

Chapter 681: Meeting You is the Greatest Fortune of my Life

Old Master Gong and Xiao Letong stuck close to Xiao Lingyu for the past few days.

Since Old Master Gong was following Xiao Lingyu, Xiao Wang and Xiao Zhang, who were Old Master Gong's bodyguards, also followed her too. Thus, Xiao Lingyu would grab attention everywhere she went.

The Xiao family was a little confused.

Xiao Lingyu knew that Old Master Gong and her son were only concerned about her, so she let them be.

It was about to be winter, so Xiao Lingyu wanted to go to the farms to check on the plants and do some anti-freezing measures.

Discounting the residences, two-thirds of farmland in Taoyuan Village belonged to Xiao Lingyu. The villagers received dividends as well as rent. Rather than farm the land themselves, it was better to rent it to Xiao Lingyu. It was so much more cost-effective.

There were still many people working in the fields, mainly weeding, catching insects, and picking vegetables.

Currently, there were more than 30 Green Fresh chain supermarkets in China. Each supermarket needed at least 20,000 catties of stock. In a day, that was hundreds of thousands of catties.

It was fortunate that Xiao Lingyu had contracted thousands of Mu of land in the entire village. Otherwise, how would they be able to supply such a large market?

Because of that, she needed to hire a lot of people to come to harvest the vegetables every day. In short, she hired around 200 workers daily. Some of them were local and others came from other villages. The majority of them were from other villages. This was because ever since Taoyuan Village became a popular tourist spot, the villagers turned to do small businesses. Therefore, only big families or those who were free had the time to go farming. Most families at Taoyuan Village didn't need to worry about income anymore. They could live as they wished.

On the way to the farms, the workers greeted Xiao Lingyu. There were some repeat tourists who greeted her too. These tourists knew that the beautiful woman was the owner.

Old Master Gong looked at the lush green vegetable fields and exclaimed, "Yu 'Er, Tong Tong said that you are a landlady. He's right!"

Xiao Lingyu was dumbfounded. "Really?" She looked suspiciously at Xiao Letong. How would a child that young know about real estate?

Old Master Gong immediately smiled and said, "Why, don't you know that your son sees you as a rich landlady?"

Xiao Wang and Xiao Zhang chuckled. They found the little young master to be very interesting. Not only was he beautiful and cute, but he was also intelligent and shrewd. He was very good at conversations. Many times, even the adults would be confused by his words. It was very amusing.

Xiao Lingyu looked at her son and smiled. She was really beautiful.

However, in Xiao Letong's eyes, he felt that it was a little creepy. His body suddenly became alert, and he explained with a smile, "Mommy, didn't I see on the television that those who own a lot of lands are called landlords? So you are a landlady."

Xiao Lingyu chuckled and said, "You're right." Haven't I told the kid not to brag about wealth?

Xiao Letong, "... Mommy's smile has become even creepier.

Old Master Gong listened to the conversation between the mother and son with a smile on his face. 'Life is more interesting staying by my granddaughter-in-law and great-grandson.'

However, what made him feel slightly regretful was that his brat still hadn't remembered them. How could he forget about his wife and child?

Xiao Letong immediately went forward and said fawningly, "Mommy, you're a beautiful landlady!"

Xiao Lingyu smiled and said, "Enough, you flatterer."

Xiao Letong immediately felt a little wronged. He walked over to grandfather gong and said, "Great-grandfather, I was just speaking the truth. How come mommy doesn't look too happy?"

Old Master Gong held back his laughter and rubbed his little head as he said, "Yes, you're a good child who speaks the truth. Your mother just doesn't know how to phrase her words."

Xiao Zhang and Xiao Wang, "..."

Xiao Lingyu, "..."

Compared to his great-grandson, even Xiao Lingyu had to be sidelined.

A worker beside them heard their conversation and burst out laughing. "Xiao Tong, ignore your mother. Your mother is just too modest and doesn't like to be praised."

"Xiao Tong, come and say something nice for Auntie. Auntie likes to hear it!"

"Xiao Tong, your mother is a beautiful landlady. It doesn't change that fact even if your mother doesn't want to admit it."

Xiao Lingyu, "... Now, look at what he has done.

Xiao Letong immediately said with a grin, "Yes, my mother is a beautiful landlady. She is gorgeous, elegant, attractive, charming, and everyone loves her..."

Everyone, "... They knew that his mother was beautiful but did he need to hit her with the thesaurus?

Everyone immediately nodded speechlessly and said, "Yes, you're right!"

"..." Xiao Lingyu said with a smile, "Enough, son. If you continue to lay on the praises, your mother will be so shy that I'd crawl into a hole!" Why would her son always find ways to attract attention to her?

A tourist at the side teased, "Lady Boss, your son is really clever. If my son praises me like that every day, I would be so happy."

“Lady Boss, we all think that your son is telling the truth. What’s there to be embarrassed about? If someone should be embarrassed, it’s us. We don’t even dare to stand next to you!”

“Lady Boss, you’re really lucky to have such a smart and obedient child. My own son is just horrible in comparison. He’d go around asking for fights.”

“Haha, I heard that the Lady Boss’ son is a genius prodigy. He’s only a few years old, and he has such a wide vocabulary.”

All of them started to praise Xiao Letong.

Xiao Lingyu said humbly, “Thank you, but you need to stop praising him, or he’d get even more arrogant.”

Xiao Letong immediately said, “Mommy, when was I even arrogant?”

“That’s true, but see that smile on your face! It can’t even fit anymore!” Xiao Lingyu said with a smile.

“That’s not true!” Xiao Letong defended himself.

“Haha...”

...

Although Xiao Lingyu was beautiful and had an outstanding temperament, she was amiable. When she chatted with these workers, she did not put on any airs.

That was why everyone joked with Xiao Lingyu so casually.

Xiao Letong, the little devil of the village, was only obedient in front of his mother. When she was not around, he’d be causing trouble. It was infuriating and funny.

However, Tong Tong was also a kind and cute child. He would not bully these workers just because of his status.

..

Xiao Lingyu looked at the lush green vegetables and could not help but sigh in her heart.

Over the past three years, she had slowly cultivated her farming kingdom.

At the same time, she knew that her development was so smooth because she had many people’s help and protection, especially from the Gong Family.

If she hadn’t been lucky enough to meet Old Master Gong and marry the richest man in the country, Gong Tianhao, Taoyuan Village would have been taken over by others already.

There was a saying that it was easy to conquer a country but difficult to defend it!

Old Master Gong and Gong Tianhao were her guardians.

‘Gong Tianhao, meeting you is the greatest fortune of my life! Thank you!’

Chapter 682: How to Recover Memory

“Boss, I don’t understand. Why would you dream about your wife and son’s death?” Situ Xing looked at Gong Tianhao suspiciously, “Boss, is your love for sister-in-law in the past just a facade?” Then, he shook his head. “But, that’s impossible. With your handsome looks, wealth, and power, there are all kinds of women out there. Besides, even though you’re cold and heartless, you wouldn’t fake loving a woman.

“So I really don’t understand why you’d dream about the death of your wife and son. Boss, do you have the wish to be a widower?”

Gong Tianhao’s face darkened. His sharp gaze shot fiercely at Situ Xing, and he shouted coldly, “Shut up!”

Situ Xing immediately zipped up. He was challenging Gong Tianhao’s bottom line every day. Once he crossed his bottom line, Situ Xing immediately shut his mouth.

Of course, he wasn’t doing this for no reason. One was out of curiosity as to why Gong Tianhao had such a dream. The other was to see if he could help Gong Tianhao trigger some of his memories.

Even after Situ Xing was silent, Gong Tianhao was still angry.

However, his brows were tightly furrowed. He also had some doubts in his heart.

Why did he have such a dream?

Did something happen before the car accident, or was there another reason?

Since Gong Tianhao was thinking, Situ Xing left the room. After he returned to his room, he gave Xiao Lingyu a call. Situ Xing almost forgot to update her about this development because of her kidnapping incident.

Professor John said that if Gong Tianhao were to recover his memory, it would be best to have Xiao Lingyu and her son with him in the hypnosis session. It might be of some help in recovering his memory.

“Hello, sister-in-law!” Situ Xing called Xiao Lingyu. “The reason for Boss’s memory loss has been found.”

Xiao Lingyu’s heart trembled. She gripped the phone even tighter and said with disbelief in her eyes, “What did you say? Tianhao lost his memory because he dreamed that the child and I died?”

‘That’s the reason?’

She had once confessed to Gong Tianhao about what had happened to her and Xiao Tong in her previous life. Gong Tianhao must have kept it in his heart. When he was unconscious, he must have pulled up this memory where he had let down the both of them. He failed to find them in her previous life, and it had caused them to suffer so much. Naturally, he felt guilty. However, that was from her previous life. Xiao Lingyu didn’t expect Gong Tianhao to remember it so deeply.

Xiao Lingyu’s face suddenly turned pale, and her entire body started to tremble. ‘What should I do then?’

Xiao Lingyu tried to ask calmly, “What else did Professor John say? How can we recover Gong Tianhao’s memory?”

Situ Xing said, "He said that Gong Tianhao's case is very unique. He hasn't encountered anyone having selective amnesia due to a dream. He doesn't have a treatment plan at the moment. However, he suggested that you and the child stay with him when he's hypnotized next time. Maybe that can help."

Xiao Lingyu said, "Okay, Tong Tong and I will definitely cooperate!"

Situ Xing thought for a moment and said, "Sister-in-law, don't worry. We all predicted that boss would lose his memory. Plus, this is only temporary. He'll remember everything soon."

Xiao Lingyu nodded. "I know."

Situ Xing thought for a moment and said, "Sister-in-law, we already know about what happened to you in the capital. We are all investigating this matter. Don't worry. This time, we will definitely find out who is behind this. We will clean up all these dangers and ensure that when you and Tong Tong come to the capital, such dangers will not happen again."

Xiao Lingyu smiled sincerely and said, "Thank you, Situ Xing!"

"Hey, aren't you our sister-in-law? Why thank me?" Situ Xing said a little embarrassedly.

After Xiao Lingyu hung up the phone, she thought for a while and went back to her room. After locking the door, she entered the space.

"Master?" Xiao Ling looked at his master, who suddenly entered the space in confusion.

Xiao Lingyu asked, "Xiao Ling, Situ Xing called just now and said that Tianhao selectively forgot Tong Tong and me because he had a dream when he was unconscious."

"Dream?" Xiao Ling asked curiously, "What dream?"

"Situ Xing said that Tianhao's dream was about Tong Tong and me dying. He must have taken that as the reality. It would have been a painful memory for him, so he chose to suppress it!" Xiao Lingyu said.

"Huh? How could this be?" Even Xiao Ling was in disbelief, "Why would he have such a dream? There has to be a reason."

