said, "Yes, I also believe that my grandson will be fine."

Jiang Tao opened his mouth and finally asked, "Grandfather Gong, is Lingyu alright?"

He had heard that they had gotten into a car accident together.

But only Gong Tianhao was on the plane. He worried that she had been abandoned by the Gong Family so he had to ask.

Grandfather Gong said, "Hao 'Er, he did very well this time. He used his life to protect the girl. She is safe."

Jiang Tao's pupils constricted. He smiled bitterly and said, "Yes, Tianhao has always been a responsible man."

How could he not understand what grandfather Gong meant?

Old Master Gong told him that Gong Tianhao sacrificed his life to save Xiao Lingyu.

There was no need to say anything else. Jiang Tao understood.

Old Master Gong already knew that Jiang Tao had a crush on Xiao Lingyu. That was why he said that.

When Gong Tianhao was sent into the emergency room, Old Master Gong's subordinates, Gong Yingxiong, and the others were already investigating the truth of the car accident.

It would be fine if the car accident were a real accident.

If the car accident were a conspiracy, then the person who set up this conspiracy and created this car accident would probably have to bear a heavy price.

Two hours later, Gong Tianhao was still in the emergency room.

Old Master Gong had already returned to the Gong family and was listening to his subordinate's report.

"Old Master, the car accident is not an accident at all. All the evidence points towards Qin Yan of the Qin Family as the culprit." Gong Yinxiong reported. His expression was full of malice and ruthlessness.

That woman was truly vicious!

"Qin Yan found out everything from a private detective called Leng Feiyang."

Old Master Gong said angrily, "Make them disappear. Since they dared to do this, they have to face the consequences."

“Yes!”

Three days later, the Qin family was in chaos.

Qin Yan had disappeared, and the Qin family’s business had received severe blows from all sides.

Overnight, the Qin Family fell from grace.

Under a bridge, a man, whose tongue had been dug out and whose arms and legs had been broken, was lying there covered in blood. His whole body was gnawed by ants.

In a slum in Africa, a woman was being tortured and raped by many beggars. She was crying so hard that her heart hurt. However, no one answered her cries for help.

Chapter 509 Xiao Ling

Three months later...

Mother Xiao held the chubby little boy in her arms, who was at least 10 Jin heavier than when he was born. She said with a smile, “Our Tong Tong is getting more and more beautiful!”

Grandma Xiao said with a smile, “Yes. He’s at least 18 Jin now.”

Grandma Xiao held the little boy in her arms and weighed him. She said, “When he was born, he was already more beautiful than any other baby. Now he’s even more beautiful.”

“Xiao Tong is a boy. He’s handsome, not beautiful. Right, Xiao Tong?” Xiao Lingyun held a rattle drum and shook it in front of Xiao Tong.

Xiao Letong, who was in Grandma Xiao’s arms, finally opened his eyes. His eyes were as bright as the sea of stars. His small face was white and tender, with a hint of red. It made people want to pinch his cheeks.

Xiao Letong’s big round eyes rolled around. He looked like a smart and intelligent boy.

After hearing Xiao Lingyun’s words, he made two “Ya ya” sounds as if he was responding to her words.

Xiao Lingyun immediately said in amusement, “Haha. Look, Xiao Tong agrees with me. He can understand me.”

111

Grandma Xiao hugged little fatty and said with a smile, “This child is really intelligent. It seems that he can understand everything we say. It’s just that he’s too young. He can understand but can’t speak. Come, Tong Tong, call great-grandma.”

As soon as she finished speaking, Xiao Tong grumbled twice as if calling his great-grandma.

There was another burst of laughter.

Mother Xiao looked at Xiao Tong and sighed. “The child is already three months old. The child’s father is still in a coma.”

The others immediately fell silent.

After Gong Tianhao was transferred back to the capital, he was treated for a period of time before being transferred overseas.

However, even if there were state-of-the-art medical equipment and technology overseas, Gong Tianhao would not be able to recover in a short period of time.

Gong Tianhao had injured the brain nerve. The damage was irreversible. He lay there in a coma. Situ Xing was doing his best to study the brain nerves, hoping to help Gong Tianhao recover as soon as possible.

“Tianhao has good fortune. We should believe in him. He will definitely wake up and recover as soon as possible,” Grandma Xiao comforted her.

She didn’t know much about brain trauma, but she believed that Gong Tianhao would survive this. He would wake up because he still had a wife and son.

Xiao Lingyun nodded. “I agree. Brother-in-law will survive this.”

