

FARM SPACE 711

## Chapter 711: A Hero

?

Hearing the short and fat woman, Xiao Lingyu's expression suddenly became stern, "Madam, you can question me, but you shouldn't question the integrity of the police. They are public servants. They will be fair and just to everyone."

The tourists agreed with him.

"Yes, CEO Xiao is right."

"People say that you'd see others based on what kind of person you are."

"She doesn't have a good heart, so she thinks the police are bad people too."

"You're right. If she's a kind person, she wouldn't have stopped the waiters from moving his father-in-law into a warm room. She clearly wanted his father-in-law to get sick."

"Hehe, they probably want to freeze their father-in-law to get sick. That way, it's better to extort people, isn't it? You can also extort a lot of money."

"Oh, right, I saw that old man holding the lady's hand and rubbing it a few times. He was obviously molesting the lady. The young lady couldn't stand it anymore so she pushed back. It was understandable."

"Yes, I saw that too."

"Me too."

"This old man is at least 70. He's still acting so indecent. For shame!"

"Indeed."

The two women naturally heard the surroundings tourists.

"Watch your mouth. My father is already so old. Why should he take your slander?"

"Shut up! This is none of your business. Who asked you to be nosy?"

Someone with a straightforward temperament stood out and said loudly, "Originally, we didn't want to be nosy. But now, I'm going to meddle in this matter."

Then, someone said to the waitress, "Miss, that old man touched your hand. Auntie saw it. Don't worry. If the police officer comes, I'll definitely testify for you."

The waitress's eyes were red. She said gratefully, "Thank you, Auntie!"

"And me, I will testify for you too!"

The tourists stepped forward. The two women were so angry that their faces were red.

They shouted angrily, "You... I know that you are in cahoots. I knew it! You like to bully outsiders like us!"

The auntie retorted, "What are you talking about? I'm not a local either. I saw injustice happening and decided to help. As for you, I'm sure you hope that your father-in-law wouldn't get better so that you can get rid of a burden and get some monetary compensation from the boss."

Xiao Lingyu couldn't say these things, but the other tourists could.

"You... Don't slander us. We will sue you!" The two women said urgently as if their thoughts were seen.

"If you want to sue me, go ahead. I'll wait." The auntie had a sense of righteousness and was not afraid at all. She snorted coldly and said, "You said I'm slandering you. Then, tell me. Why didn't you bring any heart medication since you know your father-in-law might have a heart attack?"

"Did you not remember, or did you deliberately not bring any? Also, when your father-in-law fainted on the ground, the staff wanted to move him to a warm room, why did you stop them? Is that not because you want him to freeze to death?"

The two women's expressions changed drastically. They were shocked and angry as they argued loudly, "You... you are slandering us. Just you wait. We will definitely sue you."

The auntie shrugged her shoulders indifferently and snorted coldly, "Are you a broken record? Regardless, I'm sure the police will give us the truth. They won't accuse the innocent, but they will not forgive the guilty either!"

Xiao Lingyu wanted to clap for Auntie, but she controlled herself.

"I've got it, I've got it!" Xiao Xiaohui shouted as he ran, "I've got the surveillance footage!" Everyone turned their heads. They saw Xiao Xiaohui holding an iPad. Everyone stretched their necks. They were all curious.

The two women looked at each other. They had a tacit understanding. When everyone's attention was on the iPad, the two tried to sneak away.

"Hey, where are you going?" A young man immediately noticed this. The young man got everyone's attention. When the crowd saw the two women trying to escape, one of them laughed. From the two women's reactions, the truth was clear. They knew about their father-in-law's indecent actions, so they wanted to escape.

The Auntie immediately said with a mocking smile, "Are you two trying to run away? Then don't you want your father-in-law anymore?"

The two women glared fiercely at the young man who stopped them. Their expressions were extremely unpleasant. She glared angrily at the middle-aged woman, "Why are you being so nosy? If you're so free, go and watch your husband. Otherwise, he'd be stolen by a mistress."

The Auntie shook her head and said, "I'm sorry, but my husband is dead already."

The two women, "..."

Everyone, "..."

Well, that was a twist.

"As for you calling me nosy, I didn't even intend to meddle in the beginning," the aunt continued, "But I really can't stand you keep accusing people. I have always had a sense of justice. I just want to help."

"Haha..."

Hearing the aunt's words, many people could not help but laugh.

Many also felt sorry for the two women. They really did this to themselves.

Originally, most just wanted to watch the show and not participate. But these two women went around insulting the crowd. Who would take that lying down? So this was their own fault.

Xiao Xiaohui held the iPad and stood beside Xiao Lingyu. He asked curiously, "Sis, who is this auntie? She is amazing!"

Xiao Lingyu curled the corners of her lips and replied softly, "She is our hero." Xiao Lingyu had many things she couldn't say because of her identity, but the auntie had voiced out everything for her. She was very happy.

Xiao Lingyu took the tablet from Xiao Xiaohui and looked at it. Then, she walked up to the two women and said, "Ladies, this is the video recorded by the surveillance camera. Do you want to take a look first?"

Who would have thought that when the short fat woman saw the iPad, she grabbed it and smashed it onto the ground without even looking at the video?

The crowd exclaimed.

Many people were shocked. Then, to their surprise, someone moved very fast to grab the iPad before it hit the ground.

"That was close!" A young lady could not help but pat her own chest.

"Yeah, it gave me a big scare just now. I thought this evidence would be destroyed just like that."

"This woman is really crazy!"

"Hehe, she's not crazy. She wants to destroy the evidence."

"Is she crazy? There are many witnesses. Even if she destroys the evidence on the computer, it would be useless."

"Who knows what's going on in their heads?"

"Speaking of which, CEO Xiao is very skilled. Her actions are so fast, and she managed to save the tablet in an instant."

"Yeah, this CEO Xiao is beautiful and has a great temperament. She is very skilled too."

"I saw on the news that CEO Xiao actually owns the entire Taoyuan Village Resort Farm."

“Ah, is that so? I’m so envious. She is beautiful and rich. She must be cherished by the heavens!”

“You are right.”

### **Chapter 712: Being Tricked**

The more people around them praised Xiao Lingyu, the more the two women became dissatisfied and angry. The fact that they failed to destroy the evidence only made it worse.

Xiao Lingyu held the tablet and said to the short fat woman with a cold face, “Madam, what are you doing? Do you want to destroy the evidence? Regardless, it doesn’t matter even if you destroy this tablet. The evidence is already copied to the main computer.”

“You...” the short fat woman glared at Xiao Lingyu. Then, she immediately sat on the ground and cried out, “The CEO of this place is bullying us, outsiders. Wah wah...”

Everyone, “...”

They were speechless!

This was really weird.

Xiao Lingyu was also a little speechless as she said, “Madam, we have to speak with evidence. Everyone here can see whether you’ve been bullied or not. The world doesn’t revolve around you.”

At that moment, a staff member came over and said, “CEO Xiao, the elder has already woken up.”

“Yes,” Xiao Lingyu replied.

The staff member said hesitantly, “As soon as he woke up... he started shouting loudly, saying that Xiao Li pushed him and caused him to have a heart attack. He wants us to compensate him.”

Xiao Li was the waitress.

Xiao Lingyu nodded and said, “Yes, I understand.”

Then, the old man, who was unconscious earlier, ignored the staff and walked out of the room. He came over and shouted loudly, full of energy, “Let me tell you, it was your waitress who pushed me down and caused me to have a heart attack. If you don’t give me an explanation and compensate me, I will sue you!”

Everyone, “...” They are really from the same family.

However, what surprised everyone was that this old man had recovered so quickly and was in such good spirits. Now that he had woken up, he did not apologize but instead directly looked for trouble.

This made everyone speechless again.

“It was you who...” The waitress wanted to explain.

However, she was immediately stopped by Xiao Lingyu. “Shush.”

The waitress was angry and aggrieved. The staff next to her whispered to her, "Don't worry, the boss will definitely find justice for you! This old man has a heart problem. We can't provoke him. If he has another attack, we'll be in hot water. Just leave this to the boss. Don't be impulsive."

The waitress bit her lips and nodded. "Okay." They had worked at Taoyuan Village for some time, so they had faith in Xiao Lingyu.

After Xiao Lingyu stopped Xiao Li, she turned to the old man with a smile, "Grandpa, are you okay now?"

The old man was originally angry, but when he saw the beautiful Xiao Lingyu, his small eyes slightly narrowed, and a strange light immediately shone. Many people noticed the lascivious look in his eyes.

Someone cursed in a low voice, "What an old lecher!"

The old man asked with a smile, "I'm fine, girl. Who are you?"

