

Chapter 631: The Watcher

In the capital, Jiang Tao was consolidating the power of the Jiang family.

Old Master Jiang was getting older. He didn't want to give up his power, but he had no choice when his heir was expanding so aggressively.

However, he was still apprehensive.

After the Qin girl tried to use him to get rid of Xiao Lingyu and after being warned by Old Man Gong, Old Master Jiang had a vague feeling that there was something else going on. However, due to the interference of the Gong family, he could not send anyone to investigate further.

Therefore, when he found out that Gong Tianhao was unconscious, he immediately sent someone to re-investigate the matter.

This time, since the Gong Family was not there to intervene, his investigation was very successful. It was as he expected. His grandson and the brat from the Gong family actually liked the same woman.

No wonder the Qin girl had used him.

When Old Master Gong found out that Gong Tianhao had married that country woman and given birth to a son, he immediately felt as disgusted as if he had eaten a fly.

He had lost to Gong Zhen again. Fortunately, the wife that Gong Tianhao had married was not from a big family but a slut from the countryside. Otherwise, he would have been so angry that he would have vomited blood.

After he found out that Gong Tianhao was unconscious, Old Master Jiang revealed his cards with Jiang Tao. He threw the photo in front of Jiang Tao and said sternly and coldly, "I know that you like Gong Tianhao's wife."

Jiang Tao's face tensed up, and he couldn't help but feel flustered. He clenched his fists. He took a deep breath and said, "Grandfather, what are you talking about? Why can't I understand?"

Old Master Jiang snorted and said, "You don't understand?! What are these then?" He threw the photo in his hand at Jiang Tao and then scolded him coldly, "Useless thing. Why would you like a country slut and a used woman?" Old Master Jiang was quite vicious.

The photos on the ground were all of him and Xiao Lingyu together. There were even those from the times he couldn't even remember.

Jiang Tao's eyes spewed out flames of anger as he gnashed his teeth and said, "Grandfather, she's not a slut. She's already married to Gong Tianhao. Please watch your words, grandfather!"

Old Master Jiang's sharp gaze immediately shot towards Jiang Tao as he said with a gloomy expression, "This woman is promiscuous and will open her legs for anyone. If she's not a slut, then what is she? To think that the Gong family would treasure this slut so much! They really deserve to help someone else

raise his child." After Gong Tianhao's car accident, Old Master Gong hid a lot of information so that no one would find out about Xiao Tong's identity.

Therefore, Old Master Jiang's investigation showed that Xiao Lingyu married Gong Tianhao while carrying another man's child. Therefore, Old Master Jiang despised and looked down on her even more.

"Who knows what kind of charm the slut has given Gong Zhen. Isn't he afraid that the Gong family will become a joke in the entire capital?"

When Jiang Tao heard his grandfather's words, his fists clenched so tightly that they cracked. In the end, he took a deep breath and said expressionlessly, "Grandfather, that is something for the Gong Family to worry about." At the same time, he secretly heaved a sigh of relief in his heart.

Fortunately, his grandfather did not discover that the child was actually from the Gong family. Otherwise, his grandfather might really harm the child. He could leak the news to the other families. Then, Xiao Lingyu and her son would really be in danger.

Old Master Jiang snorted coldly and said, "Hmph, as if I want to meddle in the affairs of the Gong family." He paused for a moment and stared sharply at Jiang Tao. His tone was filled with a strong warning. "Jiang Tao, I'm warning you. I don't care what you still think of that village slut. From now on, forget about her. Otherwise, I'm going to make a move.

"The Gong family did stop me once. But now, the Gong family doesn't have the ability to stop me a second time."

Jiang Tao's pupils constricted. At that moment, he was even more eager to control the power of the Jiang family. That was because only after obtaining the power of the Jiang Family that he could cast off his grandfather's control and protect the people he wanted to protect.

Now that Gong Tianhao was unconscious, no one knew when he would wake up. So he needed to protect Xiao Lingyu from harm before Gong Tianhao woke up.

Therefore, Jiang Tao became a very obedient heir for the past two years.

He did whatever grandfather Jiang told him to do and didn't do whatever he wasn't allowed to do. He completely became the qualified heir of the Jiang family that grandfather Jiang wanted to nurture.

The marriage alliance with the Qin family was later broken after the Qin family had an accident. The marriage alliance between the Jiang and Qin families was even broken, and the Qin family had quickly turned from a first-class family into a low-class family.

Even if the Qin Family had another daughter, they no longer had the qualifications to associate with the Jiang family.

Thus, old master Jiang found someone from another big family, the daughter of the Leng family, Leng Piaoxue.

Jiang Tao didn't refuse and got engaged to Leng Piaoxue.

Old Master Jiang was really satisfied.

He felt that his grandson was really obedient, so he slowly handed the power to Jiang Tao.

It had been almost two years.

Jiang Tao's position in the Jiang family was finally stable. Even though Jiang Tao hadn't become the head of the family, he had begun to exercise the head's power.

However, grandfather Jiang was still somewhat wary of him and did not give him the ring that symbolized the head of the family.

Jiang Tao did not care. At least, if Old Master Jiang really made a move against Xiao Lingyu, he would no longer be a weakling who could not fight back.

While he was competing for power within the Jiang Family, Jiang Tao had also been secretly paying attention to Xiao Lingyu's news. He knew that even if Gong Tianhao was in a coma, elder Gong would definitely protect Xiao Lingyu.

He noticed that over the past year, Xiao Lingyu's Taoyuan Village had blossomed a lot.

For example, Taoyuan village had gone from being the poorest village to being a very wealthy village.

For example, the Peach Blossom Village's specialty products were all over the media.

When Jiang Tao saw this, he felt very gratified.

He knew Xiao Lingyu was behind all these.

She was not knocked down because of Gong Tianhao's accident. That was really strong.

Jiang Tao smiled and said, "Lingyu, you are really strong and impressive. However, if Tianhao knew that you worked so hard, he would definitely be heartbroken, right?" When he said the last sentence, he even felt sorry for himself.

He heard that Xiao Lingyu had opened more than a dozen supermarket chains. In addition to the income from the Taoyuan Village, some people estimated that her wealth was at least in the hundreds of millions.

Normally, people proceeded from one to a hundred, then from a hundred to a thousand, then from a hundred to a hundred billion.

Xiao Lingyu, on the other hand, had directly jumped from a millionaire to a billionaire.

All the tourists who had been to Taoyuan Village or the customers who had gone to the fruit and vegetable supermarket had given them high ratings.

However, when he turned on his computer yesterday, he was flooded with all kinds of bad news and abusive comments against Taoyuan Village and Xiao Lingyu. It made Jiang Tao's face turn ashen, and there was faint anger on his face.

Then, he immediately called his trusted aides to investigate.

As for why he sent his trusted aides, it was naturally because this matter couldn't be known by the Jiang family.

Not long after, his subordinate reported the information he had investigated.

Jiang Tao narrowed his eyes. "Bai Shanshan? Who is this woman? Why is she going after Taoyuan Village Green Fresh Company and the boss?"

The subordinate reported truthfully, "Bai Shanshan worked in Green Fresh but she was bullied by the company's employees because of her beauty. Even the boss couldn't stand her. According to..."

"Impossible. Xiao Lingyu is not such a person." Jiang Tao didn't even hear the whole story and immediately denied it.

"..." the subordinate continued, "According to what she said on the internet, even if so many people in the company were jealous of her, she still bore the humiliation. It was not until she was fired unjustly that she decided to expose the company's dark secrets.

"However, according to my investigation, Bai Shanshan is purely distorting the truth. She is completely out for revenge."

After a moment of silence, Jiang Tao ordered, "Immediately find out where Bai Shanshan is and bring her to the Shadow Hall."

"Yes!"

Chapter 632: Bai Shanshan with a Twisted Heart

It had been three days since Bai Shanshan had exposed the so-called dirty secrets of the company as a former employee.

Two days ago, her expose blew up on the internet. The whole online world was filled with people mocking and insulting Green Fresh. Bai Shanshan was so happy that she was trembling with joy!

Later on, there were occasional voices speaking up for Green Fresh, but they were drowned out by another piece of information that she had revealed.

Bai Shanshan was extremely happy when she saw that the entire screen was filled with comments that were hurling insults at Xiao Lingyu.

"Hmph, An Xiaohui, Xiao Lingyu, you two bitches, just you wait. I'll leak your addresses online, and the justice warriors will find you. Your company will go bankrupt, and you'd be tortured and beaten up!" Bai Shanshan said with malicious intent. This woman was truly evil. She had a good appearance, but she was a jealous, vain, and scheming poisonous person who was good at disguising herself.

She made up the rumors about the vegetables being watered with drugs and posted them on the internet. She wrote like she was a righteous agent who had suffered a lot in the company and wanted to uncover the company's dirty secrets.

However, the news was fabricated. Once people investigated it, the news would crumble apart. It was why she was so panicky when she saw people speaking up for Green Fresh.

At the same time, her heart was mixed with anger and resentment. She thought the whole world should stand up for her. Everyone should hate her enemies too.

Due to this twisted mentality, Bai Shanshan exposed the news that she had heard from the villagers of Taoyuan Village. Of course, she had twisted the news first.

It was how Xiao Lingyu became a beautiful and evil woman on the internet. She had a messy private life and had an illegitimate child. Xiao Lingyu was betrayed by her former boyfriend, but Bai Shanshan said that Xiao Lingyu had betrayed her ex-boyfriend. Xiao Lingyu was drugged, but Bai Shanshan said that Xiao Lingyu had seduced the rich boss instead.

Then, Xiao Lingyu created a trap for her former boyfriend. She kept harming her ex-boyfriend and his family in order to hide the truth of her seducing her boss into sleeping with her. Xiao Lingyu had caused her ex-boyfriend to become paralyzed and sent his family to jail.