“Our Tong Tong is so beautiful, but Tianhao hasn’t even seen him before.” Grandma Xiao said.

“Second aunt, did Sister go out again?” Xiao Lingyun looked around but did not see Xiao Lingyu.

Mother Xiao said, “The store in City Z is about to open. She is going to City Z to do some preparations.” When she mentioned her daughter, a deep worry appeared on Mother Xiao’s face.

Xiao Lingyun frowned slightly. “Ever since brother-in-law’s accident, Sister has been working non-stop. How can this be good for her health?”

Grandma Xiao said, “But she would not listen to us.”

A new mother should rest for at least a month. However, Xiao Lingyu ran into a car accident, and her lover went into a coma on the second day of her birth.

On the second day after Gong Tianhao left, Xiao Lingyu began to work on the fields, the mountain, and the shop. She stayed up all night and made a plan for the future.

The next day, she took all the materials she had prepared and registered a company trademark with the Industry and Commerce Bureau.

The name of her company was Green Fresh. Xiao Lingyu planned to sell agricultural products. She would expand her business into farming and sales.

Xiao Lingyu’s first step was to use Taoyuan Village to create a farming kingdom. It would become a village that combined the characteristics of farming, sales, and tourism. The products sold by Green Fresh had to come from Taoyuan Village.

Her second step was to open up company branches.

She wanted to sell her products all over the country. But she had to manage her shops herself or else she would be scammed or used by others.

Envy was prevalent in this world. People couldn't see others living a better life than they were. This envy could turn into hatred.

The most important thing for people in business was their reputation. Therefore, to ruin a company, one would ruin its reputation.

Since Xiao Lingyu planned to do this, she wouldn't allow anyone to stand in her way. Therefore, other than the few hotels and stores that she cooperated with, her products would only be stocked at her own shops.

And the third...

After Xiao Lingyu registered her company, she spent three days and three nights drafting a plan for the company's future development.

What Xiao Lingyu had now was six mountains with an area of more than 10,000 mu, as well as the 18 mus of rented dry land and the rented 10 mus of paddy fields, plus her own six mu of land.

Xiao Lingyu estimated the funds on hand and felt that there was a need to rent more paddy fields to grow rice.

Xiao Lingyu put down the pen and tapped her sore shoulders with her hand before stretching

"Yu 'Er..." Mother Xiao knocked on the door.

"Mom, the door isn't locked. Come in," Xiao Lingyu said.

Mother Xiao brought in a bowl of wine lees, goji berries, dates, and eggs. She said, "Yu 'Er, you've been busy all day. You must be hungry. Come, eat some eggs!"

As she said this, she put the eggs down on the table and instructed, "These eggs are nutritious and will be good for milk production. You must finish them!"

Xiao Lingyu looked at the eggs and sighed lightly. "Mom, I can't eat them." She had been eating so many eggs that she wanted to vomit when she saw them now. She had no idea where this tradition came from. Why would new mothers stuff themselves with chicken and eggs?

Wouldn't it cause indigestion?

But there was nothing she could do. Xiao Lingyu resisted a few times, but it was to no avail.

Mother Xiao forced her to finish the food. Sometimes, she had to eat fifteen or sixteen eggs a day.

Thankfully, she was allowed to eat some vegetables after the first month. This involved the baby's milk, so the adults were very careful. If they didn't follow the rules, the baby would react badly. Therefore, if the mother sneaked to eat some other food, the adults could tell from the baby's poop.

Mother Xiao heard her daughter complain, and she said, "You have to eat this! You're still breastfeeding! And look at you. Other mothers gain weight during this period, but you are getting thinner and thinner. Xiao Lingyu, if you can't provide nutrients to my grandson, I'll never forgive you."

"..." Xiao Lingyu sighed. "Mom, do you really think that little fatty lacks nutrients?"

In this life, Xiao Tong was cherished by many people.

He was fair, fat, and tender. He was three months old and loved to laugh.

Mother Xiao knocked her daughter's head and said unhappily, "How can you say that about your own son?"

Xiao Lingyu rubbed her head and said, "It is the truth."

"Alright, I won't argue with you anymore." Mother Xiao then said with a serious expression, "It's about time for Tong Tong's chat with Old Master Gong, right?"

Every Friday at six o'clock in the morning, Old Master Gong and Xiao Tong would video chat.

"That's right!" Xiao Lingyu nodded.

The news of Gong Tianhao's coma eventually spread through the capital. The ghosts and monsters had begun to stir, eyeing the Gong family covetously.

Tong Tong needed to be well-protected.

