Chapter 671: Jiang Tao's Phone Call!

There was a big piece of news in the capital.

A woman appeared at the International Airport and shouted Gong Tianhao's name.

As they tried to interview her, she was rescued by Gong Tianhao's right-hand man, Li Yuanhang.

This further proved that this woman might really be related to Gong Tianhao.

The reporters also said that Situ Xing appeared to know this woman too.

There were also two photos attached to the news.

One was a scene of Situ Xing greeting Xiao Lingyu.

The other was the scene of Li Yuanhang guarding Xiao Lingyu.

When this news came out, it shocked many people.

There was once a rumor that Gong Tianhao was seriously injured in a car accident because he tried to protect a woman. Was that rumor true?

Regardless, the major families in the capital decided to investigate this woman. After all, this woman could be Gong Tianhao's weakness.

All the major forces were eager to make their move.

...

When Jiang Tao opened the front page of the newspaper, his pupils constricted. His grip on the newspaper tightened, and the newspaper crumpled.

When he looked at the photo in the newspaper, he almost blurted out Xiao Lingyu's name.

"When did Lingyu come to the capital?" Jiang Tao asked in puzzlement.

Then, he noticed Xiao Lingyu's expression and couldn't help but reveal a pained expression, "She's crying! Is it because Gong Tianhao has forgotten about her? Lingyu has always been strong. She is not one to cry easily. Her heart must be broken for her to cry."

Jiang Tao could not help but feel frustrated. He wanted to comfort her so that she would not be sad anymore. Jiang Tao subconsciously touched the phone in his pocket.

At this moment, a crisp voice interrupted his thoughts.

Leng Piao xue sat opposite Jiang Tao. She had a puzzled look on her face and asked, "Brother Tao, what happened? You don't look so well."

Jiang Tao quickly recovered. His face quickly turned back to normal. He closed the newspaper and said indifferently, "It's nothing." Then, he said, "Excuse me! I need to go to the bathroom!"

After Jiang Tao left, Leng Piao xue took the newspaper from the table. When she saw the news in the newspaper, her beautiful eyes could not help but tremble. Then, she lowered her eyes to hide all the emotions in her eyes. However, the fingertips that held the newspaper were slightly white.

She took a deep breath and put the newspaper back in its original position.

Jiang Tao didn't really go to the bathroom. Instead, he went to the corridor. His hand that held the phone clenched. Then, he smoked a cigarette and made a call.

Not long after the phone rang, the person on the other side picked up.

"Hello, Brother Jiang!" Xiao Lingyu's voice traveled to Jiang Tao's ears.

Jiang Tao was silent for a moment and asked, "Lingyu, where are you now?"

Xiao Lingyu was slightly stunned and replied, "I'm still in the capital!"

"I saw the newspaper!" Jiang Tao said directly and asked with concern, "Are you alright?"

Xiao Lingyu shook her head and said, "I'm fine."

Jiang Tao opened his mouth but didn't know what to say. Then he continued, "Lingyu, Tianhao has lost his memory. Don't blame him."

Xiao Lingyu smiled and shook her head. "I don't blame him. Actually, I was prepared for this to happen, but..."

Jiang Tao listened quietly.

Listening to her voice made his heart soften.

He didn't know why he fell in love with Xiao Lingyu. Like many love stories, there was no reason to love.

He didn't fall in love with Xiao Lingyu at first sight. He only fell in love with her after he slowly got to know her.

Fate played a trick on him.

His good brother, Gong Tianhao, also fell in love with Xiao Lingyu.

However, the most despairing thing was that Gong Tianhao and Xiao Lingyu had a one-night stand. There was also a bond between them.

The reason why Jiang Tao withdrew from this relationship was that Gong Tianhao could protect Xiao Lingyu, but his identity would only hurt Xiao Lingyu.

But the final reason was that the person Xiao Lingyu loved was Gong Tianhao, and she only treated Jiang Tao as a friend.

She had a lover and someone to protect her, so he was willing to fulfill her happiness.

But fate was too unpredictable.

In the car accident, Gong Tianhao's head was seriously injured. He fell into a coma and was in a vegetative state for two years.

When he woke up again, he actually forgot about Xiao Lingyu.

This made Jiang Tao very angry for a moment.

At that time, he really wanted to fly to country M and give Gong Tianhao a good beating. How could he forget about his wife and the woman who gave him a son?

Later, when Gong Tianhao returned to the capital, he indeed went to beat up Gong Tianhao.

"Gong Tianhao, how could you forget Xiao Lingyu? She is your wife, and she gave birth to your son!" Then, his fist flew over.

Situ Xing immediately moved to shield Gong Tianhao and said, "Young Master Jiang, Boss's body can't withstand a punch from you. Boss will be paralyzed or crippled!"

Jiang Tao's fist stopped.

Gong Tianhao said angrily, "Situ Xing, get out of the way and let him hit me."

Why would his good brother be so angry that he had forgotten about Xiao Lingyu? Gong Tianhao was not an idiot. He could see the affection Jiang Tao had for Xiao Lingyu from Jiang Tao's angry eyes. When he thought of this, Gong Tianhao felt extremely uncomfortable.

Situ Xing immediately exclaimed, "Boss, I can't do that! You finally woke up! Do you want to go back into a coma?"

Then, Situ Xing tried to persuade Jiang Tao, "Young Master Jiang, boss is still recovering. He can't fight yet. The consequences can be very serious. How about this? After boss recovers, you can come and beat him up. How about that? Don't worry. When that time comes, no matter how you want to beat him up, I won't interfere."

Jiang Tao clenched his fists tightly, and blue veins popped up. Then, he said loudly, "Okay! Gong Tianhao, when you recover, I'll settle the score with you!" With that, he left angrily.

Situ Xing said with some doubt, "Strange. It was Boss who had forgotten about Xiao Lingyu. Why is young master Jiang so angry?"

When Gong Tianhao heard that, his eyes flashed. 'Does Jiang Tao like that woman too?'

Gong Tianhao was confused. What kind of magic power did that woman have that everyone around him wanted to protect her.

Even Jiang Tao had fallen in love with her.

After Jiang Tao left the Gong family, he smoked in his car. He should be happy that Gong Tianhao had forgotten about Xiao Lingyu.

He might be able to take advantage of the situation and make Xiao Lingyu fall in love with him. Even after Gong Tianhao recovered his memory, it would be too late already.

However, Jiang Tao wasn't such a despicable person. He couldn't do that.

Moreover, Xiao Lingyu did not fall in love with him three years ago. Three years later, Xiao Lingyu would not fall in love with him either.

Jiang Tao was smoking and holding his phone. His fingers were constantly fiddling with the keyboard of his phone.

He wanted to press the button but did not know how to do so.

He really wanted to comfort Xiao Lingyu, but he did not know what to say.

Then, he threw his phone away and threw it into the passenger seat. He leaned his head against the back of the chair and closed his eyes. He seemed to have fallen into a state of rest.

In the end, he didn't call Xiao Lingyu. He felt like his call to her would only complicate things. He hadn't called Xiao Lingyu since then.

But when he suddenly saw the picture of Xiao Lingyu crying at the international airport, he couldn't control his urge to call Xiao Lingyu.

Jiang Tao said, "Lingyu, where are you? Let's meet, okay?"

Xiao Lingyu smiled and said, "Alright!"

When Jiang Tao returned to his seat, more than ten minutes had passed.

Leng PiaoXue smiled and asked, "Brother Tao, I looked at the newspaper. I'm very curious. Is the woman in the newspaper Young Master Gong's girlfriend?"

Chapter 672: Kidnappers

Xiao Lingyu, who was staying at the Crystal Palace Hotel, didn't think too much after she hung up the phone with Jiang Tao.

In her heart, Jiang Tao was now her friend.