The things were written with logic. Even the web writers were impressed. She gained the trust of the netizens.

Bai Shanshan also uploaded a few photos of Xiao Lingyu's life.

Xiao Lingyu was beautiful. Even though she dressed very casually in every picture, her beauty stood out.

Therefore, those netizens who did not know Xiao Lingyu and did not know the truth naturally assumed that Xiao Lingyu was a wicked woman. Plus, since she had the heart to betray her boyfriend of ten years, it was not so strange for her to poison her customers.

Therefore, Xiao Lingyu got on trending. She was scolded by all the netizens. She was called so many horrible names.

Bai Shanshan was dancing on the bed when she saw this. She was laughing so hard that tears were coming out of her eyes.

"Haha, An Xiaohui, Xiao Lingyu, I hope you enjoy this!" Her voice was so loud that even the cleaning lady outside was shocked. She thought that there was a lunatic living in the room, so she immediately called the front desk to inform them.

The front desk called the room and confirmed that the person in the room was normal.

Just as Bai Shanshan was about to turn on the wine to celebrate, the computer screen suddenly turned black. "What's wrong with the computer?"

Bai Shanshan immediately jumped off the bed and checked her computer. She kept typing on the keyboard, but there was no response.

A moment later, the computer screen lit up again.

However, when it did, all the news about Xiao Lingyu and Taoyuan Village was gone. They were replaced by advertisements.

"Damn, what's going on?" Bai Shanshan was clearly a little anxious. "How is everything gone? Have I been hacked?" This was not very likely.

Bai Shanshan used the search engine, but she could not find any news about Green Fresh. Similarly, she could not find any information about Xiao Lingyu. She tried the other forums but the result was the same.

“How could this be?” Bai Shanshan was shocked and angry. She could not help but feel a sense of panic in her heart.

Bai Shanshan suddenly thought of a possibility, and her face could not help but turn pale.

She kept comforting herself, “How is this possible? Does that bitch Xiao Lingyu have such a great ability?” Top hackers had to be involved in getting all the news about someone off the internet. However, Xiao Lingyu was just a farmer. She did not have the ability to get to know top hackers.

As for who was the real culprit, Bai Shanshan didn't worry.

She believed that Xiao Lingyu must have been dumped by her boss. When Bai Shanshan worked at the company, she had not seen Xiao Lingyu's husband before.

From the looks of the child she gave birth to, the man that Xiao Lingyu had hooked up with was definitely not ordinary looking. Moreover, the villagers all said that the man was still very young.

A handsome, rich, and young man, Bai Shanshan naturally had some thoughts.

When she was still working at the company, she wondered if the man would come to look for Xiao Lingyu. If he met her requirements, she would lure him away from Xiao Lingyu.

As a member of the Bai family, she had made up her mind since she was young to marry a rich and powerful man like her aunt, Bai Lianhua.

Her aunt married into the Gong family in the capital, the most powerful family in the capital.

The Bai family also rose in status and enjoyed great fame.

However, Bai Shanshan eavesdropped on the conversation between her aunt and her father at home some time ago.

Her aunt wanted her to marry into the Gong family by marrying the unconscious Gong Tianhao.

The Gong family had very few people now. There was only Gong Tianhao and Old Master Gong. Now that Gong Tianhao had fallen, there was only one old man left. How could they not seize this opportunity?

If Bai Shanshan succeeded, she would become the mistress of the Gong family. She could firmly control the power and influence of the Gong family. Then, the Bai Family could openly devour the Gong Family to become the number one family in the capital.

Bai Lianhua's plan was good, but the main character refused to cooperate. When Bai Shanshan heard that her aunt was going to marry her to a comatose man, she ran away in fear. She wanted to find a rich and powerful husband on her own. Therefore, when she heard about Xiao Lingyu's rich and handsome husband, that became her target.

However, she waited for a month, but she failed to wait for him. Instead, she had offended Xiao Lingyu.

Just as Bai Shanshan was looking at the computer screen angrily, she bit her lip and thought for a while before making another call.

“Hello, Brother Cheng, it’s me, Bai Shanshan. I heard that your computer skills...”

The other party said something, and Bai Shanshan’s face turned red and white. Then, she hung up the phone angrily.

After that, she made a few more calls. Every time, she hung up the phone angrily.

“Bastards!” Bai Shanshan scolded angrily, “These men are usually so attentive, but at the critical moment, none of them are useful.”

However, Bai Shanshan had no idea more infuriating news would come later.

After the top hackers blocked all the news on the Internet, the next day, hundreds of planes flew in the sky in City Z just to buy vegetables at Green Fresh.

Bai Shanshan knew very well that once this news was published, it would clear the name of the Green Fresh and Xiao Lingyu.

She beat the pillow of the hotel angrily and kept cursing the bitch. When the cleaning lady heard it, she thought she was crazy.

On the fourth day, Bai Shanshan turned on her computer again. When she saw the trending news, she immediately felt that something was wrong.

She quickly packed her luggage and left the hotel in a hurry.

However, when she opened the door and saw the two people standing outside, her pupils constricted, and her face could not help but show nervousness and fear.

She opened her mouth and asked, “Who are you?”

Chapter 633: Reversal

After a day of silence in the online world, when everyone turned on their computers and mobile phones, the trending searches that popped up were extremely surprising.

The truth about the vegetable poisoning of Green Fresh had been turned upside down!

Two days ago, the Taoyuan Village Green Fresh Company caused a stir on the internet because they used drugs to grow their vegetables. However, two days later, the company had started to fight back with the truth.

It turned out that Green Fresh had been using high-tech means to remove impurities in their products. There was an ingredient made by the boss. It allowed the vegetables to produce an active molecule. This active molecule could make people’s bodies healthier.

Subsequently, the company also issued an official certificate from an authoritative testing agency. The certificate was validated by the South Province Police Department. They certified that there was no accident from the sampling to the test.

When this news came out, it really made the Internet boil.

It made the vegetable fans excited.

It made the faces of those keyboard warriors twitch.

The fans said excitedly, "Can you hear the faceslaps?"

"Yes! I can hear them loud and clear!"

"We have both the validation of the South Province Police Department and the test report of the authoritative organization. Haha, I have to say that the counterattack of Green Fresh is very beautiful!"

"Now, what do these justice warriors have to say?"

"That's right. Why aren't you people saying anything?"

"I wish to be there in person to see the expression on your faces!"

After that, the company started to clarify the matter of the boss and restore the truth to everyone.

"Oh my God, anyone would choose to take revenge if they met such a scumbag."

"That Scumbag is simply inhuman. In order to be together with the daughter of a rich family, he actually set up his ex-girlfriend and let her sleep with another man. How could there be such a scumbag man?"

"Fortunately, this scumbag man got his comeuppance. Karma is real, and no one can escape."

"So the rich boss is just a passer-by who wanted to help."

"Everything really has a different meaning now, hasn't it?"

...

"Yesterday, I was wondering, since the vegetables in Taoyuan village were watered by drugs, why didn't supermarket z close its doors? And why would there be hundred of helicopters flying to City Z to buy their vegetables? Now I get it."

"That's right. The rich and powerful must have known the truth. They are the most health-conscious, and they've been supporting Green Fresh. What does this mean?"

"If there's something wrong with the vegetables, something would have happened in City Z already. However, there's no such thing."

"Where are the justice warriors? We want to see your evidence!"

"That's right. These justice warriors kept sending death threats and shouting non-stop. Where are you now?"

"Come out and apologize. Why are you hiding?"

...

"I want to know who is the 'justice warrior' who went undercover at Green Fresh to expose the company?"

“What justice warrior? It’s just personal revenge. I’m an employee of Green Fresh. This so-called righteous warrior is someone who has been fired because she refused to admit her mistake at work and wanted to blame it all on her boss.

“Her boss pitied her during the recruitment drive and accepted her into the company. However, this person repaid kindness with enmity. The first thing our boss looked at when recruiting people was their character, followed by ability. The boss saw through this person’s rotten character, so she fired her.

“Who would have thought that this woman would be so evil and release such untrue rumors on the internet after she was fired?

“Now that the company and the boss’ reputation have been restored, we can finally work in peace again.

“Also, let me tell you, our boss is not only beautiful but her heart is also beautiful. One of my colleagues had an accident at home. Her father fell from the roof while repairing the house and broke his leg. He needed surgery immediately.

“My friend couldn’t get so much money. Even if she borrowed it from relatives and friends, it would still take time. She was so anxious that she started crying. Our boss found out. Without saying anything, she transferred the money to her and even gave her a holiday. She was told to go back and take good care of her father.”

“Wow, if that’s true, that’s a wonderful boss.”

“Of course, it’s true. Everyone working at Green Fresh knows it. Even though our boss is strict at work, she is very nice and cares about us very much!”

“Hey, I heard that the employees of Green Fresh Company have very good benefits, isn’t that true?”

“Of course. We enjoy many benefits, but there is one thing you must follow. You must be honest and work hard.

“For example, in this turbulence, most employees chose to stay with the company. A few ingrates wrote their resignations and left.

“However, our boss didn’t stop them. She said that she would not hire back anyone who left. At the same time, she rewarded the rest of us, loyal workers, with a 10 percent increase in our salary!”

“Then can you tell us how much the basic salary of this company will be now?”

“That’s hard to say. For example, we work in the Taoyuan Village Company. The basic level employees have a salary of 2,500 a month. Then there are other benefits during the holidays. At the end of the year, there are also half-year bonuses and one-year bonuses.”

“Wow, the basic level employees’ salaries are all so high.”

“That’s not all. I’m just talking about the workers in the Taoyuan Village Company. For example, the employees who work in the supermarket can get more than 4,000 to 5,000 per month.”

