

Chapter 911: Mommy's Interrogation

Seeing that Xiao Lingyu was clearly showing signs of anger, Xiao Letong immediately restrained himself. Then, he avoided Xiao Lingyu's gaze and gave Xiao Ling a look, hoping that he would be smart enough to deal with Mommy's alertness this time.

Xiao Ling was simple but not stupid.

When he received Xiao Letong's gaze, he immediately shivered.

Facing Xiao Lingyu's questioning, he said, "Mommy, don't worry. We didn't use any spells to deal with them. This was just a common trick of the eye. We won't suffer any backlash."

When Xiao Lingyu heard this, she still asked suspiciously, "Oh, is that so?"

Xiao Ling nodded and said, "Yes, that's right." At this point, he paused for a moment before continuing to explain, "Mommy, I'm connected to you as one. If I suffer a backlash, you'll definitely sense it."

Xiao Lingyu believed him. She checked her body and found that nothing was wrong. She believed Xiao Ling.

Xiao Lingyu then patted Xiao Ling's head and said, "Xiao Ling, I know that you have already grown up and have your own ideas. But Mommy wants you to protect yourself first, understand? You don't need to come to solve Mommy's problems, and mommy will naturally have a solution!"

Xiao Ling nodded and said, "Yes, Mommy, I understand."

Actually, all of this was done by his brother, Xiao Letong. His only role was to help cover for him. Of course, Xiao Ling could not tell Xiao Lingyu about this.

Xiao Lingyu hugged Xiao Ling and released him. Then, she sighed softly and said, "Ling 'Er, you're really a good child."

Then, he let go of Xiao Ling and turned to Xiao Letong, and shouted sternly, "Xiao Letong!"

Xiao Letong's body trembled, and he immediately stood up.

.....

Xiao Lingyu said, "Xiao Letong, have you forgotten that you're still a child who's not even four years old?"

Xiao Letong immediately said seriously, "No, I haven't forgotten!" That fact bothered him daily.

"Oh?" Xiao Lingyu said, "Then, why are you ordering Ling 'Er to do your bidding?"

Xiao Ling would never have thought of letting a ghost scare people, so the idea must have come from her son.

Xiao Letong touched his little head and then answered very seriously, "Mommy, I think it's fun!"

“Fun?” Xiao Lingyu was almost amused by her son’s words. Then, she said seriously, “Xiao Letong, you made Xiao Ling because you thought it was fun? Have you considered things from Xiao Ling’s perspective? Do you know how much trouble or even danger it will bring him?” Xiao Lingyu paused for a moment and said very seriously, “Xiao Letong, I didn’t expect you to be such a selfish person. Just because you want to have fun, you can risk your brother’s safety.” As she said this, she felt a sense of guilt in her heart. “No, it’s my fault. As a mother, I didn’t educate you well. I have made you into this selfish person.”

Xiao Letong had been brought up by his family since he was young. Ever since he was born, she had been busy with work and neglected to educate him.

Now, Xiao Letong had become someone who would risk his brother’s safety for the sake of fun.

Xiao Letong suddenly felt wronged when his beloved mommy criticized him for being selfish. His eyes immediately turned red.

When Xiao Ling saw that her brother was criticized, she immediately explained anxiously, “Mommy, it’s not like that. You’ve misunderstood my brother!”

Her brother was the most powerful person in the world. He did not harm him at all.

However, Xiao Lingyu waved her hand and said, “Ling ‘Er, Mommy knows that you’re a good and sensible child. However, don’t cover for your brother.”

Xiao Ling was too naive and easy to fool. Although her son was only three or four years old, he was exceptionally smart. He could speak eloquently and sweet-talk adults to make them happy. He could also fool children easily.

Therefore, she believed that Xiao Letong had fooled Xiao Ling. Her son was simply too smart.

Even Xiao Ling was reprimanded. This time, Xiao Letong felt so wronged that he couldn’t help but cry. Xiao Lingyu’s heart ached terribly.

This child had never cried like this since he was young. Furthermore, he looked so sad and wronged. However, she still had to educate him. If he really thought that he could risk someone else’s safety for the sake of fun, Xiao Lingyu had to educate him. She was thankful that she had discovered this issue now. Otherwise, he might grow up to be someone vicious and selfish.

Due to her previous life, Xiao Lingyu felt guilty toward Xiao Letong. However, behind that guilt was immense love.

She knew that no matter how many children she had in the future, her eldest son would always be the one she loved the most.

But this didn’t mean that she would abide by anything he did.

She hoped that her son could be a healthy and happy person in this life, and at the same time, he had to be an upright and kind person.

Seeing her brother cry, Xiao Ling was so anxious that his face turned red. However, he was not good with words. He had promised his brother that he would keep everything they did a secret. Therefore, when his brother was crying, and his mother was angry, he didn't know what to do.

