

FARM SPACE 941

Chapter 941: Dinner

The dinner started at 5:30 pm.

After lunch, many people were full of energy as they strolled around the more famous and mysterious Beale Castle Manor in Country F.

They found that even after strolling for an entire afternoon, they didn't feel tired at all.

Therefore, some big shots decided to have afternoon tea. During the tea, Gong Tianhao, Xiao Lingyu, and the others once again witnessed the grand occasion of a food fight.

During lunch, everyone snatched the dishes.

During afternoon tea, everyone snatched fruits and some pastries.

In short, the way they snatched things was like children fighting over their toys. Sometimes, they even fought until their faces turned red.

Gong Tianhao, Xiao Lingyu, and the servants, "..."

Even though Gong Tianhao said that there was no need to fight over the fruits, and there was still a large number of fruits that could be served, no one seemed to listen to him. It was as if they were a little slower, and the fruits would be snatched away by others.

After the plates of fruits were served, they disappeared in an instant. When everyone's stomachs became round again, there was no more left on the table.

"Mr. Gong, these fruits are so delicious!"

After eating and drinking their fill, the big shots lazily leaned back in their chairs. They rubbed their stomachs and burped before starting to discuss the food again.

Not to mention Gong Tianhao, even these noble ladies felt that their husbands were very relaxed. They actually had the time to discuss the food.

.....

One had to know that in the past, no matter how delicious the food was, they had good self-control. However, today, they forgot all about self-control.

"Mr. Gong, are these fruits also grown in Taoyuan Village?" Someone asked.

Gong Tianhao replied, "Of course! They all came from the Taoyuan Village."

People with noble status like them enjoyed the best things in their lives. For example, they lived in the best houses, drove the best cars, wore the best watches, and ate the best food. They didn't want to miss out on the best things, and at the same time, the things they used were unique. It was a symbol of their status and power.

In the past, they thought that the food they ate was already the best.

However, it was only today that they realized that was not the case. The biggest difference was the food they ate was mass produced while the food they ate was grown by Mrs. Gong.

“That’s right. In the future, if we want to eat these fruits and vegetables again, what should we do?” A big shot said in annoyance. Then, he thought of something, and his eyes lit up. He looked at Gong Tianhao and said, “Mr. Gong, since they are grown by your wife, can you ask her to grow more?”

Since they had already discussed this question, Gong Tianhao did not hesitate to continue.

Originally, he planned to field these questions from the subordinates. But the big shots became loose lips after they had their fill.

Gong Tianhao smiled and said, “Oh, what a coincidence. My wife founded the Green Fresh group in China that specializes in selling these fruits and vegetables. She sells them through supermarkets.”

At this point, Gong Tianhao paused and looked at the big shots before continuing, “If you need us, we are happy to serve you!”

Gong Tianhao did not try to hide it. The big shots and ladies present were all smart. After hearing what he said, they immediately understood what he meant, and their eyes lit up.

“Ah, Mr. Gong, is what you said true?” Count Wright appeared excited and excited, “So, from now on, can we eat the fruits and vegetables your wife grows in Taoyuan village every day? If that’s really the case, that would be great!”

Gong Tianhao said, “Yes, my wife is preparing to open a branch in various regions overseas. In the future, if there’s a need, you can go directly to the branch and make a reservation. We will have someone deliver the goods to your door.”

“Oh, my God, is your wife going to open a branch in our country?” When the group of big shots heard that Xiao Lingyu was opening a branch in various regions, their expressions were indescribably excited.

Chapter 942: Dinner

People would do anything for food...

Xiao Lingyu nodded and said, “We have already chosen a location in a few countries. We are just waiting for everything to be ready and for the opening time to be confirmed.”

Since they had asked, there was no need for Xiao Lingyu to hide it anymore.

“In the future, we hope to get support from everyone.” Xiao Lingyu said with a smile.

“Haha, of course!” Everyone replied with a smile.

Previously, they had been worried that they would have to go to Taoyuan village to eat this food in the future. Now that the other party planned to open their shop right in their countries, they could eat it anytime they wanted.

Thinking of this, they feel very good mood!

These things were not only delicious, but the people also felt comfortable after eating them. Plus, Mr. Gong said that eating the food daily would be good for their bodies. With Mr. Gong's identity, he didn't need to lie to them.

"Madam, you said that you have already chosen a location in a few countries and that you will open the shop once everything is ready. May I ask, Madam, which countries have you selected?" The big shots were not more concerned about their food.

Xiao Lingyu smiled and said the names of a few countries.

Then, Xiao Lingyu smiled and said, "Because of the supply of goods and transportation problems, we can only open branches in these few countries for the time being. However, once everything is ready, we will be ready to open in more countries!"

Some of the big shots were quite happy when they heard that they had branches in their own countries.

"That's great!" The big shots said with a smile.

.....

"Please come to our country as soon as possible," some of the big shots said with some regret.

"Okay!" Xiao Lingyu replied with a smile, "Once everything is ready, we will naturally open more branches."

After that, these rich ladies chatted happily with Gong Tianhao and his wife!

Before they knew it, it was time to hold the banquet!

Previously, Gong Tianhao and Xiao Lingyu had prepared the banquet to give everyone a surprise.

However, the lunch and afternoon tea had already been big surprises.

However, the dinner would still be a great surprise.

After all, there were still many things that they had not shown to the guests!