“Four to five thousand! Damn, it’s almost equivalent to a white-collar worker’s monthly salary.”

“With such a high salary, even I want to work there.”

“Stop dreaming. There’s a long line of people who want to work in there now. You’d have to wait your turn.”

Everyone was arguing about wanting to work in Green Fresh Company.

“I have a cushy job. I want to know, who is the ‘righteous person’ who maliciously fabricated the truth and framed the company?”

“Oh, that’s right! This person is really evil. She has been fired, but she didn’t reflect on her mistakes. She chose to take revenge instead. She maliciously tarnished the reputation of the company’s boss and had the whole world target the boss. How twisted is this person’s heart? It’s simply unimaginable.”

“Yes, yes. This person’s mind is perverted. It’s a good thing that the boss is a strong person. A weak-willed person would have surrendered and done something stupid already. It’s hard to survive the attack of the whole internet.”

“Who is this person? Let’s find her!”

The entire internet started a human search. Soon, someone dredged up Bai Shanshan. When they saw Bai Shanshan’s round face and big eyes, many netizens fell into silence.

Could such a cute and beautiful girl be so black-hearted?

They couldn’t believe it.

However, the ability of the keyboard warrior was powerful.

Soon, someone dug up a lot of information about this person.

This woman relied on her good looks to do a lot of disgusting things.

For example, she stole her best friend’s boyfriend, flirted with a lot of male classmates, or asked people to buy bags and jewelry for her even when she didn’t like them.

As more incidents came to light, the more shocked and disgusted people were. This woman was like a wolf covered in sheepskin.

“So this person’s name is Bai Shanshan!”

“How disgusting and vicious!”

Chapter 634: A Blessing in Disguise

The truth of the matter of Green Fresh using drugs to irrigate vegetables had been revealed. This had caused a stir online.

The culprit who fabricated the truth was condemned by many.

Bai Shanshan, who saw this at the hotel, was so angry.

Then, the official statement released by Green Fresh shocked everyone again. It read like this: Regarding the culprits who have fabricated false evidence to harm the interests of Green Fresh Company, the

company will file a lawsuit against them. Please wait at home to wait for the court summons. @Xiaobai is the cutest @I will know what I want to know...

And a lot more bloggers and influencers were tagged.

Then, the announcement continued: With regards to culprits who have personally slandered Ms. Xiao Lingyu, the boss of Green Fresh's reputation, we will sue for reputation infringement! @ Xiaobao is the cutest @I will know what I want to know...

These two announcements shocked all the netizens.

Then, they fell silent!

But after a moment of silence, it quickly boiled up again.

Some were excited, but there were also others who were terrified because they had been tagged.

"Haha, this is awesome! I was wondering why Green Fresh hasn't said anything. So they were waiting for this!"

"This company is really bold and ruthless!"

"These people really think they can get away with writing anything they want on the internet. They have killed so many people without drawing blood. It's time for them to face their comeuppance."

"The company was slandered, but instead of scolding them back, they turned to legal methods. It's really brilliant!"

"Does this show the difference between a small fry and a big shot?"

"The person above is wrong. This is the difference between someone with morals and someone without."

"Haha, your description is really appropriate. Where are these justice warriors now? I can't wait to hear from them."

...

"I hear that Green Fresh has opened a lot of supermarket chains around the country. Why isn't there one in our city?"

"That's right. Our city doesn't have their chain either. I've looked into their website. They have a tourist farm and many supermarket chains. They already have eleven chains."

"Eleven supermarket chains? That means they have established themselves in eleven cities already!"

"No, it's just ten cities! They have two supermarkets in City Z."

"What? Two supermarkets? I'm from City M, but our city has one supermarket. The supermarket has daily limited stock. So if you want to eat the vegetables there, you have to queue up early in the morning."

“In order to get the vegetables, my family has hired a maid whose job is only to get up early and queue up at the market.”

“Haha. People upstairs, my family has the same arrangement as you. I’m now used to eating their food every day. If I try the vegetables from the other places, they’d taste so horrible.”

“It’s the same here. It’s really hard to go back to the common vegetables after you’ve tasted the best. Before Green Fresh opened here, our family also bought those very expensive organic vegetables. However, after eating the vegetables from Green Fresh, we realized we had been given fake organic vegetables in the past!

“Therefore, my family has given the nanny a sports car so that she can get to the store early in the morning!”

The group of normal netizens, “...” The world of the rich is really crazy...

“But why would the difference between organic vegetables be so huge?”

“I just want to know when Green Fresh will open a chain in my city. I want to eat their vegetables daily too. I tasted their food when I visited another city. The taste is unforgettable.”

“Our city also welcomes the Taoyuan Village’s Green Fresh supermarket.”

“Our city also welcomes you.”

Under the official statement by Green Fresh company, there was a long list of messages urging Green Fresh to open a chain in their cities. Green Fresh Company had officially entered the eyes of the entire nation. The Taoyuan Village Green Fresh brand became known.

...

“Haha, CEO Xiao, our company is now known by the entire nation. Isn’t this a blessing in disguise?!” An Xiaohui was really excited when she saw the praise for the company on the internet.

“You’re right.” Xiao Xinxin was relatively calm, but she also said happily, “Now our company, our supermarket, and Taoyuan Village are famous in the country. We don’t even need to advertise. We’ve saved a lot of advertising money.”

Xiao Lingyu, “...” that is true.

“We really have to thank Bai Shanshan.” said Xiao Lingyun, “If not for her hard work, we’d need to spend quite a lot on promotions.”

“Speaking of, where is Bai Shanshan hiding now?” An Xiaohui asked in puzzlement. “We’ve filed a lawsuit against her, but I fear that she might escape.”

Xiao Lingyu said with a smile, “No matter where she goes, she won’t be able to escape. None of those people will be able to escape.” Do they really think they could get away with insulting her son?

Xiao Lingyu said with a smile, “Xiaohui, pass the message that the matter has been resolved. In order to celebrate, the company will treat everyone to a meal at a big hotel and give them a big red packet at the same time!”

“Ah, a big red packet? That’s great!” An Xiaohui and the others’ attention was on the big red packet.

As for the meal, the food in their cafeteria was not much different from the food in a big hotel. Therefore, few people were interested in eating at a big hotel. However, it was a great bonding time.

Xiao Xinxin asked, “CEO Xiao, can you tell me how big this red packet is?”

Xiao Lingyu blinked and said, “It’s a secret for now!”

...

“Bastards, who are you? Why did you capture me?”

Bai Shanshan was dragged into a black car by two men in black.

It looked like a kidnapping.

“Help, I’m being kidnapped!” Bai Shanshan shouted in panic.

But for some reason, no matter how she shouted, she ignored them.

Some people saw the two men in black with fierce expressions and did not dare to help.

However, there were still some who wanted to be a hero. They gathered their courage and asked, “Who are you? Where are you taking this pretty lady? If you don’t tell me, I’ll call the police!”

An elite young man in a suit and tie jumped out and explained with a smile, “Hello, we’re not bad people. This is our eldest miss, Bai Shanshan. She came here to escape from an arranged marriage. This time, we were ordered by our master to bring our eldest miss back to complete the marriage.”

“No, no, they are lying. I don’t know them at all!” Bai Shanshan denied it fearfully.

The young man smiled and said, “Eldest miss, why don’t I give the Master a call?”

After saying that, the young man took out his phone and tapped twice on the phone before showing it to Bai Shanshan.

Bai Shanshan took a look, and her pupils suddenly shrank. Her head trembled, and then she stopped making a scene.

The hero looked at them and asked suspiciously, “Is what they said true?” The question was directed at Bai Shanshan.

Bai Shanshan bit her lips and nodded. “Yes, they are my family’s bodyguards.”

Then, everyone watched a row of luxurious black cars speeding away.

But no one knew that once Bai Shanshan got into the car, a black cloth was used to cover her eyes.

Chapter 635: The Gong family and Tianhao

“What? You can’t find Bai Shanshan?!” Xiao Lingyu was obviously surprised when she heard this. The person who reported to her was someone from the court.

“Yes, Bai Shanshan is nowhere to be found. I don’t know where she is hiding,” the person said. “Ms. Xiao...”

Xiao Lingyu nodded. “Okay, I got it. Thank you for coming over to tell me.”

After that, Xiao Lingyu invited them to have dinner at home.

The people from the court did not refuse. As long as Bai Shanshan didn’t change her name, they’d eventually find her. Since the people from the court couldn’t find her, there was a high possibility that she had gone into hiding. But as long as Xiao Lingyu didn’t withdraw the lawsuit, she’d be summoned the moment she appeared. She would see how long this Bai Shanshan could hide.

After the people from the court left, Gong Yinxiong frowned and said in confusion, “They can’t find Bai Shanshan? The court should have sent the subpoena to the Bai Family. Could it be that the Bai family is hiding her?”

“But the Bai Family wouldn’t be so stupid.”

“The Bai Family?” Xiao Lingyu didn’t really understand the situation in the capital, so she naturally didn’t know the Bai Family. Of course, the others present didn’t understand either.

Gong Yinxiong said, “The Bai family used to be an ordinary family in a small county. But after Bai Lianhua of the Bai family married Gong Jianjun, with the power of the Gong family, they rose step by step from an ordinary family in a small county to a third-rate family in the capital.”

Xiao Lingyu asked in confusion, “What is the relationship between Gong Jianjun and the Gong Family?”

The Gong family that she knew were grandfather Gong and Gong Tianhao. She didn’t know anything about the other members of the Gong family.

Gong Xiong thought for a moment and explained, “Sister-in-law, grandfather has a younger brother named Gong Qi. Second Elder Gong’s eldest son is Gong Jianjun. Bai Lianhua is the eldest daughter-in-law of Second Elder Gong.”