The commotion in the room quickly alerted Gong Tianhao, who was instructing his subordinates outside.

He quickly came to the room and saw his son crying with red eyes, Xiao Ling, whose face was flushed red, and his wife, whose expression was unusually serious. The atmosphere was a little tense.

Gong Tianhao's heart ached for his son, and he was also anxious.

However, he did not comfort his son immediately. Instead, he looked at Xiao Lingyu and asked in a low voice, "Wife, what's wrong?"

Xiao Lingyu pointed at Xiao Letong and said, "This child just risked Ling 'Er's safety because he thought it was fun. I need to educate him."

"It's not like that." Xiao Ling also cried, "Brother didn't force me, and it wasn't dangerous. Mommy, you can't blame brother."

Gong Tianhao sighed and comforted Xiao Lingyu first, "Honey, don't be so agitated. Don't we understand our son? He loves Ling 'Er so much. How could he hurt her?"

Xiao Ling nodded and said, "Yes, yes, that's right. Brother is very good. He won't hurt me."

Xiao Lingyu and Gong Tianhao, "..."

Xiao Lingyu sighed and softened her tone, saying, "Okay, son, tell me what's going on."

Chapter 912: The Origin

Gong Tianhao saw that Xiao Lingyu's tone had softened. He looked at his son for a while and said with a smile, "Honey, don't be angry. Anger hurts the body. How about this? I'll talk to our son first. It's easier for men to talk to men, isn't it, son?"

Xiao Letong's eyes lit up, and he nodded in agreement, "Yes." From the moment he was born, his father knew his real identity, so it was more convenient for the two of them to communicate.

"..." Xiao Lingyu nodded and said, "Okay, you two have a good exchange."

When Gong Tianhao and Xiao Letong went to the study, Xiao Lingyu stared at Xiao Ling with a burning gaze.

She might not be able to get anything out of her son, but she should be able to get something out of Xiao Ling.

Xiao Lingyu waved at Xiao Ling with a smile on her face.

However, this smile looked a little creepy to Xiao Ling.

Xiao Lingyu rubbed Xiao Ling's little head and said with a smile, "Ling 'Er, I know you're a good child. You've grown up and are sensible now." Then, her expression immediately became a little serious, "You believe that you can hide secrets and not listen to Mommy anymore, right?"

Xiao Ling suddenly quivered and shook his head. "Mommy, that's not true."

"Then tell mommy whose idea was it to scare Walter with ghosts? Was it yours or your brother's?" Xiao Lingyu asked seriously.

"It's..." then, Xiao Ling covered his mouth and shook his head. He said honestly and guiltily, "I'm sorry, Mommy. I promised my brother that I would keep it a secret."

Xiao Lingyu understood everything then.

Everything that Xiao Ling did was instigated by her son.

For a moment, Xiao Lingyu felt a little complicated.

If she remembered correctly, her son, Xiao Letong, was not even four years old yet. No matter how eccentric or clever a four-year-old child was, his intelligence could not reach the level of an adult.

Moreover, his son's behavior since he was young was very different from a normal child. He was extremely intelligent, had a very high IQ, and was very mature.

Sometimes, Xiao Letong tried his best to act like a normal child, but sometimes his real nature would show through.

Xiao Lingyu did not think too much about it. She only thought that her son might be smarter than others.

But now that she thought about it, her son might be carrying a huge secret.

Thinking of this, Xiao Lingyu suddenly felt a little panic and fear.

'Could it be...

'No, it couldn't be...'

Xiao Lingyu didn't dare to imagine it.

On the other side, Gong Tianhao and Xiao Letong stood opposite each other. Their faces were knitted together, and their expressions were solemn and serious. They looked exactly the same. Just one was the mini version of the other.

Gong Tianhao looked at his son and sighed lightly. He patted his little head and said in a funny manner, "Don't be nervous. Daddy won't eat You."

Xiao Letong said angrily, "It's more likely that I'll eat you."

Gong Tianhao raised his eyebrows and said in amusement, "Is that so? That must mean that you're very capable."

"Of course!" Xiao Letong raised his head and said proudly.

However, his expression changed as soon as he said that. He thought to himself, 'Oh no, I've been tricked!'

Gong Tianhao walked toward the chair and sat on it. His expression was relaxed and interested. He smiled and said, "It seems like I really don't know my son. I don't even know what he is capable of. Come, son. Tell daddy about your great ability."

Xiao Letong sighed softly, then walked to another chair and sat down. He said, "I can fly. Is that great enough?"

"What?" Gong Tianhao was shocked when he heard that. He looked very incredulous. "You can fly?!"

Gong Tianhao never expected that.

Xiao Letong nodded and said, "That's right."

Gong Tianhao said in disbelief, "How is this possible?"

