

The First Heir Chapter 3141 - 3150 -

Chapter 3141

In the sky, a huge Heavenly Sword pierced through the clouds as if it came from outer space. It quickly fell from the sky with sword energy that could destroy the entire Arcadia Island.

At that moment, time seemed to stop on Arcadia Island.

Everyone looked up at the sky and saw another huge Heavenly Sword descending from the sky with monstrous pressure overwhelming Clarke Manor.

In District 12, Seth Larson stood at the window and looked in the direction of Clarke Manor. Seeing the Heavenly Sword that fell from the sky, he became very nervous.

At that moment, a power that did not belong to him started surging from him.

Back to Alliance Master Yarn. He forcefully pushed a Heavenly Sword into the sky, but at this moment, another Heavenly Sword with supreme pressure fell from the sky again.

Boom!

This Heavenly Sword fell and suppressed Alliance Master Yarn together with the Heavenly Sword he was pushing up.

In the next moment, Alliance Master Yarn's veins were all severed and the faint Emperor Kai bloodline in his body could no longer replenish his life force.

With his arms, he tried his best to hold up the huge two Heavenly Swords, but his efforts were in vain. He fell straight down like a red-hot meteorite!

On the ground, Aria and the others looked up and watched the two Heavenly Swords fall from the sky. They fell silent.

They knew that Alliance Master Yarn had done his best, and this might be a catastrophe for the Clarke family. However, as everyone's hearts turned cold, a red figure rushed out from the back mountain of the ancestral hall in the distance.

Boom!

This red figure fluttered its wings and flew high as fast as lightning, arriving in an instant.

Suddenly, in everyone's sight, the figure that flew into the sky like a flaming chimera with wings rushed to the two huge Heavenly Swords!

Boom!

The flaming figure reached out two flaming arms and pulled Alliance Master Yarn out. Then, he rushed in, raised his arms above his head, and resisted the two Heavenly Swords.

Rumble!

The mighty sword energy blasted the red flaming figure endlessly.

The red flaming figure was also suppressed by the two Heavenly Swords and fell from the sky. As the two Heavenly Swords were about to fall to the ground, a roar resounded through the sky at that moment.

The arms of the red figure burst with dazzling flame patterns, which quickly spread to the tip of the swords and burned to the hilts!

Boom!

In the sky, terrifying flame energy exploded at the tips of the Heavenly Swords. The falling Heavenly Swords also stopped abruptly at this moment.

That red flaming figure was only one step away from the ground!

“Did he catch them..?”

“He caught them?!”

In Clarke Manor, tens of thousands of guards gasped in relief, and their nervous expressions suddenly relaxed.

Aria and the others also burst into tears when they saw the figure.

Far away in District 12, a faint smile crossed Seth's eyes when he saw the red figure rushing out.

Above Arcadia Island, Philip held the two Heavenly Swords in his arms. His body was burning with flames, and his eyes were red. He was a humanoid chimera. He roared angrily and the wings behind him fluttered, stirring up a terrifying storm!

He dragged the two Heavenly Swords and soared into the sky. Then, Philip let go of the two swords, stood in the sky, gathered his strength, and punched the swords!

Boom!

In that instant, Philip's punch exploded with the most terrifying energy fluctuations and the power of rules!

With this punch, terrifying flame energy exploded like a laser cannon and blasted at the swords.

The Heavenly Swords shattered!

Peace was restored...

Only the red flaming figure standing proudly in the air remained in everyone's eyes.

Philip let out a sigh of relief and stared coldly at the three Heavenly Kings in the distance with a pair of flaming eyes. He pointed at them and said, "Those who violate the Clarke family's rules will be killed without mercy!"

Chapter 3142

That remark rumbled in the sky like thunder!

The three Heavenly Kings of the Heavenly Court appeared extremely ferocious and cold as they looked at Philip standing proudly in the air.

"Young man, you've only just entered a half-step to the other shore. How dare you be so arrogant?"

"The young patriarch of the Clarke family is really worthy of being the most outstanding genius among the younger generation of the Clarke family. Your strength can crush your peers, indeed, but if you want to go against the three of us single-handedly, that's simply committing suicide!"