Xiao Lingyu asked curiously, “Grandfather Gong and Second Elder Gong are brothers, so they should be close. But why haven’t I heard grandfather and Tianhao mention them before? They didn’t even inform them of our marriage.”

Gong Yinxiong shook his head very seriously and said, “If Second Elder Gong didn’t do those things, or if he really treated the old master as his elder brother, then, of course, their relationship would be close.” At this point, he paused for a moment and said, “That’s not right. Let’s put it this way. Before the old master came to Taoyuan Village, the old master and Second Elder Gong were quite close.”

Everyone and Xiao Lingyu, “...”

“Oh, that’s not right. It’s the old master who thought that his relationship with Second Elder Gong was quite good.”

Everyone was even more confused. “...”

Aren’t they brothers? But based on what Gong Yinxiong said...

Xiao Lingyu asked directly, "What do you mean?"

Gong Yinxiong sighed and said, "Sister-in-law, you should know that when Tianhao was three years old, his parents passed away unexpectedly, right?"

Xiao Lingyu nodded.

"The Gong family has always been a small family. After Tianhao's parents passed away, the main branch only had the old master and the young master, an elder and a child. Old Master Gong held a high position, and Tianhao was still young. The power and wealth of the Gong family made people envious.

"Many people were afraid of Master Gong's authority and didn't dare to do anything. However, after Master Gong and his wife passed away, these people's ambitions started to surface. However, they hid it very well before Old Master Gong. On one hand, they were trying to curry favor with Old Master Gong, but on the other, they hired people to assassinate Tianhao. Fortunately, Tianhao, who was only three, was already smart and quick-witted. He has avoided all kinds of assassinations."

Everyone sucked in a cold breath when they heard this.

"Isn't this Second Elder too vicious and merciless?" Xiao Lingyu clenched her fists tightly. Blue veins appeared on her fair and tender hands. It was obvious how angry she was. She asked, "Grandfather is such a smart person. Don't you know what his younger brother has done?"

She felt her heart ache when she thought about how Little Tianhao, who was only three years old, had to deal with assassination.

Gong Yinxiong was silent for a moment before saying, "Back then, the old master was busy with military affairs. Since Second Elder Gong was his family, he thought his younger brother's family could help him take care of the child.

"Therefore, he entrusted them to take care of Tianhao. The old master was really busy. Sometimes, Tianhao wouldn't see him for a long time.

"Whenever the old master asked how the child was doing, the second elder would say that he was doing well. Whenever the old master wanted to see him, they'd say he was busy studying to prevent them from meeting.

"At that time, the old master didn't think too much. He also didn't think that his own brother wanted to hurt his own grandson.

"Occasionally, when the grandfather and grandson met, they were all in a hurry. Tianhao didn't have the chance to complain at all.

"That was why the Second Elder Gong had the chance to deal with Tianhao.

"However, there was finally a time when the old master accidentally met his own grandson, who was covered in injuries. Only then did he know that his brother's family had been so cruel to Tianhao.

"In his anger, he took back more than half of the power and wealth that he had given to Second Elder Gong. With regards to the assassinations, Second Elder Gong pushed out his youngest son's family as the scapegoats."

“So, this matter is settled just like that?” Xiao Lingyu was obviously indignant, but at the same time, she was also very angry. Grandfather was too muddle-headed. His brother was about to kill his grandson and he let them off?

The others also looked at Gong Yinxiong in puzzlement and were slightly dissatisfied with grandfather Gong’s actions.

Gong Yinxiong said, “At the time, the old master was in a bind. The main Gong family only had two people left. Furthermore, Second Elder Gong was still his brother. How could he kill his own brother?”

The others were silent.

“After that, the old master immediately brought Tianhao back to his side. Even if he didn’t have the time, he would still send people to protect Tianhao.

“After the Second Elder’s family was warned by the old master, they didn’t dare to make any rash moves. Just like that, under the old man’s protection, Tianhao grew up safely.

“Tianhao developed a business talent. After the old master agreed, he resigned from his post in the army and became a businessman.

“He is indeed very talented as a businessman. In just ten years, the gong group that he founded went from an unremarkable small company to becoming the leading company in the country. He became the richest person in the country.”

As for the hardships of doing business, even if Gong Yinxiong did not mention it, Xiao Lingyu understood it.

“As the old master grew older, he became more family-orientated. In this world, the person he was closest to, apart from his grandson, was his younger brother.

“In the past years, no matter how much the second gong family tried to curry favor with him, old master gong treated them indifferently. It wasn’t until he grew older and knew that he wasn’t in good health that he started to get closer to the second gong family.

“The Second Gong family was like ungrateful wolves. They only saw this as a chance to get to the top. After they knew Old Master Gong started to value family ties, they started to curry favors with him to get some benefits from him.

“Tianhao had always hated them since he was young, so he naturally wasn’t willing to pay attention to them. However, to indulge his grandfather, he still allowed these people to come to see Old Master Gong.

“However, just before Old Master Gong came to Taoyuan Village, the second Gong Family came and caused a ruckus. Gong Tianhao exploded and decided to separate his grandfather from the rest of the family.”

“Is it related to the Bai Family?” Xiao Lingyu asked.

“Yes!” Gong Yinxiong said. “These people still want to take over the Gong Family’s power and wealth, but they knew assassination wouldn’t work anymore.

“Therefore, the only solution was to control Tianhao’s marriage. Therefore, Bai Lianhao wanted to arrange for Tianhao to marry her niece from the Bai Family.

“Marriage was a serious business. Also, the Old Master wasn’t dumb. He obviously wouldn’t agree. Therefore, the second Gong family kept provoking the old master and even used the rumors and slanders spread in the capital to provoke the old man.

“In a fit of anger, Tianhao began to get people to suppress the Bai family’s property. Then, he got people to locate a place where he could set up Old Master Gong away from those ingrates. That was how he found Taoyuan Village.”

Xiao Lingyu smiled, “So, I assume Bai Shanshan is the niece Bai Lianhua has arranged to be Gong Tianhao’s wife?”

Chapter 636: Offending the Wrong Person

“Let go of me! Who are you?” Bai Shanshan kept shouting in the dark room. “Don’t you know that I’m a member of the Bai family in Beijing?”

She knocked on the door, but the people outside ignored her.

“You bastards! Why did you lie to me?” Bai Shanshan shouted.

Before she got into the car with them, the man showed her his phone screen. He wrote on it that if she didn’t go with them, the police department would come and arrest her.

Bai Shanshan regretted it now.

If she had known earlier, she would have let the police department arrest her. It would have been better than these people taking her into the dark room and locking her up.

“I’m a member of the Bai family. If you offend me, the Bai family will not let you go,” Bai Shanshan said fiercely. “I will make those who bullied me suffer a fate worse than death!”

Just as she was shouting, the door opened.

Suddenly, a white light pierced Bai Shanshan’s eyes, and she used her hand to block it.

Then, a voice sounded in her ear.

“Miss Bai, you are so arrogant!”

Bai Shanshan turned her head and saw a woman in a black suit with black high heels and a ponytail.

However, Bai Shanshan did not see her face clearly.

Because she was wearing a white butterfly mask, only revealing her round and white chin and a pair of cold eyes.

She had a unique and cold temperament.

“Who are you?” Bai Shanshan asked loudly.

“You don’t have to care who I am. Let’s make a deal. How about it?” The woman said directly.

Bai Shanshan was stunned for a moment and asked with some doubt, "What deal?" As she reacted, she asked loudly, "I don't even know who you are. Why should I make a deal with you?"

The masked woman snorted coldly and said, "You don't even know it when you're staring at death."

Bai Shanshan was shocked and immediately said loudly with a panicked face, "You're talking nonsense. You're the one who's about to die. Hurry up and let me go. Otherwise, wait..."

"Do you know who you've offended?" The masked woman directly interrupted her, "Do you know how many people are trying to find you?"

"The whole internet is looking for you and the City Z court. Do you know that the Gong Family and the Jiang Family are also looking for you?"

"Gong family, Jiang Family?" Bai Shanshan was really surprised. "How is this possible?"

However, Bai Shanshan quickly responded and said narcissistically, "My aunt must have sent the Gong family to look for me. I knew it. The Gong Family still needs the Bai Family." Gong Tianhao was unconscious, and Gong Zhen was in his eighties. The current main Gong Family was like an old house that was on the verge of collapse, so they needed a pillar of support. Coincidentally, her uncle's family was the pillar of support for the Gong family. Old Master Gong naturally had to curry favor with them.

The masked woman sneered when she heard Bai Shanshan's self-indulgent words, "Hehe, you really know how to daydream. The Gong family is indeed looking for you, but it's not because of your aunt, Bai Lianhua. It's because you've offended someone you shouldn't have offended. They want to punish you."

"What?" Bai Shanshan asked in confusion. "What nonsense are you talking about? Who did I offend to make the Gong family punish me?"

She was very self-aware. She wouldn't offend someone she shouldn't.

"It's Xiao Lingyu!" The masked woman said.

"Impossible!" When Bai Shanshan heard this name, she rejected it without thinking. "Xiao Lingyu is a slut from the countryside. Why can't I offend her?"

"Xiao Lingyu is a peasant woman from the countryside," the masked woman said coldly. "But she is also the wife of the Gong family, Gong Tianhao's wife!"

"Impossible! I don't believe it!" Bai Shanshan refused to believe this. "Everyone in the capital knows that Gong Tianhao has not married yet. How can that bitch Xiao Lingyu be Gong Tianhao's wife?"

Even if she was not willing to marry a vegetable like Gong Tianhao, she also did not want any woman to marry Gong Tianhao, let alone Xiao Lingyu, her enemy.