Xiao Lingyu was prepared to sell these things in the future.

The dinner party was in the castle's back garden. Colorful balls and colorful lights decorated the back garden beautifully.

Red wine, white wine, fruits, pastries, and all sorts of things were placed in the garden.

However, the guests at the dinner party acted as if they had never eaten anything. When they saw the things placed on the long table, their eyes lit up.

They quickly picked a few fruits that they did not have the chance to try in the afternoon.

Some of the bigwigs looked at the decorations on the pastries, and their appetites flared up. They also wanted to have a taste.

The noble ladies looked at these beautiful and fragrant pastries and swallowed their saliva. However, they did not dare to touch them.

No matter how much they slurped, they still remembered that these were high-caloric foods. If they ate them, they would gain a pound of weight. In order to maintain their figure, they would rather just look at them.

Xiao Lingyu noticed the hesitation of these ladies as they looked at the pastries. She walked over with a smile and said, "Ladies, don't worry. These pastries won't make you gain weight."

Then, she stuck a piece into her mouth with a fork.

The ladies' eyes widened in disbelief.

They had noticed Xiao Lingyu's perfect figure and thought that she was like them, starving herself to maintain her figure.

But as they watched Madam Gong eat the pastries one after another, they immediately had deep suspicions.

Madam Smith watched as Xiao Lingyu ate the pastries. She swallowed her saliva and asked, "Madam Gong, aren't you afraid of gaining weight after eating so many pastries?"

Even though she was a foodie, she also paid attention to maintaining her figure. She usually ate some fruits. As for dessert, no matter how tempting they were to her, she was able to restrain herself.

Xiao Lingyu smiled and said, "Oh, you mean these pastries?" She glanced at the pastries on the plate and shook her head, "You don't have to worry. Its calories aren't high. They are just like those fruits and vegetables. No matter how much you eat, you won't gain weight."

"How is that possible?" The ladies clearly didn't believe it.

Pastries were high-calorie snacks.

Even if one gained a little weight, it would be too difficult to lose it.

Xiao Lingyu explained with a smile, "Actually, all the ingredients used to make this pastry came from Taoyuan village, be it flour, milk, or eggs. As I said before, we've used technology to remove the impurities in our food. So that only the nutrients remain. So no matter how much you eat, you won't gain weight."

After hearing Xiao Lingyu's explanation, the ladies were skeptical.

They really wanted to eat and taste the dessert, but they felt that the most important thing was their figure.

Perhaps for a woman, her beauty was more important than her life.

Mrs. Smith didn't know if she believed Xiao Lingyu or not, but her hand was already reaching for the pastries.

The other ladies looked at each other. Their expressions were still hesitant, but at the same time, they yearned for the pastries.

After all, they didn't get much chance to enjoy desserts. Sometimes, even if they wanted to eat, they would just take a small bite and taste it.

"Wow, it's really delicious!" Mrs. Smith held a piece of pastry in her hand and took a bite. Suddenly, she exclaimed, "It's sweet but not greasy. It's fragrant. Ah, it's really delicious. It's just how I like it!" Then, she took another bite.

All the ladies, "..."

Were they going to eat it or not? It was too tempting and too difficult.

Chapter 943: Dinner

In the end, these ladies surrendered to the temptation of these pastries, so they decided to try one. Once they started eating, they couldn't stop.

The pastries fitted their taste too much. It was sweet but not greasy, and it also carried a light fragrance. This light fragrance was the fragrance of the original ingredients. This made them feel as if they were floating after taking a small bite.

"Oh, my god, these pastries are so delicious!"

They had already let out countless exclamations today.

However, they never stopped because the food was endlessly delicious.

The Little Foodie, Mrs. Smith, said, "Even though I know that eating too much of these pastries might make me fat, I really can't stop eating such delicious food. So, I've decided that I'll indulge today. I'll just work out more tomorrow."

It was an irresistible delicacy.

For foodies, rejecting these delicacies would make them regretful for the rest of their lives.

Xiao Lingyu comforted her with a smile, "Don't worry, Mrs. Smith. I've told you that these pastries are just like those fruits and vegetables. No matter how much you eat, you won't gain weight. You can eat them without worry." At this point, Xiao Lingyu even winked at Mrs. Smith and said with a smile, "Let me tell you a secret. Not only will you not gain weight by eating these things, but you will also lose weight. You will burn all the excess fat on your body."

After hearing this, Mrs. Smith widened her eyes in shock. She looked at Xiao Lingyu in disbelief and asked, "Mrs. Gong, is what you said true? Are you lying to me?" If the pastries could really help her lose weight, she would swallow them instantly.

Xiao Lingyu said, "Mrs. Smith, I don't think I have to lie to you at all. Let me tell you. I actually like eating pastries. But I was just as worried as you were before. After eating too many high-calorie pastries, I'd gain weight too. So, I developed a type of fat-burning diet pastries. In the future, no matter how many pastries you eat, you won't have to worry about gaining weight anymore."

When Mrs. Smith heard this, she said in surprise, "So, these pastries are the weight-loss pastries that you developed? But how did you do it?"

Xiao Lingyu explained, "The original ingredients of these pastries came from Taoyuan Village. With the female customers in mind, I told my team to add some active elements to the ingredients. Don't worry. The ingredients don't have any side effects on the body." In fact, the so-called active element was spring water. Of course, Xiao Lingyu didn't tell them that.