"Young patriarch of the Clarke family, we're here to discuss cooperation with you. I hope you don't make a mistake!"

The three Heavenly Kings tried to persuade him, but their tone was full of pride and arrogance.

Philip said nothing. He raised his hand, and a chimera sword appeared in his palm as he shouted angrily, "Slash!"

Buzz!

The chimera sword quickly enlarged and slashed out with overwhelming red sword energy that swept toward the three Heavenly Kings!

Seeing that, the three Heavenly Kings frowned and shouted in fury, "You're courting death!"

Rumble!

The demon king shadow appeared behind Heavenly King Woods, and the Demon King Sword also swept away!

In the sky, the red sword energy and the Demon King Sword raging with monstrous demonic energy swept across thousands of miles with a terrifying power that could slash the sun and the moon.

They collided head-on!

Buzz!

The red sword energy split apart the thick clouds in the sky and revealed a crack where golden rays of sunlight poured through.

The Demon King Sword swept over the sea and slashed out a 3,000-foot wave!

Alliance Master Yarn had fallen to the ground at this moment, and all his strength was gone, but he was still trying to muster his strength.

“Alliance Master Yarn, thank you... The Clarke family will never forget your help,” Aria walked over with the others at this moment.

Alliance Master Yarn bowed slightly and said, “Third Madam, this is what I should do...”

After that, several people looked up into the sky at the four people who were fighting.

At this moment, Philip was like a beast out of the cage, fighting on par with the three of them.

“Little man, I have to admit that you’re very strong, but in front of me, only death awaits you!”

Calvin stepped forward at this moment, his face full of chills. He glared at Philip in front of him. He raised his hands, and hundreds of long swords appeared behind, which turned into a sword dragon that slashed at Philip.

“Sword Dragon Slash!”

Following Calvin’s angry shout, the ferocious sword dragon swept across the sky and slashed toward Philip.

Philip’s eyes blazed, but he did not move at all. He raised his hand, pointed at the sky, and shouted, “Sword formation!”

Buzz!

Suddenly, in the sky, a huge red sword formation appeared. In the sword formation, hundreds of red chimera swords slashed toward the sword dragon like a rain of swords.

The world was shrouded in red and silver-white sword energy!

The endless red sword energy bombarded the sword dragon like a torrent and exploded in the sky.

Boom!

This huge and terrifying energy shockwave spread ruthlessly. Calvin was blasted thousands of feet away and barely managed to stop himself. He was furious.

Philip still stood proudly in the air and stared at Calvin with indifferent eyes. He pointed with a middle finger and said, "If the Heavenly Kings of the Heavenly Court only have such strength, you can expect to be buried on Arcadia Island today where you'll guard Arcadia Island forever!"

His remark instantly infuriated the three Heavenly Kings.

They roared angrily, "Boy, you're too arrogant!"

"As expected of Roger's son, but you're dead meat today!"

"Go to hell!"

In an instant, the three Heavenly Kings attacked together in a battle of destruction!

This battle scene was like doomsday, where the earth shattered, dark clouds rolled, and lightning filled the sky.

Chapter 3143

In the air, four figures attacked back and forth.

Alliance Master Yarn frowned with worry and said, "This isn't good. Young Patriarch Clarke has just entered a half-step to the other shore. Although the retreat has greatly increased his strength, he's still no match for the three Heavenly Kings..."

Hearing this, Aria frowned as she looked up into the sky and squeezed her fists tightly.

Sure enough, as Alliance Master Yarn expected, Philip fell into a disadvantage after a while.

The joined forces of the three Heavenly Kings were too domineering, and their rapport was so seamless that Philip alone could not withstand their joint attacks!

Boom!

Heavenly King Woods and Heavenly King Berkley charged together and blasted Philip out.

Philip fell from the sky in a streak of red light, crashed into a mountain, and immediately exploded in flames!

Seeing the young patriarch of the Clarke family falling from the sky, the residents of Arcadia Island gasped and kept praying.

In District 12, Seth's breathing also stuttered when he saw the figure being smashed to the ground from above Clarke Manor.

He said, "Did he lose?"