Jiang Tao had always treated her as a friend.

It was normal for him to call to show concern when she came to Beijing.

After Xiao Lingyu hung up the phone, she picked up the newspaper on the table and smiled helplessly.

She did not expect to make the headlines as soon as she arrived in the capital. All because she called out the name Gong Tianhao.

Now that Gong Tianhao did not remember her, she did not know if he would blame her when he saw the news.

Xiao Lingyu really found it funny and helpless. She had no idea why she would get in the headlines so easily. She was just an ordinary woman.

Just as Xiao Lingyu was deep in thought, she suddenly heard someone ring the doorbell. She immediately became alert and asked sternly, "Who is it?"

“Room service for hot water!” A low voice said from outside the door.

Xiao Lingyu frowned and walked to the door. Through the peephole, she saw a man wearing a cap that covered his entire head. Xiao Lingyu used her ears to listen for a while. There were five people outside, one woman and four men.

‘Am I being targeted so soon?’

Xiao Lingyu said, “Oh, I don’t need room service. Please come back later!”

Clearly, the people outside wouldn’t leave just like that.

He said again, “Dear Guest, the network receiver in your room is broken. We are here to repair it.”

Xiao Lingyu took out her phone. As expected, there was no signal on the phone. These people came prepared!

Xiao Lingyu thought for a moment and remembered that the Crystal Palace Hotel was a hotel under the Gong Group. However, with no signal on her phone, she could not call Li Yuanhang even if she wanted to.

She walked to the landline and wanted to call the front desk. There was only a beeping sound. These people had planned for everything.

She couldn’t contact anyone, which meant that she had to rely on herself.

Xiao Lingyu immediately communicated with Xiao Ling in her mind.

“Xiao Ling, can you detect the combat strength of those people outside? Can I fight them alone?” Xiao Lingyu asked.

She had to save herself. Her five senses had improved tremendously. If they were outside, she could outrun these people easily. However, she was now trapped inside a hotel room.

Xiao Ling looked outside through Xiao Lingyu’s eyes and used his spiritual power to probe. She said, “Master, if you follow my command, you’d be able to take them down. But...”

Xiao Lingyu’s heart tightened, and she asked urgently, “But what?”

“But two of them appear to have guns!” Xiao Ling said. Guns didn’t exist in the immortal world, but Xiao Lingyu had thought Xiao Ling about them. Of course, for Xiao Ling, these things were nothing. However, his master was a mortal. She couldn’t use magic, so Xiao Ling really had no idea if Xiao Lingyu could survive a fight against two gunners.

“Guns?!” Xiao Lingyu was shocked. She had just arrived in the capital, and she had already been hunted down.

Xiao Lingyu swallowed her saliva and asked, “Xiao Ling, can we handle them?”

As soon as she said that, the knocking on the door became more and more intense.

“Xiao Lingyu, come out quickly if you know what’s good for you. Otherwise, you will suffer when we take down the door!”

The people outside knew that Xiao Lingyu had seen through their disguise. Therefore, they threatened her directly. They had controlled the cameras in the corridor and the other guests on this floor. Therefore, they were not worried.

Xiao Lingyu was on guard as she asked in a stern voice, "Who are you? What do you want?"

"Open the door!" The voices outside grew louder.

The knocking became ramming.

Logically speaking, the loud noise would definitely alert the others.

However, the other guests seemed to be very afraid.

"It doesn't seem like she is willing to open the door," a man said angrily.

Then, another man said with a ruthless voice, "Since she doesn't want to open the door, we'll break the door down. We can't stay here for too long, or we'll be discovered."

"Alright, we'll just break the door open!"

Xiao Lingyu asked anxiously, "Ling 'Er, what should we do now?"

Xiao Ling thought for a moment and said, "Master, there's no way to hide now. We can only attack!"

Xiao Lingyu thought for a moment and nodded. "You're right. If all else fails, I'll just hide in the farming space."

With that, Xiao Lingyu hid in the bathroom.

When she reached the bathroom, she thought for a moment and felt that it would be safer to take something. Then, she spotted the hot water bottles under the cabinets. She carried one in each hand and hid in the bathroom. Once she did, those people knocked the door open.

But before they could look for her, Xiao Lingyu used her speed advantage. Xiao Lingyu surprised them by pouring hot water on them.

"Ah!"

Then, she slammed the bottle on another person's head.

"Ah!"

She swung the other bottle at the other man.

She took only 30 seconds to do all that.

She ambushed the four men. As for the woman, she stood at the door with her mouth agape. She did not even have the time to react.

The men were hurt slightly. It made them very angry.

"You bitch. Die!"

A man who was scorched on the back took out the pistol from his pocket.

However, before he could shoot, they only saw a shadow and the gun in his hand disappeared.

The people who barged in, "...” Fuck, how can this woman be so fast? She is like a phantom.

‘Xiao Ling said that two of them are carrying guns. Where is the other one?’

‘Xiao Ling, where’s the other gun?’ Xiao Lingyu asked telepathically.

‘It’s with the woman!’ Xiao Ling screamed.

It was too late.

That woman had already taken out the gun and pointed it at Xiao Lingyu.

“Don’t move. If you move again, I’ll shoot.” The woman in a black suit at the door said sternly.

Xiao Lingyu, "...”

This was really bad.

But Xiao Lingyu still had to remain calm.

She faced the gun and asked calmly, “Who are you? Why are you targeting me?”

The woman with the gun said coldly, “You don’t need to know who we are. As for why we’re targeting you, you can only fault yourself for coming to the capital! Since you’re here, you should keep a low profile, but you made such a big commotion!”

Xiao Lingyu frowned and asked in confusion, “But what does my arrival in the capital have to do with you?”

The woman sneered, “Hehe, are you really stupid, or are you pretending to be stupid?”

“Boss, why are you talking so much nonsense with her? Let’s just take her away!”

Another man who was burned by boiling water said fiercely, “This damn woman, I will definitely take revenge for this burn.”

After saying that, he raised his palm and was about to slap Xiao Lingyu’s face.

“Stop!” The woman’s expression changed, and she immediately shouted to stop him.

However, it was too late.

Just as the man stretched out his hand, Xiao Lingyu quickly grabbed him. Her speed was fast and agile, and she used the man as a shield to block the woman’s gun.

At the same time, Xiao Lingyu twisted the man’s hand behind his back with one hand and strangled his neck with the other.

Xiao Lingyu said fiercely, “Either you shoot me now, or you let me go! At worst, we’ll die together!”

The kidnapers, "...” this woman is so ruthless!

Chapter 673: Something Has Happened!

Jiang Tao and Xiao Lingyu had agreed to meet.

However, when he reached the agreed time and place, Jiang Tao did not see Xiao Lingyu. He was suddenly a little worried.

He understood Xiao Lingyu. She was always punctual.

She was already ten minutes late. That was very unusual. Jiang Tao took out his phone and called Xiao Lingyu.

However, the moment the call was made, the voice on the phone said, "Sorry, the call can not be connected for the time being!" It meant that the phone didn't have any signal. Could it be that Xiao Lingyu was on the elevator?

Jiang Tao waited for a while and called again. There was still no signal. Jiang Tao frowned. He couldn't help but worry.

"Did something happen?" Jiang Tao said to himself. Jiang Tao wanted to leave and check on her. However, he stopped himself. 'What if she's already on the way here?' Then, he hesitated, 'But what if something really happened?'

Jiang Tao thought about the headlines he saw. Everyone woman close to Gong Tianhao would be in trouble.

Jiang Tao thought for a moment and then called Li Yuanhang. "Yuanhang, get someone to go to the hotel to check if something happened to Lingyu."

Li Yuanhang was shocked. He asked, "Young Master Jiang, what happened?"