.....

Mrs. Smith looked at Xiao Lingyu's perfect figure, covered her mouth, and said in a low voice, "So, you got your beautiful figure from eating these?"

Xiao Lingyu nodded. "That's right. I like to eat, but I will never restrain myself from eating delicious food in order to maintain my figure."

Madam Smith believed Xiao Lingyu's explanation.

Just like what Madam Gong had said, there was no need for her to lie to them, was there?

Besides, with their status as noblewomen, even if Mrs. Gong wanted to please them, there was no reason to lie to them to get them to eat these high-calorie and fattening things.

What good would that do her? On the contrary, Xiao Lingyu would have offended that. No one was that dumb.

After thinking this through, Mrs. Smith felt at ease and boldly ate these pastries.

There were many types of pastries, and they all had different tastes. However, their common characteristic was that they were delicious.

When the other ladies saw Mrs. Smith eating the pastries without restraint, they were both surprised and curious.

One of the ladies asked Mrs. Smith with slight doubt, "Mrs. Smith, aren't you afraid of gaining weight after eating so many pastries?"

Mrs. Smith said with a nonchalant smile, "Mrs. Gong said that not only will these pastries not gain weight, they also help us lose weight."

The lady who asked was a little surprised and asked, "Do you really believe what Mrs. Gong said?" They had always been skeptical of Xiao Lingyu's words. Although they were tempted by the pastries too, they were more cautious.

Chapter 944: Dinner

“Why not?” Mrs. Smith asked with a puzzled expression. “Mrs. Gong has no reason and no need to lie to us. Even if she were to lie to us, what benefits would she get?” Not only would she not get any benefits, but it would also piss everybody off.

Yes, Mrs. Gong had no reason or need to lie to them.

With that, everyone felt at ease and boldly ate the pastries.

As for the husbands, when they saw their wives eating the pastries one after another, their expressions were obviously shocked.

Were they seeing things?

Their wives normally wouldn't even dare to eat too much rice for fear of gaining weight, but they were munching on pastries.

Were they possessed?

However, they also understood their wives. They valued their figures very much. They wouldn't be eating so much for no reason.

Gong Tianhao noticed the expressions of these big shots. He smiled and explained, “These pastries won't make people gain weight, so you can eat as much as you want.”

When the big shots heard Gong Tianhao's explanation, they couldn't believe it. “Mr. Gong, what did you say? Aren't these pastries high in calories? How can they not make people gain weight?”

Gong Tianhao was like Xiao Lingyu as he explained with a smile, “The original ingredients of these pastries all come from Taoyuan Village. For example, flour, eggs, milk, and fruits. These things have their impurities removed. Naturally, no matter how much you eat, it won't make you fat.”

The big shots believed Gong Tianhao's words more.

Their wives were all served by Madam Gong, so they must have heard the same explanation from Madam Gong. That was why these wives let their restraints go and started eating.

.....

The big shots looked at the food. One of them smiled and asked, “Mr. Gong, are you hiding anything else amazing tonight? Hurry up and take it out and let everyone have a taste.”

Gong Tianhao smiled mysteriously and said, “Yes, there are more surprises. But isn't the best always kept for last?”

Some of the big shots' eyes lit up and immediately said, “So there are more? Don't keep us in suspense. Hurry up and take it out!”

One of the big shots smiled and said, “Or do you want to wait until everyone is full before you take out the good things so that we can only look?”

“That's right. Mr. Gong, how can you have such thoughts?” Some big shots jeered, “If that's the case, you're too unkind. If there's good stuff, shouldn't you take it out and share it with everyone?”

One by one, all of them urged Gong Tianhao to take out the good stuff.

The ladies finished the pastries, heard the men, and walked over.

Listening to their conversation, the ladies asked Xiao Lingyu curiously, "Mrs. Gong, is there anything else that hasn't been served? The banquet has already started. Are you still planning to hide it?"

They felt familiar with Xiao Lingyu. That was why they would tease Xiao Lingyu in such a friendly tone.

"That's right. If there's anything good, you should share it with us." another lady said with a smile, "If you take it out when we're full, we can only watch. That would be meaningless."

"Mr. Gong, Mrs. Gong, stop hiding it. Plus, we all want to see this amazing thing. Isn't that right?"

"That's right!"

Gong Tianhao and Xiao Lingyu looked at each other before Gong Tianhao said with a smile, "Alright then, I'll get someone to bring it out now! Butler..."

Butler Robert immediately went forward. "Master!"

Gong Tianhao instructed, "Bring out those jars of peach blossom wine and let everyone taste it."

The butler immediately replied, "Yes, Master!"

After the Butler left, someone asked curiously, "Peach Blossom Wine? Mr. Gong, did you just say Peach Blossom Wine?"

Gong Tianhao smiled and nodded. "Yes!"

Madam Smith looked at Xiao Lingyu and asked, "Madam Gong, could it be a wine made from the Peach Blossom?"

Xiao Lingyu smiled and said, "Madam Smith is really smart. That's right. The peach blossom wine is a wine made from the peach blossom."

Madam Smith's eyes lit up, and she asked curiously, "Is that good? How is it compared to the health fruit wine that we drank before?"

"The two types of wine have different tastes and strengths. It's hard for me to compare." Xiao Lingyu smiled. "How about everyone has a taste and make the comparison yourself?"