"A reason?" Xiao Lingyu furrowed her brows and was a little confused.

"That's right. When a person is in a coma, the brain is resting," Xiao Ling explained, "Normally, they will not dream. So there has to be a reason why the male master was dreaming."

Xiao Lingyu thought for a while and said, "Could it be that I told Gong Tianhao about my past life and the guilt he had been carrying surfaced when he was unconscious?"

Xiao Ling thought for a while and said, "That is possible."

"If that's the case, Xiao Ling, is there any way for Gong Tianhao to recover his memory?" Xiao Lingyu asked.

Xiao Ling said, "There is, but it's a little complicated."

"Complicated?" Xiao Lingyu asked, "How so?"

“It means that we need to enter Gong Tianhao’s dream and bring him back to reality.” Xiao Ling thought for a moment and said, “Entering a person’s dream is a very easy thing in the immortal world. However, we are not in the immortal world.”

Well, there was one person who could do that. It was his little master. However, his little master had been hiding the matter of cultivation from his master. Xiao Ling naturally would not betray him.

Xiao Lingyu thought for a moment and said, “Ordinary people like us are unable to enter a person’s dream, but in the medical world, there is a kind of psychological hypnotist, who can wake up the deep memories of the person while hypnotizing the patient.”

Xiao Ling’s eyes lit up as he said with a smile, “Is there such a thing? If that’s the case, then it will be much easier. When the hypnotist wakes up the male master’s memories, you can press down on the palm of the male master’s wrist. At that time, I will use my spiritual power to wake him up from his memories.”

After hearing that, Xiao Lingyu immediately said excitedly, “Xiao Ling, can you do that?”

Xiao Ling nodded and said, “Yes, of course! But master, I hope that we can have little master by our side at that time. It will be more helpful to wake up the male master’s memories!”

In fact, he didn’t have the ability to use his spiritual power to enter Gong Tianhao’s dream. But his little master could. His little master was quite powerful. It would be easy for him to enter Gong Tianhao’s dream.

“Okay, I will bring Tong Tong with me!” Xiao Lingyu said. According to Situ Xing, he wanted her to bring Tong Tong with her anyway.

After Situ Xing finished the call with Xiao Lingyu, he turned his head and saw Gong Tianhao standing behind him. He was shocked. He patted his chest and said, “Boss, even if you’re unhappy with me, you don’t have to scare me like this, right?”

Gong Tianhao stared at his phone for a while and asked coldly, “Who are you talking to? Why are you acting so sneaky?”

Situ Xing was a little speechless and said, “Boss, how was I sneaking? If anything, you were walking around and eavesdropping behind me. You...”

Gong Tianhao’s eyes turned sharp, and he asked calmly, “Who is eavesdropping?”

Situ Xing shrunk his neck and said, “I am, okay?”

Gong Tianhao nodded in satisfaction and said, “Get ready. I plan to return to Taoyuan Village tomorrow!”

Situ Xing said happily, “Boss, have you remember Xiao Lingyu?”

Gong Tianhao glared at him and said coldly, “I’m going to see Grandpa!”

Chapter 683: Winter Peach Blossoms

Winter was supposed to be a season of barrenness.

Most the animals and plants are in hibernation. There are no green branches or leaves on the treetops. For some tourist spots, winter was the down season. Rather than going out to look at the emptiness, it was more interesting to stay at home and watch TV.

However, there was one place that was extremely popular and full of tourists.

That was the Taoyuan Village!

Taoyuan Village was not spared from the passing of the four seasons. The biggest reason why Taoyuan village was famous was that it had a large number of peach trees. When the flowers bloomed in spring, the mountains and plains were filled with peach blossoms. It was such a beautiful scene.

The main flowering season of the peach trees was in March or April in spring. When spring came, the flowers bloomed. It would shade the whole village in its pink color.

But the trees at Taoyuan Village were also special. There were peach blossoms in winter. Yes, Taoyuan Village had cultivated a batch of peach blossom trees that could bloom in winter. These trees wouldn't bear fruits. They were only for admiration.

In order to add some beautiful scenery to the village in winter, Xiao Lingyu hired many horticulture and agronomist experts to let them research peach blossoms that could bloom in winter.

In fact, as long as she wanted, Xiao Lingyu could make all the peach trees bloom in winter. But if she did that, it would definitely be too eye-catching.

Therefore, Xiao Lingyu hired the horticulture and agronomist experts. They were all well-known experts and professors in the industry. Xiao Lingyu provided them with Little Light's manure which was mixed with the spring water for their research. As expected, these experts and professors quickly cultivated peach blossom trees that bloomed in winter. This variety didn't need to be in a greenhouse. They could be planted in the open air.

Once this variety was developed, Xiao Lingyu planted it in large quantities.

Xiao Lingyu didn't publicize it much, but it was reported by some media. Then, the news spread. Thus, Taoyuan Village got on trending again.

Other than the peach blossoms, Taoyuan Village had a large greenhouse to house tropical plants. It was a great botanical garden.

Taoyuan Village was filled even in the winter. The inns, thatched huts, and lodgings were filled every day. The reservations for the huts were very long. Many people lined up daily. Many people came to Taoyuan Village because they could eat the things directly produced by the Green Fresh Farm.

The stock at the supermarkets was sold out daily. They couldn't buy them even if they queued up early.

Many customers were filled with resentment. For this reason, many of them decided to come to Taoyuan Village directly. They heard that the village had a large canteen. Many good chefs were hired to provide good food. The food was delicious but not expensive. Honestly, many people came for the food alone.

All in all, Taoyuan Village had many famous features, and every tourist traveled there for their own reason.

...

When Situ Xing and Gong Tianhao arrived at Taoyuan Village, they were dumbfounded. Actually, when they arrived at Xing Yin County, they could feel the difference already.

In the past, Xingyin County was a relatively poor, backward, and stable small county. But now, high-rise buildings had been built and shops were everywhere. It was much more luxurious and lively than before.

The changes over the past three years were too much!

Situ Xing asked excitedly, "Boss, do you still have any impression of this place?"

Gong Tianhao raised his eyebrows lazily and said, "How could I not? Didn't Tao Zi work here in the past?"

"Hmm? In that case, do you remember the days you, Tao Zi, and Xiao Lingyu were working together?" Situ Xing probed.

Gong Tianhao frowned and said unhappily, "I don't remember!" He couldn't remember anything related to Xiao Lingyu, even though everyone around him told him that Xiao Lingyu was his wife and that they had a son.

Situ Xing immediately revealed a disappointed look.

He thought that coming back here would trigger some memories in his Boss. But it seemed that Gong Tianhao had selectively forgotten everything about Xiao Lingyu.

Situ Xing scratched his head in annoyance. He could not help but ask, "How could you not? You've lived here for a long time."

Gong Tianhao stared at him coldly with his sharp eyes. His voice was even colder as he said, "I told you I couldn't remember. Why repeat the question?"

Situ Xing shut his mouth. Then, his hand made a zipper gesture.

Gong Tianhao, "..."

Then, from Xing Yin County to Xing An Town, all the way to Taoyuan Village, Situ Xing kept his mouth shut tightly.

When he was about to reach Taoyuan Village, he couldn't help but open his mouth again.

Seeing a large number of people and vehicles on the road, Situ Xing exclaimed, "Wow, there are so many people! Taoyuan village has changed so much!"

In the past, this was just an ordinary village. The villagers were poor farmers. Also, no matter how beautiful the village was in the past, it had not been renovated. It looked a little messy, but now it was modern and clean.

Gong Tianhao glanced at him and asked indifferently, "Wasn't Taoyuan Village like this in the past?"

“Of course not!” Situ Xing immediately jumped up and said, “Although Taoyuan Village used to be beautiful, it was still an ordinary village. Moreover, it was the poorest village in the city.

“Do you see this road? The peach trees that symbolize the village line it on both sides. However, this road used to be narrow and muddy in the past.

“I remember Li Yuanhang saying that when you two first came here, it took almost two hours to traverse this path. Therefore, when the old master decided to move here, you funded the construction of this wide and big road.

“Because of this road, the villagers of the Taoyuan Village are very grateful to you, and you and the old man have become the great benefactors of the village.

“Also, I remember Li Yuanhang said that when you drove here, you didn’t bring any food and were hungry. You even got off the car midway and stepped on cow dung in the fields... When I heard that, I almost laughed to death!” Situ Xing laughed loudly.

Gong Tianhao frowned tightly. He couldn’t remember it at all.

“Boss, do you really have no impression at all?”

Boss Gong looked at Situ Xing with a serious expression and then shook his head.

Situ Xing, “...”

Situ Xing was a little discouraged.

As he drove, his eyes glanced outside. Suddenly, he said in puzzlement, “Huh? It’s winter now, right?”

“Many people will either stay at home or travel abroad in the winter, right?”

“Taoyuan Village is beautiful, but there’s not much to see in the winter. It’ll look bleak. But look at the crowd. What’s going on?”

Although they had seen the changes to the village, they didn’t expect the large flow of people during winter. This was highly unusual.

Out of curiosity, Situ Xing pulled over and asked a tourist about it.

“Hey, Beauties, why did you think of coming here for a vacation?” Situ Xing stopped four ladies who were traveling together.

Situ Xing was handsome and drove a luxury car. The ladies who were asked stopped. Among the four of them, two of them stared at Situ Xing with shining eyes, and two of them looked inside the car. When they couldn’t see through the tinted window, they pouted.

A woman with long straight black hair deliberately brushed her hair in front of Situ Xing and said with a smile, “Handsome, then why did you travel here? Do you have a partner?”

Situ Xing’s eyes flashed, and he said with a smile, “My girlfriend asked me to come here. But it’s my first time here, and I don’t know why she’d ask me to come here.”

When the woman heard that Situ Xing had a girlfriend, her expression changed. She revealed an expression that said she'd take this challenge. She secretly winked at Situ Xing and even gently touched the back of his hand with her fingertips, her voice was flirtatious and a little coquettish, "This is interesting. Did your girlfriend invite you here? Don't you know that the peach blossoms also bloom here in winter?"

Situ Xing raised his eyebrows. "Peach blossoms? Will they bloom in winter?"

"Hehe, handsome, don't you know? This village has a peach forest that blooms in winter."

A girl at the side covered her mouth and laughed, "Handsome, don't you know how to search on the internet first? The winter peach blossoms here have become quite famous!"

Situ Xing's eyes flashed. Then, he ignored the obvious attempts at flirting. He smiled and said, "Thank you, ladies!"

Then, the car started and left.

The Four Beauties, "..."

"He left just like that? Can't he at least take us with him?" The woman who flirted with Situ Xing looked at the leaving car in disbelief.