At this moment, the three Heavenly Kings laughed wildly in the air as they looked at the shattered mountain below with mocking eyes.

"Hehe, you're out of your depths!"

"You're not bad for resisting our attacks for so long, but the ending is still the same!"

However, as the three Heavenly Kings taunted, the mountain suddenly exploded with a flaming aura. Then, a giant chimera stood up from the mountain!

This giant chimera was thousands of feet tall with a burly stature and a layer of flame armor on its body. It had a pair of red eyes like a fire lotus.

Boom!

The giant chimera raised its hand and smacked Heavenly King Woods!

Heavenly King Woods scowled and shouted angrily, "How dare you?!"

In an instant, the demon king shadow behind him lashed out at the giant chimera with the Demon King Sword.

However!

Clang!

The giant chimera raised its other hand and a chimera sword appeared in its palm. With an upward slash, a huge wave of flames swept over.

In an instant, the demon king shadow was slashed back several thousand feet and even Heavenly King Woods followed suit!

Poof!

A pair of flaming wings sprouted from behind the chimera giant, and it spread its wings and flew up high. Holding the huge chimera sword, it angrily slashed at the remaining two Heavenly Kings.

The giant chimera, which was thousands of feet tall, simply fluttered its wings and attacked with terrifying energy!

Seeing this, Calvin's face was grim, and his eyes were sunken with killing intent. He shouted angrily, "Brat, in this case, let me send you on your way with the Earth Sword!"

With that said, Calvin spread his arms wide and began to frantically absorb the energy and the power of rules from his surroundings, which formed a vortex. Then, the earth began to crack, and a giant sword that looked like it was made of magma appeared from under the ground.

Chapter 3144

The earth cracked, and a giant sword as if it was forged from magma slowly emerged from the depths.

The Earth Sword!

Calvin looked ferocious and shouted angrily, "Junior, taste the power of my sword!"

After saying that, Calvin raised his hand in a wave. That huge magma sword jumped into the air and slashed toward the giant chimera that Philip conjured.

The power of this Earth Sword was no worse than that of the Heavenly Sword if not better. In an instant, the Earth Sword with soaring sword intent reached Philip!

Philip was standing on the head of the giant chimera. With a frown, he raised his hand in a slash.

The giant chimera spread its wings and soared into the air, slashing at the magma sword with the huge chimera sword.

Boom!

Clang!

Sword cries filled the air!

The chimera sword collided with the magma sword, and soaring sword intent exploded!

This sword intent swept across all directions and formed a terrifying energy shockwave that spread around.

Buzz!

Even the clouds in the sky were shattered by this shockwave!

The sword intent of the Earth Sword was unstoppable as the sword slashed at the giant chimera ceaselessly under the control of Calvin, who was in the distance.

Philip kept dodging and counterattacking!

The sky was soon shrouded in raging sword intent. The sword energy slashed out by the magma Earth Sword smashed the mountains around Arcadia Island into rubble, and some sword energy fell into the sea and set off huge waves that were dozens of feet high.

The chimera giant also fought back tirelessly, and the outcome was uncertain for a while.

At this moment, Heavenly King Woods found the opportunity and attacked Philip from behind.

He roared, "Young Patriarch Clarke, go to hell!"

With his roar, the demon king shadow behind him surged with monstrous demonic energy!

After that, the demon king shadow transformed into 10 demon king shadows and charged at the giant chimera together.

"10 royal slashes!"

The sky was instantly shrouded in endless demonic energy. The 10 demon king shadows slammed into the back of the chimera giant in an instant!

Boom!

As Philip was fighting Calvin head-on, he could not deal with Heavenly King Woods behind him. In an instant, the giant chimera was sent flying by the 10 demon king shadows and fell heavily to the ground, crumbling one district!

Fortunately, this district was an entertainment facility in Clarke Manor, so there were not many casualties. The giant chimera fell and cracked the ground into smithereens, and the huge body also slid out thousands of feet before stopping.

Buzz!

The magma sword fell from the sky and slashed at the giant chimera.

Philip raised his hand and the giant chimera followed suit, holding the chimera sword horizontally!

Clang!