Xiao Lingyu said, "Hello, Sir. I'm the person in charge of this farm. My surname is Xiao. You can call me Xiao Xiao."

"Xiao Xiao?" The old man deliberately called her in a friendly manner. "Good, good, Xiao Xiao. You're so beautiful and so capable."

"Sir, you're flattering me!" Xiao Lingyu's eyes flashed as she casually said, "Sir, it's a good thing that you're alright now. Otherwise, I would feel really bad about what happened at our farm. I would feel very guilty. Ah, Sir, did you forget to bring your heart medicine with you on this trip?"

The two women's expressions changed when they heard that. Just as they were about to shout, they realized that their voices wouldn't come out. They were both shocked and anxious.

"How could I forget about that?" The old man answered without thinking, "That is so important. It's the first thing I packed!" He had a heart problem. If he was not careful, his heart attack could happen at any moment. Why wouldn't he bring his pills?

Xiao Lingyu nodded and said, "Uncle, does that mean that you and your family know that you have a heart attack history?"

"Yes." Speaking up to this point, the old man glared at the female attendant and pointed at her angrily, "This woman pushed me just now and caused my heart attack to relapse. I will definitely hold her responsible."

Xiao Lingyu then said, "Uncle, don't worry. We will definitely investigate this matter. If it is really Xiao Li's fault, we will definitely take responsibility." But if it wasn't...

It was a pity that this old lecher was immersed in Xiao Lingyu's beauty and did not notice the hidden meaning in Xiao Lingyu's words.

The old lecher nodded. "Of course."

The crowd giggled among themselves. The old lecher didn't even know that he had been tried.

Xiao Lingyu then walked toward the two women and said very seriously, “Ladies, you heard it yourself, right? Your father-in-law admitted that his whole family knows he has a heart problem. He also said that he had packed his medication with him.

“Therefore, our waitress’ push didn’t cause him to get a heart attack. He already has heart issues before that. Many people here heard it.”

The tall and thin woman gritted her teeth and said, “But it is true that my great-grandfather was pushed down by your waiter and had a heart attack, isn’t it?”

“I admit that!” Xiao Lingyu did not deny it, “However, your father-in-law says he always carries his pills with him. May I ask, where are these first-aid pills? Why didn’t you give them to him when he had a heart attack? Let me tell you, you are suspected of murder!”

“Huh?” Not only were the two women shocked, but even the tourists around were also slightly surprised.

This... was true.

Why didn’t these two women try to save their father-in-law? In fact, they even stopped the waiters from helping him and wanted him to freeze to death on the ground. Since they had the medicine, they could have helped him. But they didn’t. If that was not attempted murder, then what was?

At this moment, the old man finally realized that something was wrong.

He asked, “What did you say? When I had a heart attack, they did not feed me the pills? Then, how did I get better?”

Xiao Lingyu said very seriously, “Sir, our farm has prepared all kinds of first-aid pills. I was the one who fed you the pills just now!”

The old man didn’t seem to believe it. He immediately took out the small white bottle in his pocket, unscrewed the cap, and poured out all the pills inside. Then he counted them. After counting them, his face became extremely ugly.

He carefully put the pills into the bottle and then put them in his pocket.

Then, he walked to the two daughters-in-law with a livid and angry face. In front of everyone, he raised his hand and slapped them.

“You two poisonous women!” The old man shouted angrily, “I was wondering why you’d suddenly bring me on holiday. So you planned to kill me. What a pair of scary women. I’ll get my sons to divorce you...”

With that, he slapped them again. The slaps were exceptionally crisp and loud.

The crowd didn’t feel any sympathy for them.

One was an old lecher who could not change his ways, while the other two wanted to murder someone.

When he thought about how he almost lost his life, and it was caused by his two daughters-in-law, the anger in the old man’s heart slowly rose.

No one present tried to stop him. To put it bluntly, this was their family matter.

Then again, based on the old man's temper, it was clear that the two women also suffered a lot back home.

At this moment, an alarm sounded outside.

Someone said loudly, "The police officers are here!"

The old man was stunned. "Did they call the police?"

### **Chapter 713: Positives**

After the police arrived, the matter was quickly investigated since there were both evidence and witnesses.

When the old man visited the thatched cottage, he saw the beautiful Xiao Li. He went to tease her, touching her hands. The waitress reflexively pushed him and caused him to have a heart attack.

After that, instead of saving him, his two daughters-in-law detained Xiao Li and cursed at her. They didn't even allow the attendants to move the old man into a warm room.

Fortunately, Taoyuan Village was well-prepared in terms of safety measures. The moment Xiao Lingyu rushed over, she fed the old man medicine. Otherwise, the old man would be dead already.

After some questioning, it was obvious that the waitress was not at fault.

Xiao Li was acting in self-defense. The old man had brought this upon himself.

In contrast, the two daughters-in-law of the old man knew that the old man had medication on him, but they didn't help him. They were suspected of intentional murder and were taken away by the police.

Xiao Lingyu didn't want to deal with the issue between the daughters-in-law and the old man anymore.

Xiao Li was traumatized. Xiao Lingyu gave her a break and told her to rest for two days. She would come back to work after she had adjusted.

At first, the waitress thought that Xiao Lingyu wanted to fire her. Xiao Lingyu did not know whether to laugh or cry. Xiao Li was eventually convinced that Xiao Lingyu wasn't going to fire her.

"Tsk. What kind of people are these?" After the staff heard about this matter, they were puzzled, "The man is already so old, but he is still so lecherous. He dares to molest people even though he has heart conditions."

"Based on his attitude, I reckon that his two daughters-in-law have suffered a lot at home too. But, they are not good people either."

"If they are, they wouldn't have done something like this."

"Fortunately, boss Xiao is smart and knowledgeable. She handled this matter expertly."

“How could a person be so loved by the heavens? She has all the good things going for her. She is beautiful, kind, smart, and capable. Now, she is extraordinarily rich. I hear that her company’s total assets have reached tens of billions.”

“That much?!” It was shocking for some.

“My daughter loves to surf the internet. She saw it on the news. She said that someone estimated the total assets of the Taoyuan Village Green Fresh Group to be at least tens of billions.”

“Really? This is simply too unbelievable.”

“Do you know how expensive these vegetables are? Do you know how many supermarket chains boss Xiao has? One supermarket’s daily turnover is around a million!” The woman remembered what her daughter had told her.

“Isn’t it too exaggerated?”

“If you don’t believe me, you can go back and ask your children to look it up online.”

“This is quite crazy. Twenty or thirty years ago, Xiao Zhengyang’s family was the poorest. Now, in the blink of an eye, they have become a multi-millionaire.”

“Yeah. Actually, even three years ago, Taoyuan Village was the poorest village in the county. No villager was willing to marry their daughters over. Now, in the blink of an eye, the village is the richest village in the county. In the past, the daughters could have their pick of the men in Taoyuan Village, but now, it’s time for the men of Taoyuan Village to be picky. After all, any daughter-in-law who marries over will have a good life.”

“That’s right. If my daughter can marry into Taoyuan Village, I will wake up laughing in my sleep.”

“I wish my son could marry the girls from Taoyuan Village too. The girls are not only rich, but they are also very pretty.”

...

Xiao Lingyu was already very familiar with dealing with the various incidents in the peach blossom village.

There were so many tourists coming every day. Anything could happen. She preferred to handle things privately, but she would never compromise her principles. In that case, she would call the police.

Fortunately, Xiao Lingyu took safety very seriously and had prepared all sorts of measures.

If she did not prepare the heart disease pills today, the old man might die. Then, Taoyuan Village would have to bear a heavy responsibility. Compensation was a small matter, but the loss of reputation would be unbearable. Plus, it might draw other scammers to come to the village to do something like this.

“Yu ‘Er, you’re back?” Mother Xiao was chopping chicken in the yard. When she saw Xiao Lingyu return, she asked directly, “How did things go?”

Xiao Lingyu nodded and said, “It was alright.”

Mother Xiao nodded and said, "That's good! I just heard that it was an old man who had a heart attack. His two daughters-in-law refused to let us save them. I was really shocked."

Xiao Lingyu thought for a moment and said, "It's probably because this old man has been too tyrannical, causing his two daughters-in-law to hate him. That's why they didn't want to save him."

Mother Xiao sighed, "He's already an old father-in-law, so he should act like one. He brought this on himself. I pity his daughters-in-law."

Xiao Lingyu shook her head and said, "Mom, they don't deserve sympathy."

They had a grudge against their father-in-law and wanted to take revenge on their father-in-law. However, they tried to blame everything on Xiao Li.