A madam said intelligently, "Since this Peach Blossom Brew is the last to appear, it means that it must be a good thing. This will be amazing."

Hearing this, Xiao Lingyu only smiled.

Peach Blossom Brew was quite heavy despite its mellow smell. Even people who did not know how to drink would fall in love with it.

Back then, Xiao Lingyu had considered female drinkers, so she had brewed two types of Peach Blossom Wine. One was stronger, and the other was weaker.

Mrs. Smith suddenly thought of a question. "Madam Gong, if you can brew health wine and Peach Blossom Wine, can you also brew other flavors of wine?"

These wines were named according to the main ingredients.

Xiao Lingyu smiled and said, "That's right. There are other wines, such as apple wine, bayberry wine..."

All the bosses and ladies, "..."

Chapter 945: Dinner

When the Butler brought the Peach Blossom Wine over with the servants, all the guests stared at the jars with shining eyes.

The packaging of the Peach Blossom Wine was actually not much different from the health fruit wine that they had drunk before.

Only the jar that contained the health fruit wine was black, while the jar that contained the peach blossom brew had a little brownish-yellow color. The sealed jar was tied with red cloth at the mouth.

A group of big shots and noblewomen looked at the Peach Blossom Wine with curiosity and asked, "Mr. Gong, is this the peach blossom wine?"

Gong Tianhao nodded and said, "Yes, these eight jars of wine are the Peach Blossom Wine!"

Then, he nodded to the butler to open the wine jar!

The Butler received the instructions and opened the wine jar very carefully.

After opening the jar, the Peach Blossom Wine immediately emitted a mellow peach blossom fragrance.

"Oh, it smells so good!" Someone exclaimed. "Ah, this wine is so fragrant!" The fragrance of the wine was different from that of the fruit wine, but it was more intoxicating.

Someone closed his eyes and smelled the fragrance of the wine. He said, "Smelling this fragrance, I feel like I'm seeing peach blossoms flying all over the sky."

"I also feel like I'm seeing many, many peach blossoms floating in front of me. I'm dancing among them. I'm very happy!" A noblewoman said with her eyes closed. When she said this, she raised her hands and really danced.

"This feeling is really good. I feel like I have returned to the happy and happy era of my youth!"

The big shots and the ladies were all immersed in the fragrance of the Peach Blossom Wine, bringing up all kinds of daydreams and happy memories.

.....

The only ones who remained clear-headed were Gong Tianhao and Xiao Lingyu. Even the servants and bodyguards had their eyes closed as if they were also immersed in this.

Gong Tianhao and Xiao Lingyu held hands and watched quietly without interrupting them.

After an unknown amount of time, they all woke up. Their eyes were still filled with confusion, but they were staring at the opened Peach Blossom Wine.

After a moment, Mrs. Smith exclaimed, "Oh my god, I feel like I've returned to the sweet era of dating my husband. This is unbelievable!"

Mrs. Smith and her husband were very close. Mrs. Smith was a little naive and cute because she was spoiled by her husband.

The relationship between them was successful. The two families were of equal status. They were childhood sweethearts. When they grew up, the two of them were in love with each other. Naturally, they fell in love, got married, and had children.

Before Mrs. Smith was married, she was doted on by her parents and brothers. After she got married, she was doted on by her husband and in-laws. She had never been wronged by her husband. People envied her for such good luck and good fortune.

Her husband doted on her. Usually, when he went to participate in activities, she would be brought along. With her status, no one else gave her any ill looks.

Therefore, Mrs. Smith could be said to be the happiest woman.

As soon as Smith finished speaking, her husband, Marquis Jon, walked over and held her hand. He said with a doting smile, "My dear, I seem to have returned to the time when we were young and in love."

Mrs. Smith's eyes lit up, and she said happily, "Is that so, my dear?"

Marquis Jon nodded and said with a smile, "My dear, may I ask you to dance with me?"

"Of course!" Madam Smith said with a smile.

The music immediately began.

Watching them dance in the arena, Gong Tianhao and Xiao Lingyu looked at each other, then the two of them walked to the arena and danced.

The others started to join in.

There were only a few big shots who did not bring their wives over. They looked at the more than 20 couples who were dancing on the stage.

They felt a little regretful now. If they had known earlier, they would have brought their wives over. It wouldn't have felt so bad.

When Rexham came out of the guest room to attend the banquet, he smelled a special fragrance before he arrived.

He wrinkled his nose and asked the servant who was leading the way, "What's that smell?"

The servant replied, "It's the smell of wine!"

Chapter 946: Dinner

“What? Is it the fragrance of wine? What kind of wine is this? It smells so good and is also so special?” Rexham asked.

The servant replied, “It’s Peach Blossom Brew!”

“Peach Blossom Brew?” Rexham frowned and did not continue asking. Otherwise, it would appear that he was too ignorant. He did not want to lose face in front of the servant.

When he arrived at the banquet venue, he saw that there were already more than twenty couples dancing.

Count Wright noticed him at first glance and asked with a smile, “Hey, Rexham heard that you went to the doctor for pooping. You’ve been resting in your room because of that. Is that true?”

Rexham glared and said loudly, “What are you talking about? I’m just not feeling well, okay?”

Wright shrugged and said, “I know.” Then, he looked around and whispered in his ear mysteriously, “Rexham, I heard that you shit on your pants. You didn’t bring any new pants, so you wore your subordinates’ pants. Is that true?”