Chapter 913: The Origin

Xiao Letong spread his hands and said, "Why is it impossible? Mommy has been reborn and can turn her life around. So why can't I fly?"

"You know that your mommy was reborn?" Gong Tianhao asked in surprise.

"Yes, I've always known that!" Xiao Letong did not hide anything.

Gong Tianhao had always suspected that his son was reincarnated like his wife. However, he didn't ask for any confirmation. Now, when his son confirmed it, he still couldn't believe it.

This was too surreal.

His wife and son were both reborn.

Xiao Letong looked at the silent Gong Tianhao and continued, "I'm also a reborn person. However, my rebirth is different from Mommy's rebirth."

Gong Tianhao stared at him sharply.

Xiao Letong said, "To be precise, I'm actually a person who has lived through three lifetimes!"

Gong Tianhao stood up from his chair in shock and said in disbelief, "This... how is this possible?"

Three lifetimes?!

Therefore, his son was not the five-year-old son that his wife had lost.

Xiao Letong did not hide anything and said frankly, "The story has to begin from my previous, previous life."

Xiao Letong told his father about his transmigration and rebirth.

Gong Tianhao's initial shock became numb.

Gong Tianhao wanted to confirm it again, "You are saying that you are unable to overcome your inner demons for your ascension. So, in order to resolve your inner demons, your master and the rest of the sect sent you back through time?"

Xiao Letong nodded and said, "Yes." As he said this, his gaze seemed distant, and his voice was ethereal. He said softly, "The entire Heavenly Mountain sect is still waiting for me to overcome my inner demons and return."

He was supposed to cut off his emotions as he ascended, but he was loved too much when he was growing up. Those people had protected and doted on him, not allowing him to be hurt at all. They had even given up their lives for him.

Cultivators valued their lives very much. Therefore, Xiao Letong could not forget everyone who had given him warmth and love.

Thankfully, he was broad-minded and had outstanding talent. There were no obstacles in his cultivation... until he needed to ascend to immortality.

Gong Tianhao heard his son's words, and his heart tightened. He could not help but ask, "Xiao Tong, does this mean you'll leave us?" If Xiao Tong left just like that, his wife would be heartbroken.

She felt that she owed Xiao Letong. If he left just like that, wouldn't she feel even more regretful and guilty?

However, Xiao Letong shook his head and said, "No, I won't leave so soon." He would wait at least a hundred years first. For cultivators, a hundred years and a thousand years would only pass by in a flash.

Hearing Xiao Letong's answer, Gong Tianhao secretly heaved a sigh of relief. Then, he said, "If you leave this world just like that, I don't know how sad your mommy will be." Speaking up to this point, Gong Tianhao paused for a moment. Then, he asked softly and carefully, "Xiao Tong, have you ever hated your parents for what happened in your first life?"

In that life, Tong Tong's childhood was not very good. His father and mother were both responsible. But that was already in the past. Even if he wanted to make up for it, he could not make up for it.

Therefore, Gong Tianhao felt guilty toward his son as well.

Xiao Letong shook his head and said, "No! I have never hated mommy or Daddy. I have never hated anyone!"

Gong Tianhao walked up to him and bent down to hug him. His eyes were red, and his expression was filled with guilt. He said with a sobbing tone, "Tong 'Er, I'm sorry. Daddy has let you down. If Daddy had found you in that life, you wouldn't have suffered so much. You wouldn't have..."

Gong Tianhao really couldn't say the last sentence.

Chapter 914: Origin

In Xiao Lingyu's previous life, Xiao Letong's death was not only a matter of guilt for Xiao Lingyu but also for Gong Tianhao.

When he heard Xiao Lingyu talk about the tragedy of her previous life and her son Xiao Letong's regretful and sorrowful childhood, his heart ached.

In that life, he was not featured at all. Therefore, in this life, he decided to protect them well and not let them suffer any harm.

But now, he realized that neither his wife nor his son needed their protection.

His wife had a special ability space and could create all kinds of miracles.

His son was even more amazing. He was the legendary immortal.

On the contrary, he became the weakest person.

Gong Tianhao's feelings were indescribable.

But more than that, he was very happy.

In the future, no one would be able to hurt them because they were very powerful people.

Xiao Letong hugged Gong Tianhao with his small hands and said to Gong Tianhao in a mature tone, "Don't feel guilty! Am I not back now? In the future, the four of us will live together well. Don't worry. Before you die, I won't leave you."

Xiao Letong had regrets about his lives. However, after his rebirth, he no longer had such regrets.

On the contrary, he felt lucky.

.....

This was because the three of them were finally gathered together in this life.

What surprised him, even more, was that this father appeared before he was even born in this life.

Gong Tianhao hugged Xiao Letong for a while before asking, "Xiao Tong, have you always planned to hide this from your Mommy?"