Mother Xiao chopped the chicken and put it into the sink to wash it. Then, she said, "Go and find Xiao Tong."

Xiao Lingyu asked curiously, "Why would I do that? He's probably out there playing."

Mother Xiao chuckled, "He's still a child, so of course, he'd be playing. Alright, go and find him. It's time to eat."

"Okay." Xiao Lingyu nodded.

#### **Chapter 714: Xiao Lingyu's Shock**

"Tell me. Aren't these people crazy? Why would they come to the farm to blackmail me?" At night, when Xiao Lingyu was on the phone with Gong Tianhao, she unloaded her complaints. She could only be like this around Gong Tianhao. "Do they really think I can be bullied?" Different from normal, when she was with Gong Tianhao, she wouldn't put on her armor.

Gong Tianhao nodded and said, "Yes, you're indeed not someone to be bullied!" Or else she wouldn't have asked them to apologize to her when they first bumped into her so many years ago.

Xiao Lingyu frowned slightly and said, "Gong Tianhao, what do you mean by that?"

Gong Tianhao laughed softly and said, "Hehe, it's nothing. I just think that you're very cute."

Xiao Lingyu blushed and said shyly, "Who are you calling cute?"

"I'm talking about you, of course!" Gong Tianhao said with a smile, "You're so cute and pretty in my eyes."

"Oh, so you like me because I'm cute and pretty?" Xiao Lingyu said with a sinister smile.

Gong Tianhao suddenly quivered and immediately shook his head in denial, "No, uh, yes, no..." no matter how he answered this question, it didn't seem right.

"Yes or no?" Xiao Lingyu pressed. It seemed that she wouldn't give up until she had an answer.

Gong Tianhao immediately said, "Alright, your cuteness and beauty are some reasons why I love you. But the biggest reason is my heart has already fallen for you when I first saw you. Then, the love only deepens over time."

Xiao Lingyu, "... I was only complaining. How did it lead to this confession?

Xiao Lingyu's face flushed red. She held the phone and said after a moment of silence, "Tianhao, I can't help but fall in love with you too. Also, I miss you very much!"

"I miss you too!" Gong Tianhao's low voice was sexy and hoarse. Hearing it, Xiao Lingyu's ears turned red. She seemed to be unable to resist Gong Tianhao's charm. What should she do?

"Baby, it's late. You should rest early." Although Gong Tianhao was reluctant to hang up the phone, it was indeed time to rest. "My baby, good night!"

"Good night, husband!" Xiao Lingyu whispered with a red face.

After hanging up the phone with Gong Tianhao, Xiao Lingyu patted her red face and whispered, "We have already been married for so long. Why am I so shy around Tianhao? Anyway, I better go to sleep!"

Just as Xiao Lingyu was about to lie down on the bed, she suddenly thought of something. Then, her figure flashed, and she appeared in her space.

"Master!" Xiao Ling was very excited when she saw Xiao Lingyu.

"Xiao Ling!" Xiao Lingyu saw Xiao Ling's excitement and was a little confused. Then, she thought of something and squatted down. She held Xiao Ling's small shoulders and asked excitedly, "Xiao Ling, have you thought of a way to find the invisible man?"

However, Xiao Ling shook her head and said, "Master, no."

Xiao Lingyu's eyes immediately revealed a disappointed expression.

When Xiao Ling saw this, she really wanted to tell Xiao Lingyu that Xiao Letong could do that, but his brother told him, "Even if I can track the person down, Mommy and Daddy are just two ordinary people. They won't be able to do anything to the culprit. On the contrary, this will bring them into an even more dangerous situation."

"Then, brother, what should we do now?" Xiao Ling asked at that time.

Xiao Letong said, "The only way now is to bring you out. You can help me deal with the culprit."

Xiao Ling immediately said dejectedly, "I also want to go out. But the problem is, I can't!"

Xiao Letong patted his shoulder and said, "Don't worry, you'll be out soon. What I need you to do now is to tell mommy our hypothesis as soon as possible so that she and Daddy can be prepared!"

"Okay, I got it!" Xiao Ling nodded and said.

After hearing Xiao Ling's guess and analysis, Xiao Lingyu was very shocked.

"Xiao Ling, you said that this invisible person might have also obtained some kind of immortal artifact?"

"Yes!" Xiao Ling nodded and said, "And according to my guess and analysis, this person who obtained some kind of immortal artifact is also a reincarnated person!"

“How... How is this possible?” Xiao Lingyu was so shocked that she couldn’t speak. However, what Xiao Ling said next shocked her even more.

“Furthermore, this person is most likely reborn from this life.” Xiao Ling explained, “This person is someone who bears a grudge against master and male master. They also know about the relic you have and perhaps even covet it!”

Xiao Lingyu’s expression immediately changed. She felt that it was simply unbelievable.

“This... how is this possible?”

Xiao Ling thought for a moment and said, “Master, it is quite possible. I don’t know why this is happening, but there might be someone as lucky as you.”

After Xiao Lingyu had digested this news, she regained her composure and asked, “Xiao Ling, doesn’t this mean that Tianhao is very dangerous in the capital?”

Xiao Ling shook her head and replied, “No, master. Not only is the master in danger, but the people around you and the master are also in danger. If that person really hates you and knows how to go invisible, it will be easy for them to kill the people around us.”

Xiao Lingyu’s expression changed drastically. Her face turned a few shades paler, but she still asked calmly, “Then Xiao Ling, what should we do now?”

She was not worried about her own danger. After all, if she really met that person, she could quickly hide in the space.

But she was worried about the people around her. If that person was really crazy and wanted to kill the people around her, the consequences would be unimaginable.

Xiao Ling comforted her, “Master, don’t worry! If that person did rely on the relic to become invisible, they wouldn’t dare to kill anyone for the time being.”

“Why?” Xiao Lingyu was confused after hearing that.

Xiao Ling said very seriously, “Every world is guided by Heavenly Dao. Be it, mortals or immortals, we have to follow its rules!

“If an Immortal tried to harm a mortal without reason, they will suffer a backlash. The consequences can range from severe injuries to death! If the culprit has an immortal relic, it also means that they have a relic spirit like me. So, Master, the spirit will warn them of the Heavenly Dao. They wouldn’t dare to use the relic to hurt people!”

Hearing this, Xiao Lingyu immediately felt relieved.

She patted her chest and said with a sigh of relief, “If that’s the case, that would be great.”

However, as soon as she finished speaking, Xiao Lingyu suddenly thought of something, and her expression changed. “That’s not right.”

Xiao Ling asked doubtfully, “Master, what’s wrong?”

Xiao Lingyu said, "When Tianhao and I investigated Bai Shanshan's death, we discovered that the person who killed her was most likely an invisible person!"

Hearing this, Xiao Ling frowned and guessed, "If that's the case, then either they don't know the rules or they have found someone to suffer the backlash for them."

"What?" Xiao Lingyu was surprised. "Can you find someone to suffer the backlash on the user's behalf?" Then it would mean the people around her were still in plenty of danger.

Xiao Ling nodded, "Yes, the backlash can be moved to another person, but the conditions are very strict. The scapegoat and the culprit must be born at the same time in the same year, the same month, the same day, and the same time. The scapegoat must be fed a bowl of blood every day by the culprit. This has to continue for 81 days. Only then could the scapegoat replace the culprit to suffer the backlash!"

"A bowl of blood every day?" Xiao Lingyu was shocked.

"Yes, it must be a bowl of blood every day. No more, no less!" Xiao Ling nodded.

"But no one could survive letting out a bowl of blood every day, much less 81 days." Xiao Lingyu said, "But wait, the culprit has a relic. So, we can apply the normal rules to them. Then, what should we do now?"

"Master!"

### **Chapter 715: Gong Tianhao's Shock**

Seeing his master's worried and flustered expression, Xiao Ling immediately comforted her, "Master, calm down and listen to me!"

Xiao Lingyu nodded and said, "Alright, Xiao Ling, I'm listening!"

Xiao Ling said, "Master, you're worried too much. Even for immortals, blood-letting is not easy. Even when immortals bleed too much, they will lose their lives. Moreover, if our guess is correct, we're dealing with a mortal with an immortal relic. They have a mortal body. They won't withstand 81 days of blood-letting. Therefore, I'm more inclined to believe they didn't know the rules of Heavenly Dao!"

Xiao Lingyu's eyes immediately lit up, and she immediately said, "In that case, does that mean the culprit is suffering from the backlash now?"

Xiao Ling nodded and said, "If our guess is correct, yes."

Xiao Lingyu then asked again, "What are the characteristics of a person suffering from the backlash?"