In order to protect Tong Tong's safety, Old Master Gong didn't dare to contact Tong Tong, his great-grandson, even if he wanted to. He was afraid that he would accidentally expose Tong Tong.

Furthermore, Old Master Gong had Tong Tong take on Xiao Lingyu's surname for now. Otherwise, people might trace the name back to Tong Tong.

Mother Xiao looked at her daughter, staring blankly at the eggs, and knocked her head again, saying, "Hurry up and eat while it's hot. It'll taste worse when it's cold."

Xiao Lingyu had no choice but to pick up her chopsticks and eat the leeks, goji berries, dates, and eggs.

Mother Xiao hesitated for a moment before opening her mouth to ask, "Yu 'Er, is Tianhao still not awake?"

Xiao Lingyu shook her head and said, "Not yet."

According to the estimation of the spatial spirit, Gong Tianhao would probably wake up in three years. Of course, the advanced medical tech overseas might help him wake up earlier.

Mother Xiao's eyes filled with disappointment. She sighed. "Tianhao, the child..." after that, she did not say anything else.

She looked at Xiao Lingyu, who was eating an egg, and instructed, "You have to finish the eggs. I'll come over later to collect the bowl. There's still a little child to feed."

Xiao Lingyu nodded.

After Mother Xiao left, Xiao Lingyu immediately put down her chopsticks, held the eggs, and entered the space.

"Xiao Ling!" Xiao Lingyu called out softly as soon as she entered the space.

A three or four-year-old child wearing a red undergarment appeared in front of her. "Master!"

"Come, eat the eggs!" Xiao Lingyu immediately handed the bowl to the spirit. "Finish it quickly!"

Xiao Ling frowned and said, "Master, how many times have I told you that I don't eat these earthly things? Why do you ask me to eat these things every day?"

Xiao Lingyu curled her lips and said, "That is an order. Plus, this is good for you!"

Xiao Ling couldn't resist and could only helplessly take the bowl and chopsticks. Then, he picked up the eggs and began to eat, but his brows were tightly furrowed.

Xiao Ling was the farming space's spirit.

Back then, in her haste, Xiao Lingyu did not have the time to understand his origin.

After Gong Tianhao and the rest left, Xiao Lingyu entered the space again and understood the rest.

It turned out that the phoenix-shaped jade pendant that she picked up was actually an object from outer space. There was a different dimension in outer space that was completely different from Earth where Xiao Lingyu was.

That dimension was one of wuxia. The jade pendant was actually a spiritual artifact. The person who forged this spiritual artifact was a young immortal. He was punished to work in the field because he had offended someone important. He was angry, so he forged this artifact. He transferred the magical field that he was supposed to farm into the pendant and threw it into outer space.

Over the years, the spiritual artifact gained a spirit, who was Xiao Ling.

It was not a coincidence that Xiao Lingyu picked up the jade pendant.

Xiao Ling sensed that Xiao Lingyu was compatible with the artifact. So when she went to the river to play, he deliberately emerged from the bottom and directly appeared in front of Xiao Lingyu.

In his previous life, Xiao Lingyu had never triggered the space because she did not have this opportunity.

333

Before the space was triggered, the spirit of space was unable to communicate with Xiao Lingyu at all. If Xiao Lingyu had mastered the farming space in her previous life, Xiao Tong's illnesses could have been cured easily.

The spirit was very lonely. He had waited for thousands of years before he found someone who was compatible with his artifact. However, before the space was triggered, his master died.

The spirit was unwilling to give up. He manipulated the flow of time and sent Xiao Lingyu back to the past. As a result, he slumbered due to exhaustion. If the reincarnated Xiao Lingyu didn't trigger the farming space, he would keep on hibernating. Thankfully, his gamble paid off. Xiao Lingyu accidentally entered the farming space, and he slowly woke up.

When he finally awakened, he heard Xiao Lingyu complaining at him. He quickly emerged to explain. If Xiao Lingyu really decided to abandon the space, then he'd work so hard for nothing.

However, because of his fear of abandonment, Xiao Lingyu had a stranglehold over Xiao Ling and always asked him to eat stuff that he didn't want to.

Xiao Ling had no choice because Xiao Lingyu was his master... Sob sob...

Chapter 510 Rejuvenate!

Xiao Lingyu found the origin of the farming space mind-boggling. But she was thankful that it had caused her rebirth.

The spirit was unwilling to give in, and so was Xiao Lingyu.

She had lived her previous life in a daze, causing great harm to her family and son. She had told herself countless times that if she were to do it all over again, she would definitely not live such a cowardly life. She had done something stupid that caused pain to her family and made her enemies happy.