They were just a little tired from walking, so when they saw a handsome man with a car, they decided to stop. They wanted to take a ride in the car.

In the end, the man asked for directions and ran away.

"Forget it. We're almost there. Once we're there, we can rest!" Another friend comforted her.

"How can I just forget it?" The woman felt a little hurt. This was the first time she had met a man who didn't fall for her charm.

Situ Xing smiled curiously as he drove, "Peach blossoms in winter. This is interesting. No wonder so many people came!"

Peach blossoms in winter were only available in the capital botanical garden. They were planted in large greenhouses. The entrance tickets were very expensive.

"I didn't expect Taoyuan Village to have winter peach blossom. And from what those people said, there are a lot of them," Situ Xing continued, "Sister-in-law is really capable. She thought of using peach blossoms in winter to attract tourists!"

Gong Tianhao pursed his lips tightly and didn't say anything!

A moment later, they arrived at the entrance of Taoyuan Village and saw a few long lines.

Situ Xing asked curiously, "What are they lining up for?"

Gong Tianhao said, "You should have your eyes checked. It's clearly written there that this is the ticket office. We need to buy tickets here."

"Huh?" Situ Xing was surprised. "Should we go and line up too?" The question was a test.

Gong Tianhao glanced at him and said, "It's rude to jump the line."

Situ Xing sighed and said, "Okay, I'll go and line up now." He had just put down his seatbelt. "No, boss. Can't you call Xiao Lingyu to take us in? How long would we need to wait in these long lines otherwise?"

Gong Tianhao, "..."

Chapter 684: Prelude!

After waiting in line for an hour, Situ Xing and Gong Tianhao finally entered Taoyuan Village.

As soon as they entered the village, the two of them felt a different atmosphere. It was bustling and lively.

Although it was winter, it exuded the warmth of spring.

The peach blossoms were in full bloom, and the flowers and trees were lush and verdant. It was completely different from the winter scenery outside.

Situ Xing raised his eyebrows and asked curiously, "What's going on? Why is the climate here so different?"

Of course, he wasn't the only one who had such a question. All the tourists who came to Taoyuan Village had the same question.

Gong Tianhao was playing with his phone and ignored Situ Xing.

Situ Xing continued, "I don't think I'm the only one who has such doubts, right? Won't such a strange climate and environment attract suspicion?"

At this moment, Gong Tianhao said, "No, because the village has built its own greenhouse garden." Gong Tianhao said while looking at his phone.

"Huh? What greenhouse garden?" Situ Xing asked curiously, "Why haven't I heard of it?"

Gong Tianhao lowered his head and continued, "Basically, Taoyuan Village is now enclosed within a greenhouse garden. It is sealed according to the direction of the wind outlet. The cold wind is blocked outside. This way, the temperature in the garden is higher than outside." Then, Gong Tianhao pointed to a wall and said, "This is a warm wall!"

"Warm wall? What is that?" Situ Xing was confused again. "I used to live here for a long time. Everything feels so different now."

Gong Tianhao said, "You know about the warm stove used by the people in the northeast, right?"

"Of course!" Situ Xing said, "I was born in the northeast. How could I not know about this?" After he said this, he immediately reacted and said with his eyes wide open in disbelief, "Boss, wait. Really?"

Xiao Lingyu had constructed a stove to enclose the village? How much must that have cost?

Situ Xing looked outside and found that fences were set up around the walls to prevent people from getting too close. Then, he saw people walking toward the walls, and their bodies stopped shivering as much. The walls were really a stove wall!

Gong Tianhao waved his phone and said, "It's not impossible. In business, there's always a gain and a loss!" Since the owner wanted to do business in the winter, wasn't it normal to invest more?

"Also, there's a heating pipe under the village, which goes directly to the wall and connects to all the houses and scenic spots!" Gong Tianhao said while looking at his phone.

"Damn. I don't even know that's possible!" Situ Xing said in surprise, "No wonder the temperature inside is warmer than outside. Moreover, the flowers and trees can naturally keep growing!"

Gong Tianhao just looked at his phone and didn't say anything.

Situ Xing continued, "But that's true. Sister-in-law doesn't lack money now. It's worth it to spend some big money to make a high investment and get a high return."

Gong Tianhao looked at a blossoming peach blossom outside and suddenly shouted, "Stop the car!"

Situ Xing immediately stopped the car.

"Boss, what's wrong?" Situ Xing asked in puzzlement.

Gong Tianhao shook his head and said, "Nothing. Just go and park the car. I'll take a walk and take a look."

"Huh?" Situ Xing said with a strange expression, "Boss, aren't you going to see the old master first?" After all, when Gong Tianhao was unconscious, the old master guarded him every day. Now that Gong Tianhao had awakened, the old master stopped coming to see him but rushed to Taoyuan Village instead. He assumed his Boss' first destination would be to go see the old master. Actually, they didn't inform the old master that they were coming. They wanted to give him a surprise.

However, Gong Tianhao suddenly told him to stop because he wanted to take a walk and admire the peach blossoms.

Gong Tianhao frowned and said, "Anyway, grandpa doesn't want to see me. I'll go and see him later." The old master had stated that he didn't want to see him until he could remember his wife and son. "So, I'll go and take a look at the peach blossoms!"

"Huh?" Situ Xing's expression was a little stunned. He asked again, "But, boss, didn't you hate to admire the peach blossoms the most in the past?"

Gong Tianhao glanced at him and said coldly, "Just stop the car! Why do you have so many questions?"

Situ Xing obliged.

Gong Tianhao got off the car and said, "Alright, you can go now. I'll be there in a while!"

Situ Xing nodded and then asked in puzzlement, "But boss, do you know where our home is?"

Gong Tianhao said, "I was the one who ordered people to build it. How can I not remember it?"

Situ Xing's eyes lit up, and he said in an excited voice, "Boss, do you remember now? Otherwise, how would you know that it was you who asked someone to build the home here?"

Gong Tianhao disappointed him and said, "I don't remember anything! Alright, hurry up and shoo!"

Situ Xing saw that Gong Tianhao was wearing a thin coat and said, "Boss, why don't you put on a thicker jacket?" The jacket was in the backseat.

Gong Tianhao opened the car door, picked up his black feather jacket, and left without saying goodbye to Situ Xing.

Situ Xing pursed his lips and said, "I was really happy for nothing. Anyway, since when did boss like to admire peach blossoms?"

In the capital botanical garden, there was a peach blossom forest. There was an endless stream of tourists there during the flowering season. However, Gong Tianhao never went.

After Gong Tianhao put on his jacket, he walked along the roadside. The peach blossoms lining the road were quite beautiful. Gong Tianhao was also slowly admiring them.

Then, he overheard the other tourists.

"Have you heard of a child prodigy in Taoyuan Village?"

"Of course we have. I heard that this child prodigy has a photographic memory. When he was one and a half years old, he could memorize an entire dictionary. That's more than a thousand pages!"

"I heard that he spent an entire morning memorizing an entire dictionary."

"Just one morning? I can't even memorize a single page in one morning!"

"The prodigy only spent an entire morning because he was too small at the time to flip through the dictionary. That was why he was so slow. If anyone showed him a book now, no matter what book it was, he would be able to memorize the entire book in an instant. Not only that, he can recite the book fluently!"

"This... is impossible!"

"His photographic memory ability is simply too enviable!"

"However, is this child prodigy's ability real or fake?"

"It's real. I've seen the live video my friend showed me. It can't be fake!"

"Live video?" Someone asked curiously.

"Yes, it's a video to prove the child prodigy's photographic memory. However, to protect the child's safety and privacy, the child and the child's parents asked the tourists not to publish it on the Internet."

"Why don't we go and see it in person?"

"The child doesn't go around entertaining people. One has to be lucky to see him perform."

"Can't we offer him money to show his ability to us?"

"He's the young master of Taoyuan Village. He doesn't need money!"

...

Gong Tianhao, who had been listening attentively to the people beside him, was immediately suspicious. At such a young age, did he really have such a good photographic memory?

The child could memorize an entire dictionary at one and a half years old. Was it a deliberate act of bragging? After all, this genius child prodigy seemed to have become the selling point of Taoyuan Village.

Back then, it took Gong Tianhao three months to memorize the entire dictionary. He was already seven years old. He was also praised by many to be a genius.

Gong Tianhao raised his head and looked around.

All of them told him that he had lived in Taoyuan Village before, so he should be very familiar with it. However, all he could feel was a sense of unfamiliarity.

However, there was also a vague sense of familiarity too.

Gong Tianhao's mood instantly became conflicted again.

He continued to walk forward.

"Sigh, where exactly is this peach blossom forest?" A tourist suddenly asked, "My legs are about to break."

"There's a sign over there. We can just follow the sign. Oh, it's about 2,000 meters away. Why don't we find a place to rest for a while before we leave?" The tourist told his companion, "I heard that this peach blossom forest is on the mountain."

"Ah, it's about 2,000 meters away. I'm very tired now. Why don't we rest for a while, drink some water before continuing?"

"Alright!"

Gong Tianhao looked up and saw a big blue sign for the Peach Blossom Forest.

He lowered his head slightly and frowned slightly. Then, he followed the sign and walked towards the Peach Blossom Forest.

About half an hour later, Gong Tianhao arrived at the Peach Blossom Forest. The sign next to it had two lines of words written in large letters: Please take photos in a civilized manner. Breaking branches and shaking down peach blossoms is prohibited. Once found, a fine of 2,000 RMB will be imposed!

It was a very eye-catching warning sign that could be seen at a glance by every tourist who entered the Peach Blossom Forest.

The fine sounded heavy, but Gong Tianhao knew that was nothing compared to the cost of cultivating winter peach blossoms.

If the tourists destroyed the trees for a better picture, it would ruin the overall experience for everyone.

Gong Tianhao raised his head slightly and saw that almost the entire mountain was filled with pink peach blossoms.

“Wow, it’s so beautiful!” A tourist beside him exclaimed and quickly ran into the forest.

Gong Tianhao went up the mountain too.

Chapter 685: Banished

Peach trees are fresh and young

Its flowers are flamboyant

Peach trees are fresh and young

Its fruits are abundant

Peach trees are fresh and young

Its leaves are luxuriant

The poem appeared to be describing Taoyuan Village with the peach blossom, the stream, and the beautiful scenery.

The entire mountain was filled with peach blossoms and was named the Peach Blossom Forest.

The peach blossom forest had small meandering rivers. Clear water flowed in the rivers, reflecting the pebbles at the bottom of the water. The sound of the flowing water was very pleasing to the ears!

There was even a pavilion at the peak of the Peach Blossom Forest.

It was an otherworldly paradise.

No wonder it was able to attract tourists from all over the country!

Even Gong Tianhao, who didn’t have much patience for natural admiration, felt impressed.