"It doesn't matter. It can't change the fact that Xiao Lingyu is Gong Tianhao's wife," the masked woman said coldly, "Oh, not only did they get married, but they have also given birth to a son. You stayed in Xiao Lingyu's company for more than a month. Didn't you see that child?"

Bai Shanshan was dumbfounded when she heard the shocking news.

“The person whom Xiao Lingyu slept with when she was drugged was Gong Tianhao!” The masked woman added, “Gong Tianhao and Xiao Lingyu’s marriage was personally presided over by grandfather Gong. She is also the mistress of the Gong family that Grandfather Gong acknowledged!”

Bai Shanshan sat on the ground and muttered to herself in disbelief, “How is this possible?”

If that slut Xiao Lingyu really became Gong Tianhao’s wife and was the mistress of the Gong Family, the Gong Family would never forgive her. Therefore, the Gong Family wouldn’t have good intentions as they looked for her. When Bai Shanshan thought about how she had fallen into Xiao Lingyu’s hands, she instantly became terrified.

The woman squatted down and seemed to appreciate Bai Shanshan’s nervous and frightened face. She continued, “Do you know why the Jiang family is looking for you?”

Bai Shanshan asked anxiously, “The Jiang Family? Why are they looking for me?”

“To be exact, it’s not the Jiang family looking for you, but the young master of the Jiang family, Jiang Tao, is looking for you!” The masked woman stared at her with her sharp eyes and then delivered a shocking fact.

“Xiao Lingyu is also the woman that the eldest young master of the Jiang family, Jiang Tao, likes. So, do you think young master Jiang will let you off after offending Xiao Lingyu like this?”

Bai Shanshan’s ears and brain were ringing as if a bomb had exploded in her mind. Her mind was also blank, and she didn’t know how to think.

The fear in her heart and the uneasiness on her face were mixed together. Her expression appeared so ferocious and twisted.

She had never thought that the country slut was so powerful that she could make the Gong and Jiang families in the capital stand up for her.

She could not imagine what would happen if she really fell into the hands of the Gong and Jiang families.

With a pale face, she reached out her snow-white little hand to pull the leg of the masked woman’s pants. With a weak and helpless expression, she pleaded, “Please save me, I... I don’t want to die yet!”

The masked woman had been waiting for this moment.

She patted Bai Shanshan’s pale face and said with a smile, “Be good. I just want to save you. That’s why they brought you here. As long as you listen to me, I will guarantee your safety!”

“Okay, okay, I will be obedient!” Bai Shanshan nodded fiercely. “As long as you can save me, I will be obedient!”

“Of course, I will save you!” The masked woman said, “As long as you are obedient!”

“Yes, yes, I will be obedient, I will be obedient!” Bai Shanshan replied again.

The masked woman stood up and looked down at her. “You have offended Xiao Lingyu. Even your aunt can’t save you.

“Plus, the information you fabricated on the internet has caused the internet to be mad at you. You have nowhere to hide.”

Bai Shanshan asked nervously, “Then what should I do now?”

The masked woman said, “The only way to save you now is to send you abroad!”

Bai Shanshan was stunned and said in disbelief, “Abroad!”

“Yes!” The masked woman gave her a definite answer. “However, the condition for you to go abroad is that you must listen to me. You will do whatever I tell you to do!”

“Okay!” Bai Shanshan, who had no other choice, replied.

...

“You can’t find her?!” Jiang Tao’s subordinate reported to Jiang Tao. Jiang Tao frowned and asked with some doubt, “Then where will she go?”

The subordinate thought for a moment and said to Jiang Tao, “Eldest young master, when we were looking for Bai Shanshan, we met another group of people looking for her. Those people seem to be from the Gong family. Eldest young master, could it be that the Gong family took her away in advance?”

Jiang Tao thought for a moment and said, “Yes, it’s very likely. Alright, stop looking then.” If it was really the Gong Family who took her away, they wouldn’t be able to find her. Plus, if he continued this search, it would notify his grandfather.

...

“You can’t find her?” Old Master Gong asked in surprise.

Li Wendong said, “When we went to look for her, we met another group of people who looked like the Jiang family.”

“The Jiang family is looking for Bai Shanshan?!” Old Master Gong was slightly surprised at first, then he understood. He thought for a moment and said, “It’s very likely that Little Peach sent someone. Does that mean that it was Little Peach’s people who took her away?”

Li Wendong thought for a moment and said, “That’s very likely!”

...

Under the arrangements of the masked woman, Bai Shanshan quickly flew abroad.

Chapter 637: Booming Business

Business at Taoyuan Village Tourist Farm and Green Fresh supermarkets were booming.

Customers who had visited the supermarkets and tourists who had visited Taoyuan Village helped promote them on the internet.

Then, many people rushed to Taoyuan Village in the hope that Green Fresh would open a branch in their cities. Taoyuan Village became very famous. The visitors were endless. It was overcrowded during the holidays. In order to avoid accidents, Xiao Lingyu had to hire more security personnel to maintain order.

This had brought traffic to Xing An Town and Xing Yin County. The entire county and town became prosperous and lively. It was even livelier than when they used to celebrate the New Year.

The economy of the county improved. With support from the government, the people from all over the county started small businesses such as selling specialty products, making snacks, and so on. People were creative.

Of course, the best business was still accommodation, food, and transportation.

Every day, tourists gathered from all over the country, even when the traffic was at its lowest, had reached 20,000 to 30,000 people. During the holidays, the highest traffic reached 200,000 to 300,000 people, practically squeezing out the entire Xingyin County. One had to know that the population of the entire Xingyin County was only barely 600,000.

Suddenly, there were an additional 200,000 to 300,000 people. All sorts of problems surfaced. The roads were not wide enough. There were not enough hotels and eateries.

Therefore, hotels, restaurants, and all kinds of shops mushroomed like bamboo shoots after rain.

Public facilities such as wider roads, service areas, gas stations, and so on also increased thanks to subsidies from the government. This helped a lot in the futures of the council members. It would make their promotions look more promising.

“Wow, is this Taoyuan Village?”

“Look at the sign of the village. The stone carving is really beautiful.”

“Mom, are these peach trees?” A little girl pointed at the trees on both sides and asked.

The young mother nodded and said, “Yes, these are the peach trees!”

“There are so many!” The little girl said excitedly, “There’s a small fruit on the tree. Is it a peach?”

Her mother smiled and said, “Yes, it’s a peach!”

“Can they be picked and eaten?”

Her mother explained, “Baby, you can’t pick them right now. Because these peaches haven’t grown and matured yet. When the peaches are ripe, they can be eaten!”

“Then, Mommy, when will the peaches ripen?”

“It should be around August or September.”

“Mommy, when the peaches are ripe, can we come here to pick peaches?”

“Okay, Mommy will definitely bring baby back here to pick peaches.”

Taoyuan Village was a natural tourist destination. Many parents were willing to bring their children to experience the beautiful scenery of nature during the summer vacation.

“So many peach trees! I’ve seen it on the internet before. When the peach blossoms were in full bloom, some people came here to travel and saw peach blossoms all over the mountains and plains. They were so beautiful.”

“It’s a pity that the flowering season is already over.”

“We can always come back next year!”

“Look, there are green peaches hanging on these peach trees. I guess they can be picked soon.”

“I heard that the peaches grown here are especially delicious. I wonder if it’s true?”

In the past, Taoyuan Village didn’t have a good transportation system. No matter how delicious the peaches were, they couldn’t be transported out. Of course, they couldn’t be sold.

“It should be true. Otherwise, there wouldn’t be peach trees growing everywhere. If they aren’t delicious, who would the owner sell them to?”

“That makes sense. When will they pick the peaches? Shall we come back when the peaches are ripe?”

“From the looks of it, it should be a medium-ripe variety. I reckon harvesting season will be in August or September. Alright, we’ll find some time and come back!”

They were from the neighboring city. They could drive here.

“I heard that the biggest feature here is that the things grown here are especially delicious. In a while, we’ll try them. If they’re really delicious, we’ll bring some back and let everyone have a taste.”

“Of course, we can! The Green Fresh supermarkets, which caused a commotion on the internet, have such good business. Every day, people are queuing up at the supermarkets.”

“Yes, I heard that many rich families have specially hired someone just to line up at these supermarkets.”

“Some time ago, when Green Fresh was involved in a scandal, supermarkets everywhere were temporarily closed. Only the supermarket in City Z was still open. Then, rich people from all over flew helicopters over to buy vegetables. At first, people didn’t know what was going on. They thought that there was a military exercise. Later, they found out that they were all going to buy vegetables.”

“They actually drove a plane to buy vegetables. That’s unprecedented. It’s too sensational!”

“This proves how good the vegetables here are. Think about it. These rich and powerful people don’t lack money, but they care about enjoyment. They will only spend on the best things. Their mouths are so picky, but they praise the green and fresh vegetables in Taoyuan Village so much. This shows how good the vegetables here are.”

“It’s almost lunchtime, and I’m a little hungry. Why don’t we go eat?”

“Okay. But where shall we go?” They looked around. Then, they saw a sign. One of them pointed at the sign. “Look, there’s a sign. It says Taoyuan Village Canteen.”

“Are we going to eat at a canteen?” The companion asked with some confusion. “Is the food at a canteen any good?”

“I saw many people walking in that direction. Are they all going to eat? Let’s go and have a look too.”

“Okay, let’s go!”

When Ren Yingying and her friends came to the Taoyuan Village Canteen, they were a little stunned when they saw the full canteen.

“There are so many people!” Ren Yingying said in surprise.

The decoration of the peach blossom village canteen was actually not much different from that of the big restaurant. There were wooden tables set up by the villagers. There were tables for two, tables for four, tables for eight, and even big tables for ten to twenty people.