Even though she and her younger brother became stronger later, the harm she had brought to her family could not be erased.

Father Xiao, who used to be so healthy, had his lungs injured, and he couldn't stop coughing. Xiao Lingyu also had to live with a limp. It could be cured, but the surgery would be really painful. She owed her son the most. She didn't even give him a hug and allowed him to die with regret... These were all pain in her heart.

Due to guilt and despair, Xiao Lingyu died with excessive grief. Her emotions echoed the spirit's unwillingness, and he was able to send Xiao Lingyu back to the moment when it all started.

After knowing everything, Xiao Lingyu was very thankful for the spirit. Because of her rebirth, she had changed many things. Most importantly, it had brought Xiao Tong's father to her side. Xiao Tong was no longer an illegitimate child.

The joys in this new life were given to her by the spirit. Even though Gong Tianhao was still unconscious, she knew that he would eventually wake up. She only needed to wait patiently.

"Xiao Ling, eat up. Mom will be back to collect the bowl soon." Xiao Lingyu urged.

Xiao Lingyu gave the spirit a name, Xiao Ling.

Xiao Ling rolled his eyes. He was a small person holding a pair of chopsticks, and his head was not even as big as the bowl.

He said snappily, "Master, I've eaten too much of these earthly things, and they will give me constipation."

Xiao Lingyu asked curiously, "Will you get constipation?"

The spirit ruled the farming space.

Xiao Ling said, "Yes. When I'm sick, it'll affect everything in this space. Everything will wilt and taste terrible."

“What?” Xiao Lingyu was shocked. “How long will that last?”

Xiao Ling said, “It’ll last until I finish pooping!” Suddenly, he frowned and said while holding his stomach, “It’s coming. I need to use the toilet!”

Xiao Lingyu noticed that suddenly the farming space had turned yellow. The fruits in the field dried up. Xiao Lingyu picked a yellow tomato to smell it. It smelled bitter. Even the spring smelled horrible.

‘I better not force Xiao Ling to eat this food anymore. After all, he’s not a human but a spirit. His well-being is related to the space.’

However, she was curious about one thing. How would a spirit poop?

Xiao Lingyu got the answer. The things Xiao Ling defecated were... the things he ate. For example, the egg that he ate was still an egg. It was still very fresh, and even the taste did not change.

Xiao Lingyu, “...” Xiao Lingyu gently stroked her forehead and said dejectedly, “Forget it, I won’t force you to eat these things next time!”

In the end, she had to clean things up, and it might even affect the farming space.

When Xiao Ling heard this, his eyes lit up, and he immediately said with a smile, “Hehe, master, I had already told you that I can’t eat these earthly things, but you insisted. Now, you know the consequences, right?”

Xiao Lingyu examined the spatial spirit from head to toe and asked in confusion, “Xiao Ling, you look and act like a human. How come your body doesn’t work the way normal human beings do?”

Xiao Ling’s face was flushed red as he said, “I look like a human on the outside, but I’m not a human on the inside. My body is like a tube. You throw something in one end, and it’ll come out the same from the other end.”

Xiao Lingyu was speechless.

vas

She was not expecting this. Then again, she should have thought of this earlier.

She saw the feast Xiao Ling had defecated on the ground. They were all eggs and chicken that Xiao Lingyu had forced him to eat over the past week. She had to find a way to deal with them. If Mother Xiao suddenly decided to come into the farming space and saw them, she would explode.

With a thought, the food was instantly placed in bowls. However, some of them were still stained with soil.

She had to think of a way to get rid of them!

She would have to force herself to eat them in the future or it would be a waste of her mother’s efforts.

Xiao Ling looked at Xiao Lingyu’s changing expression and asked carefully, “Master, what’s wrong?”

Xiao Lingyu shook her head and said, “It’s nothing. It’s just that these things are too wasteful. I feel like I’ve let down my mom.”

Xiao Ling said with a smile, "Master, I've eaten these things before. If you feed them to the chicken and cows at home, they will age backward. Don't we have an old cow at home? Feed these to her. Next year, she can give birth to another yellow ox."

Xiao Lingyu immediately grasped the main point and asked, "Xiao Ling, what did you say? Your refuse can make things age backward?"

Xiao Ling nodded in puzzlement and said, "Yes."

"Why?" Xiao Lingyu was a little confused.

Xiao Ling thought for a moment and explained, "My natural power is to create energy. For example, the energy of the vegetables, fruits, and the spring here came from my body. I've ingested these food, and they came into close contact with the spiritual energy in my body. In other words, they became even purer. In fact, they are more effective than the spring water."