No matter if Xiao Letong was four or five years old or two thousand years old, he was still Xiao Lingyu's son.

At this point, Xiao Letong was at a loss.

He looked at Gong Tianhao and asked seriously, "Daddy, do you think I should tell Mommy?" At this point, he said nervously, "If I tell Mommy, will she blame me for hiding it from her for so long?"

Seeing how his son returned to a helpless kid, Gong Tianhao rubbed his little head and said in amusement, "Tong 'Er, listen to me. Your Mommy will never blame you. Don't be nervous. If you choose to tell your Mommy, I will support you. If you choose to hide it, I will also help you. However, I hope that you will not hide anything from your Mommy."

After Xiao Letong heard this, he fell silent and seemed to be deep in thought.

Gong Tianhao stood quietly at the side, watching him and accompanying him.

He was still shocked in his heart. He could not believe that his son was actually an immortal cultivator who had lived for two thousand years. This was an incredible and long period of time for ordinary people.

In China, who knew how many dynasties had changed in two thousand years?

However, no matter how many lives Tong Tong had lived, he was still Gong Tianhao's son.

He would still dote on him as a child. No, in this life, he was still a child.

Actually, Gong Tianhao's heart was still a little complicated.

He did not know how shocked Xiao Lingyu would be if she knew about Xiao Letong's fate.

She had always wanted to make up for the son that she had lost. Tong Tong was that son but also not that son. That was because this son had already grown up.

Furthermore, this son had not helped them a lot behind the scene.

Previously, they thought that Xiao Ling did all those things, but in reality, it was all done by their son.

After an unknown period of time, Xiao Letong suddenly made a decision.

He walked up to Gong Tianhao and said to him seriously, "Daddy, I've decided."

Gong Tianhao raised his eyebrows and nodded, "Yes. No matter what decision you make, Daddy will support you! If you still plan to hide it from your Mommy, I believe that you have a reason to do so."

Xiao Letong shook his head and said, "Daddy, I don't plan to hide it from Mommy anymore!" Then, he explained, "I'm already a grown-up now. There are many things that mommy shouldn't worry about. There are some things that need to be explained."

Gong Tianhao nodded and said, "Alright!"

Then, the father and son walked out, holding hands.

When they saw Xiao Lingyu sitting there with a serious expression, they looked at each other. Then, Gong Tianhao let go of Xiao Letong's hand and returned to Xiao Lingyu's side.

Xiao Letong also stood in front of Xiao Lingyu.

Chapter 915: Xiao Lingyu's Shock

Xiao Lingyu saw the father and son coming out, and their expressions seemed a little serious. She said to them with a faint smile, "Are you two done talking?"

Gong Tianhao and Xiao Letong nodded in tacit understanding, "Yes."

Xiao Lingyu said with a laugh, "You two really have a tacit understanding." Then, her expression changed, and she said seriously, "In that case, can I have an explanation now?" She paused for a moment and said with a heavy tone, "After all, as a mother and a wife, I feel a little uncomfortable being kept in the dark by the people closest to me."

Her words seemed to be a little harsh, causing the expressions of the two men to change. Then, the two men looked at each other and said sincerely to Xiao Lingyu with the same expression, "I'm sorry!"

Xiao Lingyu waved her hand and said, "There's nothing to be sorry about. After all, everyone deserves their privacy."

"No, we were wrong!" The father and son admitted their mistakes once again.

The father and son looked at each other. Then, Gong Tianhao defended himself loudly, "Wife, I'm innocent. I really have nothing to hide from you. It's just that my son wants to have a heart-to-heart talk with me, and there are some things that I have to keep secret. As a father, I have to agree, right?"

Xiao Letong, "... " What a traitorous man. He promised to stand on my side earlier but now that he's with his wife, he has lost all his moral integrity.

Xiao Letong took a deep breath and said, "That's right. I was the one who told Daddy to keep it a secret. Mommy, Don't blame daddy!" His father was unrighteous, but he was still kind to him.

Xiao Lingyu raised her eyebrows, held back her laughter, and asked with a straight face, "Oh, if that's the case, then tell Mommy, what secret are you hiding from Mommy?"

Hearing Xiao Lingyu's question, Xiao Ling looked at Xiao Letong with a guilty look and then quietly stood to the side.

Of course, Xiao Letong noticed this. His eyes flashed, and then he honestly said, "I'm sorry, Mommy, I've lied to you through omission."

Hearing Xiao Letong's words, Xiao Lingyu's heart suddenly tightened and panicked. However, she still had to remain calm on the surface.

.....