The main dining hall was indeed quite big. There were about a hundred tables. The canteen provided a selection of simple cooking. They were prepared and placed in insulated cabinets.

Each dish was marked with a price. You could ask the staff to hand you the dishes you wanted.

There was rice, dumplings, noodles, steamed buns, steamed buns, and bread. Taoyuan village belonged to the southern region. The staple food they ate was mainly rice.

“These dishes are so beautiful. They look so appetizing!” Shi Xiaoqi drooled and said, “Also, why do these dishes smell so good?”

Ren Yingying pulled Shi Xiaoqi and pointed at the people eating at the dining table, “Look at these people enjoying the food. The food here must be delicious. Xiaoqi, let’s find a place to sit down first and then order the dishes.”

Shi Xiaoqi looked around and frowned. “All the seats are taken. Where can we find seats?”

“Let’s walk around and see if anyone has finished their meals.” Ren Yingying suggested.

“Okay, let’s walk around first!”

After about ten minutes, they finally found a table and quickly occupied it.

One person occupied the table, and the other went to order the dishes.

“How can these dishes be so delicious?”

“Yeah, they are wonderful!”

They now understood why the people around them wolfed down the food as if they hadn’t eaten for 800 years.

After all, the food was too delicious!

Chapter 638: Make Mother Fall in love with Someone Else!

“Xiao Letong, I’m warning you again. There are a lot of tourists now. You can’t wander around by yourself.” In the Xiao family, Xiao Lingyu lectured her son very seriously. “It’s too dangerous!”

Xiao Letong raised his head and was about to defend himself when Xiao Lingyu interrupted him. “Don’t say that you’re a genius who is clever and intelligent. No one can abduct you.

“Let me tell you. No matter how talented you are, you can’t change the fact that you’re still a little bun. So, you can either follow me obediently or you can follow your grandparents obediently.”

Little bun, Xiao Letong, “...”

“Also, let me make it clear again. If I find out that you’ve run off on your own again...” Xiao Lingyu sneered, “Be prepared to have red buttocks!”

Xiao Letong’s little body trembled to see the sinister smile on his mother’s face.

He shook his head violently like a rattle-drum and promised his mother, “No, no, Mommy. I promise I won’t run away alone anymore.”

“That’s more like it!” Then Xiao Lingyu asked suspiciously, “Will you really do that?”

Xiao Letong had a helpless expression as he asked, “Mommy, can’t you trust your son? Do I have to swear?”

Xiao Lingyu, “...”

The corner of her mouth twitched.

Just who was this child like? Was Tianhao like this when he was young? That was impossible. He wasn’t like her either. She heard from her mother that she was a well-behaved child.

Could this be cross-generational inheritance? Was Xiao Tong like Gong Tianhao’s father?

Xiao Lingyu wasn’t sure anymore.

Xiao Letong then said like an adult, “Then, Mommy, tell me. What do you want me to do before you can trust me?”

Xiao Lingyu rubbed her chin and said with a smile, “How about this? You can just follow me around always.”

Xiao Letong was instantly dumbfounded. “What?” How could he sneak away if he was always stuck to his mother?

Xiao Letong looked at his mother’s half-smile and felt a little defeated. Then, he said in a bargaining tone, “Mom, I’ll follow Uncle Xiaohui, okay?” It was easier to run away from Uncle Xiaohui. It was most boring following the adults.

“No!” Xiao Lingyu vetoed. “The moment your Uncle Xiaohui turns his eyes away from you, you’ll run away again? Do you want your Uncle Xiaohui to abandon the visitors to go find you?”

Xiao Letong, “...”

“Therefore, you’d stay by my side these days. Otherwise, I’d send you back to your room to practice calligraphy.” Xiao Lingyu said seriously, “Xiao Ling has been alone in the space these few days and is a little lonely. I think he’d like to practice calligraphy with you. Yes, this is a good idea!”

Xiao Letong, “...”

Then, he didn’t even have the chance to resist and was directly thrown into his room by his mother to practice calligraphy with Xiao Ling.

Under Xiao Letong’s request, he had gained a separate room in the house. He said that he was already a grown-up and needed his own private space.

The Xiao family did not have any objections.

They directly arranged a children’s room for him. The room was in blue tones because it was a boy’s room. There was a small children’s bed. The walls were painted with big trees, plants, and a giraffe. The floor was covered with all kinds of colorful foam. At the same time, there was a small blue desk in the room.

“Little Master, why do I have to practice calligraphy with you?” Xiao Ling, who looked like a three-year-old, wrinkled his small face into a bun.

Almost two years had passed, and Xiao Ling still looked the same as before. He did not look taller, but he had become thinner. He needed the energy to grow, but there was none to find in this world. Besides, Xiao Letong had exhausted his energy in the farming space. He had slimmed down a lot.

Xiao Lingyu did not dare to let Xiao Ling out because Xiao Ling didn’t age. She would only secretly let him out to play with Xiao Letong. But most of the time, he would accompany Xiao Letong to practice calligraphy. Xiao Ling didn’t like to practice calligraphy. But that was the thing he was told to do every time he was let out.

Xiao Letong held a small brush and looked at the big characters on the table. He said helplessly, “I don’t want to do this either, but you know how strict mom is. The moment I want to sneak away to play, she’d have me practice calligraphy.”

Xiao Ling frowned and said with puzzlement, “But why do you always want to sneak out and play alone?”

Xiao Letong said, “Do you think I want to? Everyone in this village is too busy to play with me.

“As for those snot-nosed kids, forget it. They are too unhygienic. When I see them covered in dirt, I feel nauseous. How can I play with them?”

After all, he was an old child who had lived for thousands of years. Although he tried his best to act his age, it was hard sometimes.

Xiao Ling held the brush in his hand. He sat in front of the table and scribbled across the words on the paper.

Xiao Ling looked at the brush in his hand and frowned. “I already know how to write with a brush. Why do I still need to practice?” His calligraphy was actually at a master’s level.

Xiao Letong also frowned. "It's the same for me, okay? I've been writing for thousands of years. But now, I still have to practice."

Xiao Ling thought for a moment and said, "Little Master, why don't you directly tell master the truth? When she finds out everything, she will be relieved to let you go out to play alone."

When Xiao Letong heard this, he looked at Xiao Ling with a complicated expression. He shook his head and said, "No."

Xiao Ling asked in confusion, "Why?"

"You don't understand!" Xiao Letong did not answer Xiao Ling but continued to write seriously.

Xiao Ling did not understand human emotions at all.

Ever since he knew that his mother was a person who had been reborn and saw everything that she had done, he understood that his mother really wanted to make up for the debt she owed him in her previous life. She wanted to repay the love she owed him in her previous life with double the amount.

As for him, he had never received any love from his parents in his two lives. He wanted to enjoy himself in this life. Therefore, he followed the order of human growth and enjoyed the joy of family.

Xiao Ling was a space spirit that didn't understand these things. Xiao Ling didn't spend too much time being conflicted about this.

As he listened to the lively scene outside, he blinked his eyes and said longingly, "There seems to be a lot of people outside. I really want to go and take a look!"

Xiao Letong stopped writing. He looked carefully at Xiao Ling and saw the hopeful expression on his face. He thought for a moment and said, "Xiao Ling, bear with it. After a while, I'll think of a way to let you go out and play!"

Xiao Ling's eyes immediately lit up, and he said happily, "Yes, okay!"

He trusted Xiao Letong. Ever since their first meeting and Xiao Letong showed him his true ability, Xiao Ling had always obeyed Xiao Letong. Normally, it looked like Xiao Letong liked to order Xiao Ling around, but in fact, Xiao Letong cared about Xiao Ling like a brother too.

The two kids chatted for a while and went back to practicing. They had to write a hundred words, and they were all different. It went from simple to complex!

However, neither of them was a real child. They had no problem writing these words. Regardless, they still had a child's physique. After writing a hundred words, their hands still hurt.

Halfway through writing, the two put down their brushes, shook their little arms, and began to chat again.

Suddenly, Xiao Letong asked Xiao Ling, "Xiao Ling, I want to find another husband for my mom. What do you think?"

"..." Xiao Ling said speechlessly, "Little Master, have you forgotten that you already have a father?"

Xiao Letong supported his chin and said, "That father has been unconscious for two years already."

"The male master's head has suffered such a serious injury. Even if the spiritual spring water is used, it will still take some time," Xiao Ling explained, "According to the time, the male master is about to wake up."

"So what?" Xiao Letong said, "He might not remember mom when he wakes up. If he forgets her, I'll find another husband for mom."

Xiao Ling, "... why does little master want to be someone else's stepson?"

Xiao Letong said, "If Gong Tianhao wakes up and doesn't remember my mother and me, then how sad would mom be?"

He paused for a moment before saying again, "So, to prevent that from happening, the best way is to make mom fall in love with someone else. When mom falls in love with another man, even if Gong Tianhao loses his memory and doesn't remember mom at all, it doesn't matter.

"Yes, I think this is a good idea!"

"..." Xiao Ling was silent for a moment before he asked, "Little Master, aren't you afraid that master will kill you?"

Even if master didn't beat him, the male master would definitely beat him to death after he woke up...

Xiao Letong, "... It's not going to be that serious!"

Chapter 639: The Son Out to Scam His Father

After Xiao Letong made up his mind to find another husband for his mother, he put his plan into action.

Whenever he had the chance, he would go out because that was the only way he could find a good man.

His mother was so beautiful and so capable. She definitely had to be matched with the best man.

"This man is too fat, no. That man is too long and too thin, no. This man is good-looking, but he is not capable, this..." Xiao Letong squatted by the roadside, talking to himself.

Today, Xiao Rourou and Xiao Lulu were playing with Xiao Letong.