Chapter 3145

The magma Earth Sword slashed on the chimera sword and produced raging sword energy. Although the giant chimera resisted this attack, the power of the magma Earth Sword was unabated, and tremendous sword energy rushed toward Philip.

He raised his arms and could feel the huge sword energy rushing through his arms.

“I’m still a little lacking...” Philip sighed helplessly.

Bang!

At that moment, the giant chimera disappeared, and the Earth Sword plunged into the ground with a bang.

On the ground, a chimera humanoid looked up at Calvin and the others in the sky with searing eyes. Philip had transformed into a chimera humanoid and looked like a god with raging flames all over him.

At that moment, Calvin frowned and felt a sense of foreboding.

As expected...

Swish!

In an instant, Philip’s figure disappeared before their eyes, leaving only a flame in place.

By the time Calvin reacted, a flaming chimera humanoid suddenly appeared in front of him, punching him angrily in full swing!

“Ah! Explode!” Philip shouted angrily as he threw a punch.

Boom!

Like a cannonball, this punch formed a pillar of flames and blasted at Calvin!

Calvin froze, he had no time to dodge at all and could only form a barrier in front of him quickly.

Crack!

The barrier shattered and Calvin was sent flying. Like a raging beast, Philip chased after Calvin, attacking him violently and ferociously.

The sky was filled with lightning-fast attacks and endless sounds of punches and kicks!

On the ground, Alliance Master Yarn was not happy when he saw this scene but appeared very worried instead. That was because he could tell that this was Philip's last desperate attempt to fight.

He wanted to focus on attacking one person!

After all, there was still a gap in their levels. He was already very outstanding to be able to fight three Heavenly Kings single-handedly until now.

Calvin was extremely angry at the moment. No matter how he resisted, he was not as fast as Philip. He was crushed and beaten.

Just as he was about to use the sword dragon again, Philip's attack sent him flying.

The fight was totally one-sided!

Heavenly King Woods and the other Heavenly King were dumbfounded at this sight!

"Stop him!" Heavenly King Woods roared angrily because he could tell that if this continued, Heavenly King Berkley would surely die.

If a Heavenly King of the Heavenly Court died here, it would definitely cause serious damage to the Heavenly Court. However, even when Heavenly King Woods and the other Heavenly King joined forces to attack Philip, Philip did not care at all.

He kept attacking Heavenly King Berkley while defending against the other two.

"Slash!"

Suddenly, a chimera sword appeared in Philip's hand and lashed out at Calvin.

Calvin watched helplessly as the chimera sword pierced through his chest with monstrous sword intent. At that moment, his pupils constricted as he looked at Philip, who was covered in blood in front of him.

He said, “Y-You actually...”

Philip was covered in raging flames. His eyes burst out with fighting intent as he said, “Those who violate the Clarke family’s rules will die!”

Swish!

With that said, Philip slashed Calvin in half in the air, and the flames on the chimera sword burned Calvin to ashes.

A Heavenly King of the Heavenly Court died on Arcadia Island in the hands of Philip!

This scene completely shocked the entire Arcadia Island, Heavenly King Woods, and the other Heavenly King.

Heavenly King Calvin Berkley was dead!

In the sky, that flaming figure looked like a god and struck fear in everyone’s hearts.

Heavenly King Woods and the other Heavenly King reacted and roared angrily, “Junior, how dare you kill Heavenly King Berkley? You’re courting death!”

“The Heavenly Court will not let the Clarke family go for this!”

“Kill him!”

In an instant, the two Heavenly Kings exploded with unprecedented terrifying energy pressure and fighting intent as they charged toward Philip.

Suddenly, a figure appeared on the far horizon with a vibe that made people’s hearts tremble.

“Two Heavenly Kings, do you really think there’s no one else in the Clarke family?”

Everyone looked over. That figure was all too familiar.

Battle God Fulton Hash!

Chapter 3146

Fulton’s tall and straight body appeared at the end of the horizon-bathed in golden light, full of palpitating fighting intent and bone-piercing chills.

The moment this figure appeared, Heavenly King Woods and the other Heavenly King turned grim.