Xiao Ling shook her head and said, "There are all kinds of characteristics. A person could suddenly grow old, be seriously injured, or lose a limb. However, the most serious backlash is death."

Hearing this, Xiao Lingyu frowned and said, "If it is death, that's fine. We don't have to worry about it anymore. But if it's not, how are we supposed to find this person? Xiao Ling, do you have any idea?" It was unsettling to leave this person in the dark.

Xiao Ling said, "I'm a relic spirit, and the other party has an immortal relic. If they're suffering from the backlash of Heavenly Dao, I'll be able to sense them."

Xiao Lingyu thought for a moment and said, "How close do you need to be to do that?"

Xiao Ling said, "With my current cultivation, I need to be within 1000 miles of the culprit!"

Xiao Lingyu frowned and asked with some doubt, "But when Bai Shanshan was assassinated, she was within a hundred miles from here. Xiao Ling, didn't you sense it?"

Xiao Ling shook her head and said, "Master, I can only sense it when the culprit is suffering a backlash. Under normal circumstances, if the immortal didn't deliberately unleash their aura, I wouldn't be able to sense it."

Xiao Lingyu nodded. "Oh, I see! Then Xiao Ling, what should we do now?"

Xiao Ling said, "Master, the only way now is to let me go out and stay by your side. Then, I can sense their presence."

Xiao Lingyu frowned and asked with some doubt, "Do you need to be outside to sense it?"

"Yes!" Xiao Ling lowered his head slightly, feeling a little guilty. In fact, there was no need for him to go out of the space at all. He could do all these through the jade pendant around Xiao Lingyu's neck. However, his brother said that it'd be easier to find the culprit and break their spell if Xiao Ling was out.

Plus, Xiao Ling really wanted to go out. He had been hibernating for ten thousand years already. He had spent most of it cultivating. However, after he woke up and saw the outside world, he really wanted to go out to take a look even though it would not be quite as uncomfortable outside because there wasn't any Qi outside.

But the world outside was lively.

After Xiao Lingyu heard Xiao Ling's words, she asked very seriously, "Then Xiao Ling, tell me, will you be in danger outside?"

Xiao Ling said, "Master, don't worry. I won't be in danger."

Since his little master was so powerful, he wasn't afraid even if there was danger. Moreover, this was just an ordinary mortal world. No one would know that he was a relic spirit.

Xiao Lingyu thought for a moment and said, "Alright then. Xiao Ling, let me think about it first!"

"Okay!"

...

After Xiao Lingyu left, she immediately gave Gong Tianhao a call. After all, the info she had just received was too shocking. She had to tell Gong Tianhao first so that he would be on guard.

Gong Tianhao had told Xiao Lingyu to go to bed, but he was still working overtime.

While he was reading a document, he heard his phone ring. When he saw the caller ID, he immediately picked up the phone and asked with a smile, "Baby, aren't you going to sleep? Did you miss me too much and can't sleep?"

“Yes, I miss you!” Xiao Lingyu said in agreement. “Tianhao, I just entered the space and got very shocking news from Xiao Ling.” Her tone was serious. Even Gong Tianhao, who was thousands of miles away, could feel it. He immediately became serious and asked, “What is it?”

Xiao Lingyu said, “Xiao Ling told me that the invisible person is very likely to be a reincarnated person with an immortal artifact, just like me!”

Gong Tianhao said in shock, “What?” He immediately stood up from his seat in shock. “How is this possible?” Gong Tianhao had guessed that there might be an invisible man, but he did not anticipate the culprit would possess an immortal relic like Xiao Lingyu. “Yu ‘Er, did you just say that this invisible person might be a reincarnated person with an immortal item?” Gong Tianhao wanted to confirm it again. This was too shocking.

Then again, it was already shocking that Xiao Lingyu was reborn and had an immortal relic. But now, the problem was that there was actually another person in this world who had such a lucky encounter like Xiao Lingyu.

“Right,” Xiao Lingyu said, “Tianhao, based on Xiao Ling’s analysis, this person isn’t reborn from our previous lives, but from this life.”

Gong Tianhao’s eyes widened in shock, “How... How is this possible?”

“It will explain why this person knows us so well.” Xiao Lingyu continued, “Tianhao, either this person already hates us before they were reborn, or they found out I have an immortal relic and want to snatch it away from me after they were reborn. Because he was reborn, he knew a lot about our actions!”

After the shock, Gong Tianhao quickly calmed down. He nodded and said, “Xiao Ling’s analysis is very reasonable.”

He appeared calm on the surface, but he couldn’t help but feel anxious and worried inside. If that was really the case, the culprit could harm them easily. Yu ‘Er would be in a lot of danger.

Thinking of this, Gong Tianhao’s face turned pale, “Yu ‘Er, I will return to Taoyuan Village now. I have to stay by your side every day. Regardless of whether that reincarnated person has a grudge against us or wants to steal the immortal artifact in your hands, you are in great danger. I am worried.”

He thought of how Bai Shanshan was silently killed in the hotel. He was afraid that the crazy person would use the same method to deal with Xiao Lingyu. Gong Tianhao stopped working and walked out with a coat.

Xiao Lingyu immediately comforted him, “Tianhao, wait. Xiao Ling also said that the person with the immortal item wouldn’t dare to attack a mortal.”

Gong Tianhao stopped walking and asked curiously, “What do you mean?”

Xiao Lingyu said, “Xiao Ling said that in the cultivation world, an immortal wouldn’t attack mortals. Otherwise, they will suffer a backlash. That is the rules of the Heavenly Dao to protect the mortals.”

After Gong Tianhao heard this, he said in doubt, “But we’re not in the cultivation world. We’re in a normal world. Is there a Heavenly Dao here?”

If there was, wouldn't the astronauts have exposed it already?

Xiao Lingyu said, "Xiao Ling said the Heavenly Dao has its own model of governance. We might live in a normal world, but an immortal relic has arrived here.

"From that moment onward, the Heavenly Dao would govern this world. After all, if there were no rules, wouldn't evil people could do anything they wanted with an immortal relic? The Heavenly Dao wouldn't allow that."

Xiao Lingyu and Gong Tianhao were only mortals. They did not understand the rules of the cultivation world at all. However, since Xiao Ling said that the rules of the Heavenly Dao were naturally born from the moment the immortal item fell into this world, they believed in Xiao Ling.

After all, Xiao Ling had lived in the immortal world for thousands of years.

"But, didn't the culprit kill Bai Shanshan?" Gong Tianhao asked curiously.

"Xiao Ling said that the invisible person who killed Bai Shanshan last time either didn't understand the rules of the Heavenly Dao or found someone to take the backlash for them. However, finding a scapegoat is very demanding and difficult. Therefore, we're more inclined to believe the culprit doesn't know about the Heavenly Dao."

"Huh?" Gong Tianhao was still confused. "Since the culprit has an immortal relic, why didn't the relic spirit tell them about it?"

"Xiao Ling said that the relic spirit might have been damaged." Xiao Lingyu explained, "That's like a person losing his memory."

Gong Tianhao immediately understood.

Then, he immediately reacted. "So that means that the person who killed Bai Shanshan is suffering from a backlash now?"

"Yes." Xiao Lingyu said, "But the consequences vary. Xiao Ling said that all kinds of backlash characteristics could appear. The culprit could suddenly age or be seriously injured. In any case, it wouldn't help us find them.

"However, Xiao Ling said when a person is suffering from the Dao's backlash, their cultivation presence will be exposed. Xiao Ling can sense them if they were within a thousand miles of them." Xiao Lingyu did not hide anything.

"Is he confident?" Gong Tianhao asked.

"Yes." Xiao Lingyu replied, "Now we just need to think of a way to get him out!"

## **Chapter 716: Another Little Bun**

"Yu 'Er, who is this child?"

Seeing the three or four-year-old child in Xiao Lingyu's hand, people kept asking questions.

Xiao Lingyu smiled and said, "He's my friend's child. My friend has something to do, so his son will be temporarily staying at our house."

This was the best excuse after her discussion with Gong Tianhao. She could randomly make up a friend since Xiao Lingyu's social circle was so wide.

"Oh. This child is really beautiful. In the future, Tong Tong will have a friend."

"Indeed. He's around Tong Tong's age. They are both very cute!"

"But, isn't this child a little shy?"

Xiao Lingyu smiled and said, "It's his first time meeting a stranger. Come, Xiao Ling, greet Grandpa and Grandma!"

"Hello, Grandpa and Grandma!" Xiao Ling said crisply.

"Well, the child is really sensible. Come, Grandma has a piece of candy here for you!"

"Thank you, Grandma!"

