

The First Heir Chapter 1621

These few people had barged in with the intention of forcing the other party into submission.

Agnes' face also darkened. She turned around, stared at the group of men coldly, and said to the man who took the lead, "Director Corby, if you're here for Herb's matter, you may leave now. Regarding the dismissal of Herb Lyon, I'll apply in writing to the board of directors."

After Agnes finished speaking, she looked at Herb behind those few people in cold silence.

Director Corby scowled and said with a laugh, "Miss Summer, if you do this, doesn't it mean you're not showing me, Mike Corby, any respect? Herb is the talent I groomed. Who are you to fire him? Besides, what did he do wrong for you to do this? You have to give us an explanation. Don't abuse your power to suppress dissidents."

Mike Corby put his hands behind his back and snorted, his attitude very tough.

Several board members behind him also nodded and spoke up.

"That's right, Miss Summer. What you did is not in line with the rules. You'd better give us an explanation."

"Miss Summer, although you're the veteran of Gopher Delivery Services, the few of us are members of the board of directors. It's too domineering of you to fire Vice President Lyon like this without going through us."

"I think she just wants to take advantage of the opportunity to suppress dissidents so that she can monopolize power!"

Several people spoke up one after another, their attitudes clear. They were going to force Agnes to give an explanation today.

Just then, Herb said to Mike who took the lead, "Director Corby, as you can see, Agnes doesn't even respect the board of directors now. I don't think such a person deserves to be in Gopher Delivery Services. If necessary, we should reassess the value of Agnes Summer in this company. Therefore, I implore Director Corby to inform the board of directors to review Agnes Summer's position as general manager."

After Herb finished speaking, he raised his eyebrows and looked at Agnes provocatively. The meaning was clear. If she could mess with him, he could mess with her too. He would see whose methods were more powerful and ruthless!

Mike nodded and said, "Yes, Mr. Lyon's proposal can be considered. After all, this is for the sake of Gopher Delivery Services. If there's a person in the company who abuses their power to suppress dissidents, we have a reason to reconsider their position in the company!"

After saying that, he stared at Agnes coldly and asked, "Miss Summer, what else do you have to say?"

Agnes laughed and said, "Mr. Corby, if you really want to do this, I have nothing to say."

"Very well."

Mike said. Then, he turned to Philip who was still sitting on the sofa and said, "Is it because of this man here that you want to fire Vice President Lyon? He looks like an ordinary person. Is he your relative?"

Agnes did not speak.

Philip looked at these people indifferently, feeling very helpless.

Gopher Delivery Services even had its own board of directors now. It seemed that he had really not paid attention to this company for a long time.

“Mr. Corby, you may not know this, but it’s because of him that Miss Summer even slapped me just now.”

Herb gritted his teeth fiercely at this moment, his eyes about to burst into flames.

This guy was actually still sitting on the sofa so calmly. Did he not know to stand up?

The people in front were all members of the company’s board of directors. Their status and positions were not ordinary!

However, to everyone’s surprise, Agnes said, “Director Corby, if you want to review my position in the company, you may. But I’m afraid you won’t get the chance.”

When Mike heard this, his face immediately darkened as he asked, “Agnes, what do you mean by this? Are you going to fire me as well?”

Agnes laughed and said, “That’s right. Since you want to join forces with others and collude together, I can only remove some of you from the company.”

Hearing that, Mike laughed raucously and said with a nod, “Very well! As expected of you, Miss Summer. But don’t forget, you’re only a general manager while I’m a member of the board of directors. Any decision must be signed off by the board of directors. If you want to fire me, it’s nothing more than a fool’s errand!”