“Who said that?” Rexham was embarrassed and angry when he heard it and said loudly, “I didn’t shit in my pants!”

As soon as he finished speaking, he immediately received a strange look from the people around him.

Initially, no one knew about this. Plus, Wright was whispering. It was Rexham who shouted out loud.

“Haha... What? Mr. Rexham, did you actually shit your pants?”

“Rexham, are you alright? Why would you shit your pants?” It sounded like he was concerned, but there was a hint of mockery in his words.

All of them began to tease Rexham. This made Rexham’s face turn red on the spot. He was both embarrassed and angry. He said loudly, “This is not true!” In any case, he would not admit it. It was too embarrassing!

.....

He even bore a grudge against Wright. He did not know how Wright knew that he had shit in his pants. Furthermore, he spoke in such detail as though he had seen it with his own eyes.

‘Wait a minute.’ Rexham had a flash of inspiration and thought to himself, ‘Could there be a surveillance camera in the bathroom? Otherwise, other than my subordinates, who else would know about such a secret matter?’ Rexham glared at Gong Tianhao angrily.

Gong Tianhao and Xiao Lingyu were dancing when they suddenly received the sharp gaze. They looked over.

Xiao Lingyu noticed the change in her husband’s expression and asked curiously, “What’s wrong with you?”

Gong Tianhao did not hide anything and said, "I don't know what, but I feel that this Rexham isn't very friendly to us. The gaze he shot at us just now was filled with anger."

Xiao Lingyu asked curiously, "Did we offend him?"

Gong Tianhao laughed, "How did we offend him? He has been ill all day. He didn't even attend the meeting and didn't join us for lunch! He has just arrived for dinner. We didn't even have to offend him."

Xiao Lingyu frowned and asked curiously, "That's weird. Rexham can't be angry at us for no reason, right? Could it be that the servants didn't treat him well and offended him?"

Gong Tianhao thought for a while and said, "That's very possible! In any case, he is our guest. I don't know why he's angry. As the host, we have to appease him well. We can't let others see that we're treating our guests with disdain or disrespect."

Xiao Lingyu nodded and said, "That's true."

Xiao Letong, who had been watching with Xiao Ling, also noticed Rexham's angry gaze at his parents. His eyes darkened, and then his little finger moved. A ray of light that ordinary people could not see shot into Rexham's stomach.

'It seems like one lesson is not enough. Fine.'

Rexham glared at Gong Tianhao, wanting to ask for an explanation from Gong Tianhao, but he suddenly had a bad feeling.

He had experienced this feeling all day. He thought that he had gotten better, but...

Rexham's expression changed. Then, without saying anything to anyone, he turned around and ran away.

If he really shit his pants again, he would be humiliated in front of the entire world.

"Eh, why did Rexham leave so quickly?" Someone looked at Rexham's hurried back and was filled with doubt, "He didn't attend the meeting, didn't eat lunch together, and didn't attend the dinner party. What's wrong with him?"

Someone asked, "Wright, do you know what's wrong with Rexham?"

Wright said, "I heard that his stomach wasn't feeling well before. I guess he's still not feeling better?" He might have run back to poop.

Everyone immediately understood.

Someone asked curiously, "Why did he have diarrhea? Could it be that he ate something bad?"

If he really ate something bad, it might be related to the food provided by Gong Tianhao.

Wright waved his hand and said, "Who knows? I heard that when he came here this morning, he didn't even drink any water and started to have diarrhea."

When they heard that Rexham had diarrhea without touching any of the food and drink, many people were relieved. This meant that Rexham's diarrhea had nothing to do with the food served.

“That might be because he ate something bad before he came!” Someone said.

However, this was somewhat impossible.

People with their status had strict control over their food. It was impossible for them to make such a mistake.

When Gong Tianhao brought Xiao Lingyu out of the dance hall, Rexham had already left.

He asked curiously, “What’s wrong with Mr. Rexham?”

Wright smiled and said, “He has diarrhea.”

Gong Tianhao, “...”

Chapter 947: Not Now

Gong Tianhao frowned and asked doubtfully, “He has diarrhea. Didn’t he consume any of our food and water?” Then, he asked the butler.

The Butler immediately reported the situation to Gong Tianhao, “In the morning, I heard that Count Rexham had diarrhea. I immediately asked Mr. Situ to see him. Then, I prepared water and food and sent them to Count Rexham’s room. However, the servant reported to me that Count Rexham didn’t eat or even drink a mouthful of water!”

When he reported the situation, there was still some worry on his face.

After all, if a person with diarrhea didn’t eat or drink water, it was very likely that he would become dehydrated. That would be dangerous.

Gong Tianhao said, “Butler, go and call Mr. Situ over. Come with me to see Count Rexham!”

Although Rexham coveted his wife, Rexham did not take any action. However, Gong Tianhao wouldn’t invite Rexham to any activities in the future.

However, nothing could happen to Rexham now. At least nothing could happen in his castle. Otherwise, it would be hard to explain in the future.

The butler replied respectfully, “Yes, Master!”

Then, the butler immediately ordered the servants to look for Situ Xing.

Xiao Letong, who had been watching, frowned in confusion.

Then, he walked over and transmitted his voice to Gong Tianhao, “Daddy, why are you bringing Uncle Situ to see that scoundrel?”