"Come, take this toy too!"

...

Then, along the way, Xiao Ling received all kinds of gifts. When they reached home, Xiao Ling could barely hold them. Even Xiao Lingyu had to help take some.

When the people at home saw the duo carrying all sorts of candies and toys, Mother Xiao was stunned and came over to help place the things away. When Xiao Ling's face appeared, mother Xiao was really shocked. She pointed at Xiao Ling and exclaimed, "Yu 'Er, he... he..."

Xiao Ling hugged Mother Xiao's leg happily and said in a crisp voice, "Grandma, I miss you so much!"

Mother Xiao squatted down and picked him up. She said with a smile, "Grandma misses Xiao Ling too."

Mother Xiao and Father Xiao would sometimes enter Xiao Lingyu's space to help. Of course, they knew of Xiao Ling's existence. When Gong Tianhao got a head injury in the car accident, it was Xiao Ling who saved him. Therefore, Mother Xiao and Father Xiao were very grateful to Xiao Ling. They also felt sorry for him because he was trapped in the farming space.

However, Xiao Ling had the issue of being unable to grow old. In fact, he appeared to age backward. Therefore, they didn't dare to bring Xiao Ling no matter how much they wanted to. Xiao Ling was very innocent. What if he was kidnapped?

Mother Xiao carried Xiao Ling and looked at Xiao Lingyu. She asked in confusion, "Yu 'Er, what's going on? Didn't you say that Xiao Ling..."

"Mom, let's go inside and talk!" Xiao Lingyu said.

As she carried Xiao Ling, Mother Xiao asked, "Xiao Ling, what do you want to eat?"

In fact, Xiao Ling's food was spiritual energy. He couldn't eat anything else. This was another issue why Xiao Lingyu had never brought him out. Mother Xiao knew that, but she still felt sorry for Xiao Ling.

Xiao Ling smiled and said to mother Xiao, "Grandma, I can't eat other things. I can only eat master..."

"You should call me Auntie!" Xiao Lingyu corrected him. "After all, you appeared as my friend's son. Besides, you look like Tong Tong."

Xiao Ling nodded and said, "Okay, Auntie!"

Xiao Ling continued, "Grandma, I can only eat the things from inside the space." The things outside were too corrupted for him.

"This..." Mother Xiao said worriedly, "Yu 'Er, we can't let him eat fruits all the time."

Xiao Lingyu shook her head and said, "Mom, I've grown many things in my space. There's rice, corn, and wheat. As long as you use the ingredients from my space, Xiao Ling can eat them."

Mother Xiao said with a smile, "If I knew that, I would have let Xiao Ling out sooner."

Xiao Lingyu smiled and didn't say anything.

Xiao Lingyu asked, "Mom, where did Tong Tong go? He should come to play with Xiao Ling."

Mother Xiao said, "He seems to be in his room."

"What is he doing in his room? Sleeping?" Xiao Lingyu asked with some confusion, "Usually, at this time, he would have gone out to play, right?"

Mother Xiao said with a smile, "What are you talking about? Our Tong Tong is very obedient now. He's studying in the room." Although her grandson had a photographic memory, he still needed to study.

Mother Xiao took Xiao Ling's hand and said, "Come, Xiao Ling, Grandma will take you to play with your younger brother!" To her knowledge, Xiao Ling was older than Xiao Letong. After all, when she first saw Xiao Ling two years ago, he looked like he was three years old. Even though he still looked like he was three years old now, he should be older already.

"Okay, thank you, Grandma!" Xiao Ling replied very obediently.

Mother Xiao touched his little head and couldn't help but say, "our Xiao Ling is really obedient."

Soon, Mother Xiao brought Xiao Ling to Xiao Letong's room. She knocked on the door, and soon, the door opened. When Xiao Letong saw Mama Xiao and Xiao Ling outside, his eyes immediately revealed a pleasantly surprised and excited look as he called out, "Grandma, Little Brother!"

Mama Xiao said with a smile, "Tong Tong, you should call him your Big Brother."

Xiao Letong shook his head and said, "No, he's my little brother. I'm taller and stronger than him now. If I walk outside, anyone can see that I'm Big Brother, and he's little brother!"

Mother Xiao didn't argue with him. She smiled and said, "Alright, you can be the older brother, and Ling 'Er is the younger brother. Now, can you invite your little brother into your room to play?"

Xiao Letong smiled happily and said, "Of course! Younger Brother, please come in!" He held the door with one hand and gestured for the other to come in.

Mother Xiao watched the children enter the house and said, "Tong Tong, grandma still has something to do. You and little brother can play in the room first. You must be kind to your younger brother, okay?"

Xiao Letong readily agreed. "Don't worry, Grandma. We will have fun, and I'll teach little brother many things."

Mother Xiao smiled and said, "Alright, Grandma will be leaving!"

After Mother Xiao closed the door, she walked to Xiao Lingyu and asked seriously, "Yu 'Er, why did you let Ling 'Er appear in front of everyone all of a sudden? You know that Xiao Ling won't grow up and doesn't know how to use ordinary things. What if someone finds out?"

Xiao Lingyu smiled and said, "Mom, don't worry. Xiao Ling told me that now that the space has been upgraded, he can use some illusions to make himself look like an ordinary child in everyone's eyes."

Mother Xiao was confused, "What do you mean by that?"

"It means that he can use his power to make others believe that he's growing like a normal child. As for his food, we just need to pay more attention." Xiao Lingyu explained, "Mom, don't worry. Xiao Ling said that he's confident that no one will notice anything unusual. Also, Ling 'Er has always wanted to come out. It's very lively outside, and he wants to join in the fun!" The scenery and people were more exciting than inside the space. "He's been lonely for tens of thousands of years," Xiao Lingyu added.

This sentence pierced Mother Xiao's heart and made her heart ache. She nodded and said, "Yes, we just need to be more careful in the future."

In the room, Xiao Ling immediately said happily to Xiao Letong, "Brother, I'm finally out!"

His master led him to a secluded place and summoned him out. Then, she brought him home. They greeted many villagers along the way. They didn't need to hide anymore.

Xiao Letong nodded with a serious and tense face. "Yes, you're out. But you have to remember that your mission is to find the person in the dark and protect my Mommy and Daddy."

Xiao Ling puffed out his small chest and replied very seriously, "Yes, of course!"

Xiao Letong then added, "Also, you have to remember that you are just an ordinary child now. You can't act abnormal in front of others. Also, you have to do whatever my Mommy and Daddy tell you to do. If you don't understand, you have to ask!"

"Yes, I'll remember, Big Brother!" Xiao Ling replied very modestly and seriously.

Then, Xiao Letong launched into all kinds of lectures...

## **Chapter 717: I Earn, You Spend**

After Xiao Ling came out of the farming space, he remembered his mission.

However, he did not sense the aura of any immortal artifact within the range of a thousand miles.

Xiao Lingyu called Gong Tianhao to report this. After hearing that, Gong Tianhao said decisively, "Yu 'Er, I'll arrange for a helicopter to fly around the area and see if we can find the person."

Xiao Lingyu couldn't help but chide, "I guess that's the power of being rich."

Gong Tianhao curled his lips and laughed softly. His sexy voice entered Xiao Lingyu's ears as if his breath was beside her. Xiao Lingyu felt that her ears were about to soften, and the tip of her ears could not help but turn red. She felt that she was becoming more and more like a young girl. Her face would turn red from time to time.

Gong Tianhao smiled and said, "My money is also your money. You have the power too!"

Xiao Lingyu nodded and said, "Yes!"

"Hehe..." Gong Tianhao laughed again.

"What are you laughing at?" Xiao Lingyu asked in confusion.

"I'm laughing at how cute my baby is!" Gong Tianhao said, "My baby is willing to spend my money. I'm very happy." Gong Tianhao had always known that Xiao Lingyu was very independent. Other than the wedding, Xiao Lingyu didn't spend any of his money, which made him feel a little disappointed. His wife was too capable. She didn't need the money that he earned.

Xiao Lingyu smiled. "Alright. From now on, I will spend more of your money and buy all sorts of things. That way, you'd be too busy earning money to look at other women!" However, Gong Tianhao was too rich for that day to ever come.

"Alright!" Gong Tianhao smiled and said, "I will earn, and you will spend!" As he said this, Gong Tianhao suddenly thought of something and said regretfully, "Yu 'Er, we've known each other for a year, and we've been married for three years. It's been a total of four years. I don't think I've gone shopping with you before, right?"

Xiao Lingyu almost spat out a mouthful of water. They had known each other for almost four years now.

