

Farming in the Mountains: Max Level Jiaojiao Is Three Years Old

Chapter 31: Sympathizer

Yu Hongyan was washing the dishes when that happened. When she heard him, she quickly went out of the courtyard and laughed loudly, "Alright, you can go. I'll keep an eye on Jiang Yue, but he'll have to come back quickly and bring Jiang Yue back. I have something to do later, so I can't keep an eye on Jiang Yue for long."

"Fine, fine, fine. It won't be long." Lu Zhuangniu agreed as he left with Xue Yan.

Jiang Yue had no choice but to follow Yu Hongyan into the courtyard and stay within her line of sight.

Jiang Yue sat on the side of the central room and watched as Yu Hongyan washed the dishes. She then went to the small vegetable field in the courtyard and plucked the weeds.

Jiang Yue hurried over to help.

"Jiang Yue, you're too sensible." Yu Hongyan opened her mouth and praised her again.

Jiang Yue was embarrassed by that praise.

The weeds in the vegetable field had been pulled out, but Xue Yan still hadn't returned. Seeing that Yu Hongyan didn't know whether she should go out or not, Jiang Yue suggested something, "If you're busy, go ahead. I'm fine staying home alone."

It would be best if she was alone at home. It would be more convenient for her to secretly go hunting in the mountains.

However, Yu Hongyan immediately rejected the idea and said with extreme righteousness, "How can I do that? You're such a young child. We can't leave you alone at home!"

However, Yu Hongyan really had something urgent to do. She wanted to go back to her mother's house to see her. She heard that her mother was not feeling well and her mother's house was not far away. It was only two villages away. However, her brothers and sisters-in-law despised her because she married a poor man like Xue Erfu. They

did not get many betrothal gifts. Ever since she married into the family, every time she went back, she was inevitably mocked and angered by many relatives.

She had a bad temper, but for her mother, she could endure it. In fact, she could bring Jiang Yue with her, but she did not want Jiang Yue to suffer the boredom of her family.

If her mother wasn't her biological mother who treated her especially well and had agreed to her marriage to Xue Erfu despite her brothers and sisters-in-law's objections, she really wouldn't want to return to her maternal family.

"How about this, Jiang Yue..." Yu Hongyan suddenly placed both her hands on Jiang Yue's shoulders. "I really have something to do and need to go out, but I'm worried about you being alone at home. How about this, I'll send you to Xue Yan?"

If she went to find Xue Yan, she might have the chance to sneak into the deep mountains while he attended to his own matters. Jiang Yue agreed without thinking, "Alright," she said.

Xue Yan was still at the village chief's house. Xue Yan was sitting at the table with a pen in his hand, but he didn't write much on the paper. Zheng's sons and daughters-in-law were quarreling with each other because of the uneven distribution of assets, so he couldn't write anything in the document at all.

Xue Yan couldn't leave for a while, and all he could hear was the bickering sounds.

He hoped that Wufu was still alive and well.

"Xue Yan."

All of a sudden, Xue Yan saw his second sister-in-law coming in with Jiang Yue in Zheng's courtyard. He put down his brush, got down from the stool, and walked out of the room.

"I have something to do, I'll leave Jiang Yue to you." Yu Hongyan pushed Jiang Yue in front of him.

Xue Yan could clearly see the helplessness in Jiang Yue's eyes. Even at this time, she still hadn't gone to the deep mountains. Xue Yan couldn't help but show sympathy in his eyes.

He sympathized with her.

He also sympathized with himself.

He too was also tied down by some matters and could not leave. However, Xue Yan knew that his second sister-in-law was going back to her parent's house. Once she left, he let Jiang Yue go play alone, and then Jiang Yue could go to the deep mountains.

"No problem, you can go." Xue Yan agreed without thinking.

Unexpectedly, the village chief also walked out at this time from the noise.

Chapter 32: Let Me Try

Village Chief Lu, whose right hand was wrapped in cloth, smiled kindly at Yu Hongyan and said, "Did they delay things? I'm really sorry, but the Zheng family has a lot of things to do. If you have something to do, you can go ahead. You can just leave Jiang Yue here, we'll all help you look after her."

Xue Yan and Jiang Yue were speechless.

After Yu Hongyan left, before Xue Yan could say anything, Village Chief Lu urged, "Xue Yan, quickly bring Jiang Yue in. They should be done quarreling soon."

Xue Yan had no choice but to lead Jiang Yue into the central room.

Jiang Yue felt that it was really difficult to go out without garnering suspicion.

Jiang Yue accepted her fate and was no longer in a hurry to go to the mountains.

They quarreled for a while before the Zheng family finally quieted down. Zheng Da, the grandfather of the family, finally gave in and didn't give his favorite son a lot of money. It wasn't until he pressed his thumbprint on the document that this family's matter was finally settled.

Xue Yan brought Jiang Yue home.

Jiang Yue returned to her room and took out the wooden stick that she sharpened the day before. She was ready to go deep into the mountains.

However, as soon as he left the room, she saw Xue Yan running out of his room.

"What's wrong?" Jiang Yue asked.

“Wufu’s bow and arrows are gone.” Because he felt uneasy, he didn’t rush to the wasteland to take a look. Instead, he went back to the house to see if the bow and arrow his brother earned were still there. As expected, they were gone. “He definitely came back to get them.”

“Then he should be in the mountains by now.” Jiang Yue was extremely calm. “Wait for me at home. I’ll go into the mountains now.”

Knowing that she could deal with the blind bear, Xue Yan didn’t stop her. Instead, he found a chopper and said, “I’ll go with you too.”

“Alright...”

If they wanted to enter the mountains, they had to first cross the much smaller mountain in front of them, which was the mountain they were going to open up.

After going up the mountain, there were many small paths because people often came to the mountain where the wasteland was being explored. The two of them quickly crossed the mountain and came to the foot of the neighboring mountain.

Other than hunters, almost no one would come to this mountain.

Hunter Wu usually hunted in this mountain.

Jiang Yue and Xue Yan had never been here before, so they were not familiar with the area. Naturally, they didn’t know where Hunter Wu would usually go when he enters the mountain. They stood at the foot of the mountain and couldn’t see the way in.

He had no choice but to fumble around. Xue Yan used a chopper to cut down the grass and trees that were blocking the way. He moved forward slowly while shouting for Wufu.

“Wufu! Where are you!”

“Wufu!”

If Wufu knew that they had come to find him, he would definitely be worried about the two children being in the deep mountains and would definitely make them go home.

Jiang Yue followed behind Xue Yan. Due to her small size and the tall and wild vegetation at the foot of the mountain, Jiang Yue could almost not be seen.

In front of them, Xue Yan could be seen cutting the grass and trees blocking the way with a chopper. Because of his limited strength, they were almost still in the same place after a long time.

“Let me do it.” Jiang Yue pulled him back.

Xue Yan was also afraid of delaying things, so he immediately handed her the chopper when she offered.

When Jiang Yue took it, she also gave him the sharpened wooden stick in her hand.

It was Jiang Yue's turn to make a path.

Jiang Yue bent down and slashed.

Every slash cut down the grass and trees that were in their way.

Xue Yan stood behind her. Although he had a premonition of who she was, he still kept silent.

In his previous life, he had been studying all the time and had barely done any heavy or light work. Later on, he became the top scholar and entered the Hanlin Academy. He never once had to do any heavy lifting so he actually did not know what to do.