“A-Are you at the peak of a half-step to the other shore? How is that possible?”

Lionel Woods was full of shock. He never expected Fulton Hash, who had disappeared for a while, to return at the peak of a half-step to the other shore.

This was horrifying!

This was totally inconsistent with the information collected by the Heavenly Court!

Fulton smiled lightly and raised his eyebrows, his eyes reflecting a biting killing intent. He said, "Are you surprised? The Heavenly Court has never stopped paying attention and collecting information about me. It's a pity that you couldn't find the most accurate data..."

Fulton's eyes were cold, and he glanced at Philip, who was standing upright and covered in blood. He said, "Young Patriarch, you're indeed more powerful than I thought. You're almost on par with me now..."

Philip looked at Fulton and said, "Welcome home..."

Boom!

In an instant, Fulton stomped on the ground with both feet and jumped into the sky with a monstrous fighting spirit, standing side by side with Philip.

At that moment, there were two figures in the sky, one red and burning with fiery flames, while the other was black and surging with endless black energy. The two figures overwhelmed the two Heavenly Kings of the Heavenly Court in a strong confrontation.

Lionel frowned, stared at Fulton and Philip with cold eyes, and said, "Battle God Hash, it seems that you've encountered an amazing opportunity to have increased your level so quickly."

Fulton chuckled, shook his head, and said, "You're wrong. This is my true strength. It's just that my teacher has never allowed me to show my true strength for fear of causing unnecessary trouble."

Hearing this, Heavenly King Woods' face darkened, and his eyes were full of surprise.

Fulton's true strength was the peak of a half-step to the other shore, which meant the previous information about him was a deliberate attempt by the other party to hide his true strength.

A powerhouse at the peak of a half-step to the other shore had actually deceived the world for so many years.

Lionel and the other Heavenly King looked at each other in realization.

There was no way this fight could go on.

Facing a powerhouse at the peak of a half-step to the other shore whom they were not aware of, Heavenly King Woods and the other Heavenly King had no confidence to fight at all.

Fulton was too strong!

His compelling aura was as bright as the sun at noon!

He was a powerhouse at the peak of a half-step to the other shore at his prime, and his combat power could not be measured by ordinary standards. Therefore, Lionel frowned and said, "Since Battle God Hash is here, we shall take our leave."

With that said, Lionel and the other Heavenly King turned around to leave.

However, Fulton looked cold and stern as he said solemnly, "Is the Clarke family a place you can come and go as you wish? Do the two Heavenly Kings of the Heavenly Court see the Clarke family as weaklings? Or do you want me to personally go to the Heavenly Court to demand an explanation?"

Fulton's remark was like rolling thunder that blasted at the two Heavenly Kings, making their souls tremble.

Lionel and the other Heavenly King frowned, turned around, and stared at Fulton viciously.

They said, "Fulton, don't go too far! The Heavenly Court isn't a pushover you can bend at will! Do you dare to barge into the Heavenly Court alone?"

"Hmph! You're only at the peak of a half step to the other shore. That's nothing to brag about. The Heavenly Court isn't an easy target!" the other Heavenly King said angrily at this moment.

Fulton smiled lightly and said, "Really? Well, the two of you can try and see if you can get out of Arcadia Island!"

Chapter 3147

Hiss!

Hearing that, Lionel and the other Heavenly King frowned, their expressions serious.

At this moment, a streak of rainbow rushed over from the horizon!

Benny Larson, the master of the Gentleman Court, had arrived. With a cold face, he stood by Fulton's side and stared at Lionel and the other Heavenly King.

He said with a sneer, "I didn't expect the two Heavenly Kings of the Heavenly Court to take advantage of the situation..."

At Benny's arrival, Lionel's expression changed again. He appeared worried now.

Benny Larson was a half-step to the other shore too. The three supreme powerhouses a half-step to the other shore really made Lionel and the other Heavenly King a little flustered.

"Court Master Larson, are you willing to become a lackey of the Clarke family too?" Lionel deliberately taunted.

Benny chuckled and said, "Heavenly King Woods, your provocation is useless. The Heavenly Court is no friend to me."