However, in these four years, she had to start her business in the first year. Then, Gong Tianhao was in a coma. After he woke up, due to his memory loss, they missed a lot of time together. They really didn't have the time to do something leisurely like shopping.

Xiao Lingyu said, "We'll keep it on the back burner for now!"

"Okay!" Gong Tianhao replied with a smile.

Then, the two of them got back to business.

Gong Tianhao said, "How about we have the helicopter fly around the country and get Ling 'Er to sense the artifact's aura?"

Xiao Lingyu nodded and said, "Yes, that's what I was thinking."

"Then I'll make the arrangements now!" Gong Tianhao said.

...

After hanging up, Gong Tianhao made the arrangement. "Get me a helicopter to pick me up and fly me to Taoyuan Village!" He didn't know how to search for the culprit on his own, so he might as well accompany his wife and child.

After Xiao Lingyu hung up the phone, he went to Xiao Letong's room and knocked on the door. "Tong Tong, Ling 'Er, can I come in?"

"Sure, please come in!" The two children replied cheerfully.

After Xiao Lingyu went in, he saw two children leaning their heads on the table, watching cartoons.

Xiao Lingyu asked with a smile, "What are you guys watching?"

"We're watching some silly cartoons." Xiao Letong said.

Xiao Ling added, "This cartoon is really good!"

Xiao Lingyu touched their little heads and said, "Don't sit too close to the screen, or you'd become short-sighted."

Xiao Letong immediately said, "There's no need to worry. We can drink the spring water, and we'll be cured."

"That's right!" Xiao Ling had watched a lot of television over the years, so he knew a lot of things. "But my eyesight won't be affected no matter what."

Xiao Lingyu, "... " Okay. They have cheats, so what can I say?

Xiao Lingyu smiled and said, "Xiao Ling, can you stop watching TV for a while?"

"Okay!" Xiao Ling nodded and said, "Auntie, what do you need from me?"

However, when Xiao Lingyu heard the word "Auntie", the corners of her eyes could not help but twitch. She had to consider whether Xiao Ling could call her by another name. Auntie was so awkward.

Xiao Lingyu said, "Tong Tong's father said that he would send a helicopter over and then take us to the sky and take us around the country to see if we can find the aura of that immortal artifact."

Xiao Letong's eyes lit up, and he immediately said, "Yes, this is a good idea. Mommy, can I go with you? I want to see the scenery in the sky!"

Xiao Lingyu frowned slightly and advised, "But son, we are looking for someone. That person is very dangerous."

Xiao Ling did not notice Xiao Letong secretly pulling Xiao Ling when he said this.

Xiao Ling immediately said, "Auntie..."

Xiao Lingyu rubbed her forehead and thought for a moment before saying, "Xiao Ling, you should call me mom!" It was too awkward for her. Xiao Ling should just call her mom.

"Mom?" Xiao Ling was stunned, "Really?" He didn't have a mother and didn't know what a mother was.

It was only when the little master appeared that he realized his master was a mother. A mother's love was very warm.

Xiao Lingyu was also stunned when she saw Xiao Ling's expression. She nodded seriously and said, "Yes, I will be your mother from now on. You will be my son, just like Tong Tong."

Xiao Ling twisted his fingers and said with some doubt, "But if I call you mother, then the outside world..."

Xiao Lingyu knew what he was thinking. She immediately waved her hand and said, "We'll just say that I'm your stepmother!"

Xiao Ling and Xiao Letong's eyes immediately lit up, and said, "Okay!"

Then, Xiao Ling immediately called out, "Mom!"

"Yes!" Xiao Lingyu replied. "Tell mommy. What is it that you wanted to say earlier?"

Xiao Ling said happily, "Actually, I think Brother can go with us. We're just looking for the culprit. We won't alarm them, so it won't be dangerous." Actually, with little master around, it'd be more convenient to find the culprit. Plus, they had already discussed this before. Little Master would join the search effort no matter what.

Xiao Lingyu glanced at her son, her expression still hesitant.

Xiao Letong rolled his eyes and said, "Mommy, if we really encounter any danger, you can just throw me into space. The plane will be filled with people we can trust. If not, Xiao Ling, you can wipe their memories, right?"

Xiao Ling immediately nodded and said, "Yes, I can use spells to change their memories!"

Xiao Lingyu, "... " she suddenly felt that Xiao Ling was really an omnipotent immortal.

Xiao Lingyu thought for a moment and said, "If that's the case, then alright!"

The thing she was most worried about was encountering danger. But like what her son had said, if there was a real danger, they could all hide in her farming space.

"Oh yeah, thank you, Mommy!" Xiao Letong jumped up in joy. This time, he could finally leave officially.

However, Xiao Lingyu still had to remind him, "Son, when you get on the plane, you have to be obedient. You can't jump up and down again. Do you understand? It's very dangerous."

To get on the plane, he'd agreed to anything.

Xiao Letong replied obediently, "Yes, Mommy, I understand."

"Alright, let's get ready. The plane will be here soon." Xiao Lingyu patted their little heads again.

She could really feel the eagerness and joy of the two children.

When told to get ready, the two children moved to grab their iPads.

Xiao Lingyu, "... "

## Chapter 718: Relationship Exposed

“Boom Boom!”

It was a familiar helicopter sound at Taoyuan Village.

“Look, is that a helicopter?”

“Yes, it’s a helicopter!”

“In the past, I only saw them on TV. I didn’t expect to see one at Taoyuan Village.”

“I wonder who is so rich to fly a helicopter to Taoyuan Village. This place has gotten really famous.”

“Taoyuan Village Green Fresh has always been a hotspot for helicopters. Back then, many millionaires flew their private planes to City Z’s supermarket to buy groceries. The sky was filled with planes. Many worried about collisions. Thankfully, nothing bad happened.”

“Now, they have flown here to admire the peach blossom in winter.”

At this moment, some villagers passed by and heard their conversation. They said directly, “This isn’t a tourist helicopter for tourists. This is from the Gong family!”

“Huh?” The tourists were surprised. “Which Gong Family?”

“Our village’s Gong Family. Right, they are also the Xiao Family’s in-laws!”

“Xiao Family? Who are they?” Someone asked in confusion.

The villager said with a smile, “The Xiao Family owns the Taoyuan Village Green Fresh Group. Xiao Lingyu is rich, but the Gong Family is even richer. When they got married, the bride was wearing a wedding dress worth more than 300 million.”

The tourists were stunned. “300 million?”

“That’s right. There are sparkling diamonds on the wedding dress. I heard that it’s at least six carats each,” the villager said proudly.

Back then, they only thought that the wedding between Xiao Lingyu and Gong Tianhao was beautiful and shocking. Xiao Lingyu was wearing a sparkling white wedding dress, and a few planes were raining flowers in the sky. It couldn’t be any more beautiful.

Later on, they found out that the cost of the wedding was several hundred million. That was an amount they couldn’t earn in their lifetime.

Until now, they didn’t know the identity of the Gong family, but they knew that the Gong family was very rich, even richer than the current Xiao Lingyu.

“Oh my God, three hundred million! What kind of impressive wedding dress is that? I really want to take a look!” Someone exclaimed.

“Xiao Lingyu is really too rich, isn’t she?”

“That’s right. It’s nothing strange for such a rich family to have a helicopter at home.”

Many villagers knew the landing spot for the helicopters, so the tourists also followed them to take a look. After all, not that many people had seen a helicopter up close.

After the helicopter arrived, Xiao Lingyu informed her parents and brought her children to the flat ground where the helicopter had landed. When mother Xiao heard this, she immediately asked, "Yu 'Er, it's such a cold day. Why are you bringing the two children onto the helicopter?"

Xiao Lingyu said, "Mom, Tong Tong and Xiao Ling both want to board the helicopter and take a look around."

Mother Xiao immediately disagreed, "No, it's the middle of winter. I heard that the higher the altitude, the colder it is. What if you freeze the two children?"

Xiao Lingyu immediately said, "Mom, don't worry. It won't happen. The plane has heaters."

Mother Xiao firmly disagreed, "No, what if the two children caught a cold?" Her heart ached for the children. In her mind, she would always worry about her grandchildren.

Xiao Lingyu was unable to reveal her true motive. Xiao Letong immediately hugged Mother Xiao's leg and raised his head. His expression was filled with desire as he said, "Grandma, we want to see the beautiful scenery in the sky. Let us go."

Xiao Ling immediately followed suit. He hugged Mama Xiao's other leg and did the same thing. He said with longing in his eyes, "Grandma, we really want to see the beautiful scenery. Just let us go. Don't worry. We are not cold at all."

