

# Burning

---

I woke up with a start. I couldn't remember where I was. Suddenly, it all came crashing back. Being kidnapped, my mom and sister dying. I couldn't breathe. I started freaking out, trying to move. Then I realized I was strapped down on a table.

This man came in and injected something into me. It hurt like hell. Then they pulled out this scepter sort of thing. They pressed it to my chest and I was out like a light.