She sighed lightly and said, "Child, no matter what, as long as it's not something that goes against your conscience, Mommy believes that you have your own reasons. Although you're only three or four years old, the intelligence and understanding that you've displayed since you were young are obviously different from ordinary people. Mommy isn't surprised that you have your own secrets. It's just that..." Xiao Lingyu continued with a serious expression, "Sometimes, mommy doesn't understand what you're doing. For example, when you used ghosts to scare Walter, it clearly exhausted Ling 'Er's spiritual energy. This might cause Ling 'Er to suffer a backlash. Why would you still do this?"

Xiao Ling wanted to open his mouth again, but when he met Xiao Lingyu's fierce gaze, he closed his mouth.

Xiao Letong let out a light breath and said truthfully, "Mommy, I didn't actually order little brother Ling 'Er around. I did all this. He was just a front that I used."

Since he had already decided to confess, he naturally wouldn't hide anything from Mommy. He would tell her everything.

Xiao Lingyu was already mentally prepared, but when she heard what Xiao Letong said, she was still very shocked.

Xiao Lingyu took a deep breath and said, "Okay, I'm listening."

Xiao Letong looked at Xiao Lingyu seriously and said with a slightly uneasy expression, "Mommy, I mean, I can remember things before I was born. Do you believe it?"

Xiao Lingyu panicked and asked nervously, "Xiao Tong, you... Could you be?"

A reborn child? So did her child have the same rebirth as she did?

But that was not right either.

Xiao Lingyu quickly reacted.

If Xiao Tong was reborn like her, then how did his ability come about? He was more powerful than Ling 'Er.

Chapter 916: Xiao Lingyu's Shock

The only reason she was able to be reborn was because of Ling 'Er's spiritual power. So why didn't Xiao Ling tell her that Tong 'Er had been reborn too?

Xiao Ling was simple-minded and never hid anything from her.

So, the rebirth of her son might not have anything to do with Xiao Ling...

Xiao Letong said, "Mommy, I was reborn. But my rebirth is different from yours. You accidentally obtained the space jade pendant. By chance, the spirit of space reversed time and gave you a chance to be reborn. My rebirth is... is the result of the hard work of many people."

Xiao Lingyu's pupils constricted, and her expression was nervous and anxious. She asked, "Tong 'Er, what do you mean by that?" When she asked this question, her hands were placed on Xiao Letong's small shoulders. Her actions were a little intense and hurt Xiao Letong, but Xiao Letong furrowed his brows slightly and did not say anything.

Gong Tianhao patted Xiao Lingyu's shoulders and said softly, "Yu 'Er, don't be so agitated. You're hurting our son."

When Xiao Lingyu heard that, she immediately released her hands and asked with concern, "Son, how are you? Did Mommy hurt you?" After saying that, she lifted Xiao Letong's clothes and wanted to take a look. "It's all Mommy's fault. I didn't pay attention to you."

Xiao Letong shook his head and said, "Mommy, I'm not in pain. Don't blame yourself."

Gong Tianhao said, "Yu 'Er, calm down. Let's sit down and listen to our son calmly, okay?"

Xiao Lingyu calmed down and nodded. "Yes, okay. We'll listen to you calmly. Son, no matter what you say, Mommy will believe it."

Xiao Lingyu had a premonition that her son's story would definitely be shocking.

Previously, even though she did not learn the truth from Xiao Ling, she managed to get some information out of him.

For example, Xiao Ling said that her brother was very powerful. A small spatial spirit like him could not be compared to him.

To Xiao Lingyu, Xiao Ling was already very powerful and amazing, but he couldn't be compared to her four-year-old son at all. How could she not be surprised and shocked?

As she was about to hear the truth from her son, she could not hide her excitement and nervousness.

Xiao Letong sighed lightly and said, "Mommy, you were reborn because of Ling'er's spiritual energy that reversed time and space. However, my rebirth is different. This is my third life."

The third life?

Xiao Lingyu's pupils constricted again, and her eyes revealed shock and doubt.

What did Tong Tong mean?

Xiao Letong explained, "Mommy, actually, your previous life is my previous previous life."

Xiao Lingyu, "... it was too shocking.

She guessed that her son might have been reborn like her, but she never expected that this was his third life. So what was going on? What had her son experienced?

In the past, she suspected that the spring water was the reason her son was so smart. However, he was simply too smart for his age. Even if he was a genius, he shouldn't be this smart.

Gong Tianhao held onto Xiao Lingyu's shoulder and observed the changes in her expression. Then, he said softly, "Yu 'Er, calm down. Let's listen to what our son has to say, okay?"

Xiao Lingyu's shock and panic quickly calmed down under Gong Tianhao's comforting words.

She nodded and said, "Yes, yes. I need to calm down and listen to what our son has to say." Then, she said to Xiao Letong, "Son, continue. Mommy will listen carefully."

Xiao Letong said, "In my first life, I didn't even get to see you for one last time..."