Mother Xiao lowered her head and looked at the two little buns hanging on her legs. For a moment, she wanted to compromise, but after thinking about it, she still felt that it was not possible.

Xiao Letong and Xiao Ling looked at each other. Then, Xiao Letong used his best move. His eyes instantly turned red. Then, he looked at mother Xiao and said resolutely, "Grandma, if you don't let me go, I... I'll cry!"

Then, Xiao Ling imitated him and made the same expression.

Xiao Lingyu, "... these two are such little drama queens. I should send them to acting class in the future.

When Mother Xiao saw this, she immediately caved. She said, "Okay, okay. If you want to go, go. Grandma won't stop you."

"Thank you, Grandma!" Then, the two of them burst into laughter.

"When you get on the plane, you have to be good and obedient. You can't jump up and down. Do you understand? It's very dangerous!" Mother Xiao warned.

Xiao Letong immediately said obediently, "Yes, thank you, Grandma. We know. Mommy told us already."

At this moment, Gong Tianhao rushed over.

When Mother Xiao saw Gong Tianhao, she said happily, "Tianhao, you're back?"

“Mom,” Gong Tianhao called out. Then, he looked at the scene and asked in confusion, “This...”

Xiao Lingyu immediately explained, “Tong Tong and Xiao Ling want to board the plane, but mom refused. They’re throwing a tantrum.”

Mother Xiao said, “I’m just worried that they’ll get a cold on the plane.”

Gong Tianhao said, “Mom, don’t worry. There’s a heater on the plane. They won’t freeze.”

“Okay then!” Mother Xiao said, “Go and come back quickly.”

“Yes, Grandma!” The two children replied happily.

Xiao Lingyu, “...” I’ve said so much, but it was to no avail. One word from Gong Tianhao and mom budged easily.

Soon, the family of four boarded the plane.

“Wow, those two children are so beautiful. They are the most beautiful children I have ever seen.”

“Yeah, they are so beautiful. I thought my aunt’s grandson was the most beautiful. I didn’t expect those two kids to be even more beautiful!”

“This family is perfect. The man is handsome, and the woman is beautiful. The kids are too cute.”

“They are even more beautiful than those male and female celebrities on TV. Ah, I feel like screaming!”

“Me too!”

“Did you guys take a photo?”

“Of course. In a while, I have to post it on my social media. I don’t even need to add any filter.”

“Without a filter, I won’t even post any of my pictures, but this family doesn’t need a filter at all.”

“I’m going to post it now.” The tourists lowered their heads to post the pictures.

The tourists met a beautiful family of four in Taoyuan Village.

This beautiful picture immediately attracted the attention of many people. The likes came pouring, and the pictures were shared. Many people left wonderful comments too. This family was handsome, beautiful, and rich. This quickly spread on social media.

“Is... Is this Gong Tianhao? Who is the woman beside him? And who is the child in his arms?”

“Yes, this is Gong Tianhao. There are rumors that Gong Tianhao got married and had children a long time ago. We did some research in the past and did not find any information. Now it seems that it is not a rumor but a fact!”

“Gong Tianhao hid it well. In the past, there were rumors in the capital that he did not get close to women because he liked men. But he actually has a son already.”

“Rumors are just rumors. However, this means that the Gong Family already has an heir. This will affect a lot of people. After all, they have always thought that the Gong family is theirs.”

“Then we’ll just sit back and watch them fight!”

“Haha...”

### **Chapter 719: Consequences of Backlash**

“Wow, it’s so beautiful!”

The two children sat on the plane and looked down. There were mountains, rivers, smoke, and tall buildings. They stood upright and looked down from the sky.

The two children kept shouting in the plane, looking very happy and excited.

The husband and wife each held a child in their arms. Seeing them shouting so happily, they shook their heads helplessly.

As long as they were happy...

At this moment, Xiao Ling’s expression turned serious.

Xiao Lingyu looked and asked, “Ling ‘Er, what’s wrong?”

“Mommy, let uncle fly the plane in this direction!” Xiao Ling pointed in a direction.

Xiao Lingyu and Gong Tianhao looked at each other and immediately understood.

Gong Tianhao directly ordered the pilot, “Little Li, head towards the capital!” That’s right, the place Xiao Ling was pointing at was the capital!

Xiao Lingyu and Gong Tianhao had already guessed that this invisible person was very likely hiding in the capital.

They did not expect that their luck would be so good. Not long after the plane flew out, Xiao Ling found a clue.

An hour later, Xiao Lingyu asked anxiously, “Ling ‘Er, how is it?”

Xiao Ling said seriously, “We’re getting closer and closer.”

Gong Tianhao and Xiao Lingyu looked at each other. “It looks like that person is definitely hiding in the capital!”

However, they still needed Xiao Ling to find the exact location.

Gong Tianhao immediately ordered, “Little Li, fly to the capital and take a turn around it!”

Xiao Li was very confused, but he was a subordinate. His job was only to listen.

An hour later, the plane arrived above the capital.

In a luxurious villa in the capital, a woman was lying on the bed, moaning in pain. If one pulled off the bedsheet, one would see that the woman was covered in blood. Her blood had dyed the bed red. Her hair had shed and covered the ground.

“Ah, ah...” She could not help but scream in pain.

The bodyguards and servants in the house trembled in fear when they heard this terrifying voice.

Then, one of the servants said, "Miss has been in the room, screaming for three days. From the sound, it's tragic and painful. Should we call a doctor?"

Another servant's eyes revealed a trace of fear as she said, "Do you still remember Xiao Fen? She was worried about miss, so she knocked on Miss' Room. Then, Miss had the bodyguards drag her away. If you're not afraid of death, then go and call a doctor."

Their miss was too terrifying. To her, killing a person was like squashing an ant. She was screaming in pain in her room, but she didn't want to see a doctor. There had to be a reason. This reason was like a bomb. Who dared to test the bomb? Therefore, everyone just stayed there quietly.

Not to mention the maids, even many bodyguards had been killed.

This place was like hell. No, this place was worse than hell.

One of the maids wanted to leave. She didn't want to work here anymore. She went to her room to pack up her things and planned to leave.

Many people saw that and followed them. They were all literally running for their lives.

However, before they reached the door with their luggage, the first maid to leave had her head split open. The others covered their ears and cried out in fear.

"Shut up!" A tall and burly bodyguard immediately said fiercely and sternly, "If any of you want to leave, you'll end up like her!"

"No, no, I'm not leaving anymore!"

"I... I'm not leaving anymore..."

They were afraid of death.

Then, one by one, they immediately carried their luggage back to their rooms in panic. However, they hugged each other in fear and started to cry.

They were really too afraid.

They had just seen their friend being killed before their eyes. It was too terrifying. However, no matter how terrifying it was, they still needed to survive. They did not have the courage to leave at all.

...

Back in the main bedroom, the woman lying on the bed was now completely covered in blood. Blood obstructed her features. But she was completely unaware of this.

She got up from the bed in a daze. When she saw the blood in the room, her pupils constricted. Then, she noticed her blood-red clothes. A puzzled expression appeared on her face.

She wore white lace pajamas when she went to bed, so what happened? She stretched lazily and noticed her arms were red too.

“Ah, what’s going on?” The woman looked at her hands with a puzzled look.

Then, she looked around and suddenly found a lot of hair on the ground.

“What... What’s this? Hair? Where do they come from?” She reached out to pick up a strand of hair from the bed. “Why is this hair so familiar?”

Then, she subconsciously shook her head. She didn’t feel the weight of any hair.

She immediately reached out to brush her hair. Then, she touched her bald head.

“This... This is impossible!” She was immediately frightened.

Then, she jumped off the bed and walked to her dressing table. When she saw her reflection, she cried out in shock, “Ah, ghost!”

The person in the mirror was bald. Her entire body was blood red, and her face was blurry.

“This isn’t me, this isn’t me, I’m not ugly like this!” She hugged her head and cried out in fear, “I’m not this ugly monster. I’m not like this.”

“What the hell happened? This isn’t me!” She yelled, unable to accept her appearance.

She had only slept for a while. Why did she wake up like this?

What on Earth happened?

That’s right. She had no impression of the torments of the past three days. It was as if someone else was suffering on her behalf.

“Miss, Miss, are you okay?” A servant came knocking on the door in fear under the pressure of the bodyguards.

“Go away!” When she heard the knocking, she exploded.

Then, the sound of receding footsteps could be heard outside the door.

She started to go crazy again. She lifted the chair and smashed it at the mirror. As she smashed it, she shouted loudly, “I’m not like this. I’m not this ghost. There must be something wrong with the mirror.”

However, a mirror couldn’t be shattered just like that. It would only break into smaller pieces. They all reflected the same thing.