It wasn’t easy to cultivate peach blossoms in winter, much less a whole mountain of it. He had no idea how much effort Xiao Lingyu had put in to create such a picturesque scene.

Gong Tianhao raised his head and looked up. All he could see were the peach blossoms.

Many tourists could not wait to take photos as soon as they stepped into the forest. Many people wanted to take photos of the rain of flowers. Most of them were polite. They didn’t deliberately destroy the peach blossoms. They were still very civilized.

However, there were a few tourists who ignored the warning signs outside and wanted to take specific photos. With the rise of social media, one could get popular using a beautiful video.

Gong Tianhao looked up and saw a group of young people in front of him. One of the girls pointed at a peach tree in front and said happily, “I’m taking a video of me dancing in the rain of peach blossoms. My fans will love it. Help me shake the tree branches.”

One of her friends said hesitantly, “But we’re not allowed to do that. Otherwise, we might be fined.”

The girl scoffed, “Heh, there’s no one here. Even if we do this, no one will know.”

The others hesitated, “That’s not a very good idea, is it?”

“Why not?” The girl’s expression was indifferent and disdainful, “At most, we’ll just accept the fine. Hehe. Once I post this video, my fans will give me more than 20,000 RMB. It’s worth it!”

The others stopped hesitating. Everything could be ignored for the sake of money. Just as the man was about to shake the tree branch, Gong Tianhao meddled for the first time since he woke up.

He was wearing a black feather jacket. He was tall and handsome, but his aura was strong and cold.

When he walked over, the girl saw him immediately. Her eyes lit up, and she revealed a shy expression. She thought to herself, ‘This man is either my fan who is coming to ask for an autograph or he saw my beauty and wanted to talk to me. Regardless, I have to attract this man. I know that he is definitely a man with a successful career.’

This girl was a small Internet celebrity named An Nuannuan. She already had over 100,000 fans.

An Nuannuan’s other friends were shocked when they saw this imposing man walking over. They stammered, “You... What are you doing?”

Gong Tianhao’s sharp gaze swept over them coldly as he asked coldly, “Have you all been to school?”

This group of people was baffled, but they subconsciously replied, “Nonsense, of course, we’ve been to school!”

Gong Tianhao said coldly, “Since you’ve been to school, then you must know how to read. Didn’t you see those warnings outside the forest?”

The group of youngsters immediately reacted. They looked embarrassed. Their faces were red.

The only one who didn’t feel ashamed was An Nuannuan. She smiled and said, “Oppa, why are you so angry? We haven’t even done anything yet.” Then she smiled and said, “How about this, Oppa? Give me your contact number, and we’ll leave the tree alone.”

Her tone was coquettish. She looked rather cute.

Her motive was so obvious. One of the boys glared at Gong Tianhao with a hint of anger on his face. Then, he looked at An Nuannuan and questioned her sternly, “An Nuannuan, what do you mean by this? Are you trying to cheat on me in front of me?”

An Nuannuan’s expression instantly changed as she angrily shouted, “Yuan Chenghua, what do you mean? I just want to make a friend. Let me tell you. I’m a free person, not your toy. You can’t control me however you want! Also, if you want to stop me from even making friends, then we can just break up.”

Yuan Chenghua’s expression instantly turned ugly. He gritted his teeth and said, “Do you want to break up with me?”

An Nuannuan snorted coldly, “Hmph. Do you know how poor you are? You don’t deserve me at all. I have more than 100,000 fans now. The gifts I receive from my fans are in the tens of thousands every month. But you, you’re just a worker in a factory. You only get 2,000 to 3,000 a month. You can’t even afford a bag that I want.”

Yuan Chenghua pointed at An Nuannuan angrily. He wanted to scold her, but in the end, he didn't say anything. He just turned around and left.

As he turned around and left, he glared at Gong Tianhao.

Gong Tianhao, "... What does that have to do with me. Plus, are all children nowadays so vain and materialistic?

There was no point for Gong Tianhao to stay there and watch the children argue. He turned around and left.

An Nuannuan saw this and immediately shouted again, "Hey, Oppa, are you leaving just like that?"

Gong Tianhao was unwilling to pay attention to her.

After Gong Tianhao left, An Nuannuan's friends looked at each other. Then, one of them said, "Yuan Chenghua has left. Do we still need to continue?"

"Of course!" An Nuannuan said angrily.

Then, another person went to shake the peach blossom branch.

Just as his hand touched the tree trunk and was about to pull it, he heard a voice from above saying, "Tourists under Peach Blossom Tree No. 16, please act in a civilized manner. Do not shake the Peach Blossom Tree. This is the first time this warning has been issued!"

When he heard this voice, he was so scared that he pulled his hand back.

When the group of people heard this voice, they were also shocked. They looked up at the tree and saw a hanging tag hanging on it. It clearly said: No. 16!

The surrounding tourists also noticed this. They looked at the trees around them. They were indeed all numbered. Many people were intrigued. They reached out to touch the branches, and a warning came immediately. The tourists realized that every peach tree was equipped with a sensor. Once someone pulled the peach blossom, a warning sound would be issued.

That was quite amusing. Of course, most tourists were just intrigued. They didn't really intend to destroy the peach blossoms.

But An Nuannuan and her group were different. They did intend to shake the branch, but a warning came. Not only were they shocked, but they also attracted the attention of the tourists around them.

The tourists saw their equipment and knew what they were up to.

Then, a tourist stood up and said, "You people are grown up. Don't you know how to take care of these flowers and trees?"

"If you want to take a photo, then take a photo. Do you have to destroy a branch to create a specific backdrop?"

"There's a warning sign at the entrance of the garden. It forbids the breaking of trees and the shaking of peach blossoms. How can you ignore it? You can't even compare to a three-year-old."

An Nuannuan was blushing from the people around her, but she said arrogantly, "What are you talking about? This has nothing to do with you. I bought a ticket to enter the forest. I can do whatever I want. It's none of your business!" She instructed her friend again and said loudly, "Ignore them. Shake the branch!"

Her friends looked at each other, and their expressions became a little strange. Then, one of her friends said, "Nuannuan, why don't we stop filming?" It was embarrassing to be watched by so many people!

"That's easy for you to say." An Nuannuan immediately lost her temper, "If you guys say that we should stop filming, then what about my fans? Before I came here, I promised my fans that I would definitely take a few beautiful peach blossom rain dance videos for them. One of the big fans told me that as long as the videos were taken, he would directly give me 5,000 RMB." At this point, she paused and glanced at her friend with anger in her eyes. Then, she said loudly, "You have to remember that I gave you a salary of 60 RMB a day. I also bought your tickets. In other words, I'm your boss. As an employee, you're going to do whatever the boss says!" She felt a little smug in her heart.

Hmph, if they were disobedient, she would deduct their salary directly and not give them money.

Her group of friends was still a little hesitant.

They were paid, but if they were caught shaking these peach blossoms, they would have to pay a fine of two thousand. If An Nuannuan forced them to pay the fine with her, they would ultimately suffer a loss.

An Nuannuan looked at their hesitant expressions and immediately figured out what they were thinking. Then, she sneered disdainfully and said, "Alright, if we're fined, I'll pay for everything."

When her friends heard this, they looked at each other and nodded. "Alright then!"

An Nuannuan revealed a sarcastic smile on her face as she muttered softly, "What a bunch of idiots!" She said this in a whisper, but one of her friends was very close to her. After hearing that, his expression immediately changed, and he even seemed to be a little angry.

"Hurry up!" An Nuannuan urged at this time.

When her friend's hand reached out to the tree trunk again, another sound came from the tree, "Tourists under Peach Tree No. 16, please act in a civilized manner. Do not disrupt the peach tree. Since this is your second warning, you'll be expelled from the Peach Blossom Forest!"

What?

Not only were An Nuannuan and the others shocked, but even the surrounding tourists were also shocked.

Before these people could react, a staff member with a work badge came over.

They went directly to the peach tree number 16 and took out an iPad. After taking a look to confirm, the staff member said very politely, "Dear tourists, you have already violated the rules of the Peach Blossom Forest. Now, please leave the Peach Blossom Forest!"

This time, everyone was shocked.

The operation here was very effective!

Then, these people were invited out.

It was so embarrassing!

Chapter 686: Father and Son Meet!

Gong Tianhao quickly forgot about those people. They were just a few materialistic children who loved vanity.

If they were his children, he would definitely lecture them. Since they were not, he couldn't be bothered with them.

His ears were sensitive. After walking for a while, he heard a voice saying that the tourists under peach blossom tree number 16 were going to be expelled from the Peach Blossom Forest. He immediately raised his eyebrows.

He finally understood how the peach blossoms were preserved so well. Sensors were installed on each tree. Of course, the cost of doing this was high too.

However, every winter peach blossom was extremely precious. They definitely had to think of protective measures.

Otherwise, with such a booming business and such a large number of visitors, if some of them decided to destroy the trees, the peach blossom forest would soon become a bald forest.

Gong Tianhao continued to walk forward. When he was halfway up the mountain, he stood still and looked around slightly. His sharp eyes noticed that in a corner on the right, a chubby child was standing under the Peach Blossom Tree. He leaned lazily on the tree trunk, and he looked bored.

For some reason, Gong Tianhao's footsteps led him in that direction.

Xiao Letong leaned on the trunk and closed his eyes as if he was resting. He suddenly felt a shadow looming over him. He opened his eyes, but that person was too tall. He could only see his long legs.

He tried his best to raise his head, then raised his head again and puffed out his chest. His neck hurt from doing so. He stood on tip-toe. Suddenly, his big round eyes narrowed, and there was some confusion in his eyes. He asked curiously, "Uncle, who are you? Why do you look so much like me?"

Gong Tianhao looked at the cute little child who looked very similar to him. He looked almost exactly like him when he was young. His sharp eyes narrowed slightly as he asked coldly, "Who are you?"

This child was chubby and looked to be about four or five years old. Everyone told him that he had a son in Taoyuan Village, but based on his calculation, that child should be less than three years ago. This shouldn't be him because their ages did not match.

This child was obviously two or three years older than his rumored son.

Gong Tianhao wondered if any other woman had helped him give birth to another son. But how?

Just as Gong Tianhao was pondering, the cute boy came over and held his hand. With a longing gaze, he said, "Uncle, I'm lost. Can you take me home?"

"Lost?" Gong Tianhao was obviously suspicious of his words. "Where's your home? Shouldn't you wait for your family to come and pick you up?"

As soon as he arrived, this child asked him to take him home. How suspicious was that? Plus, how would Gong Tianhao know where his home was?

But seeing the boy that looked almost like him, he swallowed his questions.

Xiao Letong smiled and said, "Uncle, my house is very close!"

Gong Tianhao met the little boy's blinking eyes. He nodded and replied, "Okay!"