Hearing this, Xiao Lingyu's heart immediately ached. She said with guilt and regret, "I'm sorry, son. In that life, I wasn't a good mother. After giving birth to you, I didn't care about you and even vented my anger on you. Obviously, I was dumb and blind, but I blamed it on you. Son, I'm sorry. Please forgive me, okay?"

Chapter 917: Xiao Lingyu's Shock

They were talking about their previous lives, but for Xiao Lingyu, this was only four to five years ago.

She thought that in this life, she could make up for her regret and guilt toward her son. She also thought that she could dote on him even more.

However, she came to accept that her son was not her son from that life anymore.

But then, when he was standing before her and talking about her stupidity and mistakes in her previous life, her heart almost broke down.

Xiao Lingyu kept apologizing to Xiao Letong and hugged him tightly as she cried loudly.

Xiao Letong also started to cry. His small hand patted Xiao Lingyu's back as he comforted her, "Mommy, I don't blame you. Tong Tong has never blamed you."

In that life, his Mommy was deceived by a scumbag and love. That was why she couldn't tell what was right and wrong.

Her mother was actually also a victim. Moreover, due to his sudden arrival, she tasted all the insults and grievances.

Tong Tong had always been sensible, so he had never blamed his mother, Xiao Lingyu.

But at the same time, he was also regretful and wronged.

Because he had never been hugged by his mother, and he had never hugged his mother.

The mother and son hugged their heads and cried loudly. Gong Tianhao's eyes were also red, and tears could not help but fall from the corners of his eyes. He felt guilt and heartache toward his wife and child.

In that life, although he did not participate in their lives, he felt guilty.

If he had sent someone to investigate Xiao Lingyu, perhaps he would have been able to find them.

However, he did not.

After that night, his life was as peaceful as it could be.

However, Xiao Lingyu and her child were in deep trouble.

Gong Tianhao's arms hugged them as he sobbed, "I'm the one who should be apologizing. I'm the one who should be asking for forgiveness. If it weren't for me, you wouldn't have suffered so much in that lifetime. My wife, my son, I'm sorry!"

Xiao Ling's eyes turned red as he looked at the family of three hugging each other.

The family of three was all asking for forgiveness.

However, whether it was Xiao Lingyu or Gong Tianhao, the guilt and regret in their hearts seemed to have been released when they personally apologized to Tong Tong. That was because they never expected that one day, they could apologize to the actual Tong Tong.

After the three of them cried for a while, Xiao Letong said to them, "Daddy, Mommy, you don't have to apologize to me. I'm your son. I'll always be your son. You're my parents. You don't have to apologize to me. I have never blamed you. You gave me life and gave birth to me. You let me see this world and provided me with a fortuitous encounter. I should be thanking you."

Then, Xiao Lingyu and Gong Tianhao quietly listened to Xiao Letong's fortuitous encounter.

“That day, after I passed away in the ward, when I opened my eyes, I was in a warm and dark place. Then, there was pressure that kept pushing me out. Then, I heard waves of painful screams. Then, in my confusion, I was born.”

Xiao Letong remembered the birth of his previous life very clearly.

Xiao Lingyu immediately understood that her son was being born in another life. Xiao Lingyu felt a little sour in her heart.

Tong Tong was clearly her son, but he was born to another woman.

Of course, she was also grateful to that woman for giving birth to her son.

“I was born into a big family in the cultivation world. The mother who gave birth to me married the eldest young master of that big family and became pregnant. However, that mother was not welcome. The family didn’t think the mother was worthy of their family’s heir.

“Therefore, under a conspiracy, I was born ahead of time. After I was born, my mother bled to death.

“Before she died, her eldest senior brother arrived just in time. As she was dying, she asked her eldest senior brother to bring me back to Heavenly Gate Sect. The sect is a big sect in the cultivation world. It is also my father’s family’s sworn enemy. That’s why my mother married him under a false name. She was afraid that the people from the two sects would object. However, the conspiracy against her...”

Xiao Lingyu and Gong Tianhao listened attentively.

However, they were really shocked!

Chapter 918: Spell

After listening to Xiao Letong’s story of his transmigration and rebirth, the couple was shocked.

Gong Tianhao had already been shocked earlier, but when he heard it again, he was still in shock.

The couple could not come back to their senses for a long time and fell into deep thought.

When Xiao Lingyu came back to her senses, she looked at Xiao Letong and did not know what to say.

Her son was actually an immortal from the legends. Basically, he could do whatever he wanted in the world.

Of course, the couple could already do that in this world. They were powerful and rich enough. The strong preyed on the weak!

In any era, in any space-time, it was applicable.

Xiao Letong looked at his parents’ shocked and incredulous expressions and said seriously, “Daddy, Mommy, let me show it to you.”

After saying that, he walked to the door and waved his small hand.

Then, the clear sky outside without any clouds immediately became filled with dark clouds. Then, thunder rumbled, and after a moment, it began to rain heavily.