“Scoundrel?” Gong Tianhao muttered these two words and pondered for a while. Then, his sharp eyes stared at Xiao Letong. Then, he noticed that Xiao Letong was frowning as if he didn’t understand.

Gong Tianhao looked around and then pulled Xiao Letong to the side. He asked seriously, “Tong Tong, Tell Daddy, did you cause Rexham to be like this?”

.....

Xiao Letong didn't hide anything and said, "Yes. Who asked that scoundrel to covet Mommy? I just want to teach him a lesson!"

When Gong Tianhao heard this, he immediately rubbed his forehead.

Xiao Letong noticed Gong Tianhao's expression and asked carefully, "Daddy, what's wrong? Did I do something wrong?"

Gong Tianhao looked at his innocent son, who had lived for more than 2,000 years and still did not understand the ways of the world. He sighed lightly and said, "Son, you didn't do anything wrong. A bastard like him who covets your mommy and my wife indeed needs to be taught a lesson. Even if you don't, Daddy will teach him an unforgettable lesson."

Xiao Letong heard this and secretly heaved a sigh of relief. He thought that he had done something wrong and would make daddy unhappy. It turned out that Daddy agreed with him. Then, he was relieved.

But...

"But, son," Gong Tianhao changed the topic and said in a very serious tone, "You can teach him a lesson but not now. . Do you understand?"

Xiao Letong shook his head and asked doubtfully, "Why?"

Gong Tianhao said, "Because Rexham is our invited guest. And as the host, we have to be responsible for our guests. If something happens to the guest in the host's house, even if the host didn't do anything, he would still be responsible. Do you understand?"

Xiao Letong understood what he meant. He said, "Oh, daddy means that if something happens to our guest here, no matter whether you're responsible or not, you'll be implicated."

"Yes, that's what I mean. Tong Tong is very smart!" Gong Tianhao smiled and patted his little head.

Xiao Letong's little face immediately turned red.

He was already more than two thousand years old, but he still didn't understand this logic. He felt a little embarrassed.

Xiao Letong suddenly thought of something and said, "Then I'll undo the spell so that he won't have diarrhea."

Hearing this, Gong Tianhao frowned again and asked, "Tong Tong, did you use a spell to make him have diarrhea?"

Then, without waiting for Xiao Letong to answer, he said seriously, "Didn't you say that cultivators can't use spells on ordinary people? Otherwise, you'll suffer a backlash."

Then, Gong Tianhao checked Xiao Letong's body from top to bottom and asked with concern, "Are you okay now?"

Xiao Letong was stunned for a moment, then he shook his head and said, "Daddy, don't worry. I'm fine. Actually, it's not a spell. It's just a little trick."

Chapter 948: Not Now

"Little trick?" Gong Tianhao was obviously not convinced. "What little trick?"

Xiao Letong grabbed his little ear and explained, "How can I explain this? However, I assure you that I absolutely did not use magic on Rexham. I didn't use any spells on Walter, and I didn't use any on Rexham either. Using spells will cause a backlash. This Rexham is not worth it for me to do this!"

"Is that true?" Gong Tianhao asked suspiciously.

"Yes, of course, it's true. If you don't believe me," Xiao Letong turned his head and pointed at Xiao Ling. "Ling 'Er can testify for me."

The corner of Gong Tianhao's mouth twitched. He touched his little head and said in amusement, "Your Mommy and I know that Ling 'Er listens to you. Of course, he will say whatever you want him to say."

Xiao Letong's little face turned red again, and he felt a little embarrassed.

"Alright, that's it for now," Gong Tianhao said, "Your Uncle Situ and I are going to visit Rexham later. As for you, you can relieve his diarrhea."

Xiao Letong nodded and said, "Okay!"

After the father and son finished speaking, they were about to leave when Xiao Letong pulled Gong Tianhao back.

Gong Tianhao turned his head and asked curiously, "What is it?"

Xiao Letong raised his head and asked seriously, "Daddy, when are we going to teach him a lesson? That Bastard covets Mommy. We can't let him go just like that."

Gong Tianhao patted his head again and revealed a funny expression. Then, he lowered his head and said in a low voice, "Son, we can teach him a lesson whenever we want, but at least not now. Moreover, we can't do this to him. He's our customer. He eats our fruits and vegetables. If something happens to him after eating our food, he'll suspect our food. Do you understand?"

Xiao Letong frowned and said, "Then we won't sell the food to him. He is a bad person. I don't want to see the bad person's health get better and better."

.....

Gong Tianhao said helplessly, "Alright, Daddy will listen to you. We won't sell him our food, but he's our guest today."

Xiao Letong nodded and said, "Okay, I got it!"

Gong Tianhao looked around and said, "After you take care of that, go play with Ling 'Er!"

“Okay, okay!”

Then, Gong Tianhao greeted Xiao Lingyu, “I’m going to visit Count Rexham. I’ll have to trouble my wife to take care of the guests.”

Xiao Lingyu asked, “Do you want me to go with you?”

“No!” Gong Tianhao quickly refused, “I’ll go and see him and then come back.”

‘What a joke. Originally, this Rexham is coveting you. That’s the reason why our son has taught him a lesson.’

He would never send his wife in front of a bastard who had feelings for his wife.

Gong Tianhao and Xiao Letong then went to Rexham’s resting room.

When they reached there, Situ Xing was already in the room treating Rexham.