...

"Grandpa, have you seen Xiao Tong?" Xiao Lingyu was used to having her son by her side these days. Now that she hadn't seen him for a while, she was a little confused.

Old Master Gong shook his head and said, "I haven't seen him."

He had just arrived and was planning to bring the child back to his home. Situ Xing had already arrived, and so had the brat. However, the brat had gone up the mountain to see the peach blossoms. Regardless of whether his brat remembered his son or not, they had to meet each other.

But Xiao Letong was gone.

"Strange, he was here just now. How did he disappear so quickly?" Xiao Lingyu said, "There's not a day where this child doesn't make us worry!"

Old Master Gong immediately retorted, "Nonsense, my Tong Tong is the most obedient child. He must have something to do if he was gone. Didn't he tell you where he was going?"

Xiao Lingyu had been busy and didn't notice it. Now that she was asked, she remembered. "Oh, I remember now. He said that he went to the peach blossom forest to look for something and will be back soon."

"Huh? He's only a child, and there are so many people there. Will he be okay?" Old Master Gong said worriedly.

Xiao Lingyu smiled and said, "The child is very bold. He will be fine." Her son was very cunning, and so far, he hadn't been bullied.

Old Master Gong was still a little worried and said, "No, I think we should get Xiao Wang to bring him back."

Xiao Lingyu didn't refute.

Old Master Gong suddenly said, "Oh right. Yu 'Er, Situ Xing is now at the Xiao Residence."

When Xiao Lingyu heard this, she was slightly stunned. Then, she said, "Situ Xing is here? Why didn't he tell me he was coming? How did he enter the village?"

Old Master Gong laughed and said, "That child queued up for an hour to buy a ticket."

"Huh?" Xiao Lingyu was slightly surprised. Then, her expression changed, and she asked, "Grandfather, since Situ Xing is here, what about Tianhao?"

Old Master Gong smiled and said, "Tianhao is here too." He paused for a moment and then said with a serious expression, "Yu 'Er, Tianhao has forgotten about you, but I don't believe that will last. Just treat him as a stranger this time."

Xiao Lingyu was confused.

Then, Old Master Gong said with a mysterious smile, "Yu 'Er, listen to me. Treat him as a stranger."

'Xiao Lingyu should ignore that brat. With his curious nature, he would be confused. Then, he'd take the initiative to approach Xiao Lingyu. Even if his brat didn't remember her, as long as his feelings for her were still there, they could fall in love again.'

Haha. Old Master Gong was quite a romantic.

However, Xiao Lingyu didn't quite get it. But she would listen to Old Master Gong. He would never harm her.

Old Master Gong and Xiao Lingyu quickly returned to the Xiao residence. When they entered the courtyard, they saw Situ Xing look as if he hadn't eaten in 800 years. He wolfed down all sorts of fruits and snacks in the courtyard.

It was not even lunchtime yet.

When Situ Xing saw Xiao Lingyu, he immediately ate an apple and ran over quickly. He hugged Xiao Lingyu excitedly and said loudly, "Wow, sister-in-law, you're really getting more and more beautiful!"

Xiao Lingyu said with a laugh, "Then your mouth is getting sweeter and sweeter!"

Many villagers were very familiar with Situ Xing. When they saw Situ Xing coming back to the Xiao family, some of the villagers stopped working and went straight to the Xiao family.

They all knew that Situ Xing was a famous doctor.

Previously, when Gong Tianhao got into a car accident, Situ Xing was the first to save him. Later, they heard from the Xiao family that Situ Xing was Gong Tianhao's attending doctor.

Since Situ Xing was here, it probably meant that Gong Tianhao was there too.

Of course, the villagers also wanted to greet Situ Xing.

"Doctor Situ, I haven't seen you for more than two years. How did you become more and more handsome?" The village chief said with a smile.

Situ Xing spread his hands and made a very handsome gesture of touching his head and hair. He replied with a smile, "Of course. You've also heard that the more mature a man is, the more handsome and charming he is."

"Haha..."

Situ Xing's words caused a burst of laughter.

Situ Xing had a baby face. No matter how one looked at him, one could not see the charm of maturity.

However, the villagers still smiled and entertained him, "Yes, Doctor Situ is definitely more handsome!"

Everyone praised Situ Xing. Then, someone looked around and asked with some doubt, "Doctor Situ, didn't Young Master Gong come back with you?"

Chapter 687: Father-son Dialogue

The villagers knew that Gong Tianhao had already woken up. It was just that the car accident two and a half years ago had injured his brain. Furthermore, his injuries were serious. He had been in a coma for two years before waking up. However, after waking up, he had forgotten about Xiao Lingyu and her son.

Most of the villagers did not understand. How could a car accident cause people to lose their memories?

Regardless, they couldn't help much. All they could do was pray that Gong Tianhao could remember the mother and son as soon as possible. It would be a sin for such a good couple to break over this.

Situ Xing knew that the villagers cared about Gong Tianhao. He smiled and said, "Boss is back. However, he saw the beautiful peach blossoms and went to admire the scenery!"

No one knew why Situ Xing kept calling Gong Tianhao boss. No one asked. After all, it was his own business.

"Haha, I didn't expect Young Master Gong to like peach blossoms," the village chief laughed.

"Yes, boss likes all kinds of flowers!" Situ Xing lied. His Boss definitely didn't like peach blossoms. He couldn't even explain this behavior. However, it was fun to smear his boss' reputation.

Situ Xing chatted and laughed with everyone in the courtyard. Many villagers heard that young master gong had returned. They decided to wait for Gong Tianhao at the Xiao family home.

..,

"Uncle, my name is Xiao Letong. I'm from Taoyuan Village at the foot of the mountain!" Xiao Letong raised his small face and said with a smile, "It's just that there are too many people here now. I'm afraid that if I go back alone, I'll be targeted by bad people. Uncle, can I trouble you to send me back?"

Gong Tianhao looked at his fair, tender, and chubby little face. Then, out of the blue, he agreed, "Sure!"

As Gong Tianhao held the soft hand, for some reason, he suddenly felt excited. The blood in his body started to boil. He was eager as if he had wanted to hold this boy's hand.

Gong Tianhao held the soft hand tightly, revealing his nervousness and excitement.

Gong Tianhao lowered his head and looked at the child. Then, he became confused. 'Is this child also from Taoyuan Village? Does this mean his mother is from there too? But that shouldn't be the case.'

Gong Tianhao frowned slightly and asked, "Little friend, is your family also from Taoyuan Village?"

“Also?” Tong Tong raised his chubby little face and blinked his big round eyes. He asked curiously, “Uncle, are you from Taoyuan Village too?”

Gong Tianhao, “...” this child is so smart. A normal child wouldn’t get so much information from just the word, also.

Gong Tianhao looked at his cute little face and nodded, “Yes, my family is from Taoyuan Village too.”

“Is that so?” Tong Tong’s eyes lit up, but then his expression revealed some confusion, “But uncle, I grew up in Taoyuan Village. I know this place like the back of my hand. I know everyone there. Why haven’t I seen you before?”

Gong Tianhao was even more puzzled. ‘The boy grew up in Taoyuan Village. Could he really be Xiao Lingyu’s son? But why didn’t their ages match then?’

Gong Tianhao looked at Xiao Letong’s little face and asked, “Little friend, how old are you this year?” He had been guessing when he could have directly asked the child.

Xiao Letong did not answer. Instead, he asked with a smile, “Uncle, guess how old I am?”

“...” Gong Tianhao guessed, “Four or five years old?”

“Haha, Uncle, I knew you would guess wrong!” Xiao Letong laughed, “Everyone guesses that I’m four or five. Uncle is no different too!”

Gong Tianhao frowned and asked, “Aren’t you four or five years old?”

Xiao Letong shook his head and said, “No, uncle. I might be tall, but I’m actually not even three years old. I’m still two months away from three years old! Because I grew up well and quickly, I look older than my peers.”

Not even three years old?

Gong Tianhao looked at the tall and strong little boy and fell silent!

He had been wondering if another woman had secretly given birth to his child. He did not expect to be slapped in the face so quickly.

This child was his legitimate child.

When he saw this child in the Peach Blossom Forest, he could not help but approach him.

When he held his little hand, his blood surged with excitement. His heart pounded with excitement. He had never had such an emotion. In the past, no matter how big the matter was, he could hide his emotions. He was steady and calm. It had always been his rule and attitude in handling things.

Many people in the outside world said that he had almost no emotion because he was cold. But at this moment, he did not know how to describe his emotion.

He stopped and squatted down. His sharp eyes stared at Xiao Letong’s face. On his cold face, there was a hint of nervousness. He reached out and touched Xiao Letong’s face.

At this moment, Xiao Letong asked curiously, "Uncle, what's wrong? Why are you looking at me like that?"

Gong Tianhao touched his little face, and a smile appeared on his cold face. However, he appeared nervous. For the first time, he stammered, "I... I, you... you..."

Xiao Letong's brows furrowed tightly. His small face revealed a puzzled look. He asked again, "Uncle, what's wrong with you? Is it a stomachache? Why don't we go back quickly? I have a natural painkiller at home. Take it, and it will immediately stop the pain!"

For some reason, the corners of Gong Tianhao's eyes turned red. He shook his head and said, "It's not a stomachache. It's me... I..." He had never felt so flustered before. The sentence was in his mouth, but he couldn't say it.

Xiao Letong was an old demon that had lived for thousands of years. Of course, he could see what Gong Tianhao wanted to say. The man was so excited about seeing his son that he couldn't speak.

However, Xiao Letong didn't want him to say that sentence so quickly. Otherwise, he wouldn't get to have fun anymore.

Gong Tianhao's memory loss was only temporary. When he regained his memory, he would also know that Xiao Letong was actually a reincarnated person.

When that time came... Would their relationship continue to be harmonious?

Xiao Letong said naively, "Uncle, since you don't have a stomachache, can you please send me home as soon as possible? I have been out for too long. My family will be worried."

His words could only fool the amnesiac Gong Tianhao.

Gong Tianhao sighed softly and stood up. He rubbed his little head and said with a smile, "Alright, I'll send you home now!"

Then, his big hand held his little hand tightly.

Xiao Letong frowned and was unable to endure it any longer. He carefully reminded, "Uncle, you're holding too tightly. My... My hand hurts!"

Gong Tianhao was stunned. Then, he lowered his head and saw that there were red marks on the back of the child's hand.

He immediately apologized, "I'm sorry. Come, let me give you a massage!"

Xiao Letong immediately smiled and nodded, "Thank you, uncle!"

But for some reason, Xiao Letong felt very safe when the man held him with his big hands.

Safe? Xiao Letong was stunned. He was a cultivator who had lived for thousands of years. Why would he feel safe from a mortal? He hadn't experienced this feeling before.