Xiao Lingyu and Gong Tianhao's eyes widened in shock.

They had received science education since young so they naturally knew how thunder and rain were formed.

It was a natural phenomenon.

.....

But now, this natural phenomenon, which they thought could be explained with scientific knowledge, was artificially controlled. And this control was done without any scientific means.

Gong Tianhao was shocked for a moment. Then, he swallowed his saliva and asked in disbelief, "Tong Tong, did you use a spell to summon rain and thunder?"

Xiao Letong nodded and said, "That's right. This kind of spell is a very low-level spell in our cultivation world."

"This is just a low-level spell?!" Xiao Lingyu said in surprise.

Xiao Letong's ability shocked them too much. In front of their son, they were just country bumpkins who had never seen the world before.

Xiao Letong nodded and said, "Yes, these are just low-level spells. A beginning cultivator would know how to do this." At this point, he looked outside at the sky that was still raining and said, "I learned this spell when I was two years old."

For him, learning any spell was very easy.

Just as his master had said, his aptitude was the best. Perhaps only one would appear every few thousand years.

Therefore, the entire sect hoped that he could ascend and then glorify the sect.

However, no one had expected that he would be unable to ascend because of his inner demon. Therefore, the sect decided to use all its strength to rid him of his inner demon.

When Xiao Lingyu heard that Xiao Letong was able to use such a spell at the age of two, she was very pleased and said, "My son is indeed the best."

Xiao Letong's face immediately turned red, and he said a little embarrassedly, "My master said that although my talent is good, I have a playful nature. I don't like to study and learn."

Xiao Lingyu said with a smile, "It's a child's nature to love to play. You were only two years old at that time, so you must have loved to play! Of course, your master said this to you for your own good."

No matter who it was, Xiao Lingyu was grateful to the Heavenly Gate sect that had nurtured Xiao Letong.

It was because of their care and love that he didn't fall into the haze of being abandoned by his own mother. Only then could he grow up happily and become an immortal.

Xiao Letong nodded and said very seriously, "Yes, I just felt that I was too insensible back then."

“No, no.” Xiao Lingyu shook her head and said, “Our Tong Tong is already very sensible.”

Xiao Letong looked at the heavy rain that was still falling outside for a while. Then, he waved his small hand, and the rain immediately stopped. Moreover, it became a sunny day again.

Perhaps because it had just rained, everyone felt that the air was much fresher.

Chapter 919: Spell

Gong Tianhao and Xiao Lingyu watched as their son waved his hand, and the sky became clear again. They were no longer shocked, but they still felt uneasy.

Their son was a god, and he was too powerful. As parents, they really felt a lot of pressure.

In the past, they thought that they were protecting their two children. Now that the truth was out, they realized that it was the two children who were protecting them.

The four of them stood at the door for a while before returning to the house.

Xiao Lingyu no longer doubted her son’s intention to harm Xiao Ling because her son’s abilities were even greater than Xiao Ling’s.

Moreover, Xiao Letong himself had said that Xiao Ling was just a front he used.

That was why...

Xiao Lingyu quickly reacted. She asked anxiously and with concern, “Tong Tong, didn’t you say that you immortal cultivators can’t attack mortals? Otherwise, you’ll be punished by the Heavenly Dao. Will you alright since you’ve targeted Walter?”

She had personally seen Leng Piao xue’s spell backfire. She obviously didn’t want her son to end up like that.

Xiao Letong shook his head, “Mommy, don’t worry. I’m fine. We didn’t really use an actual spell on him. I merely aroused Walter’s fear and made him hallucinate.”

There was no need to use spells on Walter. He was not worth it. He merely used some tricks to mess with him.

Xiao Lingyu looked suspiciously at Xiao Letong, then at Xiao Ling, and said in disbelief, “Really?”

The two children nodded together and said, “Of course.”

.....

Then, Xiao Letong said confidently, “They are small figures. There’s no need for me to use spells on them!”

The two kids didn’t look like they were lying. “Alright, Mommy Believes You!”

Xiao Lingyu seemed to have forgotten that these two were very good actors. One was an immortal, and the other was a weapon spirit. They had been able to act like normal children for so long. It was obvious that these two children had some talent for acting.

Of course, to a mother, her own children were the best.

Xiao Lingyu stopped pursuing this matter. She only needed to know that these two children were doing this for her own good. She believed them.

After Xiao Letong and Xiao Ling's secret was exposed, the family was no longer estranged. They were happy and harmonious.

However, Xiao Letong's background was too shocking. Gong Tianhao and Xiao Lingyu felt that it was better to hide it from their parents like before so that their parents would treat him as a smart and ordinary child.

Xiao Letong listened to his parent's opinions, and Xiao Ling did not have any objections. So the secret remained within the family.