The woman smashed the mirror crazily. More mirrors appeared. The ghost-like woman stared at her from all sides.

“Ah!” She covered her ears and screamed crazily.

For this woman, appearance was more important than her life.

She became bald overnight. It was destroying her appearance. How could this not make her crazy?

Then, she thought of something. She raised her right wrist and yelled at the red rope, “Tell me, what is going on? What happened? Why did I become like this?”

She was like a lunatic, talking to herself and a red rope.

“Say something, say something!”

However, no matter how much she shouted, there was no response.

This was just an ordinary red rope.

She was furious and pulled the red rope off her wrist and threw it on the ground.

She was still angry and stepped on it.

However, just as she stepped on it, a transparent light blocked her and immediately threw her against the wall.

Bang!

Following that, a very clear child’s voice said in a very angry and dignified manner, “How dare you step on me! It seems that you don’t want to live anymore. Since that’s the case, I’ll send you on your way.”

The woman’s expression immediately changed drastically. She immediately got up from the ground and continuously begged for mercy, “Great Immortal, please spare my life. Please spare my life. I won’t dare to do it again!”

“Swear on your life, or I’ll kill you immediately!” The voice said.

The woman then asked another question, “Great Immortal, can you tell me what’s going on with me?”

“A backlash!”

## **Chapter 720: Entering the Gong Family**

The plane circled over the capital. Xiao Ling had marked the location, so Gong Tianhao had his people carry out an investigation before returning to Taoyuan Village.

However, what Gong Tianhao and Xiao Lingyu didn’t know was that their son, Xiao Letong, had already marked the culprit. He would have gone to kill that person if his parents weren’t on the plane. Then again, since he had marked the culprit, they wouldn’t be able to escape.

“I didn’t expect it to be so smooth!” Xiao Lingyu found it hard to believe after returning to the village. She felt more at ease after finding the culprit.

Gong Tianhao smoothed the hair on her forehead and said with a smile, “This means that Xiao Ling is very capable. Now that the location has been found, we’ll soon find out the culprit’s identity.”

At this point, Gong Tianhao paused for a moment before saying, “Yu ‘Er, I still need to return to the capital and direct the investigation!”

Xiao Lingyu said worriedly, “I’ll go with you. We don’t know what kind of backlash that person has suffered. Let’s return to the capital together and bring Xiao Ling along.”

Just as Gong Tianhao was about to say something, Gong Tianhao’s phone rang.

“Hello...”

Then, his expression changed, "Yes, I know."

"What's wrong?" Xiao Lingyu noticed the change in Gong Tianhao's expression and asked in confusion, "Did something happen in the capital again?"

Gong Tianhao said, "When we departed on the helicopter, we were too high-profile, causing many tourists to post photos of our family of four on the Internet. Now, everyone in the capital is saying that I'm married and have children.

"The photos were posted from Taoyuan Village. If someone wants to investigate, they will soon find out about you and the children. This will put you and the children in a lot of danger."

Xiao Lingyu heard this and frowned slightly. Then, she said seriously, "Tianhao, it's fine. Let's make it public!"

"Yes, Hao 'Er, I also agree with Yu 'Er!" Old Master Gong walked over. "Instead of hiding, it's better to make it public and announce Yu 'Er and Tong Tong's identities. We can protect them openly and let those who want to attack have some misgivings."

Gong Tianhao thought for a moment and said, "Alright, let's make it public. I'll tell everyone in the capital that you're my wife and Tong Tong is the son of the Gong family!"

Xiao Lingyu said, "Okay."

At this moment, Old Master Gong said, "Yu 'Er, after your identity is made public, there might be people who will stir up trouble in your business. However, don't worry. Hao 'Er will definitely protect you well. Isn't that right, Brat?"

Gong Tianhao really wanted to roll his eyes, but he still replied honestly, "Of course. It's my duty. Yu 'Er, don't worry. With me around, no one will dare to attack you."

Xiao Lingyu smiled and nodded. "Yes, I know! I know my husband will protect me."

"Since it has already been exposed online, let's return to the capital together," Old Master Gong said decisively, "Bring your two children with you! You have been married for four years, and your children are already so old, but you haven't even entered the Gong Family officially yet. I feel like I owe you a lot."

Indeed. They had been married for four years, but Xiao Lingyu and Xiao Letong hadn't even entered the Gong Family in the capital.

This time, the internet had accidentally exposed their relationship. If they didn't do anything, people would say that Gong Tianhao was still playing with them. Otherwise, why wouldn't he bring them home since the child was already so old?

Since they had been exposed, they would go along with it. The mistress of the Gong Family would soon greet the world officially.

Xiao Lingyu heard Old Master Gong and shook her head. "Grandfather, don't say that. The Gong Family is where Tianhao is. As long as he has me in his heart, I'm satisfied."

Old Master Gong nodded. "Yu 'Er, you're really sensible. The Gong Family is really fortunate to welcome such a beautiful, intelligent, capable, and reasonable daughter-in-law!"

"Grandfather, it's also my fortune to be able to meet you, marry Tianhao, and marry into the gong family," Xiao Lingyu said.

Old Master Gong immediately instructed, "Yu 'Er, Tianhao and I will go back first today. Tomorrow, I'll ask Tianhao to bring you and the child home!"

This would be a big event so he had to go back and make arrangements first. If people accidentally offend his granddaughter-in-law and great-grandson, he would be very angry.

"Alright!" Xiao Lingyu nodded.

Old Master Gong asked Xiao Wang and Xiao Zhang to grab some fruits, vegetables, and health wines. After greeting the Xiao family, he went straight back to the capital.

When mother Xiao and the others knew that Xiao Lingyu and Tong Tong were entering the Gong Family, they were very happy and excited. They were not happy because the Gong family was rich, but this meant that Xiao Lingyu and her son wouldn't be in danger when they were in the capital anymore. Old Master Gong said previously that he could only welcome Xiao Lingyu into the Gong Family when there was no danger. This meant that the danger had passed.

"Yu 'Er, when you arrive at the Gong family, remember to serve the old master well and abide by the rules of the Gong family. You have to be kind to others. Of course, if someone bullies you too much, don't be timid and soft-hearted. You have to fight back fiercely, understand?" Mother Xiao kept nagging. She was very concerned but also a little worried.

The capital was a thousand miles away from them, and they were unfamiliar with the place. Most importantly, the capital was the center of power for high officials and dignitaries. With Gong Tianhao's status, he would definitely have to interact with these people. As Gong Tianhao's wife, Xiao Lingyu had to do the same.

Hence, she had to pay special attention to her words and actions.

Although Mother Xiao and Father Xiao were from the countryside, they had learned about the pitfalls of the wealthy from observing the Gong Family.

The Xiao family were all kind-hearted, but they were not weak.

"A big place like the capital is different from a small place like ours. You need to be careful..." The Xiao Family laid on the advice. They were all concerned about Xiao Lingyu and Xiao Letong.

"Okay, I got it. I'll be careful," Xiao Lingyu replied one by one.

"I'll go pack some things for you. I made some snacks too. When you're there, you can eat them. And..."

"..." Xiao Lingyu had to stop her mother, "Mom, if you continue to stuff me with these things, even ten helicopters wouldn't fit them."

“Nonsense! Who knows when you will be coming back. These things are Tianhao, the in-law and Tong Tong’s favorite. You have to bring them!”

Xiao Lingyu, “...” So none is for me?

Xiao Lingyu said, “Mom, Tong Tong and I are merely going through the ceremony this time. We will be back soon. Trust me.” There were still dangerous people in the capital. They definitely could not let Tong Tong stay for long. Who knew how crazy the culprit was? Therefore, Tong Tong would be sent back immediately after the ceremony.

Mother Xiao was confused, “Are you not going to stay there for long? Why?”

Xiao Lingyu took out her phone, flipped through it a few times, and showed it to mother Xiao and the others. She said somewhat helplessly, “Our family’s relationship was exposed on the internet. According to grandfather’s opinion, since it was exposed, we should go back openly so as to prevent bad rumors from spreading. Or else it’ll ruin both Tong Tong and Tianhao’s names. After the ceremony is done, we’ll return to the village. Grandpa and Tianhao have already gone back to make preparations.”

“Oh!” The Xiao family suddenly realized.

“Now we have our own plane and can fly back and forth at any time. The travel time isn’t long. Just two hours or so. It’s very convenient,” Xiao Lingyu said. “You don’t have to worry about anything.”

“Regardless, we have to prepare all these things so that people will not look down on you.” Mother Xiao insisted.

Xiao Lingyu, “...”