Jiang Tao said, "Lingyu and I are supposed to meet at seven, but it has already been half an hour, and she's still nowhere to be seen. As you know, Lingyu is very punctual. She will never be late.

"Also, I've called her a few times already, but the calls couldn't be connected. I'm worried that something might have happened to her considering she made the news as soon as she arrived in Beijing."

Ordinary people didn't know about Gong Tianhao's identity, but many news media outlets knew a little more about him. It was how Xiao Lingyu got in the headlines.

This naturally attracted the attention of some people with bad intentions.

When Li Yuanhang heard this, he immediately said, "I'll immediately call the hotel manager to take a look. I'll also rush to the hotel now!" He couldn't gamble with Xiao Lingyu's safety.

If anything happened to Xiao Lingyu, not to mention Gong Tianhao, who might recover his memory in the future, even Old Master Gong wouldn't forgive him. After all, Old Master Gong loved Xiao Lingyu dearly.

After Li Yuanhang hung up on Jiang Tao, he immediately called the hotel to ask if Xiao Lingyu had gone out. The front desk told her that Xiao Lingyu hadn't left her room. However, the calls to her room went unanswered. This was clear that something wrong must have happened.

Li Yuanhang immediately asked the manager to check on the guest in the 9999 presidential suite. He must report everything to him.

As Li Yuanhang departed, he informed Jiang Tao that something might have happened to Xiao Lingyu in the hotel. He would go over to take a look now.

When the hotel manager received a call from his superior, he quickly went to check the room.

When he reached the upper floor, he felt a strange silence, and the atmosphere was very unusual.

Then, he noticed that there was a very loud noise at the door of the 9999 presidential suite. The manager was so scared that his face turned pale. While he notified the security, he also informed someone to get the room card.

Then, he quickly ran to the room, knocked on the door, and shouted, "Miss Xiao, Miss Xiao, are you okay?"

The door was locked, so he couldn't see what was happening inside.

The woman who was pointing her gun at Xiao Lingyu immediately sharpened her eyes.

She ordered sternly, "Xiao San, drag the man in!" If he was left out there shouting, he'd attract too much attention. They were in a confrontation with Xiao Lingyu. Xiao Lingyu had a hostage, so it made them in a passive position. However, if they could make an outsider their hostage, then they would regain the upper hand.

Xiao Lingyu's eyes immediately revealed a trace of anger. Then, she shouted loudly, "Go, hurry up and leave!"

When the manager heard the woman's voice, his pupils constricted. He did not have time to think and immediately turned around to run. He knew that it was very dangerous inside. He had to run to get help. Otherwise, the guest would be in even more danger. While he ran, the manager thought to pull the alarm. However, the situation inside the room was unknown. Pressing the alarm might trigger the kidnapers, putting the guest in more danger.

The manager escaped into the stairwell. He quickly called Li Yuanhang, "Assistant Li, something really happened to the guest in room 9999. I heard the sound of a fight and the voices of a woman and a man inside. The woman wanted to get someone to capture me, so I quickly ran away."

Li Yuanhang's heart tightened when he heard that. He immediately asked, "Can you recognize their identities?"

"No." The manager shook his head. "I've called a few security guards. When the security guards come, we'll go and take a look!" He was just a normal person, and he didn't know the situation inside the room. If he barged in, it would be of no use. He'd only put himself in danger.

Li Yuanhang said, "Okay, get the security to go over and take a look. Also, don't let anyone escape. I'll be there in a moment. Also, don't anger the people inside. If they hurt the hostage, the consequences are not something a small manager like you can bear." The hostage was their boss' wife. Of course, Li Yuanhang didn't say that to the manager.

After Li Yuanhang hung up the manager's call, he immediately informed Jiang Tao, "Young master Jiang, Xiao Lingyu is indeed in trouble. The manager said that there were several people in her room and he heard the sound of a fight. I will rush over immediately."

"What?" When Jiang Tao heard that, he stood up from his seat in surprise. Then, he left in a hurry and said, "The sound of a fight? Lingyu wouldn't be kidnapped, would she? Also, what's wrong with your hotel? Why didn't anyone notice that a group of kidnappers had entered the hotel?"

Li Yuanhang knew that he had failed.

"I'm sorry. It's my fault!" Li Yuanhang said.

He was too careless. Xiao Lingyu had been exposed on the news the moment she came to the capital, so she would definitely be noticed. He should have arranged for a few people to protect her.

Li Yuanhang blamed himself. If something really happened to Xiao Lingyu, he would not forgive himself even if Gong Tianhao and Old Master Gong did not punish him.

Chapter 674: Dumbfounded Situation

Hearing the escaping footsteps, the man who was told to capture the manager said seriously, "Sister Hong, the person has run away! He must have gone to call for help. What should we do now?"

Sister Hong gave the man a backhand slap and shouted sternly, "Useless! Didn't you say that everything is ready and no one will come up to this floor? What's going on now?"

The man who had been beaten and reprimanded did not dare to make a sound. He only asked, "Sister Hong, what should we do now?"

Sister Hong glared at this subordinate with a fierce gaze. Then, she stared at Xiao Lingyu with a sharp gaze and said, "Let's go!"

Xiao San immediately understood. He rushed to his friend, who had his head bashed in and fainted on the ground. Then, he opened the door and led the man out.

Xiao Lingyu was holding a hostage in her hand, so she could only watch them leave.

After the two people left, sister Hong said, "Let him go, and we'll leave now!"

Xiao Lingyu wasn't that stupid. She sneered and said, "Let him go so that you can shoot me?"

"You!" Sister Hong glared at Xiao Lingyu and asked through gritted teeth, "What do you want?"

Xiao Lingyu curled her lips and said, "Nothing much. I just want to have a safe life."

Just as Sister Hong was about to say something, she heard footsteps outside. A ruthless light flashed in her eyes as she raised her gun and fired at Xiao Lingyu.

Bang Bang!

The sound of gunshots immediately sounded in the room. Then, the man in front of Xiao Lingyu immediately bled from his chest. He stared at sister Hong in disbelief and said, "Sister Hong... Why?" Then his head drooped. Xiao Lingyu was exposed.

Sister Hong aimed between Xiao Lingyu's brows. She wanted to kill Xiao Lingyu.

Xiao Lingyu pushed the corpse in her hand forward. Her movements were swift and agile. Her head tilted slightly, and the bullet grazed past her ear.

Sister Hong did not expect Xiao Lingyu to be able to dodge the bullet. She was shocked.

However, the opportunity to assassinate Xiao Lingyu was gone. She had to leave immediately. She could clearly hear the urgent footsteps in the corridor outside.

"Sister Hong, we have to retreat immediately!" The people outside urged anxiously.

They heard the gunshots inside. However, they thought Sister Hong had shot Xiao Lingyu. They never thought Sister Hong had executed their companion.

Sister Hong glared at Xiao Lingyu, opened the door, and ran out.

"Quick, don't let them escape!"

The security summoned by the manager finally arrived.

Bang!

Sister Hong fired at them.

One of the security guards was shot in the arm.

"Those people have guns, be careful!" The security captain said calmly. These security guards were not ordinary security guards. They had all been trained in the bodyguard company under the Imperial Palace.

The head of security immediately picked up the walkie-talkie and ordered, "Everyone, please pay attention. Seal all the exits. Three criminals have escaped from the hotel. The criminals have guns in their hands. Two men and a woman. Everyone pay attention to your safety!"

Then, the head of security brought his men to room 9999. The manager held the room card in his hand and opened the door.

However, the moment he opened the door, the manager's pupils constricted, and his face could not help but turn white. There was a man lying on the floor with his eyes closed. His chest was still bleeding, and the floor was covered in blood.

There were also pieces of hot water bottles on the floor. There were traces of water and blood on the floor, the wall, and the table. There had been a fierce fight here.

There was a very beautiful woman standing in the room. Her face was pale.