Xiao Lingyu immediately asked, "Then what if a person eats these things?" "The effect is small, but they will start to age backward!" Xiao Ling said matter-of-factly.

Xiao Lingyu, "..."

The food in the bowl suddenly became heavy. She didn't expect the food to gain such a powerful effect. She had to think about this carefully.

Aging backward!

Xiao Lingyu asked again, "Then does this mean one can stay young forever with this method?"

"Of course!" Xiao Ling said matter-of-factly.

Then, Xiao Lingyu silently carried the bowl out of the space.

Xiao Ling, "... Did he say something wrong? The master looked a little angry.

In fact, Xiao Ling did not say anything wrong.

It was because the things he said were too shocking that Xiao Lingyu needed time to process it.

Not long after she returned to her room, Mother Xiao returned.

"Yu 'Er... Xiao Lingyu!" When Mother Xiao saw Xiao Lingyu holding a bowl full of eggs and a few pieces of chicken, she was furious. "How did you end up with more than what I gave you? Wait, why are there soils on them?"

Mother Xiao instantly understood. She looked around and asked in a low voice, "Did you throw the food in the farming space? If you don't tell me the truth, I'll have to go into your space to take a look."

Mother Xiao pinched Xiao Lingyu's ear.

"Mom, it hurts!" Xiao Lingyu begged. "I'm sorry." Since she was caught red-handed, she had to admit her mistake.

Mother Xiao was so furious that she pinched harder. She said loudly, "Xiao Lingyu, if it weren't for Xiao Tong, do you think I'd spend time preparing this food for you? How can you throw them away? What a waste!"

Xiao Lingyu had no defense. She could only admit that she was wrong. "Mom, I was wrong. You... be gentle. My ear is going to break."

Mother Xiao snapped, "Good. Next time, you'll think twice before wasting food!"

As she said this, Mother Xiao put down her hands and took the bowl from Xiao Lingyu, "Since these things are dirty, then throw them away. I'll make a new one in a while, and I'll personally supervise you to eat them."

Xiao Lingyu, "... When did her mom become such a tyrant?

When she heard her mother say she was going to throw the food away, Xiao Lingyu immediately stopped her. She snatched the bowl back. "Mom, you can't throw this away!"

Mother Xiao looked at her suspiciously and said unhappily, "These things are dirty. What are you going to do with them?"

Xiao Lingyu shook her head and said, "Mom, this thing is not ordinary."

Mother Xiao was even more confused. "What's so special about it?"

"..." Xiao Lingyu couldn't explain. She said, "Mom, give it to me. I'm going to deal with it."

With that, Xiao Lingyu took the bowl of eggs and chicken and went straight to the cattle pen.

Mother Xiao immediately smiled and said, "Yu 'Er, do you think Little Light and Big Light will eat them? They have become very picky eaters, you know?"

Big Light and Little Light became very smart. They refused to eat dirty things and things they didn't like.

Xiao Lingyu opened the corral and saw Big Light and Little Light sleeping lazily inside.

When Big Light and Little Light saw Xiao Lingyu, they immediately stood up and expressed their happiness. They walked up to Xiao Lingyu and rubbed their heads against Xiao Lingyu's palm.

Xiao Lingyu's smiled and said, "Good!"

Then, Xiao Lingyu said to Big Light. "Big Light, this bowl of food is for you. Remember, you must eat it all. I will keep an eye on you!"

Big Light looked at the bowl in Xiao Lingyu's hand and cried out in protest.

She was a cow. Eggs and chicken were not in her diet.

Besides, the food was already dirty.

Xiao Lingyu saw Big Light's protest and she said with a serious expression, "Big Light, you have to eat this. I'll supervise this from the side. Don't make me force you."

Mother Xiao came over and asked with confusion, "Yu 'Er, is there anything special about this bowl of eggs and meat?" Otherwise, her daughter would not be so unyielding

Xiao Lingyu shook her head and said, "I don't know yet."

Big Light mooded and lowered her head, and ate the bowl of eggs and meat. With two gulps, she ate the bowl of eggs and meat.

She felt like eating more. She mooded at Xiao Lingyu. Little Light walked over to sniff the bowl. Then he also mooded at Xiao Lingyu.

The things smelled delicious. They were even more delicious than the spiritual water that they usually drank.

Was there more?

Xiao Lingyu touched their heads and shook her head. "I have no more. I'll make some more for you to eat in the future."