"Little brother, what are you doing?" Xiao Rourou asked curiously, "What tall and thin?"

Xiao Lulu also looked at Xiao Letong with a puzzled expression.

Xiao Letong looked at his two sisters with an elderly gaze. "Sisters, you won't understand!"

Xiao Lulu furrowed her delicate little brows and said with slight dissatisfaction, "What do you mean we won't understand? Little brother, no matter what, we are several years older than you. If you can understand, we will definitely understand!" Although her little brother was very smart, usually they would be able to understand him.

Xiao Letong turned his face and looked at her sisters seriously. He scrunched his little face and said mysteriously, "My good sisters, I'll tell you, but you have to keep it a secret, okay?"

The two girls nodded seriously and said, "Yes, we will definitely keep it a secret. Little brother, quickly tell us, what are you doing?"

Xiao Letong frowned and said with a little anger on his small face, "Haven't those brats in the village been laughing at me for being a bastard without a father? Now, I'm looking for a man to be my father!"

The tourists who passed by them quickly stopped in their tracks curiously.

Was this child looking for a husband for his mother and a father for himself?

Whose child was this?

Oh, this child had white and tender cheeks. He was really beautiful and cute.

'I wouldn't mind taking him home and raising him!'

When the sisters heard Xiao Letong, they immediately became furious and said, "Who called you a bastard? We'll go settle the score with him! How dare they? They are courting death!" Then, they dragged their little brother to find the culprit.

The passing tourists, "... " The girls look so quiet and beautiful, but they can be quite fierce!

Xiao Letong was pulled along by his sisters and immediately said, "Sis, Sis, don't be angry. Listen to me."

The two sisters let go of him and then nodded very seriously, saying, "Yes, little brother, tell us. We're listening."

Xiao Letong smiled, shook his sleeves, and said proudly, "Hehe, two sisters, you know me. I don't hold grudges because I took revenge on the spot. I have already beaten those two brats that they went back crying to their parents."

The passing tourists, "... " The child looks no more than two years old. He's good at talking but also fighting too?

Then, a tourist asked with a smile, "Little friend, are you two years old yet?"

Xiao Letong looked at the beautiful sister and said with a smile, "Sister, I'm not even two years old. To be precise, I'm only one year and seven months old!"

"Huh? One year and seven months old?"

This number stunned the group of visitors around them.

"You're only one and a half years old, but how can you speak so well?"

The two sisters were proud.

Xiao Rourou said, "Sister, my brother is really smart. He can speak at eight months old, and at nine months old, he can speak fluently with adults. At ten months old, he can read, and at less than one year old, he can memorize the entire dictionary."

The stunned visitors, "... " What a genius. A one-year-old child memorizing the entire dictionary. This was unimaginable.

Ren Yingying and Shi Xiaoqi, who was asking the question, were also stunned. How could the child be so smart?

The two of them looked at each other and suddenly thought of something.

“Little children, where are your parents?”

There were so many tourists coming and going, and these three children were still young. If they were targeted by bad people, what would happen?

Xiao Letong showed a cute smile and said, “Sister, we are from here.”

Ren Yingying frowned, “Hmm?” Then she came back to her senses and asked with a smile, “Are you from Taoyuan Village?”

“Yes, we’re from Taoyuan Village!” Xiao Rourou and Xiao Lulu nodded.

Shi Xiaoqi said very seriously, “Even so, it’s still very dangerous with so many people coming and going. Tell sister where your house is. We’ll take you back.”

Xiao Rourou hesitated for a moment and then said very politely, “Thank you, Sister. But we’ll go back on our own!”

Ren Yingying hesitated for a moment, “But...”

Xiao Letong also said with a smile, “Sister, we can go back on our own. Sister, you guys go and play.”

Ren Yingying and Shi Xiaoqi helplessly nodded and said, “Okay, then you guys have to pay attention to your safety!”

After saying that, the two of them left.

This was the second day they arrived at Taoyuan Village. Taoyuan Village was neither too big nor too small. They decided to stay for two days.

There were many scenic spots such as orchards, vegetable fields, a sea of flowers, reservoirs, deep forests, and so on. They could stay for a day, but they wouldn’t have seen much.

“Little friend, I heard you say that you want to find a husband for your mother, right?” A rather handsome young man asked curiously.

Xiao Letong nodded and said, “Yes!”

The man asked, “Who is your mother?”

Xiao Letong shook his head and said, “Uncle, I can’t tell you who my mother is yet. I can only tell you who my mother is when I find a man who is suitable to be my father.”

The passing tourists, “...” How can the men you pick decide if they can’t even tell who your mother is?

“Then, little friend, why are you finding a husband for your mother? Where’s your father?” Someone was quite curious.

Just as Xiao Rourou and Xiao Lulu were about to say something, Xiao Letong's bright smile immediately changed. It seemed like he was holding his tears in.

He said, "Auntie, you don't know. My father isn't good to my mother. Once my father started drinking, he would hit my mother. My mother wanted to get a divorce several times, but for the sake of a cute and smart child, she held on. She didn't want me to grow up in an incomplete family." Then, a few drops of tears fell from his eyes.

His biological father, Gong Tianhao, who was lying on the hospital bed, "...". He didn't even realize his own son had slandered his name.

Beside him, Xiao Rourou and Xiao Lulu were so shocked that their mouths were wide open.

"Auntie, don't you think my mother is very pitiful?" Xiao Letong looked at the aunt in front of him with tears in the corner of his eyes, "So, I wanted to find a father who won't beat my mother anymore, a man who can protect my mother and be my father."

The aunt's eyes reddened when she heard this. She patted Xiao Letong's small shoulder and said sympathetically, "Your father is really a bad person. You're a good child! Good job."

Xiao Letong's eyes lit up, and he immediately asked, "Auntie, you agree that I should find another husband for my mom, right?"

The woman who was already in her forties said, "Child, I'm already old enough to be your grandmother. You shouldn't call me Auntie."

"You're so young and beautiful. I definitely have to call you Auntie!" Xiao Letong praised with a smile. Then, he asked, "Auntie, do you think it's a good idea for me to help my mother change her husband?"

The auntie smiled and said, "Your father is such a terrible person, and your mother is such a patient and strong person. She definitely needs a better man to love and protect her."

"Yes, yes, that's what I think too!" Xiao Letong nodded happily. "Auntie, if you have a good candidate in mind, you must remember to introduce him to my mother!"

The aunt was also amused. She smiled and said, "Yes, okay. But let me ask first. What kind of conditions do you want from your new father?"

Xiao Letong thought for a moment and said, "Well, he can't be more than 32 years old because my mother is only 28 years old. He has to be tall, handsome, and rich. He must have over 100 billion in assets."

His biological father was worth 100 billion, so if he were to find another father, his wealth would have to be at least 100 billion.

"Also, the most important thing is that this man must love his wife. Then, he has to understand the three rules and three virtues. The first rule is to follow his wife's orders, the second rule is to stick to her when she goes out, and the last rule is to agree that the wife is always right.

"Yes, that's all for now. We'll talk about it when I think of more in the future!" Xiao Letong said as if his requests were very normal.

In fact, these requests were really very ordinary to Xiao Letong.

That was because he had heard from everyone that his father had treated his mother this way.

Therefore, when he wanted to find a new father, he couldn't be worse than his old father.

The Auntie and the tourists, "...” They didn't know if they were dreaming or if this child was dreaming.

Who wouldn't be willing to marry a man with such conditions? Why would they introduce such a man to an old woman who already had a child?

After Xiao Letong finished speaking, he looked at the expressions of the tourists and asked in puzzlement, "What's wrong? Did I set my requirements too low?"

Everyone, "...” too low?

The Auntie smiled embarrassedly and said, "Well, little friend, isn't your requirements too..." too high.

Before the Auntie finished speaking, she heard a light voice call out, "Xiao Letong, what are you doing?"

Xiao Letong's body trembled, and his expression froze. Then, he turned around and ran over, hugging his mother's leg as he said with a smile, "Mommy, this grandma is asking for directions, so I was helping her. Grandma, my mom is here to pick me up. Let's go. Mom, let's go!" But he had a guilty conscience on his face.

Xiao Lingyu was a little confused, but she did not think too much about it. She squatted down, picked up Xiao Letong, and said to Auntie, "Auntie, please have fun!" With that, she carried Xiao Letong and left with the two sisters.

Everyone watched Xiao Lingyu leave, especially the men, drooling.

Damn it. This woman was too beautiful.

No wonder her son had such high expectations.

It was a pity that this woman married the wrong person.

Chapter 640: Finding A New Husband

Xiao Lingyu, who had been scammed by her son, did not know how much of a commotion she had caused after she left.

"Oh, I remember now. This woman is the Peach Blossom Beauty!" Even though some young men had only seen Xiao Lingyu briefly, they felt she looked very familiar. Then, they were reminded of the Peach Blossom Beauty. It had to be her!

"Hey, young man, what is the Peach Blossom Beauty?" The Auntie asked curiously.

"Auntie, there is this picture that appeared on the backpacker's forum half a year ago. In the background of the photo, there is a beautiful woman standing next to the peach blossom. Everyone on the forum called her the Peach Blossom Beauty!"

“At that time, that photo went viral on the forum. Back then, the peach blossom was in full bloom. Many backpackers came here seeing that picture.

“The peach blossoms all over the mountains and plains are simply too beautiful to be imagined. Meeting a beautiful peach blossom fairy is very exciting too.” The young man was still looking at Xiao Lingyu’s back as he said these words.

“Oh, so that’s how it is!” The Auntie said.

The young man frowned slightly and said with some confusion, “But at that time, the forum said that the Peach Blossom Beauty was the boss of all the mountain orchards.”