The manager called out, "Someone's dead!"

The security captain immediately used his hand to check the man's breath and the wounds on his body. He said with a calm expression, "He was shot in the heart and killed in one shot!"

The security captain looked at Xiao Lingyu, who was standing next to him, and called out, "Miss Xiao?"

Xiao Lingyu came to her senses and took a deep breath. Just as she was about to answer, her phone's signal was restored, and it suddenly rang. Xiao Lingyu looked at it and picked up the phone.

Jiang Tao's anxious and concerned voice immediately came out of the phone, "Lingyu, are you okay now? I heard from Li Yuanhang that there were kidnappers in your room?"

After the scare just now, other than her face, Xiao Lingyu's fingertips were also slightly pale. Her heart was palpitating. She had lived for two lifetimes, but she had never experienced such a dangerous situation.

If she didn't have Xiao Ling and her superhuman speed, she wouldn't be able to survive this ordeal.

Xiao Lingyu also didn't expect that someone would come to kidnap her. The group's goal was to kidnap her at first, but her resistance made it so that they needed to kill her. Those people wanted her life!

"Lingyu, say something!" Jiang Tao couldn't hear Xiao Lingyu's voice for a long time and was extremely worried.

Xiao Lingyu came back to her senses and said softly, "Brother Jiang, I'm fine. You don't have to worry!"

Hearing Xiao Lingyu's voice, Jiang Tao immediately heaved a sigh of relief. "It's good that you're fine! Where are you now?"

"I'm still in the hotel!" Xiao Lingyu said.

"Alright, stay there. I'll rush over immediately!" Jiang Tao said anxiously.

"Alright!"

Just as Xiao Lingyu hung up on Jiang Tao, Li Yuanhang's call came.

"Lingyu, are you alright?" Li Yuanhang received a report from his subordinate that there had been an intense gunfight in Xiao Lingyu's room. He was really worried.

"I'm fine!"

"Good, or else I really don't know how am I going to explain myself to Gong Tianhao and Old Master Gong and even Tong Tong." Li Yuanhang said fearfully.

Those criminals who had barged into Xiao Lingyu's room had guns in their hands, but Xiao Lingyu was just an ordinary person. How could she be able to defeat them?

Hearing that Xiao Lingyu was fine, his heart finally dropped.

After hanging up the phone, Li Yuanhang slammed the steering wheel and scolded loudly, "Those people better pray that I won't find out their identities!"

Chapter 675: Jiang Tao's Hug

Li Yuanhang and Jiang Tao arrived at the hotel almost at the same time. Due to the criminals, the hotel quickly evacuated the guests for their safety. The staff also received the news and became very nervous.

However, they were all trained personnel and could not show any panic. They also had to appease the guests.

When they saw Li Yuanhang walk into the hotel, everyone seemed to have found their support.

“Assistant Li, you’re finally here!”

The front desk receptionist quickly ran to Li Yuanhang.

“What’s the situation now?” The guests might not know the situation, but the front desk people certainly knew something.

The front desk lady said, “A person died in the room!”

“What?”

Li Yuanhang and Jiang Tao were shocked. They did not ask anything and quickly ran away. They had confirmed the situation that Xiao Lingyu was fine. But they had no idea there was also a dead person in the room.

But why? It definitely could not be Xiao Lingyu.

They had just confirmed that Xiao Lingyu was safe.

“Young master Jiang, then... could it be Xiao Lingyu?” When Li Yuanhang asked this question, his heart trembled.

Jiang Tao said calmly, “It can’t be. We just talked to her on the phone a few minutes ago.”

“Yes, you’re right!” Li Yuanhang nodded.

The two of them quickly ran to the 18th floor.

That floor was originally very quiet, but now it had become somewhat lively. A person had died in a presidential suite on the 18th floor. This was news that couldn’t be hidden from the other guests. After all, there were gunshots. Therefore, when some of the guests heard about this, they came to the 18th floor to see it. They were not afraid of death.

Everyone gathered at the door of the 9999 presidential suite, and many people began to discuss.

“I heard that criminals broke into the room, and they had guns.”

“Is the dead man one of the criminals?”

“If he is, why is he dead?”

“Maybe there was an internal conflict?”

“That’s very possible. I heard that the woman who lived in this room was very beautiful. It’s possible that there was an internal conflict because of her.”

Jiang Tao was not in the mood to listen to these discussions. As soon as he arrived, he said with a cold and stern voice, “Please move aside!”

Jiang Tao's cold voice immediately attracted the attention of these people.

Jiang Tao's status in the capital was not ordinary, and the customers staying at the Crystal Palace Hotel also had a certain status. After all, the Crystal Palace Hotel was the only seven-star hotel on the entire continent, and the customers it received were usually either rich or noble.

When someone saw Jiang Tao appear, he cried out in surprise, "Young Master Jiang?!"

"It's really young master Jiang? What is Young Master Jiang doing here?"

"He's from the Public Security Department. It's normal for him to come here to investigate the case, right?"

"But why would he look so anxious?"

There were rumors in the capital that Jiang Tao, the young master of the Jiang family, had no expression other than coldness. It was said that apart from a few of his good friends, very few people saw his other expressions. But these people were lucky enough to see Jiang Tao so worried.

After everyone had moved out of the way, Jiang Tao quickly walked into the room.

When he saw a corpse lying straight in the bathroom, Jiang Tao's pupils constricted. Then, he noticed Xiao Lingyu, who was sitting on the sofa with a pale face.

He ran in with big strides and stood in front of Xiao Lingyu. Ignoring everyone's surprised gazes, he directly hugged Xiao Lingyu in his arms. "It's great that you're okay!"

The crowd at the door opened their mouths in shock.

They had never expected Jiang Tao to be so nervous, worried, and close to a woman.

Li Yuanhang had just arrived. He was shocked to see the corpse in front of the bathroom, and he saw the scene of Jiang Tao hugging Xiao Lingyu. He was slightly surprised.

He quickly noticed the expressions of the guests outside the door, and the corner of his mouth twitched.

For the sake of Xiao Lingyu and Jiang Tao's reputation, Li Yuanhang had to explain, "Miss Xiao and young master Jiang are good friends. Since Miss Xiao had just survived death, it's understandable for them to react like this."

Xiao Lingyu's identity as the young mistress of the Gong family would be exposed sooner or later, and it was already known that Jiang Tao was engaged to Leng Piao xue, the young miss of the Leng family.

Young Master Jiang, who had never been close to women but had a fiancée, hugged another woman in the hotel. This would probably arouse suspicion.

The most obvious conclusion was Xiao Lingyu was the mistress who stole someone's fiancée. Once Xiao Lingyu's name was slandered, it would affect her future. Plus, people would use that to sow discord between Gong Tianhao and Jiang Tao.

To avoid all that, Li Yuanhang had to do damage control now. He had to state clearly that Xiao Lingyu and Jiang Tao were just ordinary good friends. It was normal to give a hug to a good friend.

Li Yuanhang walked directly to them and coughed loudly.

Jiang Tao quickly reacted and quickly pushed Xiao Lingyu away, causing Xiao Lingyu to fall backward. If she hadn't been sitting on the sofa, Xiao Lingyu would have fallen down by now.

Xiao Lingyu glanced outside the door and said snappily, "You didn't have to push me away. Are you that afraid of me?" Xiao Lingyu spoke casually like how she would with a friend. The crowd heard that and wondered if they had been overthinking these two's relationship.

Jiang Tao also realized that he had lost his composure. In order not to damage Xiao Lingyu's reputation and not affect her, he said very seriously, "You didn't even inform me when you came to the capital so that I could welcome you. Now, see what happened."

He turned his head to look at the crime scene and frowned.

He didn't say anything else. Based on the scene, he could imagine how intense the fight was.