"Hmph, how arrogant! I can't believe a small Gentleman Court dares to speak to the Heavenly Court in such a tone!"

The other Heavenly King took off his hat and revealed his true face at this time. It was a handsome face, and the man appeared to be about 40 or 50 years old with few traces of age on his face.

Seeing his appearance, Philip's heart jolted. This Heavenly King looked a bit similar to Layla Nolan.

Benny looked at the Heavenly King and said, "Heavenly King Nolan, you don't have to concern yourself about my Gentleman Court. You should be more worried about your own safety now."

"Do you think I'll be afraid of you?" Heavenly King Nolan shouted angrily with thunderous might, and even lightning flashed in the sky.

Seeing this, Fulton scowled and said, "Johan Nolan, are you trying to pick a fight?"

Heavenly King Nolan snorted coldly and said, "Fight if you want to!"

With that said, Heavenly King Nolan and Fulton sprang into action. The two struck out at each other, and terrifying energy fluctuations exploded in the air!

Heavenly King Nolan staggered back two steps while Fulton only took one step back!

Seeing this, Lionel's eyes turned cold as he said, "Heavenly King Nolan, it's not advisable to stay here. We can't get too hung up on them."

Johan frowned and struck out again before he turned to Lionel and said, "Let's go!"

Seeing that the two were about to run, Fulton and Benny gave chase!

Philip heaved a sigh of relief and promptly landed on the ground.

Aria and the others hurried over before asking worriedly, "How are you? Are you hurt?"

"Phil, I was so worried about you," Hazel's eyes were red from crying, and she held Philip's hand tightly.

Philip shook his head and said, "I'm fine. How's the situation in the manor now?"

Aria said, "Everything's fine. Don't worry."

Philip nodded, glanced at the four figures far away, and walked up to Alliance Master Yarn. He bowed and said, "Thank you, Alliance Master Yarn."

Alliance Master Yarn looked weak at the moment. He waved his hand and said, "You don't have to. This is what I should do."

After saying that, Alliance Master Yarn spat a mouthful of blood and promptly passed out. Upon seeing this, Philip immediately ordered someone to bring Alliance Master Yarn to the Dragon Transformation Pond.

Half a day later, Philip and the others gathered in the hall of the white castle. Everyone was waiting for Fulton and Benny.

Thud, thud, thud!

Suddenly, a guard rushed in and said, "Young Patriarch, Battle God Hash is back!"

Chapter 3148

Everyone got up and saw Fulton walking in through the door carrying a bag dripping with blood in his hand.

"One got away..." Fulton said lightly and threw the cloth bag in his hand on the floor.

Philip glanced at it and said, "Who got away?"

"Johan Nolan," Fulton replied.

Philip frowned and said, "After killing two powerhouses a half-step to the other shore from the Heavenly Court today, will the Heavenly Court launch a full-scale attack on the Clarke family?"

Hearing that, Fulton said solemnly, "I'm not sure. The Heavenly Court lost two powerful members, so it stands to reason that they'll seek revenge. However, in the current

situation, if the Heavenly Court goes against the Clarke family by force, it won't be beneficial for them either."

Philip's face turned cold upon hearing that. After a while, he said, "Inform everyone to be on standby for martial law."

Then, Philip asked, "Where's Court Master Larson?"

Fulton replied, "He'll be here soon. "

As soon as he finished speaking, Benny walked in through the door.

Philip said, "Court Master Larson, thank you for your help today."

Benny smiled and said, "You're welcome. I'm here to tell you something. "

"What is it?" Philip said with a frown.

"I found out something about the golden black coffin in the underground palace," Benny said.

Philip's face darkened as he said, "What is it?"

Benny's face became very grave as he said, "Earlier, I said that the golden black coffin seems like a magic circle based on your description. Later, I went back and read the ancient books carefully. I finally found the source. Everything in this underground palace hall is indeed a magic circle..."

Hearing this, Philip raised his brows, looked at Benny in confusion, and asked, "What magic circle?"

"Heavenly Star Magic Circle!" Benny said solemnly, but his expression became extremely excited.

"Heavenly Star Magic Circle?" Philip and the others muttered in confusion.