The moment Gong Tianhao entered the room, he immediately went forward and asked, “Count Rexham, how are you feeling now?”

Without waiting for Rexham’s reply, Gong Tianhao asked Situ Xing, “Situ, how is Count Rexham’s body now?”

Xiao Letong did not follow him into the room. After hearing Gong Tianhao’s words, he moved his little finger slightly at the door. Then, a white light shot out from Rexham’s stomach, then, it returned to Xiao Letong’s little finger.

After doing this, Xiao Letong greeted Gong Tianhao, “Daddy, Little Brother Ling ‘Er, and I are going out to play!”

This was the secret signal between them, indicating that everything was fine.

Gong Tianhao nodded and said, “Yes, Go!”

Situ Xing frowned and replied, “Count Rexham probably ate something bad in his stomach. That’s why he kept having diarrhea.”

Rexham said unhappily, “You said the same thing this morning and even prescribed me some medicine. But after taking medicine, why is it so useless? Why do I keep having diarrhea?”

Not only did people know that he had diarrhea, but they also knew that he pooped in his pants. It was too embarrassing.

Speaking up to this point, Rexham glared at Gong Tianhao and asked, “Mr. Gong, did you install a surveillance camera in the bathroom?”

As soon as he finished speaking, Situ Xing burst out laughing and said, “Count Rexham, who would do something like that?” Speaking up to this point, Situ Xing suddenly asked suspiciously, “That’s not right, Count Rexham. Why did you suddenly ask if there was a surveillance camera in the bathroom? Did you do something in the bathroom? Or did someone see what you did in the bathroom through the surveillance cameras? Is that why you have such suspicions?”

“Situ!” Gong Tianhao called out very seriously. His eyes were warning him not to go too far. After all, Rexham was a guest.

Situ Xing shrugged his shoulders and shut up.

Gong Tianhao said sternly, “Count Rexham, are you doubting me? Why would I do that? Am I a pervert?”

Rexham’s face was red with embarrassment. He had no evidence. His question had made his host angry.

After all, this was Beale Manor and not a public place. Even if it was a public place, it was impossible to install surveillance cameras in a place like the bathrooms. This involved people’s privacy.

As the host, Gong Tianhao did not want to be overbearing, so he said, “In a while, drink some water, eat some medicine, and eat something. The food here has a certain healing effect. After you eat them, you might be better.”

As for whether he believed it or not, he did not care.

After Gong Tianhao ordered someone to bring the things over, he said, “Count Rexham, rest well. In a while, I’ll come back to see you!” Then, he instructed the servant, “Take good care of Count Rexham!”

“Yes, Master!” The servant replied.

Count Rexham, “...” he left just like that?

Chapter 949: Rexham was Chased Out

Not long after Gong Tianhao left, Rexham felt much better.

He listened to Situ Xing’s instructions and swallowed the medicine first before eating something.

He had been pooping for a whole day, so he looked listless, dispirited, and haggard.

After drinking some water and eating the vegetable congee, he suddenly felt much better.

The subordinate looked at his face, which had become spirited and ruddy, and said in disbelief, “Master, you look much better.”

Hearing that, Rexham touched his face and said in disbelief, “Is this true? Isn’t the effect a bit too fast?” For someone like him who had severe diarrhea, it would take at least a few days to recover.

But how long had it been since he took medicine? Half an hour? He was really surprised that he had recovered so fast.

The attendant pointed to a mirror in the guest room and said, “Master, look, I’m not lying to you.”

Rexham walked to the mirror and saw a ruddy face. He stretched out his arm and said happily, “I feel great now.” In his current state, no one would believe that he had diarrhea for a whole day.

The attendant was very puzzled and said, “Strange, master recovered so quickly. Is it because of the medicine?” After saying this, he shook his head and said, “That’s not right. He also took these medicines

in the morning, but the effect was not so fast. Oh. Mr. Gong said that his things seemed to have therapeutic effects. He asked you to eat some things after you took medicine. Sure enough, not long after you drank the porridge, your spirit recovered very quickly.”

Rexham also reacted at this time. “I remember. Yes. The water I drank was exceptionally sweet, and this vegetable porridge, it was so fragrant that it made one’s appetite soar. It was simply delicious.” Previously, he was dispirited. How could he have the energy to pay attention to those things?

The subordinate’s eyes lit up as he said loudly, “Yes, the porridge smelled delicious to me too. Just by smelling this fragrance, I felt refreshed and my mind became clear.” He couldn’t help but swallow his saliva.

Rexham said to his subordinate, “Layne, tidy up my clothes. I’m going to attend the banquet!” He was in good spirits now, so he definitely wanted to join in the fun.

.....

Moreover, he could see the lady host.

At the thought of this, his mouth opened wide.

When Rexham arrived at the banquet venue again, many people knew that Count Rexham had diarrhea on his pants. Because he did not prepare a change of clothes, he directly snatched his subordinate’s pants and put them on.

Therefore, when he saw Rexham, someone came over and said with a smile, “Rexham, I heard that you had diarrhea as soon as you came here. Are you okay now?”

When this person asked, his gaze deliberately swept over the back of his butt. Who didn’t understand this meaning? Some people behind him also laughed loudly.

Rexham’s face instantly darkened, but he gnashed his teeth and said, “Peter, you don’t have to worry. I’m much better now!”