Why?

Was it because he was now a child? It was why he was affected by mortal feelings.

However...

Xiao Letong lowered his head and saw the big hands massaging his small hands. He truly felt a sense of security.

This feeling was very strange, but it really made him feel at ease.

Gong Tianhao looked at the silent Xiao Letong and asked curiously, "What's wrong?"

Xiao Letong's eyes turned red as he said, "I'm thinking of my father!"

Gong Tianhao frowned and asked curiously, "Your father?"

If his guess was right, wasn't his father him?

"Yes!" Xiao Letong said with a choked voice, "I haven't seen my father since I was born. I have always dreamed that one day, my father would hold my hand and lead me home. How wonderful that would be!"

Gong Tianhao's footsteps suddenly stopped. He looked at the sad expression on Xiao Letong's face and asked with difficulty, "Then... what happened to your father?"

Xiao Letong said, "My mommy said that my father went to a very far place."

"Went to a very far place?" Gong Tianhao frowned and repeated, "Is he dead?" As soon as he said this, he realized how inappropriate that was. He immediately explained, "No, Tong Tong, I didn't mean to..."

Xiao Letong wanted to laugh out loud in his heart. This was the first time he realized that his biological father was so cute. But now, he still had to hold back his laughter.

Then, he waved his small hand to stop Gong Tianhao from explaining. Instead, he wanted to pat his shoulder like a little adult, but he couldn't reach it. He could only pat Gong Tianhao's butt. He said with a smile, "Uncle, you've misunderstood. My father really went to a very far place. He's not dead. My mommy said that my father was sick and needed to go to a very, very far place for treatment. When he is cured, he will come back to look for us."

He paused for a moment. His small eyes were filled with hope as he looked at Gong Tianhao. He asked naively and cutely, "Uncle, are you my father?"

Gong Tianhao's heart skipped a beat. He suppressed his excitement and asked softly, "Tong Tong, why do you think I'm your father?"

Xiao Letong said seriously, "Uncle, it's because we look alike. My Great-grandfather told me that I look very much like my father! Look, uncle, you look so much like me. The possibility of you being my father is very high!"

The father, "..."

"Uncle, don't you agree?" Xiao Letong shook Gong Tianhao's arm and asked naively again.

"..." Gong Tianhao smiled and said, "Everything Tong Tong says is right!"

Before he saw his son, he had been conflicted. However, after seeing his son, he subconsciously liked him and did not reject his son at all.

Xiao Letong immediately grinned and said, "Alright, Uncle, let's hurry home. Mommy and Grandma have not seen me for so long. They must be worried."

Only then did Gong Tianhao react. He said subconsciously, "Tong Tong, why did you go to the Peach Blossom Forest alone? There are so many people there. If something happens, won't your mommy and the others be worried?"

Xiao Letong, "... he's not even my father, and he's already lecturing me?"

Xiao Letong secretly touched his face. He was going to lead his father home. He'd bear with it. Other fathers doted on their sons, but this son was going to dote on his father for once.

Xiao Letong said in a good-natured manner, "Uncle, you're right. I definitely won't go to the Peach Blossom Forest alone next time."

Gong Tianhao, "..."

His voice suddenly stopped!

How could he continue to lecture his obedient son?

Chapter 688: Husband and Wife Meet at Last!

When Gong Tianhao was led by Xiao Letong to a courtyard, his mind was still in a fog.

Hadn't he always resisted the fact that he had a wife and child? Why would he allow his son to bring him home?

Before Gong Tianhao had time to think, he heard Xiao Letong's excited voice shouting, "Mommy, you can get married now. I've finally found a man who looks like me! All the conditions are met. I can't wait for you to be a bride!"

Gong Tianhao, "..."

Everyone, "..."

This child, in order to find a stepfather for himself, had really gone mad.

From the age of one, he started to find a husband for his mother. He did so many crazy things to find a husband for his mother. In order to stop him, Xiao Lingyu said that the man he found must look like Xiao Letong. For a moment, Xiao Letong stopped acting up.

However, he was back to his old troubles. Did he really bring a man back?

At this moment, everyone only heard his voice and did not see him. Most of them had no idea he brought back Gong Tianhao.

When Mother Xiao heard Xiao Letong's voice, she quickly ran out of the courtyard and said worriedly, "You child, where did you..."

But before she could finish her words, she saw a tall man standing beside the child. Mother Xiao's eyes immediately turned red. She probed, "Tianhao?"

"Yes!" Gong Tianhao's voice was still a little cold. However, when he looked at the woman in front of him, he felt a familiar feeling. He couldn't remember where he had seen her before.

Professor John said that he had selective amnesia, so all the memories related to Xiao Lingyu would be automatically blocked in his mind. This middle-aged woman was obviously related to Xiao Lingyu. Naturally, he couldn't remember her.

For the first time, Gong Tianhao felt that he had lost something important.

Gong Tianhao had really returned.

He was brought home by his son.

At this moment, Mother Xiao felt her heart ache for some reason. She was so excited that she wanted to cry.

At this moment, Xiao Letong ran over and hugged mother Xiao's leg. He smiled and said, "Grandma, when I went to the Peach Blossom Forest, I met a man who looked very similar to me. He fit Mommy's conditions very well, so I brought him home."

At this point, Xiao Letong's little face appeared to be a little hesitant, but he also asked cautiously, "Grandma, will I have a father in the future?"

When Mother Xiao heard this, tears couldn't help but flow down her cheeks. Her eyes revealed heartache.

Even though she had told him since he was young that he had a father, his father was somewhere very far away. But he would come back one day.

However, some of the children would still call him a bastard.

Tong Tong had been smart and sensible since he was a child, so how could he not know what a bastard meant?

However, he never complained about it to his family. He did become more eager to find a husband for his mommy.

This child was so sensible that it made one's heart ache.

She bent down and hugged Xiao Letong. For the first time, she didn't object to Xiao Letong finding a husband for his mommy.

She nodded and said, "Yes, from now on, Tong Tong will have a father."

Xiao Letong's eyes lit up, and he immediately danced with joy and excitement as he said, "Haha, from now on, I will finally have a father!"

The commotion caused by Xiao Letong naturally excited the people in the courtyard. When they came out and saw the man standing at the door, they were shocked beyond words.

“Young Master Gong?” The Xiao family members and the villagers were stunned.

When Gong Tianhao saw the old and young people standing in front of the door, he scanned them one by one and then frowned. He felt that these people were very familiar, but he couldn't identify them.

Also, where was Xiao Lingyu?

Although he did not know Xiao Lingyu, when he woke up, Situ Xing had shown him a photo, so he knew what she looked like... So, where was she?

“Tianhao, is it really you? Are you really back?” Grandma Xiao's voice was very excited, and the expression on her face was even more passionate and excited. “Tianhao, you're back. That's great!”

“Tianhao, you're really back. Do you still know me? I'm first aunt!”

“Tianhao...”

“Young Master Gong, I'm Xiao Taiyang. Do you still remember me?”

“Young Master Gong, I'm...”

Everyone introduced themselves with excited expressions.

In the courtyard, Old Master Gong, who had already guessed who Xiao Letong had brought back with him, sat steadily in the courtyard. His expression was unusually calm and leisurely.

He held a cup of tea and blew on it. After that, he took a small sip.

At this moment, Situ Xing looked around and carefully approached Old Master Gong. He asked with a smile, “Old Master, what do you think boss's expression will be like when he sees sister-in-law?”

For Gong Tianhao to be brought back by Xiao Tong meant that he wasn't as conflicted or disgusted as when he saw their photos.

Therefore, Situ Xing felt that he could look forward to their meeting.

Situ Xing looked around and didn't see Xiao Lingyu. He asked curiously, “Where's sister-in-law?”

Old Master Gong put down his teacup and said, “Yu 'Er said that she'd go to wash some fruits!” It was obvious that she was preparing a fruit plate for his brat.

As he said this, he saw the remnants of the fruits that Situ Xing had ruined on the ground. He glared at him in annoyance and said unhappily, “Look at you. The moment you came back, you ate all the fruits on the table. You caused my granddaughter-in-law to have to prepare more!”

When Situ Xing heard this, he immediately felt that he had been wronged. It had been such a long time since he had the chance to eat the food at the Xiao Family. How could he be blamed?

Just as Situ Xing was about to defend himself, he saw a figure running out of the house. Then, that figure ran out of the courtyard in the blink of an eye.

Situ Xing, “...” this speed is too fast.

Then, he heard Xiao Lingyu's clear and excited voice, “Tianhao!”

Close but far away!

This was what Xiao Lingyu felt when she saw Gong Tianhao. It was shared by everyone present.

Gong Tianhao did not remember them.

Just now, everyone had introduced themselves, but he did not remember any of them.

They were really sure that Gong Tianhao had really lost his memory.

They were sad for Xiao Lingyu.

They were once such a loving couple. Gong Tianhao would hold Xiao Lingyu in his hands, afraid that she would fall. He served her tea, poured her water, and served her fruits. He was very considerate towards her.

Because Xiao Lingyu loved to eat her mother's cooking, Gong Tianhao, the eldest young master, put down all his airs and learned to cook from Mother Xiao. Gong Tianhao loved Xiao Lingyu very much.

However, things were really unpredictable!

The couple looked at each other, but they couldn't reunite. One couldn't remember the other.

How painful and heart-wrenching was this?!

Xiao Lingyu was originally in her room, taking out some fruits from her space.

She knew that Gong Tianhao was coming back, so she wanted to prepare some of the fruits that he loved to eat in advance.

However, just as she brought the fruits to the kitchen and was about to wash them, she heard sounds from outside.

Then, she heard a voice, "Tianhao!"

This voice immediately touched her heart. She was shocked and stopped washing the fruits. Then, she ran out, wanting to take a good look at the new guest.

Her actions were a little reckless. She knocked over the fruits, but she couldn't care about it anymore.

She only wanted to rush out. She wanted to see this person.

Then, she saw Gong Tianhao, the husband she loved the most, who she hadn't seen in two years!

The moment Xiao Lingyu called out, the entire place fell silent!

Even their breathing became small, afraid of disturbing the couple!

They looked at Gong Tianhao in unison.

However, in front of everyone, Gong Tianhao's expression was very calm. He was looking at his beloved wife as if she was a stranger.

Mother Xiao felt sorry for the couple. She felt even sorer for her daughter.

Just as Mother Xiao wanted to comfort her daughter, a voice came.

“Yu ‘Er!”

Chapter 689: Miracle!

“Yu ‘Er!”

The voice was hoarse, cold, but magnetic. It was the voice of a mature and charming man.

But...

This voice was earth-shattering in everyone’s ears!

Everyone was stunned.

Xiao Lingyu was stunned. She asked in excitement and disbelief, “Tianhao, what... What did you call me?”