Benny said, "The Heavenly Star Magic Circle uses the stars as the source of the circle and four divine beasts as support to sever the cause and effect so that people trapped in the circle can stay upstream in the long river of time without dying..."

"Through special cause and effect, a person in the downstream of the long river of time can enter the circle, change the trajectory of the stars, and sever some cause and effect as well as luck from that person to achieve special purposes."

Hearing this, Philip could barely understand it, and his expression became a little nervous.

“Court Master Larson, what exactly is this magic circle used for?” Philip asked.

Benny glanced at Philip, shook his head, and said, “Emperor Kai used this magic circle to sever the cause and effect of his time, then used you to enter the circle. He severed a part of the luck that should belong to you and used it to achieve his goal. As for this goal, my guess, for now, is that it’s to strengthen himself...”

“It’s very likely that upstream of the long river of time, Emperor Kai has reached an unpredictable realm.”

Hiss!

Hearing this, everyone gasped aloud!

He severed cause and effect and absorbed the luck of future generations just to strengthen his realm?

However, Emperor Kai was already a person of the past.

Why did he want to do this?

Seeing everyone’s bewilderment, Benny said, “This is the mystery of the rules of time and space. We can’t fully understand everything...”

“However, Emperor Kai must have discovered something, so he made elaborate arrangements in the upstream of the long river of time that locked onto you after 2,000 years. That also explains why you received Emperor Kai’s Token.”

Hearing this, Philip’s expression became very solemn.

He said, “Court Master Larson, are you saying that I’m just a pawn in Emperor Kai’s grand scheme?”

Chapter 3149

Court Master Larson shook his head but nodded again.

He said, “Indeed, you’re a pawn in Emperor Kai’s grand scheme but also the person he chose to entrust because he passed Caelum Sword to you. To be more precise, you’re one of the players too, but you have yet to make a move in this game. You’re still standing on the sidelines as an observer.”

Philip’s face darkened, and it took him a long time to react. He bowed and said, “Thank you for clarifying my doubts...”

Benny waved his hand and said, “I have to return and study this carefully. I’ll look for you when I find something else.”

After saying that, Benny turned and left the Clarke family.

In the hall, everyone's expressions looked a little odd.

Fulton looked at Philip and said, "Young Patriarch, did you get Caelum Sword?"

Philip nodded and said, "Let's take a look at Alliance Master Yarn first..."

Meanwhile, in the Holy Hall inside the Heavenly Court.

On the high platinum platform, three men and women sat in platinum robes branded with the symbol of the pearly gates. All of them wore wide hats that obscured half of their faces.

Eight generals of the Heavenly Court stood on both sides of the Holy Hall, and all of them were powerful people who had made great contributions to the Heavenly Court.

At this moment, Johan Nolan rushed into the holy hall while covered in blood.

He knelt on the ground and shouted, "Three Great Heavenly Kings!"

The three Great Heavenly Kings and the eight generals of the Heavenly Court were surprised at Johan's disheveled state.

One of the Great Heavenly Kings asked in a cold and ear-piercing voice, "Heavenly King Nolan, what happened to you? Where are Heavenly King Woods and Heavenly King Berkley?"

Johan clenched his fist and said, "They're dead! Killed by the Clarke family's young patriarch and Fulton Hash!"

Boom!

The hall was suddenly filled with a burst of terrifying aura that could engulf the sky!

"What?! Heavenly King Woods and Heavenly King Berkley are dead?"

Another Great Heavenly King stood up suddenly, his face shocked and aneg under the wide hat.

"What the hell happened? Tell us quickly!" Immediately after, another Great Heavenly King shouted angrily!

Johan got up at this moment and told them what happened in the Clarke family.

In the end, the three Great Heavenly Kings were full of chills and biting killing intent!

Bang!

One of them shattered the platinum throne he was sitting in because his anger was too strong!

“Immediately deploy the Eight Sectors of the Heavenly Court to go to the Clarke family with me! How dare the Clarke family kill two Heavenly Kings of the Heavenly Court?!”

The figure’s furious aura lifted the hat off the Great Heavenly King’s head, revealing an old man with gray hair and an angular face. The old man’s eyes were full of killing intent, and his hooked nose was oppressive.