Peter nodded with a smile and said, “It’s good that you’re much better. Looking at your face now, it’s glowing red. You don’t look like you’ve had diarrhea for a whole day.” Anyway, he was deliberately teasing him.

Wright, who was not on good terms with Rexham, came over again and said with a smile, “Rexham, you’ve been cooped up in your room for a whole day. You’re finally out.” He looked around and said with a smile, “But you’re late. The banquet will probably end soon. What a pity that you’ve missed many good things.”

Rexham said snappily, “I just had an upset stomach and rested in my room for a while. What’s there to miss?”

Wright smiled and said, “You have no idea how many good things we’ve eaten at our gathering today!”

“Who doesn’t have delicious food back home? I doubt the food here can be better.” Rexham said without backing down.

Wright shrugged his shoulders and looked at Rexham as if he was looking at an idiot.

Chapter 950: Rexham was Chased Out

Rexham said angrily, "Wright, what kind of look is that?"

Wright smiled and said, "There's no look. I just feel that someone is very ignorant."

The surrounding people, "..."

Someone laughed secretly.

Wright and Rexham had always been at loggerheads. The crowd watched the show happily. They did not try to persuade them so as not to offend anyone.

Rexham's face was red with anger. He shouted angrily, "Who is ignorant? Besides, what good things in this world have I not used and eaten before? Tell me."

He was, after all, a count in his own country. He had immense power and authority. If he needed anything, he could just give the word, and someone would naturally bring it to him.

Someone beside him asked with a smile, "Rexham, there's so much we can tell you. When you were resting in your room, you really missed out on a lot of things. For example, at lunch, we had many delicacies that we hadn't eaten before. There's also that spirit-nourishing fruit wine and so on."

Rexham said disdainfully, "Humph, what's so special about that?"

At this moment, Wright brought over a glass of wine. This glass of wine was placed in front of Rexham. The mellow fragrance of this wine immediately entered his nostrils, causing him to be in a daze. He couldn't help but ask, "What is this?"

Wright immediately looked down on him and said loudly, "You really are ignorant. Can't you tell that this is wine?"

Rexham was really angered. 'Damn you, Wright!'

Without waiting for Rexham to say something, Wright continued, "This is a specially brewed peach blossom wine made by the hostess. This taste is simply unforgettable. You haven't tasted it, right?"

.....

Rexham was about to retort when Wright continued, "It's just a pity that we've already drunk all eight jars of Peach Blossom Brew at the banquet today." With that said, he took a sip and closed his eyes, looking very pleased. "This wine is too delicious. If I can have this wine every day, I'll die without regrets."

Someone said from the side, "Wright, touch wood!"

Wright nodded and said, "Yes, that's right. That's my fault. We shan't be talking about death."

Rexham was so angry that his face turned green. He couldn't win against Wright, so he didn't say anything to him. He turned around and left, looking for Gong Tianhao.

He wanted to see what this Peach Blossom wine was that Wright would show off to him.

Gong Tianhao was in the middle of the venue, so it was easy to find him.

However, when he saw Xiao Lingyu standing beside Gong Tianhao, he stopped for a moment and stared at Xiao Lingyu without blinking.

Madam Gong was really too beautiful. Furthermore, her beauty was completely natural. Her beauty also exuded a seductive charm that attracted every man.

When Gong Tianhao saw Rexham's gaze, his expression immediately became displeased. Then, he shielded his wife behind him and asked in an indifferent tone, "Count Rexham, are you feeling better? Or are your eyes not feeling well? Do you want to ask Doctor Situ to take a look at you again?" The last sentence was obviously filled with sarcasm.

Someone also noticed that Rexham looked at Madam Gong with impure intentions and immediately said with some disdain, "Rexham, why didn't you bring your own wife to the party? Then, you wouldn't be looking at other people's wives like that." They didn't point out directly that Rexham should wipe the saliva off the corner of his mouth.

Rexham should know his limit. Did he know whose wife he was coveting?

Rexham's skin became thicker around beautiful women.

He smiled and said, "That's because I haven't seen a woman as beautiful as Mrs. Gong before. I was instantly captivated by her beauty and grace. Mr. Gong, don't take offense!"

If these words had no ill intentions behind them, they would be fine. However, if it came from the mouth of a man who had impure motives, it would turn into teasing and provocation.

Gong Tianhao's face instantly darkened. He was not so polite to Rexham and instead said, "It seems that not only is Count Rexham's stomach unwell, but his heart and eyes are also uncomfortable. Someone come and invite Count Rexham to go back to his room and rest well. Then, invite Doctor Situ to take a look at his heart and eyes!"

As soon as Gong Tianhao finished speaking, three to four bodyguards walked over.

Rexham's subordinates and two bodyguards also quickly surrounded him, trying to protect him.

Rexham's face quickly darkened, and he asked sternly, "Mr. Gong, what do you mean by this?" He only said a few words, and he was already so rude to him.

Gong Tianhao's gaze was cold as he said, "Count Rexham, your health is not good. I just want to invite you to see a Doctor!" In front of so many people, Rexham openly teased his wife. "If you have brought your own doctor, you can go back to your hotel."

His last sentence was obviously to chase Rexham out of the Beale Castle Manor.

Rexham's face turned green with anger. He pointed at Gong Tianhao and said, "You... Okay, just you wait!"

The host wanted to chase him out, so he could not stay.

"Let's go!" Rexham left with his subordinates angrily.
