

Fight B Alphas 40

Chapter 40

“See she is very much fine” Drake growls grabbing him by the front of his shirt and slamming him into the wall.

“You owe me boy, now let go” Drake lets him go shoving him away before walking over to me. He spots Melinda. He growls as she approaches.

“Alpha Drake, things will be better soon you can have your mate and I can have” She sniffs the air before her eyes dart to his neck.

“You let him mark you?” She says outraged.

“What, you really mated to that f*****g f*****t” His father bellows ripping Drake around to face him.

“Pick your next words carefully father, I am not in the mood to play your games” He says shoving his father back.

“You owe me boy. I covered up for you, you would be rotting in a cell if it wasn’t for me” His father snaps.

“Owe him for what?” Melinda asks confused when Drake pivots so quick I almost missed the motion, he grips her throat crushing her throat.

“I have had enough of hearing your whiny voice” He says through gritted teeth as I see Titus take over before I watch shocked as Drake plunges his hand inside her chest before ripping her heart out of it. The sound of her skin tearing so sickening I feel bile rise in my throat when suddenly Arial throws up from the gruesome sight as Melinda falls limp on the ground.

He turns on his father, stalking him.

“Ah, ah, ah, son no need for this, do you think your mate will want you when she finds out what you did,”

“Step down, you have lost the plot father, you need to hand the pack over” He says walking behind me and untying my hands. As soon as I am loose, I run to Arial untying hers. What I wasn’t expecting was for her to kill him, as soon as her hands were free, she lunged straight at Drakes father, her teeth sinking into his neck.

“No!” Drake screams as she rips out his throat with her fangs. He grabs her tossing her off before clamping his hand down on his father’s neck, trying to stem the bleeding.

“Dad” Drake whispers as his life drains from his face. Drake stands up just as Tate runs in the door. He stops looking at Drake before looking at Arial. Her face covered in his blood, Drake growls

“You did this, this is your fault” He screams at her. Tate looks around feeling confused while I stand there shocked at what she did, only snapping out of it when Drake lunges at her. I grab him shoving him away, his claws just missing her face as she steps back.

I fall on top of him, quickly standing up and stepping in front of her. But he lunges again this time Tate grabbing him.

“You would choose her over me” He screams at me.

“No, that’s not it. I understand your angry”-

“Angry, you understand I am angry. She just killed my father, you disobeyed me when I said don’t step over the border, this is both of your fault”

“He had my mate” Ariel screams at him.

“His own f*****g son, he wouldn’t have hurt him he would be in the cells under the house you stupid b***h” Drake screams before tossing Tate off as he shifted suddenly and knocking me over, he lunges for her, his teeth sinking into her side before he throws her. I get up ripping him back by his fur before he turns on me. His teeth bared before stopping and shifting back. I could see Titus trying to fight him for control, trying to take control back from him when he reigns him in. I was shocked that Titus wanted to hurt me. When Drake glares at me. How wrong I had it, Titus didn’t want to hurt me, no he was trying to stop him. My heart crushing into a thousand pieces.

“I am done, so f*****g done with you and your f*****g family Lana, done with you picking them over us every f*****g time” He spits stalking toward me. I step back, his fists clenched tightly at his sides before he grabs me. Tate jumps to his feet.

“Let her go Drake” He says and Drakes head snaps to the side looking at him. He lets go stepping back.

I feel the air leave my lungs at his next words.

“I Drake Verlix Alpha of the Red River Pack reject you Lana Black Luna of the Forrest Pack”

It felt like he ripped out my heart, pain twisting and writhing so painfully I thought it would kill me.

“What have you done” Tate gasps as I stumble back clutching my chest. Ariel whimpers my eyes darting to her as I choke on the pain engulfing soul as he tears a piece of it from me. Drake growls stepping forward and gripping my arms.

“Accept it” He screams in my face. His claws slipping into my arms, yet it felt like nothing compared to the pain in my chest making my heart palpitate.

I feel tears slip down my cheeks, my entire being calling out for him yet the pure hatred on his face made me falter and instead of rejecting his rejection.

“I Lana Black accept your rejection” I choke out between s**s. Anything to stop the pain radiating through my chest. The pain leaving but, in its absence, leaving a huge void. Drake stumbles back at my accepting of the bond breaking the bond severing leaving behind a chill that seeps into my bones.

“Now get off my territory” he snaps before turning on his heel and walking out of the room.

“Lana... he...I will” Tate stutters stepping toward me with his arms out.

“Please don’t touch me” I tell him stepping back away from him, as I try hold all my pieces together.

“Lana I am so” My sister says.

“Don’t, just f*****g don’t Ariel” I snap at her. I walk towards the door, stepping outside. The wind whipping my skin, yet I don’t feel the harshness or the cold of it seeping into me, nothing was colder than the feeling inside me. Nothing could repair the damage of what he did.