However, what puzzled him was that there were several people with guns. Then, how did Xiao Lingyu escape from them safely? In fact, there was even a dead criminal there.

Jiang Tao gave Li Yuanhang a look.

Li Yuanhang immediately asked the security guard, "Did you call the police?"

"I have!"

Chapter 676: A Dream

Some reporters came after hearing about the incident at the hotel.

In order to suppress this incident, Li Yuanhang still spent a lot of effort. When Gong Tianhao was unconscious, Li Yuanhang managed everything, so this was just part of his job.

...

Xiao Lingyu could not stay in the hotel anymore.

Jiang Tao originally wanted to bring Xiao Lingyu to his own apartment, but he was being watched too. If he brought her to his place, the media would have a field day. After all, Jiang Tao was already engaged. If he brought another woman home, everyone's reputation would be ruined.

Although Li Yuanhang was single, it was not suitable for him to bring her back home either. They were 'technically' both single to the public, and there were many things to write about that.

Li Yuanhang thought about it and decided to report this matter to Old Master Gong. He originally wanted to report it to Gong Tianhao, but Gong Tianhao did not know Xiao Lingyu.

After Li Yuanhang reported the situation to Old Master Gong, Old Master Gong immediately ordered people to bring Xiao Lingyu to Gong Tianhao's apartment. At the same time, he arranged for people to follow and protect Xiao Lingyu.

Old Master Gong didn't expect that Xiao Lingyu would be in danger before she even met his brat.

He felt very ashamed. If he had known that it would be so dangerous, he would not have allowed Xiao Lingyu to look for Gong Tianhao.

It was too late now. All he could do was protect Xiao Lingyu's safety.

Jiang Tao was currently investigating the criminals who tried to kidnap and assassinate Xiao Lingyu.

After Xiao Lingyu was done with the police, she was led away by Li Yuanhang. Li Yuanhang led her to his office. After pouring her a cup of hot water, he said truthfully, "Lingyu, I have reported to the old master that you were targeted by criminals."

Xiao Lingyu's hand that was holding the cup paused. Then, she took the teacup and replied softly, "Okay." She wanted to hide this because she didn't want her family to worry, but this issue was too big.

Li Yuanhang said, "Old Master asked me to send you to Tianhao's apartment. Also, I'll send two people to protect you!"

Xiao Lingyu thought for a moment and said, "I'd better leave the capital and lay low for a while!" She was almost kidnapped and assassinated. With the commotion, she would make the news again. It was better for her to go back and avoid the limelight.

Li Yuanhang thought for a moment and said, "Alright, I'll get someone to send you back directly!"

Xiao Lingyu was frightened. It was indeed not suitable for her to stay in the capital alone.

Very soon, Li Yuanhang sent her back to Taoyuan Village.

After sending her away, Li Yuanhang called Situ Xing and reported the situation to him.

Situ Xing was very shocked when he heard that. Then, he said angrily, "Those bastards. Who are these people?"

He did not think that someone would go after Xiao Lingyu as soon as she arrived in Beijing. There were five criminals against one woman. Xiao Lingyu managed to survive and was safe.

Situ Xing felt fear. What if Xiao Lingyu didn't survive? Once Gong Tianhao regained his memory, he would definitely go crazy.

At that moment, Gong Tianhao and Professor John came out of their hypnotic session.

Gong Tianhao's sharp eyes stared at Situ Xing, instantly causing Situ Xing's scalp to go numb.

Professor John said to Situ Xing excitedly, "Situ, we finally found the cause of the amnesia!"

Situ Xing was stunned and then said happily, "Ah, is that so? That's great! Professor John, What's the situation with Tianhao?"

Professor John said seriously, "According to the hypnosis session, I think we know why he has blocked all the memories of his wife!"

Situ Xing looked at Professor John with slight surprise!

"Why is it?" Situ Xing asked.

“It’s because of a dream!”

“Huh?!”

Chapter 677: Slightly Unpleasant!

In a villa in the capital city, a woman wearing a red silk robe was sitting at the bar, drinking red wine with a cold expression.

Suddenly, the red phone on the sofa rang.

She walked over and picked up the phone. Her voice was light and cold as she said, “Speak!”

“Miss, the mission has failed!”

“Useless! How can the four of you fail? The target is just a weak woman!”

“Miss, that Xiao Lingyu is really strange!” The subordinate reported, “She... She’s extremely fast. The moment we entered, she hit the four of us with a hot water bottle. One of us fainted on the spot, and another burned his back. She didn’t give us any time to react. Now that the police have been alerted, young master Jiang is personally investigating this matter. Young miss, what should we do now?”

When the woman heard this, her eyes immediately flared with anger as she shouted sternly, “Useless! You can’t even deal with a country woman. You’ve failed again and again!”

The other side was silent, not even daring to breathe loudly.

Not only did they fail their mission, but they also alerted the police. Young Master Jiang’s intervention caused a lot of trouble for them.

The woman asked angrily, “Where is she?”

“She was sent back to Taoyuan Village by Li Yuanhang!” The subordinate said.

The woman half-closed her eyes and was expressionless, but she seemed to be thinking about something.

“Has she returned to Taoyuan Village?” The woman muttered. Then, she ordered, “Change of plans. Get Weng Jingjing to return to the country!”

Then, the woman gave an order!

After hanging up, the woman raised her hand and looked at the red rope on her wrist. It seemed like she was talking to someone and also talking to herself.

She smiled and said, “Soon, you will meet!”

...

When Situ Xing heard Professor John say that Gong Tianhao had selective amnesia because of a dream, he was extremely curious.

“Boss, what dream did you have that made you choose to lose the memory of sister-in-law and your son?”

Gong Tianhao also frowned and shook his head in confusion. "I don't know either."

Situ Xing immediately looked at professor John and asked, "Professor John, what dream did boss have?"

Professor John said seriously, "His deepest memories were dug out from the hypnosis. Mr. Gong dreamt that his wife and children died."

"What?" Situ Xing looked at Gong Tianhao and asked, "Boss, why would you have that dream?"

Gong Tianhao frowned. He felt this whole thing was crazy. Gong Tianhao said coldly, "I would never have such a dream!"

Situ Xing and Professor John, "... How stubborn is this man? You've lost your memory, so naturally, you wouldn't remember if you had this dream or not.

Situ Xing ignored his boss. He turned around and asked Professor John seriously, "Professor John, Boss lost his memory because of a dream. What can we do to help him regain his memory? We can't just allow Boss to abandon his wife and son!"

Professor John furrowed his brows tightly. He also had great difficulties with this case. He said, "Among my patients, many lost their memory because they experienced a great shock and trauma in reality. It's a self-defense mechanism.

"However, I've never encountered a case where the trauma comes from a dream. This is too unusual. I don't know how to help Mr. Gong temporarily. I need to study this carefully.

"But..." professor John thought for a while and said, "If possible, I want to involve his wife and child in the hypnosis. We'll have them by his side during the sessions. It might work."

Gong Tianhao, "..."

Situ Xing, "..."

Gong Tianhao didn't even want to hear the mention of his wife and kid, much less have them in the same room...

Just as Gong Tianhao was about to refuse, Situ Xing immediately smiled and said, "Okay, Professor John. When do you think you'll have time again? We'll bring them with us."

Gong Tianhao's face instantly darkened. 'How dare Situ Xing make the decision for me? It looks like a trip to Africa might be good for him.'

Professor John thought for a moment and said, "My work schedule is already full. I'll inform you when I have time!"

"Alright, Professor John." Situ Xing immediately made up his mind.

Gong Tianhao, "..."

After Professor John Left, Gong Tianhao smiled darkly and said, "Situ Xing, are you so powerful that you can make decisions for me now?"