Soon after, Xiao Lingyu received a call from the police station.

She was told that her case had been solved. The police would release an official statement to clear the name of the Green Fresh Group.

Xiao Lingyu also knew what had happened to Peter and the others. In fact, the process was not that complicated. It was merely crazy that these people would kill indiscriminately.

After Walter surrendered, the poisoning cases were solved.

To start this plan, Peter first sent his people to investigate the customer base of Green Fresh supermarket. Most of the people who went to the supermarket to buy things were either rich or noble. These people were first excluded by Peter. Instead, he focused on those who were desperate, like those with poor health, stubborn illnesses, and so on.

After screening, he chose those who were extremely filial and those who were very unfilial. Moreover, their families were relatively poor.

Those who were extremely filial saved money to buy vegetables from Green Fresh. They wanted to provide the best for their families.

An example was Brother Yu from Shanghai. Although he was a gangster and wasn't very rich, he was extremely filial to his grandmother. His grandmother's health wasn't good. He had heard that Green Fresh supermarket sold things that could treat illnesses and alleviate pain. He would line up every day to buy some for his grandmother.

His grandmother got better, but suddenly one day, his grandmother died after eating these vegetables. This was very obvious that there was something wrong with these vegetables. He used the same vegetables to feed some chickens and ducks. The chickens and ducks died too. He came to the conclusion that the food from the supermarket was poisonous.

Naturally, he went to his supermarket to demand an explanation.

He was grieving because of Grandma's death. He didn't want money. He only wanted an explanation. That was why he brought a large group of people to the supermarket.

Similarly, there were several families in the same situation as him.

As for the unfilial ones, even though they pretended to be grieving after their loved ones died, they brought everyone to the supermarket to ask for money. They wanted a lot of money.

Because it involved human lives, and this kind of case happened in many places at the same time, the news that Green Fresh poisoning people to death with their food became trending swiftly. Of course, there were also instigators behind the scene.

As for the method of poisoning, it was even more supervised.

They selected the targets and injected the poison into their food with a syringe.

Peter chose his victims carefully.

Chapter 920: *Due Process*

?

Peter also chose the people closest to the targets to do the poisoning. After the deed was done, they disappeared. Peter arranged for all these.

Actually, the police were already looking for these people who had disappeared in suspicious circumstances. It was just that Peter was well-prepared. The police couldn't find these people in a short period of time. Naturally, the case also fell into a deadlock, and the case could not progress for a long time.

Later, with Walter's confession, he told them everything he knew. The whereabouts of these poisoners were very clear.

To their surprise, Peter was really generous and shrewd. He directly arranged for these poisoners to go abroad so that the Chinese government couldn't reach them. Furthermore, it would take time for them to be extradited. There would be some procedures to go through.

During this period of delay, Peter, or rather, the Royal Forest Group, could also make do something to stop the Chinese government. After all, the poisoners were no longer in China.

However, Peter and the others never expected that Peter's right-hand man, Walter, would turn himself in and expose everything they had done.

To avoid complications, and also to prevent Peter from escaping when he got the news, after Walter turned himself in, they sent a large number of police officers directly to Peter's house to arrest him.

At that time, Peter was indeed preparing to leave the country. However, he was too late.

After Xiao Lingyu received the news, her face revealed some anger.

She said loudly, "He's really crazy!"

As a business competitor, it was actually nothing much for them to use underhanded and sinister methods to mess with the other party. It could be said that it was very normal.

However, Peter was really crazy. He had killed more than a dozen people at once.

In order to suppress the Green Fresh Enterprise and ruin its reputation, he had ruined more than a dozen innocent lives.

This was the second time Xiao Lingyu had shown such great anger since her rebirth. The first time was when Gong Tianhao got into a car accident and knew that it was the Qin family that was behind it.

Gong Tianhao patted Xiao Lingyu's back and comforted her, "Don't be angry. Anger is not good for you. Now that Peter and his subordinates have been captured, what awaits him is the punishment of the law. This is his retribution."

Xiao Lingyu felt a little uncomfortable in her heart. She said, "I didn't kill those people, but they died because of me. Those 12 innocent lives were killed because of our fruits and vegetables."

To put it bluntly, those 12 lives were indirectly killed because of her.

Thinking of this, Xiao Lingyu felt a little guilty and uncomfortable.

Gong Tianhao sighed and said, "Yu 'Er, this is not your fault. No one can predict that Peter would be so crazy. Plus, we're not immortals who could predict something like that."

Well, technically, their son was an immortal. However, even Xiao Letong couldn't divine something like that.

Gong Tianhao said, "How about this? We will give some compensation to the families of the victims. As for those unfilial children asking for money, we'll donate the money to charity in the name of the victims. How about that?"

Xiao Lingyu thought for a moment and did not object. "Yes, okay!"