Her hands were clenched into fists. She was nervous, afraid, and uneasy. She was afraid that she had misheard everything.

After Gong Tianhao woke up, she learned from Situ Xing that Gong Tianhao had forgotten about her and her son. He did not have any memories of them. Even when Situ Xing showed him their photos, he felt annoyed. Even so, she wanted to see him immediately, but she did not expect to be targeted. She missed the plane by accident.

After that, she wanted to go to country M again as soon as possible, but she didn’t expect Gong Tianhao to return to the capital.

When she rushed to the capital and asked Li Yuanhang to help her meet him, Gong Tianhao happened to go to country M again. After that, she was kidnapped and assassinated by an unknown person in the capital.

After Gong Tianhao woke up, the two of them didn’t have the chance to meet each other until now.

Even when she saw him at the airport last time, all she saw was his back. He didn’t even turn his head.

At that time, Xiao Lingyu was originally filled with anticipation and hope. Even if Gong Tianhao did not turn his head, at least she did not see the impatience and disgust in his eyes. Hence, she could not help but feel a sense of joy in her heart.

After being kidnapped and assassinated by an unknown person, she did not dare to go to the capital to look for Gong Tianhao lest she bring danger to him. She was afraid that their true intentions were Gong Tianhao, and her appearance would become his weakness.

Hence, after she returned to Taoyuan Village, she suppressed her urge to go to the capital. At least, she had to be fully prepared before she could go see him.

However, Xiao Lingyu didn’t expect that they’d reunite in this unusual circumstance. She had imagined a lot of scenarios in her mind. He might be annoyed by her, or he wouldn’t want to see her.

However, she didn’t expect that he’d call her by her nickname once they met.

“Tianhao, can you call me again?” Xiao Lingyu’s voice was trembling with nervousness and anticipation.

Gong Tianhao’s expression was serious. He slowly walked towards Xiao Lingyu from the other end. Every step he took was heavy and solemn.

His dark and sharp eyes revealed a familiar affection and doting.

Then, he walked forward step by step...

When he reached Xiao Lingyu, he stopped and lowered his head slightly. He met Xiao Lingyu’s eyes which were filled with tears. Then, he extended his wide and gentle hand and gently caressed Xiao Lingyu’s fair face. He called out softly and affectionately, “Yu ‘Er!”

Yu ‘Er!

This time, everyone heard it clearly.

Gong Tianhao called her Yu ‘Er without hesitation just like how he would in the past.

Everyone stared at Gong Tianhao’s expression. Then, they looked at Xiao Lingyu, who was covering her mouth with tears in the corner of her eyes. Everyone understood that Gong Tianhao had regained his memory in that instant!

Everyone’s expression was filled with surprise and excitement. They almost wanted to scream. However, when they saw the young couple meeting, no one was willing to disturb such an emotional and touching scene.

Everyone looked at each other and then carefully retreated. Even Xiao Letong, who was usually rowdy, did not make a scene. He allowed his grandmother to carry him away.

Mother Xiao, Grandmother Xiao, and the other women could not help but cry. They were happy for the couple to be together again. But at the same time, they were even happier for Xiao Lingyu!

All of them were worried that Gong Tianhao would treat Xiao Lingyu as a stranger, so they were already prepared to do everything within their power to bring them together again!

However, what they didn’t expect was that the moment Gong Tianhao met Xiao Lingyu, the amnesia disappeared instantly. It was replaced by the tenderness that they were used to.

When Situ Xing and Old Master Gong found out that Gong Tianhao was brought back by Xiao Letong, they didn’t react much.

However, when they heard a slightly hoarse and magnetic voice call out the name “Yu ‘Er,” one of them spat out the tea he was drinking, and the other coughed out the apple he was eating.

Then, both of them were stunned.

Situ Xing and Old Master Gong looked at each other and walked out as well. What they saw was Gong Tianhao walking towards Xiao Lingyu.

Then, they returned to their seats.

They could ask their questions later. They should keep quiet now and not disturb this couple who had finally reunited.

The Xiao family members and villagers, Old Master Gong and Situ Xing, all had surprised and excited expressions on their faces as they kept quiet and waited.

However, very soon, Situ Xing couldn't sit still anymore.

He carefully walked to the door and leaned against the door. His head was secretly peeking out!

Old Master Gong couldn't help but be infected by his curiosity. He gently walked to the other side of the door and leaned against the door as well. His head was secretly looking outside.

Everyone, "... " They were also curious.

Hence, one after another, they all moved very carefully to sneak a peek.

This didn't disturb the couple in the courtyard.

They only had each other in their eyes!

Gong Tianhao caressed Xiao Lingyu's fair and pretty face and said, "Yu 'Er, you've lost weight!" As soon as he said this, the tears in his eyes flowed down from the corners of his eyes.

Tears fell like rain!

But it wasn't sadness, and it was happiness!

Gong Tianhao had really regained his memory.

Gong Tianhao's eyes turned red. He wiped Xiao Lingyu's tears and said with heartache and self-blame, "Yu 'Er, don't cry! My heart will ache!"

Xiao Lingyu's tears flowed even more violently.

She didn't dare to trust that it wasn't an illusion. Gong Tianhao, the one who doted on her, had really returned!

She felt incredulous, but she was also filled with excitement and gratitude!

Xiao Lingyu raised her head slightly and met his sharp eyes. Her body trembled slightly, and her expression was filled with excitement and caution as she asked, "Tianhao, tell me, have you regained your memories?"

She wanted to hear Gong Tianhao tell her personally.

While waiting for his reply, Xiao Lingyu's emotions were filled with excitement, nervousness, and fear. More than that, she was filled with anticipation.

Gong Tianhao wiped her tears away, and his fingers gently caressed her eyelids. He nodded and said softly, "Yes, Yu 'Er, I have regained my memories! The moment I saw you, I remembered everything!"

After saying that, Gong Tianhao excitedly pulled Xiao Lingyu into his embrace and hugged her. His head rested on her slender shoulders, and his hands tightly hugged her slender waist. His expression was

filled with guilt, self-blame, and heartache, "I'm sorry, Yu 'Er, for making you worry. I'm such a bastard. How could I have forgotten about the woman I love the most?"

Xiao Lingyu's head was pressed against his chest. After hearing Gong Tianhao, she shook her head and said, "Tianhao, it's not your fault. It's not your fault! This is not something you can choose. Furthermore, you..." You were injured because you wanted to save me.

Gong Tianhao immediately stopped her, "Yu 'Er, don't blame yourself. I'm willing to save you! As long as you're fine, I'll pay any price, including..."

Xiao Lingyu immediately raised her hand to cover the words that were about to come out of his mouth. She shook her head and said, "Tianhao, don't say it. I understand!"

Gong Tianhao had almost lost his life. In the future, she would never let him risk his life to save her again. Xiao Lingyu then stared at Gong Tianhao and expressed her most sincere feelings. She said seriously, "Tianhao, I really, really miss you!"

It had been more than two years, but it felt like ten thousand years had passed!

They were clearly a happy couple who loved each other, but a man-made car accident had caused them to be unable to stay together.

Although the culprit paid a heavy price and got the punishment they deserved, the damage caused could not be undone.

Since that accident, all they could do was wait.

They were waiting with that glimmer of small hope. But waiting was painful. The small hope had kept the wait going.

In this process, the only person waiting was Xiao Lingyu. She had suffered a lot when she was waiting, but the person she was waiting for couldn't remember her at all. She could taste the despair and pain deeply!

Xiao Lingyu always thought that she had been treated well by the heavens. She had been reborn, obtained a farming space, and taken her revenge. It was very satisfying!

She found love and happiness. Even if she encountered setbacks and difficulties occasionally, it would only be temporary.

The heavens would eventually give her hope and happiness!

Therefore, even after two years of torturous waiting, she still felt happy and satisfied!

Now, her lover had finally returned to her side.

She was very grateful!

She was grateful to the heavens, grateful to everyone around her, but she was even more grateful to Xiao Ling.

Because without Xiao Ling, she really did not know what to do.

Because Xiao Ling had given her hope.

'Thank you, Xiao Ling!'

Xiao Ling heard Xiao Lingyu's sincere gratitude and couldn't help but say shyly, "You're welcome, Master!"

Gong Tianhao and Xiao Lingyu hugged for a long time, but they didn't let go. The people who were watching the show didn't even remind them that many tourists had stopped to watch them.

At this moment, a crisp child's voice said, "Mommy, why are the auntie and uncle hugging each other?"

As soon as he said that, his mother covered his mouth and said in a low voice, "You shouldn't be seeing this!" After saying that, she hurriedly carried him away.

The mother didn't say anything to Xiao Lingyu and Gong Tianhao. The mother also spotted the others spying on the couple.

Moreover, the eyes of the man and woman were red. There must be a story behind this.

The child's innocent question had shattered the atmosphere.

Xiao Lingyu, who was hugging Gong Tianhao's waist and crying in his arms, immediately turned red. Even her ears were red. Then, she raised her head and looked around, and her face turned even redder.

It was embarrassing to cry and hug in public.

There were also some children watching, as well as her family, friends, and acquaintances.

Xiao Lingyu was so embarrassed that she wanted to dig her head into the ground.

Gong Tianhao looked at Xiao Lingyu's shy look and felt both amused and distressed. He put Xiao Lingyu's head back into his arms and said, "Let's go home!"

At this moment, the peeping crowd couldn't pretend not to see anything anymore!

Mother Xiao held the child in her arms. Her eyes were still a little red, but she was in a good mood as she said with a smile, "Yes, yes, let's go home first."

At this moment, a villager beside them said jokingly, "Yes, at home, you can hold her as long as you want!"

"Haha..."

Gong Tianhao's return made everyone full of emotions.

They heard that Gong Tianhao had lost his memory. They heard that Gong Tianhao no longer remembered his wife and children.

In the end, the moment Gong Tianhao saw his wife, they witnessed a miracle. He instantly regained his memory!

Gong Tianhao and Xiao Lingyu entered the house. Situ Xing still could not believe it. He immediately jumped in front of Gong Tianhao and asked curiously, "Boss, have you really regained your memories?"

Gong Tianhao glanced at him with his sharp eyes and then said, "Don't you know how to see with your eyes? As my attending physician, would you not be able to tell if I have recovered my memory or not?"

Situ Xing circled around Gong Tianhao a few times. Then, he crossed his chest with one hand and rested his chin on the other hand. He still did not dare to say it with certainty.

"I think you do. But boss, how is that possible? You were clearly an amnesiac before this! We had prepared about how to handle the situation when you finally met sister-in-law!"

Gong Tianhao, "...". How were they going to deal with this? Were they going to separate us?