Situ Xing immediately smiled embarrassedly and said, “Boss, when did that happen?” But Gong Tianhao didn’t seem to want to let this go. So, Situ Xing immediately said with a serious expression, “Boss, I received a call from Li Yuanhang. He said that sister-in-law... Xiao Lingyu was kidnapped and assassinated at our Crystal Palace Hotel. A person died on the spot!”

Gong Tianhao’s expression immediately changed as he asked, “Who died?” His hands subconsciously clenched into fists as if he was very nervous.

Perhaps Gong Tianhao did not notice it himself, but Situ Xing noticed it from the corner of his eyes. A bright light flashed in his eyes, and he could not help but sigh in his heart.

Even if he had amnesia, his instinct showed that he still cared about Xiao Lingyu. Situ Xing deliberately did not mention who died just now because he wanted to check Gong Tianhao’s reaction.

As expected!

Situ Xing said, “There were five criminals who went to kidnap Xiao Lingyu, four men and a woman. According to Li Yuanhang, Xiao Lingyu injured four people on the spot using a hot water bottle. However, the other party had a gun, so she was cornered. Thankfully, the hotel was alarmed in time. The criminals retreated. One of them was taken hostage. Probably afraid that he’d be a turncoat, he was shot dead by the female criminal!”

He asked indifferently, “Is Xiao Lingyu injured?”

Situ Xing shook his head and said, “No, she was just a little frightened.”

Situ Xing was also very confused.

If he remembered correctly, Xiao Lingyu was a weak woman. How could she fight with five criminals and cause one death?

According to Li Yuanhang’s report, the other party was prepared. There were five people with two guns, but Xiao Lingyu was not hurt.

On the other hand, the criminals had one death and three injuries. They probably didn’t expect this. After all, Xiao Lingyu was just a weak woman, and they had her cornered.

The criminals came with a purpose. They controlled the whole floor without alerting the hotel or the customers. This showed that they were highly trained. Just in terms of physical strength, Xiao Lingyu was definitely not a match for them.

After Gong Tianhao heard Situ Xing’s words, he loosened his clenched fist.

Then, he asked with a stern expression, “Who is the person in charge of the Crystal Palace Hotel? How can they not realize that some criminals have entered the hotel and harmed the guests? What about the security? If they can’t even guarantee the safety of the guests, which guest would dare to stay in our hotel in the future? Our Hotel is the only seven-star hotel in Asia. The guests staying there are all extraordinary.

Situ Xing, “...” How would I know? I’m not involved in the hotel business.

Gong Tianhao glanced at Situ Xing and asked, "What about the identities of those kidnappers? Have you found that out?"

Situ Xing said, "Young Master Jiang is investigating!"

"Tao Zi?" Gong Tianhao frowned and looked puzzled. "Tao Zi is investigating this?!" Technically speaking, he didn't need to be involved.

Situ Xing rolled his eyes and said, "Young master Jiang and Xiao Lingyu are good friends. Don't worry, boss. Young master Jiang already has a fiancée. He won't steal sister-in-law from you." Situ Xing almost said that Jiang Tao liked Xiao Lingyu.

"..." Gong Tianhao gritted his teeth and said, "It seems that you really want to go to Africa!" However, when he heard this, he didn't feel good.

"I'll shut up now!" Situ Xing immediately zipped his mouth.

Gong Tianhao's face was so dark that ink could drip out.

Then, he said coldly, "We will go back to China immediately!"

Chapter 678: Get Used to it!

When Xiao Lingyu was almost kidnapped and assassinated in the capital, neither Old Master Gong nor Xiao Lingyu mentioned it to the Xiao family to avoid worrying them.

When Old Master Gong found out that Xiao Lingyu was almost kidnapped and assassinated, he flew into a rage.

He immediately arranged for Gong Yinxiong to investigate!

Gong Yinxiong, on the other hand, felt a little puzzled.

Gong Tianhao's identity was only known to those who had a certain status in the capital. Gong Tianhao also rarely showed his face in the business world. Gong Tianhao was known as the king of the business world, but few people had seen him in person.

Gong Tianhao's decision to go to Country M was a sudden one. It was also a coincidence when he went to the airport. The news media shouldn't be there. However, the reporters were there to ambush Xiao Lingyu when she shouted Gong Tianhao's name. Something was obviously wrong.

These people were there almost every time... as if they knew something was going to happen. Did someone predict this event and lead the reporters to the airport?

Modern people worshiped and believed in science. Fortune telling and prediction were more of a superstition. Gong Yinxiong was confused. Could someone have predicted Xiao Lingyu and Gong Tianhao's movements.?

Since the incident happened in Beijing, the investigation was focused there too.

Jiang Tao was also involved in the investigation of the kidnapping and assassination. In order to prevent the incident from happening again, the two of them would communicate.

The matter was handed over to Gong Yinxiong and Jiang Tao to investigate. However, after experiencing such a thrilling incident, Xiao Lingyu was still a little frightened. She was very close to dying.

“Yu ‘Er, are you alright now?” Old Master Gong asked with concern.

Xiao Lingyu nodded and said, “I’m alright now.”

“Are you sure?” Old Master Gong was a little suspicious. This was an assassination attempt. A normal person would be scared to death already. However, Xiao Lingyu recovered so quickly. It surprised him.

However, he never expected that Xiao Lingyu would be in such much trouble just by calling Gong Tianhao’s name at the airport. If they really returned to the capital in the future, wouldn’t the situation become even more dangerous? He definitely couldn’t put his granddaughter-in-law and great-grandson in further danger.

Noting Old Master Gong’s worry for her, Xiao Lingyu smiled and said to him, “Grandfather, I’m really fine now. Don’t worry. Perhaps it’s the first time I’ve encountered such a dangerous kidnapping, so I was still shocked. But I’ve calmed down now.”

Old Master Gong nodded and said with admiration, “You have a very good mental constitution.”

Xiao Lingyu smiled.

How could she not? She had lived for two lifetimes. In her previous life, when she fought in the workplace, the ups and downs in the workplace had also tempered her willpower. If not, she would really be scared witless in that situation.

Old Master Gong said, “You better don’t go to the capital any time soon. Leave the shop expansion to someone else.”

Xiao Lingyu shook her head and said, “Grandpa, it’s fine. It was just an accident. It’s impossible for someone to want to kidnap me every day.”

Old Master Gong said very seriously, “Yu ‘Er, you don’t know the dangers of the capital. That’s a place where the strong prey on the weak. If you’re not careful, you might be torn to pieces. So, for safety’s sake, don’t go to the capital for the time being. Let me get someone to deal with the hidden dangers in the capital first!”

“Grandpa!” Xiao Lingyu called out, “Since I married into the Gong family, I knew that my life will not be peaceful.

“Therefore, I have to adapt to all sorts of unpredictable situations. I can not enjoy the safety bubble you’ve created for me. I need to train!”

Old Master Gong frowned. After a moment of silence, he sighed softly, “You’re right. Life as the mistress of the Gong Family will not be peaceful. You will have to adapt sooner or later. Alright, grandfather will not interfere.”

Xiao Lingyu immediately said happily, “Thank you, grandfather!”

Then, Old Master Gong said, "Yu 'Er, safety is the most important thing, do you understand? Do what you can. It doesn't matter if you have to stop. Don't forget you can ask for help from grandfather. You can rely on the brat too!"

"Yes, I understand, grandfather!" Xiao Lingyu nodded and replied.

...

Old Master Gong and Xiao Lingyu's conversation was definitely hidden from Tong Tong.

However, there was nothing that could be hidden from him within a hundred miles.

From the moment Old Master Gong received Li Yuanhang's call, Tong Tong knew that Xiao Lingyu had almost been killed in the capital.

There was actually someone who dared to kidnap his mother. They were really tired of living.