“The Orchard Boss?” Someone next to him said in surprise, “Doesn’t that mean she’s the Village Farm Resort’s boss?”

“Oh, wait. Wasn’t this woman the boss of Green Fresh company that caused a stir on the Internet a few days ago? At that time, her photo was also published on the Internet!”

“Oh, I remember now too. It’s her. Oh My God, she looks even better in person.”

“This is the first time I’ve seen a woman who’s so beautiful even without makeup.”

“If she’s really the boss of the Taoyuan Green Farm Resort and the boss of the Taoyuan Village Green Fresh Company, then isn’t she very rich?”

“Someone conservatively estimated the assets of the Taoyuan Village Green Fresh Company to be over 100 million.”

The Auntie, “...” She felt a little dizzy and wanted to take a break! How could a man abuse such a beautiful, capable, and rich woman?

The Auntie asked, “Young Lady, is there any information about this boss on the Internet?”

The girl who was asked took out her phone and said, “There used to be, but now it seems to be gone.” It was obvious that the information about the boss had been blocked.

“Is such a beautiful boss really bullied by her husband?” The auntie asked.

The girl shook her head and said, “I don’t know. However, someone revealed that boss Xiao does have a child, and this child is...” a bastard.

However, not long after this revelation, the entire internet was blocked.

This was the information era, and young people had their phones attached to their hands. When the news about Green Fresh and Taoyuan Village exploded, they all knew about it.

“Is this boss married or not? If she isn’t, I think I should give it a try.” A man with acne on his face said with confidence.

Someone beside him immediately sneered, “Are you handsome and tall? Or do you have hundreds of billions of assets? Stop dreaming! Why do you think the beautiful woman would stoop to your level?”

The pimply man, “...” he was so angry!

He said unwillingly, "Hmph. I don't think anyone can fit that child's requirements. Those who are good-looking may not have money, but those who are rich and good-looking. Even if she is beautiful, men are all lustful animals. Those rich men simply can't stay with her for the rest of her life." How many men could be faithful, especially those rich men? In the beginning, it might be novel, but after a while, they would get bored.

As for the wives, if they were obedient and sensible, they would guard their home well and take care of their husbands and children in peace. The husbands would not mistreat her. If they made trouble every day, the husbands could easily divorce them.

When Auntie heard this, she didn't agree at all. She said disdainfully, "Just because you can't do it, it doesn't mean that other men can't. A short and poor man like you really shouldn't daydream too much!" Then, the Auntie left.

The pimply man, "..."

The remaining tourists, "..."

Then, many people looked at the acne man strangely.

The man with acne raised his eyebrows and immediately defended himself, "What are you looking at? I'm talking about the majority of men. Isn't that right?" With that, he turned around and left in an imposing manner.

The tourists, "..."

However, some of the male tourists had their own thoughts when they heard this. Who wouldn't be tempted by a rich and powerful woman?

Of course, Xiao Lingyu didn't really have time to entertain these people. She spent most of her time in the company or on business trips.

Now that her business had expanded, she naturally had more things to do. Business trips were a common occurrence.

So...

"Big Sister, are you from here?"

"Yes!"

"I want to ask, is the owner of the Taoyuan Village Farm Resort married?"

The person being asked happened to be Eldest Aunt Xiao. She looked at the bespectacled man in front of her suspiciously and asked, "Why are you asking?"

The bespectacled man instantly felt a little embarrassed and said shyly, "I heard that the owner is looking for a husband. I want to apply too."

"What did you say?" Eldest Aunt Xiao thought she heard wrong when she heard the bespectacled man's words.

The bespectacled man's expression froze for a moment, but he still said once more, "I heard that the female boss of Taoyuan Village Farm Resort is looking for a husband. I want to apply!"

Eldest Aunt Xiao was shocked.

'Yu 'Er is looking for a husband? Why don't I know about it? No, this is not right. Why would Yu 'Er be looking for a new husband?'

Eldest Aunt Xiao suppressed the shock in her heart and asked with some confusion, "Young man, I want to ask, where did you hear that our boss is looking for a husband?"

There's no smoke without fire!

For a stranger to suddenly talk about this, there must be something wrong.

The bespectacled man said truthfully, "I heard it from a friend. He said that there's a small child standing under a peach tree with a sign that says, 'I'm looking for a new husband for my mom!'."

As he said this, the bespectacled man took out his phone and showed it to Eldest Aunt Xiao. He then said, "My friend sent me the picture. It has to be true."

Eldest Aunt Xiao saw on the man's phone that there was indeed the picture of a small bun holding a small sign under the peach tree in the west of the village. The sign said, "My mother is twenty-eight years old and as beautiful as a flower. I can't bear to see her being abused by my father anymore. Therefore, I want to find her a man who can save her from suffering."

"We'll talk about the conditions in person!"

Eldest Aunt Xiao's expression changed, and said, "What is this child up to?"

Then, she thanked the young man and rushed to the west of the village.

When Eldest Aunt Xiao arrived, some people from the Xiao family also arrived.

Then, they heard...

"You're too short."

"You're too tall. You should be more than two meters, right?"

"Hehe, I'm two meters and one meter!"

"That's too tall, no!"

"You're too white, and you're too black..."

"Do you have money?"

"Yes, my family has a million in savings, two houses, and a car!" Such conditions were indeed not bad for ordinary people.

However...

“No, you’re too poor. If you want to marry my mother, you have to have over a hundred billion in assets.”

The Xiao family, “...”

They were originally very shocked when they heard the news, but when they saw this scene, they found it funny.

This child was really too ridiculous.

He actually dared to play with his mother’s marriage!

“Xiao Tong!” When Mother Xiao saw Xiao Tong working so hard and wholeheartedly, she did not have the heart to disturb him, but she had no choice but to interrupt him.

Xiao Letong was having a good time when he suddenly heard his grandmother’s voice. His voice seemed to be stuck, and his body froze for a moment.

Xiao Letong turned his head and saw several members of the Xiao family.

He immediately looked around vigilantly. When he didn’t see his mother, he immediately heaved a sigh of relief.

Then, he raised his head and smiled sweetly. “Grandma, Great-grandma, First Grandma!” Then, he asked, “Why are you here?”

Mother Xiao smiled and asked, “Why do you think we’re here?”

Xiao Letong immediately understood that they had received the news. He lowered his head and muttered, “How did they get the news so quickly? I’ve found a very remote place!”

Mother Xiao and the other two, “...” Is the child playing hide-and-seek with us?

Xiao Letong immediately said, “Grandma, I... I’m just playing around, really.”

Mother Xiao didn’t get to say anything because the onlookers had already cut in. “You’re only playing around? Your idea of play sure is interesting.” How could he play with his mother’s marriage?

The majority of the tourists who came to apply were just playing along. After all, who would believe that a child who was not even as long as their legs would really decide his mother’s marriage?

However, there were a few who treated this seriously. What if they got lucky?

“Grandma? Doesn’t that mean you’re the boss’ mother?” Someone immediately asked, “Then, is your daughter really finding a new husband? And why is it your grandson who is going around interviewing people?”

“Auntie, you look really young. I heard that your daughter is twenty-eight years old, so you should be in your forties, right? But you look like you’re only in your early thirties!”

“Auntie, what do you think of my conditions? I’m handsome, I have a house, a car, and a savings account. I can also be considered a rich man, right? Can you please marry your daughter to me?”

Mother Xiao and the others, "...” Are these people kidding?

Just as Mother Xiao was about to reject them, Xiao Letong stood on the table with one hand on his waist and said loudly, "This is an entertainment program I created for Taoyuan Village. Does everyone think it's fun?"

Mother Xiao, "...”

The tourists, "...”

Fun? Aren't you afraid that your mother is going to spank you?

Then, Xiao Letong turned around and explained to Mother Xiao with a smile, "Grandma, I think our farm needs to be more lively, so I think this marriage candidate search activity should add some fun."

However, Eldest Aunt Xiao said with a slightly serious tone, "Child, but you can't play it like this. Do you think your mother's marriage is a joke?"

Xiao Letong explained, "First grandma, this... Anyway, no man is qualified to marry my mother, so don't worry about that!"

He knew that no man was qualified other than his real father... Well, there was another man. It was his mother's friend called Yan Siming. If he really came to apply to be his new father, would Xiao Tong really agree?

The tourists, "...” Why are we fighting so fiercely then? The boy is just playing with all of us!

Eldest Aunt Xiao, "...” That doesn't make things better.

Xiao Letong smiled and coaxed, "Grandma, Great Grandma, and First Grandma, please don't tell my Mommy!" Otherwise, she would definitely spank his butt.

Mother Xiao picked up Xiao Letong from the table and said with a smile, "You're so smart. Do you think your mommy won't know about this?"

Xiao Letong immediately touched his butt reflexively and said, "Grandma, you must save me. I don't want to be spanked again."

Grandma Xiao laughed and said, "If you don't want to be spanked, why did you do this without discussing it with anyone? How did these people even play along with you?"

Grandma Xiao found it unbelievable.

Eldest Aunt Xiao smiled and said, "Mom, maybe they thought it was fun."

...

Xiao Lingyu flipped through her phone and saw a message on her friend's page. Her expression changed, and the corner of her mouth twitched.

An Xiaohui carefully observed her superior's expression and asked carefully, "CEO Xiao, you... are you really going to find a new husband?"

Xiao Lingyu said in a bad mood, "I can work, I can earn money, and I can raise the child on my own. Why would I want a burden to weigh me down?"

An Xiaohui, "... " So for CEO Xiao, marriage is a burden?

However, what made Xiao Lingyu want to roll her eyes were the conditions her son had set for her new husband. The first condition was rather normal, but the others were preposterous.

Who other than his father could meet these requirements?

Tianhao, I miss you again!