Chapter 690: Little Cabbage

She was dressed in a plain white windbreaker. Her long black hair fluttered in the wind. Her exquisite facial features, fair face, and tall figure made her look like the most fashionable star in the world. But they didn't have her charm.

When Gong Tianhao saw Xiao Lingyu for the first time, he was stunned. He looked a little dazed.

However, when his sharp eyes met Xiao Lingyu's tear-filled beautiful eyes, his soul shook. It seemed like she wanted to say something but was too fearful.

After that, all the memories that had been sealed in his mind rose like tides of the sea. They instantly filled his mind and invaded his entire body.

He regained his memories!

He remembered everything!

Before he returned to the Xiao family compound, before he met Xiao Lingyu, Gong Tianhao had also imagined what it would be like if he met the woman that was supposed to be his wife.

Previously, he had subconsciously resisted this woman and this child. However, after hearing about her news, he subconsciously chose to protect her. He did not want anyone to hurt her.

He deliberately went online to search for Xiao Lingyu's news without telling Situ Xing. He was conflicted. He was averse to her, but he also wanted to protect her.

When Professor John said that he was acting like this because of a dream, he was shocked. In the dream, his wife and son died. Therefore, he deliberately sealed all his memories about them and selectively forgot about them.

Gong Tianhao was curious about how he got along with Xiao Lingyu and the others before he lost his memory. Also, why did he have such a dream? That dream was so real that he forgot about them.

Before Gong Tianhao came to the Peach Blossom Village, he was also mentally prepared. When he met Xiao Lingyu, he would overcome his aversion and treated Xiao Lingyu as a normal friend.

If he really felt that Xiao Lingyu was the right woman for him, even if he had no memories, he would accept her as his wife. After all, Xiao Lingyu was his legitimate wife and someone who gave birth to a child for him.

Even if he did not like her, with the traditions of the Gong family, he would not abandon his wife and child. Furthermore, his grandfather would beat him to death if he did.

After thinking about it, that appeared to be the only choice.

However, even Gong Tianhao did not expect something completely different to happen. The moment he saw Xiao Lingyu, the memories of them flew into his mind like snowflakes.

In an instant, he regained all the memories he had of her.

Just like what Situ Xing had said, love had already been embedded into his bones. His brain might forget, but his heart did not.

...

Gong Tianhao raised his eyelids, and his sharp gaze swept over Situ Xing's face. He said, "I can't explain it either. I just remembered everything like that."

Situ Xing continued to ask in disbelief, "How is this possible? Boss, why did you suddenly remember? I wasn't prepared at all!"

Then, Gong Tianhao looked at Situ Xing like he was a fool. He snorted coldly and said, "Do you expect me to inform you before I regain my memory that the memories are coming back?"

Situ Xing, "..."

Everyone, "..."

Then, they laughed happily. Only Situ Xing was squatting in a corner, feeling wronged. He was just curious. It was too sad for his boss to mock him like that.

Xiao Letong got down from Mother Xiao's arms and ran directly to Xiao Lingyu. Seeing Gong Tianhao holding Xiao Lingyu's waist, he frowned slightly. He wanted to stand between them and separate them.

However, after thinking about it, he understood that Gong Tianhao had just regained his memory. His mother also missed Gong Tianhao for more than two years. If he interrupted them, he would be the bad guy. 'Forget it. I'll pit him and leave them be for the time being.'

Xiao Letong stretched out his hands and said to Xiao Lingyu, "Mommy, I want a hug!"

Gong Tianhao's face darkened, and he said, "How old are you? How can you still ask for hugs?"

Xiao Letong, "..."

Everyone, "..."

Gong Tianhao, who had regained his memories, was still prone to jealousy. Now, he was even jealous of his son. It was really funny.

Xiao Letong said seriously, "Uncle, I'm only two years old. Why can't I ask my mom to hug me?"

"..." Gong Tianhao's face turned even darker. He said, "What uncle? Call me daddy!"

Since he had regained his memory, he naturally remembered that his son was not an ordinary child.

This was bound to be a fight!

Xiao Letong did not respond to Gong Tianhao directly. Instead, he said with an aggrieved expression, "Mommy, I think I should find another husband for you. This uncle doesn't love me at all!

"He isn't my father yet, yet he is so fierce to me. In the future, when he becomes my father, I don't know how he will treat me. I heard that a stepfather isn't good. Mommy, forget it. We don't want a stepfather anymore. Let's just live together."

'Heh, let's see who will win! I refuse to admit you're my father!'

Once Xiao Letong said that the people suddenly remembered that even though Xiao Letong was the one who brought Gong Tianhao home, it was because he wanted to introduce Gong Tianhao to Xiao Lingyu to be her new husband.

In other words, this child didn't know that the person standing in front of him was his biological father!

Everyone was speechless.

This was too much of a coincidence. Furthermore, Xiao Letong was too young. How could he know that the man that he had casually brought back was actually his biological father?!

Everyone was deceived by Xiao Letong... except for Gong Tianhao.

Since he had already recovered his memory, he naturally knew that his son was not a normal child. How could he not know that he was his father? However, Gong Tianhao couldn't expose Xiao Letong. He could only watch helplessly as he acted cute in front of his mother and then slandered him.

Many people couldn't help but laugh when they heard Xiao Letong dissing his father.

One of the villagers immediately laughed out loud, "Tong Tong, he's not your stepfather. He's your biological father! Since your biological father is back, even if you don't like him, you can't return him anymore!"

Gong Tianhao, "... " Excuse me. Am I some kind of stock?

He was the real deal!

"That's right, Tong Tong, your luck is really good. You wanted to find a new husband for your mommy, but in the end, you found her your real father!"

Gong Tianhao, "... " Finding a new husband for Yu 'Er? What does that mean?

"Haha, it's not just good luck, but it's also fate! A family is a family."

At this moment, Gong Tianhao couldn't help but ask, "Sorry, what is this about finding a new husband for Yu 'Er?"

Hearing Gong Tianhao's question, everyone present fell silent for a moment.

Then...

"Cough cough..."

“Cough cough...”

The sound of coughing rose and fell!

However, no one told him what was going on.

Gong Tianhao’s face darkened again.

Situ Xing, on the other hand, was laughing so hard that he almost toppled over.

Gong Tianhao glared at him and said, “What are you laughing at? You look so ugly when laughing.”

Situ Xing, “...” What’s wrong with me laughing?

Gong Tianhao couldn’t get an answer from anyone else, so he turned to Xiao Lingyu and asked softly, “Yu ‘Er, what is going on?”

“Cough cough...” Xiao Lingyu, who was being asked, also choked on her throat and coughed.

Gong Tianhao, “...”

He instantly felt wronged.

Even his beloved wife was trying to hide this from him.

“Yu ‘Er!” Gong Tianhao looked at Xiao Lingyu with a slightly wronged expression.

Xiao Lingyu had a look of hesitation in her eyes as she said, “Tianhao, this... We’ll talk about this later, okay?” She was afraid that her son’s butt would be destroyed if she told the truth.

She loved Tianhao, but she also loved her son!

Gong Tianhao could not get an answer from Xiao Lingyu, nor could he get an answer from other people. The only way to get an answer now was to interrogate the culprit.

Gong Tianhao looked at the chubby face and big round eyes of the cute child in front of him. He could not help but sigh in his heart. Why did it have to be a boy and not a girl?

Gong Tianhao sighed lightly and let go of Xiao Lingyu’s waist. He squatted down as if he wanted to hold his son in his arms. Who knew that Xiao Letong would dodge him and even shout loudly, “Go away. I don’t want you as my stepfather anymore. I only want my Mommy!”

After saying that, he hugged Xiao Lingyu’s thigh tightly with both hands. He raised his small head and looked at Xiao Lingyu with his big round eyes. He said with a regretful expression, “Mommy, I won’t find you a husband in the future. I don’t want this stepfather either. Look, he’s too scary.

“See, he’s still glaring at me. Both of you haven’t gotten married yet, and he’s already so unfriendly to me. When you get married, my life will be even more miserable. Then I’ll become a cabbage in the future.”

Gong Tianhao’s face darkened.

At this moment, the village chief asked curiously, “Tong Tong, why would you become a cabbage?”

Who would have thought that Xiao Letong would start singing?

Cabbage, yellow on the ground

Since birth, he didn't have a father

He followed his mother and had a good life

He was just afraid that mommy would marry a stepfather

Marry a stepfather, two and a half years

Give birth to a younger brother.

My younger brother eats noodles and I drink soup

When I pick up the bowl, my eyes are filled with tears

I want to kiss my real father in my dreams

He turns into a gust of wind

When I listen with my ears, his soul cries

I accompany him at night and sleep deeply with him

Little cabbage...

It was unknown when the child came up with this little ditty.

Not only was Gong Tianhao speechless, but everyone present also didn't know what to say.

Old Master Gong even spat out a mouthful of tea.

Situ Xing was so shocked that he dropped the apple he had just taken a bite out of.

This... This child was really too scary.

He was too good at acting.

Situ Xing admitted defeat.

Xiao Lingyu noticed that Gong Tianhao's temples were throbbing, and the veins on his hands were about to pop out. Just as he was about to lose his temper and his son was about to suffer, Xiao Lingyu immediately squatted down and covered his mouth. Then, she picked him up and tried to persuade him in a low voice, "Son, stop singing. When your father loses his temper, I won't be able to save you. Plus, where did you learn that song?"

Xiao Letong asked with a puzzled look on his face, "Mommy, what are you saying? Isn't this uncle just some random person?" He ignored the fact that someone had told him that he was his biological father.

Gong Tianhao, "... " his veins kept throbbing.

'Brat, when we're alone, you're going to suffer. I refuse to believe I can't deal with a little bun like you!'

At this moment, mother Xiao said very seriously, "Tong Tong, he is not your stepfather. He is your biological father. He is your Mommy's husband, Gong Tianhao. Haven't you seen a photo of your biological father? Your memory has always been good. Don't you remember?"

How could he not remember? It was because he remembered that he acted like this.

After Xiao Letong heard that, he revealed a surprised expression. Then, his expression changed again and again. There were surprise, joy, and a hint of fear.

Xiao Letong still couldn't believe it and asked again, "Grandma, is what you said true? Is this uncle really my biological father?"

Mother Xiao smiled and said, "Yes, this uncle is your biological father. So, in the future, you can't sing this song again, understand?"

Xiao Letong was still puzzled and asked, "But Grandma, didn't you all say that my biological father lost his memory and forgot about mommy and me?"

Actually, he was also quite puzzled in his heart. Why did Gong Tianhao recover his memory so quickly?

He had checked before. Before he brought him home and saw his mommy, he was still in a state of amnesia.

However, when he saw his mother, he remembered everything. What kind of demonic power was at work here?

"Your father has already remembered everything."