"Mommy, I haven't played with Brother Xiao Ling for a long time. I want to play with Brother Xiao Ling," Xiao Letong told Xiao Lingyu when Xiao Lingyu was alone in the room.

Xiao Lingyu didn't think too much about it. She said, "Go and tell Grandma that you'd be with mommy then, just in case she can't find you."

Xiao Letong was lively and active. Since he could walk nimbly, he had been running away every day. However, in order to not let his family worry, he would inform his family wherever he went.

"Yes, yes!" Xiao Letong ran out with a smile. As he ran, he said, "I'm going to find Grandma now!"

Xiao Lingyu looked at the receding figure of Xiao Letong and shook her head helplessly.

A moment later, Xiao Letong ran back and said from afar, "Mommy, I have already told Grandma!"

Xiao Lingyu nodded. "Then come in and close the door!"

After Xiao Letong closed the door, Xiao Lingyu summoned Xiao Letong into the space.

Before that, Xiao Lingyu warned Xiao Ling not to tell Tong Tong that she was almost kidnapped.

However, what she didn't know was...

When Xiao Letong entered the space, he asked with a very serious face, "What happened in the capital?"

Chapter 679: Another Reincarnated Person

Xiao Ling was so frightened that his face turned pale when he saw the young master. He immediately told him everything.

Xiao Letong, who was not even three years old, had his hands behind his back. He furrowed his brows, and his small face was full of seriousness.

His sharp gaze seemed to be able to kill everything in an instant.

He said coldly, "At that moment, my mommy only called out Gong Tianhao's name, and she was already besieged by the media? Then, she made headlines in Beijing. When my mommy was in the hotel, five criminals broke in?"

Xiao Ling's face was pale. His voice trembled as he nodded and said, "Yes, Young Master!"

Then, Xiao Letong furrowed his brows again and asked, "Is the Crystal Palace Hotel Gong Tianhao's Hotel?"

"Yes!" Xiao Ling didn't dare to hide it and nodded.

Xiao Letong's little face immediately showed some dissatisfaction. "How did Gong Tianhao manage the hotel? He actually let the criminals break in." Xiao Letong had seen it on TV. The Crystal Palace Hotel was the first seven-star hotel in all of Asia. It must have the best security system, but this had happened.

Xiao Ling thought for a moment and defended Gong Tianhao, "But the male master has been in a coma for more than two years. It's good enough that the hotel didn't close down!"

He actually liked the male master very much. When he was hibernating in the farming space, he could still sense Gong Tianhao's every move. Xiao Ling knew how well Gong Tianhao treated Xiao Lingyu. He loved and doted on his master like a princess. Hence, his impression of the male master was good.

However, once Xiao Letong returned, there was a car accident. Therefore, he had never seen how doting Gong Tianhao was towards Xiao Lingyu. In addition to the various things in his previous life, he had mixed feelings toward Gong Tianhao.

Xiao Letong lowered his head slightly and frowned.

He had a feeling that something was wrong. It felt like everything was prearranged.

Then, Xiao Letong's eyes widened. He asked Xiao Ling, "Can you cultivate the power of prediction in the immortal world?"

"Huh?" Xiao Ling was stunned. "The power of prediction? There's no such thing."

Xiao Letong frowned. "You're right. If there is, I would have heard of it. Plus, we're in a normal world now. So, how did this happen... Prediction, prediction...." Xiao Letong pondered, "What kind of people would have predictive power?"

Xiao Ling suddenly said, "People who have been reborn!"

"Rebirth?" Xiao Letong suddenly widened his eyes and said with sudden realization, "Yes, you're right. If they have been reborn, then they don't need to predict the future because it would have been the past for them!" Then, his expression suddenly changed. "This is not good."

"Why?" Xiao Ling asked with some confusion.

Xiao Letong said very seriously, "That means that someone else has been reborn, and this person is greatly hostile against mother!"

"What?" Xiao Ling was shocked. "How can there be another reborn person?" Not everyone was so lucky to get this chance to be reborn. One either had to be like Xiao Lingyu, who happened to possess an

immortal artifact that could reverse time, or one had to be like Xiao Tong who came from the immortal world. However, both of these were impossible.

Xiao Letong's expression had never been more serious since his rebirth. He said, "If there really is another person who has been reborn, then mommy is in real danger."

Xiao Ling nodded in agreement. "Yes, it's too dangerous. Then what should we do now?"

"The most urgent matter now is to find this enemy as soon as possible." As Xiao Letong said this, his voice suddenly became ruthless as he continued, "Then we'll kill them!" As a cultivator, he couldn't kill an ordinary person. However, he could make an exception for a cultivator.

Xiao Ling also nodded in agreement. "But little master, how do we find this person?"

"I'll be able to detect them when I see them," Xiao Letong said. After all, he could sense the presence of immortal artifacts. Then, he shook his head and said, "But the problem is, I can't even leave Taoyuan Village now." After all, he was still too young, and with his identity as an heir of the Gong Family, they wouldn't allow him to leave!

Kidnappings and assassinations would probably become a common occurrence.

Therefore, the most important thing now was to silence the threat.

Xiao Ling said, "Then, little master, what should we do now?" If they couldn't locate the enemy, the master would be in too much danger.

Xiao Letong thought for a moment and said, "We can't let mommy leave Taoyuan Village for the time being. As long as she's around, I can protect her."

"But the problem is we can't stop master if she wants to go to the capital," Xiao Ling pointed out worriedly.

"We have to figure something out then." After Xiao Letong returned, this was the first time he felt that the problem was a bit tricky. "So if mommy wants to go to the capital alone and without me, you have to think of a way to stop her, got it?" Xiao Letong warned very seriously.

"Yes!" Xiao Ling replied obediently.

...

At this moment, Xiao Lingyu had no idea how much her son was worried about her. Xiao Lingyu didn't delay her expansion plan due to this assassination. She had the farming space. If she really encountered a life-threatening situation, she could just hide in the space.

The next day, Xiao Lingyu found that her son seemed to be very attached to her. When Xiao Lingyu went to the company, Xiao Letong wanted to follow her. Even when she went to the bathroom, her son had to stand at the door and wait for her.

Xiao Lingyu thought for a moment and assumed Xiao Ling had violated her order and told her son about her incident in the capital. It was why her son was so attached to her all of a sudden.

Then, she asked Xiao Ling, “Xiao Ling, did you tell Tong Tong about what happened to me in the capital?”

Xiao Ling said guiltily, “I’m sorry, Master. I accidentally let it slip when little master was playing.”

Xiao Lingyu, “...” That was the first time she knew a spirit could have a slip of the tongue.

Xiao Lingyu held her forehead and then sat her son on her lap. She said to Xiao Letong, “Son, don’t worry. Mommy is home and will be fine. Your brother Xiao Ling may have just exaggerated the situation!”

Xiao Letong listened and was silent for a moment. Then, he said seriously, “Mommy, can you promise me one thing?”

Xiao Lingyu was slightly stunned at first, and then she said with a smile, “As long as it’s for Tong Tong, don’t say one thing, even if it’s a hundred things, mommy will agree to it.”

Xiao Letong said, “Mommy, when you go to the capital in the future, I want to go with you!”

The smile on Xiao Lingyu’s face froze, and then she rejected him seriously and resolutely, “I’m sorry, Tong Tong, I can’t do that!”

The situation in the capital was too unclear. When danger appeared, she could adapt to it, but she definitely couldn’t let her son take this risk.

Xiao Letong’s expression immediately became aggrieved. He asked seriously, “Why? Mommy, you promised!” However, in his heart, he already knew that his mommy wouldn’t agree to it so easily.

Just as Xiao Lingyu was about to explain, Xiao Letong continued, “I want to go to the capital to see the ancient Great Wall and see the magnificent and ancient palace where the emperor once lived. I also want to see the raising of the national flag. There are still many things I want to see. Mommy, I want to go to the capital to have some fun too. Can’t you just bring me to the capital?”