He was a Great Heavenly King of the Heavenly Court, Fernand Woods. He was Lionel Woods’ father!

His strength was at the peak of a half step to the other shore, almost reaching the pseudo realm to the other shore.

Hearing Fernand’s remark at this moment, another Great Heavenly King scowled and said, “Great Heavenly King Woods, this matter can’t be rushed. We need to discuss this. The Clarke family is no longer what they used to be. If you rush in recklessly, it may cause more trouble.”

“Hmph!” Fernand snorted coldly and shouted, “Why would I be afraid of the Clarke family?”

With that said, Fernand left the Holy Hall, took three generals from the Heavenly Court, and headed straight to the Clarke family on Arcadia Island!

Chapter 3150

However, as soon as Fernand walked out of the hall, he was stopped by the two other Great Heavenly Kings.

“Great Heavenly King Woods, don’t be so hasty! The Clarke family are no easy pickings,” one of the Great Heavenly Kings said worriedly.

“Great Heavenly King Woods, we need to think this over carefully. If we rouse Roger Clarke’s dissatisfaction toward the Heavenly Court, we’ll face a catastrophe!”

The remaining Great Heavenly King tried to persuade him too.

Fernand shouted angrily, “Are you asking me to just accept this?”

Hearing that, the other two Great Heavenly Kings looked at each other and said, “Great Heavenly King Woods, Roger is the greatest existence in this world. With him in reign, the Clarke family will never fall...”

“If we go against the Clarke family because of this, the Heavenly Court may be the one to perish in the end.”

Hearing this, Fernand scowled. His fists were clenched tightly, and he shouted coldly, “Before the Clarke family were allowed to develop back then, they should have been killed!”

The two Great Heavenly Kings shook their heads and said with a sigh, “At this point, the situation is already out of our control. However, it’s not like we’re helpless against the Clarke family.”

“What do you mean?” Fernand asked.

One Great Heavenly King sneered and said, “In half a month, the stargate of Cochly Mountain will be opened by force to escort the selected talents to enter the other shore for training...”

“According to the information we have received, Philip will also enter the other shore on behalf of the Clarke family. Of course, the Heavenly Court can also select talents to enter. When the time comes, if we kill Philip on the other shore, the Clarke family’s chess game that they’ve planned for a hundred years will be destroyed in one fell swoop!”

Hearing this, Fernand froze and said, “How confident are you?”

The Great Heavenly King replied, “70% confident. But before that, we need to open the Heavenly Realm and get in touch with the ancient Heavenly Court on the other shore so that they’ll accept our talents from the Heavenly Court.”

“Heavenly Realm? That’s taboo. Are you sure you want to do this?” Fernand asked.

The Great Heavenly King looked at the other two and said, “It must be done! Only then can the Heavenly Court regain control of the world!”

Fernand and the remaining Great Heavenly King looked at each other and nodded. “Okay!”

The Heavenly Realm could not be opened at will. It must be agreed by the three Great Heavenly Kings first.

The Heavenly Realm could be directly linked to the ancient Heavenly Court on the other shore, which had only been opened twice over thousands of years.

Unless absolutely necessary, the Heavenly Court would never open the Heavenly Realm, because the consumption was too high. However, it was the only thing the Heavenly Court could do right now.

In Clarke Manor, Philip and the others parted after visiting Alliance Master Yarn.

Alliance Master Yarn was recovering quite well. He had left the Dragon Transformation Pond and met Philip and Fulton in the villa where he was recuperating.

“Young Patriarch Clarke, Battle God Hash, what’s the matter?” Alliance Master Yarn walked out of the bedroom with the help of his servant at this moment.

Seeing Alliance Master Yarn’s elderly state, Philip could not help sighing. He said, “Alliance Master Yarn, in half a month, I’ll be heading to the stargate of Cochly Mountain. Before that, I want to talk to you about the future of the world.”

Hearing that, Alliance Master Yarn said, “I’m all ears, Young Patriarch Clarke.”

For the next half of the day, Philip and Alliance Master Yarn were in a deep discussion about the current world’s situation.