Xiao Lingyu, “...” Not that many people could win Tong Tong in an argument.

Xiao Lingyu refused, “Son, we will do that in the future, but not now. Mommy has something urgent to attend to first, and I can’t bring you with me.”

Xiao Letong, “...”

Chapter 680: No Clues at all

The incident at Crystal Palace was still exposed by the media in the end. Li Yuanhang used some means to suppress it at first, but the power of technology was too strong. Plus, there were always small gossip websites.

Originally, Li Yuanhang wanted to hack the news and take it down. However, Gong Tianhao told him to let it be. After all, this was their mistake this time. It was their fault for disappointing the guests.

For this matter, the relevant person-in-charge of Crystal Palace Hotel personally went on the news to apologize. He also promised that the company would compensate the guests who were frightened. He

also said that he would definitely strengthen the security measures in the future. There would definitely not be any incidents that threatened the lives of the customers.

Gong Tianhao, who had been known for his ruthlessness, also issued a statement. He was very sorry about this incident and apologized to the victims. He also promised that in the future, such an incident would not happen again.

Once the legend surfaced, it shocked the entire business world.

In the past, Gong Tianhao kept a low profile as much as possible. But now, he had become high profile.

If it weren't for the fact that no one dared to impersonate Gong Tianhao, everyone would have thought that this was fake.

Regardless, the personal apology from Gong Tianhao managed to appease some hotel guests.

Even though this incident had happened, the safest hotel in all of Asia was still probably Crystal Palace. After all, not anyone could afford to stay there. They were in danger all the time, even at home. Therefore, they would have bodyguards to protect them. The chance of a guest being kidnapped at Crystal Palace was very small.

This incident happened because no one expected someone who had no bodyguards would stay at Crystal Palace.

Gong Tianhao apologized, and the incident was put to rest. After all, what else could the others do? Even if the internet technology was advanced, the users were still humans. There was freedom of speech, but there was also defamation. How could a gossip website compete with the richest company in the country? The small websites wouldn't dare to challenge Imperial Palace.

...

Inside Crystal Hotel's presidential suite, Gong Tianhao, Jiang Tao, Gong Yinxiong, Situ Xing, and Li Yuanhang were gathered.

Gong Tianhao asked directly, "How's the investigation going?"

He asked Gong Yinxiong.

Gong Yinxiong shook his head and said, "There's still no clue. When those people committed the crime, they were fully prepared. The surveillance equipment couldn't find any trace of them." This was the first time Gong Yinxiong faced such a failure after he joined Dragon Organization. He couldn't understand it. The assassination happened right under their nose, but they couldn't find any trace of a crime.

Jiang Tao also said, "The situation on my side is similar. The coroner examined the dead criminal. His face has been touched up by plastic surgery. Even his fingerprints have been shaved off. In fact, the skin of his whole body had been grafted. It's impossible to trace his origin."

Li Yuanhang was shocked. "That's insane!" The pain of a full skin graft transplant would be insane, not to mention the risk involved!

Situ Xing thought for a moment and said, "But the human skeleton can't be changed. Can we use that to reconstruct his face?"

Jiang Tao shook his head. "We can't be sure. There were knife marks on the man's skull too. But," He said with determination, "We will try our best. We should be able to get a composite somehow."

Gong Tianhao furrowed his brows slightly and said directly, "Then, we'll hire the best facial reconstruction experts. We must find out their identities!"

He had a bad premonition in his heart. If these people weren't found, there would be more troubles in the future... especially for Xiao Lingyu. Gong Tianhao didn't know why he had such a feeling.

Li Yuanhang said strangely, "But how could these people act so quickly? It's like they had been following Xiao Lingyu and attacked when she was at the hotel."

"Yuanhang, what did you say?" Gong Tianhao asked again.

Li Yuanhang said, "I said how these people could act so quickly? It's like they had been following Xiao Lingyu."

The others looked at each other. It was as if a ray of light had shone through the haze.

At this moment, Situ Xing patted his head and said loudly, "Wait. I remember it now. When boss first woke up, sister-in-law... Xiao Lingyu said that she wanted to come to country M to see boss. However, she was halted at the airport.

"At the same time, boss' ex-girlfriend, Weng Jingjing, appeared in the boss's ward. Doesn't that mean that someone has been secretly watching and following Xiao Lingyu? Oh no, it's possible that they are also watching boss!"

They looked at each other again with an incredulous expression.

"However, if this person can know Xiao Lingyu's every move, they have to be someone close to her."

Situ Xing looked at Gong Yinxiong and asked suspiciously, "Gong Yinxiong, is there anyone suspicious in Taoyuan Village?"

Gong Yinxiong shook his head and said with certainty, "I'm very sure that the people around Xiao Lingyu are all trustworthy people. They are all her relatives."

As for those company partners and employees, it was impossible for them to know Xiao Lingyu's every move.

Just like when she went to country M, the people who knew that she was going to country M were all her relatives. No one else knew about it.

This trip to the capital was also a sudden decision. Other than her parents and family members, only Li Yuanhang knew about it. Therefore, the spy wasn't someone close to Xiao Lingyu.

"That's strange," Situ Xing said in puzzlement, "We are once again stuck at a dead-end!"

"No," Gong Tianhao said, "We still have some clues."

The four of them stared at Gong Tianhao.

Gong Tianhao said, "Since they have been following Xiao Lingyu, we just have to pay attention to her... and protect her safety. Eventually, those people will be careless and give themselves away."

"That's right!" Situ Xing patted his head, "As long as we notice the things happening around Xiao Lingyu, it'll be fine."

Jiang Tao frowned and said seriously, "Lingyu has been targeted. We have to stop the culprits as soon as possible. We can be careless too. Then, we'd put her in danger."

When Jiang Tao mentioned the name Lingyu, Gong Tianhao's sharp eyes stared at him as if he was slightly dissatisfied with that.

When Jiang Tao saw Gong Tianhao's expression, he immediately asked in puzzlement, "Tianhao, why are you looking at me? Is there a problem?"

Gong Tianhao narrowed his eyes slightly and asked sharply, "Tao Zi, how did you and Xiao Lingyu meet?"

Situ Xing and the rest, "...". The man lost his memory but not his jealous nature. On the one hand, he was unwilling to admit that he liked Xiao Lingyu, but on the other hand, he subconsciously cared about her. He would even be inexplicably jealous.

Jiang Tao was not flustered at all. He even said with some amusement, "Hehe, I've known her longer than you. It's a pity that when Xiao Lingyu chose a husband, she chose you instead of me!" He said in a straightforward manner, and he did not feel guilty at all.

Gong Tianhao, "..."

The others, "..."

Were they now love rivals or not?

However, Gong Tianhao was already married to Xiao Lingyu. Even if Jiang Tao were a love rival, he would not have had the chance. Since Xiao Lingyu had chosen Gong Tianhao, she must love him deeply.

Gong Tianhao's face was dark. He really wanted to retort, "If you want her, you can have her now! I don't even know her anyway!" However, what made his face even darker was that he couldn't bring himself to say it.

Situ Xing's eyes flashed with curiosity as he said, "Young Master Jiang, I'm curious. You're obviously a cold-hearted person. How did you fall in love with Xiao Lingyu?"

"Of course, I know that a beautiful, intelligent, and charming woman like my sister-in-law would definitely attract an outstanding man.

"Otherwise, both you and boss wouldn't have fallen for her, right?"

As soon as Situ Xing finished speaking, Jiang Tao and Gong Tianhao's faces turned black.

Gong Tianhao gritted his teeth and said sternly, "Situ Xing, I'll book your ticket to Africa now!"

"Ah, boss, I was wrong!" Situ Xing immediately apologized.

“Get lost!”
